INTERCOM

August 24, 1989

Volume 19, Number 1

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

Alumni Association executive director is appointed

Peter B. Weiler, director of alumni relations at the University of Vermont, has been named assistant vice president and executive director of the Penn State Alumni Association, effective Oct. 1.

His appointment, announced jointly by President Jordan and Alumni Association President Cynthia Baldwin, culminates a four-month national search for an executive director. Mr. Weiler's predecessor, William J. Rothwell, resigned on April 1 to become vice president for development and alumni at the University of Louisville.

"We're delighted that Peter Weiler has accepted the challenge of this key position at Penn State," Dr. Jordan and Ms. Baldwin said. "He is a strong, energetic leader. He brings an impressive range of diverse higher education experience that will benefit the nationally recognized Alumni Association as it prepares for the demands of helping to strengthen one of America's premier public universities in the 1990s and beyond."

He will direct the second largest university alumni association in North America. With 110,000 members, the Penn

State Alumni Association ranks behind only the University of Illinois in total membership.

Mr. Weiler will report directly to G. David Gearhart, senior vice president for development and University relations, and will serve as a senior staff member of the Division of Development and University Relations.

"We're looking to Mr. Weiler for initiatives in several priority areas," Dr. Gearhart said. "While we expect continued growth in membership, we want quality to become the hallmark of the Alumni Association in everything that it does."

Speaking to his priorities for the Alumni Association, Mr. Weiler said, "We face the challenge of demographics. The recent Gallup poll indicates that time is the greatest barrier to increased participation from our alumni. So we may have to orient ourselves more to the concerns and priorities of the Baby Boom generation, if we are to find effective ways of involving our younger alumni in the life of the University."

"At the same time, we want to ensure

Peter B. Weiler

that the Alumni Association is doing everything possible to support Penn State's agenda for cultural diversity. Recent studies

predict that, in a decade, more than a third of the nation's schoolchildren will be minorities, and we have to involve a far greater proportion of these underrepresented people in higher education generally and at Penn State particularly. Alumni can do much to help make that happen."

He has been director of alumni relations at the University of Vermont since July 1988, heading an organization that serves 50,000 alumni.

From April 1987 to June 1988, he was major gifts officer in the development office at Vermont.

He worked in student services at the University of California, Los Angeles, from 1979-86, successively as assistant director of orientation programs (1979-80) assistant dean of students (1980-86) and associate dean of students (1986).

He earned a B.A. in psychology from the University of Vermont in 1977 and an M.Ed. in higher education administration from Vermont in 1979. He pursued graduate work part time in UCLA's higher education program from 1983-85.

New television program designed to teach literacy in the workplace

A new television literacy training program designed by Penn State for teaching literacy in the workplace was unveiled at University Park Aug. 17 by Ellen Casey, first lady of Pennsylvania.

Titled "On Your Own," the program is a 33-lesson basic literacy skills course in reading, writing, grammar and mathematics for adult workers. The course is the video component of a project titled "Workforce Basic Skills Training Through Television," which includes textbooks and utilization by employers.

The "On Your Own" series will premiere Oct. 2 on PENNARAMA, an educational cable service managed by Penn State, and is expected to reach 750,000 households through 27 cable systems throughout Pennsylvania. Eventually, the course will be

made available nationwide through Prentice Hall Regents.

The broadcasts and their use in the workplace are made possible by the Ben Franklin Partnership Program of Pennsylvania and Mellon Bank Central. Production of the "On Your Own" video series is a joint project between Cambridge Adult Education/Prentice Hall Regents and Penn State.

The series was produced by the Center for Instructional Design and Interactive Video, WPSS-TV, in association with Penn State's College of Education.

The principal content consultants were Eunice N. Askov, director of the Institute for the Study of Adult Literacy in the College of Education, and Nancy C.

At Ogontz Campus Bernoff to return to teaching

Robert A. Bernoff, Ogontz Campus executive officer, has announced his intention to return to his former position on the chemistry faculty, effective Dec. 31.

"Dr. Bernoff's administrative skill will be missed in the important leadership position of campus executive officer," President Jordan said. "We are delighted, however, that he will continue his service to the University as professor of science and general chemistry."

Dr. Bernoff joined the Ogontz faculty in 1962. He served as coordinator of the campus' science department and served on numerous committees, including the University Planning Task Force, for the '80s.

In 1977 he was recipient of the Ogontz Campus Outstanding Teaching Award for his "creative, dynamic and challenging

approach to teaching...which inspires students and faculty alike to perform at their very best." Earlier, in 1965, he was named Chief Ogontz by the Student Government Association for his extraordinary contributions to student life.

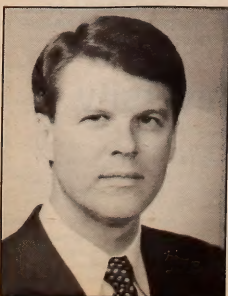

When former campus director Charles Smith retired in 1979, Dr. Bernoff was asked to fill the position on an interim basis. He was formally appointed by the University Board of Trustees a few months later.

During his tenure as CEO, Dr. Bernoff has retained his ties to the classroom by teaching at least one course a year. He has directed projects for the National Science Foundation and workshops on teaching techniques for the Department of Defense Dependents Schools in Europe and Japan.

Chemist will give Joseph Priestley Lectures

Peter B. Dervan, Bren professor of chemistry at the California Institute of Technology, will present the 1989 Joseph

Peter B. Dervan

Priestley Lectures in Chemistry Aug. 29 through Sept. 1 at University Park.

The series of four lectures, titled "Sequence-Specific Recognition of DNA: A Design/Synthesis Approach," are sponsored by the College of Science and are open to the public free of charge.

The lecture schedule is as follows: "Sequence-Specific Recognition of Double Helical DNA by Triple Helix Formation," 8 p.m. Tuesday, Aug. 29, 117 Osmond Laboratory; "Sequence-Specific Recognition of DNA in the Minor Groove," 8 p.m. Wednesday, Aug. 30, 117 Osmond; "Design and Chemical Synthesis of Sequence-Specific DNA Cleaving Proteins," 8 p.m. Thursday, Aug. 31, 117 Osmond; and "Nonenzymatic Sequence-Specific Chemical Cleavage of DNA," 12:30 p.m. Friday, Sept. 1, S-5 Osmond.

A member of the National Academy of Sciences and a Fellow of the American Academy of Arts and Sciences, Dr. Dervan also has been honored with an Alfred P. Sloan Research Fellowship, a Camille and

Henry Dreyfus Teacher-Scholar Grant, and a Guggenheim Memorial Fellowship.

Dr. Dervan, who currently is Alexander Todd visiting professor of chemistry at the University of Cambridge, England, joined the California Institute of Technology faculty in 1973. He holds a bachelor's degree from Boston College and a doctoral degree from Yale University.

The Priestley Lectures are named in honor of Joseph Priestley, the 18th-century chemist who discovered oxygen, and were established by the late Professor Wheeler P. Davey in 1926.

Diversity is the focus of a special insert included in this edition of INTERCOM.

Remick to be named NRC commissioner

President George Bush has announced his intention to nominate **Forest J. Remick** to be a member of the Nuclear Regulatory Commission for the term of five years expiring June 30, 1994. He would succeed Lando W. Zach Jr.

Currently, Dr. Remick serves as associate vice president for research and professor of nuclear engineering. Previously, he served as director of the Office of Policy Evaluation at the Nuclear Regulatory Commission and administrative judge for the Atomic Safety and Licensing Board Panel at the U.S. Nuclear Regulatory Commission.

In addition, he has served in several positions at the University, including coordinator of University energy programs, associate professor of nuclear engineering, director of intercollege research programs and facilities and assistant vice president for research and graduate studies.

He received B.S., M.S. and Ph.D. degrees from Penn State.

The Campaign for Penn State

Memorex Telex Corp. donates computer equipment

Memorex Telex Corp., the world's largest plug-compatible supplier of computer equipment and accessories, has donated equipment valued at \$450,000 to broaden the University's administrative computer services.

The gift consists of 400 display stations and 20 printers. The equipment will expand the University's business computing network by about 20 percent, according to Kenneth Blythe, administrative computing director.

"This gift comes at an opportune time, because we're already in the process of

automating our business operations," Mr. Blythe said. "The equipment will help us extend our new Integrated Business Information System to more faculty and staff than would otherwise have been possible."

The terminals supplied by Memorex Telex will give Penn State's principal investigators more timely information about the financial status of their research projects.

"Our firm knows the strategic value of information systems," said Harry Eberly, executive vice president of Memorex Telex

of Raleigh, N.C. "We realize that, like business, higher education needs technological innovation to remain competitive. We also realize the importance of public/private partnerships, especially in the field of education."

Mr. Eberly added that Memorex Telex "has long supplied much of the equipment for Penn State's administrative information systems, so our gift continues a solid partnership with the University."

Mr. Eberly, a 1945 graduate of the University, is a volunteer leader in The Campaign for Penn State, a six-year effort

to raise \$300 million in private support for academic programs. He heads the Campaign's regional major gifts effort in the Southeastern states.

The gift from Memorex Telex is part of the Campaign, which has surpassed \$270 million and will end on June 30, 1990.

Memorex Telex, which had revenues of more than \$2 billion last year, operates in 27 countries and has distribution links in 50 more. Among its products are disk and tape storage devices, terminals, intelligent workstations and systems and computer supplies.

Amoco provides gift

Amoco Foundation Inc. has given \$100,000 in 1989 to support a variety of academic programs at the University.

The College of Earth and Mineral Sciences will receive \$89,300. The C. Drew Stahl Center for Enhanced Oil Recovery, which studies techniques for increasing the productivity of oil wells, will get \$40,000 for equipment purchases. The foundation is the largest single supporter of this program.

The college's Petroleum and Natural Gas Engineering Program will get \$25,800 for two graduate fellowships, and \$20,000 will be used for a fellowship in the Polymer Science Program.

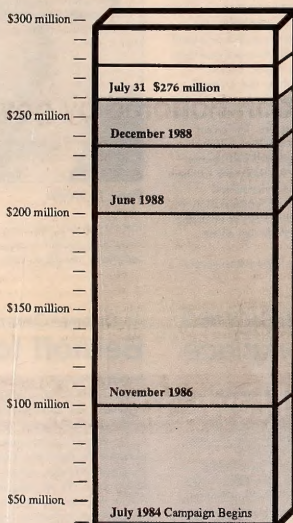

The remaining funds will be used for minority scholarships, faculty research and miscellaneous programs in the colleges of Engineering and Business Administration.

"Including these latest gifts, the Amoco Foundation has made philanthropic grants totaling more than \$1 million to Penn State over the last decade. We're proud of our partnership with Amoco and look forward to continuing our mutually productive relationship," William C. Richardson, University executive vice president and provost, said.

The Amoco Foundation is sponsored by the Amoco Corp., a Fortune 500 company that is an international producer of petroleum products, chemicals and plastics.

The foundation designates half of its annual budget to support higher education, with the largest portion targeted to programs in science and engineering that will increase the number of Ph.D. graduates.

CAMPAIGN FOR PENN STATE Progress Toward \$300 Million Goal

New Kensington, McKeesport get gift

Pittsburgh-based Beazer Materials and Services Inc./Koppers Company has given \$75,000 to be divided equally between a scholarship endowment at Penn State McKeesport Campus and a building fund and endowment at Penn State New Kensington Campus.

"Our Pittsburgh-area campuses serve more than 2,900 students, and are important resources for business and industry in the region," the two campus executive officers said in a joint statement.

"It is encouraging that Beazer has a genuine appreciation of the challenge facing public higher education today, and of the role our campuses play in the economic

development of the region," added Cash Kowalski, McKeesport Campus, and Robert Arbuckle, New Kensington Campus.

The gift to the New Kensington Campus was part of a drive to secure \$1 million for a new Science and Technology Center, scheduled for completion by late August. The facility will contain seven combination laboratory-classrooms for instruction in computer applications for engineering disciplines, and four offices.

The company's gift to the McKeesport Campus is part of a drive to raise \$500,000 for endowed scholarships. The awards will support local students who are academically gifted.

Marriott makes gift for production kitchen

The J. Willard Marriott Foundation of Washington, D.C., has committed \$500,000 to help build a state-of-the-art production kitchen in the School of Hotel, Restaurant and Institutional Management.

"Our facilities are too small, and our equipment is outdated," H.A. Divine, director of the school, said. "This gift will play an important role in our plans to update our facilities as we continue to prepare students for leadership roles in the corporate sector."

Included in the school's plans for major renovations are a new test kitchen for food preparation equipment, a dining room, a special demonstrations auditorium, a

microcomputer laboratory, a library/instructional technology center, offices and classrooms.

The foundation was created by J. Willard Marriott of Utah, who formed the Marriott Corp. in 1926. The company has worldwide operations in airline food catering, hotels and restaurants.

The University has allocated \$1.5 million toward the estimated \$7.5 million cost of the renovations, and private support will provide the remaining funds.

The Marriott Foundation commitment is part of The Campaign for Penn State, a six-year effort to raise \$300 million in private support for academic programs.

MacArthur Foundation awards grant to University

The John D. and Catherine T. MacArthur Foundation has awarded the University a \$250,000 grant to initiate a feasibility study for the establishment of a private center dedicated to finding ecologically sound ways of promoting sustainable development in South America's Amazon Basin.

The center, to be based in Belem, Brazil, would serve as an intermediary between international funding agencies, national and regional policymakers, and regional resource use specialists.

The project is under the direction of Christopher Uhl, associate professor of biology in the College of Science. Dr. Uhl, a specialist in the study of rainforest ecology who has worked in the Amazon for 15 years, said, "We don't think it's productive any longer to talk about the destruction of the rain forest. There are plenty of people doing that. We don't need to add to that clamor. But there really is a need for people to act in the middle, act as catalysts and really look for solutions."

"The proposed center will be very

solution oriented, very consensus oriented. One focus will be on ways of promoting sustainable development and the other will be policy analysis."

"The specific agenda of the center will be defined by the Brazilians," he added.

Dr. Uhl expects to hire four or five Brazilian professionals to staff the center. He will be aided by Irma Vieira, a Brazilian ecologist at the Goeldi Museum, and David G. McGrath, a geographer at the University of New Mexico. The center also will provide internships for five Brazilian

master's level students each year. The students would gain experience in policy analysis and environmental education.

In addition to his work on the proposed center, Dr. Uhl is conducting a two-year study of the ecological and economic effects of Amazon logging and is evaluating the potential of alternative timber management approaches. The logging study is supported by a \$167,000 grant from the W. Alton Jones Foundation.

In School of Communications

Salzberg named Alumni Fellow

Lyn Salzberg, senior vice president-management supervisor with Saatchi & Saatchi's DFS Compton office, will visit University Park as an Alumni Fellow Sept.

Lyn Salzberg

5-10 to share her knowledge with students and faculty in the School of Communications.

She is among the Alumni Fellows invited to the University this fall. The University has awarded Alumni Fellow status to 192 graduates since 1973.

Mrs. Salzberg has worked with Saatchi & Saatchi, the world's largest advertising agency, at its New York, N.Y., DFS Compton office since graduating from Penn State with a B.A. in Journalism in 1956.

Originally in the media department, she later joined the accounts group, where for the past 20 years she has handled such accounts as Skipper Peanut Butter, General Mills, Procter & Gamble, and Leggs Products.

She is a member of the School of Communications' Alumni Society and National Advisory Board of Visitors. A volunteer with several efforts for the homeless, the elderly, and psychiatric patients, she is working on a master's in counseling at Fordham University.

Obituaries

Ralph Ream, janitorial worker-ambulance driver, University Health Services, from Sept. 1, 1956 until his retirement, Oct. 7, 1972, died Aug. 5 at the age of 80.

Norwood A. Hedden, assistant to the vice president for business, from July 1, 1930, until his retirement Oct. 10, 1968, died Aug. 3. He was 81.

Elwood G. Houtz, residence hall preventive maintenance worker in Housing and Food Services, from Sept. 29, 1970,

until his retirement Oct. 1, 1981, died July 31 at the age of 69.

Ewald Wiese, janitor, Ogontz Campus, from Jan. 16, 1956, until his retirement Sept. 16, 1967, died July 14. He was 86.

Albert L. Williams, assistant building superintendent, Student Affairs, from March 22, 1955, until his retirement March 1, 1976, died July 20 at the age of 75.

Mildred Cibik, laundry technician, Hershey Medical Center, from Feb. 28, 1972, until her retirement Jan. 1, 1985, died July 31 at the age of 64.

Carpoolers

Ed is looking for drivers to join his carpool from Houtzdale to University Park from 8 a.m. to 4:30 p.m. Call 865-0434 or 378-8954.

Elizabeth is looking for a ride from Phillipsburg to University Park. Work hours are from 6:30 a.m. to 3 p.m. Call 342-2478 after 4 p.m.

Vanpool is looking for riders from Houtzdale to University Park. Work hours are 8 a.m. to 5 p.m. Call 378-5391 or 865-4651.

Wayne is looking for a 4th rider from Lock Haven to University Park. Call 863-0837 or 717-748-2640.

Fulbright grant

M. Dean Fenton, lecturer in computer science, is the winner of a Fulbright grant for the 1989-1990 academic year.

Dr. Fenton will travel to Liberia, West Africa, to assist with the development of the country's first computer laboratories.

He will spend time consulting and teaching at the University of Liberia and will set up labs, develop and teach upper-level computer courses, and explain the feasibility of cooperative education programs at Cotington University College. He also will consult business and research institutes on computer uses.

Dr. Gordon honored by government of Venezuela

Richard L. Gordon, professor of mineral economics, has been awarded the Order of Andres Bello, first class, by the government of Venezuela.

Dr. Gordon received the award from Gustavo Roosen, Venezuelan Minister of Education, during a dinner held at the meeting of the International Association of Energy Economists in Caracas.

The Order of Andres Bello, named for the South American poet and scholar regarded as the intellectual father of South America, is presented for distinguished service to education and culture and is only

rarely awarded to foreigners. Bellos served both the Venezuelan revolutionary government and the Chilean and Colombian governments during the early 19th century and was the founder of the University of Chile.

Dr. Gordon has been teaching and doing research on energy economics at Penn State since 1964. He specializes in coal economics and has written six books and numerous shorter works on coal, electric power and other energy and mineral problems.

In 1989 he received the University's highest academic honor, the Penn State

Faculty Medal, in recognition of his scholarly achievements.

He received an A.B. in economics, magna cum laude, from Dartmouth in 1950 and a Ph.D. from the Massachusetts Institute of Technology in 1960. He is a member of the American Institute of Mining, Metallurgical and Petroleum Engineers, the International Association of Energy Economists, the American Economic Association, the Royal Economic Society and the Econometric Society.

News in Brief

Altoona center opens

The Computer and Learning Resources Center, a 13,000 square foot addition to the Robert E. Eiche Library at Penn State Altoona Campus, officially opened Aug. 17.

"This new facility has allowed us to consolidate all our computer resources in one efficient location for use by both students and faculty," James A. Duplass, campus executive officer, said. "This permits us to provide students with more individualized instruction as we introduce computer-based instruction into our composition, reading, and math classes. Classrooms that have previously held the computer equipment will be returned to use as much-needed, general classrooms."

In addition to three computer labs, the two-story building contains a Learning Resource Lab (which coordinates tutoring, independent study activities, and supports computer-based instruction), an open access computer area, ten faculty offices, administrative and secretarial offices, and 3,200 square feet of unfinished storage space.

Adviser sought

The Byzantine Catholic Student Ministry Organization at University Park is looking for a faculty adviser. The prospective adviser should be a Byzantine Catholic or the Ruthenian, Ukrainian, Melkite, or Romanian jurisdictions. If interested, please contact the Eisenhower Chapel office at 865-6548.

Research volunteers needed

Volunteers are needed for a research study evaluating effects of sports' drinks on resting and exercise variables. Men 25 to 35 years old interested in free

medical examination, exercise tolerance test, and body composition assessment should contact Lu-Ann Beckman at 863-0525, 8 a.m. to 4 p.m., or 234-1162 after 5 p.m.

'Policies and Rules for Students'

The 1989-90 Policies and Rules for Students will be distributed in a different fashion this year. In the past, individual copies were mailed out to faculty and staff.

A survey during Spring 1989 found that 42.7 percent of the 2,143 faculty and staff respondents had not used their copies during Fall Semester 1988. At the same time, our supply of *Policies and Rules* was exhausted by mid-spring.

In order to reduce waste and maximize the number of copies available to students, we are asking faculty and staff who need a copy to pick up one from one of the following locations: their academic unit office, their College Advising Center, their college dean's office, Pattee Library, the information desks in the HUB, Kern and Boucke, or from the Campus Life Assistance Center.

Family orientation

The Returning Adult Student Center is presenting a family orientation for new adult University Park students from 2 to 5 p.m. Sunday, Aug. 27, in the McAllister Interview Center at University Park.

Spouses, family, and friends are encouraged to join the new students. Children ten and older are invited to participate in the scheduled events. Child care will be provided for children nine years and younger. A special reception will be held at 4:30 p.m. for all children and family members. The program will provide an

opportunity for new undergraduate and graduate students and families to network with each other and to obtain information about University services. For more details or to reserve your space at the orientation session, please call the Returning Adult Student Center, 863-3887, or drop in at 323 Boucke Building.

Telephone skills workshop

Continuing Education will offer a workshop on effective telephone communication skills, designed to improve practices of employees who must spend a large part of their time on the phone.

The workshop will be held from 8:30 a.m. to 3:30 p.m. Thursday, Oct. 19, in the Keller Conference Center at University Park. The registration fee is \$85.

It is designed for University secretaries, receptionists, telephone solicitors, telephone researchers, hotel and residence hall desk clerks, and others who must deal with the public.

For more information, contact the Continuing Education Office at (814) 865-3443.

Flak-catchers workshop offered

Flak-catchers is the name often given to persons who come under fire from students, customers or the general public demanding immediate answers to questions or resolutions to problems over which the flak-catcher may have limited control.

Penn State Continuing Education will offer a flak-catchers workshop designed to help participants develop a number of strategies to deal with "flak." The workshop is designed for University

secretaries, receptionists, police, hospital personnel, hotel and residence-hall desk clerks, physical plant employees, or any person responsible for customer relations.

The workshop will meet from 8:30 a.m. to 3:30 p.m. Friday, Sept. 29, in the Keller Conference Center at University Park. The registration fee is \$85. For more information, contact the Continuing Education Office at 865-3443.

Visiting professor

Banghua Yin, visiting professor from China, will spend the coming academic year in the Nuclear Engineering Department. Dr. Yin is an associate professor in the Energy and Power Engineering Department at Xian Jiaotong University, an institution of 12,000 students in northwest China's Shaanxi province.

He plans to spend his year at Penn State studying reactor fuel management optimization, Nuclear reactor physics and neutron transport theory. Dr. Yin's area of specialization.

Center awarded grant

The Center for Educational Assessment in the College of Education has been awarded a \$112,000 grant from the U.S. Department of Education to evaluate student assistance programs in 60 school districts across Pennsylvania.

John Swisher and Stanley Baker, professors of counselor education, will head the study in coordination with the Pennsylvania Drug and Alcohol Section of the Department of Education.

University faculty, staff members receive awards

Beaver Campus award

James J. Reynolds, assistant professor of mathematics at Penn State Beaver Campus, has received the Beaver Campus Advisory Board 1989 Teaching Excellence Award. He is the first recipient of the newly instituted award.

Dr. Reynolds has taught at Beaver Campus since 1970. He has served as chairman and vice chairman of the Beaver Campus Faculty Congress and as chairman of the Business Affairs Committee. He also has served as coordinator of the Mathematics Department, dean's representative for the College of Science and as a member of the Mathematics Department Policy Committee and Undergraduate Studies Committee.

Dr. Reynolds presently is a member of the Blackhawk School District's Key Communicators. He is a team member of the National School Volunteer Project in Science, Mathematics and Technology Education in the Blackhawk School District. He also serves as chairman of the Summer Session Study Group at Beaver Campus.

Dr. Reynolds is the co-author of ten mathematics textbooks that have been published in the last eight years. He currently is at work as co-author of a calculus textbook designed for students in management and life sciences.

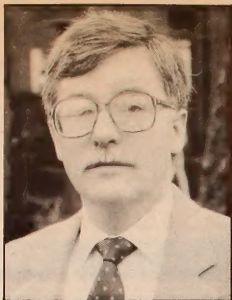

This award makes the second time in four years that Dr. Reynolds has been recognized for his achievements in education. In 1985 he received the Teresa Cohen Award for the Mathematics Department at the Commonwealth Campuses of Penn State. He received his master of arts and doctorate in mathematics from Penn State.

Kent Forster award

John W. Lerner, assistant professor of history at the Altoona Campus, has received the annual Kent Forster Memorial Junior Faculty Development Award from the History Department.

The award was established in 1981, following the death of Kent Forster, professor of European history from 1941 until his retirement in 1980. He was department chairman from 1970 to 1980.

The award is given every year to a full-

James J. Reynolds

time faculty member in history who is working toward tenure, who has a well-designed research project and who is regarded as an excellent teacher.

Dr. Lerner, a U.S. historian with specialized interests in the American Indian, conservation and the environment, plans to collect material for a microfilm edition of the papers of Pennsylvania conservationist Joseph Trimble Rothrock (1839-1922).

Education award

Dennis E. Murray, superintendent of the Altoona School District, has been selected to receive the College of Education's 1989 Excellence in Education Award. Presented annually by the College of Education Alumni Society, the award recognizes a Penn State graduate who has made significant contributions to the field of education.

Dr. Murray received a B.S. in elementary education in 1963 and an M.Ed. in educational administration from Duquesne University in 1965. In 1973, he earned a D.Ed. from Penn State in elementary education/educational psychology. He has pursued postdoctoral studies in secondary curriculum, also at Penn State. Dr. Murray, who frequently testifies at House and Senate hearings, is an expert on the Senate Subsidy System.

He has written several publications and has served on more than a dozen community boards and committees. His awards include the University of Pittsburgh's 1988 Distinguished Educator Award, the 1985 Phi Delta Kappa Educational Leadership Award, and the Penn State Student Government Association's Outstanding Faculty Member Award.

Dr. Murray began his career in 1963 as a classroom teacher at Franklin Regional School in Oakmont. He moved from teacher to director soon after and served in several administrative and faculty positions, including assistant professor at Penn State, until 1984, when he was named superintendent of schools in the Altoona Area School District.

Office Personnel award

Virginia Strubel, secretary in the Political Science Department, has received the 1988-89 Outstanding Office Personnel Award from the Penn State Chapter of Educational Office Personnel (PSEOP). She received a U.S. savings bond, certificate of recognition, and a one-year membership in PSEOP.

Also honored as finalists were secretaries **Vicki Keller**, Computer Science Information Services, College of Agriculture. Each received a certificate of recognition and a one-year membership in PSEOP.

New officers of the organization are **Sharon Roloff**, School of Nursing, president; **Jenny King**, University Office of International Programs, secretary, and **Donna Schroyer**, College of Engineering, treasurer. Continuing to serve as members of the PSEOP executive board are **Norma Bayer** and **Dona Martinec**, past officers.

DuBois Campus award

Robert Peck, assistant professor of German and humanities at the DuBois Campus, has received the "Educator of the Year Award" from the DuBois Educational Foundation (DEF), the campus advisory board.

The award is given to the instructor at the campus who meets not only the

requirements of educational excellence in the classroom, but also extends the teaching relationship with students beyond the classroom.

Professor Peck has an A.B. in the history and literature of England from Harvard and an M.A. in German from the University of Washington in Seattle. He came to DuBois Campus in September of 1968 and has taught German, English, and a number of humanities courses.

He has been involved in developing the Science, Technology, and Society (STS) curriculum at the campus, and has participated in numerous interdisciplinary honors courses. He also is a member of the Core Advising group and has long been recognized by students as a friend and advocate as well as instructor.

Professor Peck is the seventh recipient of the award, which is accompanied by a \$500 check.

Schuylkill awards

Two faculty members at the Schuylkill Campus have been honored by fellow faculty members for their commitment to research and teaching.

Thomas R. Smith, assistant professor of English, was named by the Faculty Affairs Committee of the Faculty Senate as the 1988-89 recipient of the Schuylkill Teaching Award.

The Schuylkill Campus Award for Excellence in Research, also given by the Faculty Affairs Committee, was presented to **Michael J. Cardamone**, professor of physics and humanities.

Dr. Smith has been on the Schuylkill Campus faculty since 1984. He holds degrees in English from Rutgers University, the University of Leeds, and Amherst College. His current area of research is the field of autobiography.

Dr. Smith also serves as adviser to the Keystone Honor Society; *FISH*, the campus literary magazine; and *The Schuylkill Collegian*.

Dr. Cardamone has been at Schuylkill Campus since 1971. Through his efforts, a high quality laser light scattering spectroscopy laboratory has been set up at the campus, funded primarily through a \$100,000 National Science Foundation grant.

Penn Staters

Burt Fenner, professor of music, has received the National University Continuing Education Association Independent Study Division distinguished award for his independent learning course Music 8, "Rudiments of Music." **Gina Leon** was the course editor for Music 8.

The Design, Development, and Evaluation of Instructional Software, co-authored by **Michael Hannafin**, associate professor of education, and **Kyle Peck**, assistant professor of education, has received 1989 best book honors from the Association for Educational Communications and Technology.

Sabih I. Hayek, professor of engineering sciences and mechanics, has been named a Fellow of the American Society of Mechanical Engineers (ASME). The Fellow grade is conferred upon a member with at least 10 years active engineering practice who has made significant contributions to the field.

Gary H. Koopmann, professor of mechanical engineering and director of the Noise Control Laboratory, has been named Fellow of the Acoustical Society of America for his outstanding contributions in the area of structural acoustics and noise control.

Budugur Lakshminarayana, Evan Pugh professor of aerospace engineering, gave an invited lecture for the international professional lecture series "Measurement Methods in Aerodynamics," organized by the von Karman Institute of Fluid Dynamics in Belgium.

Robert N. Pangborn, associate professor of engineering mechanics, has been elected to a second term as member of the executive committee of the Materials and Structures Group Operating Board of the American Society of Mechanical Engineers.

Allan Pierce, Leonard professor of acoustics and mechanical engineering, and **Phillip J. Morris**, professor of aerospace engineering, shared the American Institute of Aeronautics and Astronautics award for outstanding technical paper presented at the group's annual aeroacoustics conference.

Frank W. Schmidt, professor of mechanical engineering, has received the American Society of Mechanical Engineers Heat Transfer Division Distinguished Service Award. The award, sponsored by the Scripta Publishing Company, recognizes outstanding and sustained service to the Heat Transfer Division.

Roger Sweeting, associate professor of health and physical education at Penn State Erie, The Behrend College, has been named Pennsylvania state coordinator for the "Physical Best" Fitness Assessment and Education Program. Dr. Sweeting will direct the state's program, which is part of a national, comprehensive program for students in kindergarten through 12th grade.

Stanley Weintraub, director of the Institute for the Arts and Humanities Studies and Evan Pugh professor of arts and humanities, has been honored by the South Philadelphia High School Alumni Association by induction into its "Cultural Hall of Fame."

Sam Y. Zamrik, professor of engineering mechanics, presented an invited paper, "Fatigue Damage under Complex Loading," at a meeting of the International Research Committee on Pressure Vessels in Cannes, France. He presented another invited paper, "Fatigue Crack Initiation and Growth under Biaxial Bending" to the Institute of Metals symposium at the University of Stuttgart, Germany.

David B. Gelselwitz, alumni distinguished professor of bioengineering and professor of medicine, has been

elected to the National Academy of Engineering.

Chet Gnatt, director of the Division of Continuing Education's Department of Public Information and Publications, has been elected secretary-treasurer of the Division of Marketing and Promotion of the National University Continuing Education Association.

Richard L. Gordon, professor of mineral economics, spoke on "Supply of Energy for the Mineral Industry in the 1990's" at a seminar on Energy Efficient Technologies in the Mining and Metals Industry at Laurentian University, Sudbury, Ontario.

Linda Resnick Maxson, head of the Department of Biology, has been chosen 1989 Distinguished Alumna of the San Diego State University College of Science.

Leila Moore, assistant director of the Center for Student Involvement and Leadership, has received a 1989 Annual Copest Senior Professional Award. The award, sponsored by the American College Personnel Association, is presented annually to three senior professionals who have distinguished themselves in the field of student services.

Focus on Diversity

What works for one group may not work for another

Cultural awareness training programs

When presenting cultural awareness training, you need to remember that what works for one group may not work for another, **W. Terrell Jones** said.

"There is a tendency for trainers to depend upon pet programs on cultural awareness and to expect the training to be successful with any group," Dr. Jones said.

"However, this approach is rarely effective. For example, a program designed for faculty would not be relevant for students. You have to apply training techniques in light of the present cultural awareness development of the group you are working with.

"Each program should affirm the rights, beliefs and attitudes of the particular group, while promoting opportunities for individual growth and behavior change," he said.

Dr. Jones, associate director of the Division of Campus Life, is involved in designing and presenting cultural awareness programs and workshops to the University community, as well as to local community groups and professionals at other universities.

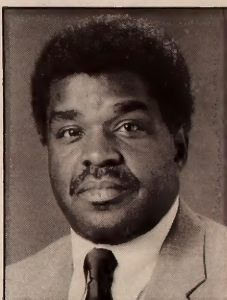

Most recently, he and **Magda Costantino**, instructor in speech communication, led a cultural diversity workshop for 25 University and State College participants. The workshop was in response to several racial and ethnic intimidation incidents that occurred at University Park and in State College last winter.

It was sponsored by the University and the Downtown Business Association of the State College Chamber of Commerce.

"The workshop went very well, and now we are evaluating the process with the goal of improving the program," Dr. Jones said. "We may find it necessary to more clearly define future workshops for specific manager groups and include case studies and other information that will be more helpful to them."

The workshop for town/gown members is the opening session in a yearlong process, he said.

Dr. Jones and his colleagues also are involved in other cultural sensitivity training programs. Among them are workshops for the Commonwealth Educational System's Student Leadership Conference set for Penn State Altoona Campus this fall and continuing training sessions for resident assistants through the Counselor Education 302 class.

W. Terrell Jones

In addition, there are courses offered throughout the year to faculty and staff members, as well as specially designed workshops requested by units. One such workshop is tentatively planned for the University Libraries. Dr. Jones also has developed workshops for some of the colleges and administrative units.

He has high praise for his colleagues, who also work with faculty, staff and students in raising cultural awareness at the University. His colleagues include **Magda Costantino**: **Arthur Costantino**, director, Center for Student Involvement; **Sabrina C. Chapman**, director, Center for Women Students; **Cynthia King**, former assistant director, Undergraduate Admissions, and current doctoral candidate in higher education; **Lawrence W. Young Jr.**, director, Paul Robeson Cultural Center; **James B. Stewart**, director, Black Studies Program; and **Leila V. Moore**, assistant director, Center for Student Involvement.

The importance of raising cultural awareness has inspired the creation of a 10-minute videotape highlighting University students' pride in diverse ethnic backgrounds. The videotape is being shown to all incoming freshmen and their parents.

"The videotape is an extremely progressive response from the University. It's a sign that we're talking about an all-University commitment to diversity. By showing it to new students and their parents, we're asking people to think about the concept of diversity before they come here. The videotape will have tremendous long-range impact," Dr. Jones said.

Among those involved in developing the videotape were **Patricia C. Peterson**, assistant vice president, Campus Life; **Robert E. Dunham**, vice president and vice provost; **William W. Asbury**, vice president, Student Services; **J. Arthur Stober**, manager/electronic communications, Public Information; and **Art Costantino**.

"These individuals were extremely helpful in getting the videotape produced and selling it to the Commonwealth Educational System and the Freshman Testing, Counseling and Advising Program," Dr. Jones said.

Students rally in support of diversity.

The following is a statement from **President Jordan** to the University community:

A new academic year gets under way this week and it provides each of us at Penn State an opportunity to take an active role in establishing the climate for diversity at this university. As the largest institution of higher learning in Pennsylvania, with campuses located in 22 communities, Penn State is in a unique position to be a leader on this issue.

Ensuring cultural diversity is not a simple task. It requires continued diligence and commitment. Those who come to study at Penn State, those who work here, and our many visitors all play a role in supporting diversity.

Penn State also has the opportunity to have a significant impact on this issue in

many areas of the state and nation for decades to come. To do so, we must take advantage of the opportunities before us. For example, the enrollment of African Americans at Penn State needs to increase still further. We must work to achieve that goal in concert with the progress of the past five years.

At the same time, we must recognize that achieving a diverse climate cannot be accomplished by placing all our efforts at any single constituency. For a truly diverse climate, all people who come to this institution, whether to work or study, must feel welcome. There is no diversity for one group unless there is diversity for all groups.

I should like to thank all of you for your efforts to make Penn State a welcome place for all. United in diversity we can continue to make a great institution still greater.

They play a key role in recruiting and retention

College minority coordinators

Penn State's efforts to recruit, retain and graduate minority students are enhanced by the efforts of minority coordinators in each college who serve as personal connections between minority students and the University. Listed are brief summaries of those coordinators.

John Barnes, the founding adviser of the Penn State chapter of the NAACP, is coordinator of the Office of Minority Programs in the College of Liberal Arts. His office provides academic counseling and lobbies for new policies to assist Penn State in attracting and retaining minority students.

Mr. Barnes earned an associate degree in letters, arts and sciences from Penn State Wilkes-Barre Campus in 1975. He later earned a bachelor's degree in community development and master's degree in public administration from University Park.

Carl L. Blake of Alameda, Calif., recently was appointed assistant dean for recruitment and retention and minority coordinator for the College of Arts and Architecture.

Dr. Blake's primary responsibility will be the recruitment and retention of minority students in the arts. He also has a joint appointment as assistant professor of music in the School of Music.

Dr. Blake holds three degrees in piano performance. He earned his bachelor's degree from Boston University, his master's from San Jose State and his doctorate from Cornell. He comes to Penn State from the faculty of the Music and Arts Institute in San Francisco.

Daniel Davis, associate professor of engineering and mechanics, is director of minority engineering programs for the College of Engineering.

He is responsible for recruiting minority students to the College of Engineering and providing direction on responding to the needs of minority students. He also conducts research on fatigue of metals.

Dr. Davis earned his bachelor's degree in engineering mechanics from Penn State; master's degree in mechanical engineering from Union College in Schenectady, N.Y.; and his doctorate from Rensselaer Polytechnic Institute, Troy, New York.

Bruce E. Ellis is coordinator of minority affairs and student programs in the College of Business Administration. He is responsible for recruiting and advising minority students and directing minority programs for undergraduate students.

He earned his bachelor's degree in community development and his master's degree in counselor education from Penn State.

Raquel G. Freeland is coordinator of minority student services in the College of Education. One of the key organizers of Penn State's Kaleidoscope of Cultures diversity celebration last spring, Ms. Freeland's primary charge is to lead the college's continuing efforts to recruit and retain minority students.

Ms. Freeland has taught students of various ethnic backgrounds at William Penn High School in Harrisburg as well as schools in Puerto Rico. She also was a consultant for the state Department of Education. Ms. Freeland received her bachelor's and master's degrees in education from Shippensburg University. A native of Puerto Rico, she has a diploma in elementary education from the University of Puerto Rico.

William Henson is director of minority student programs for the College of Agriculture. The recipient of Penn State's 1989 Equal Opportunity Award, Dr. Henson has served the University in its efforts to provide equal opportunity to minority and disadvantaged students for more than 20 years. He joined the University in 1967 as an agricultural economist. Dr. Henson earned his bachelor's degree in poultry husbandry from Maryland State College and his master's in poultry science and his Ph.D. in agricultural economics from Penn State.

John D. Lee, a research associate in the College of Earth and Mineral Sciences, is director of minority affairs for the College.

A meteorologist, Dr. Lee has three degrees in meteorology and mathematics from Florida State University and has served as a postdoctoral Fellow at the National Center for Atmospheric Research in Boulder, Colo. A native of Trinidad, Dr. Lee has served in meteorological education at the Caribbean Meteorology Institute in Barbados, West Indies. He came to Penn State from the World Meteorological Organization in Geneva, Switzerland, where he was a meteorological field expert involved in teaching administration, and advising in a range of WMO and United Nations Projects.

Henry McCoullum Jr., a former Penn State Upward Bound Program director for disadvantaged students, is

coordinator of minority programs in the College of Science.

He will intensify the College's efforts to recruit and retain minority undergraduate and graduate students.

Mr. McCoullum earned his bachelor's degree in secondary education from Temple University and his master's degree in educational administration from Penn State in 1974.

Christine Patterson, is minority affairs coordinator for the School of Communications. A native of Wilkes-Barre, she is responsible for developing, coordinating, implementing and evaluating programs and policies that affect the recruitment and retention of minority students in the school.

Previously, she served as a multi-county extension agent specializing in 4-H urban youth and as minority student counselor/coordinator at Penn State Hazleton Campus. She earned her bachelor's degree in organizational communication and a master's degree in education from Wilkes College.

Dan L. Trevino is director of the Office of Minority Programs in the College of Health and Human Development. Formerly the assistant dean for student affairs and admissions at the University of Texas Medical Branch in Galveston, he plans, organizes and coordinates minority recruitment and retention programs in the college, and serves as program administrator for the Minority Health Careers Program.

Dr. Trevino holds a bachelor's degree in zoology and a doctorate in physiology from the University of Texas at Austin.

Vernis M. Welmon is assistant to the dean for minority relations and international programs in the College of Business Administration. In addition to working to recruit and retain minority graduate students, he recently played an important role in the development of a long-term management education collaboration involving the College of Business and the University of the West Indies in Jamaica.

Mr. Welmon has a master's degree in international affairs from Columbia University and a bachelor's degree in pan-African studies and political science from Temple University.

High school youths get taste of mineral engineering

Fifteen black Pittsburgh-area high school youths recently visited the University for two weeks to conduct research in mineral engineering as part of the University's efforts to encourage minorities in science

and engineering careers.

The College of Earth and Mineral Sciences hosted inner-city youths participating in a program called Science and Mathematics. Sponsored by the

Westinghouse Corporation, the program is designed to interest talented minority youths into science and math-based careers.

A four-year program, SAM participants are identified and recruited at the middle-school level. The program is conducted at George Westinghouse High School in Pittsburgh.

While visiting the University, the students participated in laboratory and field experiments, such as mining engineering, petroleum and natural gas engineering and acid rain studies.

"They also get a realistic picture of campus life at a major university and an introduction to some fascinating areas of science and engineering. They also have a lot of fun in the process," says John Sparvero, coordinator of the SAM program.

"We're extremely delighted and honored by their presence on our campus and in our classrooms and laboratories," says John Cahir, associate dean for resident instruction in the College of Earth and Mineral Sciences and executive board member of the Pittsburgh Science Institute. The institute is responsible for science curricula at all levels in the Pittsburgh School District.

In addition to SAM, other programs sponsored by the college to attract minority students to science and math careers

include educational programs at Wallops Island, Va., with high school students from Perry Traditional Academy, of Pittsburgh. This year, the students from Westinghouse High School also attended the Wallops Island program.

According to John D. Lee, coordinator of minority affairs in the college, such programs have a two-fold purpose.

"They serve as great career awareness programs and strong minority recruitment vehicles," Mr. Lee says. "Of the nine Perry students who participated in the Wallops Island program last year, seven applied for and were offered admission to Penn State, and three have registered for fall."

The combination of the University Park experience and the Wallops Island field trip constitute the college's Summer Institute for Minorities in Science and Engineering. It is supported by the National Science Foundation, the Westinghouse Corporation through the Pittsburgh Science Institute, and Penn State's Equal Opportunity Planning Committee.

Meteorology, geosciences, mining engineering, and petroleum and natural gas engineering faculty developed the programs for the summer institute, with activities including discussions of career opportunities and a range of hands-on experiences with state-of-the-art equipment.

High schoolers participate in research projects

New commission ready for first full academic year

With several months of experience under its belt, Penn State's Commission on Racial/Ethnic Diversity stands ready to enter its first full academic year.

The 25-member commission, which met for its first official meeting in June, was formed earlier this year.

Ann Shields, College of Arts and Architecture coordinator of alumni and minority relations and special events, was elected chairperson last May. She serves as the first chief officer. **Charles Sena**, director of medicine ancillary services at Penn State's Milton S. Hershey Medical Center, was elected chair-elect.

Other officers, who make up the representative council, include: **G. Mike Charleston**, associate professor and director of the American Indian Education Policy Center; **Valeria G. Harvell**, Fayette Campus senior assistant librarian; **Beverly Ladrido**, a secretary in the Center for the Study of Higher Education; **Daniel L. Trevino**, associate professor and College of Health and Human Development director of minority programs; and **Billie S. Willis**, assistant vice president for human resources.

The commission is responsible for advising the Office of the President on University policies, procedures, programs and issues affecting the welfare of racial and ethnic minority members at Penn State and in surrounding communities. The representative council, like the commission's general membership, consists of members from African American/Black American, American Indian/Native American, Asian/Pacific Islander, Hispanic and White groups.

"I feel confident that the commission can help, in a comprehensive way, to make an impact on the University community for many years to come concerning multicultural issues," says Shields.

Ms. Shields has served at Penn State for 18 years. Prior to joining the College of Arts and Architecture six years ago, she was a producer and director at WPSX-TV at Penn State. In 1988 she was honored by the National Institute of Women of Color for her leadership in establishing a local Women of Color group.

Mr. Sena has been a member of the University staff since 1979. In addition to his normal job responsibilities, he has served as chair of the medical center's Children's Miracle Network Telethon for the past two years. He also is pursuing a degree in business administration. Other members of the commission include: Ngoc-my Guidarelli, Raja V. Ramani, Stephen H. Mitchell, Suzanne R. Brooks, Paul J. Helton, Leola Johnson, Juan Fernandez Jimenez, Emilia Martinez-Brawley, Odette Pineiro, Jose Vicente, Patrick Davidson, Brenda A. Pelletier, Shirley J. Davis and Mary H. Dupuis.

Ex-officio members are Mayor Arnold Addison, Suzanne Brooks, James B. Stewart, and a representative from the commission on women.

The University community is welcome to contact any commission member concerning any issue they would like to discuss with the commission.

President Jordan addresses Black Alumni Reunion group

For minority graduate opportunities and faculty development

Center is prepared to provide assistance

When Leonard Jack Jr., a black Ph.D. candidate in health education, tell concerns about preparing for his doctoral comprehensive exams last spring, he took a step in the right direction - 308 Kern building.

There, at the Center for Minority Graduate Opportunities and Faculty Development, Mr. Jack was greeted by a friendly and supportive staff and given experienced tips that guided him back on track. He was not alone.

Annually, scores of graduate students and faculty members have called on the center for tips and advice since its establishment two years ago. For most, the center has functioned like a personal mentor readily available to help.

"I went to the center because I heard they have helped other minority graduate students," says Mr. Jack, noting that he felt concerns that are unique to minority students. "They helped me beyond my expectations, giving me pointers and even directing me to faculty with interest in my topic for help."

Directed by **Catherine G. Lyons**, Ph.D. in agriculture and extension education, and **Deborah F. Atwater**, associate professor of speech communication and senior faculty mentor, the center assists in two main functions. It identifies, recruits and retains minority graduate students, and enhances professional development and retention of minority faculty.

"Instead of talking about recruitment and graduation, we also talk about professional development," says Dr. Lyons, who concentrates on helping graduate students. "We would like to see students graduate and go out ready to work, instead of trying to make a transition from school to work."

For tenure-track faculty, the center offers the guidance of a Penn State tenured faculty member and activities such as mentoring and role modeling; peer guidance; review and counseling; information exchanging; enhancement of communication; supplemental financial support for paper presentations, trips to special library collections and research on special populations in various locations; and coordination and support of research opportunities.

"These functions are designed to expand and enhance the intellectual and professional growth of Penn State's

Catherine G. Lyons (left) and Deborah F. Atwater

minority faculty. Junior, or recently appointed faculty who are working towards tenure, are especially invited," Dr. Atwater says.

In addition to counseling, the center conducts workshops on promotions and tenure, getting published and writing grant proposals. It also publishes a newsletter twice a year.

To help ascertain the needs of tenure-track minority faculty, Dr. Atwater continually meets deans, department heads and tenured minority faculty to discuss formal and informal mentoring systems in their departments. The center also sponsors social events for the purpose of

networking and introducing faculty to the University community.

"Let me make one thing clear about the center. We're not saying or implying that if you're black, Hispanic, or Native American, you must use the center. We only want people to know we're here if you need us. And we're open to anyone, not just minorities," Dr. Atwater says.

For more information about the Center for Minority Graduate Opportunities and Faculty Development, contact Drs. Atwater and Lyons at (814) 863-1663.

Council to focus on implementing retention plans

With comprehensive retention plans in place, the University's efforts to retain minority students will be focused on action in the coming year. **Jerry B. Covert**, associate dean for undergraduate education, said.

In the last three years, the President's Council on Undergraduate Retention, which he chairs, has provided advice, assistance and coordination for the campuses and colleges as they have developed comprehensive retention plans. The emphasis has been on encouraging more successful retention efforts University-wide.

"Now the President's Council is ready to move on to fact-sharing, idea-sharing and implementation of the plans," Dr. Covert said.

For the last year, the campuses and colleges have been reporting on the progress of their plans to the President's Council. Dr. Covert shares these reports on retention activities with the provost.

In addition, the recruitment functions formerly dealt with by the University Council on Undergraduate Recruitment are being combined with retention functions into a new organization to be known as the President's

Council on Undergraduate Recruitment and Retention. The new council will be formed Oct. 1, Dr. Covert said.

The President's Council on Undergraduate Retention and the University Council on Undergraduate Recruitment were very successful as separate organizations. Together, and with membership from the Comprehensive Retention Planning Committees, the reconstituted organization will emphasize action on recruitment and retention plans."

The new council, which will have a membership of 35, will include the chairpersons of each campus and college recruitment and retention committee, as well as representatives from other groups involved with minority students. The restructured council will provide more direct interaction between the planners and the implementers of the retention strategies.

"I also would like to see more active involvement of students at each committee level," Dr. Covert said.

"One of our major goals will be to share information more effectively. As the campuses and colleges try different strategies, we want to know what works and what doesn't. We will continue to assess what's being provided by the University and attempt to provide what's missing.

"We also will continue to ask for recruitment and retention updates throughout the coming year. We hope that the campuses and colleges will involve students, faculty and staff members in their recruitment and retention committees," he adds.

Throughout the planning process, the President's Council has worked cooperatively and closely with the Educational Opportunity Planning Committee. Funding to implement specific plans will be sought from the EOPC and through the units' strategic plans.

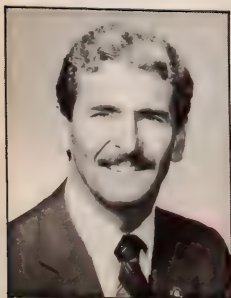

The University's initial recruitment and retention efforts were handled by the Commonwealth Educational System and the Office of Undergraduate Programs and coordinated by Dr. Covert.

The six pilot locations for programs targeted to increase African-American student enrollments were Penn State Erie, The Behrend College, the Altoona, Beaver, Delaware County, McKeesport and Ogozont campuses. The pilot locations worked to establish retention committees, develop comprehensive retention plans, incorporate retention plans into strategic plans and monitor and assess the effectiveness of their plans. They submitted their

comprehensive retention plans to the President's Council in January 1987.

The planning process was then expanded to the other campuses and colleges. Every unit prepared a plan in 1987 and presented updated plans in 1988-89. In the future, the units will be asked to annually update their plans, Dr. Covert said.

"Our goal is to eliminate the differences in retention rates between racial/ethnic student groups and to increase the overall retention rates of all students of Penn State," he added.

Jerry B. Covert

Odyssey on WPSU

The play "Sweet Bird of Youth" is the focus of this week's "Odyssey Through Literature" radio program, "Tennessee Williams' Monsters."

Professor Emeritus of English S. Leonard Rubinstein and his guest, Nancy Tischler, director of the Summer Sessions, discuss how Williams' play about an aging actress' apparently failed revival depicts the end of Williams' own career and, more generally, the artists' search of inspiration.

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 on WPSU, 91.1 FM.

Photography exhibit

"People, Places, Patterns" by Heinz K. Henisch will be on display in the Formal Gallery of the Hietzel Union Building at University Park Aug. 28 to Sept. 22. Dr. Henisch presents a retrospective exhibition of his photographs, in color and monochrome, made over a number of years in various countries, and representative of his special interest in

close-ups and textures.

At Penn State, Dr. Henisch holds the parallel appointments of professor of physics and professor of art history. He was responsible for the establishment of photohistorical studies at Penn State in 1973.

In the photography field he also is active as a writer, collector, and book reviewer. *History of Photography*, an international research quarterly, which he founded in 1976, has been widely acclaimed as the most distinguished scholarly publication in this field.

A reception is scheduled for 5 to 7 p.m. Aug. 28 in the Formal Gallery.

Museum lectures

The Palmer Museum of Art at University Park will present a series of lectures to be given by the four candidates currently under consideration for the Museum's directorship position.

Judith Sobol, director of the Joan Whitney Payson Gallery of Art at Westbrook College, Maine, will present the first lecture at 5:30 p.m. today.

At 5:30 p.m. Wednesday, Aug. 30, Dr. Richard J. Wattenmaker, former director of the Flint Institute of Arts in Michigan, will present his lecture.

George Bolge, director emeritus of the Museum of Art in Fort Lauderdale, Fla., is scheduled to speak at 5:30 p.m. Wednesday, Sept. 13.

The lecture series will end at 5:30 p.m. Wednesday, Sept. 20, when Steven Klindt, director of the Tweed Museum of Art at the University of Minnesota in Duluth, presents his lecture.

Faculty, staff and museum patrons are invited to attend this free lecture series and encouraged to convey their impressions to the Museum's search committee. For more information, contact the Palmer Museum of Art at (814) 865-7672.

Chamber music recital

Smith Toulson, along with friends and colleagues from the School of Music, will present a recital of chamber music for the clarinet at 8 p.m. Wednesday, Aug. 30, in

the Recital Hall of the Music Building at University Park.

The major work on the program will be a performance of Olivier Messiaen's *Quartet for the End of Time*. It is considered by many to be one of the great masterworks of contemporary music. Mr. Toulson will be joined in this performance by Joanne Zagat Feldman, violin; Leonard Feldman, cello; and Steven Smith, piano.

In addition, the Pennsylvania Wind Quartet will perform one of the outstanding twentieth-century American woodwind quintets, Alvin Etlar's *Quintet No. 1*. A founding member of the Pennsylvania Quintet, Mr. Toulson will be joined by fellow members Eleanor Armstrong, flute; Barry Kroecker, oboe; Daryl Durran, bassoon; and Lisa Bontrager, horn.

Mr. Toulson is an associate professor in the School of Music, where he also conducts the Penn State Symphonic Wind Ensemble, and is principal clarinet with the Penn's Woods Music Festival.

Yarber exhibition

An exhibition of recent paintings by Robert Yarber will remain on display through Sept. 17 at the Palmer Museum of Art at University Park.

The exhibition, titled "Robert Yarber Paintings: 1980-1988," is the first solo museum show for this enigmatic New York artist whose works are gaining international recognition. It features 27 oil and acrylic works, mostly rendered on large canvases. Mr. Yarber received a bachelor of fine arts from the Cooper Union College in New York City in 1971. He received his master of fine arts from Louisiana State University in 1974.

His paintings frequently depict hotels, casinos or, as described by Yarber, "other leisure sites." His works often capture either violent or dreamlike states, with figures that drift or fall uncontrollably in mid-air.

The arts on Channel 3

tribute to master instrument maker Antonio Stradivari in *Stradivarius on Stage* airing at 10 p.m. Friday, Aug. 25, on WPSU-TV.

In "Lillian Gish: The Actor's Life for Me," encoring on *American Masters* at 10 p.m. Monday, Aug. 28, the celebrated actress reflects on her life and work, particularly her years as one of D.W. Griffith's favorite leading ladies.

One of the greatest dancers in the history of American ballet shares his infectious enthusiasm for dancing with 1000 New York City children in the spirited *He Makes Me Feel Like Dancin'* airing at 10 p.m. Wednesday, Aug. 30. This one-hour film follows dancer Jacques d'Amboise as he teaches the youngsters involved in the National Dance Institute how to dance.

A principal dancer with the New York City Ballet, d'Amboise has been aptly described as a "Pied Piper of Dance." Armed with his immense talent and passion for dance, his goal is to provide a unique learning experience for children from all backgrounds where they can share in the joy and discipline of dance.

Craft Centre classes

The HUB Craft Centre announces a new session of classes for adults and children and the opportunity to purchase memberships for the use of the pottery facilities.

An Open House will be held from 7 to 9 p.m. Tuesday, Aug. 29, in Room 312 HUB. This is an opportunity to meet the instructors, become familiar with the Centre, ask questions, and to register for classes. The facility is open to both University and community members.

The Centre offers a variety of classes such as wheelthrown pottery, weaving, basketry, quilting, watercolor, drawing, stained glass, etc. Most classes provide the materials, allowing the participant to try an art form without a costly investment in supplies, thus making the class fee a real bargain. Memberships also are offered for the use of the pottery facilities. For more information, stop by 312 HUB or call 863-0011.

An exhibition of recent paintings by Robert Yarber is on display through Sept. 17 at the Palmer Museum of Art.

Appointments

Diana Dunn has been appointed acting associate provost and acting associate dean at Penn State Harrisburg, succeeding Robert Graham, who has been named vice president for academic affairs at Roosevelt College in Illinois.

Dr. Dunn will assist the college provost and dean by supervising ongoing operations in a number of areas including undergraduate and graduate instruction, course and program development, program review, academic personnel actions, continuing education, and extended degrees, academic planning and budgeting, and faculty research.

The vice provost at Penn State Harrisburg since 1987, Dr. Dunn has represented the College on the University's International Council, serving as council chair in 1988.

She served as dean of the College of Health, Physical Education and Recreation from 1982 to 1987. Prior to coming to Penn State, she was a professor and head of the Department of Exercise and Sports Sciences at the University of Arizona from 1977 to 1982.

Dr. Dunn earned degrees in education and education administration at the University of Dayton. She received her Ph.D. in leisure studies from Penn State. Her research interests have been in national and international recreation and open space policy and planning.

Hai-Sup Lee, professor of electrical engineering, has been appointed acting head of the Department of Electrical Engineering.

Karl S. Kunz, who resigned as head to assume a full-time faculty position, will continue in the College of Engineering as professor of electrical engineering.

A member of the College of Engineering faculty since 1962, Dr. Lee was promoted to professor in 1971. He holds a B.S. in electrical engineering from Meiji University in Tokyo and received his Ph.D. in electrical engineering from Penn State in 1962.

His areas of research interest are electromagnetic theory, ionosphere wave propagation and formation of the ionosphere.

Dr. Lee is the recipient of an Outstanding Teaching Award from the Penn State Engineering Society. He is a senior member of the Institute of Electrical and Electronics Engineers (IEEE), the International Union of Radio Science Commission G and engineering honoraries Sigma Xi and Pi Mu Epsilon.

M. Marleni Ramirez has received a joint appointment to the Office of International Programs and the International Office of the College of Agriculture to support interdisciplinary international projects.

She will be responsible for identifying international opportunities and external funding to help faculty and graduate students accept international assignments.

"The university already has a strong international program for visiting faculty and students from countries throughout the world," Dr. Ramirez says. "However, we would like to increase the opportunities for our own faculty by identifying funding through governmental agencies and private foundations. Faculty with international experience help our students develop a more global perspective of their world."

She also is working on a cooperative program that will combine Peace Corps service and graduate study in a number of disciplines and is helping to develop cooperative programs with Latin American universities such as the Federal University of Bahia and the National University of Costa Rica.

Before coming to Penn State, she directed the Consortium for Service to Latin America, an association of 30 southern colleges and universities with Louisiana State University as the lead institution. During that time, she also directed U.S. Agency for International

Diana Dunn

Development projects in El Salvador and Panama.

She received her B.S. degree in biology from the National University of San Marcos in Lima, Peru; her M.S. in zoology from the University of Puerto Rico, and her Ph.D. in physical anthropology this year from the City University of New York. She has published a number of articles in her field of ecology and conservation of South American primates.

William J. Schrader, professor of accounting, has been named the new representative and resident adviser at the University of the West Indies (UWI) in Kingston, Jamaica.

During his one-year Caribbean appointment, Dr. Schrader will help coordinate the ongoing collaboration between UWI and the Penn State College of Business Administration.

Supported by the U.S. Agency for International Development, the joint program is intended to totally revamp the management education curriculum of the Jamaican institutions and to offer executive education programs to the island's business community.

Dr. Schrader succeeds George J. Heilmann, professor of management science, who will become the College of Business Administration's director of international programs.

Mary Lou Zuck has been named project assistant with Penn State Cooperative Extension in Delaware County. Her responsibilities are with the Urban Gardening Program in the Chester and Marcus Hook areas of Delaware County.

Ms. Zuck graduated in 1976 from Elizabethtown Area High School in Elizabethtown, Pa. In 1984 she attended Pinebrook Junior College in Coopersburg, Pa., and in 1988 received her B.S. in ornamental horticulture and floriculture from Delaware Valley College in Doylestown, Pa.

Prior to joining extension, she worked as a plater at Heritage Metal Finishing Inc. She also worked with Delaware Valley College and was a summer horticulture assistant with Penn State Cooperative Extension in Lancaster County in 1987.

Sanford G. Thatcher has been appointed director of the Penn State Press. He comes to the University from Princeton University where he was editor-in-chief of the Princeton University Press, one of the largest university presses in the country.

"We are extremely pleased to have an individual of Sandy Thatcher's experience and scholarly reputation join the Penn State Press," Forrest J. Remick, associate vice president for research, said.

Mr. Thatcher served as manuscript editor, social science editor and assistant director of the Princeton Press prior to being named editor-in-chief in 1985. He also serves as chairman of the Copyright Committee of the Association of American University Presses and as a member of the

Hai-Sup Lee

board of directors of the Association for Copyright Enforcement.

The Penn State Press is a nonprofit scholarly publisher operated by the University within the Office of the Senior Vice President for Research and Dean of the Graduate School. Dr. Remick said, "Its business is the publishing and selling of books of enduring importance and interest to the world academic community including importance scholarly works that might otherwise remain forever in frustrated manuscript form because their audience, or profitability, may have been too limited to catch the profit-oriented eye of a commercial publisher."

The Press publishes books in history, literary criticism, art history, linguistics, mathematics, music, philosophy, and the natural and social sciences, as well as six scholarly journals. It publishes in most any area of recognized scholarship from basic technology to pig production, and from nuclear energy to statistical ecology.

Penn State Press books have received national awards for excellence of design and have been selected as outstanding books by *The New York Times*, *The Journal of the American Library Association* and the Harry S. Truman Library Institute.

Paul H. Rigby has been named to the new position of associate dean for research and graduate programs of the College of Business Administration (CBA).

Dr. Rigby, professor of business administration, joined the University faculty in 1964, having previously been an associate professor of business and economics and director for business studies at the University of Missouri. He has been serving as associate dean for research and director of the CBA Division of Research.

Dr. Rigby is a former member of a 1974 task force which proposed organizational and operational changes in CBA and, now, is chairman of a faculty group which is studying the methods of top U.S. business schools in an effort to identify possible models for the future development of CBA.

In addition to his previous work at the University of Missouri, he was a professor of economics and director of the Center for Research at the University of Houston, an associate professor of economics and director of the Bureau of Business and Economic Research at Georgia State University and a research associate and assistant professor of marketing at the University of Texas at Austin.

He holds BBA, MBA and Ph.D. degrees in business administration and economics from the University of Texas at Austin.

Darrell G. Thomas has been appointed program director of the Penn State Educational Partnership Program in McKeesport.

The University, McKeesport Area School District and the Mon Valley Education Consortium are collaborating to help minority students, beginning in fifth grade, stay in school and work toward going to college.

M. Marleni Ramirez

The McKeesport School District has nearly 4,950 students, including 20 percent black youths. Two middle schools in the school district will participate in the partnership. The Mon Valley Education Consortium, which comprise more than 20 school districts in four counties, works together to mold schools into centers of excellence.

In his new position, Mr. Thomas will oversee the operation of the program and assist in the planning of local education support programs. His many responsibilities include coordinating programs, working with community groups and developing a cadre of student tutors.

"With his solid community and counseling experience, Darrell Thomas is genuinely suited for heading the new partnership in McKeesport," Robert Dunham, vice president and vice provost, said. "This partnership represents another step in the University's unrelenting efforts to proceed with more unique partnerships throughout the state."

Mr. Thomas received a bachelor's degree in business administration from Penn State in 1975. Since January 1988, he has served as an admissions counselor at the McKeesport Campus. While in that position, he has been involved in numerous minority and majority recruitment, retention and academic and career counseling programs.

Penn State initiated its first partnership in Reading last year. The University plans to explore similar partnerships with other school districts throughout the state, including the Philadelphia area.

Helen C. Riley has been named assistant 4-H youth agent for Penn State Cooperative Extension in Dauphin County.

"Helen Riley brings a unique and innovative direction to our 4-H urban program," Wayne Schuster, associate director of Penn State Cooperative Extension, says. "It is our hope that through dance and theater she can reach some of our youth-at-risk. The 4-H urban program is evolving in Pennsylvania. In addition to our traditional programs, our professional staff and leaders are developing innovative and imaginative programs to give urban youth an opportunity to learn valuable communication, leadership and life skills."

Born in Philadelphia, Ms. Riley spent a number of years working with professional dance groups around the country as a dancer and a choreographer. She earned her bachelor's degree in fine arts in dance and her master's degree in dance education from Temple University.

For the past two years she has been an instructor in the Harrisburg Arts Magnet School. She also has been a dance consultant to the Bodine High School for International Affairs, an adjunct faculty member at Temple University and dance instructor at the New Freedom Theatre in Philadelphia.

Partings

James Keiser, associate professor of hotel, restaurant, and institutional management in the College of Health and Human Development, has retired after 30 years of service.

Mr. Keiser joined the University as an assistant professor in 1959 in the former College of Home Economics and was promoted to associate professor in 1967. Best known as a teacher and adviser, he developed 17 courses and taught nearly two dozen different courses.

The pleasure of his work, he said, has been in interacting with students. As an adviser, he says he has always tried to be honest, "even when it meant telling a student that hotel and restaurant management wasn't for them."

Mr. Keiser received the Outstanding Adviser Award from the former College of Human Development in 1968 and the Evelyn R. Saubel Faculty Award for his commitment to human service and students in 1981. He served as chairman of the associate degree option in hotel and food service from 1960 to 1970 and was acting professor-in-charge of his department on two occasions.

He has written two books including *Controlling and Analyzing Costs in Food Service Operations*, which has been adopted by more than 100 colleges for use in undergraduate and graduate hospitality programs, and recently reprinted in Japanese.

Mr. Keiser is a member of the Council on Hotel, Restaurant and Institutional Education. This year he received CHRIE's highest honor, the Howard B. Meed Award, given in recognition of his career achievements in hospitality education.

A native of Easton, he received a B.S. in hotel administration from Cornell University in 1951 and graduated from the School of Aviation Medicine at Gunter Air Force Base in medical administration in 1952. He completed his M.B.A. in 1957 at the Wharton School at the University of Pennsylvania.

He and his wife, Josephine, are parents of three children: James of Harrisburg, Joan of Redondo Beach, Calif., and John of Washington, D.C. All are Penn State graduates.

Clinton H. Fitzgerald, associate professor and head of laboratory operations at the Applied Research Laboratory, has retired after 36 years of service.

Mr. Fitzgerald began his tenure as a machine design engineer in the mechanical section. He was eventually promoted to project engineer of torpedo development.

He earned a bachelor's degree in mechanical engineering from Penn State in 1943 and a bachelor's degree in electrical engineering from the University in 1956.

He and his wife, EmmaGene, reside in State College and have four children, all

James Keiser

Penn State graduates.

A veteran of World War II, Mr. Fitzgerald served in the Navy with destroyer duty.

Mary Louise Grendon, assistant professor of English at Penn State New Kensington Campus, has retired after 23 years of service.

Mrs. Grendon taught at the New Kensington campus since September of 1965. Before that, she taught for a semester at the Beaver Campus.

She was highly regarded by students as a competent faculty member whose cheerful personality helped ease the often difficult struggle with freshman English requirements. "I greatly miss teaching and my former students," she says.

She graduated cum laude from Heidelberg College in Tiffin, Ohio where she was selected to Phi Kappa Phi, a national scholastic society. She earned her master's degree from Penn State in 1945.

Mrs. Gredon, who is spending her retirement writing short stories and working on her memories, now lives in Monroeville and has two grown sons.

Diane S. Edwards, coordinator of graduate admissions at Penn State Harrisburg, from Jan. 2, 1979, until July 18.

Ruth Nelipis, senior psychiatric social worker at Hershey Medical Center, from Jan. 14, 1974, until July 28.

Virginia S. Elliott, division of undergraduate studies programs coordinator, Undergraduate Programs, from March 1, 1975, until Aug. 1.

Ruth G. Hollinger, secretary, Science, from July 1, 1974, until Aug. 1.

Theodore L. Imbert, bookstore manager at Hazleton Campus, from Aug. 1, 1970, until Aug. 1.

Nadine W. Ross, clerk, Student Services, from Aug. 28, 1975, until Aug. 1.

William E. Toombs, professor, Education, from July 1, 1971, until Aug. 1.

Staff Vacancies

(Continued from page 8)

• **Bookstore Manager, Bookstore, Delaware County Campus** - Responsible to the director, Auxiliary Services, for various functions within the Bookstore to include purchasing, financial records, and retail operations. Determine the quantity of textbooks, associated text materials, supply items and equipment items for each student registration period and assure that necessary items are available at the proper time. Responsible for cash control, financial reports, bookstore budget and inventory. Supervise one full-time and one to two part-time employees. Requires associate degree, or equivalent, plus one to two years of effective experience in business or retailing. **STAFF GRADE 5.**

Television

(Continued from page 1)

Woods, director of Adult Literacy Action, at Penn State's Beaver Campus. Dr. Askov says that programs, such as "On Your Own," help undertrained workers who typically have not had access to technical training because they lack basic skills.

"Our goal is to help the students learn from real-life situations, at their own pace in the worksite," Dr. Askov says. "We think this method is an ideal way."

Faculty/Staff Alerts

Updated resumes

If you apply for one of the University's listed position vacancies, it is very important that you have an updated resume or biographical data form on file in the Employment Division. When you apply for a position vacancy, an employment specialist will review whatever background data is on file. If the background data is not accurate and up-to-date, you may not receive appropriate consideration.

You can contact the Employment Division at any time and a form will be

forwarded to you to update your background information. Or you can submit your own resume, if you wish.

Dr. Bernoff

(Continued from page 1)

Dr. Bernoff is a graduate of Temple University where he earned B.A., M.A., and Ph.D. degrees in chemistry. Prior to joining the Penn State faculty, he was director of research for the Material Electronic Products Corp.

Pennsylvania College of Technology positions open

Pennsylvania College of Technology (formerly The Williamsport Area Community College) is looking to fill four key administrative positions. Two are dean-level positions, with direct reporting lines to the college's president, and two are director-level positions, which report through a dean.

The dean of administration is the institution's chief fiscal officer. Responsibilities include administering the institution's business and financial operations, computer services, bookstore and food services; developing a long-range financial plan; and administering the College's investment program and budgetary process. Qualifications include master's degree in business administration or accounting, or CPA Certificate, or equivalent; five years of substantive, senior

level financial management experience.

The dean of institutional resources will coordinate all college private sector fund raising activities and serve as the chief executive of the College Foundation. Qualifications include master's or bachelor's degree with substantial qualifying experiences; successful experience in planning and implementing a variety of fund raising activities; experience in a non-profit institutional setting; marketing and sales background, and excellent communication skills.

The director of institutional research and planning will coordinate the development and update of the institution's Long-Range Educational Plan and meet all internal and external research and reporting needs. Qualifications include master's or bachelor's degree with substantial qualifying

experiences; successful experience in planning and implementing a variety of fund raising activities; experience in a non-profit institutional setting; marketing and sales background, and excellent communication skills.

The director of facilities will oversee the daily activities of the custodial and building maintenance staff. Qualifications include an engineering degree or equivalent combination of experience and education; ten years experience in physical plant maintenance, including at least five years experience with implementing and completing general renovation projects, and five years experience in housekeeping management.

Pennsylvania College of Technology is a wholly owned subsidiary of Penn State, but operates as a separate institution for staffing

and other purposes. Accordingly, inquiries or other follow-up relative to these positions must be directed to Pennsylvania College of Technology's personnel office.

To apply for one of the positions submit a letter of application, resume and list of three professional references to: Personnel (29), Pennsylvania College of Technology, One College Avenue, Williamsport, Pa. 17701.

Bookshelf

Louis Winkler, assistant professor of astronomy, is co-editor of *Great Ideas for Teaching Astronomy*, published by West Publishing Co.

Material for the book was selected from lectures, laboratory presentations and student activity ideas submitted by various college instructors.

Institute director candidates sought

An internal search is being conducted for a new director of the Institute for the Arts and Humanistic Studies, effective July 1, 1990, when **Stanley Weintraub** steps down from the post.

The director, who reports to the senior vice president for research, must be a full professor with a professional reputation sufficient to be named a Fellow (if not one already) on appointment. Some experience administering research and external grants is desirable, as is a demonstrated commitment to interdisciplinary.

Members of the search committee are: **Gerard J. Brault**, professor of French and Institute Fellow; **Heinz Henisch**, professor

of physics/art history and Institute Fellow; **Harlan Hoffa**, professor of art education and associate dean; **David Palermo**, professor of psychology and associate dean; **Eliza Pennypacker**, associate professor of landscape architecture and associate director of the Institute; **Charles Mann**, professor of English and Institute Fellow.

Candidates are requested to submit an up-to-date curriculum vitae as soon as possible to: Dr. Gerard J. Brault, chair, Search Committee, Department of French, 316 Burrows Building, University Park, Pa. 16802. Nominations also are invited. The deadline for applications is Oct. 1, or until a suitable candidate is found.

Obituary

H. Thomas Hallowell Jr., longtime

member of the Board of Trustees and a major contributor to the University, died Aug. 7. He was 81.

Mr. Hallowell was president and chairman of SPS Technologies. During a career spanning six decades, he helped steer the company into an era of major expansion and international sales. The company, founded in 1903 as Standard Pressed Steel by Mr. Hallowell's father, is now based in Newtown.

Following his graduation from Swarthmore College in 1929, Mr. Hallowell joined the company as a machine operator.

Steadily advancing up the ranks, he served jointly as president and chairman from 1963 to 1971, and then continued as chairman until 1986.

Mr. Hallowell was a Penn State trustee for 36 years and sat on the board of Swarthmore College for 30 years.

He was an inventor and a well-known photographer, publishing a work of world travel pictures entitled *Life with a Lens*. Another hobby, landscape design, resulted in the development of Deerfield, the 50-acre Hallowell estate in Rydal, Mr. Hallowell donated the estate, cited by horticulturalists as one of the world's most beautiful gardens, to Penn State in 1988.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion may apply by calling the Employment Division 86-540304 (network line 433 0304). Applications for these staff vacancies will be accepted until **Aug. 31, 1989. DO NOT CONFUSE THE AREA THAT HAS THE VACANCY.** Applications for staff vacancies are considered in accordance with Fair Employment Practices (FES) and in compliance with the University's Affirmative Action Program. Program without regard to race, color, religion, national origin, handicap or age (as provided by law), sex or status as a disabled or Vietnam era veteran.

• **Speech-Language Pathologist, University Hospital, University Hospital Rehabilitation Center for Children and Adults - Elizabethtown** - Responsible to the manager, Rehabilitation Services for performing a wide variety of duties in the diagnosis, treatment and evaluation of persons with various speech difficulties and delays. Requires: master's degree in speech pathology with certificate of clinical competence in speech pathology from the American Speech and Hearing Association plus one to two years of effective experience. **STAFF GRADE 6**

• **Medical Social Worker II, College of Medicine, Social Services, Hersey Medical Center** - Responsible to the director, Social Services coordinator for providing inpatient and outpatient medical social services and provide help and emotional support to patients and their families. Requires master's degree from an accredited college or university and professional and one to two years effective experience. **STAFF GRADE 6**

• **Assistant Director for Reimbursement, College of Medicine, University Physicians Professional Billing, Hersey Medical Center** - Responsible to the director, Professional Billing for planning, organizing, and controlling professional reimbursement systems and supervision of management personnel and related alternative health care delivery system activities to University physicians. Requires bachelors degree or equivalent in business administration, accounting or public administration with four to five years of effective experience with emphasis on third party professional reimbursement. **STAFF GRADE 5**

• **Medical Social Worker I, University Hospital, Social Services, Hersey Medical Center** - Responsible to the social services coordinator to serve as part of the health care team in providing practice help and emotional support to patients and their families and assume consultation function. Requires bachelors degree or equivalent with an accredited college or university, or a bachelors degree with emphasis in human services field with one to two years experience in social work or equivalent. **STAFF GRADE 5**

• **Flow Cytometry Specialist, College of Medicine, Medicine Endocrinology, Hersey Medical Center** - Responsible to the principal investigator for performing flow cytometry for data acquisition, analysis and participation in a research or complex diagnostic research project. Requires: masters degree or equivalent in research plus at least one year of effective experience. **STAFF GRADE 6**

• **Unlabeled Review Specialist, College of Medicine, Healthplan, Inc., Healthplan, PPA, Hersey Medical Center** - Responsible to the medical director and director of Healthplan for the review of hospital admissions and discharges as well

as the documentation of the pattern of utilization for physical and hospital procedures. Requires: bachelors degree or equivalent in an allied health field (med tech, respiratory therapy, etc.) or in nursing with a minimum of two years of effective clinical hospital experience. **STAFF GRADE 6**

• **Patient Account Assistant, College of Medicine, University Physicians Professional Billing, Hersey Medical Center** - Responsible to the supervisor, University Physicians Professional Billing, for the analysis of aged patient accounts to assure that generated professional charges are correct and accurate, as well as providing counseling to patients with delinquent physician accounts and advising of options available. Requires associate degree or equivalent in business administration plus one to two years of effective experience. **STAFF GRADE 4**

• **Biostatistical, College of Medicine, Center for Biostatistics & Epidemiology, Hersey Medical Center** - Responsible to the director, Center for Biostatistics and Epidemiology for computerized data management and statistical analysis, programming in support of the biomedical and biostatistical research activities of the center. Requires bachelors degree, or equivalent, in mathematics or statistics plus one to two years of effective experience. **STAFF GRADE 5**

• **Research Coordinator, Division of University Development, Development Research, University Park Campus** - Responsible to the research manager for the coordination and implementation of prospect research programs supporting fund-raising activities. Requires bachelors degree or equivalent preferably in humanities or library science with one to two years of effective experience preferably in research activities. **THIS IS A FIXED TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH EXCELLENT CHANCE OF RE-FUNDING. STAFF GRADE 5**

• **Director of Continuing Education, Commonwealth Educational System, Continuing Education, Ogontz Campus** - Responsible to the campus CEO and to the general director, Division of Administration and Field Services, for professional, financial and technical performance in providing Continuing Education services in the Ogontz Campus service area. Identify plan, organize, implement, administer, and operate the Continuing Education program of the campus service area. Requires bachelors degree or equivalent, plus five to seven years of effective and satisfactory experience, preferably as an area representative in Continuing Education. Master's degree preferred. **STAFF GRADE 4**

• **Head Coach - Women's Lacrosse, Intercollegiate Athletics, University Park Campus** - Responsible for the organization and administration of the women's lacrosse program. Requires: bachelors degree or equivalent, plus one to two years of effective coaching experience. Must have sound management skills, thorough knowledge of NCAA rules, demonstrated skill in administration to direct a NCAA Division I program. Head coach experience with college level sport athletes in a collegiate setting preferred. **THIS IS A FIXED TERM TWELVE-MONTH POSITION FUNDED THROUGH JUNE 30, 1990, WITH EXCELLENT POSSIBILITY OF RE-FUNDING. STAFF GRADE 6**

• **Academic Advisor, School of Communications, Advancing Center, University Park Campus** - Responsible to the coordinator, Advancing Center for the advising of undergraduate non-major students in School of Communications, as well as liaison to Communications academic departments and student support services, serve as academic advising resource to Communications faculty at University Park and Commonwealth Campuses. Requires: bachelors

degree in a related field plus two to four years of effective experience, or masters degree in related field plus one to two years of effective experience. **STAFF GRADE 7**

• **Research Engineering Assistant, College of Science, Chemistry, University Park Campus** - Responsible to the supervisor, Research Instrument Group for the design alteration and construction of complex instrumentation systems utilized in ongoing research at the Department of Chemistry. Requires bachelors degree in electrical engineering, physical science or a closely related discipline plus one to two years effective experience. Knowledge of established policy, procedure and practice required. Possession of an FCC First Class License, 30 MHz to 15 GHz R.F. and amateur radio experience highly desirable. **STAFF GRADE 6**

• **Project Associate - Pilot Plant Supervisor, Science, Biotechnology Institute, Bioprocessing Resource Center, University Park Campus** - Supervise activity in new pilot plant scale-up facility. Oversee daily plant operations to include maintenance of cell lines, development of cells for fermentation inoculation, product assays and analysis, determination of culture purity and phenotype, preparation of media. Requires B.S. or equivalent, in biology, engineering or other related field and/or experience with cell culture biotechnology. Four years of experience with fermentation required. Supervisory experience desirable. **THIS IS A FIXED TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH GOOD POSSIBILITY OF RE-FUNDING. STAFF GRADE 7**

• **Supervisor of Maintenance, Housing and Food Services, University Park Campus** - Responsible to manager, Maintenance Services, for supervision of maintenance shop services and employees of Housing and Food Services. Requires bachelors degree, or equivalent, in industrial arts or technology, industrial engineering, or related field, with one to two years effective experience, with knowledge of electricity, carpentry, electronics, plumbing, and refrigeration. Previous supervisory experience is required. **THIS IS A RE-ANNOUNCEMENT OF A PREVIOUSLY ANNOUNCED POSITION. STAFF GRADE 5**

• **Systems Programmer, Computer and Information Systems, Management Services, University Park Campus** - Responsible to the manager of Systems Architecture for assisting with the support of the MVSA Operating System and related systems software components. Provide technical assistance for system software installation, customization, support, and problem determination. Requires bachelors degree or equivalent preferably in computer science or mathematics with one to two years of effective experience in data processing with a good working knowledge of at least one programming language (COBOL, PLI, ASSEMBLER). Also an understanding of Job Control Language system utilities, and basic data set structure is required. **STAFF GRADE 6**

• **Telecommunications Analyst/Programmer, Agriculture, Administrative Services, University Park Campus** - Responsible to the senior systems analyst for ensuring the operation of the college's telecommunications environment. Requires: bachelors degree, or equivalent, in computer science, mathematics or technology related field plus one to two years of effective experience in the telecommunications systems and applications programming. Excellent oral and written communication skills including the ability to communicate technical information to non technical audience. Knowledge of operating systems, high level programming languages and data communication protocols is required. Experience in a Digital VAX mainframe and Apple microcomputer on-line delivery system environment is preferred. **STAFF GRADE 6**

• **Training and Support Specialist, Agriculture, Administrative Services, University Park Campus**

- Responsible to the senior support and training analyst for providing consultative support and problem solving services to College users regarding the selection, installation and usage of computer systems, for developing and delivering educational programs on the use of hardware and software systems. Requires bachelors degree, or equivalent, in agriculture or technology related field plus one to two years of effective experience. Excellent oral and written communication skills are required including the ability to communicate technical information to non-technical audiences. Previous experience conducting instruction or training is very desirable. Experience with Macintosh computer equipment is desirable. **STAFF GRADE 6**

• **Systems Project Analyst, Agriculture, Administrative Services, University Park Campus** - Responsible to the senior analyst for conducting the analysis, design, programming, testing and implementation of moderately complex information systems projects. Consult with faculty and staff to suggest and discuss the development of new systems or the evaluation of existing systems. Requires bachelors degree, or equivalent, in agriculture or information technology related field plus two to four years of effective experience. Excellent oral and written communication skills are required including the ability to communicate technical information to non-technical audiences. Experience in project planning and management is also required. Experience with Apple Macintosh and Digital VAX computers is preferred. **STAFF GRADE 7**

• **Feature News Editor, Agriculture Information Services, University Park Campus** - Responsible to the manager, Agricultural Communication, for developing subject ideas in the form of feature stories for release in various periodicals, newspapers, etc. Participate in other communications activities including training, evaluation and media relations. Conduct interviews with faculty. Extension Service staff, students, alumni and related sources, to develop feature articles for use in College periodicals. Requires bachelors degree, or equivalent, in journalism, English, mass communications, or related field plus over one year to two years of effective experience. **STAFF GRADE 6**

• **Applications Programmer/Analyst, Agriculture, Administrative Services, University Park Campus** - Responsible to a senior analyst for conducting analyses, program design, coding, testing and documenting activities associated with applications problems. Requires bachelors degree, or equivalent, in agriculture or information technology related field plus one to two years of effective computer programming experience. Excellent oral and written communication skills are required including the ability to communicate technical information to non-technical audiences. Knowledge of operating systems, high-level programming languages and data communications protocols are required. Experience in a Digital VAX mainframe and Apple microcomputer on-line delivery system environment is preferred. **STAFF GRADE 6**

• **Instructional Specialist, Liberal Arts, Center for Computing Assistance in Liberal Arts (CCALA), University Park Campus** - Responsible for CCALA instructional operations involving both microcomputing equipment and software and terminal-based mainframe usage. Develop and present seminars and training sessions for faculty, staff and students; prepare documentation and other training aids. Requires bachelors degree or equivalent in a liberal arts discipline one to two years of effective maintenance data processing experience plus experience with IBM PC and/or Apple Macintosh microcomputing. Individual must be able to program in at least two languages. **STAFF GRADE 6**

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

Pennsylvania College of Technology is convened

The former Williamsport Area Community College officially convened as Pennsylvania College of Technology on Monday, Aug. 21, during a special convocation ceremony initiating the beginning of the 1989-90 school year.

Robert L. Breuder, president of the new institution, presided over the ceremony held in the college's Academic Center Auditorium. Attending the convocation were college faculty and staff; members of the newly formed board of directors; Penn State officials, including President Jordan; State Rep. Alvin C. Bush, and other community leaders.

In his remarks Dr. Breuder expressed his appreciation for the leadership role of Gov. Robert Casey in bringing to reality the creation of Pennsylvania College of Technology (Penn College) as a component of Penn State, and lauded Rep. Bush for his efforts in steering the legislation through the Pennsylvania House and Senate.

Dr. Breuder assured President Jordan that Penn College "...intends to be the kind of willing, capable partner in this great enterprise that will make Penn State Penn College proud."

Dr. Jordan, keynote speaker at the event, hailed the recently established relationship

Participating in a special convocation at Pennsylvania College of Technology are, from left, Robert L. Breuder, college president; State Rep. Alvin C. Bush and President Jordan.

for its potential to strengthen the ability of the two institutions to meet their essential purpose "...to serve students, society, the community and the nation."

He indicated he is convinced that the marriage of Penn College's strengths in the applied technologies with Penn State's engineering and related expertise will

"bring innovation full circle" by substantially improving conduits for the efficient transfer of technology to area industry.

Rep. Bush, prime sponsor of the legislation establishing Penn College, and chairperson of the College's recently announced board of directors, said his role

in the affiliation was "a labor of love" and he voiced his "devotion to the purpose and mission this college represents." He described the transition from The Williamsport Area Community College to Penn College as recognition that Penn College is, and long has been, a very different, unique Pennsylvania educational institution.

"The pairing of the two institutions, with their same drive toward excellence," he said, "will be beneficial to all Pennsylvania, with many of those benefits yet to be realized."

The ceremony followed an informal session in which Dr. Breuder briefed college staff on the considerable activity under way at the college to accommodate the record enrollment increase that has materialized for the fall semester. Total enrollments currently are up more than 13 percent over 1988 fall enrollments.

Pennsylvania College of Technology is the focus of a special insert included in this edition of INTERCOM.

Center awards Ben Franklin project funds

The Ben Franklin Technology Center of Central and Northern Pennsylvania Inc. has allocated funds for 113 projects in 40 counties for the 1989-90 year.

"In all, the BFTCCNP has allocated \$4.5 million this year," John Werner, president of the BFTCCNP, said.

The center is one of four around the state, operating under the Ben Franklin Partnership, a program of the state Department of Commerce. The program's objective is to bring together government, businesses and educational institutions to develop technology for the application and commercialization of new processes and

products, as well as to promote specialized industrial training and entrepreneurial development.

In addition to Penn State and its campuses, 15 other colleges and universities are co-sponsoring projects with various companies and groups. They are:

Bloomsburg University, Bucknell University, Clarion University of Pennsylvania, Edinboro University of Pennsylvania, Gannon University, Indiana University of Pennsylvania, Juniata College, Mansfield University, Mercyhurst College, Millersville University, Philadelphia College of Textiles and Science, St. Francis College,

Thiel College, University of Pittsburgh at Bradford.

The 1989-90 projects also involve six vo-tech schools, and 370 companies and organizations.

"The program for 1989-90 continues to focus resources on our regional thrusts," Mr. Werner explained. "They are advanced materials, minerals, manufacturing systems, food and wood processing and value-added products, biotechnology, rural small business incubation and technology-driven industrial training."

Administrative Fellows appointments announced

Appointment of two Administrative Fellows has been announced by the Office of the President and the Commission for Women.

Lydia P. Abdullah, audit manager, Corporate Controller's Office, will serve under the mentorship of Steve A. Garban, senior vice president for finance and operations. **W. Terrell Jones**, associate director of the Division of Campus Life, will serve under the mentorship of William C. Richardson, executive vice president and provost of the University.

Ms. Abdullah, a Penn State graduate with a B.S. degree in accounting, joined the University staff in 1975 as an accounting trainee. She served as an assistant auditor and auditor until 1979 when she was appointed to her present position. As audit manager, she is responsible for developing and managing various financial, operational, and administrative audits of the University.

At the University, she was nominated for the Charles Chambers Award in 1981. This year she served as chair of the Corporate Controller's Opinion Survey Response Committee, A Notary for the Commonwealth of Pennsylvania, she is a member of the Institute of Internal Auditors.

Lydia P. Abdullah

In the community, she serves as secretary of the Parent/Teachers Association of the Mt. Nittany Christian School.

Dr. Jones came to the University in 1977 from Lock Haven University, where he served as assistant dean of student life and assistant director of admissions. He was an area coordinator in the residence halls and

W. Terrell Jones

assistant director of residential life programs in East Halls before assuming his current position in 1984.

He has served as president of the Forum on Black Affairs and as chair of its University Community Relations Committee. Since 1980, he has been coordinator of the University Intergroup

Relations Program, for which he has developed and implemented a one full-day workshop for University staff that focuses on increasing sensitivity to culturally different students and staff.

In the community, he has been a member of the Centre County Advisory Council of the Pennsylvania Human Relations Commission since 1986 and currently serves as its chair.

Dr. Jones received a B.A. degree from Lock Haven University and M.Ed. and D.Ed. degrees from Penn State.

The Administrative Fellows Program is designed to provide an opportunity to enhance the administrative talents and qualifications of women and minorities by involving them in mentorship experiences with top-level administrators at the University.

The program provides opportunities for Fellows to participate in a wide range of decision-making processes, learning activities, and program management, so that they are better equipped to handle the challenges of higher education administration. The Fellows Program also will help create a pool of qualified women and minorities for potential senior level administrative vacancies.

Focus on Diversity

Students attend Minority Health Careers Institute

Twenty-six minority students from Pennsylvania high schools completed a free three-week summer academic program at the University.

The Minority Health Careers Institute, offered by the College of Health and Human Development for the past three years, provides seminars for minority students who are interested in health careers.

The seminars prepare students for the transition to college life by providing opportunities to develop effective study skills, explore career options in the health field, observe clinical practitioners at work and consult with minority professionals in health care.

Seminars are taught by faculty in clinical psychology, communication disorders,

health education, health policy and administration, and nutrition.

Students who have completed their junior year in high school are eligible for MHCI. Each student must submit a letter of recommendation from a teacher or

counselor, a brief essay, the results of the Preliminary Scholastic Aptitude Test and a high school transcript.

MHCI is one of several College of Health and Human Development programs offered for minority students interested in

the health professions. Approximately 90 percent of the cost of MHCI is funded by a grant from the U.S. Department of Health and Human Services; the rest is funded by Penn State.

Dionne Warwick, Diego Rivera are featured

Throughout her career, Dionne Warwick has been known for her soulful voice and her subtly rendered interpretations. Her appearance with conductor John Williams and the Boston Pops Orchestra showcases some Warwick classics as well as some contemporary selections at 9 p.m. Friday, Sept. 1, on *Evening At Pops* on WPSX-TV.

Mexican artist Diego Rivera is credited with reintroducing classic Renaissance fresco painting as part of the architecture of public buildings and spaces. He also inspired the WPS program, which supported such artists as Jackson Pollock, Ben Shahn and Arshile Gorky. During a series of visits to the United States in the

1930s, Rivera created major works in San Francisco, Detroit and New York.

"Rivera in America," airing at 10 p.m. Monday, Sept. 4, on *American Masters*, examines these murals and the controversy that surrounded them. The program also includes interviews with some of Rivera's assistants, friends and art historians.

The Campaign for Penn State

Gift establishes Arthur Andersen professorship

The Arthur Andersen Professorship in Accounting has been established at the University with a \$125,000 gift from Arthur Andersen & Co. and University alumni working for that firm. The funds will be used to provide research and teaching support for **Barry E. Cushing**, an expert in accounting information systems, auditing, managerial accounting and the economics of information.

"Arthur Andersen & Co. has made substantial financial contributions to the accounting program at Penn State over many years," Charles H. Smith, chairman of the Department of Accounting and Management Information Systems, said. "The firm's Penn State alumni have been similarly supportive of their alma mater, and the commitment of funds for the

Arthur Andersen Professorship reflects their desire to continue such support at an even more meaningful level."

A worldwide company of 46,000 partners and employees, Arthur Andersen conducts interviews with 40,000 recruits in the United States each year and turns to Penn State for a substantial number of those individuals.

"We view Penn State as a prime recruiting school because of the size and quality of its accounting program," John W. Higbee, Arthur Andersen audit partner, said.

A strong faculty is crucial to maintaining the strength of the program and the preparedness of the people graduating from it, he noted.

According to Mr. Higbee, many of the

more than 200 Penn State alumni working for Arthur Andersen made contributions toward the new professorship, gifts which were matched by the Arthur Andersen Foundation.

Dr. Cushing, who teaches at both the graduate and undergraduate levels, joined the College of Business Administration in 1986. Before then, he was a professor of accounting at the University of Utah for nine years and department chairman for three years. He also has taught at the University of Texas at Austin and Michigan State University.

A Certified Public Accountant, he holds bachelor's and doctoral degrees from Michigan State.

Dr. Cushing is the editor, coeditor or coauthor of five books, the author of

numerous scholarly articles and an editorial board member for two scholarly journals. He also has been both director of research and an executive committee member with the American Accounting Association.

Mr. Higbee, who played a key role in arranging the professorship gift, is a 1966 Penn State graduate. Working closely with him was Arthur Andersen Partner James L. Matheny, a 1964 Penn State alumnus and member of the College of Business Administration Alumni Society Board of Directors.

Arthur Andersen founded the firm nearly 75 years ago in Chicago. It is now one of the world's largest public accounting, and tax advising and consulting firms.

By Louis Pappan

Beaver Campus pledge is made

Louis D. Pappan, owner of Pappan's Family Restaurants Inc. and Roy Rogers Family Restaurants Inc., has announced a pledge of \$25,000 to the Special Gifts Campaign at the Beaver Campus. The gift will designate for support of the new Hotel, Restaurant and Institutional Management (HRIM) program currently in development at the campus.

"We at Pappan's and Roy Rogers are happy to be part of the Beaver County community," Mr. Pappan said. "This pledge gives us the opportunity to help the people of this area. The strength and future of Beaver County is in education. I couldn't be happier to be part of Penn State and the HRIM program."

The HRIM program will offer students a two-year associate degree and will provide a variety of theoretical and practical coursework and training, both in the classroom and at on-site locations.

The Special Gifts Campaign, titled "Paving the Pathway to Progress," is the Beaver Campus component of the

University's ongoing, six-year plan to raise \$300 million for academic and faculty support and development at University Park and throughout the Commonwealth Educational System. The local campaign also is designed to enhance economic revitalization in the area through increased development of partnerships between the campus and the business community.

"As a member of the Beaver Campus Advisory Board, Lou Pappan has shown his commitment to the importance of higher education in Beaver County; as a businessman, he has shown his understanding of this area's growth potential," David B. Otto, Beaver Campus executive officer, said. "We're proud to announce this Pappan/Penn State Partnership."

Thomas P. Wollawar, president, Tuscarora Plastics Inc. and chairman of the Penn State Beaver Campus Special Gifts Campaign, said the goal of the Campaign is \$440,000.

Three faculty members in the College of the Liberal Arts have received grants-in-aid for postdoctoral research from the American Council of Learned Societies.

Gary W. Gallagher, assistant professor of history, will receive funds to do additional research on Jubal A. Early, a prominent Southern general in the Civil War and later a fervent apologist for the fallen Confederacy.

Londa L. Schiebinger, assistant professor

of history, will use her grant to pursue research on the theme: "The Politics of Difference: Analogies Between Sex and Race in 18th Century Anatomy."

Caroline D. Eckhardt, professor of English and head of the Department of Comparative Literature, is the third recipient of a grant, which will enable her to complete her edition of a Middle English manuscript, *Thomas Costello's Chronicle*.

Grants-in-aid from the American Council

Kent Homes in 1958 and Bernard Hankin Builders, later renamed Hankin Group, in 1969.

"The Hankin professorship has been the keystone of Penn State's program in residential building construction," Dean John A. Brighton said. "It was a major factor in bringing the Designated Housing Research Center to the college, and its elevation to a chair will enable us to remain in the vanguard of research and technology transfer in residential and light building construction."

The University center is one of 13 in the country and is a nationally recognized leader in research and development in residential construction engineering and management.

Mr. Hankin is a member of the University's Board of Trustees. He also is a 1988 Penn State Alumni Fellow and a 1984 College of Engineering Outstanding Engineering Alumnus.

Mrs. Hankin is a member of the board of directors of the Northern Chester County Nurses Association and is active in the Red Cross.

Three faculty receive grants for research

of Learned Societies were made possible in part by grants from the John D. and Catherine T. MacArthur Foundation, the Andrew W. Mellon Foundation and the National Endowment for the Humanities.

The American Council of Learned Societies, headquartered in New York City, is a private, non-profit federation of 40 national scholarly associations dedicated to the advancement of humanistic studies in all fields of learning.

Red Cross blood drive

The Centre Communities Chapter of the American Red Cross kicks off its fall schedule at University Park from 10 a.m. to 4 p.m. Tuesday and Wednesday, Sept. 5 and 6, in the Hetzel Union Building Ballroom.

Though "walk-ins" are welcome, faculty and staff are encouraged to preregister to donate blood. They may do this prior to each drive by calling Connie Schroeder at 237-2713. They should have their donor ID cards handy when calling. Preregistered donors can save about 15 minutes, and the entire process will take about an hour.

Fall 1989 campus blood schedule

Date	Day	Location	Time
Sept. 5	Tuesday	HUB Ballroom	10 a.m. to 4 p.m.
Sept. 6	Wednesday	HUB Ballroom	10 a.m. to 4 p.m.
Sept. 12	Tuesday	Natorium	noon to 5 p.m.
Sept. 27	Wednesday	Wagner Armory	10 a.m. to 4 p.m.
Oct. 11	Wednesday	101 Kern	10 a.m. to 4 p.m.
Oct. 12	Thursday	White Lobby	noon to 5 p.m.
Nov. 7	Tuesday	Waring Commons	1 p.m. to 7 p.m.
Nov. 8	Wednesday	Findlay Union	1 p.m. to 7 p.m.
Nov. 9	Thursday	Simmons Lounge	1 p.m. to 7 p.m.
Nov. 14	Tuesday	Pollock Union	1 p.m. to 7 p.m.
Nov. 15	Wednesday	Warnock Union	1 p.m. to 7 p.m.
Nov. 16	Thursday	Atherton Lounge	1 p.m. to 7 p.m.
Nov. 20	Monday	HUB Ballroom	10 a.m. to 6 p.m.
Nov. 21	Tuesday	HUB Ballroom	10 a.m. to 4 p.m.
Dec. 14	Thursday	Physical Plant	9 a.m. to 3 p.m.

Faculty/Staff Alerts

Chain letters

Chain letters are being circulated within the University, and they are a nuisance to Mail Services and the recipients. Policy AD-13 of the University Policy Manual prohibits

using interoffice mail for personal business. University employees need to be informed that disciplinary action will be taken if caught circulating chain letters. If you receive a chain letter, please forward it to Mail Services to aid in the investigation of this problem.

In Lehigh Valley Writing institute is formed

The Penn State Allentown Campus and school districts in Lehigh Valley have formed the Lehigh Valley Writing Institute to share and refine strategies for teaching writing.

Margaret Cote, associate professor of English and Carol Membrudo, secondary English teacher at Allen High School, are directors of the institute. Dr. Cote worked with several school districts and Intermediate Units 20 and 21 for more than a year to develop the institute.

Its purpose is to enhance teachers' understanding of their own writing processes and to strengthen the ways they teach writing to their students. Fourteen teachers in grades two through 12 from eight Lehigh Valley school districts will spend the next year sharing their best strategies with each other and developing papers and presentations for school districts. Dr. Cote said.

The institute provides a three-week summer program and two group follow-up meetings. In addition, the directors spend a day with each teacher in the teacher's classroom. Participants also earn six graduate credits.

"Taking the project to the teacher's environment is critical to our institute concept," Dr. Cote said. "We want to avoid the frustration teachers often have when trying to implement ideas they glean from consultants who never see the teachers in the classroom."

Margaret Cote

"Teachers who attend writing institutes often return to their schools to find that they are without colleagues and administrative support to implement the strategies which they have developed," she added.

"Our goal is to develop a 'critical mass' of teachers in the Lehigh Valley committed to writing at all grade levels and in all subjects who will share ideas and support one another."

Penn Staters

Michael G. Moore, associate professor of education, has received a creative programming award from the National University Continuing Education Association for his development of The American Symposium on Research in Distance Education. He also won a Significant Achievement Award for editorship and work on the publication *The American Journal of Distance Education*.

Douglas N. Cook, professor of theater arts, has received the Centennial Medallion Award from the University of Arizona at its centennial commencement. The Centennial Medallion Award is a one-time award established by President Henry Koffler to recognize the most distinguished living alumni of the University of Arizona.

C. Dale Therrien, associate professor of biology and plant pathology, is an invited member of an international commission that will travel to Poland and visit institutes and universities this summer. The commission, sponsored by

the Foundation for the Development of Polish Agriculture (FDPA), will assess the impact of potato late blight on Polish agriculture and will make recommendations for control strategy research.

Daniel Cosgrove, associate professor of biology, gave an invited lecture titled "Dynamics of Wall Relaxation in Growing Plant Tissues: Examples and Interpretations" at the Yamada Conference on Plant Water Relations and Growth Under Stress in Osaka, Japan.

Arthur E. Goldschmidt, associate professor of history, has been elected to a three-year term on the Board of Governors of the American Research Center in Egypt.

Thomas A. Hale, associate professor of French and comparative literature, gave a paper on "Oral Performance in Songhai and Soninke: New Evidence from Old Narratives for a Broader View of the Mande Diaspora" at the 15th

annual meeting of the African Literature Association in Dakar, Senegal.

J. Cordell Hatch, professor of agricultural communications, currently on assignment in Pakistan, has been recognized by the United States Agency for International Development and Pakistan Agricultural Research Council for "Superior Performance" as information transfer adviser and for contributing significantly to the establishment of a nationwide system of agricultural communications.

Walter P. Kilareski, associate professor of civil engineering, has been appointed to the Expert Task Group, "Experimental Design and Analysis," for the Strategic Highway Research Program/Long-Term Pavement Performance (SHRP/LTPP).

Edward H. Kleivans, professor and head of the Department of Nuclear Engineering, has been appointed to the recently formed Committee on Future Nuclear Power Development. The

committee was appointed by the National Research Council, the principal operating agency of the National Academies of Science and Engineering.

Gary H. Koopman, professor of mechanical engineering and director of the Noise Control Laboratory, has been named Fellow of the Acoustical Society of America for his outstanding contributions in the area of structural acoustics and noise control.

Rustum Roy, director of the Science, Technology and Society Program and Evan Pugh professor of the solid state, gave one of the plenary addresses at the fifth Scandinavian Symposium on Materials Science in Copenhagen. In Stockholm, Dr. Roy addressed the joint colloquium of the Inorganic and Structural Chemistry faculties at the University of Stockholm and made two presentations at the Royal Institute of Technology. He also addressed the colloquium of the Metallurgy and Materials Science Department at Oxford University, England.

From left are Mrs. Charles R. Chambers; Russell J. Rossman Sr., recipient of the Chambers award; and Kenneth S. Babe, corporate controller.

Chambers award

Russell J. Rossman Sr., assistant University auditor, has received the 1989 Charles R. Chambers Memorial Award.

Established in 1979 by the family and friends of the late Mr. Chambers who was director of accounting at the University from 1967-77, the award honors employees of the Controller's Office who "exhibit a conscientious and dedicated attitude toward their professional responsibilities above that normally expected or required." Mr. Rossman, who graduated from East Penn Valley High School, earned a B.A. from the University of Maryland as well as a master's degree from the University of Richmond. Before coming to the University, he held comptroller positions at various U.S. Air Force bases.

In 1973, he was named senior auditor in the Auditing Department of the Controller's Office. In 1974, he was promoted to audit manager, and in 1982, was named to his current position.

Joan Brooks, secretary, dean's office, College of Education, and Dan Brooks, assistant supervisor, support services, Audio-Visual Services, have completed 25 years service at the University.

News in Brief

Libraries' Fall Semester hours

The University Libraries will be open during the following hours this fall through Dec. 31:

Pattee: Monday to Thursday, 7:45 a.m. to midnight; Friday, 7:45 a.m. to 5 p.m.; Saturday 8 a.m. to 9 p.m.; and Sunday, noon to midnight.

The following units will be open: Monday to Friday, 8 a.m. to 5 p.m.; Historical Collections and Latin Archives; Interlibrary Loan, Penn State; Room (open Saturday, 9 a.m. to 1 p.m.); Photoduplication and Rare Books Room.

Branch libraries and reading rooms (outside Pattee) will be open: Monday to Thursday, 7:45 a.m. to 11 p.m.; Friday, 7:45 a.m. to 9 p.m.; Saturday 8 a.m. to 9 p.m.; and Sunday, noon to 11 p.m.

Pollock: Monday to Friday, 9 a.m. to midnight; Saturday, 1 p.m. to midnight; and Sunday, noon to midnight.

On Labor Day, Monday, Sept. 4, the Libraries will open at noon.

Project proposals sought

The Computer Based Education Lab (CBEL), a unit of the Center for Academic Computing, invites University faculty members to submit a proposal for possible funding or staff support to the 1990 Faculty Project Support selections.

The CBEL unit is dedicated to assisting faculty who wish to integrate the computer into their classrooms. To this end CBEL provides support in the form of project grants or staff support (instructional designers, programmers, graphic artists) to faculty members whose ideas for integration reflect an appropriate solution to a curricular problem.

Faculty submitting proposals do not need to have computing skills, and faculty from all colleges, schools, and CES locations are encouraged to submit their ideas. CBEL's support varies with individual needs, but encompasses courseware purchases or development,

interactive technologies, and artificial intelligence projects.

The CBEL Faculty Project Support proposal packets for the 1990 calendar year are available from CBEL, 12 Willard Building, University Park. The deadline for proposal submission is Oct. 9. Decisions will be made by Dec. 1. To request a packet or telephone for more information, call (814) 264-1654.

Fulbright program

The U.S. Information Agency is seeking applicants for its 1990-91 Fulbright Exchange Program.

The Teacher Exchange Program involves a one-on-one exchange for teachers at the elementary, secondary and postsecondary levels with suitable teachers overseas. The 1990-91 overseas exchange programs will likely involve Argentina, Belgium/Luxembourg, Brazil, Canada, Chile, Colombia, Cyprus, Denmark, Federal Republic of Germany, France, Hungary, Iceland, Italy, Mexico, The Netherlands, Norway, Philippines, Senegal, South Africa, Switzerland and the United Kingdom.

The program also provides opportunities for teachers to participate in summer seminars to be held in Italy and The Netherlands.

For applications, which are due Oct. 15, and more information, contact Elizabeth Smith at 865-7681.

Research grant

Richard N. Artea, associate professor of horticultural physiology, and **Allan T. Phillips**, professor of biochemistry, have received a \$237,000, three-year research grant from the Physiological Processes Program of the National Science Foundation.

The winning study proposal is titled "Mechanism of Hormonal Induction of ACC Synthase." ACC synthase is a protein in most plant tissue that regulates ethylene, a hormone that regulates many physiological processes in plant tissues.

The study will focus on the detailed mechanisms for the regulation of ACC synthase, both at the enzyme level and at the level of transcriptional control. Its goal is to improve understanding of how hormones affect ethylene production.

International TV programs

Viewing of Russian, French and Spanish TV programs is now possible at 222 Bouckee Building.

The University Office of International Programs is offering this service to give internationals an opportunity to view programs that reflect their national, ethnic, linguistic or cultural background, and to provide Americans with an international experience. These programs may be especially beneficial to those with an interest in language acquisition or cultural awareness.

The schedule on Channel 12, the University Park Network, is: 4 to 5 p.m., U.S.S.R. programming (Russian language); 5:05 p.m. to 10:25 a.m., Spanish International Network; and 11 a.m. to 4 p.m., French (from Canadian Broadcasting Corp.).

Individual walk-in requests to use headphones for viewing of satellite programs can be accommodated when the TV is not used for other purposes. This also is possible from 6 to 9 p.m. Monday through Thursday.

Faculty/staff authors

The Penn State Bookstore on campus invites all faculty/staff authors to contact the bookstore with information on current or upcoming books.

The Penn State Bookstore maintains a faculty/staff authors section in the general book department. The department is constantly seeking information on books being published by members of the academic community. The bookstore also supports a "Featured Authors" program in which local authors participate in book-signings throughout the year.

Contact Elizabeth K. Wilson at 865-3250 if you have recently published a book or expect to have a book published this fall and would like to have the bookstore stock the book. Book-signings also can be arranged at the request of interested faculty staff members.

Study volunteers sought

Snow shoveling study being conducted at Noll Laboratory at University Park needs male volunteers 50 to 60 years of age. Subjects will be asked to shovel at three different work loads in two cool environments (40 degrees Fahrenheit) and one neutral environment (68 degrees Fahrenheit) while blood pressure, heart rate and heart electrical conductivity are measured.

The study is designed to investigate the stress placed on the heart while shoveling in a cool environment. Subjects should be in good physical health, non-smokers and non-hypertensive.

If interested, contact Jack Emmett at Noll Laboratory at 865-0525 or at home at 234-2691 for further information.

Workshop for secretaries

Penn State Continuing Education is offering a one-day workshop titled English Grammar for Secretaries, which will introduce participants to the correct use of punctuation and grammar.

Two sections of the workshop will be offered - one on Thursday, Oct. 26, the other on Thursday, Nov. 9. Each is scheduled from 8:30 a.m. to 3:30 p.m. in the Keller Conference Center at University Park. Registration fee is \$90.

Students will learn to use these mechanics to improve their writing style. Systems for proofreading and trends in business and professional written communications also will be covered.

For more information about the workshop, contact Penn State Continuing Education at (814) 865-3443.

Two faculty members receive Fulbright grants

Charles Croskey, associate professor of electrical engineering, has been awarded a Fulbright teaching and research grant to the Helsinki University of Technology (HUT) in Helsinki, Finland.

Dr. Croskey will work with Professor Martti Hallikainen on research in microwave radiometry during the spring 1990 semester. He also will teach courses in microwave remote sensing.

Dr. Croskey, who works in the Communications and Space Sciences Laboratory, has developed the only continuously operating, ground-based remote sensing station in the United States

for the measurement of water vapor in the upper atmosphere.

Melvin Westerman, associate librarian in University Libraries, has been awarded a Fulbright grant to Cranfield Institute of Technology in England.

He will be attached to the graduate Management Library to gain insights into its support to small, technology-based businesses affiliated with the Institute.

Mr. Westerman holds bachelor of arts and master of public administration degrees from Penn State. He earned a master of science in library science from Drexel

University in Philadelphia. He has been active in the Special Libraries Association, American Library Association and the

International Association for Social Science Information Services and Technology. He previously was an exchange librarian to a graduate business school in Lima, Peru.

Obituaries

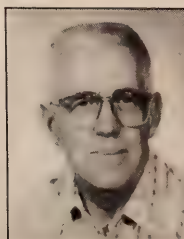

William R. Clark, University physician, Student Services, from Aug. 2, 1976, until his retirement May 1, 1988, died Aug. 20. He was 62.

Robert D. Fellows, retired associate professor of mechanical engineering, died

Aug. 20 at the age of 89. He joined the faculty Feb. 23, 1924, and retired Aug. 1, 1963.

Hilda M. Carr, secretary, Intercollegiate Research Programs, from April 1, 1963, until her retirement April 1, 1974, died Aug. 17 at the age of 76.

25-year award recipients

Completing 25 years of service at the University are, from left, Ardeith L. Frisbey, assistant director, Office of International Students; Robert Peters, technician, Fruit Research Laboratory; Biglerville; Frederick A. Saylor, director, Budget and Financial Operations,

Commonwealth Educational System; Gene Staub, technician, Fruit Research Laboratory; Laurence L. Yeager, marketing agent, Penn State Cooperative Extension.

Pennsylvania College of Technology

Formerly The Williamsport Area Community College

PENNSTATE

Fall Semester 1989

'Many programs are perfect lead-ins.'

'I think we will produce better students.'

'We want to be Penn State involved.'

Bob Breuder's vision for Pennsylvania College of Technology is simple.

"I see us as THE institution in Pennsylvania providing undergraduate technical education in emerging technologies. This simply will be the best place to go for students desiring that kind of education."

Dr. Breuder, who became president of the Williamsport Area Community College (WACC) in March, 1981, is looking forward to the challenges and opportunities of leading the college in its new affiliation with Penn State.

"I'm intrigued with the potential of linkages of a number of our academic programs to baccalaureate-level programs," he said. "Many of our programs are perfect lead-ins to baccalaureate programs at Penn State."

"The new affiliation has tremendous potential for students who can now come here with the understanding that they may be able to advance to baccalaureate and graduate degrees without leaving the campus."

"I think we will produce better students, and we are not in any way-ashamed of what we've produced in years past."

WACC was established in 1965 by expanding the programming of the Williamsport Technical Institute. When the college's original sponsors-20 public school districts in a 10-county region-withdrew their funding support, the City of Williamsport assumed responsibilities

of local sponsorship on the condition that a permanent solution be found.

"While the 20 school districts sponsored the college for 20 years," Dr. Breuder said, "it was not a good situation, and by 1985, it was clear the relationship had to change if the college was to prosper and grow. The possibility of affiliation with Penn State developed because we had worked with the University in the past."

Over the past year, University and college officials have worked to create the Consortium for Advanced Manufacturing Productivity, Inc. (CAMP). The consortium, in partnership with the Susquehanna Economic Development Agency-Council of Governments (SEDA-COG), was able to secure a \$900,000 grant from the Commonwealth of Pennsylvania to establish an Industrial Resource Center based on the Williamsport campus.

"The single most exciting thing I see in this new affiliation with Penn State," Dr. Breuder said, "is in the area of economic development and technology transfer."

"Penn State's reputation for research and development is one of the best. But colleges and universities have not done a good job of transferring technology onto the factory floor."

"As WACC, we have had a close working relationship with business and industry. They have always been strongly supportive of us. Now we have the ability to

participate with Penn State and serve as a much more effective conduit between business and industry."

Prior to becoming president of WACC, Dr. Breuder was provost for institutional advancement at Brevard Community College in Cocoa, Fla. Previously, he served as assistant professor of higher education at the Florida State University. Considered a pioneer in the international educational movement in community colleges, he holds a Ph.D. in higher education administration from Florida State and M.S. and B.A. degrees from the State University of New York at Albany.

During his tenure at WACC, more than \$35 million has been expended on new buildings and renovations. The physical plant currently is valued at more than \$100 million, with no local debt. Of the 41 programs in technical education at Pennsylvania's community colleges, 22 are at Williamsport.

"We are unlike anything else in the Penn State system," he said. "Technical programs are very equipment intensive. We emphasize a practical hands-on approach, feeling the best way to teach our students is to integrate practice and theory."

"We want to be Penn State involved. We're incredibly proud of this affiliation. At the same time, we want to maintain our individuality and build on the things that made us attractive to Penn State in the first place."

The Robert L. Breuder Advanced Technology and Health Sciences Center houses the college's emerging technology programs.

Miles Williams

Transition requires many changes

Don't blame **Miles Williams** if new signs, stationery, forms and graphics are on his mind much of the time these days.

As dean of employee and community relations, Dr. Williams is responsible for many of the changes taking place as the former Williamsport Area Community College becomes Pennsylvania College of Technology.

"The number of things that must be done to pull off this transition is overwhelming," he said. "It has required a tremendous amount of planning, anticipating and follow-through to do all the things necessary to make it happen."

"We expect that it will take nearly two years to replace all our in-house forms and signage and complete the conversion of all of our graphics. It would have taken even longer except for the spectacular assistance we received from Penn State's institutional relations staff."

Other changes in policies also are taking place.

"Among the five pages of priority items we've been dealing with," Dr. Williams said, "is getting confirmation from the U.S. Department of Education on our change of name and status. Until that is done, we're not able to hire work-study students."

One of the new policies already implemented is the tuition reduction for faculty, staff members and dependents

at Penn State and Penn College who want to attend the other institution.

According to Dr. Williams, the college's new affiliation with Penn State is seen by the public as a tremendous boost for the community.

"As we come to know Penn State better, we'll find more potential in this affiliation, and the community also will come to see more and more its potential."

He also believes the new affiliation will lead to dramatic enrollment increases.

"I fully believe that within three years, we will grow from our present enrollment to that of 4,500 to 5,000 full-time equivalent students," he said.

"I'm firmly convinced that the increased strength derived from our association with Penn State is going to make this college a national mecca for business and industry leaders who want to learn about the very most recent developments in production capability."

"That's something we couldn't do alone, but I believe we'll be able to do it with the Penn State affiliation."

Dr. Williams, who has been dean at the college since 1981, previously served as state director for teacher education and certification with the Idaho Department of Education. He received a Ph.D. in higher education administration from Florida State University.

Robert L. Breuder Advanced Technology and Health Sciences Center

Students look down on the lobby of the \$23 million facility which opened in 1987 and recently was dedicated in honor of President Breuder.

Future prospects are bright Enrollment expected to increase

Pennsylvania College of Technology's enrollment is expected to increase significantly this year, and-with its new affiliation with Penn State-prospects for the future are even brighter.

"There is a 19 percent increase in new applications and a 27 percent increase in tuition deposits compared to this time last year," **William J. Martin**, dean of student services, said.

"In 1985, enrollment dropped when we lost sponsorship of the sponsoring school districts and continued to decline in 1986. This year we expect an all-time high enrollment of nearly 3,500 FTE students."

"And, our affiliation with Penn State probably has not yet had an impact on enrollment. When it was announced, most students already had made a decision. The major impact from our affiliation-in terms of increased student enrollment-probably will come in the next two to three years."

Dr. Martin attributes the enrollment increase at the former Williamsport Area Community College (WACC) to:

-A change in the curriculum portfolio in the last five years with increased emphasis on new and emerging technology. "The fact that we have a 93 to 97 percent placement record of our students hasn't hurt our position."

-A rebuilding of the campus that has greatly increased

its physical attractiveness.

-A dramatic change in recruiting strategies and advising programs. "Through our intake program," Dr. Martin said, "students are better prepared for classes before they actually begin. And our Advisement Center received a national award in 1987 as the outstanding advising program among two-year colleges in the country."

Dr. Martin, who received his Ph.D. in educational administration from Penn State, joined WACC in 1983 as director of secondary vocational programs and moved to his present position in January, 1985.

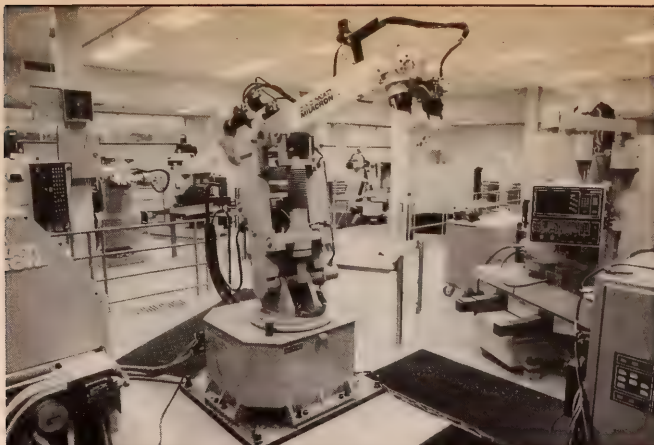

He believes the college's affiliation with Penn State will bring about significant changes in student services.

"For one thing, there is no housing on campus, and student housing in the area is limited. As we develop new programs and enrollments increase, we'll be looking at ways of developing housing which will bring with it a whole new segment of students who will be interested in residential life programs."

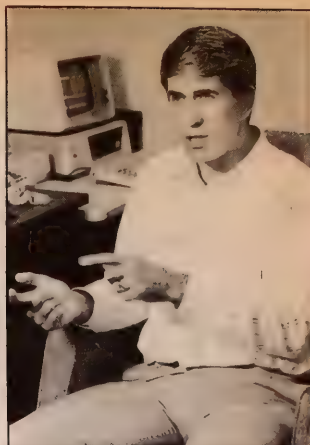

"We also expect an increase in traditional college age students who will demand more student services, such as intercollegiate athletics. And, an expected increase in numbers of students who want to transfer to a four-year institution will bring a demand for more programs designed for transfer students."

William J. Martin

Automated manufacturing lab

James E. Middleton

Students get hands-on experience

Sophisticated equipment pays dividends

Pennsylvania College of Technology's impressive array of sophisticated equipment pays major dividends.

"When students tour our facility," says **James E. Middleton**, dean of academic affairs, "90 percent of them enroll."

"The college has had a longstanding commitment to work with full scale industrial equipment rather than tabletop models. There is a great deal more cost involved, but students get the opportunity to work on the real thing."

The college's programs are housed on the central campus in Williamsport, the Earth Science Center in Allenwood/Montgomery, the Aviation Center, adjacent to the Lycoming County airport in Montoursville, and the North Campus, located near Wellsboro.

The Advanced Technology and Health Sciences Center opened on the central campus in 1987 and recently was dedicated in honor of President Breuder. It provides training in a new generation of technologies, including fiber optics, automated manufacturing, plastics, robotics and laser technology.

Since 1982, the college has expended \$1,000 per FTE student on equipment, with much of the funding coming from the federal government.

"The focus of our curriculum truly is different," Dr. Middleton said. "A larger percentage of credits in our technology programs are allocated to laboratory, hands-on experience. General education is still a critical component, but the emphasis is more toward technical career preparation."

With Pennsylvania College of Technology's affiliation with Penn State, Dr. Middleton, whose academic background is in English and literature, anticipates a growth in general studies to provide a more balanced academic program.

"Most community colleges in Pennsylvania looked toward being junior colleges and then added components of technical, occupational education," he said. "Our history here is that we started as the Williamsport Technical Institute with a heavy emphasis on industrial programs."

"We later added the liberal arts to the technical offerings to become a more comprehensive institution. While

technical education will continue to be emphasized, we feel the comprehensiveness of the institution is critical and will work to improve the balance. The important thing about our mission is that we are not surrendering one area for the other."

Dr. Middleton, who joined the college in 1982 as director of the Integrated Studies Division, received B.A., M.A. and Ed.S. degrees from the University of Iowa; M.A. from the University of Leeds, England, and Doctor of Arts from the University of Michigan.

Noting that Penn College currently offers more than 70 academic programs, many of which closely parallel offerings available at Penn State, he said the new affiliation provides opportunities for expanded programming.

"We are looking for niches rather than competing where programs already exist. For example, there is only one baccalaureate program in dental hygiene in the state."

"Our affiliation with Penn State provides some interesting opportunities to move beyond the standard way of programming. We hope to take full advantage of these in developing future initiatives."

Dental Hygiene Clinic

The North Campus

Pennsylvania College of Technology's North Campus is located on Route 6 between Wellsboro and Mansfield in the former Charleston School, which was donated by the Wellsboro School District and completely renovated in 1983.

The campus offers career programs, transfer programs in the liberal arts and sciences, non-credit and continuing education courses, and an on-going schedule of special seminars and workshops.

In addition to classrooms, a student lounge and a library, the campus features modern, well-equipped nursing and computer labs.

"It is a small, but growing, campus with a tremendous amount of community pride," **Miles D. Williams**, dean of employee and community relations, said. "The abandoned elementary school donated by the Wellsboro School District has been converted into a facility now valued in excess of \$1.5 million."

"Last year the campus had an enrollment of 115 FTE students, most of whom were non-traditional, part-time students from Wellsboro. Even though we are now Pennsylvania College of Technology, the school district provides support for residents to attend the campus just as if it were still a sponsor of the college."

The North Campus has plans for continued expansion—including additional programming for secondary vocational-technical students, additional college programs, and an increased emphasis on personal, career and business development—as a means of meeting the special needs of area residents and employers.

Rep. Alvin Bush chairs board of directors

Overall policy approval for the new Pennsylvania College of Technology is the responsibility of an 11-member board of directors.

Under legislation establishing the college as an affiliate of Penn State, the board will consist of nine members appointed by the Corporation for Penn State and two by the leadership of the General Assembly.

At its first meeting early this month, the board elected as its chair Rep. **Alvin C. Bush**, of Muncy R.D. Lycoming County representative to the State House of Representatives.

Rep. Bush (R-84th) was the prime sponsor of legislation establishing Pennsylvania College of Technology and the individual who originally approached Gov. Robert Casey about the prospects of affiliation with Penn State.

A longtime advocate of community colleges, he served on the legislative conference committee whose work led to the establishment of the community college system in Pennsylvania in the early 1960s. He also played a leadership role in securing special financial incentives for community colleges which developed unique and advanced technology programs.

Elected vice chairperson of the board was **Richard E. Grubb**, senior vice president and dean for the Commonwealth Educational System.

Dr. Grubb, who was Pennsylvania Secretary of Agriculture from 1985 to 1987 during the Thornburgh administration, has served the University in various capacities for 28 years.

Other board members appointed by the Corporation for Penn State are **William C. Richardson**, executive vice president and provost of the University, **Steve A. Garban**, senior vice president for finance and operations; **Carol**

Participants in Pennsylvania College of Technology's first convocation included, seated, from left, State Rep. Alvin C. Bush, President Jordan, President Breuder and John Young; standing, from left, State Sen. Roger Madigan, Delbert J. McQuaide, Richard E. Grubb, Kathryn W. Lumley, and State Rep. Thomas Dempsey.

Herrmann, vice president for administration; **John A. Brighton**, dean of the College of Engineering; **C. Gregory Knight**, vice provost and dean for undergraduate education; **Kathryn W. Lumley** of Jersey Shore R.D. 2, author of children's books, co-founder of the national Reading is Fundamental Program, and Lycoming County civic leader; **William D. Davis** of Williamsport, chairman of the board.

president, and chief executive officer of Commonwealth Bancshares Corp.

Two legislators appointed to the board by the General Assembly leadership are State Sen. **J. Doyle Corman** (R-34th), and State Assemblyman **Russell P. Letterman** (D-76th).

Series feature variety of speakers, entertainers

A variety of speakers and entertainers will be featured in Pennsylvania College of Technology's 1989-90 Women's Series and Performing Artist Series.

The Women's Series begins Sept. 20 with political leader Shirley Chisholm, former New York congresswoman and the first black woman ever to seek the office of president of the United States.

Author and speaker **Rita Mae Brown** will discuss her works and share her views on Oct. 25. Known from her days as a 1960s feminist-activist, she initially gained attention as a writer with her first novel, *Rubyfruit Jungle*, in 1973.

On Nov. 20, "As the Wind Rocks the Wagon," a one-woman drama featuring **Amy Warner**, will depict life along the Oregon Trail.

Philadelphia's official storyteller **Linda Goss** will perform for children and adults Feb. 27. For many years, she has been weaving tales of intrigue from her homeland in the Smokey Mountains.

Paula Danziger, a writer of unique children's books, will be on campus March 28.

The Women's Series will close April 19 with author **Joy Harjo**, whose poetry draws on American Indian history and contemporary problems.

The Performing Artist Series begins Oct. 11 with the Broadway hit "Mame," featuring singer **Patrice Munsel**. The musical boasts a four-year run on Broadway and claimed five Tony awards.

The hilarious nonsense of "Nonsense" comes to the stage Nov. 15. The long-running, off-Broadway musical centers on the lives of the Little Sisters of Hoboken, who face trouble when their convent chef accidentally poisons 52 members of the Order.

Nipsley Russell leads the cast in the energetic musical, "The Wiz," on Jan. 21, while the pulsating, fast-paced

musical, "Dreamgirls," winner of six Tony awards, will be performed Feb. 10.

On Feb. 24, the Tulsa Ballet Theatre Company will perform the operetta "The Merry Widow" and the "Mozart Violin Concerto."

Three option performances that may be included in ticket packages offered by the series are March 5, the Pittsburgh Symphony; March 24, political satirical Mark Russell (co-sponsored by WVIA-TV), and April 17, pianist

Peter Nero.

All Women's Series events will be held at 7 p.m. in the college's Academic Center Auditorium, with special workshops and readings to be announced at a later date. All Performing Artist Series performances will take place at the Capitol Theatre, 220 W. Fourth St., Williamsport. For more information on either series, contact the College Activities Office at (717) 327-4763.

Mary Pease, staff writer/photographer, College Information and Community Relations, stands in the Academic Center Auditorium, where the college's Women's Series events are presented.

The College at a Glance

—Formerly the Williamsport Area Community College, established in 1965 by expanding the programming of the Williamsport Technical Institute.

—Enrollment: 3,500 FTE students (anticipated for Fall Semester 1989), making it the University's second largest location (after University Park). More than 50 percent of the students come from outside the college's 10-county service area.

—Academic Programs: More than 70 programs leading to associate degrees or certificates in vocational and technical fields and in the liberal arts and sciences. Emphasis is on technical education. Also operates a vocational-technical training program for secondary school students and offers continuing education courses tailored to meet the needs of business and industry.

—Facilities: Central campus located on College Avenue in Williamsport; Earth Science Center in Allenwood/Montgomery; Aviation Center adjacent to the Lycoming County Airport in Montoursville, and the North Campus near Wellsboro. Physical plant is valued at more than \$100 million.

—Employment: 171 full-time faculty, and a total of 450 full-time staff.

—Budget: 1989-90 general institutional (operating and capital), \$22.8 million; auxiliary enterprises and others, \$2.3 million.

University Park Calendar

August 31— September 10 Special Events

Friday, September 1

Late registration deadline
Course drop/add deadline.

Monday, September 4

Labor Day Holiday—no classes.

Tuesday, September 5

Palmer Museum of Art, Douglas Sirk Film Series,
7:8-30 p.m., Palmer Museum of Art. *All That
Heaven Allows* (1955).

Wednesday, September 6

Palmer Museum of Art, Douglas Sirk Film Series,
7:9-15 p.m., Palmer Museum of Art. *Insultion of
Life* (1959).

Thursday, September 7

Commission for Women meeting, 10 a.m.-noon,
256 Hammond.

Palmer Museum of Art, Douglas Sirk Film Series,
7:8-30 p.m., Palmer Museum of Art. *Magnificent
Obsession* (1954).

Friday, September 8

Palmer Museum of Art, Douglas Sirk Film Series,
7:8-30 p.m., Palmer Museum of Art. *The
Tarnished Angels* (1958).

East Asian Studies, 7:30 p.m., HUB Fishbowl,
David Hess, VOA on "The Role of the Media
and the China Spring."

Saturday, September 9

Palmer Museum of Art, Douglas Sirk Film Series,
7:8-35 p.m., Palmer Museum of Art. *The
Tarnished Angels* (1958).

International Events

International Lecture Series

Dr. John Ross, executive director, Debt for
Development Committee, will discuss "Debt
for Development" from 2 to 3:30 p.m. Friday,
Sept. 8, in the International Lounge, 222
Boucke. The lecture is cosponsored by the
University Office of International Programs
and International Programs in Agriculture.

'Written on the Wind,' a film by Douglas Sirk, will be shown at 7 p.m. Sept. 8 in the Palmer Museum of Art.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:10
p.m.; Saturday and Sunday, 5-6 p.m.; Morning
Edition, Monday-Friday, 6-8 a.m.; Weekend
Edition, Saturday and Sunday, 11 a.m.-1 p.m.
"Creative License," 12-30 p.m. Thursdays,
hosted by Cherie S. Lewis.

Conferences

Continuing Education Keller Building

Sept. 7-8, Personnel Law for Management—
PennDOT, Jack H. Williams, assistant professor
of administration of justice, chair.
Sept. 10-15, Credit Union National Association,
John Ezell, department head and professor of
finance, chair.

Executive Programs

Sept. 10-15, Executive Management Program #70,
Academic Program Dir. Dr. Peter D. Bennett,
associate dean and professor of marketing.

Seminars

Tuesday, September 5

Gerontology Colloquia, noon-1 p.m., 101 Health
& Human Dev. East Dr. Peter Cavanaugh and
Jim S. Ulbrecht, M.D., Center for Locomotion
Studies, on "Foot Problems in the Diabetic
Elderly."

CAMP, 4 p.m., 339 Davey Lab. Dr. Ansgar
Liebsch, KFA-Julich Lab. for Theoretical Solid
State Physics, Germany, on "Non-Linear
Electronic Effects at Surfaces."

Thursday, September 7

Physics Colloquium, 3:30 p.m., 53 Osmond Lab.
Dr. Richard Isaacson, National Science

3:45 p.m. 327 Sackett Dr. Charles T.
Dreschel, Nantuxtec Univ. on Long Term
Biogeochemical Treatment of Hubbard Brook
Experimental Forests.

Exhibits

Chambers Gallery

School of Visual Arts Prints and Medallies Sept.
8-Oct. 14

HUB Galleries

Art Alley Cases:
A selection of works by HUB Craft Centre
instructors, through Sept. 1.

Clay in Process: by the SCASD Community
Education pottery class, through Sept. 29.

Art Alley Panels:

Link Meets Paper by Craig Anzelowicz with
Nigel, through Sept. 29.

Formal Gallery:

People, Places, Patterns by Henz K. Henisch,
through Sept. 22.

Palmer Museum of Art

Robert Yarber Paintings: 1980-88, through Sept.
17.

Turn-of-the-Century European Posters from the
Museum's Collection, through Nov. 5.
Bellefonte Collects, through Oct. 22.

Pattee Library

East Corridor Gallery:
Brooker Stephen Carpenter II, "Works in Clay,"
through Sept. 22.

Lending Services:

John O'Hara Movie Posters, through Sept. 15.

West Lobby Gallery:

Mary Voller, Recent Works, through Sept. 20.

Penn State Room:

Exhibit commemorating 50th anniversary of
founding of Moral Re-Armament and 80th
anniversary of Frank Buchman's Penn State
career, through Aug. 31.

Zoller Gallery

Neopunked Invitational Exhibit, through Sept.
30.

Focus on the arts

The arts on Channel 3

"Pavarotti Returns to Naples," airing at 1
p.m. Sunday, Sept. 3, on *Great Performances*
presents a portrait in song of this crowded
seaside city near the slopes of Mt.
Vesuvius. The songs are illustrated with
candid scenes from daily life and the
spectacular sights of the country. Pavarotti's
narration, laced with his sometimes
whimsical wit, explains the origins of these
characteristic songs that have become
traditional for all Italy.

Admired the world over not only as a
ballet choreographer, but also for her
outstanding contributions to the musical
theater and as a highly respected artist,
Agnes de Mille is the subject of a one-hour
performance profile on *Great Performances*
airing at 2 p.m. Sunday on WPSU-TV.

The program includes selections from de
Mille's landmark ballets (*Rodeo*, *Fall River*
Legend, *masks* (Brigadoon, *Paint Your*
Wagon, *Bloomer Girl*), and films

(*Oklahoma*, *Romeo and Juliet*) as well as
rare archival material, and an extensive
interview with this extraordinary woman.

Printmaking exhibit

An exhibition of recent works by
printmaking students in the School of
Visual Arts will be on display in Chambers
Gallery at University Park from Sept. 5
through Oct. 13.

Undergraduate students in all levels of
printmaking were invited to submit entries,
which were juried by printmaking faculty
members Robin Gibson, Bruce Shobaken
and Chuck Cave.

The exhibition focuses on different
printmaking techniques and features
lithographs, monotypes, wood cuts,
collographs, etchings and silk screens.

Chambers Gallery is located on the
second floor of Chambers Building and is
open weekdays, closed weekends.

Film series

Five films produced by Douglas Sirk will
be shown at the Palmer Museum of Art at
University Park daily at 7 p.m. from
Tuesday, Sept. 5, through Saturday, Sept.
9. The film series is sponsored in
conjunction with the current exhibition
"Robert Yarber Paintings: 1980-88," on
display until Sept. 17.

Sirk's use of vibrant technicolor and
melodramatic themes inspired Yarber's
artistic style. In the late 1970s, Yarber
attended a Sirk film festival in Berkeley,
where he heard the producer speak at a
screening of his film, "Written on the
Wind." This work in particular has had the
greatest effect on the artist.

The films scheduled are:
Tuesday, Sept. 5, "All That Heaven
Allows" (1955). A widow falls in love with
her young gardener, which arouses the
intense criticism of those around her.
Wednesday, Sept. 6, "Imitation of Life"

(1959). Though the lives of a widow and
her maid are joined by a business venture,
their true common bond lies in the anguish
suffered at the hands of their daughters.

Thursday, Sept. 7, "Magnificent
Obsession" (1954). A reckless playboy's
boasting attitude indirectly causes the death
of a physician. Later the playboy falls in
love with the physician's widow, only to
have their love end in tragedy.

Friday, Sept. 8, "Written on the Wind"
(1956). In his most garish and violent film,
Sirk captures the last days of the Hadley
family, an oil baron dynasty that declines
in sterility and death.

Saturday, Sept. 9, "The Tarnished
Angels" (1958). In what is considered to be
Sirk's finest film, a young reporter attempts
to define modern life through the escapades
of barnstorming pilots.

For more information about the films
and exhibition, contact the Museum at
(814) 865-7672.

Bookshelf

The second edition of *First Aid and Emergency
Care: Procedure and Practice*, by Collins O.
Airhihenbwa, assistant professor of health
education, has been published by Kendall/
Hunt Publishing Company.

The book gives instructions on what to
do for a variety of medical emergencies,
including heart attacks, choking, poisoning,
burns, drowning, shock and specific
injuries. It also includes a section on the
Heimlich maneuver, prepared with the
support of the creator of the technique, Dr.
Henry J. Heimlich.

Illustrations and photos demonstrate the

first aid methods. Although primarily
designed for college students, the book also
can be used as a guide and reference source
for people trained in emergency care. Dr.
Airhihenbwa has added two chapters to
the new edition, one on "Emergency
Childbirth" and another on "Legal
Considerations in First Aid."

The book meets the American National
Red Cross and American Heart Association
requirements for standard and advanced
first aid certification and cardiopulmonary
resuscitation.

H. Reginald Hardy Jr., professor of mining
engineering and director of the Rock
Mechanics Laboratory, is co-editor with

Michael Langer of the Federal Institute for
Geosciences and Natural Resources,
Hanover, Germany, of *The Mechanical
Behavior of Salt II*, published by Trans Tech
Publications, Clausthal-Zellerfeld, West
Germany.

The volume includes 39 papers presented
at the Second Conference on the
Mechanical Behavior of Salt, held in
Hanover in 1984. The conference series
was initiated at Penn State in 1981. The
proceedings are dedicated to Edward L.J.
Potts, University of Newcastle, United
Kingdom, a long-time researcher in the field
of salt mechanics who died in 1984.

E. Willard Miller, professor of geography
and associate dean emeritus of resident
instruction in the College of Earth and
Mineral Sciences and Ruby M. Miller,
former map librarian and associate librarian
Pattee Library, are the co-authors of seven
volumes of bibliographies on the Third
World covering counties of southern and
southeastern Asia. It is published by Vance
Bibliographies.

More than 2,400 references present
material on political, economic, foreign
relations, military aspects, social and
resource developments. These seven
volumes are a part of a series of more than
25 volumes of bibliographies in preparation
on the Third World.

Appointments

Theodore R. Alter, Diane V. Brown and Paul J. Wangness have been named regional directors for Penn State Cooperative Extension.

As regional directors, they will supervise county and regional staff coordinate program development and administer budgets for their geographic regions. Pennsylvania is divided into five geographic regions and the regional director is the administrative officer for the region.

Dr. Alter, professor of agricultural economics, began his new duties as director of the southeast region July 1.

In the Department of Agricultural Economics, his major responsibilities centered on the development and implementation of extension and research programs. Those programs focused on government finance and its relationship to environmental quality, the provision of public services and economic development.

In 1985, he received the American Agricultural Economics Association Distinguished Extension Program Award for his efforts in developing a program designed to help citizens, local governmental officials and extension agents meet the increasingly sophisticated demands of government financial management and public financial policy making.

He earned his bachelor of arts degree in economics from the University of Rochester and his master of science and Ph.D. in resource economics from Michigan State University.

Ms. Brown most recently was assistant to the regional director in the southeast region. She began her new duties as regional director of the western region Aug. 1. The region consists of 17 counties.

As assistant to the director, she worked closely with the director in developing programs and priorities for the region. Her career in extension has included posts in Maryland and Iowa. She came to Pennsylvania in 1980 as a regional extension home economist in the southeast.

Her responsibilities in an eight-county area included providing program leadership in family resource management, energy, equipment and food economics.

In 1988, she received the Ruby Award, a state distinguished service award given in recognition of outstanding contributions and excellence in programming by an individual. It is the highest award given to a state cooperative extension professional. In 1985, she received the Outstanding Pennsylvania Home Economist Award from the National Association of Extension Home Economists. She is the first extension home economist in Pennsylvania to be so honored.

Ms. Brown has a bachelor's degree in home economics education from Bridgewater College in Virginia. She earned a master's degree in family management and community development from the University of Maryland. Currently, she is completing her doctorate in education in adult education from Penn State.

Dr. Wangness, head of the Department of Dairy and Animal Science and professor of animal nutrition, will direct efforts for the seven counties in the capital region. He will begin Sept. 1.

He has been head of Dairy and Animal Science since 1980 and has had responsibility for departmental programs in support of extension, research and teaching.

Named to the Penn State faculty as an assistant professor in 1972, he was promoted to associate professor in 1975 and to professor in 1980. His research efforts focused on nutrition and metabolism in farm and laboratory animals. His findings have been published in more than 50 refereed journal articles and include work with rats, sheep, cattle and swine. He won the Young Scientist Award in 1982 from the Northeast American Society of Animal Science.

Dr. Wangness earned his bachelor of science degree in agriculture-dairy science from the University of Wisconsin and his doctorate in animal nutrition and physiology from Iowa State University.

Theodore R. Alter

Allan W. Cornman has been appointed associate extension agent for Penn State Cooperative Extension in Schuylkill County.

Mr. Cornman, who is responsible for developing and coordinating 4-H programs, earned a master's degree in animal science from Virginia Polytechnic Institute and in 1976, he earned a bachelor's degree in animal industries from Penn State, specializing in ruminant nutrition.

In 1980, he was an assistant county agent in Butler County, coordinating livestock programs. He worked as a farm enterprise salesman and a dairy and livestock specialist for Agway, and in 1987 became a regional sales manager for Vigortone National Dairy Products.

He has directed the Schuylkill County Fair and served as treasurer for both the Pennsylvania Livestock Association and the Keystone Livestock Exposition. He is a member of the American Dairy Science Association.

Eric G. Ferrin, director of the former Library Computer Services Center of the University Libraries, has been appointed as the director of the new Library Computing Services Division of the Office of Computer and Information Systems.

Library Computing Services was moved from the University Libraries last year on July 1 as part of an initiative to force closer ties between academic and library computing.

"Mr. Ferrin is doing an outstanding job in meeting some significant challenges," J. Gary Augustson, executive director of Computer and Information Systems, said.

"The closer working relationship between the University Libraries and the Center for Academic Computing will enable us to coordinate the strengths of these two offices to enhance and improve services to the entire Penn State community."

As the co-creator and lead developer of LIAS, the Library Information Access System, Mr. Ferrin has played a key role in computerizing the University Libraries. He also was the co-creator and lead developer of MicroLIAS, an innovative and unique microcomputer-based personal cataloging system with integrated access to LIAS.

In his new position Mr. Ferrin will be responsible for planning, initiating and leading the development of strategic library computing services that can meet the diverse and geographically dispersed needs of the Penn State community. He will report directly to Mr. Augustson.

Doris M. Griffith, teacher, coach and former All-American field hockey player, has been named athletic director at the Penn State Delaware County Campus.

Ms. Griffith, who has taught and coached at the campus since 1981, has been serving as acting director for the past year.

She oversees a growing athletic program that includes varsity teams competing in 10 sports. The teams compete in two conferences with local colleges and other University campuses. In addition to administrative and teaching responsibilities,

Diane V. Brown

she manages the intramural sports program for the campus' 1,800 students and coaches men's and women's tennis.

Her teaching and coaching career began in 1962 at Norristown Senior High School and included positions at Rosemont College, Lansdowne Friends School and a number of junior high schools in Delaware County.

In 1984, she was inducted into Temple University's Athletic Hall of Fame. At Temple, she played four years of varsity lacrosse and was an All-American field hockey player. She was co-captain of the undefeated 1961 team and later was a member of the Women's National Field Hockey Team.

Heleen A. Guthrie, professor of nutrition, has been appointed the first holder of an endowed chair recently established in her honor.

The Guthrie Chair was created in recognition of Dr. Guthrie's career contributions to nutrition education and research. An endowed chair is the highest honor that Penn State bestows upon a distinguished faculty member. To be named to hold the chair is a two-fold honor.

The H.J. Heinz Company Foundation of Pittsburgh contributed \$500,000 to help establish the chair, with a challenge to other food companies to fund the remaining \$500,000 needed for a full endowment.

Dr. Guthrie joined the University 40 years ago as an instructor in the Foods and Nutrition Department of the former School of Home Economics. She was promoted to assistant professor in 1954, associate professor in 1968 and professor in 1972, and became head of the Nutrition Department in 1975.

Although she relinquished her administrative duties this summer, she will continue to teach and conduct research. During the 1989-90 academic year she will spend a sabbatical leave at the University of Hawaii in Honolulu.

Her research interests include the nutritional health of mothers, infants and children in the United States and the Philippines.

She recently received the Conrad A. Elvehjem Award for Public Service in Nutrition from the American Institute of Nutrition, of which she is a past president, and the Distinguished Research Career Award from the College of Health and Human Development. She was selected by the U.S. Department of Agriculture to present this year's Atwater lectures at the meeting of the Society for Nutrition Education.

Robert Prosek has been named professor and head of the Department of Communication Disorders in the College of Health and Human Development.

Dr. Prosek is a senior researcher at the Army Audiology and Speech Center, located at Walter Reed Army Medical Center in Washington, D.C. A research speech pathologist at Walter Reed since 1972, he helped develop the research

Paul J. Wangness

program within the Army Audiology and Speech Center.

Trained in experimental phonetics, Dr. Prosek now studies the dynamics of speech and stuttering and the motor control of speech. He has published a number of papers on speech disorders, hearing evaluation and rehabilitation, and has written more than a dozen computer programs for research and clinical use in communication disorders.

In addition, he provides continuing education programs to clinical staff members at the center and teaches speech science and research design to medical residents and otolaryngologists. He also has taught in the graduate programs at James Madison University and Gallaudet University.

He is a member of the Acoustical Society of America, the American Speech-Language-Hearing Association and the Psychonomic Society, and has served on several subcommittees for the national convention of the American Speech-Language-Hearing Association.

He is associate editor of the *Journal of Speech and Hearing Research* and has been an editorial consultant to several other scholarly journals.

Dr. Prosek earned a Ph.D. in 1971 from Purdue University in speech science with a minor in bioengineering. He also holds an M.S. in speech science from Purdue and an A.B. in speech from University of Illinois, Urbana.

Russel S. Vaughn, formerly director of information resources at Cornell University, has been appointed director of the new Center for Academic Computing (CAC). He will report to J. Gary Augustson, executive director of the Office of Computer and Information Systems.

The Center for Academic Computing is a consolidation of the Computation Center and the Office of Microcomputing Applications.

"This unified organization will provide faculty and staff from all University locations with a centrally managed source for computer-related information, and it will enable stronger working relationships among the various faculty and staff of the organizations that were merged," Mr. Augustson said.

"Dr. Vaughn's extensive knowledge of academic computing issues and his diverse academic interests make him an ideal liaison between the technology and the people who use it," he added.

Dr. Vaughn, who has a Ph.D. in psychology, has served on graduate committees in a number of departments and has taught both statistics and information systems. His achievements at Cornell include development of an administrative information system plan and working with the director of academic computing to coordinate computing services for the campus.

At Penn State, he will be responsible for planning, initiating and leading the development of academic computing services for the University community.

Partings

Peter C. Bazakas, assistant professor of geology and environmental science at Penn State Ogontz Campus, has retired after 30 years service.

Professor Bazakas, whose field of special expertise is earthquake and volcano study, has lectured and served as a consultant on those subjects.

He has been a panel member on area conservation forums and has been involved in local government planning.

A graduate of Boston University, he holds a master's degree in geology from the University of Massachusetts.

Patricia E. Hoffman, nutrition advisor, Agriculture, from Jan. 5, 1976, until Aug. 17.

Walter Smith, maintenance mechanic at McKeesport, from April 26, 1971, until Aug. 17.

Leona Rufus, staff nurse, Hershey Medical

Center, from July 6, 1971, until Aug. 12.

George Nicholson, community service officer at Ogontz, from Feb. 20, 1973, until Sept. 29, 1973, and from May 10, 1976, until Aug. 1, 1977.

Rita Langer, residence hall worker at Behrend, from Sept. 6, 1978, until July 29.

Barbara J. Smith, librarian assistant dean and head/associate professor, Libraries, from Sept. 1, 1970, until July 4.

Melissa Hill, editorial assistant, Hershey Medical Center, from April 19, 1977, until July 1.

Satoshi Matsushima, department head/professor of astronomy, Science, from June 16, 1967, until July 1.

Margaret Taylor, administrative assistant, Ogontz, from July 2, 1979, until July 1.

Chandra S. Vikram, senior research associate, Applied Research Laboratory, from Sept. 13, 1977, until July 1.

Peter C. Bazakas

Bookshelf

Edwin L. Herr, professor and head, Division of Counseling and Educational Psychology and Career Studies in the College of Education, is the author of *Counseling in a Dynamic Society: Opportunities and Challenges*.

The 410-page book, published by the American Association for Counseling and Development Press, is an in-depth analysis of the interaction between changing economic, technological, society and political environments, individual behavior and the form and substance of counseling.

Among the major challenges for counselors into the 21st century, according to Dr. Herr, are the global economy, shifting occupational structures, and the effects in the work place of advanced technology, changing family structures, cultural and racial pluralism; and, the growing numbers of children and adults who are at risk of academic, economic and psychological difficulty.

Faculty/Staff Alerts

Labor Day hours

Penn State Information and Directory Assistance hours for Labor Day, Monday, Sept. 4, will be 8:30 a.m. to 4:30 p.m.

Travel Services

Travel Services will offer a presentation on "How to Arrange Travel" from 9 to 11 a.m. Tuesday, Sept. 5, and 2 to 4 p.m. Wednesday, Sept. 6, in Room 101 Kern Building at University Park.

A review of travel procedures, helpful information on how to make travel reservations and a general question and answer period will be presented. Please call Travel Services at 865-0395 to confirm your attendance.

Travel Services is now providing travel related information via the EMC2 Bulletin Board titled "Travel-Service-UPD".

During the months of September and October, USAir will waive the initiation

fee of \$25.00 on any new memberships into the USAir Club program. That means you can be a member for as low as \$75.00. All applications must be processed through Penn State Travel Services. The discount is available only to new memberships.

Holiday Inn is offering government rates to Penn State at selected hotels. The University's corporate number should not be used when requesting government rates. Holiday Inn government rate ID stickers are available along with their hotel directory and contractor amenity coupons in the Travel Service Office. The coupons offer 10% discount off dinner, free continental breakfast and upgraded rooms.

Courtyard by Marriott, a suite hotel division of Marriott, also is offering government rates to Penn State. The only requirement is to book the room in advance and request the government rate. Courtyard government rate directories are available in the Travel Services Office.

Courses for faculty and staff

As a result of interest expressed by the participants in our programs, the Human Resource Development Center will be offering the following new courses for faculty and staff. Call the Center at 865-3410 for registration information.

Basic English Grammar and Mechanics A refresher course that focuses exclusively on basic principles of grammar and mechanics. Classes meet for six Thursdays beginning Nov. 2 through Dec. 14 (no class on Thanksgiving Day, Nov. 23) from 1:30 to 4 p.m. Cost: \$75.

Burnout Burnout can include anything from "feeling burned around the edges" to physical and emotional exhaustion and disillusionment. This workshop will explore possible alternatives and solutions; 1:15 to 4:30 p.m. Nov. 15. Cost: \$35.

Dealing with the "Problem" Employee Learn and practice skills that will help you work with "problem" employees; 9 a.m. to 4 p.m. Jan. 31; Cost: \$55.

The Manager's Role in Creating a Less

Stressful Workplace Discover five factors that contribute to a stressful work environment, how to recognize burnout, and strategies for reducing stress; 9 a.m. to 4 p.m. March 7; Cost: \$55.

Managing Stress through Assertiveness Workshop will focus on specific assertive techniques to use in reducing your stress level; 9 a.m. to 4 p.m. March 21; Cost: \$55.

Supervision in the Office Learn skills essential to being an effective supervisor; 9 a.m. to 4 p.m. Nov. 29; Cost: \$55.

Writing and Improving your Resume Learn how to write an effective resume for the job search; 1:15 p.m. to 4:30 p.m. Dec. 14; Free.

25-year award

Paromita Chowla, associate professor of mathematics.

Promotions

Staff Exempt

Terry L. Achey to environmental systems at Hershey.

Charles Aleksey to supervisor of safety and police services at Capital College.

Robert J. Anderson to supervisor, water tunnel model shop in Applied Research Lab.

Paula Barone to administrative assistant at Ogontz Campus.

Anna E. Bove to administrative assistant in C&S - Management Services.

Ginger Breon to financial officer in Controller's Office.

William W. Cartwright to supervisor, emergency medical services in Student Services.

Steven M. Clemons to food and beverage supervisor in Nittany Lion Inn.

Linette Courtney to assistant director of campaign and constituent relations in Division of Development and University Relations.

Wanda Davis to assistant director, conduct academic in Student Services.

W. Clayton Edwards Jr. to director of development in Division of Development and University Relations.

Katherine J. Fegley to radiology assistant manager, Business Systems at Hershey.

Donna A. Frisby to assistant extension agent in Agriculture.

Donna Garlow to clerk A, telephone operator in Academic Services.

April R. Gearhart to receptionist/typist in Business Administration.

Joane R. Ginter to administrative aide in Academic Services.

Scott A. Harrison to pesticide education coordinator in Agriculture.

Deborah Kauffman to engineering assistant in University Libraries.

Eric W. Loop to conference coordinator in Commonwealth Educational System.

James A. Mattern to assistant bursar in Controller's Office.

Albert L. Nakpil to senior systems analyst in Agriculture.

Archie L. Palmore to manager - student loans and scholarships in Controller's Office.

Carol J. Rockey to business manager in C&S - Center for Academic Computing.

Paul D. Ruskin to director of operations in School of Communications.

Roseann Sieminski to bursar in Controller's Office.

Jack W. Sinclair to conference coordinator in Commonwealth Educational System.

Lisa Skripek to clerk typist A in Business Administration.

Darrell Thomas to program director in Academic Services.

Vicki L. Van Dine to senior applications programmer/analyst in Controller's Office.

Eric Vorodi to assistant extension agent in Agriculture.

Vicki L. Weidner to coordinator, campus residential life at Altoona Campus.

Staff Non-Exempt

Beverly A. Beattie to supervisor, preadmission program at Hershey.

Maria L. Bolcavage to clinical head nurse at Hershey.

Ronald M. Copenhagen to senior research aide in Earth and Mineral Sciences.

Marcia M. Haluga to administrative assistant in Earth and Mineral Sciences.

Sandra J. Kerekgyarto to clinical head nurse at Hershey.

Kathy E. Shellenberger to research technologist in Science.

Joanne B. Thal to assistant to the financial officer in President's Office.

Clerical

Beverly L. Bell to secretary B at Hershey.

Amy L. Blair to data preparations operator B in Agriculture.

Dolores F. Brown to secretary B at Hershey.

Ceryl A. Brown to technical secretary B in Senior Vice President for Research and Dean of the Graduate School.

Filomena J. Cramer to secretary A at Hershey.

Susan J. Croyle to secretary A in Engineering.

Shirley A. Epler to secretary B at Hershey.

Karen Ewing to clerk, accounting A in Office of Physical Plant.

Bambi Jo Gates to secretary A in Agriculture.

Donna H. Gibboney to senior office secretary in Student Services.

Linda E. Hosterman to technical secretary C in Applied Research Lab.

Deborah J. Hoy to senior clerk in Division of Development and University Relations.

Mary Jane Johnson to secretary A in Senior Vice President for Research and Dean of the Graduate School.

Marcia A. Krick to secretary A at Hershey.

Michelle L. Lauzon to secretary B at Hershey.

Amy L. Mann to correspondence secretary B in Intercollegiate Athletics.

Wanda L. Martin to technical secretary B in Applied Research Lab.

Tami L. O'Connor to secretary B in Division of Development and University Relations.

Jami J. Rauch to clerk, gift records in Division of Development and University Relations.

Patricia A. Smith to secretary B at Ogontz Campus.

Patricia Thomas to clerk, publications B in Education.

Candace Wert to secretary A in Office of Physical Plant.

Technical Service

Barry R. Carolus to audio-technician A in Commonwealth Educational System.

Robert Dillon to power plant worker in Office of Physical Plant.

Albert Dreiblebis to barn worker, milkier in Agriculture.

Doreen L. Franks to maintenance worker, utility at Capital College.

Nancy C. Lowry to operating room assistant at Hershey.

Douglas Miller to equipment and locker room attendant in Intercollegiate Athletics.

Melvin E. Neal to maintenance worker, general B at Capital College.

John Noll to maintenance worker, utility in Office of Physical Plant.

Donna M. Nye to operating room instrument aide at Hershey.

Steven M. Royer to maintenance worker, general B at Capital College.

Leonard White to power plant worker in Office of Physical Plant.

Travis S. Williams to maintenance worker, utility at Capital College.

Will discuss programming

Leeds professional education director to visit

Continuing education representatives from both sides of the Atlantic Ocean will compare notes at a Penn State seminar in September.

Frankie Todd, director of Continuing Professional Education at the University of Leeds in England, will be the featured speaker during the Sept. 8 seminar at 2 p.m. in the Nittany Lion Inn Assembly Room at University Park. She will discuss "The Role of Higher Education in Continuing Professional Education."

The seminar is open to the public and is being sponsored by the Division of Continuing Education, the Division of Planning Studies and the Adult Education Program.

Those attending the presentation will have the opportunity to speak informally with Mrs. Todd at a reception following the seminar.

In March, John Leathers, director of the Division of Continuing Education, visited Mrs. Todd at the University of Leeds in cooperation with the Office of International Programs to discuss joint international

Frankie Todd

continuing education programs. He also delivered a proposal from Robert B. Sprankle of the Department of

Architectural Engineering for the development of a joint program that would introduce American engineers to various aspects of European life and business.

Mrs. Todd will meet with Dr. Leathers, Mr. Sprankle and other members of the engineering faculty to discuss the proposal. She also will meet with a delegation from the University's Division of Planning Studies, directed by Donna S. Queoney, who is serving as host for the visitor.

Mrs. Todd has been with the University of Leeds since 1988. Earlier she served for two years as the first coordinator of Continuing Education at the University of York in England. She is co-author of *Communication and Learning in Small Groups* and editor of *Planning Continuing Professional Development*.

For more information about the seminar or Mrs. Todd's visit, contact Dr. Queoney at (814) 865-7679.

Bookshelf

The development of a formal, fundamental electromagnetic field theory is the focus of *Time-Harmonic Electromagnetic Fields in Chiral Media*, authored by **Akhlesh Lakhtakia**, assistant professor of engineering science and mechanics, and Distinguished Alumni Professor **Vijay K. Varadan** and **Vasundara V. Varadan**. V.K. Varadan also is a co-director of the Center for the Engineering of Electronic and Acoustic Materials in the College of Engineering.

The book offers original insights into the structure of the electromagnetic field in a chiral medium. Through theoretical exploration of the chirality, or "handedness" of molecules or microstructures, the authors have developed possibilities for a new set of materials for electromagnetic and acoustic applications.

The Lakhtakia/Varadan theory is applicable to both naturally and artificially created chiral materials. The understanding of chirality is of critical importance in the development of novel devices useful for millimeter-wave communications as well as at optical frequencies, according to Lakhtakia.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff support have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion may apply by calling the Employment Division, 863-0304 (network line 433-0304). Applications for these staff vacancies will be accepted until Sept. 7, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment Practices (FES-1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status as a disabled or Vietnam era veteran.

Graduate Admissions Counselor, Capital - Responsible to the coordinator of graduate admissions for all aspects of the graduate admissions process including counseling of prospective students and the processing of applications. In addition, responsible for assisting in the development and implementation of recruitment strategies. Requires bachelor's degree, or equivalent, plus six to nine months effective experience in an academic environment or in the field of marketing. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 STAFF GRADE 5

Project Associate, CES, Planning Studies, University Park Campus - Responsible to the director, Planning Studies, for planning, coordinating research and development activities related to continuing professional education and for conducting a variety of surveys and studies for the Commonwealth Educational System. Requires master's degree, or equivalent, in the social sciences or education, excellent writing and research skills and two to three years of effective experience. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990. WITH A GOOD POSSIBILITY OF RE-FUNDING. STAFF GRADE 7

Senior Auditor, Corporate Controller, University Park Campus - Responsible to the audit manager for performing and directing audits to appraise extent of compliance with University policies and procedures, adequacy and reliability of records and management reports, soundness and adequacy of internal controls, and safeguarding of assets within any of the diverse functions of the University. Requires bachelor's degree, or equivalent, in accounting or related management field and from two to three years of effective experience in internal auditing or operational fields of administration. Ability to communicate well, orally and in writing, is required. STAFF GRADE 7

Assistant Manager - Beaver Campus, Housing and Food Services - Responsible to manager, Housing and Food Services, for assisting in supervising the overall operation of the Housing and Food Service units. Requires associate degree, or equivalent, in institutional management, plus one to two years effective experience in food supervision. STAFF GRADE 5

Medical Social Worker II, College of Medicine, Social Services, Hershey Medical Center - Responsible to the social services coordinator for providing inpatient and outpatient medical social services and provide practical help and emotional support to patients and their families. Requires master's of social work degree from an accredited college or university, or equivalent, one to two years of effective experience. STAFF GRADE 6

Programmer Analyst, Development Center, University Hospital, Information Systems, Hershey Medical Center - Responsible to the manager, Development Center for the analysis of how data processing can be applied to specific user problems for the design of effective data processing solutions and for the development of effective, efficient and well documented programs. Requires bachelor's degree in computer science or equivalent, plus one to two years of effective experience. STAFF GRADE 6

Professional Fees Coordinator, College of Medicine, Surgery, Hershey Medical Center -

Responsible to the accountant, Department of Surgery, for assuring that professional fees are generated for all professional services rendered by physicians within the Division of General Surgery and that General Surgery admissions are handled expeditiously. Requires an R.N., or equivalent, plus one to two years of effective experience. STAFF GRADE 4

Child Life Specialist, University Hospital, Department of Nursing Services, Division of Inpatient Services, Hershey Medical Center - Responsible to the manager, Child Life Program, for providing assistance in the implementation of an educational/recreational program for hospitalized children and clinical patients. Requires bachelor's degree, or equivalent, in psychology, child development, education or a related field with one to two years supervised experience in established child life program. Master's degree preferred. Eligible for professional CLS certification. STAFF GRADE 6

Trauma Nurse Coordinator, College of Medicine, University Hospital, Outpatient Services, Hershey Medical Center - Responsible to the assistant hospital director, Nursing Services/Ambulatory Services, for planning, implementing, coordinating and evaluating the University Hospital's trauma program. Requires master's degree in trauma nursing or related clinical area plus one to two years of effective clinical/administrative trauma experience and licensure to practice professional nursing within the Commonwealth of Pennsylvania. Also required is current certification as 1) certified emergency nurse or certified critical care nurse, 2) Advanced Cardiac Life Support provider certification, 3) Advanced Cardiac Life Support Instructor Certification, 4) pre-hospital Trauma Life Support Instructor Certification, American Trauma Life Support for Nurses Certificate. STAFF GRADE 7

Academic Counselor, School of Communications, Advising Center, University Park Campus - Responsible to the coordinator, Advising Center, for the advising of undergraduate non-major students in School of Communications; act as liaison to Communications academic

departments and student support services; serve as academic advising resource to Communications faculty at University Park and Commonwealth Campus. Requires master's degree, or equivalent, in counseling or related field plus one to two years of effective experience. THIS IS A RE-ANNOUNCEMENT OF A PREVIOUSLY ANNOUNCED POSITION. STAFF GRADE 7

In addition, there are a number of positions that, because of the frequency with which they become vacant, are still available after employees in the work unit have been considered. Some such positions are available on a fairly regular basis. They are not announced each time they are open. Instead, they are announced periodically so a pool of interested candidates can be developed. Applications for such positions may be made at any time, and you are welcome to make your interest known to the Employment Division for further consideration when such vacancies occur. These positions are:

Position Title	Location
Assistant Research Engineer	ARL
Associate Research Engineer	ARL
Research Engineer	ARL
Senior Research Engineer	ARL
Cardiology Technician	Hershey
Clinical Laboratory Assistant	Hershey
Clinical Laboratory Technologist (HEW)	Hershey
Clinical Nursing Specialist	Hershey
Cyto-Technologist	Hershey
Hemodialysis Technician	Hershey
Licensed Practical Nurse	Hershey
Nuclear Medicine Technologist	Hershey
Ophthalmic Technologist	Hershey
Perfusionist	Hershey
Pharmacist	Hershey
Physical Therapist	Hershey
Physician's Assistant	Hershey
Psychiatric Assistant	Hershey
Radiologic Technologist (jr and Sr. Levels)	Hershey
Respiratory Therapy Technician	Hershey
Staff Nurse	Hershey
Vascular Radiology Technologist	Hershey

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

University enters top ten in private fund raising

Penn State has entered the top 10 of public universities that raise philanthropic dollars, according to the Council for Financial Aid to Education.

During the fiscal year of July 1, 1987, to June 30, 1988, Penn State raised \$50.3 million and moved from 11th to 10th place among public universities, the CFAE report said.

"This ranking reflects the impact of our efforts to raise \$300 million through The Campaign for Penn State," G. David Gearhart, senior vice president for development and university relations, said. "The tremendous response to our appeals from alumni and friends, corporations, foundations and other organizations has catapulted Penn State into a position of national leadership in a short time."

The Campaign for Penn State is a six-year effort ending June 30, 1990, to raise funds for academic program support. According to Dr. Gearhart, the campaign "has more than doubled the amount of annual private giving to the University, from \$24.2 million in 1984 to \$50.3 million last year."

The top 10 public universities for 1987-88, according to CFAE, are:
University of California system, \$262 million; University of Texas system, \$167 million; University of Minnesota, \$110 million; University of Wisconsin, \$89 million; University of Washington, \$68 million; University of Michigan, \$68 million; Ohio State University, \$64 million; Georgia Tech, \$63 million; University of

Illinois, \$59 million; Penn State, \$50.3 million.

Penn State also ranked high in other categories of private gift support for 1987-88, the CFAE report showed.

In gifts from individuals (alumni and friends), Penn State received \$24 million and was ranked sixth among public universities. In gifts from parents of students, the University received \$237,000 and was ranked fifth.

In gifts from individuals who are neither alumni nor parents, Penn State received \$12.7 million and was ranked sixth. In gifts received through the corporate gift-matching program, Penn State received \$1.7 million and was ranked second.

In endowment market value, however,

Penn State with \$140 million, was ranked 18th among public universities.

For the most recent fund year -- ending June 30, 1989 -- Penn State earlier had reported raising \$55.2 million. That's a 10 percent increase over the \$50.3 million raised in 1987-88.

"We're working hard to create another record year for private giving in the final year of The Campaign for Penn State," Dr. Gearhart said, "and we hope to improve upon our national rankings in the years ahead."

"Despite our success, it's not going to get easier to do so," he added. "Public universities across the nation have jumped vigorously into the fund-raising arena during the 1980s, and the competition for private dollars is fiercer than ever."

Five Alumni Fellows scheduled to visit University

Five alumni fellows will visit the University during the week of Sept. 10.

The fellows and host colleges are:
Robert A. Meister, College of Business Administration; **Michael H. Herschok**, College of the Liberal Arts; **Ralph L. Horwitz**, College of Medicine; and **Frank Rusinko Jr.** and **Warren M. Washington**, College of Earth and Mineral Sciences.

Mr. Meister, one of the country's leading insurance brokers, returns to University Park Campus Sept. 11 and 12.

He is chairman of James Financial Services, which specializes in executive life and other finance-based insurance products, and director for strategic sales of Fred S. James & Co. Inc., New York City, the fourth largest insurance brokerage company in the country.

In addition, he is a director of Arochem International Inc., a petrochemical and oil refining firm, and the International Financial Group and a board member and business fellow of the Sy Syms School of Business at Yeshiva University, New York City.

Mr. Meister, who received a bachelor's degree in insurance from the College of Business Administration in 1964, is a founder of the Albert Einstein College of Medicine at Yeshiva University.

Mr. Herschok, Pennsylvania secretary for budget since 1987, will visit the University Sept. 11 to 13.

A 1967 Penn State graduate with a bachelor's degree in political science, he received his master's degree in public administration from the Institute of Public Administration in 1969.

He began his career in state government

Robert A. Meister

Michael H. Herschok

Frank Rusinko Jr.

Warren M. Washington

in 1968-69 as a program analyst for the state's planning-programming-budgeting system. In 1971, he returned from military leave of absence as a program analyst in the Governor's Budget Office and as assistant budget director in the Department of Revenue.

After a year as fiscal adviser to the Democratic floor leader, he was appointed executive director of the House Democratic Appropriations Committee, responsible for fiscal and economic development legislation.

Dr. Horwitz, professor of medicine and epidemiology and chief of the Section of General Internal Medicine, Yale University School of Medicine, will visit the Hershey Medical Center Sept. 12. He will lecture on "The Importance of Research" at a convocation at 4 p.m. in the Hospital Auditorium.

He received his B.A. degree from Albright College and his M.D. degree from Hershey. He served an internship/residency at the Royal Victoria Hospital, McGill University, Montreal, Quebec, Canada; a two-year fellowship at the Robert Wood Johnson Clinical Scholars Program at Yale; and a senior assistant residency at Massachusetts General Hospital.

At Yale, he was assistant professor of medicine from 1978 until his promotion to associate professor in 1982. He also has been co-director of the Robert Wood Johnson Clinical Scholars Program since

1978.

Dr. Horwitz received the Henry J. Kaiser Foundation Faculty Scholar Award from 1981-86.

Dr. Rusinko, president of Electrotools Inc., and Dr. Washington, senior scientist at the National Center for Atmospheric Research, will visit University Park Sept. 13 to 15.

Dr. Rusinko earned his B.S., M.S. and Ph.D. degrees in fuel science during a 10-year stay at University Park Campus from 1948-58. He then joined Alcoa Steel

(Continued on page 2)

University Faculty Senate to continue discussing diversity

The University Faculty Senate will continue to address issues of diversity in the University community and curriculum through forensic sessions to be held during both the Sept. 12 and Oct. 10 Senate meetings.

The September session will focus on the climate for diversity across all University domains, while the October session will address issues of possible diversity requirements within the curriculum. No legislative action on these matters will take place at either the September or October meetings. At each session several speakers representing faculty, students, staff and administrators will present statements on the aspect of diversity being addressed.

A member of the University faculty or administrator who is not a senator may request the privilege of the floor to address

the topic briefly at either of these sessions. Requests must be made in writing to the Senate Chair, through the secretary or the Senate, at least four calendar days before the meeting at which the individual wishes to speak.

A University student who is not a senator may request the same privilege of the floor from the Senate Chair through a written request to the Chair of the Committee on Student Life at least four calendar days before the meeting. The Senate Chair reserves the right to limit the number and length of such presentations so that the remainder of the forensic session may be devoted to open discussion among the senators.

Please address your request in care of the Senate Office, Birch Cottage, University Park.

Faculty Senate News

The University Faculty Senate will meet at 1:30 p.m. Tuesday, Sept. 12, in Room 112 Kern Graduate Building.

At the next meeting:

- Forensic Session on the Climate for Diversity in the University Community
- Summary of Student Petitions by College, Unit, Location
- The Use of Faculty Expertise in Physical Planning
- Plans for Strategic Planning

-- Summary of Petitions for Waiver of the 10 Credit Limit for Nondegree Conditional Students (Student Policy 14-00)

-- Informational Report on Awards and Scholarships

-- Annual Report of President's Planning and Budget Advisory Committee

-- Grading at Hershey Medical Center

-- Annual Report of Committee on Faculty Rights and Responsibilities

Focus on Diversity

Undergraduates take part in NSF year-long program

Eight outstanding undergraduate students are participating in a year-long program sponsored by the National Science Foundation to increase the number of scientists in psychology.

Program director, **Robert M. Stern**, professor of psychology, said, "The program is intended to encourage students to pursue graduate training, and is particularly concerned with increasing the number of minority students in the sciences."

The students selected attend Hampton, Harvard and Howard universities, the State University of New York/Stony Brook and Penn State. The Department of Psychology is considered a leader nationally in the graduate training of minority students at the doctoral level. The program was funded through an NSF grant of \$34,560 and by Penn State.

Dr. Stern credited the Penn State students in the group for part of the program's success.

"Our own three students -- Kirsten Rudolph, Erika Lehmann and Elizabeth Henson -- deserve a lot of credit for the great success we had this summer. They

Undergraduates participating in the NSF-funded program are, from left, Tamu McCaster, Kirsten Rudolph, Karen-Marie Scott, Erika Lehmann, Manuel Nunez, Kashemie Rorie (seated), Elizabeth Henson and Austin Grossman.

welcomed the other students, showed them how to use our library, helped them get settled and set an outstanding example.

These students worked extremely hard and accomplished a great deal in the eight weeks they were here. Much of the

research will be publishable when it is completed."

Students worked with Dr. Stern; **Herschel Leibowitz**, Evan Pugh professor of psychology; **Thomas Borkovec**, professor of psychology; **William Ray**, professor of psychology; and **Jules Thayer**, assistant professor of psychology.

The students studied research methodology in a weekly seminar and developed individual projects in five related laboratories. They also visited laboratories at the Hershey Medical Center and a similar NSF-funded program at Kent State University.

The research topics under way range from a study of the effect on nausea of acupuncture (like acupuncture, but without the insertion of a needle) to a study on the effect of anxiety on thinking ability. The students will continue their research during the current year at their home universities and will present their results at a meeting at University Park next spring. Psychology faculty will continue their mentoring relationship with the students and advise them as they prepare to apply to graduate schools.

Alumni Fellows

(Continued from page 1)

Carbon, a division of Airco Inc., where he served as manager of carbon products development, manager of graphite products development and director of development and technical services, before being named vice president and technical director in 1970.

Six years later, he became president of Electrotools Inc., a member company of UTI Corp.

Dr. Rusenko also is author of numerous technical publications on aspects of fuel cells, graphite and gas-carbon reactions. He has held office in the American Chemical

Society, Division of Fuel Chemistry, and in the ACS Penn York Section.

Dr. Washington received his doctorate in meteorology from Penn State in 1964 and subsequently became a research scientist at the National Center for Atmospheric Research in Boulder, Colo. He now is a senior scientist and director of NCAR's Climate and Global Dynamics Division.

An elected Fellow of the American Meteorological Society, he serves as a member of the AMS Council and has been active in the society's programs for minorities. He is an elected Fellow of the American Association for the Advancement of Science and currently serves on the Committee on Climate.

In 1988, Dr. Washington was selected as one of 16 scientists and engineers featured in the Chicago Museum of Science and Industry exhibit titled "Black Achievers in

Science" that will tour major science centers and museums in the United States through 1991.

Bookshelf

Louis Winkler, assistant professor of astronomy, is co-editor of *Great Ideas for Teaching Astronomy*. West Publishing Co. Material for the book was selected from lectures, laboratory presentations and student activity ideas submitted by various college instructors.

Dr. Winkler contributed teaching ideas

for the sections "Methods of Science (and Pseudoscience)" and "Instructional Resources."

Carpooler

A carpool is looking for a fourth driver from the Lewistown area to University Park from 7:30 a.m. to 4:30 p.m. Call 863-0449.

Focus on the arts

The arts on Channel 3

Artworks presents "Progressive Geometric Abstraction in America" airing at 12:30 p.m. Sunday, Sept. 10, on WPSX-TV. Whether it's called modern, abstract, non-objective, non-figurative or avant-garde, it's the art of the 20th century that is not easily understood or appreciated.

"David Copperfield," a five-part adaptation of Charles Dickens' semi-autobiographical novel, will encore on *Multiplex Theatre* beginning at 9 p.m. Sunday, Sept. 10.

Thirty-one year ago, Jasper Johns suddenly emerged as a major figure in American art. "Jasper Johns: Ideas in Paint" will air at 10 p.m. Monday, Sept. 11, on *American Masters*.

Bassoon recital

Daryl Durran, assistant professor of bassoon in the School of Music, will present a recital at 8 p.m. Monday, Sept. 11, in the Recital Hall of the Music Building at University Park.

Performing with Professor Durran will be faculty members Tim Shafer, piano, and members of The Pennsylvania Quintet. Eleanor Duncan, Armstrong, flute; Barry Kroeker, oboe; Smith Toulson, clarinet; and Lisa J. Bontrager, horn.

Odyssey on WPSU

On "The Mystery of Moral Indignation," in the "Odyssey Through Literature" series, host S. Leonard Rubinstein talks with J. Madison Davis, professor of English at the

Behrend College, about his two mystery novels.

The Murder of Fran Scintis, says Professor Rubinstein, reveals a fascination with the extremes of cruelty, with evil inside of everyone.

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Featured author

Eric Walker, University president emeritus (1956-70), will be the featured author at the Penn State Bookstore on campus from noon to 2 p.m. Wednesday, Sept. 13. Dr. Walker will be available to sign and discuss his book *Now It's My Turn, Engineering My Way*.

The public is invited to attend the book-signing. *Now It's My Turn* will be offered at a 20-percent discount during the time of the author appearance.

Skydiving lecture

Al Gramando, owner of Skydive Chambersburg, will talk about the art of skydiving at 8 p.m. Wednesday, Sept. 13, at the Palmer Museum of Art at University Park.

The event complements the Robert Yarber exhibition on display through Sept. 17.

Mr. Gramando's presentation combines a videotape and a discussion of skydiving, as well as the misconceptions of the sport. Mr. Gramando himself is a jumper with 26 years of experience.

Special convocation

A special convocation will be held at 4 p.m. Friday, Sept. 15, in Schwab Auditorium at University Park to honor the four University professors whose design for the Korean War Veterans Memorial was chosen to be built in Washington, D.C.

The design by architects Don Alvaro Leon and John Paul Lucas and landscape architects Veronica Burns Lucas and Eliza Pennypacker Oberholzer was selected by a jury of Korean War veterans from 543 entries in the national competition.

The model of the design, which is on loan to Penn State from the National Battle Monuments Commission and the National Buildings Museum in Washington, D.C., will be on view in the lobby of Schwab Auditorium from 1 to 5 p.m. on the 15th.

During the convocation, the four designers will discuss various aspects of the memorial design project. After the convocation, the model will be returned to the Palmer Museum of Art, where it will be on view in the stairwell gallery through Sept. 24.

Student recital

Nine undergraduate students from the School of Music will perform in a jury recognition recital at 8 p.m. Friday, Sept. 15, in the Recital Hall of the Music Building at University Park.

The students were selected by the music faculty for their outstanding performances in the spring semester juries held last April. Areas from which students were selected include keyboard, voice, woodwinds, brass and percussion.

Recitals scheduled

Joanne Zagst and Leonard Feldman, members of the Alard String Quartet, will present recitals at 8 p.m. Wednesday, Sept. 13, and Sept. 20, in the Recital Hall of the Music Building at University Park. Marylene Dosse will provide accompaniment on piano for both performances.

Each program will feature a solo work by a French composer, string duos and one of the great works for piano and strings by Johannes Brahms.

Art history lecture

The 1989-90 lecture series co-sponsored by the Department of Art History and the Institute for the Arts and Humanities. Studies opens at 8 p.m. Tuesday, Sept. 12, in the HUB Assembly Room at University Park.

This year's series features the theme of "The World and the Italian Architect: Native Images and Reflections Abroad." It honors Hellmut Hager, now in his 18th year as head of the Department of Art History. A scholar of Italian Renaissance and Baroque architecture, Dr. Hager has worked with many of the eminent scholars who will lecture this year either as colleagues or students.

Henry A. Millon, dean of the Center for Advanced Study in the Visual Arts at the National Gallery in Washington, D.C., will open the series with a lecture titled "Filippo Juvarra and Architectural Practice in Piedmont in the Eighteenth Century."

University Park Calendar

September 7- September 17 Special Events

Thursday, September 7

Commission for Women meeting, 10 a.m.-noon, 256 Hammond.
Palmer Museum of Art, Douglas Sirk Film Series, 7:30-9 p.m., Palmer Museum of Art, *Magnificent Obsession* (1954).

Spanish, Italian, Portuguese Lectures, 8 p.m., 101 Kern. Frank Dominguez, Univ. of North Carolina, on "The Adornment of the Body and Jorge Manrique's *Coplas por la muerte de su padre*."

Friday, September 8

Meats Lab opens for sales to the public, 1:30-4 p.m., Friday afternoons during the semester. Palmer Museum of Art, Douglas Sirk Film Series, 7:30-9 p.m., Palmer Museum of Art, *Written on the Wind* (1956).

Center for East Asian Studies, lecture, 7:30 p.m., HUB Fishbowl, David Hess, Voice of America, on the "Role of Media and the China Spring." Reception following lecture.

Saturday, September 9

Palmer Museum of Art, Douglas Sirk Film Series, 7:30-9 p.m., Palmer Museum of Art, *The Taming of the Shrew* (1958).

Monday, September 11

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Donna Rogers, Spanish, on "Fate and Fortune in *Carul e Gurlia*." Refreshments served. School of Music, 8 p.m., Recital Hall, Daryl Duran, bassoon.

Tuesday, September 12

Art History Lecture Series, 8 p.m., HUB Assembly Room. Henry A. Millon, National Gallery, Washington, D.C., on "Juvarra and Architectural Practice in the 18th Century in Piedmont."

Wednesday, September 13

Friends of the Palmer Museum of Art, gallery talk, 8 p.m., Palmer Museum of Art, Al Gramando, owner/operator, Skydive Chambersburg, on "The Art of Skydiving." School of Music, 8 p.m., Recital Hall, Joanne Zagst, violin.

Thursday, September 14

Trustees meet at University Park, through Sept. 15.

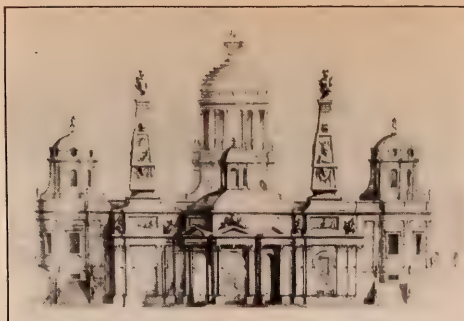

Friday, September 15

Women of Color Luncheon, noon-1 p.m., Nittany Lion Inn.

School of Music, student recital, 8 p.m., Recital Hall, Jury Recognition Recital.

Saturday, September 16

Hort Show, Ag Arena, through Sept. 17.
Sunday, September 17
Friends of the Palmer Museum of Art, play, 2:30 p.m., Palmer Museum of Art, *Siu Hing*. Mary Gage, playwright and associate professor, communications and theater arts. Free. Tickets must be picked up in advance at the Museum Store.

Henry A. Millon, dean, Center for Advanced Study in the Visual Arts, National Gallery, Washington, D.C., will speak on "Filippo Juvarra and Architectural Practice in Piedmont in the 18th Century," at 8 p.m. Sept. 12 in the HUB Assembly Room.

Bicentennial of the French Revolution, 2:30 p.m., Kern lobby. Unveiling of University's French Revolution Machine constructed by faculty and students in Dept. of Architecture.

International Events

International Lecture Series

Dr. John Ross, executive director, Debt for Development Coalition Inc., will discuss "Debt for Development" from 2 to 3:30 p.m. Friday, Sept. 8, in the International Lounge, 222 Boucke. The lecture is cosponsored by the University Office of International Programs and International Programs in Agriculture.

Education Abroad Programs

The application deadline for Education Abroad Programs in Athens, Exeter and San Germain has been extended to Sept. 15. The deadline for all 1990-91 programs is Oct. 16.

The Office of International Programs will offer two programs illustrating educational opportunities at San Germain, Puerto Rico, and Athens, Greece: San Germain, 7 to 9 p.m. Tuesday, Sept. 12, includes a student-made video; Athens, 7:30 to 9 p.m. Wednesday, Sept. 13, includes a slide presentation. Both programs are in 222 Boucke.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5:30-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Creative License," 12:30 p.m. Thursdays, hosted by Cherie S. Lewis

Conferences

Continuing Education Keller Building

Sept. 11-13, Technical Elements of Surface Coal Mining, L. Barry Phelps, associate professor of mining engineering, chair.

Sept. 14, Allegheny Education Broadcast Council, Marlene Temeles, program and utility coordinator, chair.

Sept. 14, Pennsylvania Bar Institute, Jerri Milson, coordinator.

Sept. 15, R. Hadly Waters Logistics and Transportation Symposium, Robert Novack, assistant professor of business logistics, chair.

Executive Programs

Sept. 17-22, Management Program for Transportation and Highway Engineers, academic program coordinators: Dr. Walter P. Kilareski, assistant professor of civil engineering, and Dr. Evelyn A. Thomchick, assistant professor of business logistics

Seminars

Thursday, September 7
Physics Colloquium, 3:30 p.m., 55 Osmond Lab. Dr. Richard Isaacson, National Science Foundation, on "Search for Gravitational Waves." Contact Dr. Banavar, 801-2055.

Ecology, 3:45 p.m., 111 Warrick Vivian Wikon, director, Pan African Decade of Dukes Research and Chigangali Trust, Zimbabwe, Africa, on "Dukers in the Rain Forest of Africa."

Friday, September 8
Kappe Environmental Engineering Seminar Series, 3:35-5 p.m., 127 Sackett, Dr. Charles T.

For information about Penn State arts and calendar events and the weather, call 863-1234 and follow the directions given in the recorded message.

Driscoll, Syracuse Univ., on "Long Term Biogeochemical Treatment of Hubbard Brook Experimental Forest."

Tuesday, September 12

Gerontology Colloquia, noon-1 p.m., 101 Health and Human Development East, Dr. Peter D. Bennett, marketing, on "Consumer Behavior of the Elderly: A Marketing Perspective." CAMP, 4 p.m., 339 Dorey Lab, R. Morra on "Electronic States of Magnetic Thin Films."

Wednesday, September 13

Graduate Lecture Series, 4 p.m., 112 Kern. Robert K. Plomin on "Nature and Nurture in Human Development" Refreshments and reception, 3:30 p.m.

Thursday, September 14

Physics Colloquium, 3:30 p.m., 55 Osmond Lab. Dr. Morrel H. Cohen, Exxon Research, on "Comments on the Theory of High Temperature Superconductivity."

Ecology, 3:45 p.m., 111 Warrick, Dr. Marc D. Abrams on "Successional Pathways Following Clearcutting and Burning in Jack Pine Communities in Michigan."

Earth and Mineral Sciences, 4 p.m., 412 Walker Bldg, Warren M. Washington, National Center for Atmospheric Research, on "Computer Simulation of the Greenhouse Effect."

Friday, September 15

Earth and Mineral Sciences, 9 a.m., 101 Steidle Bldg, Frank Rusinko Jr., Electrotools Inc., on "Fuel Science Revisited from the Business World."

Exhibits

Chambers Gallery

School of Visual Arts Prints and Medallies, through Oct. 13

HUB Galleries

Art Alley Cases:

Clay in Process by the SCASD Community Education pottery class, through Sept. 29

Art Alley Panels:

Ink Meets Paper by Craig Anzelowicz with Nigel, through Sept. 29

Formal Gallery:

People, Places, Patterns by Heinz K. Henisch, through Sept. 22

Palmer Museum of Art

Robert Yarber Paintings 1980-88, through Sept. 17.

Turn-of-the-Century European Posters from the Museum's Collection, through Nov. 5

Bellefleur Collects, through Oct. 22.

Pattie Library

East Centor Galleries: Brooker, Stephen Carpenter II, "Works in Clay," through Sept. 22.

Lending Services:

John O'Hara Movie Posters, through Sept. 15.

West Lobby Gallery:

Many Vellera, Recent Works, through Sept. 20.

Zoller Gallery

Neopunkedelic Invitational Exhibit, through Sept. 30.

Computers in the classroom

The Computer-Based Education Laboratory will offer a seminar focusing on issues and concerns of using computers in the classroom as an instructional tool. A brief presentation of examples of computer use will precede the discussion.

The seminar will be held from 2:30 to 4:30 p.m. Thursday, Sept. 14, in Room 141 Computer Building, University Park. Call Larry Ragan at 863-1054 for more information.

Preschool openings

The Penn State Child Development Laboratory, a preschool for children 2 1/2 to 6 years, currently has half-day morning openings (7:30 a.m.-12:30 p.m.) available for 4 to 6-year-olds and a limited number of full-day openings (7:30 a.m.-5:30 p.m.) for 2 1/2 to 6-year-olds. The preschool is operated by the Department of Human Development and Family Studies in the College of Health and Human Development.

For more information about enrollment, please call 863-0267 or visit the Child Development Laboratory office in S-24 Henderson Building.

News in Brief

Meats Lab to open

The Penn State Meats Lab at University Park will open for sales to the public from 1:30 to 4 p.m. Friday afternoons during the semester, starting Sept. 8. The sales program is part of the undergraduate program in animal science, which includes classes in meat evaluation, slaughtering, meat cutting and marketing. Meat sold comes from University herds and has been butchered and prepared by students.

The Meats Lab is a small meat-packing plant operated by the Department of Dairy and Animal Science as a teaching facility. It is located on Porter Road, directly across from Beaver Stadium. For more information contact Meats Lab manager Mark Stevenson at (610) 865-1787.

Lecture on China and the media

David Hess, head of the China Branch, Voice of America, will speak on the "Role of Media and the China Spring" at 7:30 p.m. Friday, Sept. 8, in the HUB Fishbowl at University Park.

Mr. Hess, who supervises the VOA

on China, will address what the VOA and western news organizations have done and the role of media in the China uprising, among other issues.

Faculty Women's Club

New female faculty or administrative staff, and wives of new faculty or administrative staff are invited to join the Penn State Faculty Women's Club.

On Sept. 12, the Faculty Women's Club will host a fall reception at the Kern Graduate Building. Newcomers will have an opportunity to sign up for various events planned especially for them.

For more information, call Barb Walther, 234-4793; Dawn Archibald, 237-4906; Linda Miller, 466-7670; Pat Yost, 237-3437; and Gloria Dougherty, 867-8068.

Graduate Lecture Series

Robert Plomin, professor of human development, will begin the 1989 Graduate Lecture Series with a presentation on research dealing with twins and adopted children at 4 p.m.

Wednesday, Sept. 13, in Room 112

Kern Building at University Park.

In his lecture, "Nature and Nurture in Human Development," Dr. Plomin will review studies of twins and adopted children that point to substantial genetic influence on human behavioral development. He also will discuss the impact of environmental factors, which operate very differently than previously thought.

Women's Alliance

Billie W. Willis, assistant vice president for human resources, will discuss "Institutional Responses to Women's Changing Roles" at a meeting of the Women's Alliance at 7:30 p.m.

Wednesday, Sept. 13, in the Kern

Graduate Center at University Park.

The Women's Alliance provides opportunities for community and campus-affiliated women to come together on a regular basis for discussion, networking, and advocacy activities that expand knowledge, improve skills, and enhance careers. Membership is open to women faculty, staff, and students from Penn State as well as non-University women throughout the Centre Region.

Faculty members will evaluate USDA project

Following a national competition, the University's Institute for Policy Research and Evaluation and Center for Applied Behavioral Sciences have received a \$1.8 million, five-year award to evaluate the U.S. Department of Agriculture's Personnel Demonstration Project.

Co-directed by Irwin Feller, professor of economics and director of IPRE and Frank Landy, professor of psychology and director of CABS, an interdisciplinary group of Penn State faculty and research associates will evaluate new approaches used by USDA's Agricultural Research Service and Forest Service to recruit, hire and evaluate scientific, technical and other personnel at approximately 220 experimental and comparison sites across the United States.

Participating in the project in addition to Drs. Feller and Landy will be John Stevens, professor of public administration; Lance Shottland, professor of psychology; Mel Mark, associate professor of psychology; Jill Feindeis, associate professor of agricultural economics; Wesley Musser,

associate professor of agricultural economics and Ann Landy, research associate, Institute for Policy Research and Evaluation.

An advisory panel of administrators and faculty from the College of Agriculture also will be formed to work with the research team.

The panel will include Charles Krueger, associate dean for research, College of Agriculture; William Lacey, assistant dean for research, College of Agriculture; Alfried Sullivan, head, School of Forest Resources; Herbert Siegel, head, Department of Poultry Science; Herbert Cole, head, Department of Plant Pathology; Shannon Stokes, head, Department of Agricultural Economics and Rural Sociology; and Edwin Rajotte, assistant professor of entomology.

The award was made for an open, national competition involving research universities and major consulting firms.

"This may be the largest and most complex personnel project launched by a federal agency in many years. What we

learn from this evaluation may determine federal employment policies for the next decade," Dr. Landy said.

Dr. Feller added, "We were challenged by the complexity of the analytical issues and by the importance of the national policy issues raised by the USDA Demonstration Project."

"Our award attests to Penn State's ability to bring together the talents of faculty and researchers from the social and behavioral sciences, from the colleges of the Liberal Arts and of Agriculture."

Obituaries

Richard A. Marbury, janitorial worker in the Office of Physical Plant, since Dec. 1, 1986, died Aug. 15 at the age of 52.

Isabelle K. Miller, residence hall worker, Housing and Food Services, from July 7, 1960, until her retirement Dec. 18, 1973, died Aug. 11 at the age of 73.

Faculty/Staff Alerts

Sample resume styles available

When the University Employment Division discusses bidders for an administrative or professional position announced in the *Penn State Intercom* with the college or department with the vacancy, initial evaluations of those who applied often are made from resumes previously furnished by the candidates.

Perhaps you have a resume of your background that you may wish to use sometime, but you feel it does not represent you in the best way possible. The University Employment Division has available, upon request, samples of resume styles. A neat, orderly, concise approach in presenting your background information to a prospective supervisor may enhance your situation.

A copy of sample resume styles is available from the University Employment Division, 865-1387 (Network 475-1387).

Staff Vacancies

The following vacancies for positions classified as staff exempt from staff nonemployment have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in positions may APPLY BY CALLING THE

EMPLOYMENT DIVISION, 865-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Sept. 14, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with fair employment practices (EEO) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age as provided by laws, rules, or status as a disabled or Vietnam era veteran.

*** Coordinator, Collections, Hospital, Financial Management, Hershey Medical Center** - Responsible to the manager, Credit and Collections, for coordinating the functions of the collections area to include monitoring and evaluating the work performance of the clerical staff and counseling patients with delinquent accounts. Requires an associate degree or equivalent in business administration plus one to two years of effective experience. **STAFF GRADE 4**

*** Physician's Assistant, College of Medicine, Department of Medicine, Division of Cardiology, Hershey Medical Center** - Responsible to the chief Division of Cardiology and to a cardiologist for the direct medical care of patients to include completing histories and completing physical examinations, assisting during cardiac catheterizations, electrophysiology studies, performing exercise stress tests and assisting in cardiac clinics. Requires graduate of an AHA approved physician's assistant program plus certification in the state of Pennsylvania as a physician's assistant or certification in another state with reciprocity, and one to five years of effective experience. **STAFF GRADE 5**

*** Police Service Officer, Penn State Harrisburg** - Responsible to the supervisor, Safety and Police Services, for carrying out the functions of protection of life and property, preservation of peace and good order of the community, enforcement of laws.

public safety, investigative work and other related duties. Requires associate degree or equivalent in academic credits and one to two years of effective law enforcement experience. Similar combinations of education and experience may satisfy the above requirements. Active pursuit of a baccalaureate degree in social sciences is desirable. Applicants must possess a valid Pennsylvania driver's license, have a clear driving record and no criminal record. Standard Red Cross certificates and CPR training are desirable. Must be certifiable under Pennsylvania Act 120 (municipal police officer training). **STAFF GRADE 5**

*** Technology Licensing Officer, Senior Vice President for Research and Dean of the Graduate School, Intellectual Property Office, University Park Campus** - Responsible to the manager, Intellectual Property Office, for the handling and licensing of inventions of the various campuses of Penn State, develop and administer working relationships with industry directed toward the transfer of the University's intellectual property rights to the private sector, responsible for the day to day management of both staff and utility inventions from receipt to disposition. Requires master's degree or equivalent training and two to four years of effective experience. **STAFF GRADE 8**

*** Director of Development, Division of**

Development and University Relations, College of Business Administration, University Park Campus - Responsible to the executive director of university development for all fund-raising programs and related activities for the College of Business Administration. Requires bachelor's degree or equivalent in marketing, communications or related fields, plus four to five years of effective experience in fund raising in a nonprofit environment with evidence of skill in verbal and written communications. Travel required. **STAFF GRADE 9**

*** Development Assistant, Division of Development and University Relations, College of Business Administration, University Park Campus** - Responsible to the director of development, senior development officer or development officer for assistance in the organization and implementation of fund raising programs and related activities in an assigned college, within the context of a major Universitywide campaign. Requires bachelor's degree or equivalent plus one to two years of effective experience in public relations, fund raising or related field. Proficiency in verbal and written communications skills is highly desirable. Willingness to travel is essential. **THIS IS A FIXED-TERM POSITION. FUNDING THROUGH JUNE 30, 1990. WITH GOOD POSSIBILITY OF RE-FUNDING. STAFF GRADE 6**

Applications being sought for position

Applications and nominations are being sought for the position of associate vice president for development and university relations. The associate vice president reports directly to the senior vice president for development and university relations and will provide senior level leadership and liaison for the constituency-based fund-raising program at Penn State.

The Division of Development and University Relations incorporates the Office of University Development, Penn State Alumni Association, Office of University Relations, Office of Campus and Constituent Relations and the Office of Special Events. A major priority of the division is The Campaign for Penn State, a

\$300 million fund drive to enhance the University's academic enterprise.

A bachelor's degree and a minimum of five years successful university experience in a development setting are required. Proven performance in fund-raising, good organizational, writing and speaking skills, and a strong background in administrative leadership are essential.

G. David Gearhart, senior vice president for development and university relations, is serving as chairman of the search committee. Applications and nominations should be sent to: Search Committee for Associate Vice President for Development and University Relations, 116 Old Main, University Park, PA 16802.

Vice president search committee named

A search committee has been appointed to identify candidates for the position of vice president for continuing education. **J.D. Hammond**, dean of the College of Business Administration, will chair the committee.

Other committee members are **Charles Bursey**, professor of biology, Shenango Valley Campus; **James F. Campbell**, director of continuing education, Wilkes-Barre Campus; **Donald E. Evans**, assistant dean and assistant director, Penn State Cooperative Extension; **James D. Gallagher**, campus executive officer,

Worthington Scranton Campus; **Grace Hampton**, vice provost, Ruth Leventhal, provost and dean, Penn State Harrisburg; **John C. Marshall**, director of field services, Division of Continuing Education; **Richard A. Molo**, associate professor of electrical engineering, **Sara J. Parks**, associate dean for Commonwealth Educational System Programs, College of Health and Human Development; **Raja V. Ramani**, head of the Department of Mineral Engineering; and **John J. Romano**, campus executive officer, York Campus.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

New Center for Logistics Research is established

Logistics -- long a strength discipline of the College of Business Administration -- is the focus of the new Center for Logistics Research at the University.

According to **John J. Coyle**, center executive director and professor of business logistics, the center can offer unique expertise and knowledge that will be available to assist businesses, government agencies and other organizations in cutting costs and operating more efficiently.

"Technological change and intense competition are transforming the way businesses look at materials management

and physical distribution," Dr. Coyle said.

One goal of the Center for Logistics Research is to help managers understand that a good logistics strategy is not merely the nuts and bolts of a business, but it also can be a competitive edge, he added.

In one early project, the center is looking at ways in which artificial intelligence might be applied to the transportation and logistical operations of a firm -- simulating the outcomes of different strategies like a human manager, but working much faster and taking into account more variables.

The center also is working with a

Scandinavian furniture manufacturer that has a foothold on the East Coast of the United States and is hoping to expand into the West Coast market. The company is accustomed to European methods for warehousing and distribution, which may not be suited to the American business environment.

Working closely with Dr. Coyle in the development of the center are associate directors **Alan J. Stenger** and **John E. Tyworth**, both associate professors of business logistics.

Involved in early research projects are

Joseph L. Cavinato and **Kant Rao**, associate professors of business logistics; and **Robert A. Novack** and **Gary L. Gittings**, assistant professors of business logistics.

The center also plans to conduct basic research, delving into the nature and dynamics of material-product flow processes. In the coming months, an advisory panel of top-level executives of manufacturing, service and transportation companies will be assembled.

Plans are now under way to hold a conference on the challenges in the field.

Roth heads new Auxiliary/Recreation Services

For golfers, tennis players, ice skaters, bowlers and visitors to the Stone Valley Recreation Area, it has been business as usual at the University's recreation facilities, but behind the scenes, a change has taken place. On July 1, administrative responsibility for these recreation facilities shifted from Intercollegiate Athletics to the Office of the Vice President for Business and Operations, **John S. Bischoff** said.

The administrative unit's new name is Auxiliary/Recreation Services. Mr. Bischoff serves as director of auxiliary services, and **Dale M. Roth** is manager of Auxiliary/Recreation Services. James M. Wagner, associate vice president for business and operations, oversees the unit.

With this reorganization, most of the auxiliary recreation facilities used by both the University community and the general public have been grouped together, while other recreation facilities used primarily

by the University community remain under the supervision of other administrative units, Mr. Bischoff explained.

To those taking advantage of the Blue and White golf courses, the tennis club, ice skating rink, bowling lanes and Stone Valley recreation facilities, the administrative reorganization has had no noticeable impact, Mr. Roth said.

"We're still serving the same clientele. For the immediate future, there will be no changes in the level of services or their availability to the faculty, staff, students and general public," he added.

The one main change involves the business office location for these facilities, which is now in 304 Old Main.

While there are no planned immediate changes, long-range planning is under way to expand and improve recreational services, Mr. Bischoff said.

"Our goal is to provide enhanced services to more people," he said.

Among the planned improvements are a redesign of the Blue and White golf courses. Arnold Palmer's design group has been hired, and construction should start this fall, Mr. Bischoff said.

During construction, nine of the 36 holes will be closed, beginning in spring 1990. In addition, a new club house will be built, replacing the current pro shops and existing club house.

By next spring, the first lighted practice range in the Centre Region is planned to open at the University's golf courses. The target date for reopening of the new golf course is set for fall 1991.

Other improvements are planned for Stone Valley. Sewer and water renovations are being studied, as well as other projects such as additional winterized cabins, Mr. Roth said.

Center is involved in space research

NASA's Ames Research Center, Genentech Inc., South San Francisco, Calif., and Penn State's Center for Cell Research, have announced their long-term collaboration on a major new commercial space research project in life sciences.

The project involves a series of ground-based and Space Shuttle experiments to expand previous findings by NASA, Penn State, and other investigators that

microgravity accelerates reduction in bone calcium, body mass and immune cell function.

The flight program, sponsored by NASA's Office of Commercial Programs and managed by Ames, is expected to begin in 1990 with a Space Shuttle experiment coordinated by Penn State's Center for Cell Research, one of NASA's 16 Centers for the Commercial

Development of Space (CCDS).

The Center for Cell Research is a co-investigator in this research and is exchanging information, expertise and flight experience with Genentech in addition to offering the company an opportunity to fly space experiments as part of the CCDS mandate.

The center, established in 1987, is one of only three biologically oriented CCDS. It is charged with making flight opportunities available to commercial organizations

through the broad-based research collaboration conducted by the center's 35 scientists.

Dr. Wesley Hymer, CCR center director, said, "Our objective is not only to define the fundamental mechanisms of mammalian cell function on earth and in space, which is basic research, but also to commercialize our findings in cooperation with private industry. We're pleased to be part of this innovative research project."

Ribbon-cutting is held for new center

A ribbon-cutting ceremony was held on Sunday, Sept. 10, for the Magic Years Child Care and Learning Center at the Milton S. Eisenhower Medical Center.

Magic Years will soon provide day care for children of Medical Center employees by accommodating up to 150 youngsters with separate areas for infants, toddlers, and preschool children. Over 120 children have already been enrolled in the center.

Bruce Edwards, director of human resources at the Medical Center, hosted the program. Participants included Jill Findes, chairperson of Penn State's Commission for Women; Rebecca Jenkins, member of the Medical Center's Committee for Women; and Paul Reilly, president of Magic Years.

Magic Years, which specializes in operating child-care centers at other health-care facilities, will operate the center and lease the land from the Medical Center on a long-term basis. The center is located east of the Medical Center, adjacent to the University Manor East housing complex.

Engineering executive Harvey F. Brush has given \$1.2 million to endow a faculty chair in the College of Engineering. See the story on page 2.

University's Combustion Lab gets Department of Energy grant

The University's Combustion Laboratory has been awarded \$1.54 million by the U.S. Department of Energy to investigate superclean coal-water slurry fuels.

The project will demonstrate the performance of an off-the-shelf oil or gas boiler when it is run on superclean coal-water slurry fuel. The project is linked to a DOE agreement with the Italian Ministry of Industry that will coordinate similar tests, primarily through ENEL, the Italian national utility, and ENI, the state-owned hydrocarbon company.

"The Italians are interested in this technology because of their heavy dependence on imported oil," said Alan W. Scaroni, director of the Combustion Laboratory and associate professor of fuel science. "They would like to diversify their fuel supply, and coal is one option."

The project, which is funded for 15 months beginning Aug. 15, will burn about 1,000 tons of slurry during the first year. The University will purchase the superclean

coal-water slurry from one of three competing suppliers.

The tests will be run on a demonstration boiler to be located at the East Campus Heating Plant at University Park. The boiler will be capable of producing 15,000 pounds per hour of steam and could heat 75 apartments or living space for 3,000 people.

The coal-water slurry demonstration is a cost-shared project, and Penn State and the Commonwealth of Pennsylvania will contribute \$1.56 million to the project.

"The stipulation with the Commonwealth is that the coal come from Pennsylvania," Dr. Scaroni said. "If the slurry comes from an out-of-state vendor, it will still be made from Pennsylvania coal."

Since 1984, the Combustion Laboratory has been conducting background research and development on coal-water fuels. A smaller research boiler was installed in the Combustion Lab, and a range of Pennsylvania coal-water slurries has been tested.

Focus on Diversity

Scholars complete summer research projects

The Whitaker Foundation and Commonwealth scholars at the College of Medicine Hershey Medical Center completed their summer research projects by participating in a symposium in August. Each student prepared an oral or poster presentation of the results of their work.

This was the first year for the Whitaker scholarships which were made available by a \$250,000 grant from the Whitaker Foundation. Fourteen students from six area colleges received a \$2,000 award and housing for eight weeks at the Medical Center. Each student was matched with a faculty mentor who shared his or her research interests.

"I learned what science and doing research in a lab are all about," said Messiah College student Leanne Bender during her oral presentation of her research on sleep.

The Medical Center has participated in the Commonwealth Scholarship program for three years. These scholarships sponsored by Penn State's EOPC provide eight-week summer research opportunities to minority students at undergraduate colleges across the state. Six students received scholarships this year.

Both scholarships are open to undergraduate students who major in the

sciences and have completed their sophomore year. Applications will be

available for next summer's programs after Jan. 1, by calling (717) 531-8051.

Commonwealth scholar and Penn State student, Kimberly Moore, reviews her research poster presentation with Whitaker scholar, Marcia Thomas, from Messiah College.

WPSX-TV program

The impact of AIDS on minority communities in the United States is the subject of *Other Faces of AIDS*, a one-hour documentary airing at 2 p.m. Saturday, Sept. 16, on Channel 3.

AIDS is devastating many black and hispanic communities, a fact that has been largely unreported. Nearly one-third of reported AIDS cases involve black men; almost eight out of 10 babies born with the virus are black; and in some hispanic communities the heterosexual transmission rate is six times greater than for whites.

Despite numerous public information campaigns, tremendous media attention and a general increase in public awareness about AIDS, the message has clearly missed the mark in the minority community. The documentary offers interviews with both public officials and key players in the AIDS education effort.

Women of the Calabash, an all-female percussion and vocal ensemble, play calabashes and gourdlike instruments commonly used throughout the Third World on *Alive from Off Center* airing at 10 p.m. Sunday, Sept. 17. Their energetic performance revives traditional African rhythms and fuses them with the contemporary sounds of Latin America, the Caribbean and black America.

Series on scholarship on lesbian and gay lives set

Nationally prominent scholars and researchers in lesbian and gay studies will be visiting University Park during the 1989-90 academic year to participate in a colloquium series, "Contemporary Scholarship on Lesbian and Gay Lives."

The series, funded by the Equal Opportunity Planning Committee (EOPC) and the Department of Human Development and Family Studies in the College of Health and Human Development, is designed to provide exposure to current work in a variety of disciplines, including history, literary analysis, and human development.

It is coordinated by Anthony R. D'Augelli, associate professor of human development, and Lisa Henderson, instructor of communications, and is co-

sponsored by the Black Studies Program, the Paul Robeson Cultural Center, the Center for Women Students, the School of Communications, and the Women's Studies

Program.

Speakers for the series are **Martin Bauml Duberman**, City University of New York, "Hidden from History: Reclaiming

the Lesbian and Gay Past," Sept. 20; **Esther Newton**, State University of New York at Purchase, "The Fun Gay Ladies: Lesbians in Cherry Grove, 1938-1961," Oct. 16;

Gilbert Herdt, University of Chicago, "Adolescent Gay and Lesbian Development: Coming Out as a Rite of Passage," Nov. 9.

Eve Kosofsky Sedgwick, Duke University, "Denaturalizing Heterosexuality," Jan. 29, 1990. **Ritch Savin-Williams**, Cornell University, "Gay and Lesbian Youth: Expressions of Identity," March 19, and **John D'Emilio**, University of North Carolina, "Lesbian and Gay Studies: New Kid on the Block," April 18.

All presentations will be held in the HUB Assembly Room.

Diversity opportunities calendar

Wednesday, Sept. 20

Martin Bauml Duberman, distinguished professor of history, Lehman College, City University of New York, will give a lecture titled "Hidden from History: Reclaiming the Lesbian and Gay Past" 8 p.m. in the HUB Assembly Room.

Dr. Duberman's speech is first in a colloquium series titled "Contemporary Scholarship on Lesbian and Gay Lives." Throughout the 1989-90 academic year

nationally prominent scholars and researchers in lesbian and gay studies will visit University Park to provide exposure to current work in a variety of disciplines, including history, literary analysis and human development.

The series is coordinated by Anthony R. D'Augelli, associate professor of human development and Lisa Henderson, instructor, in the School of Communications.

The Campaign for Penn State

Harvey Brush endows faculty chair in Engineering

Engineering executive Harvey F. Brush of San Francisco has given \$1.2 million to endow a faculty chair in the College of Engineering. The Brush Chair in Materials will be held by a prominent scholar who will specialize in interdisciplinary research in material analysis and application.

The Brush gift is a part of The Campaign for Penn State. The University's six-year effort to raise \$300 million for academic purposes.

"Harvey Brush has been a great benefactor of Penn State, and we're proud to have his name grace a chair in our College of Engineering, one of the nation's top engineering programs," President Jordan said.

Mr. Brush, a Penn State alumnus, retired in 1980 as executive vice president of Bechtel Group, Inc., the parent of Bechtel Corp., the world's largest engineering construction company. He remains active as a consultant and has served as a trustee and director of the Bechtel Foundation.

"Materials problems are a major limiting factor in applications of scientific thought to engineering reality," John A. Brighton, dean of the College of Engineering, said. "The Brush Chair will bridge the gaps, on a

University-wide level, between theory and experimentation, and the practical applications of materials."

Mr. Brush said he endowed an interdisciplinary chair because he wanted to promote the sharing of information among engineering disciplines.

"In my career, I've had to be a jack-of-all-trades, working with all kinds of experts on specific problems," he said. "There's a synergy that occurs when different types of people, with broadly differing backgrounds, come together."

Mr. Brush graduated in 1942, with a degree in chemical engineering. He is a past governor of the American Society of Mechanical Engineers and a fellow of the American Nuclear Society.

In 1984, Penn State named him an Outstanding Engineering Alumnus, and he received the Distinguished Alumnus award in 1985. He has served on the College of Engineering's Industrial and Professional Advisory Council and is a member of the National Campaign Committee of the Campaign for Penn State.

In 1986, he and his wife, Geraldine, who died last year, established a graduate fellowship in engineering.

Including the Brush chair, Penn State has four endowed chairs in engineering and 27 University-wide. Chairs require a minimum endowment of \$1 million. Income from the

endowment typically supports research, graduate assistants, scholarly travel and other activities related to the chairholder's academic program.

Gift for cable communications chair

A Los Angeles-based cable television pioneer and his wife have committed \$40,000 to help create the nation's first faculty chair in cable communications at Penn State.

Burt L. and Shirley Harris's gift is their second major contribution to the successful drive to raise \$2 million for the National Cable Television Center and Museum.

"We're grateful for Burt and Shirley's foresight and support," said Marlowe Froke, director of the museum. "The center and chair will be significant resources for practitioner and researchers alike."

Mr. Harris is a member of the Cable TV Pioneers, who, in collaboration with the National Cable Television Association, began planning the center and museum in 1985. Their aim was to establish a single national archive for the history and

continuing development of cable television.

He has owned and operated cable television companies for more than 25 years, and is president, chief executive officer and director of Harriscope, which owns and operates television stations in Chicago and Los Angeles. Mr. Harris also heads the center and museum's committee for financial support.

The center and museum will establish a comprehensive national archive of the history and development of the cable television industry. It also will provide educational opportunities for scholars, cable industry professionals and others.

The center and museum is housed in temporary quarters, pending construction of a new building. Building schedules have not been announced by the University.

For three major awards Teaching nominations sought

Nominations currently are being accepted for the University's three major teaching awards—the George W. Atherton Award for Excellence in Teaching, the Christian R. and Mary F. Lindback Award, and the Penn State Teaching Fellow Award.

The Atherton Award is designed to recognize excellence in teaching performance in the undergraduate program of the University. There are four awards to be presented, with at least two of the awards to be made to faculty at campuses other than University Park.

The Lindback Award, funded by members of the Lindback family, is given in recognition of outstanding teaching at the University. Two awards will be presented.

The Teaching Fellow Award, established jointly by the Alumni Association,

Undergraduate Student Government and the Graduate Student Association, honors distinguished teaching while providing encouragement and incentive for teaching excellence at Penn State. One or more awards will be given.

Nomination forms for the Atherton and Lindback Awards are available from the Office of the Vice Provost and Dean for Undergraduate Education, 207 Old Main, University Park. All nominations must be received in 207 Old Main by Oct. 7.

Nomination forms for the Teaching Fellow Award are available from the Alumni Association, 105 Old Main. All nominations must be received in 105 Old Main by Nov. 15.

Presentation of the awards will be made at the University Awards Convocation in April.

Dorothy V. Harris

Dorothy Harris is inducted as Fellow

Dorothy V. Harris, professor of exercise and sport science, was inducted as a Fellow of the International Society of Sport Psychology at the World Congress in Singapore. She is the first American and the first woman to become a Fellow in the ISSP.

Dr. Harris has been active in the Society since its conception in 1964, serving three terms on the Managing Council, and as treasurer, editor of the first Newsletter, membership chairperson, as well as chairperson of the ethics and constitution committees. She also designed the logo used by the Society.

Others inducted as Fellows were: F. Antonelli, Italy; P. Genov, Bulgaria; H. Reider, West Germany; P. Kunath, East Germany, and M. Vanek, Czechoslovakia.

Conference to explore freshman seminar courses

A one-day conference on Freshman Seminar courses, sponsored by the Office of the Vice Provost and Dean for Undergraduate Education, will be held Nov. 2 at the Keller Conference Center at University Park.

The conference is being planned by the Freshman Seminar Resource Committee, which was appointed last year to facilitate ongoing communications within and outside the University on freshman seminars.

Jerry B. Covert, associate dean for undergraduate education, said the goal of

the conference is to provide information to faculty and staff on the nature of freshman seminars, and to demonstrate a variety of such courses that currently are being taught at Penn State.

"Conference participants," he said "will have an opportunity to attend lectures and discussions with University faculty members who teach freshman seminars, and also to specifically address how these courses fit into the curriculum."

William C. Richardson, executive vice president and provost of the University, will welcome the conference participants.

Presentations will be made by Dr. Covert and M. Lee Upcraft, assistant vice president for counseling services and program assessment, and co-chair of the Freshman Seminar Resource Committee.

Persons interested in attending the conference may obtain registration forms in Room 207 Old Main.

Workshop scheduled

A workshop on curriculum integration, sponsored by the Office of the Vice Provost and Dean for Undergraduate Education, will be held Oct. 13 and 14 in

Keller Building at University Park. According to Jerry B. Covert, the workshop, "Strengthening Our Commitment: A Faculty Workshop on Curriculum Integration," is designed to build on last year's conference on curriculum integration as well as to set the stage for a more intensive effort to integrate the curriculum in the future.

The goal, he said, is to provide training for faculty in integrating diverse racial, ethnic, and gender perspectives into courses.

For more information or a registration form, call the Office of the Vice Provost and Dean for Undergraduate Education at 863-1864.

News in Brief

Cigarette smokers

The surgeon general has determined that cigarette smoking is highly addictive. The Centre for Tobacco Research, Health Education Department, is nearing completion of recruitment for its smoking cessation research study using 4mg. Nicorette gum. There still are a few spaces available.

If you are between the ages of 25 and 60, and serious about quitting, please contact the centre at 865-3767. Since the study is nearing the maximum number of participants, don't delay in calling.

Golden Key chapter honored

The Penn State chapter of the Golden Key National Honor Society has been selected from 140 collegiate chapters nationally to receive the society's prestigious Key Chapter Award.

The award is presented annually to the outstanding chapters that surpass and excel in their fulfillment of chapter responsibilities and that create an environment of achievement and strong leadership at their universities.

Golden Key is a national non-profit honors organization founded to provide recognition to academically motivated juniors and seniors in all undergraduate fields of study.

Dietetic association grant

The Division of Planning Studies' Office of Continuing Professional Education has been awarded \$112,000 by the American Dietetic Association's Commission on Dietetic Registration. The Office will use the award for a 15-month project to identify methods for helping dietitians determine their learning needs.

A five-member advisory committee, comprised of Pennsylvania dietitians and representatives from the Nutrition Program and Division of Planning Studies, is guiding the project. Donna S. Queney, director of the Division, serves as chairperson of the advisory

committee.

Wayne D. Smutz, head of the Office of Continuing Professional Education, said the project is one of several currently being conducted by the Office to help professionals learn more effectively through continuing education. In addition to the American Dietetic Association, the Office also is assisting the American Institute of Architects with a project to help architects identify their learning needs through performance assessment.

Penn State Tennis Center

The Penn State Tennis Center, next to Holuba Hall, announces that its 1989-90 indoor season will begin Oct. 1.

Court reservations at the Tennis Center will be available daily from 8 a.m. to 9 p.m. by calling 865-1381. Fall indoor leagues also will be available for faculty and staff.

Interested players should call the Tennis Center to obtain a player rating for these leagues. The Tennis Center also has acquired a stringer certification with the U.S. Racquet Stringer Association and can provide re-stringing services for players of all racquet sports.

Wordperfect Users Group

The Fall Semester Wordperfect Users Group meetings have been divided into novice and advanced sections. The novice users group meetings will be held from 8:30 to 10 a.m. in 6 Willard Building at University Park on Wednesday, Oct. 25; Wednesday, Nov. 15; Friday, Dec. 15.

The advanced users group meetings will be held from 1:30 to 3 p.m. in 141 Computer Building at University Park on Monday, Oct. 9; Monday, Nov. 13; Monday, Dec. 11.

Department of Energy grant

Thomas G. Winter, professor of physics, and Steven G. Alston, assistant professor of physics, both at Penn State

Wilkes-Barre Campus, have received a Department of Energy three-year, \$189,000 grant in physics.

The grant is aimed at furthering the development of DOE's Fusion Energy Project.

The researchers' project, titled "Electron Transfer, Ionization, and Excitation in Atomic Collisions," was submitted to DOE for research into theoretical studies of the interactions of charged particles like protons colliding with isolated atoms.

Cable TV alliance

Penn State and Mind Extension University (MEU) have joined forces to bring professional development programming and special events for educators via cable television.

The newly named Alliance for Professional Development in Education will help schools respond to individual, local, national and international educational needs in the 1990s and beyond.

These efforts will be part of the recently announced Cable TV Alliance for Education, a group of cable operators and programmers who will be providing educational programming for secondary schools beginning this fall.

The Penn State-MEU Alliance will seek the participation and involvement of colleges, universities, governmental units, professional organizations, associations and other educational agencies in establishing and producing its programming," Marlowe Froke, general manager, Division of Media and Learning Resources, said.

Launched in 1987, Mind Extension University, is a cable television network devoted to educational credit and non-credit programming. MEU now reaches more than 5 million cable households, as well as 2.4 million satellite dish owners nationwide.

Engineering program grant

Designing rescue vehicle "life boats" for

space station crews will be a part of the College of Engineering curriculum next fall through a National Space Administration and Universities Space Research Association (NASA/USRA) Advanced Engineering Design Program grant.

The competitive \$105,000, three-year grant was awarded to Robert G. Melton, associate professor of aerospace engineering, and Roger C. Thompson, assistant professor of aerospace engineering, to develop orbital transfer vehicle designs with students in the classroom.

"This grant offers our aerospace students the unusual opportunity to be involved in real design problems and solutions in a very exciting area," said engineering Dean John A. Brighton. "Programs like this help us encourage our brightest students to go on to graduate research and faculty careers."

Fulbright scholar-in-residence

Opportunities for American colleges and universities to host a visiting scholar from abroad for all or part of the 1990-91 academic year are available through the Fulbright Scholar-in-Residence Program. Institutions are invited to submit proposals for visiting scholars in the humanities and social sciences, or in scientific or professional specializations with a strong international focus.

A Fulbright scholar-in-residence may teach regular courses from a foreign area perspective, serve as a resource person in interdisciplinary courses, assist in developing new courses, or participate in special seminars. An institution hosting a scholar-in-residence would be expected to share the scholar's expertise with a wide range of departments and with neighboring institutions, involve him/her in community activities and professional organizations.

For information about proposals, which are due Nov. 1, Call Elizabeth B. Smith at 865-7081.

Focus on the arts

Featured author

The Penn State Bookstore on Campus will feature Joe Paterno for a book-signing session from noon to 1 p.m. Friday, Sept. 15.

Mr. Paterno will be available to sign copies of his new book *Paterno By The Book* written with Bernard Asbell, professor of English. Books to be autographed must be accompanied by a receipt from the Penn State Bookstore. The book is published by Random House and sells for \$16.95.

Mr. Paterno, Penn State's nationally known coach of the Nittany Lions football team, is equally renowned for his outspoken opinions, intellect and vision and for his proudest career statistic: the 85-percent graduation rate of his players.

The public is invited to attend the book signing. For more information, contact the Trade Book Department at 863-3580 or Elizabeth Wilson at 863-3250.

Painting exhibit

An exhibit of paintings by Collette Djeredjian-Arabyan is on display in the Kern Graduate Building Galleries at University Park through Sept. 28. Collette Djeredjian-Arabyan, a native of Cyprus of Armenian descent, has been painting since graduating as a graphic artist from Doxiate Art College in Athens, Greece.

"Most of my art," she says, "is inspired by Persian and Turkish miniatures as well as the art of icons which have had a deep influence on my paintings."

"The female figure with its bright colors and fine details has always been the dominant form representing patience, strength and motherhood. My subject matter expresses personal emotions, places through the mirror of the mind and self reflections."

The arts on Channel 3

Fiddlo, airing at 12:30 p.m. Sunday, Sept. 17, on WPSX-TV, features one of Victoria, British Columbia's most highly regarded cultural institutions, the Pacific Opera Victoria. The opera company performs at McPherson Playhouse, an intimate theater seating 800 people. The theater was built to reflect the "old European tradition" and to provide grand performances on a small scale.

Pacific Opera Victoria is a unique "success story," a community-based organization that has established a regional reputation for detailed, quality productions that showcase talented performers.

The 15th season of the award-winning *Liszt from Lincoln Center* will begin with "New York Philharmonic Opening Night" with the Orchestra's music director, Zubin Mehta, and soprano Jessye Norman at 8 p.m. Wednesday, Sept. 20. The program also will be simulcast on WPSU-FM.

The gala concert celebrates the opening night of the Orchestra's 148th season and will feature Miss Norman in Mahler's five "Ruckertlieder" and in the "Liebestod" from Wagner's "Tristan and Isolde." Mr. Mehta also will conduct Wagner's Overture to "Tannhauser" and the Prelude from Tristan and Isolde and Mozart's Symphony No. 40 in G minor.

French Revolution

The University's French Revolution Machine, a combination of roulette wheel and kaleidoscope, will be unveiled at 2:30 p.m. Sunday, Sept. 17, in the lobby of Kern Commons at University Park.

The French Revolution Machine was constructed during the summer months by faculty and students in the Department of Architecture. Assistant professors of architecture Donald Kunze and Katsuhiko Muramoto comprised the work team, along with five 1989 graduates in architecture: Catherine Hamel, Daniel Magno, Timothy McDonald, Stephen Turk and James O'Toole.

The wooden structure consists of a "map bed," seven concentric moveable rings

Christian Otto will discuss an engraving of the Wunzburg, Schonhorn Chapel during a lecture at 8 p.m. Sept. 19 in the HUB Assembly Room.

which restructure the map of revolutionary Paris, and a semicircular cabinet mounted on trusses above the map bed.

The Revolution Machine will be exhibited at Kern Commons through the fall and most of the Spring Semester. It is designed to serve as a three-dimensional history lesson, demonstrating that historical data, unlike scientific data, can be interpreted and reinterpreted.

Dr. Kunze said, "Only the direct experience with a playful device can stimulate the kind of speculation we need to appreciate the French Revolution, which, many people have said, is still going on."

The project has been sponsored and promoted by the University's Committee to Commemorate the Bicentennial of the French Revolution, chaired by Monique Yaari, associate professor of French.

Initial funding was provided through the University's Office of Research, headed by Dean Charles Hosler, and the College of Arts and Architecture, under Dean James Mooser.

Additional support was provided by L'Alliance Francaise, the Institute for the Arts and Humanistic Studies, the departments of History and Architecture, the College of Business Administration and the Office of Summer Sessions.

Contra-dance

The PSU Folklore Society will present Airplang II and caller Tod Whittemore from Boston for the first contra-dance of the 1989-90 season from 8 to 11 p.m. Sunday, Sept. 17, in the HUB Ballroom, University Park.

Well-known throughout New England and the Mid-Atlantic states, Airplang features Rodney Miller's unique style of fiddle playing—a blend of New England traditional and French-Canadian fiddling spiced with swing and jazz improvisation. John McGann plays guitar and mandolin, while Peter Barnes plays piano.

Dance instruction for beginners, by Marlin Whitaker, will be held at 7:30 p.m. The event is free and open to the University community. Both beginners and experienced dancers are welcome, and no partner is needed. For more information, call (614) 867-2596.

Odyssey on WPSU

According to Russian folk belief, Satan, by tricking the Archangel Michael, played an important role in the creation of woman. Instead of the rib of Adam, Eve was made out of the tale of a goat.

This is only one of the supernatural folktales that Russian Professor Linda Ivanits tells to host S. Leonard Rubinstein, professor emeritus of English, on this week's episode of "Odyssey Through Literature." "The Ritual Ploughing Around."

"Odyssey Through Literature" is

produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

'Me and My Girl'

The contagious cockney spirit of the popular Broadway musical "Me and My Girl" begins the 1989-90 Penn State Center for the Performing Arts season at 8 p.m. Wednesday, Sept. 20, in Eisenhower Auditorium. The production is part of the Center's "Singular Sensations" series.

"Me and My Girl" is the story of free-spirited cockney Bill Snibson and the crazy situations that arise when he discovers he has inherited the title of Earl of Hereford. It is the winner of three Tony awards, five Drama Desk Awards, and Laurence Olivier Award for Best Musical.

A special season-opening celebration in the form of a pre-performance party will be held in the Eisenhower Auditorium lobby from 6:30 to 7:30 p.m. for all ticket holders to "Me and My Girl."

Tickets can be purchased at the Eisenhower Ticket Center & The Playhouse box office. For more information, call (814) 863-0255 or (814) 865-1884.

French horn recital

Lisa J. Bontrager, assistant professor of music in the School of Music, will present a horn recital at 8 p.m. Saturday, Sept. 23, in the Recital Hall of the Music Building at University Park Campus. The recital was originally scheduled for Oct. 30.

Marylene Dosse, pianist and associate professor, will join Professor Bontrager for the Haydn Concerto No. 1 for horn and the Gliere Concerto for Horn, Op. 91. Assistant Professor Eleanor Duncan Armstrong, will join Professor Bontrager in Jan Bach's "Four 2-bit Contractions," a humorous horn and flute duet.

The program also will feature Mark Lusk, trombonist and assistant professor, in a horn and trombone duet, "Green Lake Sketches," by William Presser.

Professor Bontrager is a member of the Pennsylvania Quintet, the Pennsylvania Brass Works, and serves as principal horn for the Penn's Woods Philharmonia and the Altoona Symphony. She received music performance degrees from the University of Michigan.

Social History

Dr. Kathy Peiss, assistant professor of history and women's studies at the University of Massachusetts at Amherst, will present a talk titled "Placing Women in the Social History of Leisure" as the inaugural presentation of this year's Social History Colloquium. The talk, scheduled for 4 p.m. Thursday, Sept. 28, in the Rare Books Room of Pattee Library, will draw on Dr. Peiss's work on the historic linkages between gender and leisure.

Dr. Peiss, author of numerous articles concerning women and leisure, is the co-editor of *Passion and Power: Sexuality in History*, published this year. Currently, she is investigating the history of the cosmetic industry and the cultural development of gender.

General theme of the colloquium this year is "Leisure in America." Other scheduled speakers are: Oct. 12, Galen Cranz, Department of Architecture, University of California, Berkeley, "The Politics of Park Design: A History of Urban Parks in America"; Nov. 16, Stephen Hardy, Department of Physical Education, University of New Hampshire, "Adopted by All the Leading Clubs: Sporting Goods in the Shaping of Leisure"; Feb. 15, Gary Cross, Department of History, Penn State, "After Working Hours: Trends in the History of the Leisure of Labor"; March 22, Benjamin Hunnicutt, Department of Leisure Studies, University of Iowa, Free Time and the Right to Work: The New Deal and After; April 5, Charles Hartsoe, Department of Recreation, Parks and Tourism, Virginia Commonwealth University, The Recreation and Parks Movement: A Response to Urbanization."

All programs begin at 4 p.m. in the Rare Books Room of Pattee Library.

For further information, contact Geoffrey Godbey, Department of Leisure Studies, 203 Henderson Building South, 865-1851, or Peter Gottlieb, Historical Collections and Labor Archives, W313 Pattee Library, 863-2505.

HUB exhibit

"Clay in Process" by the State College Area School District Community Education Pottery Class is on display in the Art Alley of the Hetzel Union Galleries at University Park through Sept. 29.

The show contains work by individuals who take pottery classes taught by Grace Pilato.

A reception is scheduled for 7 to 9:30 p.m. Sept. 15.

Medallic art exhibit

Celebrating the revival of an ancient art form, the international exhibit of medallic sculpture, "The Medal as Art," will be on display until Sept. 30 in Chambers Gallery at University Park.

Subtitled "A Five-Year Retrospective of the Penn State Medallic Program," the exhibition was organized by professor of art John Cook, a Fellow of the University's Institute for the Arts and Humanistic Studies. He directed the International Medallic Art Workshop at Penn State in 1984.

"The Medal as Art" will appear next at the British Museum in London Dec. 11-Feb. 17 and the Smithsonian Institution in the spring of 1990. Professor Cook selected the 51 miniature bronze pieces, which were assembled in the University's Art Department.

"We feel that we are reversing a trend of the past half-century and that in revitalizing the medal, we are creating an art form meant again for people rather than for places," Professor Cook said.

The exhibit showcases Professor Cook's own work and those of his collaborator, Jeanne Stevens-Sollman, a former part-time University instructor and guest artist who helped prepare the exhibit brochure. A third entrant is Saleh Hassan Al-Zayer, a doctoral student in the School of Visual Arts art education program.

Funds for the mounting of the exhibition were provided by the Institute for the Arts and Humanistic Studies and by the College of Arts and Architecture research office.

University Park Calendar

September 14— September 24 Special Events

Thursday, September 14
Trustees meet at University Park, through Sept. 15.
English Colloquium, 4 p.m., Paul Robeson Cultural Center, Toni Cade Bambara will speak.
Shaver's Creek, 7-8:30 p.m., Halloween Trail Meeting for Volunteers. Call 863-2000.
Friday, September 15
Women of Color Luncheon, noon-1 p.m., Nittany Lion Inn.
Geog. Coffee Hour, 4 p.m., 319 Walker, Bob Hurley on "Vertically Integrated Health-Care Systems." Refreshments & socializing 3:30 p.m.
Special convocation on Korean War Veterans Memorial, 4 p.m., Schwab Aud.
Shaver's Creek, 7-10 p.m., Moonlight Canoe for Two. Also Sept. 16. Call 863-2000.
School of Music, student recital, 8 p.m., Recital Hall. Jury Recognition Recital.
Saturday, September 16
Hort Show, Ag. Arena, through Sept. 17.
Sunday, September 17
Shaver's Creek, 11 a.m.-4 p.m., Raptor Festival: 2-4 p.m., the Honey Factory. Call 863-2000.
Friends of the Palmer Museum of Art, play, 2:30 p.m., Palmer Museum of Art. *Sissu Hunger*, Mary Gage, playwright and associate professor, communications and theater arts. Free. Tickets must be picked up in advance at the Museum Store. Also Sept. 18-Sept. 23, 8 p.m.
Bi-centennial of the French Revolution, 2:30 p.m., Kern lobby. Unveiling of University's French Revolution Machine constructed by faculty and students in Dept. of Architecture.
Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *Jes. Bol-Sing Barbershop, Wai-Cui Hsueh* (1982): 8:15 p.m., *End of Summer* (1991). Free.
PSU Folklore Society, 8-11 p.m., HUB Ballroom. Airplant II. Instruction for beginners at 7:30 p.m.
Monday, September 18
Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Stanley Rosen on "Hermeneutics." Refreshments served.
Tuesday, September 19
Art History Lecture Series, 8 p.m., HUB Assembly Room. Christian F. Otto, Cornell Univ., on "Balthus Neumann's Italian Liaison—Second Thoughts."
Wednesday, September 20
URTC, 5 p.m., 119 Arts. New Play Workshop #1, through Sept. 22.
Penn State Chapter of Educational Office Personnel, 5:15 p.m., 110 Henderson. Rachel Miller on "An Update on the Revision of Current Job Evaluation and Classification System at Penn State."
Center for Women Studies, Contemporary Scholarship on Lesbian and Gay Lives Speaker Series, 7 p.m., HUB Assembly Room. Martin Duberman, City Univ. of N.Y., on "Hidden From History: Reclaiming the Lesbian and Gay Past."
Center for the Performing Arts, 8 p.m., Eisenhower Aud., "Me and My Girl."
School of Music, 8 p.m., Recital Hall. Leonard Feldman, cello.
Thursday, September 21
Bach's Lunch Concert, 12:10-12:30 p.m., Eisenhower Chapel, University Lutheran Parish.
Brown Bag Lunch/Lecture, 12:10-12:30 p.m., Palmer Museum of Art. Readings of student works from the inaugural issue of *Penn State Journal of Contemporary Art Criticism*.
Central Pa. Society of the American Institute of Archaeology, 7:30 p.m., Penn State Room, Nittany Lion Inn. Wendy Ashmore, State Univ. of N.J., on "Sacred Ancient Maya Geography (Copan, Honduras)."

The paintings of Collette Djeredjian-Arabyan are on display in the Kern Graduate Building Galleries through Sept. 28.

Six Feminist Scholars' Lecture Series, 8 p.m., 305 HUB. Sharon Traewick, Rice Univ., on "Women Scientists in East Asia."
Friday, September 22
Geog. Coffee Hour, 4 p.m., 319 Walker. Susan Cutter on "The Geography of Airborne Toxic Releases." Refreshments & socializing at 3:30 p.m.
School of Music, 8 p.m., Recital Hall. Andreas Kroper, flute.
Saturday, September 23
Shaver's Creek, 7:30-10 a.m., Bird Breakfast. Call 863-2000.
School of Music, 8 p.m., Recital Hall. Lisa J. Bontrager, horn, faculty recital.
Sunday, September 24
Shaver's Creek, 2-4 p.m., Spring Creek Walk. Call 863-2000.
Friends of the Palmer Museum of Art, 2:30 p.m., Palmer Museum of Art. The Nova Consort: Toby Caron, Barbara Hess, Carrie Crompton, Dorothy Fraser.
School of Music, 4 p.m., Recital Hall. Carl Blake, piano, faculty recital.
Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *Vern, Florida* (1981): 8:15 p.m., *My Last Hero, Ben Bunting* (1949). Free.

International Events

Graduate study abroad
Graduate students are encouraged to apply for the 1990-91 Fulbright program offering graduate study abroad opportunities. The

application deadline is Sept. 10. For application forms and more information, stop by Room 222 Boucke Bldg. and speak with Elizabeth B. Smith, Fulbright program adviser.

New scholarship program
Undergraduates are urged to apply to a new scholarship program, the Samantha Smith Memorial Exchange, by Oct. 31, to spend the spring 1990 semester abroad in Hungary or Poland. For details, contact Elizabeth B. Smith at Room 222 Boucke Bldg.

Public Radio

WPSU-FM 91.1 "All Things Considered."
Monday-Friday, 5-6:30 p.m.: Saturday and Sunday, 5-6 p.m.: Morning Edition, Monday-Friday, 6-8 a.m.: Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m.: Odyssey Through Literature, 12:30 p.m., Wednesdays, hosted by S. Leonard Rubenstein. "Creative License," 12:30 p.m., Thursdays, hosted by Cherie S. Lewis.

Conferences

Executive Programs
Sept. 24-Oct. 6, Conrail Management Program at Penn State, academic program director: Dr. John C. Psychlowski, chairman and professor of business logistics.
Sept. 24-Oct. 6, Manufacturing Strategy and

For information about Penn State arts and calendar events and the weather, call 863-1234 and follow the directions given in the recorded message.

Technology, academic program director: Dr. Michael P. Hottenstein, assistant dean and faculty director, graduate programs and professor of management.

Seminars

Thursday, September 14
Physics Colloquium, 3:30 p.m., S5 Osmond Lab. Dr. Morrell H. Cohen, Exxon Research, on "Comments on the Theory of High Temperature Superconductivity."
Ecology, 3:45 p.m., 111 Wartik. Dr. Marc D. Abrams on "Successional Pathways Following Clearcutting and Burning in Jack Pine Communities in Michigan."
Earth and Mineral Sciences, 4 p.m., 412 Walker Bldg. Warren M. Washington, National Center for Atmospheric Research, on "Computer Simulation of the Greenhouse Effect."
Friday, September 15
Earth and Mineral Sciences, 9 a.m., 301 Steidle Bldg. Frank Runko Jr., Electrotools Inc., on "Fuel Science Revisted from the Business World."
Tuesday, September 19
Gerontology Colloquia, noon, 101 Health & Human Dev. East. Dr. Bonnie J.F. Meyer, Univ. of Washington, on "Text Structure, Reading Comprehension and Aging." Refreshments served.
Chemistry Colloquia, 3:30 p.m., S5 Osmond Lab. Kenneth B. Eisenhart, Columbia Univ., on "Laser Studies of Chemical Reaction Dynamics at the Air-Water Interface." Reception follows.
CAMP, 4 p.m., 339 Davey Lab. H. Hess, AT&T, on "Tunneling into a Superconducting Vortex: An STM Study."
Thursday, September 21
Ecology, 3:45 p.m., 111 Wartik. Dr. Margaret Brittingham on "Effects of Supplemental Feeding on the Ecology of the Black-Capped Chickadee."
Alan R. Warheim Seminar in Agribusiness Education, 3:45 p.m., 101 Kern. Gary T. Kinsley, Hanover Brands Inc., on "Government Regulation of the Food Processing Industry in the 1990s." Refreshments served.

Exhibits

Chambers Gallery
School of Visual Arts. Prints and Medallies, through Oct. 13.
HUB Galleries
Art Alley Cases:
Clay in Process by the SCASD Community Education pottery class, through Sept. 29.
Art Alley Panels
Ink Meets Paper by Craig Anceletowicz with Nigel, through Sept. 29.
Browsing Gallery:
MicroScapes: The Hidden Art of High Technology, sponsored by AT&T, Sept. 23-Nov. 8.
Formal Gallery:
People, Places, Patterns by Heinz K. Henrich, through Sept. 22.
Palmer Museum of Art
Robert Yarringer Paintings 1980-88, through Sept. 17.
Turn-of-the-Century European Posters from the Museum's Collection, through Nov. 5.
Bellefonte Classics, through Oct. 22.
Pattee Library
East Corridor Gallery: Brooker Stephen Carpenter II, "Works in Clay," through Sept. 23.
Lending Services:
John O'Hara Movie Posters, through Sept. 15.
Kevin Slack, paintings, Sept. 18-Oct. 20.
West Lobby Gallery:
Mary Voller, Recent Works, through Sept. 20.
Zoller Gallery
Neopunkedelic Invitational Exhibit, through Sept. 30.

Bookshelf

Gary C. Cross, associate professor of history, is the author of *A Quest For Time: The Religion of Work in Britain and France, 1840-1940*, published by the University of California Press.
The work examines the process by which the eight-hour day, the weekend and the summer vacation became widespread in industrial Europe.

Dr. Cross explains that increased free time for workers was not a natural product of economic growth but resulted from a century of theoretical debate, industrial and political conflict and cultural change.
A specialist in modern European social and labor history and the history of technology, Dr. Cross also wrote *Immigrant Workers in Industrial France: The Making of a New Laboring Class*, published by Temple University Press in 1983.

K. Warner Schaie, Evan Pugh professor of human development and psychology and director of the Gerontology Center, has co-edited a new book, *The Course of Later Life: Research and Reflections*.
The other co-editor is Vern L. Bengtson, director of the Gerontology Research Institute at the University of Southern California. The publisher is Springer Publishing Co.
The book examines the path of human development after the middle years and the adjustments and decline of certain

biological, psychological and social skills. The book gives scientific perspectives on issues ranging from genetics to changing intellect to learning and memory.
In addition to co-editing the book, Dr. Schaie contributed a chapter titled "Individual Differences in Rate of Cognitive Change in Adulthood."
The book is dedicated to James E. Birren on his retirement as dean of the Arris Gerontology Center of the University of Southern California.

Appointments

James A. Clark has been appointed associate extension agent for Penn State Cooperative Extension in McKean County.

He is responsible for developing and leading programs in livestock agriculture in McKean, Cameron and Potter counties. He also will be organizing educational programs for livestock in this tri-county region.

Mr. Clark earned a master's degree in agricultural and occupational education from Cornell University in Ithaca, N.Y., in 1985. He holds an applied science associate degree in animal husbandry from the State University of New York at Alfred and a bachelor's degree in agricultural education from Cornell.

From 1987 to June of this year, he worked as a regional livestock extension agent for the University of Vermont's Extension Service. Previously he taught high school agriculture classes at the Pen Yan Academy in New York.

James L. Frazier has been appointed head of the Department of Entomology.

Prior to his appointment, Dr. Frazier was senior research scientist in the Agricultural Chemistry Department at E. I. du Pont de Nemours & Co. in Wilmington, Del. While at Du Pont, he established a program to study insect response to chemical stimuli known as chemoreception research. Because of his work, scientists are studying how insects taste cells function and how information is processed to regulate insect feeding behavior.

Previously he was a professor in the Department of Entomology at the Mississippi State University and Agricultural and Forestry Experiment Station. He also had been a visiting research scientist in the University of Maryland's Department of Biological Sciences and at the USDA Western Regional Laboratory in Albany, Calif.

A native of Seville, Ohio, Dr. Frazier received bachelor's and doctoral degrees in entomology from the Ohio State University. He is a member of the Entomological Society of America, the European Chemoreception Research Organization, the Association for Chemoreception Sciences and the International Society of Chemical Ecology. He also is a member of Sigma Xi, the national honorary society for science,

and Gamma Sigma Delta, the national honor society for agriculture.

Juanita A. Haddad has been named assistant affirmative action officer in the Office of Affirmative Action.

She will be responsible to the affirmative action officer for ensuring that the University is in compliance with federal and state legislation and other laws and regulations governing equal employment and affirmative action. She also will be responsible for managing office operations, investigating complex complaints and securing internal resolutions and developing equal opportunity informational and training materials.

A Philadelphia native, Ms. Haddad served as president and senior consultant of Haadee Associates, Philadelphia. She founded the firm, designed to provide consulting services for communities and businesses in program management and development, in 1978.

Before establishing her own business, Ms. Haddad served for two years as director of youth services for the Philadelphia Housing Authority and eight years as a Philadelphia policewoman, juvenile aid division.

She has received numerous special awards during her career, including a service award from the Korean Business Association and a cultural arts award from the United Minority Contractors Association in Philadelphia.

Ms. Haddad received her bachelor's and master's degrees in human services from Lincoln University.

L.A. Napier has been appointed an affirmative action investigator in the Office of Affirmative Action.

She will be responsible to the affirmative action officer for coordinating the Affirmative Action Office's Complaint Division in compliance with University policy, federal and state laws and other regulations governing equal employment and affirmative action.

Dr. Napier recently received a Ph.D. in educational administration from Penn State. A native of Tahlequah, Okla., she came to Penn State to pursue her doctorate in 1980. She earned a master's of education degree in guidance and counseling in 1980 and another in curriculum and instruction in

1986 from Northeastern State University, Tahlequah, Okla. She received her bachelor's degree in sociology from the same university in 1975.

While studying for her Ph.D., she served as a graduate assistant for curriculum, staff development, planning, research and communications in the State College Area School District.

Before attending Penn State, Dr. Napier served as a counselor in school districts in Oklahoma City, Norman and Tahlequah, Okla., and Agoura, Calif. She also taught American Indian history and served as director of American Indian education of public schools in Tahlequah, Okla.

At Penn State, she is a member of Women of Color.

William A. Pearman has been appointed director of academic affairs at Penn State Wilkes-Barre Campus.

Dr. Pearman previously had been provost and vice president of academic affairs at Sacred Heart University, Fairfield, Conn. A graduate of LaSalle University, he received a master's degree from Fordham University and Ph.D. in sociology from the University of Pittsburgh.

Dr. Pearman has held academic positions at several colleges and universities, including Millersville University, where he was a faculty and staff member for 14 years, Virginia Commonwealth University, Loyola University, and Fordham.

He has published extensively in journals and is the author of several books, including *Melchior: A Humbleton on the History and Issues of Health Care Services for the Elderly*, *Three Mile Island: A Sourcebook*, and *In the Presence of Sociology: Selected Problems*.

Scott A. Harrison has been named program coordinator with the Pesticide Education Program.

His responsibilities include developing and administering pesticide training and certification programs throughout the Commonwealth. Mr. Harrison also coordinates pesticide use and benefit assessments in cooperation with other pesticide specialists.

Mr. Harrison received his B.S. in chemistry from Delaware Valley College in 1984. He recently completed his master's degree at Penn State.

Brenda S. Townsend, assistant professor of education, has been appointed coordinator of basic skills in Academic Assistance Programs.

Her appointment, effective Sept. 1, was announced by Jerry B. Covert, associate dean for undergraduate education. In her new position, she will be responsible to the assistant dean, Academic Assistance Programs, for the system-wide coordination of the Basic Skills Program.

A graduate of Virginia State College with B.S. and M.Ed. degrees, Dr. Townsend received her Ph.D. from Penn State. She served as a reading specialist with the Charlotte County, Va., Public School System from 1973 to 1978 and was a reading specialist with Educational Development Services of Indiana University of Pennsylvania from 1981 to 1985. She joined the College of Education faculty in 1985.

She is the author of numerous articles in professional journals and has served as a consultant for a number of public school districts.

At the University, Dr. Townsend served as a member of the Basic Skills Advisory Committee. In the College of Education, she was a member of the Committee on Equal Opportunity and currently serves on the College's Faculty Council.

Dr. Townsend is a member of the American Reading Forum, Association for Supervision and Curriculum Development, College Reading Association, and International Reading Association.

She also is a member of the Black Conference on Higher Education, Pennsylvania Association of Development Educators, Forum on Black Affairs, Men and Women of Color, and the Mid-State Reading Council.

Gary E. Washington has been appointed assistant youth extension agent for Penn State Cooperative Extension in Cambria County.

Mr. Washington earned a bachelor's degree in business administration from Salem College in West Virginia in 1969. He worked for the Southern Alleghenies Commission as a technical assistant until 1986. From 1987 to June of this year, he worked as a counselor for the employment agency in Bedford.

Faculty/Staff Alerts

Affirmative Action Notice

The Pennsylvania State University is a government contractor subject to Section 503 of the Rehabilitation Act of 1973, which requires government contractors to take affirmative action to employ and advance in employment qualified handicapped individuals.

If you have a physical or mental impairment, a record of having had such impairment or are regarded as having an impairment that substantially limits your ability to secure, retain or advance in employment, we would like to include you under the Affirmative Action Compliance Program.

It will assist us in proper placement and

appropriate accommodations if you tell us about (a) any special methods, skills or procedures which qualify you for jobs that you might not otherwise be able to do because of your impairment, so that you may be considered for any position of that kind, and (b) possible accommodation which could be made which would enable you to perform the job properly and safely.

We will also aid in "identifying" individuals requiring assistance in the interest of life safety for the development and execution of emergency evacuation in all buildings of The Pennsylvania State University, University Park Campus and Commonwealth Campuses. Compliance shall be on an individual, voluntary basis.

Submission of this information is voluntary and refusal to provide it will not subject you to discharge or disciplinary treatment. Information obtained concerning individuals shall be kept confidential, except that (1) supervisors and managers may be informed regarding restriction on the work duties of handicapped individuals, and regarding necessary accommodations, (2) first aid and safety personnel may be informed when and to the extent appropriate, if the condition might require emergency treatment and (3) government officials investigating compliance with the Act shall be informed.

The Affirmative Action Office is responsible for the coordination of compliance with the requirements of Section 503. If you are a handicapped individual and would like to be considered

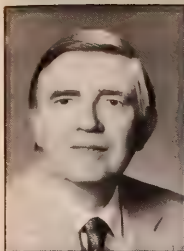

under the affirmative action program, please contact the Affirmative Action Office (814/863-0471 or network 433-0471).

Transferring

University employees occasionally find it necessary to relocate from one area in the state to another. In such an instance, it may be possible to arrange continued University employment at another University location, depending on the availability of a suitable position.

Any interested employee who faces such a move should contact the Employment Division, Rider Building, 120 S. Burrows St., 865-1387 (Network 475-1387) regardless of the employee's present location. Such contact should be made as far in advance of the move as possible.

25-year award recipients

Observing 25 years of service at the University are, from left, James B. Herendson, professor of economics; Kathryn K. Lynott, associate director for decision support systems, Budget Officer of the University; Joseph MacNeil, professor of food science;

John H. Riew, professor of economics; Janis Spalvins, manger, Facilities Planning, Office of Physical Plant.

Promotions

Staff Exempt

Linda Armstrong to administrative assistant in Liberal Arts.

Masune Assaf to foreign student advisor in President's Office.

Karentha Barber to employee relations officer in Office of Human Resources.

Lisa Berkey to mechanical engineer 111 in Office of Physical Plant.

Pamela A. Bona to foreign student advisor in President's Office.

Silvia G. Cabrera to assistant director, administration services in Division of Development and University Relations.

Kristopher J. Conforti to supervisor, Day Shift Pharmacy at Hershey.

Ardeth L. Frisbey to assistant director, OIS, and foreign student advisor in President's Office.

Helen L. Gallupi to systems analyst at Hershey.

Diane S. Greenfield to development assistant, Health and Human Development in Division of Development and University Relations.

George Hall to approval program specialist in University Libraries.

Diane M. Hoover to section supervisor, special chemistry at Hershey.

Charles P. Jones to senior engineering aide in Applied Research Lab.

David J. Klinikowski to technical engineer in Vice President for Research and Dean of the Graduate School.

Ann Marie Lomnicki to coordinator.

campus residential life at Altoona Campus.

Anita C. Mathias to business systems coordinator at Hershey.

Sandra K. Meyer to counselor/freshman academic coordinator in Undergraduate Programs.

Diane Nowacinski to registration assistant at Behrend College.

Jacqueline Peagler to earth and mineral science assistant in University Libraries.

Maryanne Pindar to bookstore manager in Penn State Bookstore.

Douglas M. Posey to assistant to the director in Student Services.

Christina M. Rameau to assistant manager, News Bureau in Division of Development and University Relations.

Barbara B. Rayman to foreign student advisor in President's Office.

Pauline E. Reese to microcomputer system consultant in C&IS - Center for Academic Computing.

Patrick O. Richie to assistant extension agent in Agriculture.

Wendy J. McCrory Rotz to senior development officer, libraries in Division of Development and University Relations.

Thomas D. Salada to senior research aide in Science.

Cathy Salak to coordinator, campus residential life at Hazleton Campus.

H. David Sarge to manager, center for electronic materials and processing in Engineering.

Susan Scheetz to assistant athletic director in intercollegiate athletics.

Susan Simoneau to project assistant in Vice

President for Research and Dean of the Graduate School.

Sherwood Smith to assistant director in Student Services.

Glenda H. Trumpower to assistant manager at Hershey.

Robert J. Wambaug to project associate in Education.

Marilyn K. Wilson to learning center math specialist at Schuylkill Campus.

Staff Non-Exempt

Janice B. Apodiakos to senior diagnostic radiologic technologist at Hershey.

Mary M. Banko to clinical head nurse at Hershey.

Kimberly A. Brugger to licensed practical nurse, medicines at Hershey.

Barbara A. Davis to administrative aide in Engineering.

Deborah L. Gashie to licensed practical nurse, medicines at Hershey.

Debra J. Grumbine to respiratory therapist at Hershey.

Shirlee H. Hogg to licensed practical nurse, medicines at Hershey.

Rachel Lehr to library assistant at York Campus.

Jane Owens to personnel assistant in University Libraries.

Rebecca L. Roberts to research technician at Hershey.

Rodney Smeltz to senior research technologist in Agriculture.

Michele Wetzel to surgical head nurse at Hershey.

Obituaries

Robert E. McCord, retired assistant dean for continuing education in the College of Education and associate professor emeritus of engineering, died Aug. 29 at the age of 68.

Mr. McCord received a bachelor's degree in industrial engineering from Penn State in 1942. He joined the faculty in 1948 and earned a master's degree from Massachusetts Institute of Technology in 1952. He retired Jan. 1, 1983, after 34 years service.

Before joining the Penn State faculty, he was employed by Pratt and Whitney Aircraft Corp. as a senior analyst. In 1953, he took a leave of absence to the University of Puerto Rico, where he served as a consultant and department head in helping to create that university's first department of industrial engineering.

Mr. McCord published professional articles on engineering education issues and served as a consultant to many firms and universities on engineering technology and continuing education administration.

He served as a consultant to the U.S. Department of Health, Education and Welfare.

George T. Bobby, assistant professor of exercise and sport science at the Hazleton Campus since Sept. 1, 1967, died Aug. 28. He was 51.

Carpooler

Wanda is looking for riders for a carpool or to be in a carpool. She works from 8 a.m. to 4:30 p.m. and can be reached at 865-1517.

Focus on the arts

(Continued from page 4)

Play scheduled

"Skin Hunger" a new play by Mary Gage, associate professor of film and video in the School of Communications, will be performed at 2:30 p.m. Sunday, Sept. 17, and nightly at 8 p.m. Monday, Sept. 18, through Saturday, Sept. 23, at the Palmer Museum of Art at University Park.

"Skin Hunger" is a love story set in an actor's workshop. The play integrates the works of the Robert Yarber exhibition into the set, using the canvases as a backdrop.

Admission to the play is free. Tickets must be picked up in advance at the Museum Store located on the first floor.

Art history lecture

Christian Otto, professor of architectural history at Cornell University, will present the lecture "Balthasar Neumann's Italian Liaison-Second Thoughts" at 8 p.m.

Tuesday, Sept. 19, in the HUB Assembly Room at University Park.

The lecture is part of the 1989-1990 series "The World and the Italian Architect: Native Images and Reflections Abroad" co-sponsored by the Department of Art

History and the Institute for the Arts and Humanistic Studies.

Johann Balthasar Neumann, considered one of the greatest German Baroque architects, in Professor Otto's words, "created some of the most commanding, complex and impressive architecture in the West." The lecture will focus on Neumann's travels throughout Austria, Bohemia and northern Italy as a career officer in the corps of engineers under Prince Eugene in the Belgrade campaign.

An international specialist on Neumann, Professor Otto also has published numerous articles and reviews on German Renaissance and Baroque architecture, Mies van der Rohe, American architecture, the International Style, urbanism and architectural theory.

The lecture is open to the public.

Faculty recital

Leonard Feldman and Joanne Zagst, faculty members in the School of Music, will perform in concert at 8 p.m. Wednesday, Sept. 20, in the Recital Hall of the Music Building at University Park.

The program will open with Gabriel Faure's "Elegy" for cello and piano.

Beethoven's early duet subtitled "With Two Eyeglasses Obligato" and Walter Piston's Duo of 1949 will follow.

Marylene Dosse, pianist, and Donald Hopkins, violinist, both of the School of Music faculty, will join the duo after intermission in the last of Brahms' three Piano Quartets, Op. 60, in C minor.

The recital is free and open to the public.

Bach's Lunch

Janet Laws and Renee Scharpf, sopranos and students in the School of Music, will present a recital at 12:10 p.m. Thursday, Sept. 21, in Eisenhower Chapel at University Park.

The 20-minute concert is part of the fall Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish. The audience is invited to bring their own brown bag lunch to eat after the performance. Coffee and tea will be provided.

Museum program

Student readings from the inaugural issue of the *Penn State Journal of Contemporary Criticism* will open the Brown Bag Lunch/Lecture Series at the Palmer Museum of Art at 12:10 p.m. Thursday, Sept. 21.

Founder of the journal, John Kissick, assistant professor of art in the School of

Visual Arts, decided to pursue a publication as part of the process of teaching art theory and criticism.

The publication is edited by Kissick and Randy Ploog, assistant curator at the Palmer Museum, and is one of the few journals of its kind in universities across the country.

The presentation is free and open to the public. For more information, contact the Palmer Museum at 865-7672.

Flutist to perform

Andreas Kroper, guest artist from West Germany, will present a solo flute recital at 8 p.m. Friday, Sept. 22, in the Recital Hall of the School of Music at University Park.

The program will feature 18th-century Parisian works for solo flute, including works by Marin Marais, Joseph Bodin de Boismortier, Jean Stamitz, and Amand Vandenhaeghe, Jean Jacques Rousseau and Jacques Hotteterre "le Romain."

Mr. Kroper bases the integrity of his performances on his academic research concerning 17th- and 18th-century compositions, striving for interpretations that remain faithful to the original texts and styles of the times.

During his week-long residence at Penn State, he will present guest lectures, master classes and seminars, and demonstrate instruments from his personal collection.

News in Brief

Language project seeks participants

Keith Smith of the Department of Psychology is looking for children ages 2 1/2 to 8 years to participate in a research program exploring ways to teach children a new language. Contact Dr. Smith at the Department of Psychology, University Park, for details.

Sigma Xi seeks new members

Sigma Xi, the Scientific Research Society, wishes to remind members that nominations for new members are due Sept. 20. Nomination forms may be obtained from Ellen Rocky, 106 Patterson, 865-1895. Completed forms should be returned to Mrs. Rocky.

Educational Office Personnel

Rachel Miller, manager, Salary Administration and Classification Division will speak at a meeting of the Penn State Chapter of Educational Office Personnel at 5:15 p.m. Wednesday, Sept. 20, in Room 110 Henderson Human Development Building at University Park. She will discuss "An Update on the Revision of Current Job Evaluation and Classification System at Penn State."

The Penn State Chapter of Educational Office Personnel is a

professional organization whose membership consists of faculty staff, non-exempt, clerical and technical service employees. For information, call Sharon Rolley, president, at 863-2211, or Lois Summers, membership chair, at 863-2211.

Alan R. Warehime seminar

Gay T. Knisely, vice president for administration, corporate secretary and counsel, Hanover Brands, Inc., will present the first Alan R. Warehime Seminar in Angribusiness Education at 3:45 p.m. Thursday, Sept. 21, in Room 101 Kern Graduate Building at University Park. He will discuss government regulation of the food processing industry in the 1990s.

Graduate Faculty annual meeting

The annual meeting of the Graduate Faculty will be held at 4 p.m. Wednesday, Sept. 27, in Room 112 Kern Graduate Building at University Park.

The principal item on the agenda is an address by Charles L. Hosler Jr., senior vice president for research and dean of the Graduate School, on the state of graduate education and research at Penn State.

It would be appreciated if faculty

members would note this important event on their calendar in order to avoid any conflict.

Free family swimming

Free introductory swimming will be held from 2:30 to 9:50 p.m. Sunday, Sept. 24, at the McCoy Natatorium at University Park. Individuals as well as families are encouraged to participate. All three indoor pools may be used. Towels and lockers also are provided free of charge.

The McCoy Natatorium is located at the corner of Bigler and Curtin Roads. Call 865-1432 for further information. Call 863-1311 for lap swimming times.

China Symposium

A two-part China Symposium will be held at the Penn State Hazleton Campus.

Representatives from the U.S. State Department, the British Embassy, the U.S.-China Business Council and the National Commission on U.S.-China Relations will join professors from the Penn State Hazleton Campus and visiting professors to discuss the pro-freedom movement in China that occurred during this past semester, its aftermath, and their consequences for

the people of China, foreign policy and economic issues.

The first programs will be held from 7:30 to 9:30 p.m. Wednesday, Sept. 27, and Wednesday, Oct. 4, in the Campus Dining Hall.

For additional information, call the Office of University Relations at the Penn State Hazleton Campus at (717) 450-3180 or Eugene Miller, symposium moderator, at (717) 450-3037.

Classroom Hotline

The Classroom Improvement Committee has established a new "Classroom Hotline" to provide an easy "access to service" for faculty and students to request repairs or report difficulties in scheduled general purpose classrooms.

If you encounter any problems with the room or the equipment scheduled for your use, call 863-6000 for fast, efficient service. A small sticker is being placed in each classroom to remind faculty and students of the new number.

If you have suggestions for the improvement of a classroom, you may call Bob Allen, chairman of the Classroom Improvement Committee, at 863-3100. Or you may call the Hotline and the information will be recorded and forwarded to the committee.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions.

This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-6304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Sept. 21, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment Practices (FES-1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status as a disabled or Vietnam era veteran.

• **Events and Facilities Coordinator, Penn State Great Valley, Continuing Education** - Responsible to the director of continuing education for marketing and coordinating facility rentals and usage and for providing logistical and administrative support for seminars, workshops, meetings and conferences. Requires two or more years of college or equivalent, plus two to four years of effective experience. Excellent oral and written communication skills required. STAFF GRADE 5.

• **Staff Development Instructor, University Hospital, Nursing Administration, Hershey Medical Center** - Responsible to the assistant director of nursing, staff development for the design and implementation of orientation, inservice education and specialized courses for all levels of nursing personnel and in particular the critical care

intern program for graduate nurses. Requires master's degree or equivalent in nursing with one to two years of effective clinical experience. Critical care experience highly desirable. STAFF GRADE 6.

• **Assistant Executive Director for Membership and Marketing, Division of Development and University Relations, Alumni Association, University Park Campus** - Responsible to the associate executive director for communications and administration for marketing, advertising and promoting programs, services, products and other innovative ventures in order to retain and increase the membership, promote the visibility of and generate revenue for the Penn State Alumni Association. Requires bachelor's degree, or equivalent, in advertising, marketing or related field, plus two to four years of effective experience in advertising and promotional development, writing, editing, design and layout of print, audio and visual media. STAFF GRADE 7.

• **Assistant Manager, Catering, Housing and Food Service, University Park Campus** - Responsible to the catering manager for details that relate to the scheduling, planning for and supervision of catered events in various locations; meet and confer with customers, food production supervisors and coordinators. Requires bachelor's degree or equivalent, preferably in hotel, restaurant and institutional management, or culinary arts, plus one to two years of effective experience. HOURS AND DAYS OFF VARY BASED ON SCHEDULED EVENTS. STAFF GRADE 5.

• **Assistant Interior Design Coordinator, Housing and Food Services, University Park Campus** - Responsible to the interior design coordinator for assisting in the development and

implementation of decorating schemes for refurbishing the various Housing and Food Services facilities at University Park and Commonwealth Campuses and for assisting in the overall administration and supervision of the Housing and Food Services serving room. Requires bachelor's degree, or equivalent, in interior design or related field plus one to two years of effective experience in design and serving techniques. STAFF GRADE 5.

• **Research Aide, Agriculture, Veterinary Science, University Park Campus** - Responsible for the routine inorganic and organic chemical analysis of animal tissues including (a) preparation, standardization and testing of analytical reagents, (b) a working knowledge of UV fluorescence spectroscopy and (c) working knowledge of HPLC techniques. Requires bachelor of science degree in biochemistry, medicinal technology or biological science, or equivalent, and up to one year of effective laboratory experience. STAFF GRADE 4.

• **Supervisor, University Learning Centers, Commonwealth Educational System, University Division of Media and Learning Resources - Audio-Visual Services, University Park Campus** - Responsible to the director, Audio-Visual Services, for the supervision of all University Learning Centers, including supervision of assigned personnel and maintenance and use of equipment and facilities. Meet with University faculty, staff and students to facilitate use of the University Learning Centers and all services provided by Audio-Visual Services. Requires bachelor's degree, or equivalent, plus one to two years of effective experience. STAFF GRADE 6.

• **Personnel Specialist, Applied Research Laboratory, ARL, University Park Campus** - Responsible to the personnel manager of the Applied Research Laboratory for providing staff support in the area of minority programs, employment, student employment programs, records and procedures and other human resource functions as required. Requires bachelor's degree, or equivalent, plus one to two years of effective experience in human resources or related management area. Experience in employment/recruiting and management information systems is desirable. U.S. citizenship required. STAFF GRADE 6.

VP search process

In an announcement in the Sept. 7 issue of *Intercom* regarding the appointment of a search committee to identify candidates for the position of vice president for continuing education, the address for receiving applications and nominations was omitted.

The search committee will review applications in October and continue to receive them until a candidate is selected. Nominations and letters of application, accompanied by a curriculum vitae and other supporting material, should be submitted to J.D. Hammond, chair, Vice President for Continuing Education Search Committee, Room 201 Old Main, University Park.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Board of Trustees approves appropriation request

The Board of Trustees at its meeting Sept. 15 at University Park approved an appropriation request for 1990-91 that is a continuation of a multi-year plan to increase funds to public higher education in the Commonwealth.

"The Commonwealth's 1989-90 appropriation increases for public higher education were among the highest in more than a decade," President Jordan said. "In addition, they were accompanied by special incentive funding under a new Tuition Challenge Grant Program.

"This progress is a welcome and hopeful sign that state funding for all of public higher education in Pennsylvania will continue to improve. However, it does not fully address Penn State's underfunding needs, nor does it correct inequities that exist in funding for Penn State, compared to the Commonwealth's other public universities."

Penn State is seeking a 1990-91 appropriation totaling \$270,028,000, including the College of Medicine at Hershey and the Pennsylvania College of Technology in Williamsport.

The requested state appropriation portion of the general budget plan represents a \$30,536,000 increase over the current year's state funding of \$240,072,000 or 12.7 percent rise.

The budget plan also proposes a 0 percent increase in tuition rates. This increase - combined with the requested state appropriation increase and estimated rise in other income - would raise the general funds budget to \$657,015,000 for 1990-91.

The general funds budget supports the basic teaching, research, and public service programs, as well as administrative support activities and maintenance of the University physical plant.

The proposed tuition change represents a target figure for the coming academic year not a set rate. Specific changes in tuition will be addressed by the Trustees after the legislature and governor have acted on the state appropriation request next year.

"This proposal is brought forth reluctantly since the University recognizes that Penn State students and their families have had to assume a rising burden of educational costs," Dr. Jordan said.

"Penn State is concerned about the critical problem of access by students to the quality and variety of education programs at the University's 23 locations," he added. "The University's tuition rates are among the highest at major public research universities."

"At the same time, the University's appropriation request recognizes that the Commonwealth's contribution must be brought into better balance with that of the

students. But individual students should be expected to share in the higher costs of quality education."

The increase of \$50,239,000 in the general fund budget plan would cover projected base operating cost increase of \$41,749,000 for such items as salary adjustments, employee benefit adjustments and operating cost increases for fuel, utilities, supplies and services.

The balance of \$8.5 million would cover tier critical program needs and strategic planning initiatives.

- \$3 million for biotechnology engineering and materials science.
- \$1 million for University Libraries.
- \$1 million for minority programs and student aid.
- \$1 million for mandatory environmental health and safety compliance.

(Continued on page 3)

Trustee Presidential Selection Committee appointed

Eleven Trustees of the University have been named to a Trustee Presidential Selection Committee, following the announcement by President Jordan that he will retire in 1990.

The appointments were made by Board President J. Lloyd Huck of New Vernon, N.J. Mr. Huck will serve as chairman of the committee.

Other committee members are **H. Jesse Anelle** of San Francisco, Calif.; **Walter J. Conti** of Doylestown; **Marian**

U. Coppersmith of State College; **Bernard Hankin** of Exton; **Edward P. Junker** of Erie; **William A. Schreyer** of New York; **Obie Snider** of Imile;

Cecile M. Springer of Pittsburgh; **Quentin E. Wood** of Oil City, and **Edward P. Zempelli** of Clarion.

The eleven are current officers of the Board, the three past presidents of the Board, the chairpersons of the three standing committees, finance, educational policy and physical plant,

the chairpersons of the two special committees. The Milton S. Hershey Medical Center Advisory Committee, the University Committee on Affirmative Action, and the chairman of The Campaign for Penn State.

Dr. Jordan, Penn State's 14th president, told the Trustees at their Sept. 15 meeting that he will retire as president, effective August 31, 1990.

At the meeting, the Board authorized establishment of the Trustee Presidential

Selection Committee to serve until the new University president assumes office.

The committee, the Board determined, will "develop and implement the necessary criteria and procedures to ensure breadth, equal opportunity, timeliness, confidentiality and appropriate University community involvement in the search process."

Ultimately, the committee will recommend a final candidate for the University presidency to the full Board

University search and screen committee being established

A University Presidential Search and Screen Committee is being established to help in the search for a successor to President Jordan.

J. Lloyd Huck, chairman of the Trustee Presidential Selection Committee and president of the Board of Trustees, will contact groups within the University community and ask them to nominate Search and Screen Committee members.

Mr. Huck asked that names of nominees be submitted to him by Oct

13. From those nominees, the Trustee Presidential Selection Committee will appoint the 15 members of the University Presidential Search and Screen Committee.

The Search and Screen Committee will be composed of:

- Eight faculty members. Four will be officers of the University Faculty Senate who will then submit to the Trustee Presidential Selection Committee names of eight additional faculty nominees.
- Four will be from the University Park

Campus, two from other campuses and two from the Graduate Council.

From this list of nominees, the Trustee Presidential Selection Committee will name two faculty members from University Park, one from another campus and one from the Graduate Council.

- Two deans. One will be the chairperson of the Council of Academic Deans. In addition, the council will nominate two deans from which the Trustee Presidential Selection Committee

will select one.

- One member of the President's executive staff. To be selected from two individuals nominated by the executive staff.

- One campus executive officer. To be selected from two nominated by the officers.

- Two students. One undergraduate and one graduate. The Undergraduate Student Government and the Graduate Student Association will nominate two.

(Continued on page 3)

Capital budget request for 1990-91 will be submitted

The Board of Trustees has approved a 1990-91 capital budget request totaling \$196,660,000 for physical plant improvement projects.

Seventeen proposed construction projects account for \$176,982,000 of the request, and \$19,678,000 is earmarked for original equipment for previously approved construction projects.

The University will submit its 1990-91 request to the Pennsylvania Legislature and appropriate departments and offices of the Commonwealth.

President Jordan said the facilities and renovations were needed to meet the growing crisis of space limitations, upgrade facilities and provide for the future.

New construction includes 11 projects at University Park, one at Penn State Harrisburg, one at the Pennsylvania College of Technology in Williamsport and projects

at four Commonwealth Campuses.

Among the projects:

- Facilities for central energy production and waste disposal and recycling.
- University Park. \$65 million.

- Chemistry building at University Park. \$21.4 million. A single structure is essential to the bio-organic research programs currently conducted by the chemistry faculty, now housed in Davey and Chandler Laboratories.

- A new Paul Robeson Cultural Center at University Park. \$4 million. The center has a pressing need for more space to accommodate more educational and social programs and to provide a positive environment for students of color.

- An administration building at University Park. \$8 million. Current space limitations have forced the leasing of off-campus space for major administrative

support services, such as accounting, payroll and human resources. These services would be housed in the proposed building.

- A library and classroom building at Penn State Harrisburg. \$15 million. With more than 3,000 students, the campus needs more instruction space and library space than available in the original building to serve the Harrisburg-Lancaster York region.

- A campus center at Pennsylvania College of Technology, Williamsport. \$12 million. A central facility is needed to support student services and space to support activities in the performing arts.

- Other projects:
 - Renovation of Conklin Hall, Westling Building and General Studies Building at Mont Alto Campus. \$6.1 million.
 - Renovation of Research Buildings A, B and C at University Park. \$3.132 million.

- Renovation of Weaver and Patterson buildings at University Park. \$5 million.
- Academic building at Berks Campus. \$3.8 million.

- Renovation of and addition to the Music Building at University Park. \$6.1 million.

- Renovation of Sharon Hall and Sharon Hall Annex at Shenango Campus. \$5.9 million.

- Renovation of Sparks Building at University Park. \$4.5 million.

- Phase II of a Central Control System at University Park. \$5 million.

- Addition to Mitchell Building, University Park. \$4.2 million.

- Classroom Building at Hazleton Campus. \$2.6 million.

- Renovation of Berland Laboratory and Henning Building, University Park (\$5.25 million).

Focus on Diversity

Record number of Black/African American students got degrees

The number of Black African American students earning degrees at Penn State in 1988-89 increased 33 percent over the previous year. Trustees have been told.

A record number of 340 Black/African American students earned degrees at all levels last year. William C. Richardson, executive vice president and provost of the University said. They represent one-third more students than the 250 Black African Americans who graduated in 1987-88.

Of the 340 graduates, 14 received doctoral degrees; one earned a medical degree; 46 received master's degrees; 250 received bachelor's degrees; and 23 received associate degrees. Dr. Richardson said.

"We're pleased to see this progress, which adds momentum to Penn State's agenda for increasing cultural diversity, promoting social justice, and thus strengthening our nation," he added.

"We temper our pleasure, however, by realizing that these numbers are not nearly as high as we want them to be. Much work remains to be done in terms of getting more Black African American elementary and middle school students into the college-bound pipeline and in making sure that after they arrive on campus, they find the resources and environment conducive to their success."

Black/African American graduates of Penn State have been increasing since 1982-83, when 165 received degrees. In 1983-84, 166 graduated; in 1984-85, 168; in 1985-86, 229; and in 1986-87, 251.

Hispanic students also made appreciable gains last year. Dr. Richardson said. In

1988-89, 96 Hispanics graduated, an 18.5 percent increase over the 81 who graduated the previous year.

Of the 96 Hispanic graduates, 14 received doctoral degrees; 28 received master's degrees; 48 received bachelor's degrees; and six received associate degrees.

In addition, 20 American Indians received degrees at Penn State in 1988-89, compared with 19 the year previous. Of the 20, one received a doctoral degree; one a medical degree; seven received master's degrees; and 11 received bachelor's degrees.

The number of Asian or Pacific Islanders receiving degrees declined slightly in 1988-89, from 178 to 172. Of these graduates, four received doctoral degrees; five received medical degrees; 31 received master's degrees; 122 received bachelor's degrees; and 10 received associate degrees.

In all, Penn State awarded 11,270 degrees at all levels in 1988-89, an increase of 3.1 percent over the 10,935 awarded in 1987-88.

Diversity calendar

Thursday, Sept. 28

A discussion titled "Racism: Let's Keep Talking" will be held 8 p.m. at the Paul Robeson Cultural Center. The discussion is open to anyone and is sponsored by Project Growth, a new student programming group formed to provide opportunities for students to increase their awareness and cultural sensitivity.

Photo: Dave Shulz

At its first meeting of the academic year on Sept. 7, the Commission for Women introduced its new members. Shown seated, from left, are Robyn Garner, program specialist, Independent Learning; Corinne A. Caldwell, campus executive officer, Penn State Mont Alto Campus; Lisa M. Wincko, undergraduate student; Ellen L. Perry, associate athletic director, Intercollegiate Athletics. Standing, from left, are Danielle Richards, counseling assistant, Penn State Schuylkill Campus; Lynn Carbon Gorell, curriculum supervisor, Department of Spanish, Italian and Portuguese; Nancy J. Taylor, department secretary, Applied Research Laboratory; Teresa F. Shirk, lab assistant, Department of Plant Pathology; Tammy Foust, undergraduate student; Donna J. Schroyer, special events coordinator and secretary, College of Engineering. Not shown are Grace Hampton, vice provost, and Nivea Lisandra Torres, undergraduate student. The commission, created in 1981, serves as an advisory group to the president on matters affecting women of the University, as well as a forum for the exchange of ideas within the University community. Members are appointed by the president.

Carpoolers

Dwayne is looking for riders to join his vanpool from Houtzdale to University Park. Work hours are 8 a.m. to 5 p.m. Call 378-5391 or 805-4651.

Carpool is looking for a fourth driver from Philipsburg to University Park. Work hours are 8 a.m. to 5 p.m. Call 865-1965.

Wanda is looking for riders for a carpool to join a carpool from Philipsburg to University Park. She works from 8 a.m. to 4:30 p.m. and can be reached at 865-1517 or 345-0527 (after 6 p.m.).

Shirley is looking for an additional person to join her carpool from Philipsburg to University Park. Work hours are from 8 a.m. to 5 p.m. Call 865-7667 or 345-5737.

The Campaign for Penn State

National Cable Television Center and Museum gets gift

Cable television pioneers George J. Barco and his daughter Yolanda, have each given \$50,000 to the National Cable Television Center and Museum at University Park.

George Barco is founder and former president of Meadville Master Antenna

Inc. for many years after its organization in 1953 one of the nation's largest community antenna systems. He is a co-organizer of the museum and headed its committee for financial support.

Yolanda C. Barco, executive vice president of Meadville Master Antenna until its sale in 1986, is a partner with her father in the Meadville law firm of Barco and Barco. She is a member of the museum's board of directors.

As former president and longtime board member of the National Cable Television Association, George Barco played a role in carrying the copyright liability issue to the U.S. Supreme Court in the 1970s. The court's ruling that cable operators were not liable for copyright payments paved the way for significant expansion of the industry.

Yolanda Barco participated with her father in initiating another landmark court case that overturned federal excise taxes on cable television income. The suit resulted in

refunding \$25 million to cable television subscribers.

The cable museum is located in temporary quarters in Sparks Building. Its collection of documents, technology and programming will be available to students who are preparing for careers in cable television and will be used in training programs for the continuing education of industry personnel.

Cable industry groups began planning the museum in 1985. They launched a successful \$2 million fund drive to build and support the facility and endow a faculty chair in cable communications at Penn State.

"Penn State is an appropriate location to establish the museum because Philadelphia is the state in which many of the early technical developments in cable television occurred," George Barco noted, "and Penn State has been a leader in the use of cable television in continuing education, classroom instruction and research."

The Barcos helped organize the Pennsylvania Education Communications Systems, the group of cable companies that interconnected their systems by microwave to carry PENNARAMA, a statewide cable television network that carries a 24-hour schedule of adult education courses offered by various colleges and universities. George Barco is a former president of the group, and Yolanda Barco is chief executive officer.

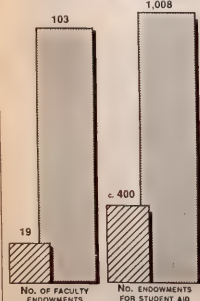

In the 1960s, George Barco led in organizing and raising funds for public television station WQLN, Channel 54, in Erie and was president of the station's licensee company.

Yolanda Barco helped found the Pennsylvania Cable Television Association and in 1963 was elected its president, thus becoming the first woman to head a state or regional cable television industry association. In 1967, she became the first woman elected to the board of the National Cable Television Association.

Making the Grade

The Campaign for Penn State

1984 1989

The Campaign has effectively focused attention on the University's greatest academic needs. donors, more aware that endowments are crucial to retaining and recruiting the best and brightest faculty and students, have more than tripled funding for these programs since 1984.

Market value of Associated Trust quadruples

The market value of Penn State's Associated Trust, an investment pool that accounts for 90 percent of the University's endowment, has more than quadrupled over the last five years.

The Associated Trust was valued at \$153.6 million as of June 30, compared with \$37.6 million on June 30, 1984, according to a report by David E. Branigan, assistant treasurer.

Private giving has accounted for more than a third of the endowment's growth since The Campaign for Penn State began

on July 1, 1984. Campaign gifts and pledges totaled \$282.5 million as of Aug. 31, but not all of these commitments have been directed toward endowed programs.

The University invests endowed funds and uses a portion of the income to support academic programs.

Of endowed principal in 1988-89, 32 percent supported nearly 1,000 scholarships and similar forms of student aid. About 21 percent was designated for faculty support, much of it in the form of support to endowed chairs, professorships and

fellowships. Penn State currently has more than 100 of these positions.

About 26 percent of the endowment was devoted to the University's Milton S. Hershey Medical Center. The remaining 21 percent benefited a variety of other academic programs, including research and the acquisition of library materials and laboratory equipment.

Mr. Branigan attributed the increase in the endowment's value to strong investment performance and to The Campaign for Penn State.

To Penn State Erie Alumni Fellow will make visit

Robert M. Mehalso, executive vice president and general manager of AMTX Inc., will visit Penn State Erie. The Behrend College, Sept. 27 and 28 as the College's 1989 Alumni Fellow. Dr. Mehalso will share his knowledge in business with students and faculty during his visit.

He graduated from Penn State with a bachelor of science degree in ceramic science in 1964, attending Penn State Behrend before enrolling at University Park. He also holds a master of science degree in materials science and a Ph.D. in material engineering from Rensselaer Polytechnic Institute.

Formerly a high-level manager of Xerox Corp.'s Advanced Microtechnology Division, Dr. Mehalso is widely respected for his pioneering and innovative approaches in the development and implementation of microfabrication and microassembly processes to manufacture small precision parts and assemblies. His work on the development of manufacturing processes for the optical storage disc and Computer Aided Design and Computer Aided Manufacturing (CAD/CAM) integrated with materials and processes have led to a new microtechnology concept in manufacturing.

He also has served on the faculty of the

Robert M. Mehalso

Materials Science Department at Rensselaer Polytechnic Institute. He holds five patents, with seven disclosures pending, for microtechnology processes.

In 1988, he established AMTX Inc., which specializes in microfabrication and microassembly for the office equipment, automotive, medical and military markets.

Acacia Little 500 scheduled for Oct. 1

The fourth annual Acacia Little 500 cycling event will take place from 8 to 11 a.m. Sunday, Oct. 1.

Sponsored by the Acacia fraternity, the race will be conducted for the first time on a route that winds through University Park Campus and downtown State College.

The U.S. Cycling Federation-sanctioned event includes races in four categories: citizens, women, juniors and USCF-men. The event benefits the American Cancer Society.

During the race, several roads and

parking lots will be closed. They include College Avenue, from Burrows to Shortridge roads, as well as University parking lots Green E, Yellow B and H and Brown A, D, G, F, J and H.

The event is open to all interested cyclists. Registration forms are available from Acacia, 234 Locust Lane, and from State College bicycle shops. T-shirts are available at Acacia for \$10. For more information, call Brad Siler at (814) 241-8570.

Search committee

(Continued from page 1)

undergraduate and two graduate students. The Trustee Presidential Selection Committee will select one undergraduate and one graduate student

-- One alumnus, the president of the Alumni Association.

Among committee's duties will be

-- To work with the executive secretary of the Trustee Presidential Selection Committee, Carol Herrmann, vice president for administration, in announcement of the position.

-- To screen, review and evaluate all applications and nominations on the

basis of the information received from the candidate or from the nominator.

After the closing of the nominations, the committee shall then prepare unranked, for the Trustee Presidential Selection Committee a list of five to 10 individuals deemed to be most qualified from those nominated or who applied. That list will be submitted by March 1, 1990.

-- To provide additional information when it is requested by the Trustee Presidential Selection Committee, as it begins its analysis of those identified and recommended by the Search and Screen Committee.

Partings

Samson T. Jacob, professor at Hershey, from Sept. 1, 1972, until June 16. **Paul Putter**, assistant professor at Ogonitz Campus, from Sept. 1, 1974, until June 30. **Richard E. Keebler**, instructor, Engineering, from Sept. 1, 1977, until July 1.

Douglas Maddox, associate professor, Arts and Architecture, from Sept. 18, 1972, until July 1. **Henry P. Sims**, professor, Business Administration, from Sept. 1, 1979, until July 1. **John R. Zink**, research assistant, Science, from Nov. 1, 1976, until July 1. **Carl Fornicola**, supervisor, stock control, Bookstore, from Jan. 15, 1973, until Aug. 1.

United Way receives designation

United Way has again been designated as the one major voluntary community charitable fund-raising agency at University campuses.

As outlined in the official University Policy (AD-6), the president annually authorizes one major voluntary fund-raising effort for which contributions may be made through direct giving or payroll deduction. This authorization also includes the use of University mail for information.

President Jordan, in making the announcement, said: "It is fitting that we

chose United Way, as its organizations support agencies that fit the needs of the communities. With campuses located in 22 different locations, we know that United Way agencies help our employees, their families and friends."

United Way campaigns are traditionally conducted each fall. University campaigns are conducted in cooperation with local agencies, and times that campaigns are conducted in various offices may vary. Local United Way offices or campus chairpersons can offer information on specific agencies

funded.

Employees at all locations choosing payroll deduction for making contributions should be aware that since January 1989, provisions were made for continuous deductions. Previously United Way deductions were for one year. To change deductions in the future, employees will need to complete a new United Way deduction card available from campus coordinators, from personnel representatives at University Park and from the Payroll Office at University Park.

Obituaries

Edward A. Sulkowski, retired assistant professor of physical education and boxing coach, died Sept. 3. He was 69.

Mr. Sulkowski received bachelor's and master's degrees from Penn State and in 1949 joined the Athletic Department as football trainer, assistant boxing coach and an instructor in physical education.

In 1950, he was appointed head boxing coach. He also became the wrestling coach in 1954. He taught a full roster of physical education courses and assisted with many sports at Penn State. He retired July 1, 1983.

Mr. Sulkowski was a trainer for the United States Olympic Boxing Team for the Munich games in 1972, and the Montreal games in 1976. While in that

position, he helped in the development of such boxers as Sugar Ray Leonard, Leon Spinks and Michael Spinks.

He taught boxing clinics in Tokyo and Korea, and training clinics in Germany, and he held top positions in the National Collegiate of National Boxing Coaches Association. In 1974, he was elected to the Trainers' Hall of Fame.

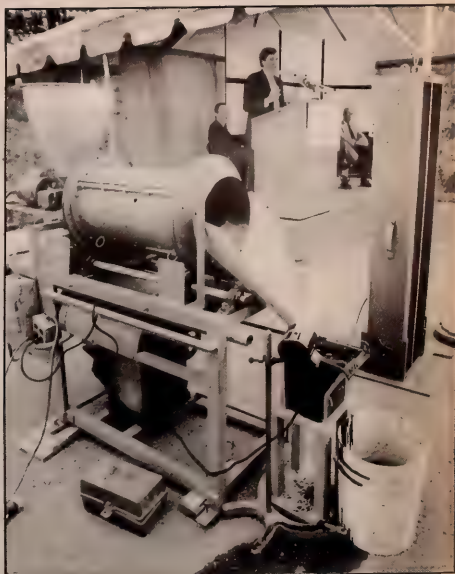

Chester J. Kalwarski, group leader-maintenance worker, New Kensington Campus, from Feb. 1, 1970, until his retirement March 1, 1981, died Sept. 3 at the age of 70.

institutional budgets nationwide."

Despite annual tuition increases, Penn State's income base per student today is 2.1 percent less than it was 20 years ago.

Pennsylvania ranked 47th among the 50 states in 1986 with regard to appropriations per full-time-equivalent student for public higher education.

"The University continues to receive the lowest appropriation per FTE student of all of Pennsylvania's public universities," Dr. Jordan added. "While the state's new and refreshing commitment to public higher education funding provides hope for Penn State, the serious underfunding still faced by this University remains the context within which all budget decisions must be considered."

Lt. Gov. Mark Singel spoke at the Sept. 15 dedication of a coal boiler site at University Park. The Combustion Laboratory has received \$1.54 million from the U.S. Department of Energy to study superclean coal-water slurry fuels. (Photo: Scott Johnson)

Appropriation

(Continued from page 1)

-- \$2.5 million for medical and basic sciences.

The general funds plan increase is precipitated by several factors, all related to the Higher Education Price Index, which continues to rise at a faster rate than general consumer prices.

"Nationally, colleges and universities continue to face rapidly escalating costs," Dr. Jordan noted. "The sharply rising costs of health care insurance, increased competition for outstanding faculty members, the cost of maintaining aging physical plants, and expensive and rapidly changing technology are some of the factors placing great demands on

Focus on the arts

Archaeology lecture

Wendy Ashmore professor of anthropology at Rutgers University, will present a lecture on "Sacred Ancient Maya Geography: The Copan North Group" at 7:30 p.m. Thursday, Sept. 21, in the Penn State Room at the Nittany Lion Inn.

The lecture is sponsored by the Penn State chapter of the Archaeological Institute of America, the Department of Anthropology, the Institute for the Arts and Humanistic Studies and the colleges of Arts and Architecture and the Liberal Arts.

The lecture is open to the public however space is limited; reservations are requested. Call 863-4174.

Featured author

The Penn State Bookstore on campus will feature alumnus Col. David Pergrin, '40, from noon to 2 p.m. Friday, Sept. 22, who will sign and discuss his new book *In a Dress in Rhine* (Macmillan, 1989).

The historical work, written with Eric Hammel, is his personal account of the 29th Combat Engineer Battalion Col. Pergrin commanded the unit which literally paved the way from Normandy to the Rhine. His battalion endured its baptism by fire in the Normandy breakout in the summer of 1944, played an important role in the Battle of the Bulge, and in March 1945 opened the way for the climactic drive into Germany by building the first Allied bridge across the Rhine.

Col. Pergrin has been very active in fund-raising drives for Penn State scholarships; he has served as a consultant for NATO and is a master wood-carver and has written several books on woodcarving techniques.

The public is invited to attend the book-signing. A 20-percent discount will be offered during the authors' visit to the bookstore.

The Arts on Channel 3

Frida Kahlo: *Portrait of an Artist*, airing at 2 p.m. Saturday, Sept. 23, explores the art, life and times of Mexican painter Frida Kahlo (1907-1954) who led a life as dramatic and haunting as the images she created. Overshadowed during her lifetime by her husband, Mexico's great muralist Diego Rivera, Ms. Kahlo now is recognized as one of the foremost women painters of the century.

A tribute to the songwriter friends of Fred Waring, including Dick Whitting, Gus Kahn, George Gershwin and Jerome Kern, is featured on *9th Waring: America* airing at 9 p.m. Saturday.

"W. Eugene Smith: Photography Made Difficult" airs at 10 p.m. Monday, Sept. 25, on *American Masters*. W. Eugene Smith stands in the tradition of great photographers who brilliantly covered the social conditions of his day and whose work, some say, served as a catalyst for social change. Art critic Peter Riegler plays Smith in this dramatized documentary.

Nova Consort

The Nova Consort will open the historical musical instruments concert series at 2:10 p.m. Sunday, Sept. 24, at the Palmer Museum of Art at University Park.

The program will feature songs popular during the Elizabethan era and contrast the songs of the courtly tradition against the more common folk tunes of the time.

The Nova Consort, a group based in State College, includes Toby Carlson, who plays the recorder and viola da gamba, Dorothy Hess, who plays the harpsichord and Barbara Hess, who serves as vocalist.

Chopin program

Carl Blake, pianist and faculty member in the School of Music, will present his first faculty recital at 4 p.m. Sunday, Sept. 24, in the Recital Hall of the Music Building at University Park.

His all Chopin program will feature "The

Four Ballades" No. 1 in g minor, Op. 23, No. 2 in F Major, Op. 28; No. 3 in A flat Major, Op. 47; and No. 4 in f minor, Op. 52.

Dr. Blake, who made his debut at the Carnegie Recital Hall in 1986, came to Penn State last July as assistant dean for recruitment and retention in the College of Arts and Architecture. He also is an assistant professor of music.

Prior to joining the dean's staff he was a faculty member of the Music and Arts Institute in San Francisco and taught piano privately.

Rock concert

The British band Love and Rockets will appear in concert, with the Pixies, at 8 p.m. Sunday, Sept. 24, at Recreation Building, University Park.

The event is sponsored by the University Concert Committee.

The group Love and Rockets includes guitarist/vocalist Daniel Ash, bassist/vocalist David J. and drummer Kevin Haskins. Its first performance was in 1985. Since then, the group has released four albums: "Seven Dream of Teen-age Heaven," "Express," "Earth/Sun/Moon" and "Love and Rockets."

Members of the Pixies are Black Francis, vocalist/guitarist; Kim Deal, bassist/vocalist; Joey Santiago, lead guitarist; and David Lovering, drummer. They have been performing together for two and a half years, and their latest album, "Doolittle," was released this year.

Tickets, which are \$14, can be ordered by credit card from 9 a.m. to 4 p.m. at (814) 863-0255, or purchased at the South Box Office at Eisenhower Auditorium, University Park Campus, weekdays through Sept. 22.

Tickets also can be purchased the day of the show at Recreation Building box office. For mail orders, send checks to Ticket Center, Center for the Performing Arts, 102 Eisenhower Auditorium, University Park, Pa. 16802.

Odyssey on WPSU

Novelist Brett Singer is "afflicted with simultaneity," says S. Leonard Rubinstein, professor emeritus of English, on this week's "Odyssey Through Literature" program.

Ms. Singer, who has taught in the departments of English and Comparative Literature, is the author of *The Pelting Zoo*

and *Footstool in Heaven*. She is the granddaughter of I.J. Singer and grandniece of Isaac Bashevis Singer.

Why does she write? Rubinstein asks.

"I'm doing it in my mind even when I'm not sitting down and doing it," Ms. Singer responds. "I always wrote from the time I was 3 or 4." Her father, a painter and the translator of both I.J. and I.B. Singer, always said, "Talent skips a generation."

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Organ recital

June Miller, organist and associate professor in the School of Music, will present a recital featuring compositions by German Dutch and French composers at 8 p.m. Monday, Sept. 25, in the Recital Hall of the Music Building at University Park.

Pennsylvania Quintet

The Pennsylvania Quintet, Penn State's wind faculty chamber ensemble, will present its only fall 1989 concert at 8 p.m. Wednesday, Sept. 27, in the Recital Hall of the Music Building at University Park. Pianist Cecilia Dunoyer will join the Quintet in its performance.

The program will include the Partita for Wind Quintet (1948) by the American composer Irving Fine and Skizzen - Suite after drawings by Heinrich Kley by Jan Bach. Ms. Dunoyer will join the Quintet for performances of Francis Poulenc's Sextour and the Divertissement, Op. 6 by Albert Roussel.

Ms. Dunoyer has concertized extensively in her native Europe, the East Coast, the Midwest and Mexico. The Pennsylvania Quintet is composed of faculty members Eleanor Duncan Armstrong, flute; Barry Kroecker, oboe; Smith Toulson, clarinet; Lisa J. Bontrager, horn; and Daryl Durran, bassoon.

Saxophone quartet

The Penn State Saxophone Quartet will perform in concert at 12:10 p.m. Thursday, Sept. 28, in Eisenhower Chapel at University Park. The 20-minute concert is part of the fall Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The program will include selections by

J.S. Bach and Lenny Niehaus. The group consists of four undergraduate music majors from the studio of Dan Yoder, who teaches saxophone and directs the jazz program in the School of Music.

Sylvan Trio

The Sylvan Trio will begin its second concert season at 8 p.m. Friday, Sept. 29, with a performance in the Recital Hall of the Music Building at University Park.

The program will feature three major works from the chamber music repertoire: Haydn's Trio in C Major, H.XV:21; Clara Schumann's Trio in g minor, Op. 17; and Antonin Dvorak's Trio in e minor, Op. 90, "Dumky."

Members of the Sylvan Trio, a local group formed in 1988, are Koya Ohmoto, Lois Durran and Claudia Koide.

Performance artist

Deborah Hay, choreographer and performance artist, will present "The Man Who Grew Common in Wisdom: The Navigator, The Gardener, The Airtour" at 8 p.m. Friday, Sept. 29, in Schwab Auditorium at University Park.

Ms. Hay is the first of eight internationally known artists and critics to visit Penn State for the Visiting Artist Seminar course, a new program initiated by James Stephenson, director of the School of Visual Arts. Her performance is a trilogy begun in 1986 with avant-garde composer Ellen Fullman, which continues to evolve.

Ms. Hay's "unique approach to movement through the art of perception" has received international acclaim. In the 1960s, she was part of the avant-garde movement that helped found the experimental Judson Church Theatre in New York City. In the '70s, she began her own company, collaborating with a mixture of visual artists, composers and musicians. In the last five years she has devoted her attention to the art of solo performance.

"The Man Who Grew Common in Wisdom" was funded by the National Endowment for the Arts and Friends of the Deborah Hay Dance Company.

'Swan Lake'

Ballet West brings the classic "Swan-Lake" to Eisenhower Auditorium at University Park at 2 and 8 p.m. Saturday, Sept. 30.

Set to the sensual sounds of Tchaikovsky and the masterful choreography of Ivanov and Peplia, "Swan Lake" is the story of a lovely princess transformed into a swan by an evil sorcerer whose spell can only be broken by true love.

Based in Salt Lake City, the 43-member Ballet West dance company reaches more than 200,000 people annually through its national tour.

Tickets are available at the Eisenhower Auditorium Ticket Center and Playhouse Box Office.

Art school

The Saturday Morning Art School, conducted by the Art Education Program, is offering a selection of courses from 9 to 11 a.m. Saturdays from Sept. 30 through Dec. 12.

Registration is on a first-come-first-serve basis. A brochure, including class listings and a registration form, is available from the Art Education office, 270 Chambers Building, University Park, phone 865-5601.

Courses are designed for students ages 5 to 19. Art classes offered include drawing and painting, clay sculpture and ceramics, creative arts for young children and art skills for intermediates.

Each course includes studio hands-on experience, art exhibition experiences, sessions with professional artists on campus, classes with current media and art materials and viewing/criticism experience at the Palmer Museum of Art at University Park.

The classes are taught by senior art

(Continued on page 5)

Deborah Hay, choreographer and performance artist, will present "The Man Who Grew Common in Wisdom: The Navigator, The Gardener, The Airtour" at 8 p.m. Sept. 29 in Schwab Auditorium.

Focus on the arts

(Continued from page 4)

education majors prior to their regular teaching requirements in the public school system.

The program is sponsored by the School of Visual Arts of the College of Arts and Architecture and is directed by Robert William Ott, professor of art education.

Jazz performance

Two unique jazz performers. Liz Story and the group Montreux, will present a concert at 8 p.m. Wednesday, Oct. 4, in Eisenhower Auditorium at University Park.

Both Liz Story and Montreux have two distinct styles. Some have described them as improvisation and New Age. For half of the evening, Ms. Story, a jazz-classical pianist, who was a 1987 Grammy nominee, will share her own compositions with an eclectic mix of improvisations.

The other half is Montreux, an acoustic jazz group. The group plays a variety of instruments, including electric bass.

mandolin, guitar, piano and violin, and mixes jazz, rock and even a touch of bluegrass into their songs.

At 7 p.m. a free lecture by a member of the Penn State faculty on New Age music and its roots in jazz will be held in the Greenroom in Eisenhower Auditorium. It is part of a new lecture series called Artistic Viewpoints offered by the Center for the Performing Arts.

The concert is supported jointly by grants from the Pennsylvania Council on the Arts and the National Endowment for the Arts. Tickets are available at the Eisenhower Auditorium Ticket Office, weekdays from 9 a.m. to 4 p.m. and at the Playhouse Box Office, Tuesday to Friday 11:30 a.m. to 5:30 p.m.

Apartheid drama

Direct from South Africa, three black women will bring their personal experiences under apartheid to University Park. At 8 p.m. Friday, Oct. 6, the

Vusiwezi Players will enact their international success "You Strike the Woman You Strike the Rock" in Schwab Auditorium.

The women wrote the play and star in it, as well. With a simple black cloth as their background, they recreate through a series of vignettes the day-to-day life in the poor townships outside of Cape Town.

In conjunction with the play, the Center for the Performing Arts is sponsoring a free workshop/lecture with the artists at 7:30 p.m. Thursday, Oct. 5, in the Women's Studies Lounge 12 Sparks Building. The lecture is part of a new program called Artistic Viewpoints.

The project is supported jointly by grants from the Pennsylvania Council on the Arts and the National Endowment for the Arts. The event also is partially sponsored by the Equal Opportunity Planning Committee.

Tickets are available at the Eisenhower Auditorium Ticket Office weekdays from 9 a.m. to 4 p.m. and at the Playhouse Box Office, Tuesday to Friday 11:30 to 5:30 p.m.

Trombone choir

A program ranging from jazz to classics will be presented by the Trombone Choir, a student group in the School of Music that has garnered national attention this year at 8 p.m. Thursday, Sept. 28, in the Recital Hall of the Music Building at University Park.

The concert will feature two new compositions and several new transcriptions and arrangements for trombone. Dan Yoder, faculty member in the School of Music, will join the choir as saxophone soloist on two of the arrangements.

The Trombone Choir is conducted by faculty member Mark Lusk.

Obituaries

Charles F. Martin, creamery worker, College of Agriculture from April 1, 1945, until his retirement Aug. 1, 1968, died Sept. 1. He was 80.

Barbara C. Bixler, medical technologist at the Hershey Medical Center since Sept. 11, 1978, died Sept. 5 at the age of 40.

From the Trustee Docket

Nittany Lion Inn

The Board of Trustees has approved construction of an addition to the Nittany Lion Inn.

Totalling 90,000 square feet, the new construction will include 115 guest rooms, a 500-seat Alumni Ballroom, an Alumni Council room and office space for the Alumni Association, according to Richard Benetfield, special assistant to Steve Garban, senior vice president for business and operations.

Other planned additions will include an enclosed swimming pool, a health club and an enclosed courtyard, which will be located between the current building and the addition.

Funding will come from a loan taken by the Nittany Lion Inn and will be repaid

from future income over the next 25 years, according to James Wagner, associate vice president for business operations.

The cost is estimated at \$15 million. Construction is scheduled to begin in early 1990 and is expected to take 16 to 20 months.

The Georgian-style interior and exterior will be maintained in the addition, Mr. Wagner said.

The long-range plan provides for subsequent major renovation work on the existing 144 guest rooms. When the entire project is complete, the inn will have approximately 250 guest rooms.

Williams, Trebilcock, Whitehead of Pittsburgh have designed the expansion and renovations. The project will go to construction bid late this year or early in 1990.

In other action, Trustees

— Authorized the awarding of contracts for the expansion of the Pennsylvania Transportation Institute Bus Testing Center. Funding was provided to the authority through the assistance of U.S. Rep. E.G. "Bud" Shuster of Altoona, senior member of the House Committee on Public Works and Transportation.

The only facility in the nation currently permitted to test bus models for urban mass transit, the University-operated center will consist of a maintenance and inspection building in Altoona (the former Conrail Training Center) and a road-type test track at the University Park Campus.

A small office building will be constructed at the existing test track. It will include five offices, a meeting room and a reception area.

The test track will be equipped with a durability course, a turnaround lane, a sine wave lane, a skid pad and a smooth lane. The total cost of the project is estimated

Development studies

Trustees heard an informational report on the status of development studies undertaken since the University Park campus Master Plan was completed in 1987.

In addition to the Master Plan, James Wagner, associate vice president for business and operations, reviewed plans from the Beckhard Study of East Campus that identified locations for a Convocation Events Center, a Conference Center/Hotel and an Alumni Center and the West Campus Study that outlined location changes for the College of Engineering as well as plans for the relocation of several holes of the White Golf Course.

He noted that the recent Master Transportation Plan provided guidance for

future vehicular and pedestrian traffic and included recommendations regarding the recently completed parking terrace and additional parking facilities to be built behind Eisenhower Auditorium. He also reviewed the Research Plan that outlined a plan for the development of a Research Park to include the Conference Center/Hotel in that location.

"Master planning is a dynamic and continuing process," he said. "The Research Park Plan made clear that the East Campus Beckhard Plan required modification, including the relocation of the Conference Center/Hotel to the Research Park."

"We are in the process of consolidating all of this master planning activity and effort into a single plan and have placed all of the information into our new, Computer Aided Design Drafting System."

Classroom building

Trustees have approved the construction of a classroom/office building on the University Park Campus.

With the growth of total student enrollment at the University Park Campus, there has been a great need for classrooms, labs and offices for students and faculty. James Wagner, associate vice president for business and operations, said.

Space is limited on core campus for new buildings, but it is a high priority to provide classrooms as close as possible to central campus for the students' convenience," he added.

The 80,000-square-foot building will house general classrooms, lecture halls, offices for the Statistics Department and administrative offices for the College of Science.

The new five-floor facility will be on the northeast corner of the intersection of Pollock and Shortridge roads. The total project budget is \$8.5 million.

at \$70,000 for the building and \$1 \$75,000 for the track improvements.

— Approved proposed sketch/preliminary plans for construction of a Science and Technology Center/Bookstore at the York Campus.

This project was made possible by a \$2 million fundraising campaign conducted in the communities served by the campus. Funding for the bookstore will be provided by the Penn State Bookstore system.

The two-story facility will be located directly north of the Student Community Center. The building's first floor will include two lecture classrooms, three computer classrooms and a bookstore. The second floor will contain faculty offices.

— Approved proposed sketch/preliminary plans for construction of a new classroom facility at the Hazleton Campus. The project was made possible by a \$1.5 million fundraising campaign conducted in the communities surrounding the campus.

The one-story structure will be located

south of the main pedestrian walkway, which connects the buildings of the campus's academic core. It will include three classrooms, a lecture room and a lobby/exhibit space on the main level. A partial lower level will include two offices.

— Approved proposed sketch/preliminary plans for additions and alterations to the Erie Building athletic facilities at Penn State Erie, The Behrend College.

The work will include an addition of 10,200 square feet on the east end of the building and renovations of the existing locker rooms and gymnasium.

— Approved the purchase of property owned by Nancy Rizzo for use by Penn State Behrend at a cost of \$67,500. The property is located on Station Road, Erie, adjacent to land owned by the University.

The purchase of the land will facilitate accomplishment of the Behrend College campus Master Plan approved in May 1987 by the Board.

Ag facilities

The Board of Trustees has approved preliminary plans for several agricultural facilities to complement the Agricultural Science and Industries Building, currently under construction at University Park.

The projects include a new poultry complex, a dairy complex and two greenhouses.

The poultry complex will be located north of the existing Headhouse No. 4 and near the Centre County Industrial

Development Corporation incubator building, which is presently under construction. It will replace the existing poultry facilities next to the outdoor swimming pool.

The dairy complex, to be located with the existing dairy facilities off Park Avenue, will have approximately 58,500 square feet and will include a heifer barn, a feed center, free stall housing and renovation of an existing building into an intensive research facility.

The two greenhouses, with approximately 17,500 square feet, will be connected to the south side of the Ag Science and Industries Building.

The total budget for the agricultural facilities project is \$13 million.

Trustees also approved final plans for an addition to the Agricultural Arena complex.

The new building will be the third phase of the complex and will be located north of the existing livestock holding facilities, which are just east of the Agricultural

Arena on the University Park campus.

The structure will be a 33,880 square-foot pole-barn building. It will be used to hold livestock for statewide dairy and livestock shows which can not be accommodated in the present facilities.

The project, designed by the Office of Physical Plant, is estimated at about \$300,000. Construction of Phase III of the Agricultural Arena complex is being funded through private donations, raised by the Pennsylvania Holstein Association.

Penn Staters

Mary S. Mander, associate professor of communications, presented an invited paper at an international symposium on journalism and the public sphere in Dubrovnik, Yugoslavia. Dr. Mander also gave a paper at the biannual meeting of the International Association of Mass Communications Research in Barcelona, Spain.

Raymond D. Nargi, director of financial management and associate treasurer, has been elected to the board of directors of Healthpass Inc., which is the parent of Healthpass Preferred P.P.O., Healthpass PPA, which is the fifth largest P.P.O. in Pennsylvania, is offered in Central and South Central Pennsylvania as an alternative delivery system for health benefits.

Peter D. Usher, professor of astronomy, gave a paper titled "Photometric Theory for Large-Scale Phenomena" at the Comets in the Post-Halley Era Colloquium, in Bamberg, West Germany.

Thomas Watschke, professor of

turfgrass science, has received the distinguished service award of the Pennsylvania Turfgrass Council for his outstanding leadership and contributions to the turfgrass industry in Pennsylvania.

James B. Anderson, professor of chemistry, gave an opening lecture titled "Development of the Monte Carlo Method for Quantum Chemistry" at the Monte Carlo Methods for Molecular Systems meeting, University of Paris. He also lectured on "Potential Energies for Clusters of Helium Atoms" and "Excitons in Semiconductor Crystals."

Z.T. Bieniawski, director of the Mineral Research Institute, is one of six people to be appointed to the Repository Design and Rock Mechanics Review Panel for the Yucca Mountain Project, the nation's first nuclear waste repository, located near the Nevada Test Site. The panel, established by the Sandia National Laboratory, is responsible for the repository design.

Elsworth R. Buskirk, Marie Underhill Noll professor of human performance,

has been elected president of the 1,000-member environment and exercise section of the American Physiological Society. Dr. Buskirk is director of Noll Laboratory for Human Performance Research, based in the College of Health and Human Development.

Helen A. Guthrie, professor and head of the Department of Nutrition in the College of Health and Human Development, has received the 1989 Conrad A. Elvehjem Award for Public Service in Nutrition for her pioneering nutrition education research and her prominence in the nutrition field, where she is highly recognized nationally.

H. Reginald Hardy Jr., professor of mining engineering, has been selected by the Italian Society for Nondestructive Testing as a member of the international advisory committee for the International Conference on Monitoring Surveillance and Predictive Maintenance of Plants and Structures to be held in Taormina, Italy, in October 1989.

John J. Henry, professor of mechanical engineering and director of the

Pennsylvania Transportation Institute, presented a paper, co-authored with **Charles Antle**, professor of statistics, at the 11th International Road Federation World Meeting in Seoul, Korea. The paper was titled "Field Evaluation of Pavement Marking Materials."

Dale Jacquette, assistant professor of philosophy, gave a talk on "Demonstratives and the Logic of the Self" at the Symposium on Sprache und Metaphysik, Academie du Midi, Institut fur Philosophie, L'Abbaye de Lagrasse, Lagrasse, France.

Robert LaPorte Jr., professor of public administration, presented a paper on "Power, Privilege and Decision-Making: The Changing Nature of the Administration System of Pakistan" at an international symposium on The Modern Political Economy of Pakistan held in Honolulu, Hawaii.

Donald W. Leslie, professor of landscape architecture, has been elected vice president of the American Society of Landscape Architects (ASLA).

Senate discussion focuses on climate for diversity

The climate for diversity in the University community was the focus of the Sept. 12 meeting of the University Faculty Senate.

In opening the forensic session, Senate Chairperson Janet Atwood said diversity is the Senate's highest priority this year. She invited eight individuals to talk about how they view the University climate for diversity. A discussion followed the presentations.

The speakers were:

-- **Thomas Merritt**, past-chairperson of the Senate, reviewed the Senate's previous actions concerning diversity.

They included addressing the issues of divestment, apartheid, the University's SHARE program (Scholarship, Help, Academic exchanges, Review of equity holdings and Educational programs, created in 1986), and becoming involved in the University's minority recruitment and retention efforts. In 1988-89, the Senate adopted a resolution on diversity.

-- **Robert E. Dunham**, vice president and vice provost, discussed the University's model for dealing with environmental concerns and the efforts of University and community groups to improve the climate for diversity.

A key component of the model, the Campus Environment Team, meets weekly "to review systematically the reported incidents and to assess the campus environment," he said.

"A second feature of the model is to speak out strongly and quickly against acts of intolerance. The president has been very willing to fulfill this role."

Janyn Altus, Undergraduate Student Government president, related the responses she received when she asked students about the climate for diversity at the University.

"Everyone I talked to said we do have problems with the climate for diversity," she said. Most indicated that ignorance, rather than hatred, was the cause of problems.

-- **Catherine G. Lyons**, co-director, Center for Minority Graduate Opportunities and Faculty Development, talked about the messages the local community sends to minorities.

"The messages may not be overt, but they are there," she said, citing the example of trucks displaying Confederate flags. "As long as we deal with pieces (of the problem) as part of a community, instead of dealing with issues in a holistic way, we'll still be looking at the climate for diversity next year. We need to teach by example."

-- **Kenneth Martin**, Graduate Student Association president, said the University is making progress in its efforts to improve the climate for diversity, but a more positive approach is needed.

He suggested that last year's theme for banners and buttons proclaiming "United Against Racism" ought to be expressed more positively, such as "United for Diversity."

-- **Victor Dupuis**, professor of education and faculty member for more than 20 years, said, "There is no doubt in my mind that the president and provost hold diversity issues to be of the highest priority but one cannot legislate or compel diversity."

He added, "I do not believe the climate to be favorable at this time."

He said the Senate should pursue the recommendations in the team of social scientists' final report.

-- **Jeffrey Ballou**, a senior, said, "We must do more than address issues. We must act."

He mentioned media coverage of racial incidents at the University, Bensonhurst and Virginia Beach and emphasized that "we must all learn to respect each other's differences and values."

-- **Anthony R. D'Augeth**, professor of individual and family studies, discussed the "invisible minority" -- homosexuals. For this group, the climate has worsened, he said.

As adviser to the Lesbian and Gay Student Alliance since 1985, he said the situation for these students is such that harassment is inevitable. He suggested that issues involving sexual orientation be included in all diversity and educational matters.

Following the presentations and discussion, the meeting was adjourned and other agenda items were postponed until Oct. 10.

Faculty Senate chairperson outlines key concerns

The issues of diversity across the University community, undergraduate education and women's issues are key concerns of the new chairperson of the University Faculty Senate.

Janet Atwood, associate professor and acting head of the Department of Exercise and Sport Science, said she has three goals related to diversity that she hopes this year's Senate will deal with: improving the instructional climate; addressing cultural, racial and gender issues in the curriculum; and improving the interpersonal relationships of all members of the University community.

To address these goals, the Senate is conducting two forensic sessions on the topic of diversity. The first session, held Sept. 12, dealt with the climate for diversity throughout the University. The Oct. 10 forensic session will address issues of possible diversity requirements within the curriculum, Ms. Atwood said.

"Student, faculty and staff representatives have been invited to make presentations at the forensic sessions. Their remarks will be followed by presentations by nonmembers

who have requested the privilege to speak and by open discussion by Senate members," she said.

"We view these sessions as valuable in raising diversity issues that our standing committees may consider in depth. We look to the standing committees to bring forth proposals and offer advice and consultation."

"I have no predictions as to how the committees will approach these concerns, but I feel diversity is a compelling issue which must be addressed," Ms. Atwood said.

Another area of interest involves the recommendations of the Strategic Study Group on the Status of Women. The concerns, which deal with the status of women in all aspects of University life, have been placed on the agendas of the Senate standing committees.

Other goals for the Senate this year include:

-- following up on issues introduced by President Jordan at last April's Senate meeting dealing with the quality of instruction in undergraduate education and

distinguish between passive, aggressive, and assertive behavior. Meets Wednesday, Oct. 25, from 9 a.m. to 4 p.m.; cost: \$55.

Vietnam/Disabled Veterans

The University is a government contractor subject to Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, as amended, which requires government contractors to take affirmative action to employ and advance in employment qualified disabled veterans and veterans of the Vietnam era.

A "disabled veteran" is a person entitled to disability compensation under laws administered by the Veterans Administration for disability rated at 30 per centum or more, or a person whose discharge or release from active duty was for a disability incurred or aggravated in the line of duty.

If you are a disabled veteran covered by this definition and would like to be considered under the affirmative action program, please contact the Affirmative Action Office (863-0471).

The information requested is voluntary and will not be used to adversely affect the terms and conditions of your employment. It will be kept confidential, except that (1) supervisors and managers may be informed regarding restrictions on work duties and necessary accommodations, and (2) first aid personnel may be informed, when and to the extent appropriate, if the condition might require emergency treatment.

Janet Atwood

recognition of the value of undergraduate instruction.

"I'm pleased with the appointment of Dr. Knight as vice provost and dean for

undergraduate education. I have confidence that he will bring these concerns to the forefront and effectively move them toward," Ms. Atwood said.

-- establishing a task force on faculty development, jointly with the executive vice president and provost, to follow up on last year's work on faculty salaries. The task force will look at faculty workload, promotion and tenure and faculty development.

-- forming a task force on adult student life, jointly with the executive vice president and provost, to look at issues related to nontraditional undergraduates.

-- continuing to monitor matters related to academic and athletic standards, admissions, student life, research activities, economic development and physical growth of the University.

A member of the University faculty since 1969, Ms. Atwood previously was a department head at the University of New Hampshire and a faculty member at the University of Iowa and Skidmore College. Her academic interests deal with administration and leadership.

Faculty/Staff Alerts

Courses for employees

The Human Resource Development Center has openings in the following courses being offered in October. Call the Center at 865-3410 for registration information.

Profraternities Designed to reduce errors in proofreading by teaching participants how to proofread through a series of scans rather than reading word for word; meets Friday from 1:15 to 3:30 p.m., Oct. 13 through Nov. 17; cost: \$125.

Success Stories Utilizes American Management Association materials in a series of courses specifically designed with the clerical (support staff) supervisor in mind; meets Mondays from 1:15 to 4:30 p.m., Oct. 16 through Nov. 20; cost: \$150.

Developing Office Professionalism Designed for clerical employees who have identified the value of professional development and who are willing to put forth the effort to attain such a goal; meets Tuesdays from 1:15 to 4 p.m., Oct. 17 through Nov. 21; cost: \$125.00.

Supervision Series Developed by McGraw-Hill, it covers interpersonal areas of supervision. All sessions provide skill modules which emphasize practical application of new skills; meets Tuesday and Friday from 8:30 to 11:45 a.m., Oct. 17 through Nov. 21; cost: \$275 for series, or \$35 per module.

Assertiveness Participants will learn to

News in Brief

Graduate women in science to meet

Nu Chapter of Sigma Delta Epsilon will hold its fall meeting at 7:30 p.m. Monday, Sept. 25, in Room 101 Kern Building, University Park. The speaker will be Sharon Jainrak, director of the Women in Engineering Program at the University.

Sigma Delta Epsilon, the national graduate women in science organization, is affiliated with the American Association for the Advancement of Science. Nu chapter was founded at Penn State in 1930.

Anyone who holds a baccalaureate or advanced degree and who is or has been involved in research in one of the mathematical or scientific fields is welcome to join. Graduate students who are registered for a degree in science requiring scientific research may join at a student rate. For more information, contact President Carol Hodes (238-6375) or treasurer Elizabeth White (865-5451).

Medieval and Renaissance Studies

The University of Pennsylvania will host the Third Pennsylvania Symposium on Medieval and Renaissance Studies Oct.

27-28. The theme of this year's symposium is "The Book and the Idea of the Book in the Middle Ages and the Renaissance."

The event, which is rotating annually among Penn State, the University of Pittsburgh and the University of Pennsylvania, will feature keynote addresses by Jesse Gellrich, Louisiana State University, and Sabine MacCormack, Stanford University.

There will be three general lectures and five panels devoted to various aspects of books, book collecting, illustrations and illuminations, and the reception of books in these periods.

Anyone interested in receiving a copy of the program or attending (and possibly sharing transportation) should contact Gerhard F. Strasser, Department of German, 865-5481 or (238-7993) by Sept. 27.

Sigma Xi nominations due

Faculty members are reminded that nominations for new members to Sigma Xi, the Scientific Research Society, are due. Nomination forms may be obtained from Ellen Rockey, 106 Patterson, 865-1895. Completed forms should be returned to Ms. Rockey.

Admissions Center dedicated

First impressions can make a big difference to prospective students and their parents when it's time to select a college or university. With a newly remodelled Admissions Visitation Center, Penn State is making sure its visitors feel welcome and at home.

Located on the second floor of Shields Building at University Park, the center was officially dedicated during the annual fall conference for admissions officers and counselors, faculty and guests on Wednesday, Sept. 13.

About 12,000 visitors, prospective students and their parents and families, visit the center each year. Scott F. Healy, director of admissions and assistant vice president, said: "For most, the Undergraduate Admissions Office is their first look at the University Park Campus and their first introduction to Penn State."

The reception area, the orientation room, offices and conference rooms have been redecorated and remodeled to reflect Penn State as it is today. The architectural firm of Palumbo and Horlacher Inc. designed the renovation.

Contractors for the project were Haran Construction Co., Nittany Electric Co. and the McClure Co. Construction began in the summer of 1988 and was completed this spring.

Faculty and students in the School of Visual Arts have designed a special exhibit for the opening of the center that depicts Penn State campuses throughout the state. Student art is exhibited in the center and will be changed twice a year. Cindy Morrison, manager of the Zoller and Chamber galleries, manages the student exhibits.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. The announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Sept. 28, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment Practices (FEP) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by laws, rules or status as a disabled or Vietnam era veteran).

• **Applications Programmer Analyst, Academic Services University Registrar's Office, University Park Campus**—Responsible to the coordinator Information Services for conducting analyses of data processing problems, determining detailed requirements to solve problems and formulating logical statements of system problems and preparing computer programs to satisfy desired results. Design, modify, test and control computer programs using REXX, C, BASIC, FORTRAN, PL/I, COBOL, and other languages. Requires bachelor's degree or equivalent in computer science and one to two years of effective experience in computer programming and analysis. STAFF GRADE 5.

• **Attorney, Student Services, Campus Life, University Park Campus**—Responsible to the associate director, Campus Life, for providing consultation, counseling and advice to students and student groups on a wide variety of legal issues and problems. Develops student programs, activities and publications to enhance students' intellectual, cultural and social responsibilities. Requires graduation from an accredited law school with a J.D. or LL.B. degree, admission to the Pennsylvania Bar Association and three to five years of effective experience in legal services. PROFESSIONAL STAFF GRADE 12.

• **Affirmative Action Investigator, Office of the President, Affirmative Action Office, University Park Campus**—Responsible to the affirmative action officer for performance evaluation of staff to see that the Affirmative Action Office is compliant

divisions in compliance with University policy, federal and state legislation and other laws and regulations governing equal employment and affirmative action. Requires bachelor's degree or equivalent in administration of justice, social or behavioral science or related field. Two to three years of effective experience preferably within the context of human resources and social services, equal employment opportunity and investigative procedures is required. STAFF GRADE 7.

• **Prop Shop Supervisor, Arts and Architecture, Department of Theatre Arts, University Park Campus**—Responsible to the technical supervisor, Department of Theatre Arts, for supervising the daily operation of the prop shop and for assisting in providing instruction to students in prop construction, materials and equipment. Requires bachelor's degree or equivalent in technical theater plus up to one year of effective experience in a professional prop shop. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 WITH POSSIBILITY OF RE-FUNDING. STAFF GRADE 4.

• **Technical Theater Specialist, Arts and Architecture, Department of Theatre Arts, University Park Campus**—Responsible to the technical supervisor, Department of Theatre Arts, for providing instruction to students in proper theater construction techniques for practical application to production requirements. Requires bachelor's degree or equivalent in technical theater plus up to one year of effective experience in scene studios and theaters. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 WITH POSSIBILITY OF RE-FUNDING. STAFF GRADE 4.

• **Assistant Coordinator, Children's Miracle Network Telethon, University Hospital, Department of Planning and Health Services, Advancement, Hershey Medical Center**—Responsible to the coordinator, Children's Miracle Network, for the coordination of telethon special events, recruitment and management of volunteers and increasing television allocation monitoring. Requires bachelor's degree or equivalent plus one to two years of effective experience in public relations or promotional activity. Strong organizational and accounting skills desirable. STAFF GRADE 5.

• **Computer Operator, College of Medicine, Medical Computer Center, Hershey Medical**

Center—Responsible to the manager of the Medical Computer Center, College of Medicine, for monitoring and controlling electronic computers on established routines and for assisting department staff members as required. Requires two years of college or equivalent, with one to two years of experience in data processing. HOURS FOR THIS POSITION ARE 4 P.M. TO MIDNIGHT. WEEKENDS INCLUDED. STAFF GRADE 4.

• **Medical Social Worker II, College of Medicine, Social Services, Hershey Medical Center**—Responsible to the social services coordinator for providing inpatient and outpatient medical social services and providing practical help and emotional support to patients and their families. Requires master's of social work degree from an accredited college or university and or equivalent one to two years of effective experience. STAFF GRADE 6.

• **Coordinator, Residency Program, College of Medicine, Department of Medicine, Hershey Medical Center**—Responsible to the assistant dean for external relations and continuing education for coordinating the day-to-day activities of the Department of Medicine Residency Program to include assisting in the recruitment of residents and development and maintenance of the budget. Requires an associate degree or equivalent in business administration plus one to two years of effective experience. STAFF GRADE 4.

• **Public Information and University Relations Assistant, Commonwealth Educational System, University Relations, Berks Campus**—Responsible to the director of university relations for organizing and conducting an effective comprehensive public information and media relations program for the campus. Provide support and guidance to alumni organizations and coordinate special events. Requires bachelor's degree or equivalent, in journalism, English, communications plus one to two years of effective experience in newspaper and/or journalistic writing or public relations. Position requires a high level of skill in oral and written communications. Experience in volunteer relations and desktop publishing desirable. STAFF GRADE 5.

• **Computer and Electronics Specialist, Commonwealth Educational System, Director of Academic Affairs, Berks Campus**—Responsible to the assistant director of academic affairs for maintaining operations of computer and computer related labs. Assist students and faculty with hardware, software and programming problems and projects in the computer laboratories. Requires an associate degree or equivalent in microcomputer technology, computer programming or related field plus two to three years effective experience in microcomputer systems desirable. Knowledge of electronics desired. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 WITH A GOOD POSSIBILITY OF BECOMING A CONTINUOUS POSITION. STAFF GRADE 5.

Position open at Penn State Harrisburg

Applications and nominations are being sought for the position of associate provost/associate dean of the faculty at Penn State Harrisburg. The associate provost/associate dean of the faculty provides academic leadership to the College and serves as principal adviser to the provost/dean on major budgetary, personnel and other academic decisions.

The successful candidate shall have had substantial and significant academic credentials and administrative experience at a senior level and experience in a research university.

He or she should have demonstrated

skills and accomplishments in line management with significant budgetary responsibilities and in building a culturally diverse institution. The successful candidate also should have strong communication skills, a record of successful interaction with faculty and staff, and vision as well as vitality.

Applications and nominations should be submitted to Jeremy F. Plant, chair, Search Committee, Penn State Harrisburg, Middletown, PA 17057. Review of candidates will begin about Oct. 10. A January appointment is preferred.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

INTERCOM

September 28, 1989

Volume 19, Number 6

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

Dr. Richardson to serve as 1989 United Way chairman

William C. Richardson, executive vice president and provost of the University, will serve as chairman for the University Park 1989 United Way Campaign. He served as vice chair in 1988.

Named as vice chair for 1989 is Anne C. Petersen, dean of the College of Health and Human Development. Dr. Petersen will serve as campus chair in 1990, thus providing continuity in campaign leadership and consistent administrative support for the United Way campaign.

As chair of the University Park campaign, Dr. Richardson will meet with campus administrators to enlist support for United Way. He will encourage United Way associate and assistant chairpersons in each administrative area to implement new initiatives and programs suggested during an in-depth study on the United Way program conducted last spring.

Dr. Richardson has been executive vice president and provost of the University

since July 1, 1984. He came to Penn State from the University of Washington, Seattle, where he was graduate dean and vice provost for research.

Serving as associate and assistant chairs respectively for major administrative and academic units at University Park for the United Way campaign are:

Commonwealth Educational System: **Richard E. Grubb**, **Kenneth E. Varcoe**; Student Services: **William W. Asbury**, **Sara W. Alterio**; Computer and Information Systems: **J. Gary Augustson**, **Paul J. Peworchuk**; International Programs: **W. LaMar Kopp**, **Tannaz Rahman**; Advanced Technology: **John E. Werner**, **Arthur A. Heim**;

Business and Operations: **James M. Wagner**, **Robert C. Finley**, **Jerry Boyles**; Finance: **Ken S. Babe**, **William F. Norgroski**, **Mary A. Northamer**; Athletics: **W. Herbert Schmidt Jr.**, **Linda J. Woodring**; Research and Graduate Studies:

Charles L. Hosler, **Beatrice R. Swift**; Development and University Relations: **G. David Gearhart**, **Janice F. Oakes**;

Budget: **P. Richard Althouse**, **Mary Jane Fisher**; Undergraduate Education: **Gregory Knight**, **Rebecca A. Young**; Academic Services: **Robert E. Dunham**, **Gloria D. Decker**; President's Office: **Carol Herrmann**, **Sharon E. Becker**; University Libraries: **Nancy M. Cline**, **Cynthia R. Detmer**;

College of Agriculture: **Lamartine F. Hood**, **Robert W. Sams**; College of Arts and Architecture: **James C. Moser**, **Arthur S. Dervais**; College of Business Administration: **J.D. Hammond**, **Trudy A. Smith**; School of Communications: **Brian N. Winston**, **Christine Templeton**; College of Earth and Mineral Sciences: **John A. Dutton**, **Everett P. Tiffany**;

College of Education: **Robert F. Nicely**, **A.J. Gull**; College of Engineering: **John A. Brighton**, **Nancy J. McMurtry**; College of

Health and Human Development: **Anne C. Petersen**, **Mary G. Dunkle**; College of the Liberal Arts: **Hart M. Nelsen**, **James A. Winick**; College of Science: **Gregory L. Geoffroy**, **Joseph M. Lambert**.

Smiles were the order of the day as ribbons were cut for the opening of the Magic Years Child Care and Learning Center at the Hershey Medical Center. Magic Years, which specializes in operating child-care centers at other healthcare facilities, will operate the center and lease the land from the Medical Center on a long-term basis.

In Istanbul, Turkey Business conference scheduled

Penn State Harrisburg and Marmara University in Istanbul, Turkey, have signed an agreement to jointly sponsor an international business conference in Istanbul in 1991. The agreement also includes faculty and student exchange programs, and intensive summer courses in Istanbul.

"Establishing this sister institution relationship is important to furthering Penn State Harrisburg's efforts to internationalize the business curriculum," said Ruth Leventhal, provost and dean at Penn State Harrisburg, who recently visited Marmara University to sign the formal agreement.

"Enhancing the strong international business focus in our School of Business Administration is the primary goal of this agreement. This gives Penn State

Harrisburg a presence, contacts and a strong working relationship in a thriving city halfway around the world."

The conference on international business will be planned, organized and managed by a faculty committee from Penn State Harrisburg's School of Business Administration and Marmara University's Faculty of Economic and Administrative Sciences.

Marmara University was founded in 1982 by incorporating several existing educational institutions, including the Hamidiye School of Higher Commercial Education, founded in 1883. With 20,000 students, Marmara University is unique for teaching its programs in English, Turkish and French.

Penn State Harrisburg graduate will visit college as Alumni Fellow

Richard M. Barger, partner in the Harrisburg accounting office of Ernst & Young, has been named Penn State Harrisburg's 1989 Alumni Fellow.

A 1971 graduate of the business administration program, he is a member of the Penn State Harrisburg Board of Advisers, serving on the board's community relations committee, and co-chair of The Campaign for Penn State Harrisburg, working to raise \$2 million for the college.

Mr. Barger and David Brown, a fellow graduate who also is a partner in the firm, initiated an annual giving program among the Penn State Harrisburg alumni in their office.

The group began with an initial donation of \$500 in 1980, established its first named alumni scholarship in 1983, and announced plans to fund the first alumni-endowed scholarship in 1986. To date, 14 students have received financial assistance through the Penn State Harrisburg Alumni Scholarship program.

During his visit to Penn State Harrisburg, Mr. Barger will participate in a panel discussion, which is open to the public, at

Richard M. Barger

7:30 p.m., Monday, Oct. 2, in the Capital Union Building. The topic will be "Business in Search of the New Work Force." He also will speak to students and the public at 11 a.m. Wednesday, Oct. 4, in the Gallery Lounge.

Faculty development task force named

A task force has been asked to develop a set of recommendations for the enhancement of faculty development at the University.

The appointment of the Task Force on Faculty Development follows the suggestion of a 1988-89 committee, chaired by **Ronald R. Keiper**, professor of biology (Mont Alto).

That committee reviewed salaries, workloads and related concerns stemming from University Faculty Senate studies of salary disparities between University Park faculty and those at other locations, and other inappropriate disparities, such as those based on gender. In a report submitted in February 1989, the group emphasized a need for further examination of opportunities and rewards for professional progress and development, and for recommendations addressing these issues.

As a result, **William C. Richardson**, executive vice president and provost of the University, and **Janet Atwood**, chair of the University Faculty Senate, have appointed the Task Force on Faculty Development.

The Task Force will be chaired by **John**

J. Cahir, associate dean for resident instruction in the College of Earth and Mineral Sciences. Members include

Deborah F. Atwater, associate professor of speech communication and director, Minority Faculty Development; **Robert A. Bernoff**, campus executive officer, Penn State Ogontz Campus; **Joseph S. DiGregorio**, associate dean for CES and Continuing Education in the College of Engineering; **Louise E. Hoffman**, associate professor of humanities and history, Penn State Harrisburg; **Professor Keiper**, **Manfred Kroger**, professor of food science.

Roland E. Larson, professor of mathematics, Penn State Erie; **John J. Romano**, campus executive officer, Penn State York Campus; **Jack P. Royer**, director of academic affairs, Penn State Fayette Campus; **Suzanne Striedieck**, associate librarian, Pattee Library, and **Roger Zellner**, associate professor of art Penn State Altoona Campus.

Staffing the Task Force will be **Michael J. Doorsis**, senior planning analyst in the Office of Planning and Analysis. The Task Force expects to submit its report by February 1990.

Focus on Diversity

Diversity Opportunities Calendar

Monday-Tuesday, Oct. 2-3 The second annual Muslim World Fair will feature a lecture, "Relevance of Islam to Contemporary Society," by Sulayman Nyang, professor of political science at Howard University, Washington, D.C. The talk will be held in the HUB Assembly Room Oct. 2 beginning at 7:30 p.m.

On Oct. 3, M.O. Farooq, assistant professor of economics at Western Illinois University, Macomb, will present a lecture, "Contributions of the Muslim Civilization to World Civilization," in 112 Kern at 7:30 p.m.

Thursday, Oct. 5 Actresses from the Market Theatre of South Africa will conduct a workshop and lecture, telling about their experiences as actresses and

women dealing with apartheid in South Africa at 7:30 p.m. in 12 Sparks. The group encourages audience input. The lecture is sponsored by the Center for the Performing Arts, co-sponsored by Women's Studies Program.

Friday, Oct. 6 The Vusizwe Players, in their first United States tour from South Africa, will enact their international success "You Strike the Women, You Strike the Rock," 8 p.m. in Schwab Auditorium. They wrote the play and star in it as well. With simple black cloth in the background, they recreate through a series of vignettes the day-to-day life under apartheid in the poor townships outside Cape Town. Tickets are available at Eisenhower Auditorium Ticket Office, weekdays from 9 a.m. to 4 p.m.

and at the Playhouse Box Office, Tuesday to Friday 11:30 a.m. to 5:30 p.m.

Oct. 6 also is the reservation deadline for the first in a series of faculty development workshops sponsored by the Office of Minority Faculty Development. The series starts with the topic "Promotion and Tenure." Saturday, Oct. 14, from 9 a.m. to noon in 101 Kern. Reservations can be made by contacting Leah Wittig at 863-1663.

Saturday, Oct. 7 Ethnic foods, music, dance, crafts and fun will be the focus as Penn State and the Centre Region host their first town and gown festival to promote cross-cultural interaction. The event will take place at the Central Parklet,

located behind the Fraser Street Post Office from 10 a.m. to 7 p.m.

Highlights include the 2nd annual Chili Challenge sponsored by the American Indian Student Association and musical performances by Earthtones, Passport, Deacons of Dixie, the Voices of Unity choir and Penn State's United Soul Ensemble. The day-long event is sponsored by the Academic Assistance Program Council in association with Centre Region of Governments, the Downtown Business Association and the State College Area School District. Registration forms for the Chili Challenge are available at 320 Rackley.

Minority Voices journal is reactivated

Minority Voices, a Penn State-based national journal that explores issues concerning people of color, is returning after a seven-year absence. The reactivation issue focuses on the combined effects of racism and sexism.

It spotlights the complicated issue of "Interactive Discrimination: The Combined Effects of Racism and Sexism" says John Barnes, managing editor and coordinator, Office of Minority Programs, for the College of the Liberal Arts.

"We want to shed light on the experiences of minority women," Mr. Barnes notes. "The struggle for recognition and visibility encountered by many women of color is something quite different from anything men of color or white women face."

For the past three years, Penn State's Center for Women Students and the college's Office of Minority Programs have co-sponsored a speaker series of the same title. The overwhelming response to the series prompted the decision to dedicate the inaugural issue to women of color. Mr. Barnes says.

With an expected first-year circulation of 1,000 nationwide, the biannual publication also will feature graduate student and faculty writings, including scholarly articles, book reviews and poems on issues facing oppressed groups in America.

Established in spring of 1977, the publication was discontinued in 1982 because of funding problems. The former journal was supported by University funds and subscription fees. The re-established journal currently is funded by the University's Equal Opportunity Planning Committee.

"Although this inaugural issue has a specific focus, subsequent issues will consist of a much broader perspective pertaining to literature, the arts, social and behavioral science, as they relate to minority perspectives," Mr. Barnes says.

Papers and manuscripts are welcomed. Copies may be submitted to: The Office of Minority Programs, College of the Liberal Arts, 130 Sparks Building, University Park, Pa. 16802, Attention John S. Barnes.

The deadline for submitting material for the issue is Nov. 1.

Women of Color

The Central Pennsylvania Women of Color honored William Richardson, executive vice president and provost of the University, for his personal efforts in the retention of minority faculty at the University.

On Sept. 15, Dr. Richardson received an award from the group during a special luncheon. Other guests of honor included Board of Trustee members Cecile Springer, Jesse Amelle, Mimi Coppersmith, Barry Robinson, Nancy Kidd and Christina Henke.

Recognition also was given to Ann Shields, former WOC coordinator and chair of the Commission for Racial/Ethnic Diversity, and Suzanne Brooks, director of the Affirmative Action Office and board member of the National Institute of Women of Color, for their personal leadership within WOC.

The next monthly WOC luncheon will be noon Oct. 5 at the Hotel State College. State College Borough Council member Jean McManis will talk on "Participating in Your Local Government." Call 863-0621 for reservations or information.

WPSX-TV programs

"Ancestral Voices," airing on WPSX-TV at 9 p.m. Friday, Sept. 29, on *Mayers: The Power of the Word*, includes poets who turn to the past and their own cultural heritage to understand the present.

Garrett Hongo's poetry reflects his Japanese-American heritage. Joy Harjo's poetry is influenced by her Native American heritage. Mary TallMountain's poetry reflects her Native American and Anglo heritage.

Super Chief -- The Life and Legacy of Earl Warren, airing at 10 p.m. Monday, Oct. 2, is a provocative portrait of a fascinating man in a turbulent time.

As chief justice of the Supreme Court from 1953 to 1969, Warren changed the face of America through a series of landmark decisions. The most emotionally charged case was "Brown v. the Board of Education of Topeka," which declared the separation of public school children by race unconstitutional, giving the civil rights movement legal authority.

The Campaign for Penn State

Jewish studies

The Mitrani Family Foundation of New York has donated \$200,000 to help create a faculty chair in Jewish Studies in the College of the Liberal Arts.

The chair requires a \$1 million endowment. Including the Mitrani gift about \$840,000 in private funds have been raised.

"This faculty position will add strength and continuity to our efforts to develop programs in Jewish literature, civilization and religion," Dean Hart M. Nelsen said. "The Mitrani Foundation's gift is indicative of the enthusiasm we've encountered for creation of the chair."

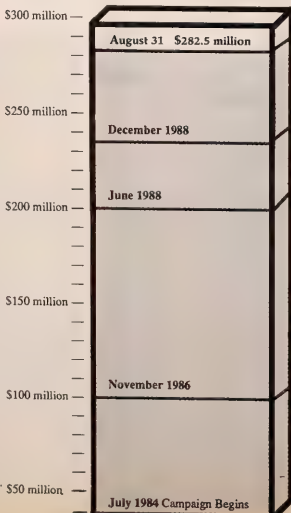

The Mitrani Family Foundation was established through a bequest by Marco Mitrani, founder of Milco Industries of Bloomsburg. The foundation supports Jewish and academic programs.

Instrumental in securing the gift were Herbert Hasson, the president and chief executive officer of Milco, and Harold J. Hein, a Penn State alumnus and New York businessman who heads the chair's fund-raising activities in the New York area.

Fund raising began in the fall of 1988. Since then, Mr. Hein and 14 other alumni volunteers in the Northeast have been seeking donations to the endowment.

The gift is included in the college's National Endowment for the Humanities challenge grant. Under a three-to-one matching agreement, the NEH will award approximately \$60,000 to the college.

CAMPAIGN FOR PENN STATE Progress Toward \$300 Million Goal

Japanese history

The Japan Foundation has pledged \$70,000 to add a specialist in Japanese history to the Department of History.

Andrew E. Goble, who has spent several years as a student and researcher in Kyoto and Tokyo, and who most recently was a postdoctoral fellow at Harvard's Reichsarchiv Institute of Japanese Studies, as been appointed to the post. Dr. Goble, a native of Australia, is a student of political and social change in 14th-century Japan, and has taught at Harvard, Stanford and the University of Alabama.

"We have a first-rate scholar in Dr. Goble," Charles Ameringer, head of the Department of History, said. "He'll add immeasurably to our studies of the Far East. With this support by the Japan Foundation, we can complete the circle of scholarship begun with our faculty positions in Chinese and Vietnamese history."

Dr. Ameringer also noted that Dr. Goble's scholarly activities will enhance courses in Japanese languages, the humanities and political science.

The Japan Foundation is an independent philanthropy with offices in New York and Tokyo. It supports projects in Japan and the United States that promote better communication and greater understanding between the two nations.

The gift is part of The Campaign for Penn State, a six-year effort to raise \$300 million in private support for academic programs.

Two are honored for exceptional academic services

Ruth Stoner, team leader of the records team, Registrar's Office and Gloria D. Decker, assistant to the vice president for personnel and administrative services, Division of Academic Services, are the recipients of the third annual Vice President's Award for Exceptional Academic Services.

The award, which was presented by Robert E. Dunham, vice president and vice provost, recognizes outstanding service contributions by an individual or group of individuals within the academic services unit at the University.

Established in 1987, the award grew out of the unit's strategic planning goals of "strengthening the services provided by academic services units, stressing convenience and courtesy to clientele and effectiveness and adaptability in management."

Ms. Stoner's work involves maintaining the accuracy of student records. She answers questions from both students and parents, taking the time to solve unusual problems and calm upset students or parents.

A longtime member of the Registrar's Office staff, she serves as a resource for other University staff members who have questions about the ISIS computer system.

"Ruth's attitude and actions reflect a positive image of the Registrar's Office to students, departments and co-workers," according to the nomination statement.

Ms. Decker is an active participant in the ISIS End User Implementation Team. Among her other accomplishments, she was responsible for the origination of the Personnel Representative Retreat and handles personnel matters for the Division of Academic Services, as well as serving on the Office of Human Resources committees on course development and employment.

She has provided guidance for renovations, particularly for the Admissions Community Recruitment Centers. She serves as chairperson of the Vice President and Vice Provost Committee on Cultural Diversity. The United Way has recognized her consistent contributions to charity with a special certificate.

"Both of these recipients personify the 'service ethic.' Each, in her own way, has

Taking part in the award ceremony are, from left, Warren R. Haffner, University registrar; award recipients Ruth Stoner and Gloria D. Decker; and Robert E. Dunham, vice president and vice provost.

made significant contributions to this University," Dr. Dunham said. "Since Gloria Decker has worked with me in some

capacity for two decades, it is personally rewarding to recognize her outstanding contributions."

Faculty/Staff Alerts

Flexible benefits plan

The University is expanding its flexible benefits plan for calendar year 1990 to include flexible spending accounts. William J. Walsh, director, Salary Administration and Benefits, said an enrollment period will be held from the first week of October until Nov. 17.

Flexible spending accounts are a means to pay for certain eligible expenses with pretax salary dollars. Mr. Walsh explained that a participant decides how much he/she wishes to contribute to his/her account based on anticipated out-of-pocket medical and/or dependent care expenses. The contribution is then withheld from salary before federal income and social security taxes are calculated. After the participant incurs an eligible expense, he/she will be reimbursed from his/her tax-free account. The net result is increased spendable income due to the elimination of the

federal taxes on these funds.

The expanded flexible benefit plan will consist of three options:

Option 1: Contribution Conversion, a continuation of the first phase of flexible benefits which has been in place since earlier this year. Individuals electing this option pay the cost of their healthcare coverage and the first \$50,000 of group life insurance with pretax salary dollars. Participation in Option 1 automatically renews each year unless an individual elects not to participate during the annual election period.

Option 2: Health Care Reimbursement Account is a flexible spending account which helps pay for medical expenses not covered by a healthcare plan. Some examples include dental plan deductibles and copayments, amounts exceeding vision plan maximums, preventative healthcare

such as routine physicals and mammograms, hearing aids (including batteries) and cosmetic surgery. In general any expense allowable as a medical deduction on the federal income tax return is eligible for reimbursement.

Option 3: Dependent Care Reimbursement Account is the second flexible spending account being made available beginning in 1990. Work related dependent care expenses up to \$5,000 a year may be reimbursed from this tax-free account. Mr. Walsh said that many people paying daycare and baby-sitting fees are familiar with the federal child and dependent care tax credit. This flexible benefit option is an alternative method of saving taxes on these types of expenses.

Participation in any of the three flexible benefit options is strictly voluntary. Option 1 renews automatically each year, whereas

Options 2 and 3 require an annual sign-up. All regular full-time faculty and staff are eligible to participate and will be receiving a packet of information, including the election form, by campus mail.

More than 60 meetings have been scheduled at all University campuses to give interested persons an opportunity to ask questions about the program. Ronald R. Rohde, a benefits specialist in the Office of Human Resources, is coordinating the flexible benefits program and is available to answer questions by calling 865-1473 (Network 475-1473) or E-mail RRRI. All election forms must be received in the Employee Benefits Division in the Rider Building no later than Nov. 17.

New hires will be given 31 days from their date of employment to elect to participate in any or all of the flexible benefit options.

University's Van Pool Program is picking up speed

The University's Van Pool Program appears to be picking up speed.

Under the program, operated by the Department of University Safety, the University acquires the vehicle to be used to provide transportation for employees to and from work.

Users of the service agree to maintain the vehicle and reimburse the University for the cost and operating expenses of the vehicle through periodic payments at established rates.

The University currently operates five

vans originating in Phillipsburg, Woodward, Aaronsburg and Lewistown. An additional van is available.

There seems to be sufficient interest to start up additional pools. "Bruce Kline, program coordinator, said, 'A number of potential routes have been identified.'"

Mr. Kline said that University Safety maintains a computerized data base of employees who are interested in ride sharing. Prospective routes are evaluated by the number of potential users who share the same or similar work hours.

Once a route has been identified a driver is selected from among those indicating interest. The driver/coordinator is then provided a list of interested van poolers. The driver/coordinator is then asked to obtain signed individual forms from 13 or 14 interested individuals from the list.

The driver/coordinator has the responsibility of maintaining the van and keeping a sufficient number of riders to pay the van pool costs. In return, he or she

receives free transportation to and from work.

Interested employees may enter their names onto the list of prospective van poolers by calling University Safety at 865-1864 and asking for an enrollment form. Mr. Kline said, "Employees interested in starting or joining a car pool also are encouraged to request enrollment forms."

Anyone interested in finding out more about van pooling or car pooling may call Bruce Kline at 865-1864.

News in Brief

Women's Alliance

The Women's Alliance will sponsor a networking brunch at 9:30 a.m. Saturday, Oct. 5, at the Aupoport, State College. The discussion will focus on women's health issues: special concerns, delivery of services, research, access, and attitudes.

For information contact Betty Moore, program coordinator, at 863-1809, or Jean Landa Fyfel, Women's Alliance chairperson, at 863-0754 by Oct. 5."

Faculty/staff orientation

A faculty/staff orientation workshop sponsored by the College of Agriculture's Office for Research will be

held from 8:30 a.m. to 5 p.m. Thursday, Oct. 5, in the Assembly Room of the Nittany Lion Inn at University Park.

There will be sessions on College of Agriculture research programs and funding, development of a research (station) project and extramural funding, as well as presentations on the Institutional Animal Care and Use Committee, University Biosafety Committee and Office for the Protection of Human Subjects.

Clinic re-accredited

The Speech and Hearing Clinic in the College of Health and Human Development has been re-accredited by

the American Speech-Language-Hearing Association.

The accreditation is granted by the professional services board of the association. It certifies that the clinic meets or exceeds national standards for providing high-quality professional care to people who have communication disorders.

The clinic, operated by the Department of Communication Disorders, diagnoses and treats clients who have speech and hearing disorders. It also provides a setting for students to gain professional experience and for faculty to conduct research.

Graduate Lecture Series

Kenneth Weiss, professor and head of the Department of Anthropology, will

present the second of this fall's Graduate Lecture Series at 4 p.m. Wednesday, Oct. 11, in Room 112 Kern Building at University Park. In his talk, "Medieval Mappamundi and the Conceptual Map of Genetics," Dr. Weiss will discuss changes in our knowledge of human genetic variation, relating those changes to age patterns and the genetic nature of human cancer.

Language project seeks participants

Keith Nelson of the Department of Psychology is looking for children ages 2 1/2 to 8 years to participate in a research program exploring ways to teach children language. Call Dr. Nelson at 863-1747 for details.

Focus on the arts

Talk on Bellefonte

Hugh Manchester will give a talk on the history of Bellefonte at 2:30 p.m. Sunday, Oct. 1, at the Palmer Museum at University Park.

Mr. Manchester, a resident of Bellefonte, has collected both factual and anecdotal information on his town over the years. The lecture complements the Museum's current exhibition, "Bellefonte Collects." Many artifacts from Bellefonte homes are featured. Among the items on display are a lap desk belonging to former Gov. James A. Beaver, still preserved by his descendants, and a portrait by artist Jacob Eichholtz of James Pettkin, who was a member of the Pennsylvania state legislature in the early 19th century.

The talk is free and open to the public. For more information contact the Palmer Museum at 865-7672.

AT&T officials describing their exhibit, "MicroScape: The Hidden Art of High Technology," to a viewer are Len Stern, left, retired AT&T scientist and currently a photographic consultant, and Michael A. Brunner, executive vice president, AT&T Federal Systems. The exhibit is on display in the HUB Browsing Gallery through Nov. 8. (Photo: Scott Johnson)

Quilting workshop

A quilting workshop for spouses of graduate residents of family housing at University Park Campus will be held from 10 a.m. to noon Tuesday, Oct. 3 in Room 312 Hetzel Union Building.

The goal of the workshop is to provide an opportunity for spouses of graduate students to meet others who live on campus and to introduce them to a uniquely American art form - quilting. A majority of the married graduate students living in 300 on-campus apartments are international students.

The HUB Craft Centre and the Graduate Housing Division in Housing and Food Services are cosponsoring the workshop.

Becky Shiver, a member of the Centre Pieces Guild, will teach participants how to piece together patches of fabric to create a sash bag. For those interested in learning more about quilting, the HUB Craft Centre offers additional workshops and classes.

To preregister for the special workshop call the Craft Centre at 865-0611.

Odysee on WPSU

The Bari Indians of Venezuela and Colombia live in a world of concentric rings; their house are oval, surrounded by the rings of crop in their fields, and the rainforest at the edge of the clearing.

On "The Bari's World of Rings," the next edition of "Odysee Through Literature," anthropologist Stephen Beckerman explores with host Leonard Rubinstein what thinking of the world as a series of circles might mean to the Bari.

"What I'm curious about," says Mr. Rubinstein, "is why this particular civilization prefers to remain with that particular geometric design." Bari culture, he discovers, is graceful and smooth, with no harsh angles even in its social relationships.

"Odysee Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Trombone quartet

The Nittany Trombone Quartet will perform a concert at 12:10 p.m. Thursday Oct. 5, in Eisenhower Chapel at University Park. The 20-minute performance is part of the fall Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The Quartet members are Bruce Retynski; Sean Reusch, Jon Moyer and Matt Neff. All students in the School of Music.

Vietnam ex-POWs

Two Vietnam War ex-POWs will bring the veterans' perspective to the present-day campus as part of a special Vietnam War program and exhibit Oct. 5-6 at University Park.

Retired Air Force Col. Norman McDaniel and retired Navy Capt. Giles Norrington

will conduct a joint symposium titled "We Can Keep You Forever" at 8 p.m. Thursday, Oct. 5, in Eisenhower Auditorium. The presentation is part of the leadership conference and is open to the public.

Robert C. Doyle, a key organizer of the program, invited Col. McDaniel and Capt. Norrington to share their memories of the "Hanoi Hilton," the most notorious of Vietnam POW camps. Col. McDaniel was a prisoner of war from 1960 to 1973. Capt. Norrington from 1968 to 1973.

They will recall their experiences in American studies and Black studies classes and in an open seminar at the Robeson Center from 3:30 to 5:30 p.m. Friday, Oct. 6. Their presentation at the Robeson Center will focus on the film "The Bloods of Nam."

The program is sponsored by ROTC, the American Studies and Black Studies programs, the Penn State Veterans Organization and Alumni, the Paul Robeson Cultural Center, the Office of Unions and Student Activities and the Veterans of the Vietnam War, Post 22.

A Smithsonian exhibit, "The Vietnam Veterans Memorial: A National Experience" will be on display from noon to 5 p.m. daily, Sept. 30-Oct. 29 in the HUB Formal Gallery.

Dr. Doyle, instructor in American studies and a Vietnam veteran, created a Penn State course called "The American Dream in the Vietnam War," now in its second year.

The Vietnam War program begins with the free showing of the film "Hanoi Hilton" at 7:30 p.m. Wednesday, Oct. 4, in the HUB Assembly Room.

"The entire program is intended to address the unanswered questions about the Vietnam War and thus help people achieve some kind of psychological closure," Dr. Doyle says.

'Ethics in America'

"Ethics in America," a 10-part PBS videotape series, will be shown during Fall and Spring semesters under the sponsorship of the Office of Religious Affairs.

Each presentation will be followed by a discussion led by members of the University community.

Fall Semester topics are:

- "To Defend a Killer" (legal ethics and reticence); 7:30 p.m. Thursday, Oct. 5, 112 Kern Building.

- "Public Trust, Private Interests" (ethics in government); 3 p.m. Monday, Oct. 23, Eisenhower Chapel, Memorial Lounge.

- "Does the Doctor Know Best?" (ethics in healthcare); 7:30 p.m. Wednesday, Nov. 1, Eisenhower Chapel, Memorial Lounge.

- "Anatomy of a Corporate Takeover" (business ethics and distributive justice); 3 p.m. Monday, Nov. 13, Eisenhower Chapel, Memorial Lounge.

For more information, call the Chapel at 865-6548.

Conference scheduled

The third annual conference on Organ and Church Music will be held at University Park from Thursday, Oct. 12, through Saturday, Oct. 14.

The conference, a continuing education service of the College of Arts and Architecture, is designed to provide choirmasters and organists the opportunity to perfect their art of service playing and conducting.

Weston Noble, director of music activities at Luther College in Decorah, Iowa, will present a workshop on choral rehearsal techniques, using the Pennsylvania Collegiate Choral to demonstrate.

James Moeser, dean of the College of Arts and Architecture and one of the country's premier concert organists, will conduct a workshop on improvisation and one on the music of Cesar Franck.

Mr. Noble, who was named the outstanding music educator in the United States in 1989 by the national Federation of High School Associations, is internationally known as a conductor and clinician.

Dean Moeser is vice president of the American Guild of Organists, the principal association for organists in this country with a membership of more than 20,000. In addition to his administrative duties at Penn State, he maintains an active performing schedule throughout the United States and in Europe.

For more information about the conference, contact Arthur Dervaes, 248 Calder Way, University Park, 865-1759. To register for the conference, contact William Steiner, 410 Keller Conference Center, University Park, 865-9173.

Holiday card

The Penn State Bookstore on campus is offering Penn State holiday cards at a special price. The cards have a sketch of the main gate on the front and the message "Seasons Greetings and Best Wishes for a Happy New Year" inside.

The Bookstore is offering a special price

to University departments purchasing large quantities of cards - 30 cents per card (net price, no further departmental discounts apply). Orders for 50 or more cards are requested. The Bookstore also has available, in the store, boxes of 10 Penn State holiday cards, which departments may purchase.

Use a standing order number or limited order to reserve holiday cards by Oct. 13 to ensure that cards will be received by Dec. 1.

For more information, contact Shirley Baney or Stephanie Luther at 863-2512 or 863-3558, or Elizabeth Wilson at 863-3250.

The arts on Channel 3

"Love Songs" are featured on *Fred Wang's America* airing at 9 p.m. Saturday, Sept. 30.

"Streets of Crocodiles" is an extraordinary work of puppet animation which conjures up a mysterious world of miniature cityscapes and ambiguous rituals performed in a dusty shop tended by blank-eyed porcelain-faced tailor dolls. The work airs at 10 p.m. Sunday, Oct. 1, on *Alise from off Center*.

In Performance at the White House, airing at 9 p.m. Wednesday, Oct. 4, is the second of three programs hosted by President and Mrs. Bush that are planned around the celebration of national holidays and keyed to the theme of the patriotic song "The House I Live In." This program celebrates Columbus Day, with ethnic music reflecting the arrival of all immigrants to American shores.

HUB Galleries exhibit

"The Vietnam Veterans Memorial: A National Experience" from the Smithsonian Traveling Exhibition Service, sponsored by the Office of Unions and Student Activities with the support of the Equal Opportunity Planning Committee, will be on display in the Formal Gallery of the Hetzel Union Building at University Park from Sept. 30 to Oct. 29.

The exhibition consisting of photographs depicting major events surrounding the commemoration of the Vietnam Veterans Memorial between 1982 and 1984, adds a depth of understanding to the significance of the American experience in Vietnam. It is dedicated to all who served their country and to those who lost someone to the war.

Augmenting this exhibition is a display in the Art Alley Cases of personal memorabilia of the Vietnam War, organized by Bob Doyle, Stewart Koonitz and A.J. Turgeon.

On Oct. 7, from 1 to 4 p.m., in the Hetzel Union Gallery Lounge, the public is invited to participate in a special program organized by the Veterans of the Vietnam War, Post 22, Inc., the Association of Penn State Veterans Alumni and the Penn State Veterans Organization and hosted by the Hetzel Union Galleries. The schedule includes a slide presentation of events occurring around the Memorial and the Moving Wall, an open meeting, reception and commemorative ceremony.

For more information about the exhibit or program, contact the HUB Galleries at 863-0611, 312 HUB.

Bookshelf

M. Lee Upratt, assistant vice president for counseling services, is co-editor with John N. Gardner, University of South Carolina vice chancellor, of *The Freshman Year Experience*.

The book presents comprehensive, practical guidelines for developing strategies, programs and services that will foster students' educational programs and adjustment to campus life in the pivotal first year of college. Written primarily for college presidents, academic administrators, student affairs administrators or faculty members, the book devotes individual chapters to how institutions can be more responsive to the needs of blacks,

Hispanics, women, returning adult students, student athletes and commuters.

"The real challenge for colleges and universities will be diversity," Dr. Upratt says. "They can no longer think of freshmen as 18-year-olds right out of high school."

"Colleges must develop better enrollment and orientation programs and services to help provide the new type of freshman with every opportunity to succeed, just like they did for freshmen who preceded them."

The book also provides specific information on all aspects of developing and ensuring the success of effective freshmen programs and services.

University Park Calendar

September 28— October 8 Special Events

Thursday, September 28
 Bach's Lunch Concert, 12:10-12:30 p.m., Eisenhower Chapel, Penn State Saxophone Quartet.
 Social History Colloquium, 3:45 p.m., Rare Books Reading Room, Pattee Library. Kathy Peiss, Univ. of Mass., on "Placing Women in the Social History of Leisure." Refreshments 3:15 p.m.

Spanish, Italian, Portuguese Lectures, 8 p.m. 101 Kern, Frank W. Medley Jr., Univ. of South Carolina, on "Language, Literature and the Myth of Sisyphus: Making Mole Hills Out of Mountains."
 School of Music, 8 p.m., Recital Hall, Trombone Choir and Tuba/Euphonium Ensemble.

Friday, September 29
 Geog. Coffee Hour, 4 p.m., 319 Walker. Richard Alley on "Summer in Greenland at 30 Below: What It's Like and Why We Put Up With It." Refreshments 3:30 p.m.

School of Music, 8 p.m., Recital Hall, Sylvan Trio, Koya Ohmoto, piano, Los Duran, violin; Claudia Koide, cello.
 School of Visual Arts, 8 p.m., Schwab Aud. *The Man Who Gave Comm in Wislota* (dance performance).

Saturday, September 30
 Shaver's Creek, 9 a.m.-4 p.m., Zipping Your Way to New Self-Awareness. Call 863-2000.
 Center for the Performing Arts, 2 and 8 p.m., Eisenhower Aud. "Swan Lake" from Ballet West.

Sunday, October 1
 Penn State Tennis Center opens for the season. Hours are 8 a.m.-9 p.m. Call 865-1381 for court reservations.

Shaver's Creek, 1-4 p.m., View from the Graveyard (Neogeography Can Be Fun). Call 863-2000.
 History Talk, 2:30 p.m., Palmer Museum of Art. Hugh T. Manchester on "Belle Font." Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *Tout Le Monde Du Monde All The Best: Art Call Paris/La Maitrise* 8:30 p.m. Uebel (1953). Free.

Monday, October 2
 Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Robert Doyle on "The Captivity Narrative in the Vietnam War." Refreshments served.
 German films, 8 p.m., 101 Chambers. *Romance in a Moon-Kin Romance* in Moll (1943).

Tuesday, October 3
 Kent State, Penn State, American College Personnel Association, Student Affairs Seminar Series, 6-9:30 p.m., 5 Pattee Library, "Ethical Leadership and Institutional Loyalty." Pre-registration, Cont. Ed., 865-3443.
 Campus Life Assistance Center, Student Concerns, 7:30 p.m., HUB Ballroom, "Rape: Is It Here? Let's Talk," a student-to-student discussion; open to Univ. community.

Wednesday, October 4
 Center for the Performing Arts, 8 p.m., Eisenhower Aud. *Liz Story and Montreux: An Evening with Windham Hill*.

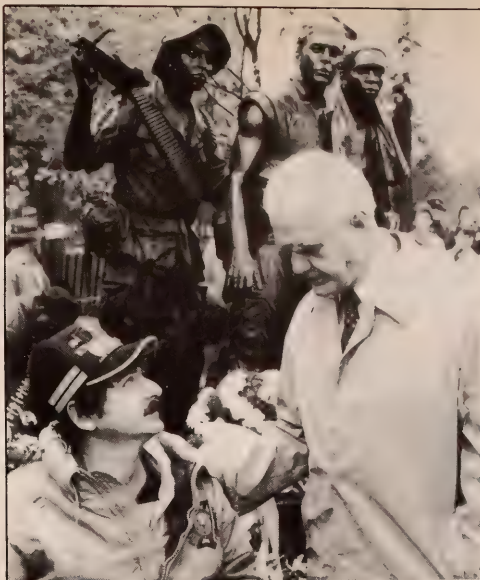

Thursday, October 5
 Women of Color Luncheon, noon-1 p.m., Hotel State College.

Bach's Lunch, 12:10-12:30 p.m., Eisenhower Chapel, Nittany Trombone Quartet.
 Office of Religious Affairs, 7:30 p.m., 112 Kern. "To Defend a Killer," Legal Ethics and Retributive Justice, videotape.
 Center for the Performing Arts, lecture, 7:30 p.m., 12 Sparks. Market Theatre of South Africa.

Friday, October 6
 Geog. Coffee Hour, 4 p.m., 319 Walker. April Veness, Univ. of Delaware, on "Victims and Opportunists: How Wilmington's Homeless Make Do and Make Over Their World." Refreshments 3:30 p.m.
 Shaver's Creek, 9:30 p.m.-10 a.m., Adventure Series: Night Life, through Oct. 7. Call 863-2000.

Center for the Performing Arts, 8 p.m., Schwab Aud. "You Strike the Woman, You Strike the Rock," Market Theatre of South Africa.

Sunday, October 8
 Shaver's Creek, 9 a.m.-4:30 p.m., Climbing From the Cowpath: A Look At Challenge, 2-4 p.m., Traditional Wild Herbs. Call 863-2000.
 Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *Alphabets, Goodmother, The Fall and the Last, Fox, Mox and a Wonderful Heart of Age, What, A Nice Girl Like You*, 8:45 p.m., *Street of Shame* (1956).

The photo "General Westmoreland" by Dane Penland is included in the Hetzel Union Building Gallery exhibit "Vietnam Veterans Memorial: A National Experience."

International Events

Workshop
 A workshop for department heads, graduate admissions officers and others who work with international students will be held three times in Room 105 Hetzel Union Building, 10 to 11 a.m. Wednesday, Oct. 25, 10 to 11 a.m. and 1-2 to 3 p.m. Thursday, Oct. 26. It will focus on new procedures for monitoring academic progress and establishing duration of degree programs, new earlier admissions deadlines for international students; and coordinating the Office of International Students' orientation with departments' orientations and testing.

Program, academic program director: Dr. Albert A. Vicerie, assistant dean and director of executive programs and assistant professor of business administration

Seminars

Thursday, September 28
 Physics Colloquium, 3:30 p.m., 55 Osmond Lab. Tom Wylar, Vanderbilt on "A Brief History of the Significance of The Vacuum."
 Ecology, 4 p.m., 111 Warkit. Timothy Kimmel on "Conservation of Northern Goshawks in Pennsylvania."

Friday, September 29
 Agronomy, 3:35-4:25 p.m., 111 Tyson. Leonard Ganeson on "Pesticide Data and Its Use in Policy Evaluations."
 Speech Communication Colloquium, 4:40 p.m., 200 Chambers. Michael C. Left, Northwestern Univ., on "Ancient Rhetoric and the Principle of Decorum."

Monday, October 2
 Marker Lectures in the Physical Sciences, Nobel laureate Chen Ning Yang, SUNY Stony Brook, 8 p.m., 119 Osmond Lab, on "Symmetry—Evolution of a Concept Through the Centuries." Oct. 3, 4 p.m., 117 Osmond Lab on "Genesis of Maxwell's Equations." Oct. 4, 4 p.m., 55 Osmond Lab, on "The Yang-Baxter Equation." Oct. 5, 3 p.m., 117 Osmond Lab on "High Energy Collisions."

Tuesday, October 3
 LFO Research Committee Colloquium Series, 9:45 a.m., Reference Lecture Room University Libraries. Sally Kalin on "The Challenges of

For information about Penn State arts and calendar events and the weather, call 863-1234 and follow the directions given in the recorded message.

Working With Remote Access Users to Online Catalogs."

Gerontology Center Colloquia, noon-1 p.m., 101 Health and Human Dev. East Daniel Walden on "The Aging of Saul Bellow: In Life and in Fiction." Refreshments served.

Chemistry Colloquium, 3:30 p.m., 55 Osmond Lab. James B. Anderson on "Quantum Chemistry by Random Walk."

CAMP, 4 p.m., 150 Davey Lab. J. McKelvey on "Delectic Relaxation."

Biology, 4 p.m., 8 Mueller Lab. Brenda G. Leitch on "Chus State Univ."

Thursday, October 5
 College of Ag. faculty staff orientation workshop, 8:10 a.m.-5 p.m., Assembly Room Nittany Lion Inn.

Econometrics workshop, 2:30 p.m., 420 Kern. Insan Tunali, Cornell Univ., on "Duration Analysis of Fertility Patterns in Malaysia."

Physics Colloquium, 4:30 p.m., 55 Osmond Lab. Stewart Smith, Princeton, on "Rare Kaon Decays."

Ecology, 4 p.m., 111 Warkit. Charles H. Hocutt, Univ. of Maryland, on "An Analysis of the Behavior of Striped Bass on the Spawning Grounds of Choptank and Nanticoke Rivers, Maryland."

Friday, October 6
 Agronomy and Ag Econ., 3:35-4:25 p.m., Eisenhower Chapel, Fritzell Room. Steven Schrader on "Computation Facilities."

Kappe Environmental Engineering, 3:35-5 p.m., 127 Sackett. William R. Knoke, Va. Polytechnic Inst. and State Univ., on "Removal of Iron and Manganese by Oxidation and Adsorption Processes."

Exhibits

Chambers Gallery
 School of Visual Arts. Prints and Medallions, through Oct. 13.

HUB Galleries
Art Alley Cases:
 Clay in Process by the SCASD Community Education pottery class, through Sept. 29
 Items from the Pasto Agricultural Museum, through Nov. 3
 Selected Memorabilia from the Vietnam War, through Nov. 3.

Art Alley Panels:
 Ink Meets Paper by Craig Anzelowicz with Nigel through Sept. 29

Browsing Gallery:
 Kathleen Fox Ragsdale, Fleets, through Nov. 3

Microscopes: The Hidden Art of High Technology, sponsored by AT&T through Nov. 8.

Formal Gallery:
 Vietnam Veterans Memorial: A National Experience, through Oct. 29.

Kern Galleries
 Denise Anrew, through Sept. 28

Palmer Museum of Art
 Turn-of-the-Century European Posters from the Museum's Collection, through Nov. 5

Ceramics from Penn State Collections, through Nov. 19

Bellevue College, through Oct. 22.

Pattee Library
East Corridor Gallery:
 Joenne Rath, Simplification of Form, through Nov. 17

Lending Services:
 Kevin Sick, paintings, through Oct. 20.
Rare Books Room:

The World and the Italian Architect in conjunction with the Art History lecture series, through Oct. 27

Zoller Gallery
 Neopunkeddie Invitational Exhibit, through Sept. 30.

Student Affairs Seminar Series is set

Theme of the 1989-90 Student Affairs Seminar Series, sponsored by the University in cooperation with Kent State University and the American College Personnel Association, is "Into the Nineties: Value Premises, Promises, and Perils." The following programs will be offered:
 Tuesday, Oct. 3, "Ethical Leadership and Institutional Loyalty," Tuesday, Oct. 17, "Family Tie: Support or Pathology?"
 Dennis Heizmann, director, Counseling and Psychological Services; Tuesday, Nov. 7, "Of Town and Gown: The Resurrection of Community Service." J. Thomas Eakin,

assistant vice president for student programs.

Tuesday, Nov. 28, "How Safe Will Our Campuses Be?" Amy Reynolds, University Counseling Service, University of Iowa; Tuesday, Dec. 12, "Freedom of Speech vs. Human Dignity on Campus," Pat Peterson, assistant vice president for campus life.

All sessions will be held from 10 to 9:30 p.m. in Room 5 of Pattee Library at University Park. Pre-registration is requested. Contact Continuing Education at 102 Wagner Building, 865-3443, for more information.

Appointments

Judith F. Dunn, professor of human development and an international authority on sibling relationships, has been named director of the Center for the Study of Child and Adolescent Development.

She replaces Richard M. Lerner, professor of child and adolescent development, who founded the center in 1984 and recently completed a five-year term as director.

Dr. Dunn, a faculty member in the Department of Human Development and Family Studies since 1986, is well known for her research on the social and personality development of the young child within the family. Much of her work focuses on siblings, particularly their differences and the way they influence one another.

She has written six books, including *Sisters and Brothers: Siblings, Love, Loss and Understanding* (with Carol Kendrick), and *The Beginnings of Social Understanding*, all published by Harvard University Press.

Before coming to Penn State, Dr. Dunn was a senior scientist with the Medical Research Council at the University of Cambridge, England, for 12 years, and spent a year as a Fellow at the Center for Advanced Study in the Behavioral Sciences, Stanford, Calif.

The Center for the Study of Child and Adolescent Development promotes research in the physical, social, and emotional development of children and adolescents. It was created to encourage collaboration among University faculty members involved in research in child and adolescent development and is part of an international network of scholars and institutions involved in similar research.

Although based in the College of Health and Human Development, the center is interdisciplinary, involving more than 80 researchers from 21 different departments in six colleges. In addition to Health and Human Development, faculty from the Colleges of Arts and Architecture, Earth and Mineral Sciences, Education, Liberal Arts, and Medicine are affiliated with the center.

Charlene Harrison has been appointed acting director of the Returning Adult Student Center. She replaces Barbara Copland, who has assumed the position of acting director of Student Programs and Services at Penn State Shenango Campus.

Judith F. Dunn

Ms. Harrison, who most recently served as the director of the Campus Life Assistance Center Off-Campus Programs in the Division of Campus Life, will direct and coordinate programs and services for returning adult students at University Park.

The Returning Adult Student Center serves as an entry-re-entry point for students who have delayed starting or interrupted college for a lengthy period of time. It is located at 133 Boucke Building, and is open from 8 a.m. to 8:30 p.m. Monday through Thursday and from 8 a.m. to 5 p.m. on Friday. The office may be reached at 863-3887.

A. Renee Mims has been named coordinator of graduate admission at Penn State Harrisburg. She has been a graduate admissions counselor at Penn State Harrisburg since January 1989.

She joined the University staff in 1978, serving as an extension agent in the Penn State Cooperative Extension Dauphin County program for two years. She was named 4-H county coordinator in 1980. In 1986 Ms. Mims served four months as interim executive director of the Pennsylvania Friends of 4-H.

Ms. Mims holds a bachelor's degree in agricultural sciences from Cornell University and a master's degree in agricultural and extension education from Penn State.

A. Renee Mims

She is a member of the Penn State Alumni Admissions Committee and the Board of Directors of the Harrisburg Area American Red Cross.

Wendy J. McCrory Rotz has been appointed senior development officer for the Libraries, and is responsible for major fund-raising activities.

She had been associate director of Annual Giving in the Division of Development and University Relations, where she oversaw telefund, direct mail, reunions and matching gifts programs.

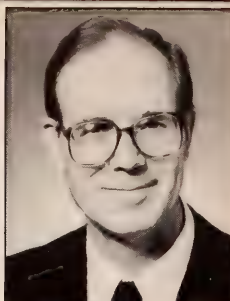

Before this, she served in the division as interim director of annual giving, and as assistant director of regional giving.

Before coming to the University, she served as coordinator of the annual fund for the Shippensburg University Foundation. She also served for nearly two years as borough manager in Penbrook.

She holds a bachelor's degree in government administration and a master's degree in public administration from Shippensburg University.

William D. Taylor, professor of biophysics, has been named associate dean for research and graduate education in the College of Science.

He succeeds Gary Mullen, associate dean for the Commonwealth Educational System and Continuing Education, who had served,

William D. Taylor

in addition, as acting associate dean for research since May 31.

A specialist in the study of radiation effects, Dr. Taylor is primarily interested in organisms' molecular level responses to radiation and chemicals that sometimes lead to cancer.

Dr. Taylor was trained as a physical chemist earning his bachelor's and doctoral degrees at Manchester University in his native England. He joined the University faculty in 1963 as assistant professor of biophysics.

He was named associate professor in 1968 and professor in 1971. He served as head of the Department of Biophysics from 1971 to 1975, and from 1975 to 1983 was associate head of the Department of Biology, Biochemistry, Biophysics and Molecular and Cell Biology after his department merged into that unit.

At Penn State, Dr. Taylor served on numerous college, department, graduate school and Faculty Senate committees. He was chairman of the Faculty Senate in 1972-73.

He is a member of the Radiation Research Society, the Biophysical Society, the American Society for Photobiology, the American Society of Biological Chemists, the American Society for Microbiology and the American Association for the Advancement of Science.

Penn Staters

John J. Henry, professor of mechanical engineering and director of the Pennsylvania Transportation Institute, and **James C. Wambold**, professor of mechanical engineering and director of the Institute's Vehicle Interaction and Safety Program, presented a paper at Transpo '89 in Beijing, China.

James Keiser, associate professor of hotel, restaurant and institutional management in the College of Health and Human Development, recently visited the South Glamorgan Institute of Higher Education in Cardiff, Wales, as a senior lecturer where he spoke on American hospitality education at Llandrindod, provided consultation to the Wales tourist board and taught regular hotel and restaurant management courses.

Gary L. Lilien, professor and acting chairman of management science, served as program chairman and presented a paper, "Success Factors in Research: Science or Science Fiction," at the 10th International Research Seminar in Marketing at La Londe Les Maures, France.

R.V. Ramani, professor and head of the Department of Mineral Engineering, spoke on "Mining the World's Mineral

Riches." **Craig Bohren**, professor of meteorology, gave a presentation on "Colors in Nature," and **Ljubisa R. Radovic**, assistant professor of fuel science, spoke on "Fuel Science" at the Speakers' Forum at the 40th International Science and Engineering Fair held in Pittsburgh.

Della M. Roy, professor of materials science at the Materials Research Laboratory, gave the keynote presentation on "Concrete Microstructure and Its Implications for Concrete Performance and Durability" at a seminar at G.M. Idorn Consult, Birked, Denmark. Dr. Roy presented papers on "Low Temperature Chemically Bonded Ceramics" at the Fifth Scandinavian Symposium on Material Science and on "Advances in Silicate Cements" at Recent Advances in Chemically Bonded Ceramics, both in Copenhagen. In Sweden, she presented a seminar on "Recent Advances in Cementitious Materials Based on Silicates" at Chalmers University in Goteborg; a talk on Studies of Advanced Cements and Concrete Microstructure at the Cement and Concrete Institute; and a paper on Phosphates and Cements Applications at Biomaterials at the Karolinska Institute, both in Stockholm.

Barry E. Scheetz, senior research associate of the Materials Research Laboratory, spent the month of April lecturing and consulting at Tongji University in Shanghai. He visited China as a consultant for the International Advisory Panel of the Chinese University Development Project, an organization sponsored by the World Bank and administered by the National Academy of Science.

Dan P. Silverman, professor of European history, has received a research fellowship from The German Marshall Fund of the United States, an independent organization established in 1972 through a gift from the Federal Republic of Germany as a memorial to the Marshall Plan. He will conduct archival research in the Federal Republic of Germany during a sabbatical leave.

Jack Sulzer, senior assistant librarian, was elected assistant chair/secret of the American Library Association's Government Documents Round Table for the 1989-90 term.

David B. Van Doornmelen, professor emeritus of art education and fiber arts, had a metallic weaving accepted for the "Small Expressions 89" exhibition held at the Salt Lake City Art Center.

July 28-Sept. 17. The 10- by 7-inch piece, titled "Gold Crosswords," is composed of spray-painted gold metallic foil. It is the second time he has had a piece accepted for the international show of miniature weaving and fiber arts.

Albert A. Vicere, assistant dean of the College of Business Administration and director of executive education, has been named to the Academic Advisory Board-Human Resources with the Dushkin Publishing Group, Guilford, Conn.

Christine A. White, assistant professor of history, has received a 1989-90 postdoctoral research fellowship in Soviet and East European Studies from the Hoover Institution on War, Revolution and Peace in Stanford, Calif. Her research is an investigation of Soviet-Japanese economic relations as they concern Japanese investment and technological assistance programs for the joint economic development of Siberia and the Soviet Far East.

Stephanie Doores, associate professor of food science, has been elected secretary-treasurer of the food microbiology division of the Institute of Food Technologists.

Partings

Ernest Betcke, assistant professor of economics at Penn State Ogontz Campus, has retired after 22 years service.

Dr. Betcke, who joined the Ogontz faculty in 1967, has been active in campus affairs and is a past recipient of the campus's prestigious Chief Ogontz Award.

A cum laude graduate of the State University of New York at Albany, Dr. Betcke earned a master's degree in economics from Penn State and a doctorate from Temple University.

Kenneth Maxwell, senior extension agent with Penn State Cooperative Extension in Mercer County, has retired after 38 years service.

Mr. Maxwell began working for cooperative extension in 1951, and worked his way up from assistant agent to become an associate agent in 1956. He was named senior extension agent—the highest rank a Pennsylvania cooperative extension agent can achieve—in 1984.

His favorite part of the job was participating in Farm Show each year. "It was like a winter vacation," he recalled.

The biggest change he has seen over the last 38 years with extension is the transition from postal service to telephone as the main method of communication between county offices and University Park.

"When I started with extension we sent letters when we needed to reach somebody," he said. "It used to be a big event when we had to use the telephone to call State College, but now we use computers and electronic mail daily."

Mr. Maxwell lives in Mercer with his wife Dorothy. Now that he will have more free time, he plans to devote it to working around his property.

William C. Knepp, community service officer for University Safety, has retired after 35 years of service.

He began working at Penn State in 1946 in the Department of Landscape and Agriculture. In 1947, he entered the army and returned to Penn State to work in University Safety.

Mr. Knepp is a life member of the Boalsburg Fire Co. and a life member of the Purple Heart in Boalsburg. He also is a

member of the Veterans of Foreign Wars of Pine Grove Mills.

Jutta B. Rose has retired as assistant budget supervisor in the Commonwealth Educational System after 22 years of service.

Ms. Rose received her bachelor's degree in German from Penn State in 1976 and also completed her master's degree course work in counselor education.

Starting in the Office of Student Aid in 1967, she has worked in several University offices including Accounting Administration and Continuing Education.

After retirement, her plans are to take over the management of her husband's business, Oak Hall Water System in State College.

Ms. Rose and her husband live in State College. They have two daughters, Anita and Constance. "I plan to spend a lot of time enjoying my grandson, Ryan, after I retire," she said.

Albert J. Miller, librarian at Penn State New Kensington Campus, has retired after

20 years service.

Prior to joining the New Kensington staff, Mr. Miller worked for 10 years at Butler Area Senior High School as head librarian.

A graduate of Geneva College, he took advanced training in librarianship and information sciences at the University of Chicago, Michigan State University, and University of Michigan. He also was invited by the American Library Association to be a consultant for the 1963 World's Fair in Seattle.

Mr. Miller, a trained bibliographer, currently is working on a revised edition of *Death: A Bibliographical Guide* and an annotated bibliography that deals with eschatology and related topics. His earlier publications include *Confrontation, Conflict and Dissent* and a *Selective Bibliography of Existentialism in Education and Related Topics*.

He plans to spend his retirement in doing research.

Maximilian Braune, assistant professor, Agriculture, from Sept. 1, 1958, until June 21.

Ernest Betcke

William C. Knepp

Albert J. Miller

Jutta B. Rose

Faculty/Staff Alerts

Job announcements

The Employment Division has begun announcing employment opportunities available at Penn State on WPSX, Pennama, and C-Net (Centre Network Cable Channel 24).

These announcements are an extension of the Penn State Job Information Service which we announced in the July 13, 1989, issue of the *Penn State Intercom*. "Billie S. Willis, assistant vice president for human resources, said, "The Job Information Service has been highly successful. Our office has received many positive comments about this new service."

The service is being expanded to air on WPSX-TV and Pennama. WPSX announcements will be aired at 7 and 11 p.m. Thursdays. Pennama announcements will be aired four times a day on Mondays, Wednesdays, and Fridays at 6 a.m., noon, 6 p.m., and midnight. On Tuesdays, Thursdays, and Saturdays, the announcements will be broadcast four times daily, at 8 a.m., 2 p.m., 8 p.m., and 2 a.m.

C-Net announcements started being listed on Friday, Sept. 22. These public announcements will be listed periodically throughout the day from Friday through Tuesday of each week. C-Net coverage is available to viewers in Centre County who are subscribers to TCI of Pennsylvania.

According to Milt Trask, manager, Employment Division, "The purpose of these announcements is to provide information on some of the University's employment opportunities, and to refer viewers and listeners to the Penn State Job Information Service. Viewers may call 865-JOBS for additional job listings.

"This expanded service will increase the

University's outreach in communicating employment opportunities."

VADD plan reaches milestone

On Oct. 1, the Voluntary Accidental Death and Dismemberment plan will be 25 years old. Since its introduction in 1964 the plan, which has been very popular with Penn State faculty and staff members, has undergone a number of improvements.

Initially, the monthly premiums for \$10,000 of single and family coverage were \$.50 and \$.70 respectively. After a series of rate reductions because of favorable claims experience, the rates are now \$.30 and \$.49 respectively.

In 1964 the maximum benefit was \$100,000. Today, it is \$300,000. The total disability benefit for employees was added in 1960. In 1979 benefits were expanded to provide coverage for loss of speech and hearing and thumb and index finger. The seat belt benefit was added in 1986.

Additional changes and improvements will be implemented this year. They are: — Benefits for faculty/staff and spouses over age 70. The principal sum will be a percentage of the under age 70 benefits as follows: Ages 70-74, 82.5%; ages 75-79, 57.5%; ages 80-84, 37.5%; ages 85+, 20.0%.

— The Permanent Total Disability benefit will be available for employees up to age 70.

— The common disaster benefit will include a \$500,000 maximum benefit payment for any one accident.

Over the years there has been a consistent participation rate of 75% by Penn State faculty and staff members in the VADD plan.

During October membership or coverage in this plan may be changed. One or more of the following actions may be taken during October: change the dollar amount of insurance coverage, change from individual coverage to family coverage or vice versa, enroll in the plan as a new member, or withdraw from the plan.

To accomplish any of the changes, obtain a VADD change form from your personnel representative or director of business service, complete it and send it to the Employee Benefits Division, 205 Rider Building, by Oct. 31. Changes will become effective Nov. 1. No action is needed to continue your current coverage.

PANET telephone lines

Faculty and staff members are reminded that the University PANET telephone lines (sometimes referred to as "network" or "wide area") are toll lines just like any other long distance lines.

University departments receive direct monthly billings indicating for each call

made the time and date of the call, the number from which the call was placed, the number called and the length and charge for the call.

PANET calls should be treated as any long distance call and used strictly for University business. Unauthorized use of University lines for personal long distance calls is a misuse of University funds and will be viewed accordingly.

Everyone's cooperation is necessary to keep costs to the University for telephone service to the minimum possible.

Tuition Reduction

This is to remind you that the 75% tuition reduction for graduate study for employees and spouses is taxable as ordinary income. Ordinary income is subject to withholding of all payroll related taxes.

For the Fall Semester, these taxes will be withheld from the October, November, and December monthly payroll checks and from the live bi-weekly pays beginning Nov. 3, and ending Dec. 29.

Obituary

Joseph R. Cardenuto, professor emeritus of agricultural economics and rural sociology, died Sept. 10. He was 65.

A graduate of the University of Buffalo, he earned a master's science degree in recreation from Indiana University in 1951 and a doctor of education in communications from the University of Pittsburgh in 1977.

He joined the Penn State faculty Jan. 6,

1952. A cooperative extension recreation specialist, he retired June 30, 1988.

Dr. Cardenuto was a member of the National Rural Family Recreation Seminar Development, National Recreation and Park Society, Pennsylvania Recreation and Park Society, and American Camping Association.

He helped organize the Pennsylvania Farm and Vacation Association. He also helped to organize the Pennsylvania Campground Owners Association and was an honorary life member.

Nobel laureate will present Marker lectures

Nobel laureate Chen Ning Yang, Albert Einstein professor of physics and director of the Institute of Theoretical Physics at the State University of New York at Stony Brook, will give the 1989 Russell Marker Lectures in the Physical Sciences Oct. 2 through 5 at University Park.

The four free lectures are sponsored by the College of Science and are open to the public.

The lecture schedule is as follows: "Symmetry - Evolution of a Concept Through the Centuries," 8 p.m. Monday Oct. 2, Room 119 Osmond Laboratory; "Genesis of Maxwell's Equations," 4 p.m. Tuesday Oct. 3, Room 117 Osmond Laboratory; "The Yang-Baxter Equation," 4 p.m. Wednesday Oct. 4, Room 55.

Osmond Laboratory; and "High Energy Collisions," 3 p.m. Thursday, Oct. 5, Room 117 Osmond Laboratory.

In addition to winning the 1957 Nobel Prize, Dr. Yang also has been honored with the Albert Einstein Commemorative Award, the Rumford Prize, the National Medal of Science, and the Liberty Award.

He is a member of the National Academy of Sciences, the Brazilian Academy of Sciences, the Venezuelan Academy of Sciences, and the Royal Spanish Academy of Science.

Dr. Yang, who also is Distinguished Professor-at-Large at the Chinese University, Hong Kong, earned his doctoral degree in 1948 at the University of Chicago.

The Marker Lecture series was established in 1984 through a gift from Russell Marker, professor emeritus of chemistry, whose pioneering synthetic methods revolutionized the steroid hormone industry and opened the door on the current era of hormone therapies, including the birth control pill.

The Marker endowment also allows the College of Science to present annual Marker Lecture series in astronomy, chemical sciences, genetic engineering, and mathematics.

Chen Ning Yang

Staff Vacancies

The following vacancies for positions vacant at staff exempt or staff non-exempt have been listed with the University Employment Division for filling.

The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304.

NETWORK LINE ASSISTANT Applications for these staff vacancies will be accepted until Oct. 5, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment practices (FEI) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age as provided by law, sex or status as a disabled or Vietnam era veteran.

• Project and Data Specialist, Penn State Harrisburg - Responsible to the director of the Pennsylvania State Data Center at Penn State Harrisburg for performing a variety of activities including computer programming, data base management and collection, statistical analysis and report writing. Requires bachelor's degree or equivalent in urban and regional planning and up to one year of effective experience. Experience in computer applications, programming languages, e.g. FORTRAN, COBOL, etc., and statistical software packages, e.g. SAS, etc. is highly desirable. THIS IS A FIXED TERM POSITION, FUNDED THROUGH JUNE 30, 1990 WITH EXCELLENT PROBABILITY OF RE-FUNDING. STAFF GRADE 4.

• Demographic Services Coordinator, Penn State Harrisburg - Responsible to the director of the Pennsylvania State Data Center at Penn State Harrisburg for developing population estimates, providing customer services in the area of state and federal population projections and estimates, and coordinating and participating in special demographic studies. Requires bachelor's degree or equivalent in urban and regional planning or public administration plus over one year up to and including two years of effective experience. Working knowledge of applied population programming and languages such as FORTRAN, COBOL, etc., and statistical software packages is highly desirable. Master's degree preferred. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 WITH EXCELLENT PROBABILITY OF RE-FUNDING. STAFF GRADE 6.

• Clinical Nurse Specialist, University Hospital, Four Diamonds Nursing Administration, Hershey

Medical Center - Responsible to the chief of the Division of Pediatrics, Hematology/Oncology, and assistant director, Maternal Health Nursing, for providing expertise and education as well as certification/re-certification of nurses and residents on chemotherapy and central line technique. Serve as a consultant, collaborator, educator, clinician, researcher and change agent for Pediatrics, Hematology/Oncology. Requires master's degree in nursing, or equivalent, with current license to practice nursing in Pennsylvania plus one to two years effective experience to include pediatrics and pediatric hematology/oncology and administration of chemotherapy. Must be chemotherapy certified by Department of Nursing, or ready to be certified. STAFF GRADE 7.

• Supervisor, Outpatient Scheduling, Registration, University Hospital, Department of Outpatient Services, Hershey Medical Center - Responsible to the assistant director, Outpatient Services, for supervising the day-to-day operations in the Pre-Registration and Centralized Scheduling Registration areas such as: lounge, training and evaluation of staff as well as setting performance standards in all areas to include practice sites. Requires bachelor's degree or equivalent in business or health care administration or computer science plus one to two years of effective experience. STAFF GRADE 6.

• Director of Development, Division of Education and University Relations, College of Earth and Mineral Sciences, University Park Campus - Responsible to the executive director of university development for all fund-raising programs and related activities for assigned college or campus of the University. Requires bachelor's degree or equivalent in marketing, communications or related fields, plus four to five years of effective experience in fund raising in a nonprofit environment with evidence of skill in verbal and written communications. Travel required. STAFF GRADE 9.

• Physician-in-Charge, Women's Health, Student Services, University Health Services, University Park Campus - Responsible to the associate director of UHS/Clinical Services, University Health Services for providing office gynecological services to students, and directing the activities of nurse practitioners and physician assistants. Requires a doctor of medicine or osteopathy degree from an accredited school of medicine or osteopathy, board certified board eligible in gynecology, licensed to practice medicine in the state of Pennsylvania, and four to five years of previous effective experience. STAFF GRADE 10.

• Operations Coordinator, Computer and Information Systems, Office of Telecommunications, University Park Campus - Responsible to the operations manager of transmission and operations for overseeing and controlling the installation, operation and maintenance of the transport system switches and terminal equipment at University Park and other statewide locations. Requires associate degree or equivalent trade training, plus two to four years of effective experience in telecommunications. Must have thorough knowledge of installation and maintenance of telecommunications transmission systems. Experience with telephone company operations, central office switching, TDX systems and interbuilding and intrabuilding transmission systems. Additional experience preferred in supervision of the placement of conduit, coaxial cable, fiber optic cable and voice processing systems. A strong background in voice technology is desired. STAFF GRADE 6.

• Budget and Auditing Assistant, Computer and Information Systems, Office of Telecommunications, University Park Campus - Responsible to the accounting personnel coordinator for compilation, interpretation and recommendation of budget changes. Develop and perform internal audits. Assist in preparation of annual budgets, budget forecasting and preparation of various reports. Requires bachelor's degree in accounting or other related business field plus one to two years of effective experience.

effective experience. Knowledge of forecasting methods a plus. Emphasis on understanding of telecommunications industry and terminology. STAFF GRADE 5.

• Graphic Designer, University Arts Services, Center for the Performing Arts, University Park Campus - Responsible to the graphic design supervisor, Center for the Performing Arts, for the design and preparation of artwork for a wide variety of materials adhering to established time limits and maintaining the highest quality standards possible. Requires bachelor's degree, or equivalent, in graphic design plus one to two years of effective experience in graphic design. Excellent communication and organizational skills required. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1989, WITH EXCELLENT PROBABILITY OF RE-FUNDING. STAFF GRADE 5.

• Counseling/Advising Assistant, Commonwealth Educational System, Hazleton Campus - Responsible to the director of academic affairs for providing supportive counseling and advising services to students and for conducting a variety of activities to promote academic, social and personal development of cultural diversity at the Hazleton Campus. Requires bachelor's degree, or equivalent, plus one to two years of effective experience preferably in counseling/advising multicultural students. STAFF GRADE 6.

Campus advisory search group is named

A Campus Advisory Search Committee has been appointed to identify candidates for the position of campus executive officer at Penn State Ogontz Campus. **Lita L. Schwartz**, professor of educational psychology at Penn State Ogontz Campus, is committee chair.

Members are **Jane E. Cooper**, associate professor of biology, Penn State Delaware County Campus; **Lawrence S. Cote**, center executive officer, Penn State Great Valley; **Marlowe Froke**, general manager, Media and Learning Resources and WPFX-TV; **Dinah Olsen**, clerical employee; **Wesley A. Olsen**, associate professor of physical education; **James F. Smith Jr.**, associate professor of English, and **Inna Sklovsky**, secretary of the Student Government Association, all at Penn State Ogontz.

Campus **James B. Stewart**, director of Black Studies.

The campus executive officer is the chief administrative officer of the campus and is responsible for administering all University programs and maintaining close community relationships.

Candidates should have an earned doctorate, several years of experience in college/university teaching and responsible and substantial experience in academic administration. Nominations and applications, including two copies of resume, should be sent to Richard E. Grubb, senior vice president and dean, Commonwealth Educational System, 111 Old Main, Dept. CHE, University Park. Applications and nominations will be received until a suitable candidate is selected.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

University designated Space Grant College by NASA

The University has been named one of 17 Space Grant Colleges/Consortia by the National Aeronautics and Space Administration.

The National Space Grant College and Fellowship Program, which was approved by Congress in 1987, will establish a national network of universities with interests and capabilities in aeronautics, space and related fields.

Penn State is one of three universities individually designated as a Space Grant College. The Massachusetts Institute of Technology and the University of Washington were also individually designated as Space Grant Colleges. A total of 78 institutions are embraced by the other 14 consortia as part of the Space Grant College program.

Penn State's grant is for five years and \$1.25 million and is renewable. Beginning in fiscal 1990, each of the Space Grant Colleges/Consortia also will receive \$100,000 annually to support the Space Grant Fellowship program.

"We are very pleased that NASA has chosen Penn State as a Space Grant

Penn State is one of three universities individually designated as a NASA Space Grant College.

College," said Charles L. Hosler, senior vice president for research and dean of the Graduate School, who will oversee the University's program. Wesley Hymen is director of the program, Sylvia Stein is executive director, and Richard McCarl is in charge of the fellowship program.

"Our program will encourage more students from grade school through university to enter aerospace-related disciplines," Dr. Hosler said. "It will also create the public understanding and enthusiasm necessary to sustain and build the U.S. aerospace program."

The University's program will draw from the widely diverse aerospace-related

projects already under way on campus and will use some of the existing outreach programs while creating new, interdisciplinary approaches for educating students and the public.

Space-related research currently is under way in the College of Engineering, College of Earth and Mineral Sciences, College of Medicine, College of Science and College of the Liberal Arts. Other projects are being carried out by interdisciplinary institutes and centers on campus.

New programs designed for the Space Grant College include the Space Grant Fellowships which will stress aerospace-related topics and an interdisciplinary approach. For undergraduate students, there will be "Space -- the Last Frontier," a course for non-science majors that will expose students to the wide diversity of subjects and opportunities in space-related fields.

The Summer Aerospace Laboratory Experience will bring talented and gifted junior and senior high school students to Penn State for a four-week research project in NASA-funded laboratories.

WPSA-TV, producer of the nationally

recognized "What's in the News," a current events show for 4th, 5th and 6th grade students, will produce 12 15- to 20-minute "What's in the News About Space" segments during the next five years.

Two existing programs will expand to include aerospace-related projects. The College of Engineering's Cooperative Engineering Education Program, which provides work experience for students while in college, will consider students in aerospace-related areas from all of the colleges.

The University Scholars Program will incorporate three aerospace-related laboratory spots in its research program for undergraduates.

The University will bring information to the public through a speakers bureau coordinated with the Community Education Program and the Community Access to Science and Energy Program that provide presentations throughout Pennsylvania.

The Energy and Technology Program for Schools also will offer presentations about space to schools through the Commonwealth

New guide helps to plan cultural awareness programs

A new guide for planning cultural awareness programs prepared by a University staff member is helping colleges and universities nationwide deal with diversity issues.

"Maximizing the Benefits of a Culturally Diverse Campus Environment: Models for Planning and Implementing Effective Programs," produced at Penn State for the American College Personnel Association, has undergone pilot testing nationwide and is gaining widespread acceptance. **Leila V. Moore**, developer of the model, said.

The planning model guides professionals in matching cultural awareness materials with the level of personal awareness of the people participating in awareness training. Dr. Moore, assistant director, Center for Student Involvement and Leadership, said.

For example, she may recommend beginning a program with a traditional lecture format for one group and a hands-on participatory approach for another group.

"The key to dealing with diversity issues on our campuses is understanding the stages of awareness that we all go through as members of minority and majority groups and knowing where our people are coming from. When we know that, we can tailor programs to suit different

groups," she said.

"This is a simple concept, but it's the thing that most often defeats cultural awareness programs on a national level. Programs that do not match the level of awareness of a particular group are not going to be successful. Since campuses have all levels of people, we need to be relentless in developing a variety of approaches."

She added that no single approach will work to improve the climate for all racial groups.

"You have to know the people on your campus. There is no such thing as a canned program that will work at any location."

The development of assessment instruments of majority and minority awareness was critical to this program. Dr. Moore said. Art Costantino, director of the Center for Student Involvement and Leadership, and Terrell Jones, associate director of campus life, were instrumental in developing these self-assessment tools. They were involved as trainers and were helpful with refinement of the program.

The model is presented in a one-day workshop, and participants are given a 200-page manual to use in preparing programs for their specific institutions. Dr.

Moore developed the model under the sponsorship of the American College Personnel Association and with the cooperation of her office, the Center for Student Involvement and Leadership.

J. Thomas Eakin, assistant vice president for student programs, and Dr. Costantino "were extremely supportive of the project, adopting it as an office goal and enabling Penn State to coordinate the past year's effort," she said.

Dr. Moore, who serves as co-chairperson of ACPA's standing committee responsible for professional development, spent one year reading and looking at cultural awareness models before deciding that a generalized approach could be developed to get people started in designing programs for their campuses.

"We piloted the approach twice and revised it based on the feedback we got. We tried to screen out approaches that call for specialized trainers and stuck with materials that can be presented by most professionals. Last December, we started presenting the program to professionals across the country," she said.

Nearly 900 professionals participated in the one-day workshop. Teams of four trainers presented the workshop.

Changes are made in United Way solicitation program

Penn State employees at University Park will note a variety of changes in the annual United Way solicitation program this fall, including a new confidential statement payroll deduction form, and a late October campaign.

These and other changes are the result of an in-depth analysis of United Way fund raising at University Park. More than 30 faculty, staff and administrators representing the major administrative areas took part in the study under the leadership of United Way of America professionals.

The study, conducted in conjunction with the Centre County United Way, was essentially a brainstorming session to identify problems, concerns and perceptions, and to suggest ways to design and improve supportive materials and training about United Way. In addition, confidential interviews with representatives from all job classifications, including the president, were included in the final report.

The campus/community study is being used by United Way of America as a model for improving and implementing United Way programs at colleges and universities across the country. In early 1990, United Way of America, with University cooperation, will continue its evaluation by conducting a random survey of the attitudes of employees in all job classifications at the University and a

sample group within Centre County.

University Park employees will see the following major changes taking place in this fall's United Way campaign.

- Redesigned payroll deduction form in a pre-audited, confidential format
- Redesigned payroll change form to be used at other times of the year
- Return of forms directly to University Payroll Office

- Increased information about local United Way agencies, their services, and how they help people with the dollars contributed

- Campaign conducted at end of October

- Campaigns tailored to each major administrative unit's particular needs

- Increased training for United Way volunteers

The University Park United Way campaign, chaired this year by William C. Richardson, executive vice president and provost of the University, will start with volunteer training in each administrative area between Oct. 9-20. Volunteers will contact University employees throughout the campus between Oct. 30 and Nov. 8 to deliver the confidential contribution forms and answer questions. The advanced gifts campaign for approximately 300 administrators will take place in early October.

Focus on Diversity

Diversity Opportunities Calendar

Saturday, Oct. 7

Ethnic foods, music, dance, crafts and fun will be the focus at a Penn State and the Centre Region host the first town and gown festival to promote cross-cultural interaction. The event will take place at the Fraser Street Post Office from 10 a.m. to 7 p.m.

Activities include the 2nd annual Chili Challenge sponsored by the American Indian Student Association and musical performances by Earthtones. Passport.

Deacons of Dixie, the Voices of Unity choir and Penn State's United Soul Ensemble. The day-long event is sponsored by the Academic Assistance Program Council in association with Centre Region of Governments, the Downtown Business Association and the State College Area School District. Registration forms for the Chili Challenge are available at 320 Rackley.

Saturday, Oct. 14
Promotion and tenure will be the topic of

the first in a series of faculty development workshops sponsored by the office of Minority Faculty Development this semester from 9 a.m. to noon in 101 Kern Graduate Building. Harold Cheatham, associate professor of education, will be the speaker. Reservations may be made by contacting Leah Witzig at 863-1003 by Friday, Oct. 6.

Monday, Oct. 16
Ester Newton, professor of anthropology at State University of New York, will deliver

a lecture titled "The Fun Gay Ladies." Lesbians in Cherry Grove, 1938-1961" at 8 p.m. in the HUB Assembly Room. The presentation is sponsored through EOFC funding and the Department of Human Development and Family Studies. It is co-sponsored by the Center for Women's Studies, Black Studies, Women's Studies, the Paul Robeson Cultural Center and the School of Communications.

Fellowships are offered for American Indian students

The University is offering master's degree fellowships for American Indian students interested in special education training.

"Students from various states, including North Dakota, Wisconsin, Arizona, New Mexico, New York and North Carolina, have graduated from the program that was established in 1963 through a U.S. Department of Education grant," Anna Gajar, associate professor of special education and program director, said.

The program is affiliated with Penn State's nationally recognized Native

American Leadership Program.

The American Indian Special Education Teacher Training Program is designed to prepare American Indian teachers to effectively work with mentally and physically handicapped American Indian children. Seminars focusing on American Indian education are conducted in conjunction with the Native American Leadership Program.

Participants in the program will receive a monthly stipend of approximately \$650, dependency allowance, remission of tuition

and a textbook allowance.

Graduates will receive a master of education degree in special education. Depending upon application qualifications, the course of study will involve at least a one-year commitment.

After graduation, participants will be qualified for several employment opportunities, including special education teacher, special education program coordinator and consultant, special education program developer and special education positions within the Bureau of

Indian Affairs.

The deadline for submitting applications for Spring Semester, which begins January 1990, is Nov. 15. The application deadline for Fall Semester 1990, which begins August 1990, is April 15, 1990. Applications for both semesters are now being accepted.

For more information, write to Dr. Gajar, American Indian Special Education Teacher Training Program, Penn State University, 226B Moore Building, University Park, Pa. 16802, or call (814) 862-2284.

Students take part in academic program

Eighty-three minority students from Pennsylvania high schools participated in a free summer academic program at seven of Penn State's campuses.

The Minority Advanced Placement Program, now in its fifth year, is one of several Penn State programs offered to encourage qualified minority students to attend the University.

MAPP is sponsored by the College of Health and Human Development and offers educational opportunities to minority students interested in the health professions. In addition to introducing them to college-level coursework, the program is designed to prepare students for entry into college

life.

Students receive career counseling as well as instruction in study skills, reading comprehension, writing skills and computer applications.

By completing introductory courses taught by Penn State faculty, students also earn from three to six college credits, which can later be applied to degree requirements at Penn State or another college or university.

MAPP is offered to students at the following campuses: Beaver, Berks, Delaware County, McKeesport, Ogontz, York and Penn State Erie. The Behrend College.

Program participants must have completed their junior year in high school and must have a high school scholastic average of "B" or above. The results of the Preliminary Scholastic Aptitude Test and recommendation from a high school teacher or counselor also are criteria for eligibility.

Approximately 60 percent of the cost of MAPP is funded by the U.S. Department of Health and Human Services; the rest is funded by Penn State's Equal Opportunity Planning Committee.

actor Daniel Valdez star in *Corridos: Tales of Passion and Revolution* a theatrical presentation of traditional Mexican-American folk-ballads or "Corridos" airing at 10 p.m. Friday, Oct. 6, on WPSX-TV. Drawn from real-life occurrences, the corridos, called the "singing voice" of people around the Mexican-American border, tell of actual events and personalities.

Every Sunday morning at 11:30 a.m., WPSX-TV presents *Tom Brown's Journal*. Using a studio audience format, Tony Brown, who has 20 years of experience as an interviewer, reporter, and commentator presents timely documentaries and interviews contemporary newsmakers whose concerns are of special interest to the black community.

The Campaign for Penn State

Murata Manufacturing makes gift for professorship

Murata Manufacturing of Kyoto, Japan, in conjunction with Murata Erie of North America Inc., a manufacturer of electronic components, has donated \$250,000 for a professorship in the Materials Research Laboratory.

The professorship will be held by the laboratory's recently appointed acting director **Stewart K. Kurtz**.

"Murata's support will enable us not only to expand our work in inorganic nonmetallic ceramic materials, but will help

to shape the next generation of researchers and leaders," Mr. Kurtz said. "It will play a significant role in advancing the technology of electronic ceramics materials, particularly of the high reliability, which is essential for advanced semiconductor circuitry."

Mr. Kurtz spent nine years at Bell Laboratories, where he was responsible for much of the earlier Bell Laboratories work on nonlinear optical materials. He is the co-inventor of the Kurtz and Perry nonlinear optical crystals. After nine years as director

of explanatory research at North America Philips, he joined Bristol Myers Co. in 1978. He became the Materials Laboratory's associate director in 1987.

He has research interests and experience in the fields of display technology, solid state lasers, materials and device reliability, grain growth and microstructure in ceramics, physical properties of self-organizing biological materials, and the new high temperature superconductors.

Georgia-based Murata Erie of North

America has more than 700 employees at its State College facility, where it makes "surface-mount" ceramic electronic components. These components permit a new generation of technology and permit very rapid automatic assembly onto circuit boards.

The Murata gift can be used for research expenses, education and travel expenses, graduate assistantship stipends, salary supplements and secretarial support.

Business Administration gets Mellon Bank gift

Mellon Bank Corp. has given \$150,000 to support studies of entrepreneurship by the College of Business Administration.

Of this \$150,000 will endow the Mellon Bank Faculty Fellowship, which will be used to analyze and encourage successful entrepreneurship. The remaining \$50,000 will support periodic Mellon Enterprise Forums, to begin during the current academic year.

The Mellon donation supports the University's recent initiatives in economic development. Penn State has established a business incubator on the University Park Campus and plans to create a technology park nearby.

"We want to develop more knowledge of entrepreneurial activities, especially those new businesses spun off from University research," David Allen, assistant professor of business administration and director of the forums, said. "Long-range studies of other new businesses are also planned."

The Mellon faculty fellow will coordinate various research projects, and the results will be shared with the entrepreneurial community in Central Pennsylvania at the enterprise forums, Dr. Allen said. The forums also will be videotaped, edited and offered for instructional use.

A similar idea, "The Automation

Forums" has been successfully used by the college's Center for the Management of Technological and Organizational Change for seven years, Dr. Allen noted.

"The Mellon gift clearly reflects some of the significant structural changes which have taken place in the economy, the importance of small businesses and the newsworthy successes of many," J.D. Hammond, dean of the College of Business Administration, said. "Our strong research culture positions us to develop the academic base of entrepreneurship and to transfer our work to the private sector."

Mellon, based in Pittsburgh, has offices in Central Pennsylvania.

Bookshelf

Susan T. Evans, research associate in the Department of Anthropology, is editor of the monograph *Evolutions at Chulucupan* (Vanderbilt University Publications in Anthropology, No. 36), a collection of articles about archaeological research she directed at an Aztec period village in Mexico.

Carpooler

Nancy is organizing a vanpool for the Centre Hall area and people who work from 8 a.m. to 5 p.m. Call her at 865-7620.

Faculty Senate News

The University Faculty Senate will meet at 1:30 p.m. Tuesday, Oct. 10 in Room 112 Kern Graduate Building at University Park.

At the next meeting

- Forensic Session on Cultural Diversity and the Curriculum (to begin at 3 p.m.)
- Summary of Student Petitions by College, Unit, Location
- The Use of Faculty Expertise in Physical Planning
- Plans for Strategic Planning
- Summary of Petitions for Waiver of

the 10 Credit Limit for Nondegree Conditional Students (Student Policy 14-00)

- Informational Report on Awards and Scholarships
- Annual Report of President's Planning and Budget Advisory Committee
- Grading at Hershey Medical Center
- Annual Report of Committee on Faculty Rights and Responsibilities
- Annual Report from the Joint Committee on Insurance and Benefits
- Facilities Planning Advisory Board
- Faculty Salary Comparisons-Penn State vs. Similar Institutions

Mathematicians will present lectures

Armand Borel, professor of mathematics at the Institute for Advanced Study, Princeton, and Victor Kac, professor of mathematics at the Massachusetts Institute of Technology, will present the first Boris Weisfeiler Lectures at 3 p.m. Friday, Oct. 6, in Room 112 Osmond Laboratory at University Park.

The lectures, sponsored by the Department of Mathematics, honor Boris Weisfeiler, professor of mathematics at Penn State, who disappeared on a hiking trip in Chile in December 1984. The lectures are open to the public free of charge.

Drs. Borel and Kac, who knew and worked with Dr. Weisfeiler, will offer personal remembrances as well as lectures on mathematical topics.

Dr. Kac is well known for his work in representation theory. He is, perhaps, best known for the Kac-Moody algebras which recently have found application in physics.

In addition to his appointment at the Institute for Advanced Study, Dr. Borel is professor of mathematics at the Swiss Federal Institute of Technology.

For more information on the Weisfeiler Lectures, call the Mathematics Department, 865-7527.

Obituaries

James R. Buchanan, associate professor of orthopaedic surgery at the Hershey Medical Center since July 1, 1978, died Sept. 25 at the age of 42.

Allen St. Clair, retired director of purchasing, died Sept. 18 at the age of 79. He joined the University staff July 1, 1950, and retired Oct. 1, 1971.

Cultural awareness

(Continued from page 1)

in nine locations across the country.

The program will be presented for a second year beginning Oct. 20 with a workshop for members of the Pennsylvania College Personnel Association, a division of the American College Personnel Association.

"We're now surveying participants to find out how they have applied the workshop materials back home. Our initial responses are showing that people are using or planning to use programs at their campuses this fall," Dr. Moore noted.

When the workshop is presented, trainers tell participants that cultural awareness programs will not calm campus tensions; that these programs may, in fact, provoke conflict. But conflict, she says, is welcome, because it produces growth and change.

Alumni Fellow to visit in Agriculture

Samuel F. Minor has been named an Alumni Fellow in the College of Agriculture. He will be visiting campus Oct. 11-13. The University community is invited to a reception for him from 3 to 4 p.m. Oct. 11 in 301 Agriculture Administration Building.

While at University Park, he will visit a number of graduate and undergraduate classes, discussing agricultural careers and participating in seminars.

Since 1975, he has devoted his time to his 433-acre farm and 70 cows, the milk processing operation of a producer-handler and his family retail store and restaurant, "The Spring House," in Washington, Pa.

After earning his bachelor of science degree in farm management from Penn State in 1960, he worked for the American Guernsey Cattle Club as a field representative and later worked as a field representative for the New York Artificial Breeders Cooperative and as field operations manager for Eastern Breeders Cooperative. He also worked for Carnation Genetics in California before returning to Pennsylvania and buying his current farm.

He maintains his ties with Penn State as past president of Penn State Cooperative

Samuel F. Minor

Extension, Washington County Executive Committee and the Penn State Washington County alumni association. He currently is the Penn State delegate to the National Council on Agricultural Research, Extension and Teaching.

Parents' weekend will be held Oct. 6-8

The University's annual Parents' Weekend—specially designed for parents of Penn State freshmen—will be held Oct. 6-8 at University Park.

President Jordan will discuss issues of concern to parents of Penn State students at the President's Convocation for Parents at 1 p.m. Sunday, Oct. 8.

Fourteen museums, galleries and special collections will hold a special open house Saturday and Sunday, Oct. 7 and 8. The museums, with exhibits ranging from art to

insects, will be open from noon to 4 p.m. both days.

The weekend's featured entertainment includes stand-up humorist Robert Klein, performing at 8 p.m. Saturday, Oct. 7, in Eisenhower Auditorium, and the Market Theatre Company of South Africa's performance of "You Strike the Woman, You Strike the Rock" at 8 p.m. Friday, Oct. 6, in Schwab Auditorium.

Other activities scheduled include campus tours, and an information fair and ice cream social.

Diversity workshop scheduled

Planning and developing programs on cultural diversity will be the theme of a one-day workshop on Friday, Oct. 20, at the Keller Conference Center, University Park.

"Participants in the American College Personnel Association's model program will have the opportunity to brainstorm and exchange experiences with other professionals, as well as participate in a hands-on presentation dealing with how to create and use cultural awareness programs," Judi Curley, on-site coordinator for the conference, said. She is an academic adviser in the College of Business Administration and a member of the PCPA Multicultural Affairs Committee.

Up to 100 professionals from throughout the state are expected to attend the workshop, which will be primarily conducted by several Penn State-based trainers, under the sponsorship of the Pennsylvania College Personnel Association.

"The workshop is geared for student affairs administrators and professionals — those who deal directly with students and/or the administration," Ms. Curley said.

The workshop trainers are University staff members Terrell Johns, associate director of campus life, and Art Costantino, director, and Leila Moore, assistant director, Center for Student Involvement and Leadership; and John Mueller of Temple University.

News in Brief

Math conference set

Mathematicians from Europe, Canada and the United States will participate in the Penn State Conference on Operator Algebras and Connections with Conformal Quantum Field Theory and Statistical Mechanics Oct. 10-14 in the Keller Conference Center at University Park.

The conference, which is open to the public free of charge, is sponsored by the Department of Mathematics and is supported, in part, by a grant from the National Science Foundation.

Conference organizers include Richard Herman, professor and head of the Department of Mathematics; Joel Anderson, professor of mathematics, and Adrian Ocneanu, professor of mathematics. For more information, contact them at 865-7527.

Tropical Studies Symposium

Pedro Sanchez, professor of soil science and coordinator of the Tropical Soils

Research Program at North Carolina State University will be the guest speaker at the third annual Penn State Tropical Studies Symposium at 7:30 p.m. Wednesday, Oct. 11 in Room 112 Walker Building at University Park.

Dr. Sanchez, who will discuss "The Sustainable Use of Tropical Forests," also will speak to members of the Tropical Studies Symposium between 1:30 and 3:30 p.m. in Room 406 Walker. He will be available for open discussion to interested students and faculty in Room 319 Walker from 9:30 to 11:30 a.m.

Dr. Sanchez, a native of Cuba, has dedicated his professional career to improving the management of tropical soils for sustained food production and protection of the natural resource base. He is the author of *Properties and Management of Soil in the Tropics* and editor of seven other books.

His visit is sponsored by the Office of the Vice President for Research. For

further information, contact L. Yapa 321 Walker, phone 865-1187/1433.

NASW chapter formed

Faculty and staff members have formed a Penn State Chapter of the National Association of Science Writers. The group will meet for lunch and program planning on the last Wednesday of each month.

Anyone interested in science communication is welcome to attend. To make a reservation for the next meeting on Oct. 25, call Barbara Hale at 863-4082 by Oct. 20.

Public lecture

Donovan J. Ochs, professor of communication studies and rhetoric at the University of Iowa, will give a public lecture titled, *Demonsthenes: Superior Orator and Victorious Monomaniac* at 4:30 p.m. Friday Oct. 20 in Room 100 Chambers at University Park.

Dr. Ochs will be sponsored by the Speech Communication Department and the Institute for the Arts and Humanities Studies.

Faculty/staff fitness classes

Openings remain in the following Recreational Sports Faculty/Staff Fitness Classes: Fitness Over 40, 5:30 to 6:30 p.m. Monday, Wednesday and Friday; White Building, 60+ Shape-Up, 5:30 to 6:15 p.m. Monday, Wednesday, and Friday; White Building; Advanced Toning and Tightening, 5:30 to 6:30 p.m. Tuesday and Thursday; White Building; Aquasize, 5:30 to 6:15 p.m. Monday, Wednesday and Friday; IM Building.

Classes are open to faculty staff, spouses and retirees. For more information, call Patti Kenney at 865-5401.

Focus on the arts

Featured author

The Penn State Bookstore on Campus will feature Kenneth R. Bettel, who will sign and discuss his new book *Zen and the Art of Pottery* (Weathervill, 1989) from noon to 2 p.m. Friday, Oct. 6.

Dr. Bettel taught in the Department of Art Education at the University for 31 years. He is professor emeritus of art education and fellow emeritus of the Institute for the Arts and Humanistic Studies.

As an artist-scholar, he has written books about the dignity and discipline of craftsmanship: *The View of the Potter: East and West in the Great Tradition* (1985), *Mind and Craft in the Art of Pottery* (1972) and *Alternatives to Art Education Research* (1973).

The public is invited to attend the author signing session. A 20-percent discount will be offered on *Zen and the Art of Pottery* which celebrates pottery and serves as a practical guide to its techniques, during the book-signing.

The arts on Channel 3

The story of Western art is a story of wide-ranging achievements. It also is a tale of the remarkable people, vibrant places, and fervent times.

These stories and others, encompassing more than 2,000 years of artistic expression, come alive in *Art of the Western World*, a new nine-part series premiering at 2 p.m. Saturday, Oct. 7. Filmed at more than 140 locations in 10 countries, the series combines the talents of nine filmmakers noted for their films on arts with the expertise of distinguished scholars in television's first attempt to capture and celebrate the artistic heritage of the West.

Choreographers and dancers as diverse as Harold Nicholas, Keith Terry, Ellen Fisher, Blondell Cummings, Sally Hess and The Mechanical Force create and perform "hand dances" for director Skip Blumberg's "Dancing Hands" airing at 10 p.m. Sunday, Oct. 8 on *Arts from the Center*.

Ceramics exhibit

"Penn State Ceramics," an exhibition of 20th-century works by Japanese, English, Dutch, Danish and American ceramists, will open Sunday, Oct. 8 at the Palmer Museum of Art at University Park. It will continue through Nov. 10.

The exhibition includes 60 pieces from the Museum's permanent collection and also works by David DonTigny, Beryl Matthews and Brent Oglesbee, professors in the School of Visual Arts. It complements the two-day conference, "Clay in the East: Black and White in Clay" scheduled for Friday and Saturday, Nov. 10 and 11, at the Keller Conference Center at University Park.

The exhibition is free and open to the public. For more information, contact the Museum at 865-7672.

Zoller Gallery exhibit

Clay in the East V, an exhibition of functional and sculptural contemporary ceramics, will be featured Oct. 9 through Nov. 11 at Zoller Gallery in the Visual Arts Building at University Park.

The exhibition will display works in clay by graduate and undergraduate ceramic students from schools along the east coast.

Zoller Gallery is open Monday through Friday 9 a.m. to 5 p.m., Saturday 11 a.m. to 4:30 p.m., and Sunday noon to 4 p.m.

Performance set

Steven Smith, pianist and professor of music in the School of Music, will perform a mixed program of solos and chamber music with colleagues Joanne Zagst, Raymond Page and Leonard Feldman at 8 p.m. Monday, Oct. 9, in the Recital Hall of the Music Building at University Park.

The performance includes Beethoven's "Pathétique" Sonata, Op. 13 and Debussy's

Helen Manfull is shown in a scene from "Mother Courage" opening Oct. 13 and running through Oct. 21 in the Playhouse Theatre.

"Images," Second Series, a set of three solo pieces. Professors Zagst, Page and Feldman will join Professor Smith for Brahms' Quartet in A Major, Opus 26.

Odyssey on WPSU

The I'kung Bushman language is extremely strange to an English speaker. It uses very few adjectives or adverbs, replacing them with "an astounding vocabulary of verbs," explains anthropologist Pat Draper on the new edition of "Odyssey Through Literature."

The "Kung language is only one subject Ms. Draper and her husband, anthropologist Henry Harpending, introduce Leonard Rubinstein to an open episode called "Gertrude Stein was a 'Kung.'"

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Evening of songs

Suzanne Roy, soprano and professor in the School of Music, and Cecilia Dunoyer, pianist, will present an evening of songs by Faure, Bellini, Rossini, Verdi, Richard Strauss and opera arias by Granados and Bellini at 8 p.m. Wednesday, Oct. 11, in the Recital Hall of the School of Music at University Park.

Ms. Roy will be assisted by music faculty members June Miller, organist; Eleanor Duncan Armstrong, flutist; Barry Kroeber, oboist; and flute graduate student, Elizabeth Sharp, in excerpts from Bach's St. Matthew Passion, St. John Passion and Magnificat.

Art history lecture

John Shearman, professor of fine arts at Harvard University, will present the lecture "Giulio Romano and Castiglione" at 8 p.m. Wednesday, Oct. 11, in the HUB Assembly Room at University Park.

The lecture is the third in the 1989-90 series "The World and the Italian Architect: Native Images and Reflections Abroad," sponsored by the Department of Art History and the Institute for the Arts and Humanistic Studies. This year's series is dedicated to Hellmut Hager, head of the Department of Art History.

Romano has been described as a "learned, bold, sure, capricious, varied, abundant and universal" architect. Dr. Shearman, a scholar who is internationally known for his work on the art of the Renaissance, has published widely on Raphael and early Renaissance artists.

A reception for Dr. Shearman will be held after the lecture in the library of the Department of Art History, Room 132 Arts Building.

Bach's Lunch

The Hi-Lo's, a select group of about a dozen singers from the Penn State Glee

Club will give a performance that includes Scottish and Irish folk songs at 12:10 p.m. Thursday, Oct. 12, in Eisenhower Chapel at University Park. The 20-minute concert is part of the fall Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

Organ concerts

Three free organ concerts are being presented in conjunction with the third annual Penn State Conference on Organ and Church Music.

A special Christmas in October concert will be held at 8 p.m. Thursday, Oct. 12, in Grace Lutheran Church, State College.

Organists James C. Mosser, dean of the College of Arts and Architecture, and Susan Dickerson, School of music faculty member, and the combined choirs of St. Paul's United Methodist and Grace Lutheran churches will present a service modeled after the famous Kings College, Cambridge University, Christmas program performed in England annually.

Michael Farris, chosen by *Musical America* magazine as one of "25 of today's young performers headed for tomorrow's stardom," will present a concert at 8 p.m. Friday, Oct. 13, in Grace Lutheran Church.

The program will include the Concerto in D minor and Prelude and Fugue in D Major by Bach, Fugue in A-flat minor by Brahms, Sonata III by Hindemith, Choral I in E Major by Franck and selections from Symphony VI by Widor.

URTC opens season

The University Resident Theatre Company (URTC) will open the 1989-90 season with a production of "Mother Courage" by Bertolt Brecht at 8 p.m. Friday, Oct. 13, at the Playhouse Theatre at University Park.

Suzanne Roy, soprano and professor in the School of Music, will present an evening of songs with pianist Cecilia Dunoyer at 8 p.m. Oct. 11 in the Recital Hall.

Additional performances are scheduled for Saturday, Oct. 14, and Tuesday, Oct. 17 through 21, with a matinee at 2 p.m. Saturday, Oct. 21.

Chronicling the Thirty Years' War, which ravaged Europe during the 17th century.

"Mother Courage" presents war from the personal perspective. Carole Brandt, chairperson of the Department of Theatre, directs the production.

The role of Mother Courage will be played by Helen Manfull, professor of theatre arts. The supporting cast includes graduate and undergraduate students.

"Mother Courage" is a joint project of the College of Arts and Architecture, the Department of Theatre and WPSU-TV with assistance from the School of Communications. For information on tickets, call the Eisenhower Auditorium Box Office at 863-0255.

P.D.Q. Bach

Peter Schickel and his cohorts, Dana Krueger and Peter Lurje, bring the jazz performance of "The Intimate P.D.Q. Bach" to Eisenhower Auditorium at University Park at 8 p.m. Saturday, Oct. 14.

In addition to the sight gags and on-stage clowning, Mr. Schickel and company combine wit with musical skill to produce a satirical look at classical music. All of the performers are serious musicians. Mr. Schickel, also a composer, has an advanced degree from the Juilliard School of Music.

Tickets are available at the Eisenhower Auditorium Ticket Office and the Playhouse Box Office.

New lecture series

Concert-goers at Penn State can now broaden their understanding of performances they will attend through "Artistic Viewpoints," a new lecture series being offered by the Center for the Performing Arts.

The series includes 12 lectures preceding selected upcoming Center performances. These lectures are free and open to the public. Several lectures will be conducted by the artists: others will be given by Penn State faculty members.

The Center hopes to enhance the artists' performances by lending expert insight and in-depth perspective to audience members through the lecture and an open discussion.

Topics of discussion during the artist lectures range from the cast of the Market Theatre of South Africa, describing their true-life experiences with apartheid, to Leon Bates speaking about the unusual combination of piano playing and body-building. Members of the Colorado String Quartet and dancer Jennifer Muller will discuss their experiences as women in the performing arts, as well as their particular performance choices.

Bookshelf

Donald Kunze, assistant professor of architecture, is co-editor of *Commonplaces: Essays on the Nature of Place*, published by University Press of America.

The book is a collection of papers presenting diverse views from the First Commonplace Conference on the Philosophy of Place held in 1986 at Penn State. The conference included philosophers, architects, geographers, literary critics, historians, rhetoricians and aestheticians who met to exchange ideas and criticisms.

The volume is a first of its kind in bringing together a unique interdisciplinary understanding of the cultural function and nuance of place. It should be of special interest to philosophers in the phenomenological tradition and to students of rhetoric, architecture and landscape architecture.

John Balaban, professor of English, and photographer Geoffrey Clifford have collaborated on *Vietnam: The Land We Never Knew*, published by Chronicle Books, San Francisco.

Professor Balaban wrote the 50-page text, while Mr. Clifford contributed more than 125 color photographs, all taken since 1985. *Vietnam: The Land We Never Knew* gives readers a new perception of Vietnam as a land of spectacular scenery and vibrant people. It places the country and the war in an historical context.

Mr. Clifford, a helicopter pilot during the war, has returned four times to Vietnam during the past three years.

Professor Balaban was a conscientious objector during the Vietnam War. He received his bachelor's degree from Penn State and his master's degree from Harvard University. His first book of poetry, *After Our War*, was the winner of the 1974 Lamont Selection of the Academy of American Poets and was nominated for the National Book Award in 1975.

University Park Calendar

October 5— October 15 Special Events

Thursday, October 5
Women of Color Luncheon, noon-1 p.m., Hotel State College.
Bach's Lunch, 12:10-12:30 p.m., Eisenhower Chapel, Nittany Trombone Quartet.
Office of Religious Affairs, 7:30 p.m., 112 Kern.
"To Defend a Killer," Legal Ethics and Retributive Justice, videotape.
Center for the Performing Arts, lecture, 7:30 p.m., 12 Sparks Market Theatre of South Africa.

Friday, October 6
Annual Parents' Weekend (for parents of freshmen), through Oct. 8 at University Park.
Office of Unions and Student Activities, Vietnam Program, talk, noon-1 p.m., Charlotte Ray Lounge (Fishbowl), HUB, Norman McDaniel and Giles Norrington, former POWs, on "Operation Homecoming."
H. Boris Weisfelder Lecture, 3 p.m., 112 Osmond Lab, Armand Borel, Inst. of Tech., Princeton; and Victor Kac, MIT. They will lecture on math topics and discuss Dr. Weisfelder.
Geog. Coffee Hour, 4 p.m., 319 Walker, April Venes, Univ. of Delaware, on "Victims and Opportunists: How Wilmington's Homeless Make Do and Make Over Their World." Refreshments 3:30 p.m.
Shaver's Creek, 6:30 p.m.-10 a.m., Adventure Series: Night Life, through Oct. 7. Call 863-2000.
Center for the Performing Arts, 8 p.m., Schwab Aud., "You Strike the Woman, You Strike the Rock," Market Theatre of South Africa.

Sunday, October 8
Shaver's Creek, 9 a.m.-4:30 p.m., Climbing from the Cowpath: A Look at Challenge, 2-4 p.m., Traditional Wild Herbs. Call 863-2000.
Carnegie Hall Film Series, 7 p.m., 4 Carnegie, *Alphabét, Grandmother, The Fat and the Lame, Two Men and a Warhorse, Hours of Age, What's a Nac Gae Like You*, 8:45 p.m., *Street of Shame* (1950). Free.

Monday, October 9
Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Christine Clark-Evans on "Beyond Discourse: Mental Telepathy in Rabelais' *Abbaye de Thélème*," Refreshments provided.
Shaver's Creek, Junior Naturalists, 3:45-5:15 p.m. Also Oct. 11 and 13. Call 863-2000.
School of Music, 8 p.m., Recital Hall, Steven Smith piano.

Wednesday, October 11
Tropical Studies Symposium, 7:30 p.m., 112 Walker, Dr. Pedro Sanchez, N.C. State Univ., on "The Sustainable Use of Tropical Forests" Graduate Lecture Series, 4 p.m., 112 Kern.
Kenneth M. Weiss on "Medieval *Mayennah* and the Conceptual Map of Genetics." Refreshments and reception, 3:30 p.m.
Art History Lecture Series, 8 p.m., HUB Assembly Room, John Shearman, Harvard Univ., on "Giulio Romano and Castiglione." School of Music, 8 p.m., Recital Hall, Suzanne Roy, soprano.

Thursday, October 12
Bach's Lunch, 12:10 p.m., Eisenhower Chapel. The Hi-Lo's from the Penn State Glee Club. Conference on the History of Art Education, 1:30 p.m., Keller Aud., through Oct. 14.
Social History Colloquium, 3:45 p.m., Rare Books Reading Room, Pattee Library, Galen Cranz, Univ. of Calif., Refreshments served.
Spanish, Italian, Portuguese Lectures, 8 p.m., 101 Kern, Enrique Pupo-Walker, Vanderbilt Univ.,

'Vase' by Johan Van Loon is in the Palmer Museum of Art exhibition "Penn State Ceramics" opening Oct. 8 and running through Nov. 19.

on "The Findings and Fables of History: The Old World and the New."

Friday, October 13
URTC, *A Chronicle of the Thirty Years' War*, The Playhouse, through Oct. 21.
"Strengthening Our Commitment: A Faculty Workshop on Curriculum Integration." Registration: 11:30 a.m., Colonial Room, Nittany Lion Inn, Also Oct. 14, 8-30 a.m.; 1:30 p.m.
Geog. Coffee Hour, 4 p.m., 319 Walker, Audrey Rodgers on "The Urban Wasteland in the Poetry of William Carlos Williams." Refreshments, 3:30 p.m.
Shaver's Creek, Autumn Camp-out (for single parent families), 6:30 p.m.-10 a.m., Moonlight Canoe for Two, 7-10 p.m. Also Oct. 14. Call 863-2000.
Saturday, October 14
School of Music, 2:30 p.m., Recital Hall, Organ Conference, center, Pa. Collegiate Choral, Festival Concert.
Center for the Performing Arts, 8 p.m., Eisenhower Aud., *The Intimate PDQ Bach*
Sunday, October 15
Shaver's Creek, Wild Mushrooms, 2-4 p.m., Call 863-2000.
Carnegie Hall Film Series, 7 p.m., 4 Carnegie.
Zero for Conduct: A Day in the Country, 8:45 p.m., *Written on the Wind* (1956). Free.

Public Radio

WPSU-FM 91.1
"All Things Considered," Monday-Friday, 5-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m.
"Odyssey Through Literature," 12-130 p.m. Wednesdays, hosted by S. Leonard Rubinstein
"Creative License," 12:30 p.m. Thursdays, hosted by Cherie S. Lewis.

Conferences

Continuing Education

Keller Building

Oct. 9-11. Elements of Underground Coal Mining. Christopher J. Bise, associate professor of mining engineering, director.
Oct. 9-13. Field Training Officer, John F. Sullivan, assistant professor of administration of justice, chair.
Oct. 9-13. Practical Methods in X-ray Residual Stress Measurement, Eric Loop, coordinator.
Oct. 12-14. Organ and Church Music, James Mosser, dean and professor of music, chair.
Oct. 12-14. History of Art Education, Harlan Hoffa, associate dean and professor of art education, chair.
Oct. 15-17. Cooperative Vocational Education, George Ebert, instructor, vocational education chair.
Executive Programs
Oct. 29-Nov. 3. Penn State Management Program for Women, academic program director Shirley S. Hendrick, director of continuing education and assistant professor of business administration.

Seminars

Thursday, October 5
College of Ag. faculty/staff orientation workshop, 8:30 a.m.-5 p.m., Assembly Room, Nittany Lion Inn.
Econometrics workshop, 2:30 p.m., 420 Kern.
Isma Tunal, Cornell Univ., on Duration Analysis of Fertility Patterns in Malaysia.
Physics Colloquium, 3:30 p.m., SS Osmond Lab.
Stewart Smith, Princeton, on Rare Kairn Decays.
Ecology, 4 p.m., 111 Wark, Charles H. Houtt, Univ. of Maryland, on "An Analysis of the Behavior of Striped Bass on the Spawning Grounds of Choptank and Nanticoke Rivers, Maryland."

For information about Penn State arts and calendar events and the weather, call 863-1234 and follow the directions given in the recorded message.

Friday, October 6
Agronomy and Ag Econ, 3:35-4:25 p.m.
Eisenhower Chapel, Brizzell Room, Steven Schrader on "Computation Facilities."
Kappe Environmental Engineering, 3:35 p.m.
127 Sackett, William R. Knoke, V., Polychlorinated and State Triox. on Removal of Iron and Manganese by Oxidation and Adsorption Processes.
Monday, October 9
Entomology, 3:45 p.m., 204 Patterson, Rick Lindholm, Univ. of Wisconsin, on "Allochemicals and Enzymes as Determinants of Host Use by Tree Feeding Lepidoptera."
Tuesday, October 10
Gerontology Colloquium, 11 a.m., 101 Health and Human Development, East, Manfred Diehl on "Older Adults' Understanding of Prescription Drug Labels: Refreshments served."
CAMP, 4 p.m., 135 Davey, Jack McLeod, Univ. of Illinois, on "Superfluid Helium on Hydrogen."
Biology, 4 p.m., 8 Mueller Labs, Robert Bryan Hershey, Medical Center, on "A Journey into the Human Brain Using Positron Emission Tomography."
Thursday, October 12
Ecology, 4 p.m., 111 Wark, Nora L. Berwick, Coastal Resources Mgmt., USAID, on "USAID Perspectives on Biodiversity and Conservation Biology."
Friday, October 13
Agronomy, 3:35-4:25 p.m., 111 Tyson, Daniel Kneivel on "Corn Response to Acid Rain and Water Stress."
Tuesday, October 17
Physics Colloquium, 3:30 p.m., SS Osmond Lab, Steve Koonin, CalTech, on "Cold and Hot Fusion."

Exhibits

Chambers Gallery
School of Visual Arts, Prints and Medallies, through Oct. 13.
HUB Galleries
Art Alley Cases: Items from the Past Agricultural Museum, through Nov. 4.
Personal artifacts from the Vietnam War, selected by A.J. Ferguson (Dept. of Agronomy), Robert Doyle (American Studies) and Stewart Kowitz (Physical Plant), through Nov. 3.
Art Alley Panels: Kathleen Fox Ragusa, Eclectic, through Nov. 3.
Browsing Gallery: Microscapes: The Hidden Art of High Technology, sponsored by AT&T through Nov. 8.
Formal Gallery: Vietnam Veterans Memorial: A National Experience, through Oct. 29.
Kern Galleries
College of Engineering Research Exhibition, Oct. 9-31.
Palmer Museum of Art
Turn-of-the-Century European Posters from the Museum's Collection, through Nov. 5.
Ceramics from Penn State Collections, through Nov. 19.
Bellefleur Collections, through Oct. 22.
Pattee Library
East Corridor Gallery: Jorene Rath, Simplification of Form, through Nov. 17.
Lending Services: Kevin Smith, paintings, through Oct. 20.
Rare Books Room: The World and the Italian Architect (in conjunction with the Art History lecture series), through Oct. 27.
Zoller Gallery
Clay in the East, Oct. 9-Nov. 11.

Two get Academic Computing Fellowships

The Graduate School and the Office of Computer and Information Systems have announced the selection of two new Academic Computing Fellowship recipients.
The new fellows, **Robert Schuerman** and **Roberta H. Barba**, both in the College of Education, received the awards on the basis of outstanding professional and scholarly achievements.
Mr. Schuerman, an instructor of technical topics for the past 15 years, is researching the effectiveness of computer-based learning environments as part of his

doctoral studies. The focus of his work is to identify computer-assisted instruction strategies that give students control over the learning environment while preserving and improving the effectiveness of the instruction.
Ms. Barba, a primary and secondary education teacher for 20 years, is the author of four public-domain science education packages for elementary students and has written numerous articles about the use of computers in the classroom. She currently is working on several related

projects to determine when personal beliefs about career potentials are set and what intervention strategies can enable a wider range of career alternatives.
The new fellows bring the total of Academic Computing Fellows at Penn State to seven. The University established the program in 1987 to support doctoral students who have a background and strong interest in computing applications of their disciplines.
"This innovative program is unique in that it emphasizes the application of computing technology to the problems and challenges doctoral students will encounter

and must conquer in their particular disciplines," J. Gary Agoson, executive director of the Office of Computer and Information Systems, said.
Academic departments and graduate programs may nominate students for the fellowships, which are renewable for a maximum of four years, contingent upon satisfactory academic performance and availability of funds. Nominees must be U.S. citizens or permanent residents. Final selections are made by the Graduate School's Committee on Fellowships and Awards.

Appointments

Leslie Ellen Brown has been named director of academic affairs and associate professor of musicology at Penn State Beaver Campus.

Dr. Brown most recently served as assistant dean of graduate studies at West Chester University and also has served on the faculties of Colorado State University, Converse College, Cottey College and Louisiana State University.

As director of academic affairs, she will oversee all Beaver Campus full and part-time faculty members, academic activity research and teaching.

Her own scholarly research includes studies of early eighteenth century French opera and music theory and aesthetics in late eighteenth century Scotland. She has published numerous articles and papers on these subjects in a variety of scholarly journals and periodicals.

Dr. Brown currently serves as the editor of *Studies in Eighteenth Century Culture*, the annual volume of select essays of the American Society for Eighteenth Century Studies.

Jean M. Dance has been appointed director of campaign and constituent relations in the Office of the Senior Vice President for Development and University Relations.

Ms. Dance is responsible for the direction and coordination of campaign relations, including donor recognition events, acknowledgments, pledge reminders, Mount Nittany Society, annual report listings, trip scheduling and arrangements.

Formerly, she was an instructor for 15 years in theater and general education in

Leslie Ellen Brown

the arts at University Park and on three Commonwealth Campuses. She received her master of arts degree in theater arts with honors from Penn State and acted with the Penn State Festival Theatre, now known as PACS. She also has been associated with educational theater as a lecturer and consultant and has directed two children's theater touring companies in Philadelphia and North Carolina.

Prior to her association with Penn State, she was director of production at N W Ayer in Philadelphia, administering accounts for DeBears Diamonds, Cannon Towels and others.

Ms. Dance is immediate past-president and currently executive board member of

Jean M. Dance

the Friends of the Palmer Museum. She serves on the board of the Arts and Architecture Alumni Constituent Society and is a member of Mortar Board.

In her position, Ms. Dance reports to Maggie Crispell, executive director of campaign and constituent relations and assistant to the senior vice president for development and university relations.

Linette Courtney, administrative aide for Education Abroad Programs, has been appointed assistant director of campaign and constituent relations in the Division of Development and University Relations.

She joined the University staff in 1980 as secretary for the Black Studies Program,

Linette Courtney

vice president for undergraduate studies. She also has served as secretary for foreign studies and for the Education Abroad Programs in the Office of International Programs, where she was a liaison with students, parents, faculty and staff concerning admission to study abroad locations.

Previously, she worked in the Senate Minority Office of Program Research for the Commonwealth of Pennsylvania and in the Pennsylvania Senate Minority Leader's Office.

Ms. Courtney earned an associate degree in letters, arts and sciences in 1985 and a bachelor of science degree in marketing in 1988 from Penn State.

Penn Staters

The University of Pennsylvania Press has nominated *American Authors and the Literary Marketplace since 1930*, a recent book by **James L.W. West III**, professor of English, for both the John Hope Franklin Publication Prize and the Christian Gauss Award. The John Hope Franklin Publication Prize, given by the American Studies Association, honors the best scholarly book in the field of American studies for 1988, while the Christian Gauss Award, given by Phi Beta Kappa, recognizes the best scholarly book in the humanities for 1988.

Joseph S. Beard, senior extension agent in Crawford County, was third place national winner in the slave-est category of the 1989 Public Information Awards Program of the National Association of County Agricultural Agents.

H. Reginald Hardy Jr., chairman of the geomechanics section and director of the Rock Mechanics Laboratory, presented a paper at the 12th World Conference on Non-destructive Testing in Amsterdam, the Netherlands. He also presented lectures and short courses at the University of Oviedo in Spain.

Sabih I. Hayek, professor of engineering science and mechanics, presented a keynote lecture "Modeling of Absorbent Barriers" at the International Symposium on Environmental Acoustics at Kobe University, Kobe, Japan. While in Japan, he presented lectures at three other institutions: Tokyo Institute of Technology, the National Defense Academy and the University of Hosei.

Edwin L. Herr, professor and head Division of Counseling and Educational Psychology and Career Studies, served as co-chair, theme speaker and conference summarizer of the first bilateral conference of the British Association of Counseling and the

American Association for Counseling and Development at Brunel University, England. He also lectured on career development in organizations to the Institute of Personnel Managers and to the Federated Union of Employers at University College, Cork, Ireland, and on planning for counseling services to the National Institute of Guidance Counsellors at St. Patrick's College, Dublin.

Lorraine T. Kapitanoff, retired assistant professor of Slavic languages, was honored in June as a distinguished alumna of Carleton College, Northfield, Minn., at ceremonies in Skinner Memorial Chapel on the college campus.

Richard P. McNitt, professor and head of engineering science, has been elected a Fellow of the Society of Engineering Science for outstanding achievements in the field.

M.F. Modest, professor of mechanical engineering, has been elected a Fellow of the American Society of Mechanical Engineers in recognition of outstanding contributions in the areas of thermal radiation and laser heat transfer.

Jan S. Prybyla, professor of economics, gave two seminars at the Institute of International Relations in Taiwan on China's economic reforms and a lecture on Taiwan-Mainland Economic Relations at the Asia and World Institute, Taipei. He also presented a paper on Western technology transfers to China at the University of Duisburg, West Germany.

William R. Schmalstieg, professor and head of the Department of Slavic Languages, gave three invited lectures at Japanese universities. He discussed Indo-European syntax at the Goshu University in Tokyo and lectured on Slavic syntax at the Kobe City University of Foreign Studies and on

Indo-European phonology at Kansai Gakuin University in Osaka.

Gerhard F. Strasser, associate professor of German and comparative literature, has been elected full member of the German Society for the History of Science.

Jiri Tichy, professor of architectural engineering and chairman of the graduate program in acoustics, has been appointed chairman of Acoustical Society of America Technical Committee on Noise.

Dan Willis, assistant professor of architecture, has been awarded the 1989 Hugh Ferriss Memorial Prize for Architectural Drawing. The prize is described as "the nation's highest award for excellence in the graphic representation of architecture" by the competition's organizers, the American Society of Architectural Perspectivists, and its sponsors, the Van Nostrand Reinhold Company.

H.L. Barnes, professor of geochemistry and director of the Ore Deposits Research Section, gave the plenary lecture on "Hydrothermal Processes and Gold Deposition" at the International Symposium, Gold 89 in Toulouse, France.

N.K. Bose, Singer professor and director of the Spatial and Temporal Signal Processing Center, chaired an invited session on 2-D Systems at the International Symposium on the Mathematical Theory of Networks and Systems in Amsterdam, The Netherlands.

Eric L. Cross, director of the Materials Research Laboratory and Evan Pugh professor of electrical engineering, gave the keynote lecture, "Electronic Ceramics: Current Issues and Future

Prospects," for the electronic ceramics section of the First European Ceramic Society Conference in Maastricht, The Netherlands.

Richard L. Frautschi, head of the Department of French, presented a paper titled "Lexical and Narratological Measures Applied to Two Novels by Alain Robbe-Grillet" at the 15th International Conference on Computers and the Humanities at the University of Toronto.

Richard L. Gordon, professor of mineral economics, spoke on "Coal Markets: Issues and Prospects" at Business Outlook, a conference sponsored by the Conference Board of Canada in Vancouver, B.C.

Alfred Traverse, professor of palynology, presented an invited paper, "Plant Evolution vs. the Carbon Oxygen Cycle and the Resilience of Kingdom Plantae" at a symposium on Past Global Changes in Interlaken, Switzerland. He also presented a paper at the Swiss Academy of Sciences in Bern and at the annual meeting of German-speaking palynologists and paleobotanists in Krefeld, West Germany.

Howard W. Pickering, professor of metallurgy, has been named a recipient of the 1988 Distinguished Alumnus Award of the University of Cincinnati's College of Engineering.

Robert E. Newnham, Alcoa professor and chair of solid state science at the Materials Research Laboratory, delivered several lectures at the Korean Advanced Institute of Science and Technology, visited electroceramics laboratories at Samsung and Goldstar electronics companies, and delivered lectures at Seoul National, Hanyang and Yeungnam universities.

Partings

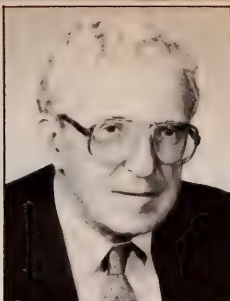

George M. Guthrie has retired as professor emeritus of psychology after 40 years of service. He joined the University as an assistant professor of psychology in 1949. His specialty is clinical psychology, and he was a diplomate for the American Board of Professional Psychology. Following his research in the Philippines and his work with Peace Corps training, he concentrated on the problems of adjustment faced by Americans who work in foreign cultures.

During much of his career at Penn State, he and his wife, Helen A. Guthrie, former head of the University's Nutrition Department, studied ways to combat dietary deficiencies among rural Filipinos.

In the mid-1980s, the Guthries tested 557 Filipino mothers. They disproved claims that Third World mothers, when given free infant formula samples, automatically discontinued breast feeding with nutritionally disastrous results for their infants.

A native of Ontario, Dr. Guthrie received his bachelor's degree from the University of Western Ontario and his doctorate from the University of Minnesota. A Fulbright research scholar in the Philippines in 1959-60, he published his observations in a collection of reports and essays titled "The Filipino Child and Philippine Society" (Philippine Normal College Press).

In 1961, he was appointed associate director of the Peace Corps training program for the Philippines, headquartered at Penn State. From 1963 to 1965, Dr. Guthrie served as chairman of the Inter-University Committee on Study Fellowships for International Development, a program for returning Peace Corps

George M. Guthrie

members supported by the Ford Foundation.

His publications include a book, *The Psychology of Modernization in the Rural Philippines*, as well as contributions to journals such as *Journal of Clinical Psychology*, *Journal of Consulting Psychology* and *Journal of Social Psychology*.

Dollie Anna Hochberg, supervisor of medical records for Ritenour Health Center, which is part of the University Health Services, has retired after more than 30 years service.

She started as a clerk typist in the center's medical records section in 1956 and was named supervisor in 1964. In 1976, she successfully completed the national accreditation examination of the American Medical Record Association.

Dollie Anna Hochberg

Her retirement plans include staying in State College with her husband.

David L. Young, professor of landscape architecture, has retired with emeritus rank after 17 years of service. Over the period of his tenure, Professor Young has been a leader within his department, as well as a dedicated teacher and activist on both local, state and national fronts.

A native of Cape Cod, he received two baccalaureate degrees from the University of Massachusetts and a master of landscape architecture from Harvard Graduate Student Division.

In 1957 he entered private practice with the Boston firm Shurcliff and Merrill. Leaving private practice, he joined the faculty of Louisiana State University in 1967 and then Penn State in 1972 as the

third department head of Landscape Architecture. Under his guidance Penn State's Department of Landscape Architecture became one of the largest undergraduate programs in the nation, producing more than 500 landscape architects.

Professor Young developed the first teaching aids for the technical aspects of landscape architecture, which have been used by more than 100 institutions. He served as a board member and president of the Landscape Architecture Foundation, promoting the advancement and dissemination of professional studies.

An active member of the local community, he joined the State College Borough Design Review Board in 1981 and later the Planning Commission.

In retirement, he plans to assist a growing environmental preservation movement by contributing his land planning and design expertise in his native Cape Cod.

Marion Mussolino, clinical head nurse at Hershey Medical Center, from Oct. 9, 1978, until July 1.

Nancy H. Christy, secretary at McKeesport from Sept. 7, 1976, until Aug. 10.

Wanda Kautz, administrative assistant at Hershey Medical Center, from June 20, 1972, until Aug. 19.

Edward Teshesa, HVAC mechanic at Hershey Medical Center, from Jan. 24, 1972, until Aug. 26.

Dorothy H. Hauser, patient care secretary at Hershey Medical Center, from July 17, 1978, until Sept. 16.

Nancy E. Michalek, inventory clerk, Corporate Controller's Office, from July 10, 1979, until Sept. 16.

Harry Gearhart to lead plasterer in Office of Physical Plant.

Daphne D. Hoffman to residence hall utility worker in Housing and Food Services.

Joyce L. Hopson to residence hall worker in Housing and Food Services.

Linda H. Hostetter to patient care assistant at Hershey.

Viola L. McCready to residence hall utility worker in Housing and Food Services.

Eleanor K. Peiffer to patient care assistant at Hershey.

Carla M. Peterson to patient service aide at Hershey.

Mark A. Revay to food service worker A in Housing and Food Services.

Lisa J. Saksek to patient care assistant at Hershey.

Michelle E. Shindell to patient care assistant at Hershey.

Sharon J. Warden to patient care assistant at Hershey.

Judy A. Wolfe to group leader, environmental health worker at Hershey.

Roger A. Zimmerman to group leader-HVAC at Hershey.

Promotions

Clerical

Johanna R. Baittinger to secretary B at Great Valley Center.

Janice E. Barnhart to clerk, records A in Business Administration.

Connie Bjalmé to secretary A in President's Office.

J. Bradley Caldwell to clerk B in Intercollegiate Athletics.

Brenda Chambers to secretary B in Engineering.

Veima C. Clarke to kiosk receptionist B in University Safety.

Patrick W. Corbett to accounting clerk in Controller's Office.

Mary Jane Corman to clerk, typist A in Business Administration.

Susan L. Coulter to clerk A in Student Services.

Lori Dodson to secretary B in Engineering.

Jane Kone Eberling to accounting clerk in

Undergraduate Programs.

Darlene F. Eberly to secretary B at Hershey.

Connie R. Fetzer to senior clerk, scheduling in Science.

Mary Frank to budget clerk in Education.

Donna Garlow to clerk A, telephone operator in Academic Services.

Barbara Gates to secretary B in Health and Human Development.

John Hamilton to clerk, bibliography processing in University Libraries.

Mardi D. Hockenberry to secretary A in Science.

Cathy J. Kowalske to secretary B in Engineering.

Lynn McCool to clerk B in University Safety.

Carol J. Nadzom to secretary B in Commonwealth Educational System.

Martha Ney to clerk A, engineering in University Libraries.

Janet M. Nixon to secretary B at Hershey.

Barbara A. Nolt to clerk, bibliographic processing A at Capital College.

Rita O'Brien to secretary C at Ogonz Campus.

Ruth C. Pfueger to secretary B at Behrend College.

Lisa Richtscheit to secretary A in Science.

Lucy J. Shuey to clerk, transcript A in Academic Services.

Lisa Skrippek to clerk typist A in Academic Services.

Sandra K. Stewart to technical secretary B in Applied Research Lab.

Marion E. Wilks to accounting clerk in Controller's Office.

Shirley A. Wilson to clerk, accounting A in Housing and Food Services.

Technical Service

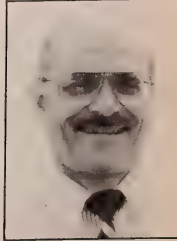

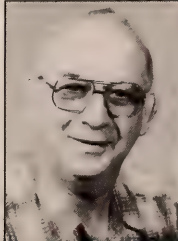

John F. Bessey to patrol officer at Scranton.

Sheila E. Craft to utility worker at Hershey.

Frank J. Evans to maintenance worker, utility at Beaver Campus.

Lisa M. Garner to patient care assistant at Hershey.

25-year award recipients

Completing 25 years of service at the University are, from left, Thompson A. Buchan, computer operations services coordinator, Commonwealth Educational System; Geraldine A. Kooney, food production worker B, HUB, Housing and Food Services; David

A. Kurtz, analytical chemist, Department of Entomology; John A. Pollock Jr., vending machine service, Housing and Food Services; Ronald L. Sheetz, director of business services and operations, Penn State New Kensington Campus.

Dr. Rao receives statistics medal from association

C.R. Rao, holder of the Eberly Chair in Statistics, has been named winner of the 1989 American Statistical Association Samuel S. Wilks Memorial Medal.

The medal, which honors American pioneering statistician S.S. Wilks, is the premier award given by the American Statistical Association to honor an individual for contributions to the advancement of knowledge, ingenious applications of existing knowledge,

publications in theory and methodology, educational activities, and cooperative scientific efforts and contributions to professional statistical societies.

Dr. Rao, one of the founders of modern statistics, was named to the Eberly Chair in Statistics last year. The Eberly Chair in Statistics is one of eight professorial appointments with \$1 million endowments created in 1986 in the College of Science

through a gift from the Eberly Family Charitable Trust of Uniontown.

In addition to the Eberly Chair, Dr. Rao also holds the title National Professor, awarded him by the Government of India for his outstanding contributions to science. An Indian citizen, he spends part of each year in Calcutta at the Indian Statistical Institute where he has worked since 1944 and which he headed from 1964 until 1976.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion may apply by CALLING THE EMPLOYMENT DIVISION, 863-6304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Oct. 12, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications to staff vacancies are considered in accordance with Fair Employment practices (FS 1) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status as a disabled or Vietnam era veteran.

• **Assistant Superintendent, Golf Course, Auxiliary Recreation Services, University Park Campus**—Responsible to the superintendent golf course for the day to day supervision and coordination of golf course operations including grounds and equipment repair and maintenance. Determine the need and supervise work for seeding, sodding, fertilizing, watering, mowing and maintenance of grass including irrigation. Requires associate degree or equivalent in agronomy, turf management or related field plus two to three years of effective experience in golf course management. STAFF GRADE 5.

• **Team Physician, Intercollegiate Athletics Laboratory, University Park Campus**—Responsible to the director of clinical services. Center for Sports Medicine for providing medical care to student athletes from the 28 varsity teams at the Intercollegiate Athletics Program at the University Park Campus. 36-joint physical with a doctor of

medicine or equivalent degree from an accredited school of osteopathy. License to practice medicine in the Commonwealth of Pennsylvania and four to five years of effective experience in sports medicine required. POSITION AVAILABLE JAN. 1, 1990. STAFF GRADE 10.

• **Rural Economic Development Specialist, Senior Vice President for Research and Dean of the Graduate School, Associate Vice President for Sponsored Programs, Technology Transfer and Industrial Liaison, University Park Campus**—Responsible to the associate vice president for sponsored programs, technology transfer and industrial liaison for promoting University economic development resources, identifying and addressing rural economic development issues, working with state and local officials to affect legislation and policies. Requires master's degree or equivalent in rural development and/or rural sociology or a related field plus four to seven years of effective experience to include experience in legislative program formulation at the state government level. Ph.D. preferred. STAFF GRADE 9.

• **Associate Director for Economic Development, Institute of State and Regional Affairs, Senior Vice President for Research and Dean of the Graduate School, Associate Vice President for Sponsored Programs, Technology Transfer and Industrial Liaison, Penn State Harrisburg**—Responsible for assisting Penn State executive officers, program directors and faculty to design and implement economic development strategies and programs. Requires master's degree or equivalent in regional planning, public administration or business administration plus four to seven years of effective experience in economic development planning and management and excellent written and oral communication skills. STAFF GRADE 9.

• **General Accountant, University Hospital, The Department of Financial Management, Hershey**

Medical Center—Responsible to the supervisor General Accounting for the overall operation and control of the general ledger, financial statement, inventories, various administrative and statistical reports required by hospital administration. Requires bachelor's degree or equivalent plus one to two years of effective experience. STAFF GRADE 6.

• **Administrative Assistant, Commonwealth Educational System, Delaware County Campus**—Responsible to the campus executive officer for providing administrative support for a variety of campus activities to include grant proposal preparation, event coordination and research and report preparation. Requires associate degree or equivalent plus two to three years of effective experience. Knowledge of grant and proposal preparation, and good oral and written communication skills required. STAFF GRADE 5.

• **Assistant Director of Student Programs and Services, Ogontz Campus, Student Programs and Services**—Responsible to the director of student programs and services for planning, coordinating directing and implementing various functional areas within the Student Programs and Services Office with particular emphasis on financial aid. Requires master's degree or equivalent in counseling, student personnel or related field plus two to three years of effective experience, or bachelor's degree or equivalent plus four to six years of effective experience in areas of financial aid, counseling, admissions, etc. STAFF GRADE 7.

• **Assistant Director, Nursing Services—Nursing, The Milton S. HERSHEY Medical Center, Department of Nursing Services, Hershey Medical Center**—Responsible to the director of nursing for the development and implementation of the Center for Nursing Research. Also responsible for securing outside funding for research activities in the department and management of support staff. Requires a doctorate in nursing or related field and a

registered nurse currently licensed by Pennsylvania State Board of Nurse Examiners plus three to four years of effective experience which includes service in an academic setting plus demonstrated ability to conduct research. Administration experience preferred. STAFF GRADE 8.

• **Maintenance Foreman, CES, Beaver Campus**—Responsible to the director of business services for planning, scheduling and supervising maintenance repair and up-keep activities of the Beaver Campus physical plant and facilities. Requires high school graduate, or equivalent, with several years of trades training and two to four years of effective experience in such areas as heating/ventilating electrical work, landscaping, plumbing, painting, carpentry and maintenance. Leadership qualities and experience in a supervisory capacity highly desirable. STAFF GRADE 5.

• **Engineering Aide, Applied Research Laboratory, University Park Campus**—Responsible to the project engineer or senior engineering aide for the layout design, fabrication and construction of standard electronic or mechanical components and equipment. Requires high school graduate or equivalent plus two to four years of effective experience in the design and fabrication of experimental equipment. Position may require travel on field assignments including assignments aboard ships at sea. U.S. citizenship required. STAFF GRADE 5.

• **Junior Engineering Aide, Applied Research Laboratory, University Park Campus**—Responsible to the project engineer or designated senior engineering aide for assistance in the fabrication, testing, installation operation and maintenance of non-standard electronic or mechanical parts, components and equipment. Requires associate degree or equivalent in electrical or mechanical engineering, technology program and more than three months of effective experience. Position may require travel on field assignments including assignments aboard ships at sea. U.S. citizenship required. STAFF GRADE 3.

• **Drafter-Designer, Electro-Mechanical, Applied Research Laboratory, University Park Campus**—Responsible to the supervisor Design and Drafting for the accurate performance of a wide variety of drafting operations including layout and design work on all types of drawings for electronic, electro-mechanical, mechanical, hydraulic and acoustic equipment and devices and for the packaging design of electronic equipment. Requires associate degree technical school training or equivalent in electro-mechanical drafting plus six to nine months of effective experience. U.S. citizenship required. STAFF GRADE 5.

• **Drafter, Electro-Mechanical, Applied Research Laboratory, University Park Campus**—Responsible to the supervisor Design and Drafting for the accurate performance of a variety of drafting operations on all types of drawings for electronic, electro-mechanical, mechanical, hydraulic and acoustic equipment and devices. Requires associate degree technical school training or equivalent in electro-mechanical drafting plus six to nine months of effective experience. U.S. citizenship required. STAFF GRADE 5.

Search group is named for associate dean post

A search committee has been appointed to identify candidates for a newly created position of associate dean for undergraduate education. Because a thorough knowledge of the University and the Commonwealth Educational System is essential for the position, the University is conducting an internal search.

The associate dean will assist the vice provost and dean for undergraduate education in conducting the academic duties and responsibilities assigned to the Deans Office related to the Commonwealth Educational System. The associate dean will assume specific responsibility for assisting the vice provost and dean in relation to faculty professional development and academic personnel actions in the Commonwealth Educational

System. **Theodore E. Kiffer**, associate dean, Commonwealth Educational System College of the Liberal Arts, has been named search committee chair. Members are

Robert E. Carnahan, director of academic affairs, Penn State New Kensington Campus; **Daniel L. Doran**, assistant professor of physical education, Penn State Delaware Campus; **Wayne R. Hager**, head of the Department of General Engineering; **Frank J. Kristine Jr.**, assistant professor of chemistry, Penn State Mont Alto Campus; **Wayne D. Lammie**, campus executive officer, Penn State Schuylkill Campus; **Susana C. Marinho** and **Jerry W. Martz**, Council of Commonwealth Student Governments; **Michael D. Riley**, assistant professor of English, Penn State

Berks Campus; **Donald E. Sheffield**, research associate and special assistant to the dean, Penn State Beaver Campus; **Joan S. Thomson**, assistant professor of rural sociology.

The position is available on or before Jan. 1, 1990. Applications and nominations will be accepted until Monday, Oct. 16, or until a suitable candidate is found.

Candidates should be current University personnel holding tenured academic rank of associate professor or professor. Applicants should submit a letter of application and current curriculum vitae, and arrange for three letters of recommendation to be sent to Theodore E. Kiffer, chairperson, Associate Dean Search Committee, 207 Old Main, University Park.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

President Jordan's statement on child care report

We are pleased to accept for further study the report of the University Child Care Task Force. "The Children of Penn State: The University's Role in Child Care in the 1990s." The 19-member task force, composed of students, faculty and staff, was appointed at my request last fall by William Asbury, vice president for student services. We expect to discuss the task force's report widely with the University community and within the broader communities we share.

In its report, the University Child Care Task Force has provided us with 13 recommendations:

- Develop partnerships with area businesses, school districts, hospitals and

community organizations at all Penn State locations to promote collaborative child care arrangements for full-time care, care for mildly ill children and before and after school care.

- Support community-based child care resource and referral services and develop a child care information brochure for new employees and students.

- Expand and enhance on-campus child care based upon the results of the University-wide needs assessment performed by the Task Force.

- Implement parental staffing assistance child care programs where parents donate their time as a cost effective way to expand on-campus

services for students, faculty and staff. The Task Force recommends working to obtain space on or near the University Park Campus to initiate such a program during the 1989-90 academic year.

- Add a new child care facility on the University Park Campus, in addition to the space proposed for the parent staffing assistance program. The Task Force recommends either a University-operated program or a collaborative arrangement, with services contracted to community providers.

- Train more child care professionals by having the Colleges of Education and Health and Human Development develop a joint proposal for providing expanded continuing professional

development opportunities, particularly for community-based child care providers and home-based family day care professionals.

- Develop and publish a flextime policy and encourage supervisors to allow flextime schedules whenever possible to facilitate arrangements for mildly ill children.

- Change the leave policy so that sick days and vacation days are replaced with personal days for all employees, to allow greater flexibility in caring for mildly ill children.
- Establish a parental leave policy that allows for a maximum of one-year leave without pay for either parent.

PENNSTATE

INTERCOM

October 12, 1989

Volume 19, Number 8

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

Air Expo '89 will feature wingwalking

Wingwalking, sailplane and skydiving performances will be featured with dozens of military and civilian aircraft at the University Park Airport's Air Expo '89 on Saturday, Oct. 21.

The Expo will open at 10 a.m. and close at 4 p.m. Because airport parking space is scarce, visitors are encouraged to park in designated areas on the east side of Beaver Stadium and ride a shuttle bus to and from the show. The airport is on Fox Hill Road, northeast of State College.

Admission will be \$5 for adults age 16 and over, and no charge for those younger. Proceeds will go to the Pennsylvania Special Olympics to support local activities.

Military aircraft scheduled to perform at the Expo include an F-16 Fighting Falcon and two A-10 Thunderbolts flown by Penn State alumni. On display will be Chinook, Huey and Sikorsky helicopters, several T-34 Mentors and T-28 Trojans, a C-130 Hercules, and more.

Several homemade airplanes owned by Centre Region residents also will be displayed, as will remote-controlled radio airplanes.

Sailplane aviator Manfred Radius, a big hit at the 1988 Expo, will return for

another try at the "inverted ribbon cut."

Mr. Radius is the only glider performer to achieve this dangerous feat of flying upside down, low over a runway, and cutting through a suspended ribbon. He performs to classical music while wing tip smoke highlights the plane's tailslides, snap rolls, vertical 8's and outside loops.

The father-daughter wingwalking act of Ron and Karen Shelly will make its Expo debut this year. The father does the flying while the daughter walks on the wings of their Stearman bi-plane without a safety belt.

The family-oriented Expo also will celebrate 50 years of All-American Air Mail Service to the Centre Region. The American Philatelic and American Air Mail Societies will sponsor educational displays with authentic examples of airmail which went into and out of the Centre Region.

The show's eye-catching poster, which will be on sale during the event, harkens back to the earliest days of airmail delivery. It depicts pilot H.J. "Slim" Lewis buzzing the Bellefonte courthouse, as he did each time he left town after retraining for the New York to Cleveland run.

Need for leased space has increased substantially

Space—or the lack of it—is on a lot of administrators' minds at University Park these days.

According to James Wagner, associate vice president for business and operations, the University's need for leased space has increased substantially over the last five years.

"Only one building was under lease before the last five years," Wagner said. "Today, University units are located off campus in more than 20 different buildings, all or part of which are leased by the University."

Growth at the University Park Campus has outstripped the capacity of on-campus facilities.

"Leased space is a short-term solution for relieving demands on the physical plant in an environment where neither the University nor the Commonwealth has been able to finance and construct new buildings to meet those demands adequately," Mr. Wagner added.

"To the extent that such space is available, the University attempts to lease space which is near the campus, and which is of fairly significant size so that a unit located off campus may operate as efficiently as possible while maintaining its sense of campus identity."

The University recently leased approximately 5,000

square feet of space at 419 East Calder Way for a program of the College of Health and Human Development and approximately 3,000 square feet of space at 122 East College Avenue as temporary offices for the English Department.

James Dungan, senior director, Facilities Resources Management, said the University leases space at many different locations in the State College area, including East and West College Avenue, Sowers Street, East Calder Way, Burrows Street, North Atherton Street, South Atherton Street, South Allen Street and Ferguson Square.

According to Dr. Dungan, the amount of space leased in any one location varies from less than 700 square feet to more than 40,000 square feet. He said the cost per square foot on an annual basis ranges from \$2.50 for warehouse space to approximately \$12.00 for finished office space, with a weighted average of about \$8.00 per square foot per year.

Noting that the University has been able to lease space for less than average cost for the State College area, Dr. Dungan said the lease cost does not include any capital investment necessary to ensure that the space meets University requirements.

The capital investment cost, he said, varies according to the nature of the space and is usually inversely related to the lease cost. In addition, most leases require that the University pay for electrical service and custodial cost.

Available lease space which might meet University needs is identified in a number of ways. As additional space requirements are defined, the Facilities Resources Management office, working through local realtors and property owners, tries to match needs of the unit with the space available. Because the University is leasing substantial amounts of space, unsolicited proposals from property owners or developers are received on a regular basis.

"In some cases," Dr. Dungan noted, "the University has negotiated successfully to lease space which was called to our attention by the owner. In other cases, the space offered on an unsolicited basis was not of the right size or the right price or the right location to serve the University's needs."

Dr. Dungan noted that off-campus leases in the past were usually for short-term unique space needs that could not easily be accommodated on campus because of the short-term nature of the project or for similar reasons.

(continued on page 3)

Focus on Diversity

Cultural diversity workshops are scheduled

The second in a series of cultural diversity workshops aimed at creating a more hospitable environment for people of diverse ethnic and racial backgrounds has been scheduled for Nov. 14 and 16 at the State College Hotel.

The second set of workshops will be specifically geared toward business owners, supervisors and managers, and an equal number of participants are being recruited from both the community and campus, according to workshop coordinator W. Terrell Jones, associate director of campus life and currently an administrative fellow in the President's Office.

The cultural diversity workshops are just part of a series of programs being implemented at the University and in the community. Twenty-two persons representing campus and community attended the first series of workshops in July.

The sessions will be held from 7:30 to 10:30 a.m. on both Nov. 14 and 16, with participants expected to attend both sessions to complete the awareness program. The sessions feature lectures, films and exercises in stereotyping, prejudice, case studies and role-playing situations.

"Our goal is to help participants understand cross-cultural differences and provide new and better insights into dealing with customer concerns from a culturally diverse perspective," Dr. Jones said. "We hope that the workshops will assist in lessening cross-cultural misunderstandings and foster greater appreciation for cultural diversity. By targeting business owners, supervisors and

W. Terrell Jones, associate director of campus life, conducts a cultural diversity workshop aimed at creating a more hospitable environment for people of diverse ethnic and racial backgrounds. The second in the series of workshops will be held Nov. 14 and 16. Photo: Scott Johnson

managers, we can design the workshop materials to meet their particular experiences and needs.

"Owners and managers are often the key in how employees react and respond to customers, no matter what the issue. We hope that by training these top management people, we can help them better serve all residents and visitors in our community."

The diversity workshops can accommodate up to 25 persons. Interested persons from the community should call

the Chamber of Commerce/Downtown Business Association office at 237-7641. University employees wishing to take part should call University Relations at 865-2501. Those who cannot be accommodated will receive early notification about future workshops. Deadline for registration is Oct. 27.

The workshops are planned and sponsored by the Office of University Relations and the Downtown Business Association's Human Relations and Philanthropy Committee.

Diversity Calendar

Saturday, Oct. 14

Promotion and tenure will be the topic of the first in a series of faculty development workshops sponsored by the office of Minority Faculty Development this semester from 9 a.m. to noon in 101 Kern Graduate Building. Harold Cheatham, associate professor of education, will be the speaker.

Monday, Oct. 16

Ester Newton, professor of anthropology at State University of New York, will deliver a lecture titled "The Fun Gay Ladies: Lesbians in the 'Harred of the 90s.'" This edition examines the escalation of racial violence in the country.

WPSX-TV program

Tony Brown's Journal, airing at 11:30 a.m. Sunday, Oct. 15, on WPSX-TV, looks at "The Hatred of the 90s." This edition examines the escalation of racial violence in the country.

The NAACP regional office in Atlanta recently was the target of violence. NAACP southeast regional director Earl Shinhosher and Rev. C.T. Vivian, chairman of the Center for Democratic Renewal, discuss the growing trend of violence against the black community before a live Atlanta audience.

Obituary

Barbara C. Meyer, tray assembler, Hershey Medical Center, from Nov. 18, 1974, until her retirement Feb. 18, 1989, died Sept. 29 at the age of 71.

The Campaign for Penn State

Architectural Engineering Department receives gift

The University has received a \$50,000 gift from alumnus L. Robert Kimball of Elmhurst, for the Living Laboratory in the Architectural Engineering Department.

The laboratory is devoted to an open demonstration area for heating, ventilation and air conditioning (HVAC). It features exposed state-of-the-art lighting and ventilation systems on the entire second floor of the architectural engineering building. In addition to its function as a teaching tool, the Living Laboratory also will be used as a research facility.

"Bob Kimball's generous gift gives our students a sophisticated head start as

engineers in a highly competitive field. His far-sighted support will advance the profession," John A. Brighton, dean of the College of Engineering, said.

The college is one of only three in the country to have an accredited program emphasizing the training of HVAC design professionals.

"There is a real need for engineers with practical experience in HVAC," Mr. Kimball said. "In my experience, Penn State engineering graduates seem to be much better prepared than students from other schools. I want to contribute to that preparedness."

Mr. Kimball is the founder and president of L. Robert Kimball and Associates of Elmhurst. The firm consults in all areas of engineering with specialties in architectural and civil engineering. Kimball and Associates is a national group, with more than 400 employees.

A graduate in civil engineering, Mr. Kimball left Penn State to serve in the Air Force from 1943 to 1945, returning to earn his degree in 1947. He founded L. Robert Kimball and Associates in 1953.

A long-time friend of the College of Engineering, Mr. Kimball was named an Outstanding Engineering Alumnus, the

college's highest alumni honor, in 1985. He has been a member of the College of Engineering Industrial and Professional Advisory Council, a life member of the Penn State Alumni Association and is a member of the Penn State Alumni Council and Mount Nittany Society.

He is active professionally in the American Consulting Engineers Council, the National Society of Professional Engineers, the Pennsylvania Society of Professional Engineers in Private Practice, and has been named diplomate by the American Academy of Environmental Engineers.

Mohler scholarship

The Harold S. Mohler and Melda A. Mohler Scholarship has been established at the College of Medicine at Hershey Medical Center in memory of the former chairman of the board of Hershey Foods and the Hershey Bank.

The \$100,000 gift from Mrs. Melda Mohler in memory of her husband, Harold, will provide recognition and financial assistance to outstanding students in the College of Medicine who need funds for their college expenses.

As a member of the board at Hershey Bank, Mr. Mohler was involved in establishing the Medical Center more than 20 years ago.

"The Medical Center community is indebted to Mr. and Mrs. Mohler for their many years of dedication and support," C. McCollister Everts, senior vice president for health affairs and dean of the College of Medicine, said. "Their generosity through this scholarship will greatly help our outstanding medical students as they pursue their medical studies."

An Ephrata native, Mr. Mohler joined

Hershey Foods in 1948 as an industrial engineer. He became assistant to the president in 1957 and vice president in 1962. He was named president and chief executive officer in 1965 and chairman of the board in 1974. He retired from Hershey Foods in 1984.

Mr. Mohler served on the board of Hershey Bank for 22 years and was named chairman in 1977. He remained in that position until his retirement in 1984. He died on Aug. 31, 1988.

Medical Center

Private support for The Milton S. Hershey Medical Center reached a high of \$5,522,291 for the 1980 fiscal year. This increase of nearly 10 percent breaks last year's record amount of \$5,026,182.

Fiscal 1989's performance caps three years of unprecedented growth in the Medical Center's private support. Total dollars received over this period amounted to \$14.3 million, 64 percent higher than the \$8.7 million raised during the next best three year period - 1983-85.

According to C. McCollister Everts, senior vice president for health affairs and dean of the College of Medicine, "The records set by the Medical Center this year are truly gratifying to all of us associated with the Hershey Medical Center. We appreciate deeply the confidence that so many individuals, corporations, foundations and organizations have shown in us by providing us with such generous support."

A new record also was set in total campaign commitments received. The Medical Center is an active participant in The Campaign for Penn State. Last year, \$6,543,090 was received in commitments at Hershey, which brought the Medical Center's total raised through the Campaign to \$24,950,000. This surpasses the original goal of \$20,800,000 set for the Center, which was raised to \$30,000,000 in 1987. The campaign concludes in June 1990.

James Brucker, director of university development at the Medical Center, said, "It is significant to note that these records were set at a time when many schools nationally have experienced a decline in private support and total giving to higher education has become stagnant."

Friedman gift

Sidney and Helen Friedman of State College have endowed a scholarship in the School of Communications with a gift of \$15,000.

The Friedman Scholarship will benefit undergraduates in the school's advertising program. Students must have superior academic records to be eligible for the award, which will be made by the school's scholarship committee.

This is only the most recent of many significant gifts made to The Campaign for Penn State by Sid and Helen. G. David Gearhart, senior vice president of development and University relations, said.

In addition to the School of Communications, the Friedmans have supported the colleges of Business Administration, Arts and Architecture and the Liberal Arts, the Palmer Museum of Art, the University Libraries and other academic programs.

The Friedmans are Penn State alumni. Mr. Friedman, a 1944 journalism graduate, was recognized as a Distinguished Alumnus earlier this year.

Statement

(continued from page 1)

- Establish procedures for scheduling classes and final exams for student parents to facilitate child care arrangements.
- Provide financial assistance for students and employees, including a student parent scholarship fund and an employee child care voucher and an expanded flexible benefits program.
- Monitor national and state child care legislation to ensure that the

University makes appropriate use of new benefits and potential sources of funding in support of campus child care programs.

— Establish an Office of Child Care Services, with a full-time director and support staff to provide leadership and support to a University-wide child care program. Child care advisory committees would also be established at each location.

More than 100 children are enrolled in four on-campus child care programs. In addition to the three at the University Park Campus: the Child Development

Laboratory, the Cedar Child Development Center and the Discovery Child Development Center, a fourth program, the Parent Staffing Child Care Program, is located at the new Kensington Campus. Construction of a new child care facility was begun this year at the Hershey Medical Center.

In its report, the Task Force stated the three features of child care services most important to students, faculty and staff at all locations: day-time summer care; opportunities for parents to visit children and low turnover of child care professionals.

This report presents a specific plan of action and represents a landmark in Penn State's ability to address the child care needs of our students, faculty and staff. Providing high quality, affordable child care has become a national priority, and we at Penn State intend to exercise leadership by enhancing the education of child care professionals and by working with government, school districts and businesses to address child care opportunities at each of our locations.

Bryce Jordan

Leased space

(continued from page 1)

Over the last several years, he said, the increasing demands for space at the University Park Campus have led to the location of a variety of University functions into leased space. The Facilities Resources Committee, the group ultimately responsible for space allocation, puts highest priority on assigning off-campus leased space to units which do not have day-to-day contact with students or faculty.

Current users of off-campus lease space include LaVie, Adult Literacy Institute, Sponsored Programs Office, Upward Bound Programs, Management and Systems Engineering, IBIS (Integrated Business Information System) headquarters, certain Continuing Education functions relocated from Keller Building, certain functions with the Office of the Corporate Controller, Office of Human Resources, University Purchasing, Advanced Technology (Ben Franklin) Center, Telefund of University Development

and Relations, Systems and Procedures, Materials Procurement for the Commonwealth Educational System, Office of the Associate Vice President for Sponsored Programs, Technology Transfer and Industrial Liaison, and the Energy Technology Program of the College of Engineering.

This fall, space pressures in the Colleges of the Liberal Arts, Education, and Health and Human Development have forced the relocation of some academic and academic support functions of those colleges to off-campus leased space.

Plans also are in process to relocate the Collegian to off-campus leased space and to relocate the Office of University Publications and the University Press to a leased building on campus. In May, 1990, the School of Communications will move temporarily off campus in order to accommodate a major remodeling of Carnegie Building, but the School, for the most part, will return to campus in May, 1991.

According to Mr. Wagner, the actual leasing process is complex and requires considerable negotiation.

"Instituting a competitive bid process has not been feasible because comparable multiple lease options would have to be available for the required space at the time the space is needed. This has not occurred in the past and is highly unlikely to be the case in the future."

Despite the development of a systematic approach to find and provide lease space as a means of relieving growing pressure on the Penn State's physical plant, Mr. Wagner said the University is developing plans to eliminate the practice.

"We are aware that leasing space off campus is not a long-term, cost effective solution to meet Penn State's ongoing space requirements. The administration has under continuing review a long-term plan aimed at significantly reducing the University's leased space within the next decade."

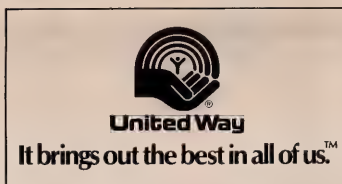

"With more than 200,000 square feet under lease, the return of all units to campus from their off-campus leased locations in the short term is clearly not feasible, but that plan is very much the long-term strategy at Penn State."

United Way drives held at all University locations

United Way charitable fund-raising drives are taking place throughout the Commonwealth this fall and at all 22 Penn State locations.

United Way has been chosen as the only charitable fund-raising drive for which payroll deduction is authorized for University employees because it supports the greatest variety of human services in the communities where Penn State campuses are located. More than 75 percent of Penn State's contributing to United Way utilize the efficient payroll deduction system.

Newly designed annual campaign forms for United Way will be introduced at University Park this fall. The pre-sealed forms, similar to those used for salary information, will allow University Park employees to note their contributions to

date, change the payroll deduction, and designate agencies.

Employees wishing to make one-time cash or check contributions may also use the form. All forms will be returned by individuals directly to the Payroll Office in pre-addressed envelopes to ensure

confidentiality and to improve the overall United Way reporting system.

Continuous giving instituted in 1988 is still in effect. Annual United Way campaigns provide an opportunity for all individuals to review their contributions and to make changes. Unless a new form is

submitted the deduction now in effect will continue. To make changes—decrease, begin or end United Way contributions via the payroll deduction system—payroll change forms are available from personnel representatives at University Park, business offices at other locations, and from the Payroll Office at University Park.

To learn more about United Way agencies in your area, how they work and whom they serve, ask your campus United Way volunteer or call the local United Way office. Understanding the process is the key to United Way's 100 year plus history of providing human service needs to people where they live.

At University Park alone, more than 300 faculty and staff members are involved in the annual fall campaign.

EDUCOM meeting

The opening session of the annual meeting of EDUCOM will be available on Oct. 17 for viewing on the University Park campus cable system through the efforts of the Office of Telecommunications and the University Division of Media and Learning Resources.

EDUCOM is a non-profit consortium of colleges and universities organized to facilitate the use of information technology in higher education. The opening session of its annual meeting at the University of Michigan, Ann Arbor, will be carried live via satellite on Channel 9 of the campus cable system from 8:30 to 10 a.m.

President to meet with students Friday

President Jordan will hold a meeting with students in the Alumni Lounge on the first floor of Old Main at 4 p.m. Friday, Oct. 13.

This is an opportunity for students who might not be able to take advantage of other occasions to talk privately with the president of the University.

Bookshelf

Stanley H. Rosen, Evan Pugh professor of philosophy, takes a new look at a famous quarrel in his book *The Ancient and the Modern: Reclaiming Modernity* (Yale University Press).

Dr. Rosen argues that modern philosophers must not dismiss the intellectual intuition of ancient philosophers such as Plato, but must preserve the balance between the seriousness of conceptual analysis and the playfulness that marks the classical view of philosophy as a divine activity.

The attempt to appropriate the classical heritage, Dr. Rosen says, is neither impossible nor undesirable, but is an indispensable step in the process of legitimizing our historical experience. According to Dr. Rosen, the real quarrel is not between ancient and modern thinkers, but between philosophy and sophistry. The continuous attempt of western civilization to prevent playfulness from degenerating into frivolity constitutes the unity of the historical experience.

A University faculty member since 1950, Dr. Rosen has written the books *Plato's Symposium*, *The Limits of Analysis*, *G.W.F. Hegel*, *Nihilism and Plato's Sophist*.

At University Park

Alumni Fellow set to visit

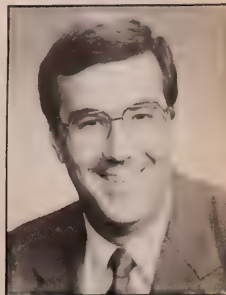

Barry L. Zoumas, vice president for science and technology at Hershey Foods Corp., will visit University Park as an Alumni Fellow of the College of Health and Human Development Oct. 18 and 19.

Dr. Zoumas earned two graduate degrees from Penn State—a master's in nutrition and biochemistry in 1960 and a doctorate in nutrition in 1968. His undergraduate degree is in chemistry from Kutztown State College, and he also is a graduate of Stanford University's Senior Executive Program.

He joined Hershey Foods Corp. in 1971 as manager of nutritional sciences, after two years as a senior scientist in the Department of Nutrition Research at Mead Johnson Research Center in Evansville, Ind.

At Hershey, he was promoted to director of research in 1976, director of research and development in 1979, and his current position in 1981. He is responsible for all corporate research and development, engineering, quality assurance and agribusiness activities.

He is a corporate representative to a number of academic, industry and scientific associations. He has been awarded membership in the American Institute of

Barry L. Zoumas

Nutrition, honored with an Alumni Recognition Award from the former College of Human Development and named a Distinguished Alumnus of Kutztown State College.

Focus on the arts

The arts on Channel 3

Art of the Western World, airing at 2 p.m. Saturday, Oct. 14, presents "A White Garment of Churches." This program traces the development of sacred architecture from the Romanesque through the High Gothic.

World-renowned director Helmuth Rilling conducted the New York Philharmonic Orchestra, the Gächinger Kantorei choir ensemble, and a stellar line-up of soloists in the American premiere of "Messa per Rossini" at Lincoln Center airing at 12:30 p.m. Sunday, Oct. 15.

Starting with the Italian Renaissance and the commissioned religious paintings of the Medici family, *Paintings and the Public*, airing at 10:30 p.m. Wednesday, Oct. 18, traces art's gradual shift from private collections to public access -- culminating with the opening in 1793 of The Louvre in Paris.

Artist's exhibit

The works of Jorene Rath, an artist from Lemont, are on display until Nov. 17 in the East Corridor Gallery of Pattee Library.

The exhibit, named "Process," highlights samples of work from the past 28 years of Ms. Rath's artistic career. They include oil, watercolor, charcoal, acrylic and a variety of other media.

Woodcut exhibit

Selected pieces from the Arts Library permanent collection are on display in the West Lobby Gallery of Pattee Library through Nov. 27.

The exhibit features lithographs and woodcuts that reflect people in quiet contemplation and conversation.

Bracken Lecture

Anthony M. Guzzardo of the landscape architecture firm, Anthony M. Guzzardo and Associates Inc., San Francisco, Calif., will speak on "One Office's Approach to the Professional Practice of Landscape Architecture" at 8 p.m. Tuesday, Oct. 17, in 112 Walker Building at University Park. The lecture opens the fall Bracken Lecture Series sponsored by the Department of Landscape Architecture.

Mr. Guzzardo's experience includes a range of civic, institutional, industrial and recreational projects on the west coast. Guzzardo and Associates Inc. has received numerous awards for design excellence.

Art history lecture

John Pinto, professor in the Department of Art and Archaeology at Princeton University, will present the lecture "Nicola Michetti and Eighteenth-Century Architecture in Rome and St. Petersburg" at 8 p.m. Tuesday, Oct. 17, in the HUB Assembly Room at University Park.

The lecture is the fourth in the 1989-90 series "The World and the Italian Architect: Native Images and Reflections Abroad," sponsored by the Department of Art History and the Institute for the Arts and Humanities Studies.

Dr. Pinto will examine the influence of Italian Baroque architecture outside Italy through the work of one of Carlo Fontana's most talented students, Nicola Michetti. Michetti served as Fontana's major assistant during the early 18th century.

Odyssey on WPSU

The Spanish aesthetic, playwright, novelist, poet, Ramon del Valle-Inclan,

Patrice Munsel stars in "Mame," which will be presented at 3 and 8 p.m. Oct. 21 in Eisenhower Auditorium.

is the subject of the next "Odyssey Through Literature" broadcast, "The Musical Miracle."

"Where the meaning of words cannot reach, the waves of their musicality penetrate," wrote Valle-Inclan, in a translation by Robert Lima, professor of Spanish and comparative literature.

Dr. Lima, who has also published a biography of Valle-Inclan, notes that Valle-Inclan was irritating, crotchety, full of malevolent wit, but was also a man of incredible honesty and perception. The author of 24 plays, he is the unrecognized originator, says Dr. Lima, of the Theatre of the Absurb.

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Playwrights workshops

The University Resident Theatre Company (URTC) will present two New Playwrights Workshops in 119 Arts Building at University Park.

"More of the Same" will be performed at 5 p.m. Wednesday, Oct. 18, through Friday, Oct. 20. The second workshop, "The Homecoming," will be presented at 5 p.m. Friday, Dec. 15, through Sunday, Dec. 17.

The plays are original works, written and performed by students at the University. Each workshop is followed by a group discussion between the audience, author and cast.

Annual HUB Day

The second annual HUB Day will be celebrated from noon to 5 p.m. Thursday, Oct. 19, at the Hetzel Union Building, at University Park. Events to be held on the first floor and in Eateries areas will present

a microcosm of daily occurrences at the HUB, including a variety of concerts, craft demonstrations, a poster sale, chess and backgammon tournaments.

All events are free and are sponsored by the Office of Unions and Student Activities and the HUB Eateries. For more information, call 865-2563 or 865-2000.

Concert choir

The Concert Choir will perform at 12:10 p.m. Thursday, Oct. 19, in Eisenhower Chapel at University Park. The 20-minute concert is part of the fall Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The program will feature works and composers from several national backgrounds and historical periods selected from the repertoire being prepared for "A Choral Travelogue" that will be presented on and off campus this fall.

The Concert Choir consists of 30 singers, representing all class standings and a diversity of majors throughout the University. It is directed by D. Douglas Miller of the School of Music faculty.

Films on ceramics

Three short films on ceramics and pottery making will be shown over the lunch hour from 12:10 p.m. to 1:15 p.m. Thursday, Oct. 19, at the Palmer Museum of Art at University Park. The films complement the Museum's current exhibition, "Penn State Ceramics."

"The Meaders Family: North Georgia Potters" is a 30-minute color film about a family of ceramists living in Cleveland, Ga. "Sensei: Master Teacher" was filmed during the residency of potter Manji Inoue at Penn State. The last film, "Maria and Julian's Black Pottery" is an 11-minute silent documentary made in the 1930s about the

famous Pueblo potter, Maria Martinez, and her husband, Julian, at San Ildefonso Pueblo.

The films are free and open to the public. For more information, contact the Museum at 865-7672.

Pianist Leon Bates

Pianist Leon Bates will perform at 8 p.m. Friday, Oct. 20, in Schwab Auditorium at University Park.

The program for the concert, presented by the Center for Performing Arts, is Beethoven's Sonata in B flat major, Schubert's Two Impromptus, Scriabin's Four Etudes and Chopin's Sonata in B flat minor.

An athlete as well as a pianist, Mr. Bates uses his hobby-bodybuilding-to spark enthusiasm for the classics in young people.

"They need to be aware that there is a variety of music that exists in our society," he said. "They need to be aware of the alternatives, so when they decide to listen to music other than pop, they know where to turn."

The performance is supported jointly by grants from the Pennsylvania Council on the Arts and the National Endowment for the Arts.

Tickets are available through the Eisenhower Auditorium Ticket Center and the Playhouse Box Office. Call (814) 863-0255 or (814) 863-1884.

New 'Mame' production

A new, touring production will bring the award-winning, "Mame" to the stage of Eisenhower Auditorium at University Park at 8 p.m. Saturday, Oct. 21.

The show stars Patrice Munsel as the unflappable, zany Mame; Gaylea Byrne is featured as Mame's best friend, Vera, and Bob Wright plays Mame's beau.

The musical ran on Broadway for 3-1/2 years for an incredible 1,508 performances. It won five Tony awards. The production that will visit Penn State will feature a live orchestra.

Tickets are available from the Eisenhower Auditorium Ticket office and the Playhouse Box Office. Call (814) 863-0255 or (814) 865-1884.

Craft classes

The HUB Craft Centre announces openings in craft classes for adults and children beginning late October and early November.

There are openings for adults in stained glass, watercolor, Hardanger embroidery, advanced weaving, and a special one-day patchwork Christmas ornament workshop.

Openings for children are in wheelthrown and handbuilt pottery, stained glass and drawing. A new class in ink loom weaving is available for teen-agers and adults.

For registration information, call the HUB Craft Centre, 312 HUB, at 863-0611

Athlete/pianist Leon Bates will perform at 8 p.m. Oct. 20 in Schwab Auditorium.

Carpooler

Barb is looking for someone to carpool from the Alexandria/Petersburg/Water Street area to Penn State. Hours are 8 a.m. to 5 p.m. Call 863-4826.

University Park Calendar

October 12— October 22 Special Events

Thursday, October 12

Bach's Lunch, 12:10 p.m., Eisenhower Chapel
The Hi-Lo's from the Penn State Glee Club.
Conference on the History of Art Education,
1:30 p.m., Keller Aud., through Oct. 14.
Social History Colloquium, 3:45 p.m., Rare
Books Reading Room, Pattee Library. Galen
Cranz, Univ. of Calif. Refreshments served.
Spanish, Italian, Portuguese Lectures, 8 p.m., 101
Kern. Enrique Pupo-Walker, Vanderbilt Univ.,
on "The Findings and Fables of History: The
Old World and the New."

Friday, October 13

URTC, *Another Country*: The Playhouse, through
Oct. 21.

"Strengthening Our Commitment: A Faculty
Workshop on Curriculum Integration."
Registration: 11:30 a.m., Colonial Room.
Nittany Lion Inn. Also Oct. 14, 8:30 a.m.-1:30
p.m.

Geog. Coffee Hour, 4 p.m., 319 Walker. Audrey
Rodgers on "The Urban Wasteland in the
Poetry of William Carlos Williams."
Refreshments 3:30 p.m.

Shaver's Creek, Autumn Camp-out (for single
parent families), 6:30 p.m.-10 a.m., Moonlight
Cave for Two, 7:10 p.m. Also Oct. 14. Call
863-2000.

Saturday, October 14

School of Music, 2:30 p.m., Recital Hall. Organ
Conference concert, Pa. Collegiate Choral,
Festival Concert.

Center for the Performing Arts, 8 p.m.,
Eisenhower Aud., The Intimate PDQ Bach.

Sunday, October 15

Shaver's Creek, Wild Mushrooms, 2-4 p.m. Call
863-2000.

Carnegie Hall Film Series, 7 p.m., 4 Carnegie.
Zora for Conduct? A Day in the Country, 8:45 p.m.,
Written on the Wind (1956). Free.

Monday, October 16

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Tom Beebe on "Artes Dilemmas and the
Identity of Genre."

Women's Studies, 1:30-3:30 p.m., 12 Sparks.
Women's Studies faculty/advisory committee
meeting. All interested faculty and students are
welcome.

Contemporary Scholarship on Lesbian and Gay
Lives Speaker Series, 8 p.m., HUB Assembly
Room.

Ether Newton, State Univ. of N.Y., on "The
Gay Ladies: Lesbians in Cherry Grove, 1938 to
1961."

Tuesday, October 17

Kent State, Penn State, American College
Personnel Association, Student Affairs Seminar
Series, 6-9:30 p.m., 5 Pattee Library. Dennis
Heitzmann, on "Family Ties: Support or
Pathology?"

Art History Lecture Series, 8 p.m., HUB
Assembly Room, John Pinol, Princeton Univ.,
on "Nicola Michetti and 18th-Century
Architecture in Rome and Saint Petersburg."

Wednesday, October 18

Center for Women's Studies Brown Bag Lunch
Series, noon-1 p.m., C.W.S. Lounge, 120
Boucke, Mary Taylor on "Current
Observations on Women and Alcohol Issues."

School of Music, 8 p.m., Recital Hall. Symphonic
Wind Ensemble.

Thursday, October 19

Meeting of Women's Studies faculty from the
Commonwealth Educational System Campuses,
12 Sparks through Oct. 20

Palmer Museum of Art, lecture, 10 a.m., Palmer
Museum of Art, Douglas Albert, Douglas
Albert Gallery, and Cindi Morrison, School of
Visual Arts, on "Careers in the Visual Arts."

College of Health and Human Development
College Fair, 11 a.m. to 4 p.m., HUB Ballroom.
2nd annual HUB Day celebration, noon-5 p.m.,
HUB Union Building.

Palmer Museum of Art Brown Bag Lunch/film,
12:10-1:15 p.m., Palmer Museum of Art. "The
Meaders Family: North Georgia Pottery."

"Sensei: Master Teacher" and "Maria and
Julian's Black Pottery."

Bach's Lunch, 12:10 p.m., Eisenhower Chapel.
Penn State Concert Choir.

Center for the Performing Arts, lecture, 7:30
p.m., Schwab Aud., Leon Bates, pianist.

Women's Studies, 8 p.m., HUB Gallery, Barbara Katz
Rothman, Baruch College, City Univ. of N.Y.,
on "Recreating Motherhood: Technology in the
Service of Ideology."

John Pinto, Princeton University, will discuss 18th century
architecture in Rome and St. Petersburg at 8 p.m. Oct. 17 in
the HUB Assembly Room.

History of Photography, lecture, 8 p.m., Rare
Books Room, Pattee Library. Sara Stevenson,
Scottish National Portrait Gallery, Edinburgh,
on "Thomas Annan, Pioneer of Art
Photography."

Friday, October 20

College of Health and Human Development
Award Program, 10 a.m., HUB Fishbowl.

Geog. Coffee Hour, 4 p.m., 319 Walker. Adam
Rose on "A Typology of Man-Made and
Natural Hazards." Refreshments 3:30 p.m.

Shaver's Creek, 7:30-9:30 p.m., Owl Prowl. Call
863-2000.

Center for the Performing Arts, 8 p.m., Schwab
Aud., Leon Bates, pianist.

Saturday, October 21

Shaver's Creek, 1:30-3 p.m., Dried Flower
Arranging, 1:30-4 p.m., Junior Archaeologists
at Maseyburg (grades 3-5). Call 863-2000.

Center for the Performing Arts, 3 and 8 p.m.,
Eisenhower Aud., "Mame."

Sunday, October 22

Shaver's Creek, 14 p.m., Halloween Trail
Volunteer Training. Call 863-2000.

Friends of the Palmer Museum of Art, talk, 2:30
p.m., Palmer Museum of Art, Gaye Blake
Roberts, curator, Wedgwood Museum, on
"The English Country House."

Carnegie Hall Film Series, 6:30 p.m., *A Chilly
Talk, Begun Still Cares, Pia. De Dios, Puerto, The
Fly, Hardacre Wars, A. Screws Authors in Search
of a Reader*, 8:15 p.m., *Seen Samana* (1954). 4
Carnegie. Free.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30
p.m.; Saturday and Sunday, 5-6 p.m.; Morning
Edition, Monday-Friday, 6-8 a.m.; Week-end
Edition, Saturday and Sunday, 11 a.m.-1 p.m.
"Odyssey Through Literature," 12:30 p.m.,
Wednesdays, hosted by S. Leonard Rubinstein.
"Creative License," 12:30 p.m. Thursdays,
hosted by Asa Berlin and Pam Saulnier

Conferences

Continuing Education

Keller Building

Oct. 16-18. Workshop on Microcomputer
Applications for Mining Engineering. R.V.
Ramani, professor and head, Department of
Mineral Engineering, director.

Oct. 18-19. Pennsylvania Association of
Institutional Engineers. Allan Nauge,
architectural engineer, chair.

Oct. 16-20. Underwater Acoustics and Signal
Processing. Alan D. Stuart, assistant professor
of acoustics and research associate, Applied
Research Lab, director.

Oct. 16-20. Short Course on Vibration Control.
Courtney Burroughs, research associate,
Applied Research Lab, coordinator.

Oct. 17. Allegheny Education Broadcast Council.

Marlene Temeles, coordinator.

Oct. 18. Pennsylvania Bar Institute: Advance
Issues in Estate Administration. Jerri Milson, in
charge.

Oct. 18-19. Pennsylvania School Psychologists
Conference. Joseph French, professor of special
education and educational psychology, chair.

Oct. 19-20. International Education. Chuck Herd,
coordinator.

Oct. 19-20. Brief Therapy in Action: A Practical
Model for Mental Health Clinicians with
Simon H. Budman, Ph.D. Deborah R. Kelvans,
research project associate, in charge.

Executive Programs

Nov. 5-10. Executive Management Program #70.
Week III, academic program director, Dr. Peter
D. Bennett, associate dean and professor of
marketing

Nov. 5-17. Industrial Marketing
Management Program, academic program
director, Dr. David T. Wilson, professor of
marketing and managing director, Institute for
the Study of Business Markets.

Seminars

Thursday, October 12

Ecology, 4 p.m., 111 Wartik. Nora L. Benwick,
Coastal Resources Mgmt., USAID, on "USAID
Perspectives on Biodiversity and Conservation
Biology."

Friday, October 13

Agronomy, 3:35-4:25 p.m., 111 Tyson. Daniel
Knivell on "Corn Response to Acid Rain and
Water Stress."

Monday, October 16

Entomology, 3:45 p.m., 204 Patterson. James
Frazier on "Antifeedant Discovery Research at
Duffield."

Tuesday, October 17

Gerontology Colloquia, noon-1 p.m., 101 Health

Illinois professor to give Stone lecture

National Academy of Science member Carl
R. Woese, professor of microbiology at the
University of Illinois, will present the 1980
Robert W. Stone Lecture at 4 p.m.

Monday, Oct. 16, in Room 112 Kern
Building at University Park.

The lecture, titled "Beyond Darwin's
World: Microbial Evolution," is open to the
public.

Dr. Woese is perhaps best known for
developing the technology that
revolutionized the study of evolutionary
biology in microorganisms. His work
resulted in the discovery of a major new
group of bacteria and has led to a
fundamental revision in the method of
classifying bacteria.

He was elected to the National Academy

For information about Penn State
arts and calendar events and the
weather, call 863-1234 and follow the
directions given in the recorded
message.

and Human Dev. East.

Fern K. Willis and Donald M. Crider on
"Observations on Studying a Rural Sample
Across Time."

Biology, 4 p.m., 8 Mueller Labs. Paul Rich,
Stanford Univ., on "Mechanical Architecture
and Ecology of Tree Palms."

Thursday, October 19

Physics Colloquium, 3:30 p.m., 55 Osmond Lab.
Martin Olson, Wisconsin, on "Hadron
Dynamics and Strings."

Ecology, 4 p.m., 111 Wartik. J.R. Pratt on "The
Freshwater Microbial Loop: Another Paradox
of the Plankton."

Friday, October 20

CAMP, 11 a.m., 139 Davey Lab. Glenn Agnotel,
Texas A&M, on "Crystallization Wave at the
Solid-Liquid Interface of 4He."

Physics Colloquium, 3:30 p.m., 119 Osmond
Lab. Steve Koonin, CalTech, on "Cold and Hot
Fusion."

Speech Communication Colloquium, 4:30 p.m.,
109 Chambers, Donovan J. Ochs, Univ. of
Iowa, on "Demotenses: Superior Artistic and
Victorious Monomachist."

of Sciences in 1988. He also is a fellow of
the American Academy of Arts and
Sciences, the Indian National Academy of
Sciences and several German national
scientific societies.

A member of the University of Illinois
faculty since 1964, he is a member of its
Center for Advanced Study as well as
professor of microbiology. He also holds
membership in the Canadian Institute of
Advanced Research.

The Stone lecture is named in honor of
the late Robert W. Stone, chairman for 23
years of the former Department of
Microbiology, now part of the Division of
Molecular and Cell Biology. The lecture
is supported by gifts from microbiology
graduates and friends.

Appointments

Christine A. Arbutina has been named membership coordinator for public television station WPSX-TV, Penn State. Her duties will include the handling of the station's member services and benefits to members of the station.

A graduate of Grove City College, Ms. Arbutina was development assistant for the College of Business Administration. Prior to that, she worked as a reporter for *The Capital Times* and for *The Call-Star Times*.

Alicia Bunnell has been appointed classification analyst in the Office of Human Resources.

A graduate of California Polytechnic State University, she received an M.A. degree from San Jose State University and an MBA from the University of Phoenix both in San Jose, Calif.

Prior to her appointment, she was an assistant in the Division of Planning Studies and a senior marketing analyst for Trimarch Inc., of State College. She previously had been sales coordinator and personnel administrator for California Eastern Labs, Inc., of San Jose, Calif., and sales/contract administrator, product marketing specialist, and product manager for Triam Corp., also of San Jose.

Christine A. Arbutina

Nancy E. Sassano has been appointed coordinator of the Health Promotion Program in the Office of Human Resources.

Ms. Sassano has been an instructor in the Department of Health Education in the College of Health and Human Development since August, 1987. A graduate of the State University of New

Alicia Bunnell

York College at Cortland, she received an M.Ed. degree in health education from Arizona State University and is a doctoral candidate in health education at Penn State.

She has taught health education at the high school level and was visiting instructor in the Department of Health and Physical Education at Arizona State.

Nancy E. Sassano

She is a member of American School Health Association, American Alliance for Health, Physical Education, Recreation and Dance, Association for the Advancement of Health Education, American Public Health Association, Association for Fitness in Business, and the New York State Federation of Professional Health Educators.

News in Brief

Highway emergency banners

"Call Police" emergency banners, designed for use in highway emergencies, are available from the Department of University Safety, 12 Grange Building, University Park, at a cost of \$1.50. For more information, contact Robert McNichol at 865-5458.

International education conference

The Pennsylvania Council for International Education will celebrate its 20th anniversary at its annual conference Oct. 19 and 20 at the Keller Conference Center.

About 100 participants are expected to attend the conference, which is hosted by the University Office of International Programs. The focus will be on internationalizing the educational curriculum.

For registration information, call Tamar Rahmani, assistant to the deputy vice president, Office of International Programs, at 865-7681.

Book Review Group

Robert K. Murray, professor emeritus of American history, will speak to the Book Review Group of the Faculty Women's Club at 1:30 p.m. Monday, Oct. 23, at the home of Joell Ferguson, 607 Wiltshire Drive, State College.

Call for program proposals

Program proposals are being accepted for presentations, workshops, and poster sessions for the 1990 Microcomputer Information Exchange Conference scheduled for March 9-10 at the Keller Conference Center at University Park. The deadline to submit a proposal is Oct. 23.

The conference gives participants the opportunity to acquire and share up-to-date information about the use of microcomputers, it will be of interest to K-12 educators, school administrators, educators in higher education and business and home users.

For a program proposal form and/or more information, contact Donna Ricketts, Conference Coordinator, 409 Keller Conference Center, 863-1743.

Public lecture

Stephen E. Ambrose, Boyd professor of history at the University of New Orleans and Johnson professor of

history at the United States Military History Institute will present a public lecture, "Nixon and Watergate," at 7 p.m. Tuesday, Oct. 24, in Room 105 Chambers at University Park.

As part of the History Department Colloquium Series, Professor Ambrose will speak on "Eisenhower: The General and the President" at 4 p.m. Oct. 24 in the Memorial Lounge of Eisenhower Chapel.

Professor Ambrose is the author of 10 books on military affairs and well-received biographies of Dwight D. Eisenhower and Richard M. Nixon.

Workshop set

A workshop for department heads, graduate admissions officers and others who work with international students will be held three times in Room 305 Hetzel Union Building: 10 to 11:30 a.m. Wednesday, Oct. 25; 10 to 11:30 a.m. and 1:30 to 3 p.m. Thursday, Oct. 26.

It will focus on new procedures for monitoring academic progress and establishing duration of degree programs; new, earlier admissions deadlines for international students; and coordinating the Office of International Students' orientation with departments' orientations and testing.

The annual workshop is presented by the Office of International Students.

Genetics symposium

The intercollegiate program in genetics will hold its annual symposium from 10 a.m. to 5 p.m. Saturday, Oct. 28, in lecture room A at the Hershey Medical Center.

The 1989 symposium titled "Genetics from Bacteria to Man" will focus on the genetics of bacteria, yeast, plants, Drosophila, and humans.

Persons interested in attending should register by calling Claire Grill at (614) 863-0926 or Anita Hopper at (717) 531-0008.

WPSX-TV receives grant

The National Telecommunications Information Agency (NTIA) of the U.S. Department of Commerce, has awarded public television station WPSX-TV a grant to purchase new and needed equipment for the station.

The project, worth more than \$250,000 (which includes matching funds from WPSX-TV), will be used by

the station to purchase new equipment as well as replace older equipment in an effort to upgrade the facility.

Infant research

A University researcher is looking for 12- to 19-month-old babies to participate in a study of infant development.

Jude Cassidy, assistant professor of psychology and human development, is interested in learning how infants respond physiologically to a variety of events or situations, including posed emotional expressions and the presence of unfamiliar adults.

Mothers of participating infants will bring their babies to the laboratory playroom in Moore Building for a 45-minute session. The activities, which will be videotaped, involve no risk to the infants.

Daytime, evening and weekend appointments are available. Call Dr. Cassidy at 863-1729 for more information.

Economic development seminar

The Office of the Associate Vice President for Sponsored Programs, Technology Transfer and Industrial Liaison is sponsoring an Economic Development Seminar at the University Park Campus on Wednesday, Nov. 8.

The seminar is designed to acquaint participants with the full range of resources available to University service delivery organizations engaged in economic development, and also to receive feedback regarding resources that should be added or expanded on.

If you have not received personal notice of this event, but feel it would benefit you to attend, contact Brenda Shaw at 865-0277 for further information.

World War II sources sought

The Institute for the Arts and Humanistic Studies is seeking to identify source persons with a significant experience in some aspect of World War II to share their expertise with students to make courses related to World War II more meaningful.

University faculty and staff members, including retirees, who would be willing to volunteer a day or two to visit one or more classes in an appropriate discipline, are asked to contact the

Institute for the Arts and Humanistic Studies, Ithens Cottage, University Park, telephone (814) 865-0495 to place their name, World War II expertise, and contact telephone number on file.

The effort is part of a Penn State plan to mark the 50th anniversary of America's entrance into World War II in 1991. Such courses as may be developed could be initiated as early as 1991 and could continue to be re-offered in subsequent years.

Research subjects sought

Persons diagnosed with irritable bowel syndrome (IBS) or tension headaches are needed for a study run by the Department of Psychology.

The study is concerned with the psychological aspects of these disorders. Participation involves a one-hour interview. A support group is offered for all volunteers.

Contact Kirk Shadick at 865-2191 or leave a message (name, home and office phone numbers, best time to be reached) at 867-4594.

Center gets grant

The Penn State Australia-New Zealand Studies Center has been awarded approximately \$38,000 by the Australian government to help fund the center's programmatic expenses during the coming year.

The award will be used by the center for programs that provide all University, public, policy and scholarly community impact.

The center also received a separate award from the Australian Ministry for Defense for scholarly undertakings in defense studies.

Fulbright grants

Fulbright Junior Research Grants to Israel are available in any field for 1990-91.

Applicants should be young scholars who hold a recent Ph.D. or who will have a Ph.D. by the time the award begins. The awards support research in any field by scholars who have not previously studied or conducted research in Israel.

Contact Elizabeth B. Smith, University Fulbright program adviser, 222 Boucke, 865-7681, for information and applications.

Dr. Crawford cited

James P. Crawford, assistant professor of physics at Penn State Fayette Campus, has received awards for excellence in teaching as well as excellence in scholarship and research.

"This is a unique achievement for Dr. Crawford," John D. Sink, campus executive officer, said. "Other faculty members at Penn State-Fayette have earned each of these honors in different years, but no faculty member has merited both of these distinguished awards in the same year."

Dr. Crawford earned a B.S. in physics at Worcester Polytechnic Institute and a Ph.D. in physics at the University of Colorado.

He joined the Penn State-Fayette faculty in 1983 after serving as a research and teaching assistant and as assistant professor of physics at the University of Colorado. He previously had been a consultant on fluid mechanics for a patent attorney and a consultant on data analysis for the University of Pittsburgh.

As part of his research and teaching activities, Dr. Crawford has received a number of grants from the Fayette Campus Advisory Board, the Eberly Foundation and NATO.

Partings

Carolyn O. Pearce, conference scheduler for the Keller Conference Center, has retired after 23 years of service to Penn State Continuing Education.

A State College native, she started her career as a conference clerk and scheduler in the early 1960s, when headquarters were in the Temporary Union Building, now the Paul Robeson Cultural Center. The "TUB" consisted of two classrooms and an auditorium.

Ms. Pearce saw many changes over the years, including an increase in the number of conferences at University Park from 113 in 1960 to 393 in 1988.

She also witnessed a tremendous growth in the variety of conferences. "We used to run a lot of programs for agriculture, engineering and union groups. Now it seems like we have conferences on everything. One of the most memorable programs in the early days was a goat conference-with live goats."

While she enjoyed her years with Continuing Education very much, Ms. Pearce is ready to try out the new set of custom golf clubs her husband bought for

Carolyn O. Pearce

her. And she's looking forward to spending more time on her rose garden.

She and her husband, Richard, who retired in January, will be spending more time with their family as well. They have a

son, Richard, who is business manager for the Keller Conference Center, and a daughter, Nancy Smith, who works for Bi-Lo in State College. The Pearces have four grandchildren: Megan, Rob, Mike and Matt.

Robert B. Adams, director, Center for Instructional Design and Interactive Video, Commonwealth Educational System, from Jan. 2, 1975, until Aug. 19.

Lewis Hartwick, research engineering aide, from Jan. 2, 1979, until Sept. 1.

Pauline Anthony, janitorial worker at Mont Alto, from Jan. 9, 1972, until Oct. 1.

Harry Beck, farm machinery operator, Agriculture, from June 15, 1970, until Oct. 1.

Dolores Hanyak, instructor, Health and Human Development, from Nov. 1, 1973, until Oct. 1.

Patricia Harchak, secretary, Liberal Arts, from Sept. 30, 1974, until Oct. 1.

Vivian Jackson, residence hall utility worker, Housing and Food Services, from Sept. 9, 1979, until Oct. 1.

Rose M. Mulhern, receptionist at Hazleton Campus, from Sept. 4, 1979, until Sept. 7.

Obituaries

Thomas C. Benton, professor emeritus of mathematics, died Oct. 2 at the age of 87.

A 1923 graduate of the University of Pennsylvania, he received his doctorate in mathematics from the University of Pennsylvania in 1928.

Dr. Benton served as a teaching assistant at the University of Pennsylvania from 1927 to 1928 and as an instructor in mathematics at Yale University from 1928 to 1931 when he joined the Penn State faculty. He retired in 1968.

Hugh J. Gallagher, maintenance mechanic at Penn State Erie, The Behrend College, from Oct. 1, 1948, until his retirement July 1, 1965, died Oct. 1. He was 86.

William R. Gordon, professor emeritus of rural sociology extension, died Sept. 13. He was 97.

A graduate of West Virginia University, Professor Gordon joined the University staff in 1922 and served until 1934 when he became head of the Department of

Sociology and Rural Life at the Rhode Island State University.

He returned to Penn State in 1942 and retired with emeritus rank in 1957. Following retirement, he served as senior training officer in the Community Development Division of the U.S. State Department.

Charles M. Redenius, professor of political science at Penn State Erie, The Behrend College, died Oct. 1. He was 48.

He joined the Penn State-Behrend faculty Sept. 1, 1973. During his career, he served as acting head of the Division of Business and the Social Sciences (1983-86), before the division was split into the Division of Humanities and Social Sciences and the School of Business. He also was acting director of the School of Business (1986-87).

In 1988-89, he was a visiting professor of political science at the University of Huang He in Cheng Zhou, China, and at Deacon University in Geelong, Australia.

He earned a B.A. degree (1965) from Western Michigan University, Kalamazoo, and M.A. (1965) and Ph.D. (1968) degrees from the University of Michigan, Ann Arbor, all in political science.

Bookshelf

With the "boom" or spectacular explosion of innovative novels beginning in the 1960s, Latin American literature won unprecedented international acclaim. One of the first of these bright literary stars was the Mexican novelist and short story writer, Juan Rulfo.

Terry J. Peavler, professor of Spanish and comparative literature, is the author of a book on this important writer. The study, *El llanto en llanto: el mito narrativo de Juan Rulfo (The Tact in Lament: Juan Rulfo's narrative with the first in the new critical series)*, University of Texas Studies in Contemporary Spanish-American Fiction, published by Peter Lang.

Dr. Peavler's book provides an in depth analysis of the extremely complex narrative structures in Rulfo's two major works: *El llanto en llanto* (*The Tact in Lament*)—a collection of short stories, and *Pedro Parameo*—a superbly complex novel about the life and death of a modern Mexican "cacique" or wealthy land baron and despot.

The book is intended for all readers of Juan Rulfo, whether they be reading the

Mexican writer for the first time and in need of assistance in trying to understand these complex texts, or specialists who want a reference work to use in their investigations.

Dr. Peavler received his Ph.D. from the University of California in comparative literature. His other books include: *Indications: The Novel as Discourse* published in 1987 by the University Press of America and the forthcoming *Juan Rulfo in the Twynay World Authors Series* published by G.K. Hall.

Barbara Gray, associate professor of organizational behavior, is the author of a new book which offers an innovative way for groups and organizations to tackle complicated issues arising from such diverse circumstances as urban development and depletion of the Earth's ozone layer.

The book, *Collaboration*, describes methods to beat politics, polarization and private agendas. Subtitled: *Finding Common Ground for Multiparty Problems*, it is a joint publication in the *Jersey Bass Management Series* and the *Jersey Bass Social and Behavioral Sciences Series*.

Promotions

Staff Exempt

Jerry Boyles to manager, physical plant human resources in Office of Physical Plant.

Ricky Brandt to safety and security officer at Berks Campus.

Richard F. Bupp to superintendent, golf course in Auxiliary/Recreation Services.

Sharon Howell to senior financial aid coordinator in Academic Services.

Eunice M. Hudzik to building coordinator in Intercollegiate Athletics.

M. Elaine Kuncz to laboratory supervisor in Science.

Robert E. O'Connor to senior data base programmer in C&IS/Management Services.

Dale Patterson to admissions counselor at Behrend Campus.

Dale Roth to manager, auxiliary/recreational services in Auxiliary/Recreation Services.

Melanie S. Rupert to financial aid coordinator, data validation in Academic Services.

Denise C. Stein to emergency services manager, emergency at Hershey.

Robin A. Tallon to senior research aide in Vice President for Research and Dean of the Graduate School.

Marsha Tate to operations supervisor, documents/maps in University Libraries.

Staff Non-Exempt

Sandy Carl to research technologist in Earth and Mineral Sciences.

Christopher J. Hamilton to research technician at Hershey.

Joan M. Halligan to senior research technician at Hershey.

Victoria H. Hartman to research nurse at Hershey.

Brian L. Kline to engineering aide in Applied Research Lab.

Scott T. Kramer to research technician at Hershey.

Wendy Lawrence to senior research aide in Vice President for Research and Dean of the Graduate School.

Evelyn Smith to acquisitions assistant in University Libraries.

Barbara A. Stainbrook to nurse clinician at Hershey.

Clerical

Charlene J. Detweiler to clerk A in Auxiliary/Recreation Services.

Stephanie Kay to secretary C in University Libraries.

Debra Greenleaf to secretary B in Student Services.

Carol Hendershot to records clerk in Commonwealth Educational System.

Carol Krusch to bindery, clerk A in University Libraries.

Orpha M. Matjasic to secretary B at Hershey.

Carol L. Nelson to clerk, pharmacy A in Student Services.

Dianne Russell to secretary C in Academic Services.

Debra M. Shay to accounting clerk in Vice President for Research and Dean of the Graduate School.

Susan R. Smith to clerk A in Commonwealth Educational System.

Barbara L. Smitley to secretary B in Undergraduate Programs.

Mary Ellen Whalen to secretary B in Health and Human Development.

Christine Yecina to clerk, stock control A in Office of Physical Plant.

Technical Service

Daniel Auman to housing and food service relief worker in Housing and Food Services.

Thomas Basalla to maintenance worker, general B in Office of Physical Plant.

Sally A. Berly to shipping clerk in Penn State Bookstore.

Ginger R. Bigler to food preparer B in Housing and Food Services.

Patricia A. Black to residence hall worker in Housing and Food Services.

Sally L. Catherman to food preparer B in Housing and Food Services.

Lisa W. Dinunzio to patient care assistant A at Hershey.

Timothy W. Duval to maintenance mechanic A at McKeesport Campus.

Joanne R. Guher to food preparer B in Housing and Food Services.

Donald P. Jary to food preparer B in Housing and Food Services.

Judith Kightlinger to snack bar worker A in Housing and Food Services.

Michelle McClarren to dining hall worker A in Housing and Food Services.

John Petro to maintenance worker, utility in Office of Physical Plant.

Terry Richardson to maintenance worker, utility in Office of Physical Plant.

Ruth M. Rock to food preparer A in Housing and Food Services.

Stephen E. Sellers to AV technician A in Commonwealth Educational System.

Lois M. Smith to patient care assistant A at Hershey.

Debra D. Weaver to food preparer B in Housing and Food Services.

Gloria J. Wegman to patient care assistant A at Hershey.

Keith Yocum to property protection guard in University Safety.

In the chemical sciences

Nobel laureate will give 1989 Marker lectures

Nobel laureate Jean-Marie Lehn, who holds chemistry professorships at the Louis Pasteur University in Strasbourg and the College de France in Paris, will give the 1989 Russell Marker Lectures in the Chemical Sciences Oct. 10 through 18 at University Park.

The series of four, free lectures, titled "Supramolecular Chemistry - Scope and Perspectives," is sponsored by the College of Science and is open to the public.

The lecture schedule is: "Chemistry Beyond the Molecule - Molecular Recognition," 8 p.m. Monday Oct. 10, Room 16, Room 117 Osmond Laboratory; "Supramolecular Catalysis and Enzyme Models," 4 p.m. Tuesday, Oct. 11, Room 117 Osmond Laboratory; "Transport Processes and Molecular Devices," 8 p.m., Tuesday, Oct. 17, Room 117 Osmond Laboratory; "Molecular Information and Self-Organization," 12:30 p.m., Wednesday, Oct. 18, Room 55 Osmond Laboratory.

Dr. Lehn and American chemist Donald

Jean-Marie Lehn

J. Cram and Charles J. Pedersen were honored with the 1987 Nobel Prize in

Chemistry for their work in the field of supramolecular chemistry.

Dr. Lehn has been honored in France with the National Center for Scientific Research Gold, Silver, and Bronze Medals; the Chemical Society Adnan and Raymond Berr Prizes; the Academy of Science Atomic Energy Commission Prize; the City of Paris Vermell Medal; and the Society for the Encouragement of Progress Gold Medal. He also has received the Pontifical Academy of Sciences Gold Medal and prizes from Belgium, Swiss, German, British, and Italian universities and professional societies.

A foreign associate of the U.S. National Academy of Sciences, he also is a foreign honorary member of the American Academy of Arts and Sciences and a foreign member of the Royal Netherlands Academy of Arts and Sciences.

The Marker Lecture series were established in 1984 through a gift from Russell Marker, professor emeritus of chemistry.

Bookshelf

The interaction view of metaphor is examined in detail by Carl R. Hausman, professor of philosophy, in his recently published book, *Metaphor and Art* (Cambridge: University Press).

The book gives a broad outline of the use of metaphor, showing how metaphor can be applied to the visual arts and music, as well as to literature and certain aspects of science. Dr. Hausman's account emphasizes the importance of tension in creative metaphors, noting that it is critical to the creative insights provided by many metaphors.

Metaphor and Art both criticizes and extends the interaction view of metaphor and demonstrates how metaphors can themselves not only create new meaning but also participate and contribute to the evolution of nature. In extending the interaction view, Dr. Hausman provides a new theory of metaphysical reference.

How creative metaphors are integrated, Dr. Hausman says, is crucial to the role played by tension, assuming that a metaphor resists becoming frozen or dormant.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304.

NETWORK LINE ASSOCIATE. Applications for these staff vacancies will be accepted until Oct. 19, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with fair employment practices (FEPs) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age, as provided by law, sex, or status as a disabled or Vietnam era veteran.

• **Medical Social Worker/Program Coordinator, University Hospital, The Department of Social Sciences, Hershey Medical Center.** Responsible to the manager, Social Services, for the coordination of non-medical services to patients, oncology patients and families. Supervise assigned social work staff and provide direct social work services to patients, oncology patients. Requires master of social work degree from accredited college or university and equivalent plus two to three years of relevant experience. STAFF GRADE 5.

• **Research Support Associate, College of Medicine, The Department of Microbiology, Hershey Medical Center.** Responsible to a principal investigator for the day to day conduct of ongoing research programs as well as the development of new projects and related experiments. Requires master's degree or equivalent in biology, chemistry, etc., plus two to three years of relevant experience. STAFF GRADE 5.

• **Director of Development, Division of Development and University Relations, College of Earth and Mineral Sciences, University Park.** Responsible to the executive director of university development for all fund raising programs and related activities for the College of Earth and

Mineral Sciences. Requires bachelor's degree or equivalent, in marketing, communications or related fields, plus five to five years of effective experience in fund raising in a nonprofit environment with evidence of skill in verbal and written communications. Travel required. STAFF GRADE 9.

• **Associate Director, Planned Giving, Development and University Relations, University Park Campus.** Assist the director of planned giving in identifying and cultivating planned giving prospects and donors. Travel is required. Requires bachelor's degree or equivalent plus four to six years of effective experience in fund raising (preferably in higher education or financial planning). Familiarity with planned and deferred giving techniques desirable. Excellent written and verbal communication skills and interpersonal skills are essential. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 WITH GOOD POSSIBILITY OF REFUNDING STAFF GRADE 8.

• **Admissions Counselor II, Academic Services, Undergraduate Admissions, University Park Campus.** Responsible to the director, Division of Academic Services and Management, for general assistance in handling more complex admissions matters in an assigned functional area. Participate in admissions activities as assigned. Requires bachelor's degree or equivalent plus one to two years of effective experience in educational administration or in a related field. STAFF GRADE 6.

• **Producer Director, CES, University Division of Media and Learning Resources, WFSX-TV, University Park Campus.** Responsible to the head, Instructional Design and Production, for the design planning and coordination of all phases of production for assigned media projects. Requires bachelor's degree in television film production communications, instructional design or closely related field plus one to two years of effective experience in media production. Excellent writing skills and the ability to work closely with faculty and content specialists in a team environment are essential. STAFF GRADE 6.

• **Computer Operator, Computer and Information Systems, Library Computing Services, University Park Campus.** Responsible for preparing the computer for program processing and for satisfactory completion of each scheduled computer operation. Requires high school graduate with operator's training in basic computer systems equivalent to two years of college plus one to two years of effective experience in computer operations. STAFF GRADE 4.

• **Manager-Student Loans and Scholarships, Corporate Controller, University Park Campus.** Responsible to the bursar for the administration and records management of trust funds established by donors and the Board of Trustees, supervision of employees and the development of methods and procedures for the efficient operations, disbursement and collection of various funds available to the University. Requires bachelor's degree or equivalent in accounting or a closely related field plus four to five years of effective experience in an institutional setting. Knowledge of computer/trust fund institutional accounting and University policies/procedures, as well as experience in loan collection is desirable. STAFF GRADE 8.

• **Customer Service Representative, Office of Physical Plant, Project Management, University Park Campus.** Responsible to the senior CSR for physical plant/customer liaison. Obtain project details following project requests from customers. Prepare estimates identifying manpower and materials necessary to complete a project. Requires associate degree or equivalent technical training such as a completed apprenticeship in a building trade plus three to four years of effective experience in estimating construction and maintenance work for the building trades. Public relations skills essential. STAFF GRADE 6.

• **Assistant Manager, Housing Services, Housing and Food Services, University Park Campus.** Responsible for administering and coordinating housekeeping operational functions in a specified residence hall(s). Coordinate the activities of technical service employees, inspect work being performed, inspect area and recommend changes in routine. Requires high school graduation or equivalent plus two to three years of effective experience. STAFF GRADE 5.

Committee will conduct internal search

An advisory committee has been appointed to conduct an internal search for a Geography Department head to replace C. Gregory Knight, who was appointed vice provost and dean for undergraduate education in July. Ronald F. Abler, acting head of the department, chairs the committee.

Members are geography faculty Alan M. MacEachren, Donna J. Pequet, Lakshman S. Yapa, and Brenton M. Yarnale; geography students Tiffany M. Boyd and Mark A. Leitwell, and John J. Calkins, associate dean for resident instruction, College of Earth and Mineral

Sciences. The committee seeks an effective leader for Penn State's internationally prominent geography program. Candidates should have an earned doctorate in geography, a substantial record of scholarly accomplishments, and leadership experience or potential.

Nominations and applications, accompanied by two copies of a curriculum vitae, should be sent to John Dutton, dean of the College of Earth and Mineral Sciences, 116 Deike Building, University Park. Nominations and applications will be received until Oct. 31.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Renaissance Fund to honor President and Mrs. Jordan

President Jordan and Jonelle Jordan will be honored at the 13th annual Renaissance Scholarship Fund dinner at 7 p.m. Wednesday, Nov. 15, at the Elks Country Club in Boalsburg.

Proceeds from the dinner will benefit financially needy students who have outstanding academic records.

"Dr. and Mrs. Jordan have been strong supporters of the Renaissance Fund since they came to Penn State," Cal Zimmerman, president of the fund's board of directors, said. "We think it's appropriate that, in their last year at the University, they should receive this recognition."

President Jordan last month announced he will retire Aug. 31, 1990.

He came to Penn State in 1983 from the University of Texas system, where he had served as executive vice chancellor for academic affairs, the system's chief academic operating officer.

Bryce and Jonelle Jordan met while majoring in music education at the University of Texas at Austin and were married in 1948. He went on to earn a master's degree from UT Austin and a Ph.D. in musicology from the University of North Carolina at Chapel Hill. She pursued a career as a music teacher.

Dr. Jordan joined the music faculty at the University of Maryland in 1954 and later headed music departments at the University

Photo: Scott Johnson

Jonelle and Bryce Jordan

of Kentucky and UT Austin.

In 1968 he was named vice president for student affairs at UT Austin and two years later became the university's acting

president. In 1971, he became founding president of the University of Texas at Dallas and served until 1981, when he was appointed executive vice chancellor.

During Dr. Jordan's six years at Penn State, the University has nearly doubled expenditures on research and development; increased graduate enrollment by 20 percent and minority enrollment by 70 percent, tripled its endowment, and secured a 61 percent increase in state appropriations.

Dr. Jordan also guided a six-year effort to raise \$300 million in private support for Penn State. The Campaign for Penn State, which is scheduled to end June 30, 1990, had achieved \$291.4 million as of Sept. 30, much of it directed toward student aid, including Renaissance Scholarships.

Jonelle Jordan has been especially interested in furthering excellence in the fine arts at Penn State and in raising funds for scholarships.

The Jordans have a daughter, Julia, and a son, Christopher, both living in Texas.

Since the Renaissance Fund was established in 1969, it has received more than \$1.6 million in gifts and supported 678 students, including 126 who are currently Renaissance Scholars.

For every \$10,000 raised at the dinner, the University will establish a Renaissance Scholarship in the Jordans' name.

Dinner reservations are available for \$30 each at 17 Old Main, University Park, Pa. 16802. For more information, phone (814) 863-2052.

Grading system change approved for medical students

The University Faculty Senate approved a change to the grading system for medical students, as well as two proposals dealing with faculty input in physical planning at its Oct. 10 meeting.

The Senate wrapped up agenda items postponed from Sept. 12 and those on the October agenda before proceeding with a forensic session on cultural diversity in the curriculum. (See related story this page.)

A modification to the grading system for students at the Hershey Medical Center will more clearly differentiate levels of achievement. M.D. candidates now receive honors, pass or fail grades for 400- and 500-

level preclinical courses and 700-level clinical courses.

A new designation, "high pass," will be added to distinguish the very good from the average student.

Dwight Davis, Senator from Hershey, said the change will assist medical students in competing more successfully in residency programs. He estimated that 10 percent of medical students earn an honors grade, while 20 percent would qualify for high pass.

The Senate also approved two proposals from the Committee on Academic and Physical Planning dealing with the use of

faculty expertise in physical planning and the creation of a facilities planning advisory board. The Office of Physical Plant endorsed both proposals.

The advisory and consultative proposals could lead to faculty involvement in decisions about alterations to existing buildings and reconfiguration of roads and walkways and participation in planning studies.

The committee envisions three levels of faculty involvement: advising the administration on general planning matters, assisting with review plans and proposals submitted by outside agencies, and being

retained formally to solve specific problems, prepare plans or conduct studies.

The proposal states: "The University administration is encouraged to involve more faculty members in the general process of facilities planning at all levels. No specific legislation is needed to activate the 'network.' The strength of the network lies in its informality and the willingness of faculty members to participate whenever possible."

In a related proposal, the committee recommends the creation of a University Facilities Planning Advisory Board "to

(Continued on page 3)

Senate discusses cultural diversity and the curriculum

The consensus of opinion that emerged from a discussion of cultural diversity and the curriculum indicates a desire by faculty, staff and students to include cultural diversity in the curriculum.

During the University Faculty Senate's second forensic session on cultural diversity (Oct. 10), which lasted one hour and 40 minutes, seven invited speakers addressed the issue of cultural diversity and the curriculum.

While no single solution emerged from the presentations and discussion which followed, the session served to provide a forum for the expression of a wide variety of views both for and against including cultural diversity issues in the curriculum.

Speakers suggested that cultural diversity could be addressed by creating a required course or by integrating diversity issues into a variety of courses.

Senators will use the discussions from the two forensic sessions on diversity topics (the first one was held Sept. 12) to consider future legislative proposals. Senate chairperson Janet Atwood said.

Invited speakers included:

Thomas Merritt, past Senate chair, said diversity has been a goal fostered by the Senate since 1971, when the Senate made it a BDR objective. The Senate has continued to promote knowledge of other peoples and cultures

through the general education program changes of the 1980s and its role in approving courses.

Mary Dupuis, Senator/Education, urged the Senate to act quickly to implement a single course every student would

take or authorize the use of a variety of courses within the general education program. She said it is time for the University to move to the forefront of institutions in

(Continued on page 3)

President Jordan's statement on anti-Semitism

Anti-Semitism is manifesting itself here at Penn State as it is at an alarming rate nationally in recent months. I want to reinforce my comments made to the Faculty Senate. The University feels strongly that anti-Semitism, and all forms of intolerance toward others, is repugnant and has no place at this University or in the communities where we live.

Remarks and acts that are aimed to hurt one group are very much an attack on all the groups that compose our society. The unity being sought by so many at Penn State is a realistic goal. Educating groups that act out of ignorance is one key and something a major university should be well-equipped to pursue.

But for those other individuals who act out of hatred

there are often sanctions that can be pursued and we urge those avenues be explored thoroughly.

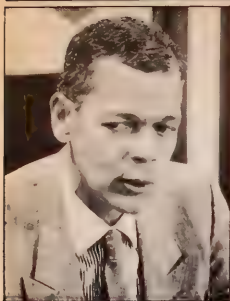

In one local incident that is under review, a fraternity and some of its members face scrutiny for actions at a recent social event. Following protocols we have in place, both the Interterritorial Council and the University's Student Services staff immediately began investigations into the events in question.

Penn State will continue to pursue every means available promoting cultural, ethnic and religious diversity for all those who come to this institution, whether as students, faculty or staff.

WPSX-TV programs

"Where the Soul Lives," the final episode of *Movers: The Power of the Word* airing at 9 p.m. Friday, Oct. 20, on WPSX-TV returns to the 1988 Geraldine R. Dodge Poetry Festival.

Featured reading her poems is Lucille Clifton, whose writings often focus on experiences specific to women but also are influenced by her black heritage.

The Journey of Carlos Fuentes: Crossing Borders, airing at 2 p.m. Sunday, Oct. 22, is a portrait of Mexico's leading novelist, Carlos Fuentes. Filmed in Mexico, Nicaragua and the United States, the program follows Fuentes as he unravels the mysteries of Aztec ruins, tours a Central American war zone and recalls his childhood meeting of President Roosevelt.

Thursday, Oct. 19

Leon Bates will speak about his experiences as a black concert pianist at 7:30 p.m. in Schwab Auditorium as part of the Artists Viewpoints Lecture Series.

Barbara Kat Rothman, professor of sociology at Baruch College, City University of New York, will present a lecture on "Recreating Motherhood: Technology in the Service of Ideology" at 8 p.m. in the HUB Gallery.

The third annual meeting of Women's Studies faculty from the Commonwealth Educational System campuses will be held today and tomorrow. Schedules are available in 13 Sparks.

Friday, Oct. 20

Proposal writing is the topic of the second

in a series of faculty development workshops sponsored by the Office of Minority Faculty Development, 9 a.m. to 5 p.m. in 101 Kern Building.

George Campbell Jr., president of the National Action Council for Minorities in Engineering Inc., will present a lecture titled "Challenge for Increased Diversity in the 21st Century Workplace" to students at 3:45 p.m. in 301 Steidle Building.

Wednesday, Oct. 25

Author and feminist-activist Rita Mae Brown will discuss her works and share her views at the Pennsylvania College of Technology. For more information, call (717) 326-3761.

Tomas Ybarra-Frausto, associate director of arts and humanities, Rockefeller

Foundation for the Arts, New York City, will speak on "The Chicano Movement and the Movement of Chicano Art" at noon in the Palmer Museum of Art, and he will discuss "People of Color and the New American Aesthetic: Helping to Form New Visions of American Art" at 4 p.m. in 305 HUB.

Radio talk show Perspectives will focus on "Inside the National PanHellenic Council (African-American Greek Letter Organizations): A History of Progression or Regression" at 6:30 p.m. on WPSU-FM 91.1.

Thursday, Oct. 26

Project Growth is sponsoring a seminar on AIDS at 8 p.m. in the Paul Robeson Cultural Center.

Class organized

University students in the Liberal Arts Undergraduate Council have organized a class offered next Spring Semester exploring majority responses to minority issues.

Listed as Liberal Arts (LA) 400 in the University Schedule of Classes, Majority Responses to Minority Issues will give students an opportunity to gain insight into the prominent minority issues that surround both the college community and our society as a whole.

Specifically, the course will examine current racial attitudes and how they developed, and African American protests, and majority responses to them, from historical, political, economic, and social perspectives. Students in the class will have an opportunity to express their points of view and become more informed and aware of these issues.

Each successive semester of LA 400 is unique in that it presents students with a new topic each time the course is offered.

Open to all students, the one-credit course will meet on Tuesdays from 1:25 to 2:15 p.m., and can be used to fulfill elective requirements.

In Diversity Lecture Series

Foundation official to speak

Tomas Ybarra-Frausto, associate director of arts and humanities, Rockefeller Foundation for the Arts in New York City, will be the inaugural speaker in the Diversity Lecture Series on Oct. 25.

He will give a brown bag lecture, "The Chicano Movement and the Movement of Chicano Art," at noon in the Palmer Museum of Art at University Park. A coffee and tea reception will follow.

At 4 p.m. in 305 HUB, he will speak on "People of Color and the New American Aesthetic: Helping to Form New Visions of American Art." A reception will follow.

Dr. Ybarra-Frausto's research interests include Chicano express culture, literature in social context and Latin American and Chicano theater.

Prior to his current post, he was an associate professor at Stanford University. His degrees include a B.A. from the University of Texas at Austin and an M.A. and Ph.D., both from the University of Washington.

The Diversity Lecture Series is sponsored by the Central Pennsylvania Women of

Tomas Ybarra-Frausto

Color and funded by the Equal Opportunity Planning Committee. Dr. Ybarra-Frausto's lectures also were co-sponsored by the Palmer Museum of Art and the School of Visual Arts.

News in Brief

Liberal arts engineering program
Penn State Erie, The Behrend College and Lock Haven University are establishing an educational program in liberal arts and engineering.

Students interested in participating in the program will enroll at Lock Haven University, taking liberal arts and pre-engineering courses for three years, before moving to Penn State-Behrend to complete engineering course requirements. Successful completion of the programs will lead to a baccalaureate degree from each institution.

The program can be completed in five years, rather than six, while providing students with an education in the liberal arts and engineering.

Luther H. Harshbarger lecture

Brayton Polka, associate professor of humanities and history, York University, Toronto, Canada, will present the second biennial Luther H. Harshbarger Lecture at 3 p.m. Friday, Oct. 20, in Eisenhower Chapel Memorial Lounge.

Dr. Polka will speak on

"Interpretation and the Bible: The Dialectic of Concept and Content in Interpretive Practice."

A graduate of Harvard University, where he earned B.A. (1958), M.A. (1959) and Ph.D. (1964) degrees in history, his interests involve developing

a theory of hermeneutics, grounded in the Bible, that provides a basis for work in the fields of literary theory and philosophical hermeneutics.

He is the author of the books *The Dialectic of Biblical Critique: Interpretation and Existence* (Macmillan, 1986) and *Truth and Interpretation: An Essay in Thinking* (St. Martin's Press, forthcoming).

The lectureship honors the late Luther H. Harshbarger, University chaplain and first director of the Department of Religious Studies. It is cosponsored by the Program in Religious Studies and the Office of Religious Affairs.

Institute gets grant

The College of Education's Institute for the Study of Adult Literacy has received a \$376,907 grant from the Appalachian Regional Commission.

The grant will enable the institute to complete the development of computer-assisted basic skills assessment and instructional materials that are job specific and appropriate for use in a community setting.

The project is under the direction of Eunice N. Askov, professor and director of the Institute for the Study of Adult Literacy.

Postdoctoral fellowships

The Council for International Exchange

of Scholars is seeking applicants for the Quinquennial Postdoctoral Fellowships in Spain for U.S. Researchers.

The grants are for the 1990-91 academic year and are open to researchers in anthropology, archaeology, arts, basic sciences, communications, demography, economics, education, ethics, geography, history, law, linguistics, literature, logic, math, philosophy, political science, psychology, sociology and other disciplines in the fine arts and letters.

Contact Elizabeth B. Smith, University Fulbright program adviser, 222 Boucke, 865-7681, for information and application. The application deadline is Jan. 2, 1990.

Media Information Service

Media Information Service, which serves as a broker matching journalists with expert sources to interview for their news stories, is now available to faculty members and students.

Previously based in Pittsburgh and moved to the University last January by the School of Communications, MIS maintains a database of more than 3,200 experts in a number of fields, particularly medicine, who are willing to be interviewed. Future expansion of the database into other sciences and the social sciences is planned.

Faculty members are encouraged to have their students use MIS as a resource in preparing research papers. A media information coordinator will assist students in arranging for interviews, usually by telephone. To contact MIS, call 865-3354 or 865-3328, or (800) MIS-9600 (in Pennsylvania).

MIS also publishes the *MIS Messenger*, a newsletter for journalists, and is interested in critiques of media coverage of topics across Pennsylvania and short articles on trends in science and medicine. Send articles and critiques to MIS, 201 Carnegie Building, University Park.

Seminar series

The Center for Particle Science and Engineering seminar series will host a talk by Chikara Hayashi, president, Ulvac Corp., Chigasaki, Japan, at 4 p.m. Tuesday, Oct. 31, in 112 Kern, University Park. Refreshments will be served at 3:30 p.m.

Dr. Hayashi will speak on "Ultrafine Particles" and discuss the results of a five-year research program funded by the Japanese government.

Harvard professor will present Marker lecture

Patrick Thaddeus

Patrick Thaddeus, professor of astronomy and applied physics, at Harvard University will give the 1989 Russell Marker Lectures in Astronomy Oct. 23 through 26 at University Park.

The four, free public lectures on the theme "The Chemical Bond in Space" are sponsored by the College of Science. The lecture schedule is: "Exotic Molecules in the Interstellar Gas," 8 p.m. Monday, Oct. 23, Room 117 Osmond Laboratory; "If Silicon Were a Gas-Synthesizing Non-Terrestrial Molecules," 4 p.m. Tuesday, Oct. 24, Room 110 Osmond; "The Milky Way in Molecular Clouds," 4 p.m. Wednesday, Oct. 25, Room 110 Osmond; "A CO Survey of the Large Magellanic Cloud," 4 p.m. Thursday, Oct. 26, Room 110 Osmond.

In addition to his Harvard professorship, Dr. Thaddeus also is a senior space scientist at the Smithsonian Astrophysical

Observatory and a staff member at the Harvard-Smithsonian Center for Astrophysics.

He is a member of the American Academy of Arts and Sciences, the National Academy of Sciences, the American Astronomical Society, the International Astronomical Union, and Sigma Xi. He also is a Fellow of the American Physical Society.

Dr. Thaddeus has been honored with NASA's Medal for Exceptional Scientific Achievement, in 1970 and 1985; Goddard Space Flight Center's John C. Lindsay Memorial Award, in 1970, and an Alexander von Humboldt Senior U.S. Scientist Award, in 1983.

The Marker Lecture series were established in 1984 through a gift from Russell Marker, professor emeritus of chemistry.

Air Expo '89 set for Oct. 21

Persons planning to attend the University Park Airport's Air Expo '89 on Saturday, Oct. 21, are asked not to park at the airport because of scarcity of space there. Free parking and free shuttle bus services will be offered from designated parking areas on the east side of Beaver Stadium, near the Meats Lab. Shuttle service will run from 9:30 a.m. to 4:30 p.m., with buses leaving for and returning from the airport approximately every five minutes. The show itself will run from 10 a.m. to 4 p.m.

Penn Staters

John J. Henry, professor of mechanical engineering and director of the Pennsylvania Transportation Institute, and James C. Wambold, professor of mechanical engineering and director of the Institute's Vehicle Research and Safety Program received Outstanding Achievement Awards from the American Society of Testing Materials' Committee E17 on Pavement Management Technologies for organizing the First International Symposium on Surface Characteristics.

G.P. Patil, professor of mathematical statistics and director of the Center for Statistical Ecology and Environmental Statistics, has been awarded an honorary degree in biological sciences at the University of Parma, Italy.

K. Warner Schaie, Evan Pugh professor of human development and psychology, has received a Method to Extend Research in Time (MERIT) award from the National Institutes of Health to extend his Seattle Longitudinal Study. The study, which has been funded continuously since 1950, has tracked more than 4,000 people in an effort to understand intellectual development from young adulthood through old age.

Bookshelf

Lynne Goodstein, associate professor of administration of justice and director, Women's Studies Program, is co-editor, with Doris Layton MacKenzie, of *The American Prison: Issues in Research and Policy* published by Plenum Publishing Co. The volume addresses contemporary issues and problems in corrections. Chapters focus on both corrections problems and advances in correctional research which have yielded improvements in correctional policy.

Among the issues discussed are overcrowding, inmate violence, prison labor and industry, and effectiveness of rehabilitative efforts. The volume also deals with fundamental issues concerning the goals of imprisonment and the intersection between corrections and law.

Dr. Goodstein contributed to chapters on issues in correctional research and policy, inmate adjustment to prison, and correctional environments.

Flag-burning and other acts considered disrespectful to the flag, such as wearing the flag on the seat of the pants, did not draw national attention until the massive

anti-Vietnam War demonstrations of the late 1960s, according to Wilbur Zelinsky, professor emeritus of geography.

Dr. Zelinsky traces the heightened awareness of Old Glory in his book, *Nation Into State: The Shifting Symbols, Frontiers, and American Nationalism*, published by the University of North Carolina Press.

"Because flags themselves were so uncommon, flag-burning was virtually unknown in the early years of this country," he notes. "As the number of flags has multiplied, Old Glory has literally become a sacred object and also a target for those dissatisfied with government policy."

In 1981-82, Dr. Zelinsky personally observed the incidence of flags and flag hardware on single-family dwellings in 11 states and Ontario. Of the 11,763 homes visited, a total of 555 or 4.7 percent had some form of flag display, with the "flag-and-eagle syndrome" strongest in sections of Ohio, New York, New England and Wisconsin.

"My evidence leads inescapably to the conclusion that the public display of the American national flag has increased greatly over the past two centuries and may still be increasing today," he notes. "Because flag-waving is more popular today, the potential for flag-burning has also increased."

Gary W. Gallagher, assistant professor of history, is the editor of *Fighting for the Confederacy: The Personal Recollections of General Edward Porter Alexander*, published by the University of North Carolina Press.

The book has been selected as "The Editor's Choice" by the History Book Club. *Fighting for the Confederacy, Alexander's private memoir*, was completed several years before his classic *Military Memoirs of a Confederate* and was intended only for his family and closest friends. The 1,200-page manuscript laid virtually unknown for eight decades until Dr. Gallagher succeeded in reconstructing Alexander's recollections in their original form.

Alexander, a native of Georgia and West Point graduate, rose to the rank of brigadier general and took part in most of the great battles in the eastern theater of the Civil War. His duties as an engineer, artillery officer and staff officer brought him into frequent contact with Generals Robert E. Lee, Stonewall Jackson and James Longstreet.

Dr. Gallagher also is the author of *Stephen Dodson Ramster: Lee's Gallant General* and editor of *Essays on Southern History Written in Honor of Barnes F. Lathrop*.

Cultural diversity

(Continued from page 1)

recognizing the coming changes in demographics and responding to the changes.

James Stewart, director, Black Studies Program, said interdisciplinary literacy will be critical in the future, as technology diminishes the importance of basic skills. He pointed to an imbalance in the educational system with its emphasis on technical skills over the education of the person. There needs to be a shift from general education and basic skills to crosscultural interaction skills, he said.

Lynne Goodstein, director, Women's Studies Program, discussed curriculum and classroom issues. An advocate of

a diversity course requirement, she said the curriculum is heavily weighted in the direction of a small proportion of the world; non-whites and minorities are not included. For example, traditional history texts devote less than 1 percent of their content to women, she noted.

Gary Kelsey, director, minority admissions and community affairs, talked about minority recruitment and the environment for students at the University. He said a recent survey of blacks indicates that minority students, like other students, want relevancy in their courses. He also noted that some minorities perceive the University's environment as hostile to minorities.

Walter Mosley, president, Black Caucus, said, "Students are the heart and soul of this University." He urged the

University to integrate cultural diversity into courses so that all students become aware of the contributions of Africans and other diverse groups.

Vicki Fong, coordinator, Central Pennsylvania Women of Color, stressed the need to move forward on issues of cultural diversity. Curriculum integration offers a way to highlight the contributions of women and people of color.

Since this may take time, she said, a required course may be another way to fulfill that need. "We can learn so much from each other," she added. "It's not enough to respond to a single question, we must create a vision for our students."

Following the formal presentations, several Senators and visitors spoke.

Grading system

(Continued from page 1)

ensure that facilities are planned in the context of the historic and aesthetic significance of the University Park Campus.

The group would make recommendations to the Office of Physical Plant on programming and planning of new buildings, significant building alterations, reconfiguration of roadways and pedestrian ways and land planning studies.

In other action:

-- President Jordan addressed the Senators on the University's appropriations from the state. He said the University is "an extremely cost efficient institution."

In the last 18 years, \$32.6 million has been taken from the operating budget and reallocated to areas of critical need. During the same time, enrollment has grown by 44 percent, from 48,000 in 1970 to 69,000 in 1988, and the number of full-time faculty members has increased by 10 percent from

3,100 to 3,500.

-- William C. Richardson, executive vice president and provost, and C. Gregory Lozier, executive director, planning and analysis, presented reports on strategic planning.

Begun in 1983 by President Jordan, the strategic planning process has been "a tremendous success," Dr. Richardson said. He added that it now is time for undertaking a new initiative. The emphasis will be on strategic issues management, which will "provide the conceptual framework for creating a vision of Penn State's future," the report states.

-- E. Emory Ensore Jr. presented the annual report on the President's Planning and Budget Advisory Committee.

-- George W. Franz, chair, Joint Committee on Insurance and Benefits, presented the committee's annual report.

-- Robert N. Pangborn, chair, Committee on Faculty Affairs, reported on a comparison of University faculty salaries with similar institutions.

Focus on the arts

Photography lecture

Sara Stevenson, curator of photography at the Scottish National Portrait Gallery in Edinburgh, and Allison Morrison-Low, curator of the history of science collection of the National Museums of Scotland in Edinburgh, will give the illustrated lecture "Early Scottish Photography" at 8 tonight in the Rare Books Room of Pattee Library at University Park.

Ms. Stevenson will discuss Thomas Annan (1829-87), one of the most significant landscape photographers of his day, who recorded life in Victorian Glasgow. Ms. Morrison-Low will discuss one of the key figures in 19th-century British science, Sir David Brewster, who introduced the calotype to Scotland and Ireland.

HUB Galleries

"Kathleen Fox Raguseau: Eclectic" is on display in the Art Alley of the Hetzel Union Galleries at University Park through Nov. 3.

At first glance, the pictures appear to be the work of three distinctive artists involved in a varied exploration of a realistic figurative genre, a decorative surface inspired by nature, and a pastiche of environmental forms and color.

Upon closer inspection, the hand of one artist is identified in a consistent rendering of form and a thorough understanding of the harmonious balancing of color.

The arts on Channel 3

In the first of two programs celebrating the piano, *On Stage at Wolf Trap*—"Piano Pizzazz" airing at 10 p.m. Friday, Oct. 20, on WPSX-TV features Harry Connick Jr., Ellis Marsalis, Carmen McRae, Peter Nero, Donald O'Connor, The Parlane Brothers and Roger Williams who salute the piano's contributions to jazz and popular music.

The English Van Cliburn International Piano Competition: Here in Make-A-Wish, airing at 12:30 p.m. Sunday, Oct. 22, takes an inside look at the most prestigious music competition in the Western Hemisphere, held every four years in Fort Worth, Texas. *Live from Lincoln Center* presents Harold Prince's new production of Mozart's "Don Giovanni" at 8 p.m. Wednesday, Oct. 25. Sergiu Comissiona conducts the New York City Opera Orchestra. The opera, sung in Italian with English subtitles, will be performed in two acts with one intermission.

Day of Dance

A Day of Dance will be held from 1 to 4:30 p.m. Saturday, Oct. 21, in White Building at University Park.

The event is sponsored by the Black Studies Program, the Paul Robeson Cultural Center and the Department of Exercise and Sport Science.

The workshop will include beginning-intermediate and intermediate-advanced jazz technique classes, an introductory African-American technique class and a lecture on the historical interrelationships between African-American and jazz dance.

Three guest instructors will participate in the workshop: Helen Riley, Temple University graduate and dance instructor in Harrisburg Public School District, will lecture, as well as teach the African-American technique class.

Kathy Kearns, who is in charge of the dance program at Penn State Ogonitz Campus, will teach the beginning-intermediate level jazz class.

Kathy Short, assistant artistic director of the University's Contemporary Dance Company, will teach the intermediate-advanced jazz class. Ms. Short also runs her own studio and is a choreographer with Ballet Western Reserve.

An informal reception will follow the final class. All events are free and open to the public. Observers also are welcome.

A matchlock rifle from the University's Afghan collection is the focus of attention for Frederick Matson, professor emeritus of archaeology (right); George Milner, assistant professor of anthropology (center); and graduate student Stevan Pullins. The collection is on display in the Museum of Anthropology.

Dance classes

Helen Riley will teach three master classes in African-American dance techniques at University Park this semester.

Ms. Riley, who earned a master of education degree in dance education from Temple University, is trained in Katherine Dunham's ethnic technique and Horton modern technique, as well as in ballet and jazz. Since 1986, she has been teaching dance in Harrisburg Public School District.

She will teach the first master class at 1 p.m. Saturday, Oct. 21, in White Building as part of the Day of Dance events. In November, she will teach classes for both the Penn State Internationale Dancers and Nomo.

Her residency is funded jointly by the Black Studies Program, the Paul Robeson Cultural Center and the Department of Exercise and Sport Science.

Afghan exhibit

The Afghan exhibit at the Museum of Anthropology provides an intimate glimpse of a country little known to Americans before the Soviet invasion almost 10 years ago.

Museum director James W. Hatch said most of the items on exhibit were obtained through the efforts of an internationally known expert on Afghanistan, the late Louis Dupree, associate professor of anthropology at the University from 1957-66, and his wife, Nancy Hatch Dupree.

The Duprees collected not marketplace items for the tourist, but everyday articles that would have been used in the Afghan home in the first half of the 20th century. Often these items were emotion-laden personal possessions, such as a hand-made bassinet or a simple wooden toy for children. The exhibit reflects all aspects of village life.

Frederick Matson, research professor emeritus of archaeology, explained that Afghanistan was created originally as a buffer state between Russian-controlled Central Asia and British-controlled India and is inhabited by a patchwork of different ethnic groups.

The museum hours are 9 a.m. to 4 p.m. Monday through Friday, 9 a.m. to noon Saturday and 1 to 3 p.m. Sunday.

Curator to lecture

Gaye Blake Roberts, curator of Britain's Wedgwood Museum, will give two talks at the Palmer Museum of Art at University Park. Her first talk will be at 2:30 p.m. Sunday, Oct. 22, and the second at 8 p.m. Monday, Oct. 23.

In her initial lecture Ms. Roberts will discuss the lifestyle in the English country house during the reign of George II (1727-60) through the Victorian era. In her second lecture she will explore the English pottery

trade with United States.

Ms. Roberts currently is touring the United States courtesy of the organization British American Associates, which promotes understanding between the people of the United States, Great Britain and Canada. Her visit to Penn State was arranged through the University's Office of International Programs.

The lectures are free and open to the public. For more information, call the Museum at 865-7672.

Flute recital

Eleanor Duncan Armstrong, a faculty member in the School of Music, and School of music colleagues will present a program of chamber music, "Flute and Friends," at 8 p.m. Monday, Oct. 23, in the Recital Hall of the Music Building at University Park.

Assisting Professor Armstrong will be faculty members Timothy Shaffer, Daryl Durran, Dan Armstrong and Smith Toulson.

The recital will feature works for flute with bassoon, clarinet, piano and percussion. Works will include three pieces by Debussy, Ravel and Ibert for flute and piano, "Sonatine" by Pierre Gabayre for flute and bassoon, and "Tarantelle" by Saint-Saens for flute, clarinet and piano. For Robert W. Moks "Interplay." The Armstrong Flute and Percussion Duo will perform with Penn State students Valerie McCarri and Doug Rosener.

Juried exhibit

The School of Visual Arts Art Student League Undergraduate Juried Exhibition will be on display Monday, Oct. 23, through Friday, Dec. 1, in Chambers Gallery at University Park. The Gallery is open 8 a.m. to 5 p.m. Monday through Friday.

Undergraduate students submitted works in the areas of painting, photography, drawing, ceramics, sculpture, medals, printmaking and installation art for the exhibition. Jurors Craig Zabel, assistant professor of art history, and David Brown, faculty member in the School of Visual Arts, selected the works to be exhibited.

Art history lecture

Susan S. Munshower will present a lecture titled "Filippo Juvarra: Architect or Stage Designer?" at 8 p.m. Tuesday, Oct. 24, in the HUB Assembly Room at University Park.

The lecture is the fifth in the series "The World and the Italian Architect: Native Images and Reflections Abroad," sponsored by the Department of Art History and the Institute for the Arts and Humanities Studies. Ms. Munshower replaces Evan Pugh professor emeritus Eugenio Battisti, who was originally scheduled to lecture.

Ms. Munshower, organizer of this lecture series and an instructor in the Department of Art History, is the editor of the *Papers in Art History* from The Pennsylvania State University, which is based on the annual lecture series. She has lectured on Juvarra at the annual meeting of the American Society for 18th-Century Studies and has published several articles on various aspects of the architect's career.

Odyssey on WPSU

Bill Ellis, assistant professor of English at Penn State Schuylkill Campus, meticulously applies the tools of a literary scholar to rumors and apparitions of demonic practices.

On "Devil Worshipers at the Prom," the next "Odyssey Through Literature" broadcast on WPSU, folklorist Ellis shows how Leonard Rubinstein how popular legends develop and what purpose they serve.

"I'd say that there are things in the world that go bump in the night," Professor Ellis says. "One of the major functions of folklore is to give us cultural language to explain what happens to us."

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Centre Dimensions

Centre Dimensions, the award-winning big band of the School of Music, will perform its annual fall concert at 8 p.m. Wednesday, Oct. 23, in the Recital Hall of the Music Building at University Park.

The program will feature alto saxophonist Anthony Zugel, who will perform an arrangement by Bob Brookmeyer of the jazz standard "Skylark," and Brian Watson, who will play "You Don't Know Me," arranged by Penn State alumns Bob Milligan.

Other selections will include "Shiny Stockings" from the Basie library, "Basically Blues" from the Buddy Rich Big Band and an arrangement of Phil Woods' theme song, "How's Your Mama?," by the group's director Dan Yoder.

Museum lecture

Robert Rosenblum, professor of art history at New York University, will discuss "Art and Thomas Jefferson's Paris, 1784-89" at 8 p.m. Thursday, Oct. 26, at the Palmer Museum at University Park.

The lecture will focus on the Parisian art world prior to the beginning of the French Revolution that Thomas Jefferson experienced while living in France as an American official. Dr. Rosenblum also will discuss one of the well-known painters of the day, Jacques-Louis David, a personal favorite of Jefferson's.

Dr. Rosenblum received a bachelor of arts degree from Queens College and a master of arts degree from Yale University. He obtained his doctorate from New York

(Continued on page 5)

Gaye Blake Roberts

University Park Calendar

October 19— October 29 Special Events

Thursday, October 19

Meeting of Women's Studies faculty from CES campuses, 12 Sparks, through Oct. 20.
Lecture, 10 a.m., Palmer Museum of Art: Douglas Albert, Douglas Albert Gallery, and Cindy Morrison, School of Visual Arts, on "Careers in the Visual Arts."
Brown Bag Lunch/films, 12:10-1:15 p.m., Palmer Museum of Art. *The Meulers Family* North Georgia Pottery, *Sensit: Master Teacher, Mona and Julian's Black Pottery*.

Bach's Lunch, 12:10 p.m., Eisenhower Chapel.
Penn State Concert Choir.
Center for the Performing Arts, lecture, 7:30 p.m., Schwab Aud. Leon Bales, pianist.
Women's Studies, 8 p.m., HUB Gallery, Barbara Katz Rohman, Baruch College, CUNY, on "Recreating Motherhood: Technology in the Service of Ideology."

History of Photography, lecture, 8 p.m., Rare Books Room, Pattee Library. Sara Stevenson, Scottish National Portrait Gallery, on "Thomas Ansell, Pioneer of Art Photography."

Friday, October 20

Religious Affairs, 2nd Luther H. Harshbarger lecture, 3 p.m., Eisenhower Chapel, Memorial Lounge. Layton Polia, York Univ., Ontario, on "Interpretation and the Bible."
Geog. Coffee Hour, 4 p.m., 319 Walker. Adam Rose on "A Typology of Man-made and Natural Hazards." Refreshments 3:30 p.m.
Shaver's Creek, 7:30-9:30 p.m., Owl Prowl. Call 863-2000.

Center for the Performing Arts, 8 p.m., Schwab Aud. Leon Bales, pianist.

Saturday, October 21

Shaver's Creek, 3:30-5 p.m., Dried Flower Arranging: 1:30-4 p.m., Junior Archaeologists at Massesburg (grades 3-5), Call 863-2000.
Center for the Performing Arts, 3 and 8 p.m., Eisenhower Aud. "Mame."

Sunday, October 22

Shaver's Creek, 1:4 p.m., Halloween Trail Volunteer Training, Call 863-2000.
Talk, 2:30 p.m., Palmer Museum of Art. Gaye Blake Roberts, Wedgwood Museum, on "The English Country House."

Carnegie Hall Film Series, 6:30 p.m., *A Church Tale, Beyond Still Care, Pas De Deux, Piccolo, The Fly, Hardware Wars, "A," Seven Samurai in Search of a Reader, 8:15 p.m., Seven Samurai (1954), 4 Carnegie. Free.*

Monday, October 23

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Gerard Brault on "Heraldic Sealing: Identifying 4,441 13th-Century Coats of Arms."

Religious Affairs, 3 p.m., Eisenhower Chapel, Memorial Lounge. "Public Trust, Private Interests," Ethics in Government, videotape. Affirmative Action, 7 p.m., Keller Conference Aud. Leslie Wolfe, Center for Women Policy Studies, Washington, on "SATS, Women and AIDS, Women in the Workplace or Forming Coalitions."

School of Music, 8 p.m., Recital Hall. Eleanor Armstrong, flute and friends.
Talk, 8 p.m., Palmer Museum of Art. Gaye Blake Roberts on "The English Pottery Trade with America."

Tuesday, October 24

History, lecture, 7 p.m., 105 Chambers. Stephen E. Ambrose, Univ. of New Orleans and U.S. Military History Institute, on "Nixon and Watergate."

Art History Lecture Series, 8 p.m., HUB Assembly Room. Susan Munshower on "Filippo Juvarra: Architect or Stage Designer."

Wednesday, October 25

Wordperfect User Group meeting, 8:30-10 a.m., 6 Willard.

Center for Women Studies Brown Bag Lunch Series, noon-1 p.m., C.W.S. Lounge, 120 Boucke. Film/discussion of "Still Killing Us Softly: Images of Women in Advertising," with Sabrina C. Chapman.

Diversity Lecture Series, Brown Bag Lecture Series, Palmer Museum of Art. Dr. Tomas Ybarra-Frausto, Rockefeller Found. for the Arts, on "The Chicano Movement and the Movement of Chicano Art." Also 4:30 p.m. HUB, "People of Color and The Nero American Aesthetic: Helping to Form New Views of American Art. Receptions follow both lectures.

Shaver's Creek, 7-9 p.m., Pumpkin Carving, Call 863-2000.

The Penn State Bookstore has extended its deadline for ordering the University Christmas card. Bulk quantities can be ordered until Oct. 27.

School of Music, 8 p.m., Recital Hall. Centre Dimensions, University Jazz Ensemble.

Thursday, October 26

Bach's Lunch, 12:10-1:30 p.m., Eisenhower Chapel. The Singing Lions.

Social History Colloquium, 3:45 p.m., Rare Books Reading Room, Pattee Library. Stephen Hardy, Univ. of New Hampshire. Refreshments 3:15 p.m.

Talk, 8 p.m., Palmer Museum of Art. Robert Rosenblum, N.Y. Univ., on "Art and Thomas Jefferson's Paris: 1784-1789."

Friday, October 27

Geog. Coffee Hour, 4 p.m., 319 Walker. Cole Harris, Geography, British Columbia, on "Canada Within North America." Refreshments 3:30 p.m.

Shaver's Creek, 7-10 p.m., Halloween Trail. Also Oct. 28, Oct. 29, 6-9 p.m., Call 863-2000.

School of Music, 8 p.m., Recital Hall. Penn State Philharmonic.

Sunday, October 29

Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *Superior: The Karen Carpenter Story/Care: An Unlabeled History: 8:45 p.m., Yojoimo (1981). Free.*

International Events

International Lecture Series

Jay R. Stauffer, fishery science, on "Behavior Adaptations of Lake Malawi Fishes" (slides and video), 2:30 to 4 p.m. Monday, Oct. 23, International Lounge, 222 Boucke.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Odyssey Through Literature," 12:30 p.m., Wednesdays, with S. Leonard Rubinstein. "Creative License," 12:30 p.m. Thursdays, with Asa Berlin and Pam Saulnier.

Conferences

Continuing Education

Keller Building

Oct. 23-29. Social Structures of Aging, K. Warner Schaie, professor of human development and psychology, chair.

Oct. 23-25. Accented Investigation Workshop. Eric Loop, coordinator.

Oct. 23-25. Basic Architectural Lighting Workshop. Craig Bernerke, instructor of architectural engineering.

Oct. 23-25. Advanced Short Course on Coal Preparation. Peter T. Luckie, associate dean for research/professor of mineral engineering, director.

Oct. 23-25. Coal Mining Production Engineering. Stanley Subelski, professor of mining engineering, and Robert L. Frantz, associate dean for continuing education and industry programs/professor of mining engineering, directors.

Oct. 23-27. Institutional Facilities Management. James Myers, P.E., mechanical engineer, in

charge.

Oct. 25-27. Advanced Accident Investigation Workshop. Eric Loop, coordinator.

Oct. 26 and 31. Pennsylvania Bar Institutes. Jern Milkom, in charge.

Seminars

Thursday, October 19

Physics Colloquium, 3:30 p.m., S5 Osmond Lab. Martin Olsson, Wisconsin, on "Hadron Dynamics and Strings."

Ecology, 4 p.m., 111 Watrik. J.R. Pratt on "The Freshwater Microbial Loop: Another Paradox of the Plankton."

Friday, October 20

Physics CAMP, 11 a.m., 339 Davey Lab. Glenn Agnollet, Texas A&M, on "Crystallization Wave at the Solid-Liquid Interface of 4He."

Physics Colloquium, 3:30 p.m., 110 Osmond Lab. Steve Koonin, CalTech, on "Cold and Hot Fusion."

Speech Communication Colloquium, 4:30 p.m., 109 Chambers. Donovan J. Ochs, Univ. of Iowa, on "Demosthenes' Superior Artiste and Victorious Monomachist."

Monday, October 23

Entomology, 3:45 p.m., 204 Patterson. Keith Wing, Rohm & Haas Co. Research Labs, on "Nonsteroidal Ecdysone Agonists as Novel Insect Growth Regulators."

Physics EPF, 4 p.m., 339 Davey Labs. David Miller, Purdue Univ., on "B-Physics With CERN: Recent Results."

Marker Lectures in Astronomy, 8 p.m., 117 Osmond Lab. Dr. Patrick Thaddeus, Harvard, on "Exotic Molecules in the Interstellar Gas."

Also, at 4 p.m., 110 Osmond, Oct. 24, "If Silicon Were a Gas: Synthesizing Non-Terrestrial Molecules." Oct. 25, "The Milky Way in Molecular Clouds." Oct. 26, "A CO Survey of the Large Magellanic Cloud."

Tuesday, October 24

History Colloquium, 3:30 p.m., Memorial Lounge, Eisenhower Chapel. Stephen E. Ambrose, Univ.

Focus on the arts

(Continued from page 4)

University in 1956. In 1972, he was the recipient of an honorary master of arts degree from Oxford University, where he was appointed the Slade professor of fine art.

The lecture, sponsored by the Palmer Museum and the French Department, commemorates the bicentennial of the French Revolution.

Singing Lions

The Singing Lions will perform at 12:10 p.m. Thursday, Oct. 26, in Eisenhower Chapel at University Park.

The 20-minute concert is part of the fall Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish. It will include a tribute to Duke Ellington and a movie medley. The Singing Lions is a show choir of 20

Exhibits

Chambers Gallery

Art Student League Juried Exhibition, through Dec. 1.

HUB Galleries

Art Alley Cases: Items from the Pasto Agricultural Museum, through Nov. 3.

Personal artifacts from the Vietnam War, through Nov. 3.

Art Alley Panels

Kathleen Fox Ragusa, Eclectic, through Nov. 3. Browning Gallery: Microscopes: The Hidden Art of High Technology, through Nov. 8.

Formal Gallery

Vietnam Veterans Memorial: A National Experience, through Oct. 29.

Kern Galleries

College of Engineering Research Exhibition, through Oct. 31.

Kevin Slick, watercolors, through Oct. 28. Crystallization: From the Pasto Agricultural Museum, through Oct. 28.

Penn State Creamery (the early days), through Oct. 28.

Artifacts from the Armsby Calorimeter Exhibit, through Oct. 28.

The French Revolution Machine, through Feb. 27.

Palmer Museum of Art

Turn-of-the-Century European Posters from the Museum's Collection, through Nov. 5.

Ceramics from Penn State Collections, through Nov. 19.

Bellefonte Collects, through Oct. 22.

East Corridor Gallery: Jorene Rath

Simplification of Form, through Nov. 17.

Lending Services:

Kevin Slick, paintings, through Oct. 20. Bill Hosterman, wildlife paintings, Oct. 24-Nov. 27.

Rare Books Room:

The World and the Italian Architect through Oct. 27.

Zoller Gallery

Clay in the East, through Nov. 11.

Penn State Philharmonic

The Penn State Philharmonic Orchestra will present its first concert of the season at 8 p.m. Friday, Oct. 27, in the Recital Hall of the School of Music at University Park.

The concert also will be given at the Penn State Altoona Campus Tuesday, Oct. 24.

The orchestra, directed by Douglas Meyer, will open its program with the lively Symphony No. 8 in G by Czech composer Antonin Dvorak.

The Halloween season, the orchestra also will perform special selections, including the "Dance Macabre" by Camille Saint-Saens and the colorful "A Night On Bald Mountain" by Modest Mussorgsky.

Appointments

Diana L. Kenepp has been appointed acting director of the Academic Support Center for Student Athletes. She succeeds Donald E. Sheffield who has become special assistant to the vice president and dean for undergraduate education.

A graduate of Penn State with B.S. and M.S. degrees, Ms. Kenepp taught in the Halifax, Pa. School District and then joined the University faculty as an instructor in health education.

In 1982 she was named coordinator of the undergraduate program in health education and continued in that position until 1987 when she became athletic academic adviser/counselor in the Academic Support Center for Student-Athletes. She has been serving as assistant director of the Center since 1988.

Ms. Kenepp is a member of the Association for the Advancement of Health Education, American School Health Association, National Association of Academic Advisors for Athletics, and the National Academic Advising Association.

Kjell Meiling, director of academic affairs at Penn State Altoona Campus, has been appointed interim associate dean for undergraduate education. He succeeds Michael H. Chaplin who has returned to the College of Agriculture faculty.

Dr. Meiling joined the Altoona Campus staff in 1978 after serving as dean and administrative head at Chaffin College, St. Martin, Ohio. He previously was an instructor in English at the University of Cincinnati.

A graduate of New York University, he received M.A. and Ph.D. degrees from the State University of New York at Binghamton.

At Penn State, Dr. Meiling has been active in the University Faculty Senate, serving on a number of Senate committees. He currently is a member of the Martin Luther King, Jr. Day Planning Committee and the University Council on Enrollment

Blanche E. Staton

Policies and Planning.

Dr. Meiling also is a member of the American Association for Higher Education and the International Society of Anglo-Saxonists.

Blanche E. Staton has been appointed director of the Philadelphia Community Recruitment Center and associate director of admissions.

She will plan, implement and coordinate minority recruitment efforts in Philadelphia and surrounding areas. She also will make recruitment presentations to parent groups, local churches, schools and community groups and serve as an admissions counselor.

She plans to increase minority alumni participation in the enrollment process because "they have the credibility to show that Penn State is a viable option."

A Philadelphia native, Ms. Staton received her bachelor's degree in Spanish from Beaver College in Glenside in 1973. She earned her master's degree in

counseling from Antioch University in Philadelphia in 1975.

After graduation, she worked with the Philadelphia School District as a job placement specialist. In 1976, she was a senior recruiter and counselor at Temple University's School of Medicine.

She then went to the University of Pennsylvania in 1983 and served as an undergraduate regional admissions director. Ms. Staton later worked as director of operations and associate director of admissions in the graduate division of the Wharton School, University of Pennsylvania, in 1987. She also was project manager for the Philadelphia area for Special Market Services Inc. in 1988.

Before joining Penn State, she was a principal and educational consultant for Future Quest Inc. in Philadelphia, helping high school students prepare for college placement.

Howard E. Wray III, assistant dean/director of Minority Student Programs at Emory University, has been appointed assistant dean for Academic Advising Programs. He succeeds Jo Anne T. Vanin who has accepted a position at the University of Massachusetts at Amherst.

A graduate of the Indiana University of Pennsylvania (IUP), Mr. Wray received an M.A. degree from IUP and a J.D. degree from Georgetown University Law Center.

Prior to joining Emory University, he served from 1984 to 1988 as director of the Black Cultural Center and associate director of Student Activities and Organizations at IUP.

He also has served as research assistant to the head reference law librarian at the Georgetown University Law Center, as a personal counselor in the IUP Educational Opportunity Program, Act 101 Western Region representative for the Pennsylvania Department of Education, and as assistant to the director and counselor in Penn

State's Educational Opportunity Program.

He is a member of the NAACP and the National Association of Campus Activities.

Susan C. Youtz has been named assistant director for undergraduate nurses in the new School of Nursing.

Ms. Youtz is responsible for administering the resident instruction program in nursing, which enrolls approximately 400 students. She also shares responsibility for the extended degree program, which makes a bachelor's degree available to registered nurses whose previous education was through a hospital or associate degree program.

A University faculty member since 1982, Ms. Youtz was coordinator of the undergraduate nursing program in the former Department of Nursing for three years, and was southeast regional coordinator for the extended degree program from 1982 to 1984.

She chairs the curricular affairs committee of the College of Health and Human Development, is a member of the college's undergraduate retention committee, and chaired a number of committees in the former Department of Nursing.

Before coming to Penn State, she was a charge nurse at Pocono Hospital, East Stroudsburg. She also has been a head nurse at Rhode Island Hospital, Providence, R.I., and has taught at Marywood College, New York University and Trenton State College.

She holds a master's degree in nursing from New York University, a bachelor of science (cum laude) in nursing with a minor in biology from Trenton State College, and a diploma from Rhode Island Hospital School of Nursing.

The School of Nursing was established last July when the Penn State Board of Trustees voted to upgrade the former Department of Nursing.

Penn Staters

Philip L. Walker Jr., Evan Pugh professor emeritus of materials science, was honored at a special symposium held during the Nineteenth Biennial Conference on Carbon at University Park.

Sabih I. Hayek, professor of engineering science and mechanics, has been elected a Fellow of the American Society of Mechanical Engineers in recognition of outstanding contributions in theoretical and experimental research on the vibration and radiation of fluid-loaded shells.

Joseph S. Beard, Crawford County senior extension agent, has received a Distinguished Service Award from the National Association of County Agricultural Agents for effective extension programs.

Robert W. Christina, professor of exercise and sport science in the College of Health and Human Development, has been appointed to the 12-member National Committee on Techniques for the Enhancement of Human Performance of the National Research Council, National Academy of Sciences. The committee is part of the NRC's Commission on Behavioral and Social Sciences and Education.

J.L. Duda, professor and head of chemical engineering, received the 27th annual Chemical Engineering Division Lectureship Award and presented the award paper, "A Random Walk Through Porous Media," at the

American Society for Engineering Education conference. The award recognizes outstanding achievement in fundamental chemical engineering theory or practice and carries a \$3,000 honorarium.

Charles L. Fehr, director of university relations at Penn State Berks Campus, has been approved as a Certified Fund Raising Executive by the Certification Board of the National Society of Fund Raising Executives.

Donald P. Fowler, Fulton County senior extension agent, has received a Distinguished Service Award from the National Association of County Agricultural Agents for initiating programs in a variety of areas dealing with 4-H youth and adults.

John J. Henry and James C. Wambold, professors of mechanical engineering, were presented Outstanding Achievement Awards by the American Society of Testing Materials for organizing the First International Symposium on Surface Characteristics. The symposium, held at Penn State in 1988, attracted participants from 21 countries.

Austin J. Jaffe, professor of business administration and research director of the Institute for Real Estate Studies, presented a paper on "Concepts of Property, Theories of Housing and the Choice of Housing Policy" at an international conference on "Housing Reforms in Eastern Europe" held at Noszvaj, Hungary.

Robert Kabel, professor of chemical engineering, received the 1988 American Society for Engineering Education Chemical Engineering Division Corcoran Award for the best paper published in 1988 in *Chemical Engineering Education*. The paper is titled "Instruction in Scaleup."

Robert D. Lee Jr., head of the Department of Public Administration, was a participant in Australia's Bicentennial Research Project, under the auspices of the University's Australia-New Zealand Studies Center. The project is sponsored by the U.S. Information Agency and is being conducted jointly with the University of Melbourne.

Richard C. Nelson, professor of biomechanics, and director of the Biomechanics Laboratory, has received the Citation Award from the 12,500-member American College of Sports Medicine in recognition as "an early pioneer of research programs to view human movement from a biomechanical perspective."

Judith S. Stoudt, Berks County extension agent, has received the Achievement Award from the National Association of County Agricultural Agents for her professional extension achievement with the Oley Valley water testing program.

John W. White, professor of horticulture, has been named a Fellow-elect by the American Society for Horticultural Science. Dr. White is being

recognized for his innovative research on glazing materials and environmental control systems for greenhouses, as well as research in greenhouse crop production.

Dan Willis, assistant professor of architecture, has been awarded the 1989 Hugh Ferriss Memorial Prize for Architectural Drawing from the American Society of Architectural Perspectivists. Chosen from more than 500 entries, Professor Willis' pencil drawing depicts a design for an Edgar Allan Poe memorial and attempts to illustrate the passage of several centuries in the memorial's existence.

Laurence L. Yager, Penn State Cooperative Extension area marketing agent, Adams County, has received a Distinguished Service Award from the National Association of County Agricultural Agents for his work in marketing.

Dale Jacquette, assistant professor of philosophy, gave a talk on "Intentional Relations in Zalta's Intensional Logic" at the meetings of the Society for Exact Philosophy, University of Alberta, Edmonton, Alberta, Canada.

James Keiser, retired associate professor of hotel, restaurant and institutional management in the College of Health and Human Development, is the recipient of the 1989 Howard B. Meek Award. The award was presented by the Council on Hotel, Restaurant and Institutional Education in recognition of his career achievements and contributions to hospitality education.

Faculty, staff members and alumni receive awards

Chemical society award

Peter C. Jurs, professor of chemistry, has been selected to receive the 1980 American Chemical Society Award for Computers in Chemistry sponsored by the Digital Equipment Co. The award recognizes and encourages the use of computers for the advancement of the chemical sciences.

Dr. Jurs is being honored for his work in analytical data analysis using pattern recognition and other techniques. Pattern recognition is a method of programming computers to "learn by experience."

A member of the research group that published the first paper on pattern recognition analysis of low-resolution mass spectral data, Dr. Jurs also has applied these methods to infrared spectral analysis.

Dr. Jurs joined the University faculty as an assistant professor in 1969, was promoted to associate professor in 1972 and to professor in 1978.

He has held a visiting appointment at Stanford and numerous consultancies and memberships on editorial and advisory boards.

He is a graduate of Stanford University and earned his doctorate at the University of Washington.

Peter C. Jurs

France. Professor Shobaken came to Penn State in 1958 as a professor in the Department of Art.

Alumni awards

Three graduates of the College of Health and Human Development have received 1989 Alumni Recognition Awards.

They are: **Rosanna Ciuppek**, regional coordinator in the Office of Groundwater Protection of the U.S. Environmental Protection Agency; **Barry A. Franklin**, director of the cardiac rehabilitation and exercise laboratories at William Beaumont Hospital, Royal Oak, Mich.; and **Jennifer W. Hartman**, executive director of the Gettysburg YWCA.

Ms. Ciuppek earned a bachelor of science degree in man-environment relations in 1978, then went on to law school at the University of Tulsa, where she earned both a law degree (emphasizing environmental law) and a master's in urban studies in 1982.

She coordinates the work of 10 EPA regional offices nationwide; previously, she developed and implemented the national wetlands enforcement program for EPA's Office of Wetlands Protection. In 1988 she earned the EPA's Bronze Medal for commendable service, for her efforts related to the enforcement of the Clean Water Act.

Dr. Franklin earned a Ph.D. in physiology with a minor in health and physical education in 1976. In addition to his position at William Beaumont Hospital, he holds the rank of associate professor at

Bruce Shobaken

Wayne State University School of Medicine, Oakland University, and the University of Michigan.

He has written or co-authored nearly 100 scholarly publications, including five books on exercise, physical fitness, and heart disease. He is the immediate past president of the American Association of Cardiovascular and Pulmonary Rehabilitation and holds Fellow status in the American College of Sports Medicine.

Ms. Hartman graduated from Penn State in 1969 with a bachelor of science degree in individual and family studies.

Executive director of the Gettysburg YWCA since 1985, she was a member of the capital campaign steering committee that raised \$2 million to build the first community recreation center in her county.

More recently she completed a \$135 million project which doubled the size of the YWCA by adding fitness facilities and a child enrichment center.

Emerging professional

Captain Brian R. Hurley has received the 1980 Emerging Professional Award of the College of Health and Human Development.

The annual award, cosponsored by the college and its alumni society, honors professional and community achievement by an alumnus who graduated within the previous six years.

Capt. Hurley who received a bachelor of science degree in health planning and administration in 1984 was executive officer to the Command Surgeon at Andrews Air Force Base, Washington, D.C., before being selected for an Air Force-sponsored graduate program in health administration at George Washington University. He began graduate study this fall.

Prior to his Washington post, Capt. Hurley served as director of medical resource management in the 125th Medical Group at Tyndall Air Force Base, Fla. At Tyndall he also was responsible for the development of the Partnership Program, an initiative that expands service and access to military hospitals through agreements with civilian physicians and institutions. The program saves the government an estimated \$180,000 per year.

Capt. Hurley also conceived and developed plans for a Military Retirees Clinic, which increased access to health care for nearly 5,000 retirees and saved more than \$150,000 annually.

Teaching award

Bruce Shobaken, professor in the School of Visual Arts, has been named the recipient of the Arts and Architecture/Performing Constituent Society Alumni Faculty Teaching Award. The award recognizes excellence in teaching and honors memorable educators.

Grace Hampton, vice provost and former director of the School of Visual Arts, said that Professor Shobaken has served as head of the graduate program in studio art "with a strong, quiet dignity which has won him the respect and admiration of students and colleagues."

Anne Karsten, a graduate student in printmaking, called her work with Professor Shobaken "the most powerful and solid learning experience I have ever encountered."

Professor Shobaken's work has appeared in more than 30 one-man shows and 69 juried and invitational exhibitions. His works also are represented in museums and numerous private collections across the United States.

He received a BA and MFA art with minors in humanities from the University of Minnesota. In 1953 he received a Fulbright to study printmaking in Paris,

Obituaries

Hugh G. Pyle, retired director of methods research, Commonwealth Educational System, died Sept. 17. He was 88.

Mr. Pyle, a pioneer in adult education, joined the University in 1925 as an instructor in engineering extension. He served from 1943 to 1952 as supervisor of informal instruction and during this period headed a rapidly expanding program in many areas of adult education.

From 1952 to 1959 he directed the Division of Informal Instruction. When General Extension became Continuing Education in 1959, he became assistant director for informal instruction and then

assistant director for methods research. He retired July 1, 1965.

Ralph Albright, senior preparation technician, College of Science, from April 18, 1962, until his retirement Oct. 1, 1977, died Oct. 9. He was 76.

Fannie Riggelman, janitorial worker, Office of Physical Plant, from Aug. 13, 1973, until her retirement Jan. 1, 1984, died Oct. 9 at the age of 67.

Nelda L. Shaner, bookstore manager at Penn State Berks Campus, from Jan. 10, 1977, until her retirement on disability May 31, 1980, died Oct. 8 at the age of 40.

Faculty/Staff Alerts

Don't be caught uncovered

The Employee Benefits Division periodically receives complaints from faculty and staff members who have had claims for a dependent spouse or child denied because either they neglected to enroll an eligible dependent or their dependent was no longer eligible. At that point it is too late to enroll the dependent, or to secure coverage from another company to have the claim paid.

For the purpose of the University health care plans, dependents include a spouse and dependent children. Dependent children are defined as unmarried children, adopted children or stepchildren until their nineteenth birthday, or until reaching their twenty-third birthday if they are full-time students. It also includes physically handicapped or mentally retarded children, regardless of age, who are incapable of self-sustaining employment, provided they are insured prior to the maximum age otherwise applicable.

If you gain or lose a dependent through marriage, birth, adoption, divorce, death or because of age, you immediately should change, as applicable, the dependent coverage, on the health care plans, assuming you desire the coverage or wish

to have it discontinued.

If an eligible dependent is acquired and coverage is not requested until 31 days after he or she is acquired, there is a three-month waiting period before hospital/surgical/major medical and basic dental service coverage begins; there is a two-year waiting period before major dental services (crowns, dentures, bridges, etc.) are covered. Coverage under the vision plan is limited to eye examination only and charges for lenses and frames would not be considered until the next calendar year.

If coverage already is being provided for a dependent child or children, it is not necessary to add additional children as they are born. Coverage for them is automatic. In turn, it is not necessary to remove children from the coverage as they become ineligible, until the last dependent child is to be removed.

If both husband and wife work at the University on a full-time basis and thus are covered under the plans, they should not be covering each other as dependents, and only one parent should cover dependent children. If one spouse ceases to work for the University, the spouse who remains employed should pick up the other spouse and/or eligible dependents, if the coverage

is desired.

If you find it necessary to add or remove dependents from your health care coverages, or if there is any doubt as to whether or not a change should be made, contact your personnel representative, campus director of business services or a member of the Employee Benefits Division staff. It is necessary to complete a form in order to make such a change.

Prescription drug plan

Faculty, staff and retirees who have prescriptions filled at the Ritnerout Health Center pharmacy under the Maintenance Prescription Drug Plan (MPDP) are reminded that the pharmacy will be closed for several days over the Thanksgiving and Christmas holidays.

The pharmacy will not be open from Thursday, Nov. 23, through Sunday, Nov. 26, and from Friday, Dec. 22, through Monday, Jan. 1.

Those individuals who will need prescriptions filled in November and December are urged to take the service in advance of those dates as prompt service cannot be guaranteed at the last minute.

MPDP users also are reminded that interoffice and U.S. Mail Services may be

used when ordering prescription drugs.

Prescription refills may be ordered by calling the pharmacy (865-9321).

Questions about the MPDP may be referred to the pharmacy or the Employee Benefits Division (865-1473).

Product warning

Environmental Health and Safety in the Department of Safety has received a product warning concerning liquified Phenol from Fisher Scientific Company.

According to the product warning, some bottles may have loose caps, allowing leakage. To avoid possibility of skin contact or inhalation, the following steps should be taken:

Wear protective clothing, gloves, and goggles; open shipping container under chemical fume hood; check for loose cap if leakage is evident; tighten cap and flush outside of bottle with water. Or, you may return unopened shipping container to Fisher Scientific for replacement.

If you have any questions, call (800) 537-9134 between 8:30 a.m. and 4 p.m. Monday through Friday and ask to speak with the quality assurance chemists.

Three Alumni Fellows to visit College of Engineering

Raymond A. Bowers, chairman of Lewis C. Bowers and Sons, Frank Gabron, chairman of Helix Technology Corp. and professor of entrepreneurship in engineering at Penn State and Donald Watson, deputy director of the California Department of Transportation, will return to the College of Engineering Oct. 25-29 as Alumni Fellows.

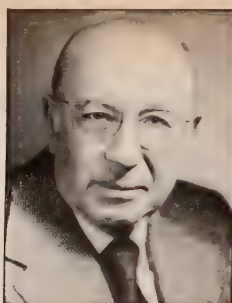

During their visit, they will visit classrooms, conduct seminars and meet with engineering administrators and faculty.

Mr. Bowers, a 1931 architectural engineering graduate, is a leader in the building industry who also has influenced engineering education. He and his brother took over the family business, a small home building company, in 1942 and built it into one of the nation's major construction and architectural concerns.

An active supporter of Penn State engineering, he received the highest alumni honor of the College of Engineering, the Outstanding Engineering Alumnus Award in 1988. In 1987, he established an endowed fund in engineering and has played a key role in establishing the College of Engineering Consortium for the Advancement of Building Sciences. He also advises on research activity in architectural and industrial engineering.

He is a Princeton area civic leader and has served as director of the Princeton YMCA, chairman of the Middle Atlantic YMCA Youth and Government Program, president of the Princeton Rotary Club and of the United Fund and as an advisory board member for Hamilton Hospital, Rider College, Hun School and Comcast Cable.

Mr. Gabron, who received his master's in mechanical engineering in 1955, is an entrepreneur who also holds several patents

Raymond A. Bowers

and has published numerous technical papers. He began his career as a combustion research engineer at United Technology Corp., where he was responsible for early rocket development. He also worked with Arthur D. Little Inc., before joining Helix in 1974.

Currently a member of the board of directors of Aconic Systems Corp. and Termux Corp., he was named the Keen professor of entrepreneurship in engineering at the University in August. The professorship was established by Emil M. Keen, Palm Beach Gardens, Fla., in 1988. In 1987, Mr. Gabron was named the College of Engineering's Outstanding Engineering Alumnus.

He is chairman of the Boston area Campaign for Penn State and a member of the New England Regional Administrators

Frank Gabron

Committee for Penn State. The Gabrons have established three scholarships in the College of Engineering and have provided major equipment support. He also serves as chairman of the Mechanical Engineering Industrial and Professional Advisory Council.

Mr. Watson, a 1950 civil engineering graduate, is an administrator and environmental innovator. His first job after graduation was with the Bureau of Reclamation. He also worked in the California Division of Highways (now CALTRANS) and the California Energy Commission.

He was named director of the Los Angeles District CALTRANS in 1980 and was instrumental in developing the Harbor Freeway Transitway, an innovative approach to Los Angeles transportation

Donald Watson

problems. In 1988, he was appointed deputy director for Resource Management, where he oversees a \$13-billion, five-year state transportation improvement program.

Mr. Watson has provided leadership for minority engineers and currently serves as a member of the College of Engineering Committee on Minority Engineering Activities. In 1988, he received the Black Engineer of the Year President's Award.

Carpooler

Doris needs a ride from Madera-Houtzdale-Philipsburg area to University Park weekdays from 6:30 a.m. to 3:30 or 4 p.m.; Saturday from 7 a.m. to 3:30 p.m.; and Sunday from 8 a.m. to 4:30 p.m. Call 378-8314 after 5 p.m.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Oct. 26, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment practices (PS-1) and in compliance with the University's Alternative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law), sex or status as a disabled or Vietnam era veteran.

• **Publications Coordinator, College of Health and Human Development, Office of the Dean, University Park Campus** - Responsible to the assistant to the dean for communications for developing promotional publications, writing news releases and feature stories, and coordinating certain communications programs and events. Develop a coordinated publications program for student

recruitment and general publications. Write, edit and produce brochure, newsletters and other printed materials. Prepare, bachelors degree, or equivalent in journalism, English, communications or related field and one to two years of effective experience. Experience with desktop publishing helpful. STAFF GRADE 5.

• **Classification Analyst, Office of Human Resources, Salary Administration and Classification, University Park Campus** - Responsible for assisting in the implementation and maintenance of the University's wage and salary classification plan. Duties include reviewing and evaluating new and existing positions, developing job descriptions and classifying positions under the provisions of the Fair Labor Standards Act. Requires bachelor's degree, or equivalent, preferably with some course work in personnel administration or industrial engineering, plus one to two years of effective experience, preferably in job evaluation and classification activity. STAFF GRADE 6.

• **Computer Support Assistant, Office of Human Resources, Information Systems, University Park Campus** - Responsible to the manager, Information Systems Division, for providing support and assistance to the Office of Human Resources systems and activities. Reconstruct operating systems or

software set up to resolve software problems, as appropriate. Assist in the development of training packages and programs and train staff in the use of office information software. Requires associate degree, or equivalent, in computer science or related field plus one to two years of effective experience. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990. STAFF GRADE 4.

• **Production Coordinator, Division of University Relations (Publications), University Park Campus** - Responsible to the production manager for coordinating all elements of the production process of Publications. Requires bachelor's degree, or equivalent, preferably in an art or graphic design major, with a communications or marketing emphasis, and one to two years of effective experience in graphic design, with knowledge of printing, photography, illustrative and typographical processes. Effective written and verbal communication skills essential. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990. WITH GOOD POSSIBILITY OF RE-FUNDING. STAFF GRADE 5.

• **Network Systems Coordinator, Computer and Information Systems - Office of Telecommunications, University Park Campus** - Responsible to the senior operations coordinator

Transmission Facilities and Operations for monitoring the operation of the telecommunications network, including voice, data and video systems. Support the system at University Park and statewide. Requires associate degree, or equivalent, plus two to three years of effective experience in telecommunications. Strong background in telecommunications and in problem determination. Excellent verbal and written communication skills are required. MAY BE ASSIGNED TO NIGHT, EVENING OR WEEKEND WORK ON A CONTINUING BASIS. STAFF GRADE 5.

• **Clinical Educator, College of Medicine, Hershey Hospital, Emergency Services, Hershey Medical Center** - Responsible to the manager, Emergency Services, for providing orientation, inservice education and specialized courses as well as nursing expertise within Emergency Services. Serves as consultant, educator, collaborator, clinician, researcher and change agent for specialty area. Requires master's degree, or equivalent, in clinical area plus one to two years of effective experience current licensure by Pennsylvania State Board of Nursing, certification in specialty area. Emergency nursing experience desirable. STAFF GRADE 6.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Nationally known in field of educational administration

Reed named College of Education dean

Rodney J. Reed, professor and chair of the Division of Educational Administration, School of Education, University of California at Berkeley, has been selected as dean of the College of Education. In addition, he will serve as Pennsylvania professor of education.

His appointment, effective Jan. 2, 1990, will be forwarded for approval to the University's Board of Trustees at its meeting in November.

"We are delighted to welcome Dr. Reed, who is nationally known in the field of educational administration," President Jordan said.

"His academic credentials and administrative experience make him the ideal candidate to lead the College of Education into the 21st century."

Dr. Reed's teaching and research focuses on school leadership and management, human resources management and educational equity at all levels of education.

He is the author of *School and Community Testing Programs: Perceptions and Effects on Black Students in Louisiana and North Carolina*, *Expectations and Student Performance and Raising Expectations and Achievement Levels of Minority Students*. He is the co-author of *Educational Administration and Policy: Effective Leadership for American Education*.

He has served on editorial boards of several professional journals, including *Educational Researcher and Education and Urban Society*.

Dr. Reed currently is chair of the Division of Educational Administration at Berkeley and chair of the faculty of the School of Education.

He has earned a B.A. from Clark College, an M.A. from University of Michigan, and a Ph.D. in educational policy, planning and administration from University of California, Berkeley.

Other university activities include serving as faculty assistant to the chancellor for

academic affirmative action and as chair co-chair or member of several committees and task forces at the Berkeley campus and at the university systemwide level.

In addition, he is the founder of the Institute for School Administrators at the University of California and served as its director from 1978 to 1987.

In the community, Dr. Reed has served as first vice chair and board member of the Bay Area Urban League and chair of its Education Committee. In addition, he is a life member of the NAACP and has served as chair of the Education Committee for the Bay Area Black United Fund, which has awarded him its Bronze Award.

Other accomplishments include being named to Who's Who in American Education, Who's Who in the West, Who's Who Among Black Americans, Community Leaders and Noteworthy Americans, Directory of Distinguished Americans, and Dictionary of International Biography.

University Park recycling program is set to begin

One year ahead of the state-mandated schedule, Penn State is kicking off a recycling program for the University Park Campus.

"This is an opportunity for Penn State to provide leadership and show that we are concerned about the future of our environment," James Wagner, associate vice president for business and operations, said.

"We are confident that with the cooperation of every student, faculty and staff, we will make an impact on the growing problem of waste and limited space."

"The University is phasing groups of buildings and residence halls gradually into the program, beginning on Oct. 30 and finishing in fall 1990."

Penn State is among several universities nationwide that have adopted or are adopting recycling programs, but its program should be one of the largest, once the implementation is complete.

The University is part of a cooperative recycling effort with the Centre County Solid Waste Authority, with the Office of Physical Plant overseeing the implementation.

Initially, there will be two separations: one for paper and one for containers. The rest will be considered non-recyclable trash and discarded as usual.

Recyclable paper includes white ledger paper (writing, typing and copy), newspaper, computer printout and corrugated cardboard. Containers include clear, green and amber glass, aluminum cans, plastic soda bottles, plastic milk and water jugs, and steel and tin metal cans.

"The paper must be dry and not contaminated by food,"

PENN STATE

RECYCLES

said Phil Melnick, manager of support operations and special programs at Physical Plant. "Also, containers should be rinsed before depositing in the collection boxes."

What is NOT recyclable? Examples include colored paper, napkins, magazines, books, pizza boxes, detergent bottles, toothpaste tubes, light bulbs, lab glass, plastic wrap or aluminum foil.

Residence halls will have special barrels and boxes for recycling paper and containers in laundry rooms, workrooms, janitorial closets and other central locations. In offices and classroom buildings, central containers will be

located in office areas and corridors. All receptacles will be marked for recyclables.

"People will have to take a few extra steps, but they will be helping us tackle a serious waste disposal problem," Mr. Melnick said.

"According to a study, the University generates more than 3,200 tons of paper each year," he notes. "Paper is the largest single component of the waste stream at Penn State. If all the solid waste generated by University Park each year was spread on the mall from College Avenue to Pollock Road, it would stand 85 feet tall."

As each group of buildings is phased in, the occupants—either students or employees—will receive specific information individually on the day recycling begins.

The janitorial employees and a network of select individuals in each building have had a more detailed orientation, and they will be assisting with the program in their departments.

Pennsylvania state law now requires all primary and secondary schools, as well as colleges and universities, to implement recycling programs by fall 1990.

Additional information on the University Park Campus program is available by calling the Recycling Hotline, (814) 865-8000.

"People are realizing that recycling makes sense as part of the solution to the nationwide solid waste problem. We are confident that everyone will participate fully in the recycling program," Mr. Wagner said.

Recycling schedule

Oct. 30:

Pollock I Residence Halls (Commons, Porter, Shunk, Hiestler, Wolf, Ritner and Shulze), Althouse, Chandlee and Davey Labs, Henderson North and South, Mueller, North Frear, Human Development East, Oswald Tower, Pond Lab, South Frear, Whitmore Lab.

Nov. 27:

Pollock Residence Halls (Beaver, Hartranft and Mifflin), Bouckee, Buckhout, McAllister, Osmond, Ritzenour, Telecommunications, Warlick.

Dec. 15:

Agricultural Engineering, Agricultural Administration, Henning, Armsby, Art Education Crafts, Birch Cottage, Borland Lab, Calorimeter Building, Credit Union, DGS, Eisenhower Auditorium, Fenske Lab, Ferguson.

Jan. 15, 1990:

South Halls, Atherton Hall, Grange, Headhouse 1 and 3, Locust, Maintenance Central Landscape Depot, Mitchell, Palmer Museum of Art, Patterson, Pavilion Theater, Pine Cottage, Schwab Auditorium, Spruce, Tyson, Paul Robeson Cultural Center, Weaver.

Feb. 5:

Simmons and McElwain Halls, Arts, Business Administration I, II and III; Cedar, Chambers, Faculty, Keller, Moore, Music, Rackley, Sparks, Visual Arts.

Feb. 26:

Foundry, Hammond, Rec Hall, Waring offices and classroom, White Building, Willard.

March 19:

West Halls, North Halls, Burrows, Carnegie, Carpenter, Deike, Eisenhower Chapel, Engineering Units, Hilseng.

Kern, Mineral Science, Noll Lab, Old Botany, Steidle, University House, Walker, Willard, Electrical Engineering East and West, Engineering Services, Hallowell Building, Mechanical Engineering, Old Main, Power Plant, Sackett.

April 9:

East I and II Halls, Leased Buildings: Stanton, William Street, Charles, Book, Calder Way I and II, Scott, James, Rider, Rose, George, Archive, Floyd, Daniel, Susan, Aaron, Barbara, Charlotte, Karen, Robert, Ruth.

April 30:

Graduate Housing and Nittany Apartments, Beaver Computer Lab, Computation Center, Findlay Computer Lab, Forum, IM Building, McCoy Natatorium, Pattee, Redifer Computer Lab, Swine Research, Undergraduate Library.

Focus on Diversity

York Campus reports on retention plan

Early intervention and study groups are the key elements of the Penn State York Campus retention plan.

Penn State York faculty and staff members outlined the plan in a presentation to the President's Council on Undergraduate Recruitment and Retention.

Robert B. Campbell, chair of the York Campus Retention Committee, said one of the primary goals of the group is to facilitate a broad-based discussion among faculty, students, and staff as it looks at ways to positively affect the success of York students.

Early intervention at York, the Council was told, is triggered by the Learning Center.

Notices of Learning Center services along with referral slips, go to all faculty within the first three weeks of the semester.

Faculty are encouraged to provide to students an early indication of progress in their course, and refer students to the

Learning Center as early as possible - he added.

The study group initiative was introduced at the campus by John Romano, campus executive officer.

According to Mr. Campbell, the York Retention Committee decided to look more carefully at the organization and development of study groups during the current academic year. A York Campus faculty member, Mark Casteel, assistant professor of psychology, reported on the success he has seen in organizing students in the Psy 2 and Psy 221 classes into study groups during Fall 1988 and Spring 1989.

Both early intervention and study group concepts were discussed during Fall Semester faculty orientation in sessions facilitated by the Retention Committee, and will be studied further during this year, the group reported. The study group idea also was discussed during student orientation by Dr. Romano and reinforced in subsequent orientation programs.

College-high school exchange program

The College of Agriculture has adopted Walter Biddle Saul High School of Agricultural Sciences in Philadelphia as part of that city's "Adopt-a-School" program. The college will help Saul students find careers and educational opportunities in the field of agriculture. A magnet school for the agricultural sciences, Saul attracts students from throughout Philadelphia. Last year, students earned Penn State credits for a course in poultry science taught at Saul. Shown at Saul are, front row, from left, Robert Holley, Saul agricultural coordinator; Laramie F. Hood, dean, College of Agriculture; Saul students Jean Lonie, Joann Smith, Melissa Wixted and Henry Abraham (in front); and Elmore Hunter, county extension director, and Bruce Richards, 4-H agent, Philadelphia County, in the back row, from left, are Herbert Jordan, associate professor of poultry science, and William Henson, director, agriculture minority student programs.

Diversity Calendar

Wednesday, Nov. 1

Pennsylvania College of Technology, 7 p.m., Academic Center Auditorium. Shirley Chisholm, former congresswoman on Ol Course. Women Dare."

Thursday, Nov. 2

Women's Studies, 8 p.m. HUB Gallery. Valerie Vimer, University of California Berkeley, on "Worldly Words International Women's Storytelling."

Wednesday, Nov. 8

Center for Women Students, noon-1 p.m. 120 Bouck Building. Brown Bag Lunch Series. Introduction to Sexual Assault Awareness Prevention Week (Nov. 12-17). Film *Against Her Will* discussion.

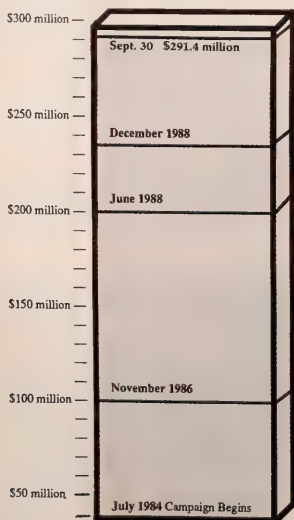

WPSX-TV program

Tom Brown's Journal, airing at 11:30 a.m. Sunday, Oct. 29, welcomes Dick Gregory, a truly modern-day crusader. He fights poor health, obesity, racism - and now drugs.

In his latest crusade, working out of a trailer in one of Shreveport, Louisiana's meanest drug areas, Mr. Gregory has organized an army of local people with personal commitments to fight the drug war. He also has been joined in this fight by a man, an unlikely ally 30 years ago, the police chief of Shreveport, Charles Gruber.

The Campaign for Penn State

CAMPAIGN FOR PENN STATE Progress Toward \$300 Million Goal

Creamery courtyard to be senior gift

A record number of Penn State seniors has voted to fund construction of a new Creamery courtyard as the class gift to the University.

Renee Stumpf of DuBois, chair of the senior class gift committee, said the 1,378-vote total was almost 400 ballots more than last year's tally.

"The class of 1990 has chosen a project that will benefit the entire University community," Ms. Stumpf, a molecular and cell biology major, said. "The popularity of the Creamery also means that the class's gift will be highly visible."

The 0.600-square-foot (60 feet by 110 feet) courtyard will be on the eastern side of the Creamery building. According to University landscape architect James Diesle, the area will create another pleasant gathering spot on campus for students and visitors.

Seniors will be asked to pledge the

balance of their general deposits and to make direct contributions in order to raise the project's estimated \$20,000 cost. The gift committee also plans to hold flower sales and other fund-raising activities during the coming year.

"This is a chance for us to work together as a class and give something back to Penn State," Ms. Stumpf said.

Sue Powell, assistant director of the Office of Annual Giving, said seniors wishing to make a contribution or volunteer to work on the gift committee may contact her office at 863-2052 for more information.

Senior class gifts are a Penn State tradition dating back to the first graduating class of 1861. Last year's seniors funded the construction of an outdoor study terrace near the main entrance of Pattee Library. That project is now under construction.

Eight will benefit from scholarships

Eight University students will each benefit from \$500 scholarships funded by awards the University has received from the Council for the Advancement and Support of Education (CASE).

The Division of Development and University Relations in 1987 and 1988 won the CASE Grand Gold Medal for General Program Excellence, a distinction which includes a cash grant.

The one-time scholarships will be awarded in the names of President Jordan, Board of Trustees President J. Lloyd Huck and volunteer members of the Planning

Group of The Campaign for Penn State. The Campaign is the University's six-year, \$300 million fund-raising effort.

"We're honoring these individuals and their spouses in recognition of their outstanding leadership and the exemplary commitment they have made to the Campaign," G. David Gearhart, senior vice president of the division, said. "To assist students in their names is a great privilege for us."

The honorees were invited to select the academic fields in which the awards were to be made.

'Park and Ride' program to begin at University Park

On Oct. 30, the University's Campus Loop bus service will join with the Centre Area Transportation Authority bus service to form The Loop at University Park. To kick off the new Loop, bus service will be free Monday, Oct. 30, to Wednesday, Nov. 1.

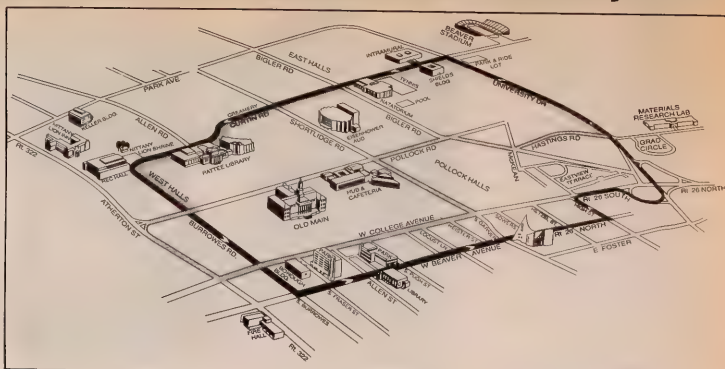

A major component of the new Loop is a "Park and Ride" program designed to alleviate parking congestion in downtown State College.

A 140-space parking lot is under construction at the corner of University Drive and Curtin Road at University Park (near Beaver Stadium). It will be available to University and community residents.

The University's Campus Loop buses will maintain their existing circular route along West College Avenue, North Atherton Street and around University Park Campus, while two CATA buses will travel in the opposite direction. All Loop buses will be blue and white to distinguish them from other CATA buses.

The combined Loop system will provide service every five minutes from designated locations, including stops at the "Park and Ride" lot, to shuttle passengers from the lot to campus and downtown locations, according to Stefan Fabian-Marks, CATA bus planner.

The new bus service is the product of a joint venture between the University, CATA, the borough of State College, State College Area Chamber of Commerce and

The Downtown Business Association. It is designed to improve mobility for area residents and alleviate parking problems in downtown State College, Mr. Fabian-Marks added.

The University is leasing the land for the "Park and Ride" lot to CATA. The borough of State College is paying for the lot's construction costs.

With the addition of the CATA buses, the former Campus Loop system will expand its routes and lengthen its service hours. The cash fare will remain 25 cents one way. Exact fare or bus pass is required to ride The Loop. Monthly "Park and Ride" permits with a Loop pass will cost \$20.

The parking permit for the "Park and Ride" lot and the bus pass are transferable

and guarantee the subscriber a parking space and frequent Loop bus service.

For more information on The Loop and "Park and Ride" program, call 238-2528. Loop schedules will be available from Fleet Operations and at Hetsel Union Building, Kern Commons and Pattee Library.

Recycling schedule

(Continued from page 1)

May 21:

Central Milk Testing Lab, East Area Locker Room, Fleet Operations, Holuba Hall, Hostetter Business Services, Physical Plant Building, Shields, Indoor Tennis Courts, Wagner.

June 11:

Academic Activities, Academic Projects, Ag Arena, Animal Behavior Lab, Animal Disease Lab, Animal Maintenance Center, Beaver Stadium, Beecher House, Beef and Sheep Administration.

Benedict, Brumbaugh offices, Centralized Biological Lab, Dairy Barn Administration, Dairy Breeding, Ent. Ag. Field Lab, Forestry Resource Lab, Gardner House, Gypsy Moth Research, Headhouse 4, High Pressure Gas Lab, Horse Barns, Land and Water Resources.

Livestock Holding Facility, Maintenance Service 1, Materials Research Lab, Meats Lab, Merkle, Pesticides Research Lab, Pinchot offices, Poultry Headquarters, Research Center Storage, Research Unit A, B and C, Research Building, Rock Springs Plant Pathology, Salvage and Surplus Warehouse, Special Services, Greenberg Indoor Sports Complex, University Park Airport buildings, Wiley Lab, Waste Water Treatment Plant.

New Business Administration computer lab is dedicated

Representatives from Hewlett Packard and University administrators, faculty members and students today dedicated a new computer laboratory for the College of Business Administration.

Taking part in the dedication was Harold Edmondson, vice president and director for corporate management, Palo Alto, Calif. While at University Park, he participated in the MBA Executive Interaction Program and spoke at the Advanced Manufacturing Forum, sponsored by the Center for the Management of Technological and Organizational Change.

The Hewlett Packard Laboratory, located in the Business Administration Building, was made possible through a \$134,000 gift

from the computer manufacturer.

The new lab, which will be used by students in the MBA program and undergraduate honors program in business, features eight state-of-the-art work stations, including eight personal computers with color monitors, eight Pajinet printers, two laser printers, three graphics scanners and two graphics plotters.

David L. Horn and Carl L. Nale, Penn State alumni who are now employees of Hewlett Packard in California, along with William Anderson, a systems engineer with the firm's Harrisburg office, were instrumental in securing the gift.

In a related development, a cooperative agreement between the College of Business

Administration and the Center for Academic Computing has resulted in another Public Microcomputer Laboratory for the University's academic community.

The lab, located in Rodin 7, 9 and 11 of Beam Hall, consists of 40 IBM PS/2 Model 30's with monochrome monitors, and 20 IBM 6152's with model 8513 color monitors.

All 60 PCs are networked on an IBM token ring LAN with IBM Quick Writer

printers and an 80 MG Banyan CNS file server. Each PC has mainframe connection capabilities, with mainframe printing capability planned in the future.

Lab operating hours are identical to other public labs operated by the Center for Academic Computing at University Park: 8 a.m. to 1 a.m. Monday to Thursday; 8 a.m. to 10 p.m. Friday and Saturday, and 1 p.m. to 1 a.m. Sunday.

Genetics expert will give Baker lecture

James V. Neel, professor emeritus of human genetics at the University of Michigan Medical School, will give the third annual Paul T. Baker Lecture at 4 p.m. Monday, Nov. 6, in 112 Kern Graduate Building at University Park.

He will discuss "The Genetic Effects of the Atomic Bombs." At 1 p.m. Tuesday, Nov. 7, he will conduct a seminar, "Spontaneous Human Mutation Rates," in 101 Kern.

In his lecture, Dr. Neel will examine the potential for genetic mutation caused by atomic radiation. In 1947-48, he was acting director of field studies for the Atomic Bomb Casualty Commission of the National Research Council, and he has been a major scientific participant in studies there ever since.

In the seminar, Dr. Neel will discuss the evidence for mutation among the Yanomamo Indians of Venezuela.

Dr. Neel, who holds a doctorate from the University of Rochester, became Lee R. Dice University professor of human genetics at the University of Michigan and was the founder and longtime chairman of the Department of Human Genetics at the medical school. Since 1947, he has been a

prominent member of the U.S. research delegation at the Radiation Effects Research Foundation in Hiroshima and Nagasaki.

The Baker Lectureship in Human Biology and Anthropology was established in 1987 to honor Paul T. Baker, former chair of the Department of Anthropology.

Taking part in the unveiling of a memorial plaque at the formal dedication of Penn State Great Valley are, from left, Stephen P. Lagoy, West Chester attorney; Lawrence S. Cole, center executive officer, and President Jordan. The plaque commemorates a \$433,000 gift to Great Valley's endowment from the Charles H. Marshall estate.

James V. Neel

Focus on the arts

The arts on Channel 3

Great Performances opens its 17th season with a dazzling new production of Jerome Kern and Oscar Hammerstein 2nd's "Show Boat" at 9 p.m. Friday, Oct. 22 on WPSX-TV. With the assistance of William Hammerstein, son of the late lyricist and "Show Boat" co-creator, the telecast is a faithful remounting of the classic musical, taped at New Jersey's Paper Mill Playhouse, long a leader in preserving America's musical theater heritage.

Art of the Western World continues at 2 p.m. Saturday, Oct. 28, with Michael Wood and Kathleen Weil-Garris Brandt focusing on the works of three "High Renaissance" geniuses: Leonardo da Vinci's "Last Supper" and its current restoration; Michaelangelo's Sistine Chapel ceiling and colossal sculpture "David"; and Tintoretto's monumental "Last Supper."

The Karajan Legend, a one-hour documentary airing at 12:30 p.m. Sunday, Oct. 29, examines the colorful career of conductor Herbert von Karajan, a man of indomitable will and undisputed genius whose name came to be synonymous with the Berlin Philharmonic.

Thespians production

The Penn State Thespians will present the musical "Hair" tonight through Oct. 29 in Schwab Auditorium at University Park.

A non-profit musical, "Hair" presents an attitude, a climate, an abundance of incidents, but no straight storyline.

It ran for over four years on Broadway, between April 1968 to July 1972, and for more than five years in London. The songs have become well known to various generations with such hits as "Aquarius," "Good Morning Sunshine," "Let The Sunshine In," and the title song, "Hair."

Curtain time is 8 p.m. for all performances, except for Sunday, Oct. 29, which is 2 p.m. Tickets are \$6.00, with a \$5.00 discount per ticket for groups of 15 or more for the same performance. The box office is located near the Hetzel Union Building, desk: telephone 865-9461 between 8:30 a.m. and 4:30 p.m.

Visiting artist

Mary Lucier, pioneer of multi-channel video installation, will present three public lectures about her work at University Park Oct. 30-Nov. 1.

Her talks will be at 7 p.m. Monday, Oct. 30, and Tuesday, Oct. 31, in 215 Willard Building and at 1:30 p.m. Wednesday, Nov. 1, at the Palmer Museum of Art.

The second of eight visiting artists/critics sponsored by the School of Visual Arts visiting artists seminar, she will discuss her development as a video installation artist and her relationship to other video artists. She also will show excerpts from her recent work during her talk at the museum.

Ms. Lucier's work with a video camera addresses contemporary and historical issues of painting, sculpture and photography. She explores visual perception and memory in landscape, while commenting on the conflict between nature and industrialized civilization.

Art history lecture

Cathie Kelly, of the Department of Art at the University of Nevada, will present a lecture, "Paolo Poni: Papal Architect 1756-1776" at 8 p.m. Tuesday, Oct. 31, in the HUB Assembly Room at University Park.

The lecture will conclude the fall semester's series, "The World and the Italian Architect: Native Images and Reflections Abroad," co-sponsored by the Department of Art History and the Institute for the Arts and Humanistic Studies. This year's series is dedicated to Helmut Hager, head of the Department of Art History. The lectures will resume in March 1990.

Dr. Kelly's lecture will concentrate on the later years of Poni's career in Rome as the architect for three successive popes

Mary Lucier, pioneer of multi-channel video installation, is shown with "Wilderness: Rapture and Rupture." See story this page.

between 1756 and 1776.

Dr. Kelly completed her graduate studies in art history at Penn State in 1980 with a dissertation on the Baroque architect, Ludovico Rusconi Sass, under the direction of Dr. Hager. She received a two-year Fulbright-Hays research grant for study in Rome, and has continued her research with faculty development grants and Research Council grants from the University of Nevada.

The lecture is free and open to the public and will be followed by a reception in the library of the Department of Art History, 132 Arts Building.

Oboe soloist

Barry Kroeker, assistant professor of music, will perform solo and chamber works for the oboe at 8 p.m. Wednesday, Nov. 1, in the Recital Hall of the School of Music at University Park.

The recital will open with Benjamin Britten's "6 Metamorphoses after Ovid," followed by the Arnold Bax "Quintet for Oboe and Strings." Alard Quartet members, Joanne Zagst, Donald Hopkins, Leonard Feldman and Raymond Page, will join Professor Kroeker for this piece.

After intermission, pianist Cecilia Dunoyer will assist in the performance of Robert Schumann's "Three Romances" followed by Mozart's "Adagio, K. 580a" for English horn and strings. The concert will conclude with Puccini's "Concerto on Soprano Melodies from Donizetti's Opera, La Favorita."

Percussion ensemble

The Penn State Percussion Ensemble will perform its annual fall concert at 8 p.m. Friday, Nov. 3, in the Recital Hall of the School of Music at University Park. The ensemble is directed by Dan C. Armstrong of the School of Music faculty.

The concert will open with "Portico" for percussion orchestra by Boston Symphony Orchestra percussionist Tom Gauger. Following this will be a work for solo rototoms and percussion quintet, "Encounters VI" by William Kraft, composer in residence with the Los Angeles Philharmonic. The final work for the first part will be another quintet, "Music for Pieces of Wood" by minimalist composer Steve Reich.

The second half of the concert will open with an arrangement of Liszt's "Faust Waltz" by John Rack, doctoral student, "Woodwork" for mallet quartet by Jan Bach, featuring a wide variety of wooden instruments such as marimba, xylophone, log drums and bamboo wind chimes, will follow.

The concert finale will be "Ionisation," the historically important early work for percussion ensemble by Edgard Varese.

Odyssey on WPSX

If Machado de Assis's master tale, *Dom Casuarina*, only means what it says and nothing more, comments Eric Fitz on the next "Odyssey Through Literature" broadcast, "It's a bland; bland little story."

But *Dom Casuarina* is not really about the possible adultery that it describes; it is about the treachery of language. "If Machado were here," says Dr. Fitz, professor of Portuguese and comparative literature, "I think he would say that language is always treacherous -- but we have no recourse."

Machado's novel, says host Leonard Rubinstein, presents a moral lesson. It forces each reader to find "the strength and the humility to make a decision on the basis of insufficient evidence." A reader may not accept the narrator's interpretation of what happened, but, says Mr. Rubinstein, "I can't completely accept other interpretations."

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Chamber singers

The Penn State Chambers Singers will present a concert at 12:10 p.m. Thursday, Nov. 2, in Eisenhower Chapel at University Park. The concert, part of the Bach's Lunch Concert series, sponsored by the School of Music and the University Lutheran Parish, will feature works from "A Choral Travelogue."

The Chamber Singers consists of 20 singers selected from the Concert Choir and are directed by Douglas Miller.

URTC production

The Penn State University Resident Theatre Company (URTC) will present its second play of the 1989-90 season, "On the Verge," at 8 p.m. Nov. 3 in the Pavilion Theatre at University Park. Additional performances are scheduled for Nov. 4 and Nov. 6-11 with 2 p.m. matinees on Nov. 4 and 11.

"On the Verge," written by Eric Overmyer, is a comedy about three Victorian women explorers, who set out on a mythical safari that travels through time.

"On the Verge" is directed by Bob Leonard, a veteran director for URTC and PACS, who directed "Little Shop of Horrors" for PACS last summer. The cast of four consists of three MFA acting candidates and Peg French, a Theatre Department faculty member.

The production crew includes set designer, Charles Wittreich, a BFA candidate in technical theatre; costume designer, Montez-Hendrix King, resident designer for URTC; lighting designer, Terry Gipson, a second year MFA candidate in scene design; sound designer, Jackie Bauer,

a graduating BFA candidate in technical theatre. Kevin Fry is dramaturg for the production.

Homecoming concert

The Penn State Glee Club will present the first concert of its 101st season at 7:30 p.m. Saturday, Nov. 4, in Schwab Auditorium at University Park. Glee Club alumni will join this year's group for several selections.

The program will include sacred works by Hassler, Pablo Casals, and Ralph Vaughan Williams. British and American sea shanties, Spanish drinking songs, and a selection of Afro-American spirituals.

Alumni and the Glee Club will combine to perform "Down in the Valley," "Ride the Chariot," "Brothers Sing On" and Penn State Football Songs. The Hi-Lo's, a 14-man specialty group, and the Varsity Quartet, a barbershop ensemble, also will be featured in the concert.

The 65-voice men's chorus, directed by Bruce Trinkle, associate professor of music, was founded in December of 1888 and has been one of the most active Glee Clubs in the country.

WPSX project

In 1992, Pennsylvania will observe the 500th anniversary of the first voyage by Columbus to the new world. As part of that celebration, WPSX-TV is working on a project that is aimed at highlighting the diverse ethnic ancestry of the state from a historical perspective.

The Spirit of Pennsylvania (w.t.), a joint project of WPSX-TV and the Pennsylvania Historical and Museum Commission, will use television vignettes to explore the history, values, and contributions of the many ethnic groups in the Commonwealth, and will show how these disparate groups have contributed to the development of the state.

Current plans for *The Spirit of Pennsylvania* include the production of 21 five-minute video vignettes to be offered for use by all public television stations in Pennsylvania. The series also will be offered for use in schools. Community organizations such as libraries, ethnic societies, and churches also will be afforded the chance to use the productions for presentations, festivals, and other programs.

The project is funded in part by a grant from the Pennsylvania Historical and Museum Commission.

Bookshelf

Dennis J. Phillips, head librarian at Penn State Allentown Campus, is the author of *Teaching, Coaching, and Learning Tennis: An Annotated Bibliography*, published by Scarecrow Press Inc.

The publication celebrates the 20th anniversary of open tennis (1968-1988), marks the re-emergence of lawn tennis as an Olympic sport, and seeks to foster continued growth in the game in the United States.

The comprehensive work is of value to researchers, teaching professionals, coaches, players, and fans. The book contains 510 listings: published books, master's and doctoral theses, pamphlets, and unpublished studies produced in the United States between 1968 and 1989. Some foreign imprints also are included.

The author has included a detailed subject index in the book to permit the quick location of specific information on scientific, technical, physiological, psychological, and health aspects of the sport.

In addition to his library position, Mr. Phillips is a tennis instructor at the Penn State Allentown Campus. He also coaches the varsity tennis team at Cedar Crest College.

He holds a BA from Rider College and an MLS from SUNY-Albany.

University Park Calendar

October 26— November 5 Special Events

Thursday, October 26

Bach's Lunch, 12:10-12:30 p.m. Eisenhower Chapel. The Singing Lions.
Social History Collection, 3:45 p.m. Rare Books Reading Room. Pattee Library. Stephen Hardy. Univ. of New Hampshire.
East Asian Studies lecture, 7:30 p.m. 222 Boucke. Ambassador Natale H. Bellocchi, international affairs adviser, on "U.S. Policy Toward Taiwan."
Talk, 8 p.m. Palmer Museum of Art. Robert Rosenblum, N.Y. Univ., on "Art and Thomas Jefferson's Paris 1784-1789."

Friday, October 27

Geog. Coffee Hour, 4 p.m. 319 Walker. Cole Harris, geography, British Columbia, on "Canada Within North America."
Shaver's Creek, 7:10 p.m., Halloween Trail. Also Oct. 28. Oct. 29, 9 p.m. Call 863-2000.
School of Music, 8 p.m., Recital Hall. Penn State Philharmonic.

Sunday, October 29

Carnegie Hall Film Series, 7 p.m., 4 Carnegie Superstar: *The Karate Karate Story: Cane Totsi. An Unlabeled Hero*, 8:45 p.m., Youmbe (1981)

Monday, October 30

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Erella Brown on "The Fictive and Real Limits of Translation between Hebrew and English. The Case of Itzhak Ben-Ner's *Makalah Bann*. Literary Journalism Lecture, 8 p.m., 108 Forum. Don Fry, Poynter Institute for Media Studies, on "Media Journalism."

Tuesday, October 31

Art History Lecture Series, 8 p.m., HUB Assembly Room. Cathie C. Kelly, Univ. of Nevada/Las Vegas, on "Paolo Piss, Papal Architect, 1756-1776."

Wednesday, November 1

Religious Affairs, Ethics in Health Care videotape, 7:30 p.m., Eisenhower Chapel Memorial Lounge. Does the Doctor Know Best?

School of Music, 8 p.m., Recital Hall. Barry Kneeler, oboe.

URTC, *On the Verge*, by Eric Overmyer, 8 p.m., Pavilion Theatre. student preview, also Nov. 2 through Nov. 11.

Thursday, November 2

Women of Color Luncheon, noon-1 p.m., Nittany Lion Inn. Men and Women of Color. School of Music, Bach's Lunch Concert, 12:10-12:30 p.m., Eisenhower Chapel.

Friday, November 3

Group discussion, 10 a.m., Zoller Gallery. James Drake, artist, El Paso, Texas, on "Careers in the Visual Arts."
Homecoming parade, 5:15 p.m. starting on Bigler Road.
URTC, or *The Geography of Yearning*, through Nov. 11, Pavilion Theatre.
Geog. Coffee Hour, 4 p.m., 319 Walker. Sanford

Kristina Lyons, Leslie Brott, Peg French and Craig-Stephen Wallace are shown in a scene from the University Resident Theatre Company production 'On the Verge' opening at 8 p.m. Nov. 3 in the Pavilion Theatre.

Thatcher on "Scholarly Publishing at the Penn State University Press."

Japan Lecture Series, 7:30 p.m., 101 Kern. Masamichi Hanabusa, consul gen. of Japan in New York, on "Japan's New Role in the International Community."

School of Music, 8 p.m., Recital Hall. Penn State Percussion Ensemble.

Saturday, November 4

Shaver's Creek, 7:30-9:30 p.m., Members Only Owl Prowl. Call 863-2000.

School of Music, homecoming concert, 7:30 p.m., Schwab Aud. Penn State Glee Club.

Sunday, November 5

Shaver's Creek, 7:30-9:30 p.m., Hazardous Household Waste. Call 863-2000.
Carnegie Hall Film Series, 7 p.m., *Medea of the Atreides. Surprised Raging. Virtual Future. Remake. Report*, 9 p.m., High and Low (1962), 4 Carnegie, Free.

Public Radio

WPSU-FM 91.1 "All Things Considered," Monday-Friday, 5:30-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Odyssey Through Literature," 12:30 p.m., Wednesdays, with S. Leonard Robinson, "Creative License," 12:30 p.m., Thursdays, with Asia Berlin and Pam Sautier.

Conferences

Continuing Education Keller Building

Oct. 30-Nov. 1, Industrial Hydraulics. Donna Ricketts, coordinator.
Oct. 30-Nov. 3, Limberg Delegation: U.S. Health Services. Marshall Albert, professor of health planning and administration, chair.
Oct. 31 and Nov. 2, Pennsylvania Bar Institutes. Jenn Milson, in charge.

Nov. 2, Freshman Seminar. M. Lee Upcraft, assistant vice president of counseling services, chair.

Nov. 2-3, Personnel Law for Public Employees. Jack H. Williams, assistant professor of administration of justice, chair.

Nov. 2-3, Appalachian Contact Users of Radioactive isotopes. John Vincent, program specialist, chair.

Seminars

Thursday, October 26

Physics Colloquium, 3:40 p.m., SS Osmond Lab. Ugo Fano, Univ. of Chicago, on "The Process of Fragmentation."

Friday, October 27

Aerospace Engineering, 3-4 p.m., 208 Hammond. Robert J. MacKinnon, Idaho National Engineering Lab, on "A Higher-Order Finite Difference Method For Convection Dominated Flows."

Ag Econ, 3:30 p.m., 212 Eisenhower Chapel. Daniel Pick, USDA, on "The Competitive Structure of U.S. Agricultural Exports."

Agronomy, 3:35-4:25 p.m., 111 Tyson. Dorothy Blair on "Global Food Strategies."

Monday, October 30

Entomology, 3:45 p.m., 204 Patterson. Doug Caver, Vanderbilt Univ., on "Developmental/Evolutionary Biology."

Physics/Eff, 4 p.m., 339 Davey Lab. Tom Dombek, Superconducting Super Collider SSC, on "SSC Physics."

Tuesday, October 31

Gerontology Colloquia, noon-1 p.m., 101 Health and Human Dev. Ed. Susan M. Puhl on "Analysis of Body Composition in Older Adults."

Physics Camp, 4 p.m., 339 Davey Lab. J. Annett on "High Temperature Superconductivity. What is the Pairing State?"

Biology, 4 p.m., 8 Mueller Lab. Eldridge Bermingham, Cornell Univ.

Center for Particle Science and Engineering, 4

For information about Penn State arts and calendar events and the weather, call 863-1234 and follow the directions given in the recorded message.

p.m. 112 Kern. Chikara Hayashi. UVAAC Corp. Japan on "Ultimate Parties."

Wednesday, November 1

Econometrics Workshop. Time Series Analysis, 3:45 p.m. 420 Kern. Ken McLaughlin.

Rochester Economics on "Rigid Wages?" Accounting and XPS Research Colloquium, 3:40-3:55 p.m. 333 Beam. Rick Andle. Yale Univ.

on "Contracting frictions: Regulation and the Structure of CPA Firms."

Thursday, November 2

Physics Colloquium, 3:40 p.m. SS Osmond Lab. Alan Goldman, Univ. of Minnesota, on "Artificial Structures as Models of Real Materials."

Ecology, 4 p.m. 111 Worik Lab. Richard Rasch. Frothingburg State Univ. on "Conservation and Morphological Evolution in Atlantic Slope Populations of *Eubania hiemalis*."

Friday, November 3

Agronomy, 3:35-4:25 p.m. 111 Tyson. Prakash B. Malla on "Polluted Crops."

Exhibits

Chambers Gallery

Art Student League Juried Exhibition, through Dec. 1.

HUB Galleries

Art Alley Cases. Items from the Pattee Agricultural Museum, through Nov. 3.

Personal artifacts from the Vietnam War, through Nov. 3.

Art Alley Panels

Kathleen Fox. Ragusa. Eclectic, through Nov. 3.

Browsing Gallery

MicroScapes: The Hidden Art of High Technology, through Nov. 8.

Formal Gallery

Vietnam Veterans Memorial: A National Experience, through Oct. 24.

Kern Galleries

College of Health and Human Development Research Exhibition, through Nov. 30.

Kevin Slick, watercolors, through Oct. 28. Artifacts from the Pattee Agricultural Museum, through Oct. 28.

Penn State Creamery (the early days), through Oct. 28.

Artifacts from the Armies Calorimeter Exhibit, through Oct. 28.

The French Revolution Machine, through Feb. 28.

Palmer Museum of Art

Turn-of-the-Century European Posters from the Museum's Collection, through Nov. 5.

Ceramics from Penn State Collections, through Nov. 19.

Pattee Library

East Corridor Gallery. Joanne Rath. Simplification of Form, through Nov. 17.

Lending Services

Bill Hosterman. wildlife paintings, through Nov. 27.

Rare Books Room

The World and the Italian Architect, through Oct. 27.

Zoller Gallery

Clay in the East, through Nov. 11. James Drake, *The Borderline Frontier*, Nov. 5-Jan. 21.

University included in best business schools guide

Penn State and three other Pennsylvania institutions have been selected for inclusion in *Business Week's Guide to the Best Business Schools*, which names the top 40 MBA (Master of Business Administration) programs in the country.

"We're delighted with this recognition, for creating a nationally eminent business school is working," J.D. Hammond, dean of the College of Business Administration, said.

Two Pennsylvania schools ranked among the publication's list of top 20 institutions were the University of Pennsylvania's Wharton School (fourth) and Carnegie Mellon University's Graduate School of Industrial Administration (13th).

Penn State was included in a tier of business schools which *Business Week* called the "hidden 20" — a group of "other

excellent institutions that grant the MBA." Among the hidden 20 schools were the University of Illinois at Urbana-Champaign, the University of Washington, the University of Texas at Austin, the University of Wisconsin-Madison and the University of Southern California. One other Pennsylvania institution, the University of Pittsburgh, also was picked for the hidden 20.

"Within the 'hidden 20,' Penn State performed well in two important competitive categories," Dr. Hammond said. "In the percentage of graduates who had accepted job offers by graduation, we tied for second place with 87 percent — a figure that actually rivaled or exceeded that of half of the Top 20."

"In starting pay," he added, "the average starting salary of \$36,000 ranked us sixth among the 'hidden 20.'"

Penn State's MBA program, which enrolls 320 students in its first-year and second-year classes, was cited by *Business Week* for being both intimate and intense.

"All BSchools claim to take a personal interest in their MBA students, but at Penn State it's not a hollow promise," said the publication. "The small size of the program — no more than 160 in each graduating class — allows administration and faculty members to get to know students well."

"Penn State's MBA program requires total immersion. MBA students are accepted only in the fall and must spend two academic years in the program. The school does not accept part-time students and there are no commuters," according to the *Business Week* book, which goes on to note that the high job placement rate at Penn State helps students for their hard work.

A special feature of the Penn State MBA program singled out in the *Business Week* report was its pioneering communications course.

"What sets the program apart is its emphasis on communications," *Business Week* said. "Penn State became one of the first schools to make communications a required component of the MBA program...so effective is the program that GTE Corporation has been known to ask the Penn State MBAs if it hires to teach presentation skills to other employees."

Obituary

Jan H. Kresge, nurse, health services coordinator at Penn State Harrisburg since Jan. 1, 1971, died Oct. 12. She was 61.

Three graduates scheduled to visit as Alumni Fellows

Robert E. Eberly, chairman of the board, Gallatin National Bank, Uniontown, Pa., and Frank W. Luerssen, chairman of the board and chief executive officer, Inland Steel Industries Inc., Chicago, will be honored as Alumni Fellows and visit the College of Science Nov. 1-4, and Maurice (Mike) Grossman, chairman and chief executive officer, Grossman's Inc., Braintree, Mass., will be honored as an Alumni Fellow and visit the College of the Liberal Arts Nov. 1-5.

In addition to his post at the Gallatin National Bank, Mr. Eberly is chairman of the board of Eberly & Meade Inc., Oklahoma City, Okla., and Chalk, Hill Gas Co. and GreyStone Resources Inc., both in Uniontown, and a member of the board of Integra Financial Corp., Pittsburgh.

He also is treasurer and member of the Executive Committee of The Campaign for Penn State, president of The Eberly Foundation and general manager of The Eberly Family Charitable Trust, which established a professional chair in every department of the College of Science in 1987 with a \$10 million gift. The gift also provided a \$1 million endowment for the University's biotechnology programs and a \$1 million science endowment for the Penn State Fayette Campus.

A 1939 chemistry graduate, Mr. Eberly was honored with the University's Distinguished Alumni Award in 1972. He received the Greater Uniontown Chamber of Commerce Man of the Year Award in 1988, the Rockwell Recognition Award in

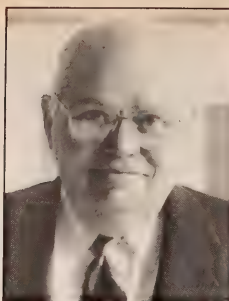

Robert E. Eberly

1970 and the Jerusalem City of Peace Award in 1985.

Mr. Luerssen became a director of the Continental Illinois Corp. and its subsidiary, Continental Illinois National Bank and Trust Co. of Chicago, in 1980. In 1988, he was elected a director of Morton Thiokol Inc.

He earned a bachelor's degree in physics at the University in 1950, a master's degree in metallurgical engineering at Lehigh University in 1951 and joined Inland Steel in 1952, where his research activities led to five patents and numerous published papers and lectures on steel-related subjects.

A member of the American Institute of Mining, Metallurgical and Petroleum

Frank W. Luerssen

Engineers, Mr. Luerssen has served on a number of AIME committees and in 1984 delivered AIME's Howe Memorial Lecture. In 1985, he received the AIME Benjamin Fairless Award. He was elected to the National Academy of Engineering in 1977, was named a Distinguished Alumnus of Penn State in 1984, was elected a Fellow of the American Society for Metal in 1985 and a distinguished Life Member in 1985 and was designated a Distinguished Member of the Iron and Steel Society of AIME.

Recipient of the 1987 Home Center Hall of Fame, Mr. Grossman received his bachelor's degree from the University in

Maurice Grossman

1943, spent three years in the U.S. Army Air Corps and returned for a master's degree in business administration from Boston University. In 1955-56, he served two terms as the youngest president ever elected by the National Supply Association.

From 1971-84, he was president of the Evans Products Co. Retail Group, which operated the Grossman's and Moore's home center chains. In 1986, he was appointed chairman and chief executive officer of Grossman's Inc.

A trustee of Combined Jewish Philanthropies of Boston, Mr. Grossman has been involved in many other civic and charitable activities.

News in Brief

Lecture on Taiwan

Ambassador Natale H. Bellocchi will present a public lecture on "U.S. Policy Toward Taiwan" at 7:30 p.m. tonight in Room 222 Boucke (International Lounge) at University Park. He also will talk about careers in the U.S. Foreign Service. His lecture is sponsored by the Center for East Asian Studies and the East Asian Study Society.

Ambassador Bellocchi, international affairs adviser at the Industrial College of the Armed Forces, National Defense University, entered the Foreign Service in 1955. He has served in a variety of posts in Hong Kong, Vientiane (Laos), Tokyo, Saigon, Taipei and New Delhi. From 1985-88, he was ambassador to the Republic of Botswana.

TV show

Lamarine F. Hood, dean, College of Agriculture, will be the guest on Rep. John Murtha's weekly report from Washington, D.C., which airs at 1 p.m. Saturday, Oct. 28, on WJAC-TV, Channel 6, Johnstown.

Dr. Hood will discuss initiatives in Pennsylvania agriculture and provide an overview of Japanese research at the University.

Japan-U.S. grant/lecture series

The Japan-United States Friendship Commission has awarded the Center for East Asian Studies a grant to support a two-year series of lectures by visiting experts on Japan.

The \$10,243 grant is the first to the University from the independent Washington, D.C.-based federal agency established by Congress in 1975 to promote Japanese studies and U.S.-Japan cooperation.

Matsumichi Hanabusa, consul general of Japan in New York, is the first speaker in the lecture series. He will discuss "Japan's New Role in the International Community" at 7:30 p.m. Friday, Nov. 3, in 101 Kern at University Park.

The Center for East Asian Studies was

established in the College of the Liberal Arts in January 1989 with Patrick H. Chang, professor of political science, as director.

Basic movement skills

The College of Health and Human Development will offer a free program in basic movement skills and games for children ages 5 through 8, each Tuesday until Nov. 21.

The program will be held in Room 126 White Building at University Park from 4 to 5 p.m.

Graduate Lecture Series

Eric Barron, professor of geosciences and director of the Earth System Science Center, will discuss water and global change in the context of climate at 4 p.m. Wednesday, Nov. 8, in Room 112 Kern Building at University Park.

His lecture, which is the third in the Fall 1989 Graduate Lecture Series, will bear on the greenhouse effect and how climatologists model ancient ages to help predict future ones.

Nominations deadline

Nominations for the Penn State Teaching Fellow Award are due in 105 Old Main by Nov. 15. Nominating forms for the Teaching Fellow Award are available from the Alumni Association, 105 Old Main.

The Teaching Fellow Award, established jointly by the Alumni Association, Undergraduate Student Government and the Graduate Student Association, honors distinguished teaching while providing encouragement and incentive for teaching excellence at Penn State. One or more awards will be given.

National supercomputer center

The Consortium for Scientific Computing has been informed by the National Science Foundation that NSF will not renew its funding for the John von Neumann National Supercomputer Center beyond September 1990 at the end of the current five-year grant period.

The NSF indicated that the reason for non-renewal was the collapse of ETA Systems, the Center's supercomputer vendor, in April 1989.

Penn State is a member of the Consortium for Scientific Computing. Other members are the University of Arizona, Brown University, University of Colorado, Columbia University, Harvard University, Institute for Advanced Study, Massachusetts Institute of Technology, New York University, University of Pennsylvania, Princeton University, University of Rochester, and Rutgers University-The State University of New Jersey.

Product warning

Environmental Health and Safety in University Safety has received a product warning from Corning Pyrex concerning high pressure, red line and green line tubular glass glasses, sold between April 1, 1987, and April 1, 1989. These glass glasses may contain stresses and/or cracks which could result in breakage.

Inventories of these glass glasses may be returned to your distributor or supplier for free replacements until Dec. 31. Any further questions should be forwarded to the Eugene Ernst Products Co., South Main Street, P.O. Box 427, Farmingdale, N.J. 07727-0427. Telephone (201) 938-5641.

Carroll C. Arnold Lecture

George A. Kennedy, Paddison professor of classics at the University of North Carolina, will present the annual Carroll C. Arnold Lecture at 4:30 p.m. Tuesday, Nov. 7, in Room 111 Chambers Building at University Park. His talk, "New Perspectives on Aristotle's Rhetoric," is open to the public.

The lecture is sponsored by the Speech Communication Department, the Institute for the Arts and Humanistic Studies, the departments of Philosophy, History and Classics, the associate dean for undergraduate studies in the College of the Liberal Arts and the associate dean for Research and Graduate School.

Internationally recognized as an authority on ancient rhetoric, Dr. Kennedy has been a Guggenheim Fellow, Fulbright Fellow and an American Academy of Liberal Arts and Sciences Fellow.

Request for proposals

The Equal Opportunity Planning Committee is requesting proposals for academic year 1990-91.

EOPC, which recommends and oversees allocation of special institutional funding for new and continuing equal opportunity programs and activities, encourages all members of the University community to submit proposals.

Funding categories include: undergraduate recruitment and retention, graduate recruitment and retention, medical education, summer programs, faculty and staff development, President's Opportunity Fund, Women's Recruitment Fund, cooperative programs with other institutions, women's equity and cultural diversity programs.

The deadline for submission of proposals is Nov. 6 for summer programs and Dec. 4 for all other proposals. To obtain a copy of the request for proposal guidelines, contact M. Lynn Ryan, 405 Old Main, 863-0405.

Public lecture

The Department of Spanish, Italian and Portuguese will present a public lecture by Ribor Wlassics, William R. Kenan professor of Italian at the University of Virginia, at 8 p.m. Thursday, Nov. 7. He will discuss "Dante the Mythmaker: Twice-told Tales in the Comedy."

Dr. Wlassics, a specialist in Dante and Galileo, has been the recipient of a Guggenheim Fellowship, a grant from the National Endowment for the Humanities, and two literary awards for his research.

Partings

Mary C. Coleman, professor of experimental foods in the College of Health and Human Development, has retired with emerita rank after 20 years service.

Dr. Coleman joined the Nutrition Department faculty as associate professor of experimental foods in 1968 and was promoted to professor in 1974.

She says the most enjoyable part of her job has been the "wonderful people, both students and faculty. I've met and grown to appreciate and value."

In addition to teaching, she has acted as advisor to medical dietetics students applying for internships, traineeships and graduate school appointments. Overall, she considered it "a privilege to work with students" and enjoys seeing them take what they have learned and apply it in new ways—particularly as there are frequently new recommendations for change in the U.S. diet.

A member of the American Dietetic Association since 1953, she has served as chairman of its Dietetic Internship Board and has been active in the Institute of Food Technologists since 1960.

A native of Buffalo, N.Y., she holds a B.S. in nutrition from Michigan State University, an M.S. in nutrition from the University of Iowa's College of Medicine, and a Ph.D. in food science and higher education from Michigan State University.

In retirement, she plans to travel and do some golfing. She has been asked by a

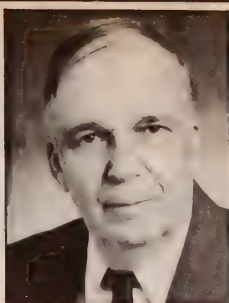

Mary C. Coleman

publisher to propose a book that will encompass much of the research she has done on the cultural aspects of foods, and she is planning books or monographs on Native American and Amish food traditions.

Cyril B. Smith, professor of plant nutrition, has retired with emeritus status after 42 years.

Dr. Smith is internationally known for his research on the nutrition of vegetables

Cyril B. Smith

and fruits, including tomatoes, snap beans, sweet corn, apples and grapes. He has been in charge of the University's Plant Analysis Laboratory since 1947. Through continuing improvements in spectrometric and computer equipment he has seen it grow from a small research laboratory into a high-volume facility analyzing samples from many sources.

A native of Winnipeg, Canada, Dr. Smith earned his bachelor's and master's degrees in horticulture from the University

of Manitoba. He came to Penn State as a graduate assistant in 1946 and became an instructor in 1947. In 1950, after receiving his Ph.D. in plant nutrition, he became an assistant professor and was promoted to associate professor in 1956 and to professor in 1965.

Dr. Smith is a member of the American Society for Horticultural Science, the American Society of Plant Physiologists, the American Chemical Society, the Society for Applied Spectroscopy and the Council on Soil Testing and Plant Analysis. He was honored earlier this year by being named "Man of the Year" by the Pennsylvania Plant Food Educational Society. Penn State flower gardens also were dedicated to him.

Dr. Smith, who currently is completing summer research on tomatoes, plans to devote more time to his hobbies, including woodworking and photography, as well as various horticultural activities. He and his wife, Marion, will continue to live in Boalsburg.

Gordon Rawlin, special assistant to executive director, Computer and Information Systems, from Oct. 1, 1980, until Aug. 1.

Larry Gingrich, director of continuing education at Behrend, from Oct. 14, 1974 until Sept. 1.

Betty J. Tyson, group leader, snack bar worker, Housing and Food Services, from Jan. 5, 1970, until Sept. 30.

Penn Staters

Joseph G. Biscontin, director of university relations and development for the Philadelphia area, has been elected president of the College and University Public Relations Association of Pennsylvania (CUPRAP).

Glenn Fiebigach, professor of sociology and senior scientist at the Population Issues Research Center, has received a grant of \$79,413 from the National Science Foundation to support the research project "Cohort Replacement and Social Change: A Systematic Analysis of Recent Trends in the U.S."

James Garthe instructor in agricultural engineering, received the regional Young Engineer of the Year Award, from the American Society of Agricultural Engineers for his design work with the military, industry and Penn State Cooperative Extension. He also was cited for his promotion of educational activities through the extension service.

Robert Graves, professor of agricultural

engineering; **Harvey B. Manbeck**, professor of agricultural engineering, and engineering graduate student Patrick O. Richie received a blue ribbon award for their extension circular on "Constructing Cage Layer Houses for Cleaning Ease," and Dr. Graves received a blue ribbon award as co-author of "Planning Dairy Stall Barns," from the American Society of Agricultural Engineers.

John J. Henry, director, Pennsylvania Transportation Institute, chaired a technical session on motor transplant and traffic engineering and served as a member of the academic committee for the Transpo '89 conference in Beijing, China, and **James C. Wambold**, director, PIT's Vehicle Interaction and Safety Program, presented a paper co-authored with Dr. Henry. They also delivered lectures and workshops at Changsha and Nanning as guests of the Chinese Ministry of Communications; at King Monkul's Institute of Technology in Bangkok, Thailand, and at Muroran

Institute of Technology in Hokkaido, Japan.

Dennis P. Hogan, professor of sociology and director of the Population Issues Research Center in the Institute for Policy Research and Evaluation, has received a grant of \$75,234 from the National Science Foundation to support the research project "Analysis of Community Variations in Women's Status and Fertility."

Iam-Choon Khoo, professor of electrical engineering, presented an invited plenary talk at the 1989 Italian Congress on Liquid Crystals in Cetarato, Italy. He also gave a series of invited seminar lectures on Nonlinear Optics at the University of Calabria in Cosenza, Italy.

Kenneth K. Kuo, distinguished alumni professor of mechanical engineering, organized and chaired the first International Symposium on Special Topics in Chemical Propulsion: Base Bleed, in Athens, Greece.

Robert Lima, professor of Spanish and comparative literature and Fellow of the Institute for the Arts and Humanities Studies, presented a paper on "Elements of Greek Tragedy in the Early Plays of Jose Triana" at the seventh Mediterranean Studies Conference in Athens, Greece.

Thomas F. Magner, professor emeritus of Slavic languages, has been designated Educator of the Year by The Pennsylvania State Modern Language Association.

Martin W. Trethewey, associate professor of mechanical engineering, and **Mark Patton**, visiting assistant professor of mechanical engineering, were recognized by the Society for Experimental Mechanics. Their paper on *A Survey and Assessment of Nonlinear Modal-Testing Techniques for Ultralightweight Structures* was named the outstanding paper in *The International Journal of Analytical and Experimental Modal Analysis* during 1987.

Faculty/Staff Alerts

Courses for Employees

The Human Resource Development Center has openings in the following courses being offered in November. Call the Center at 865-3410 for registration information.

Working in a Man's World To help women function more effectively with male supervisors and colleagues, meets Wednesday, Nov. 1, from 9 a.m. to 4 p.m.; cost: \$55.

Basic English Grammar and Mechanics A refresher course that focuses extensively on such basic principles of grammar and mechanics as correct punctuation, spelling, and agreement; meets for six Thursdays beginning Nov. 2 through Dec. 14 (no class on Thanksgiving Day, Nov. 23) from 1:30 to 4 p.m. in Room 69, Willard Bldg.; cost: \$75.

Penn State Policies and Procedures A discussion of University policies and

procedures. How they are developed and modified; who is responsible; meets Thursday, Nov. 2, from 1:15 to 4:30 p.m.; cost: none.

Managing Cultural Diversities Practice decision-making related to cultural diversity, and challenge and develop your managerial skills; meets Wednesday, Nov. 8, from 9 a.m. to 4 p.m.; cost: none.

Employment Interviews How to conduct an employment interview. Meets Wednesday, Nov. 15, from 9 to 11 a.m.; cost: none.

Burnout Will explore possible alternatives and solutions; meets Wednesday, Nov. 15, from 1:15 to 4:30 p.m.; cost: \$35.

Defensive Driving The National Safety Council's Defensive Driving Course is designed to help you save your time, money, and life; meets Thursday, Nov. 16,

from 9 a.m. to noon; cost: \$35.

Intergroup Relations II Includes practical skills to improve interactions with culturally diverse individuals, including staff new to your work area. Prerequisite: Intergroup Relations I; meets Wednesday, Nov. 22, from 9 a.m. to 4 p.m.; cost: none.

Telephone Techniques This personal telephone voice and etiquette program has been prepared to help you turn your office telephone into one of your most effective business tools; meets Tuesday, Nov. 28, from 8:30 to 11:45 a.m.; cost: none.

Supervision in the Office Learn skills essential to being an effective supervisor; meets Wednesday, Nov. 29, from 9 a.m. to 4 p.m.; cost: \$55.

Healthpass growth

As of Sept. 30, 8,048 faculty and staff members were enrolled in Healthpass, the

University's preferred provider for healthcare coverage. This represents an increase of 1,112 since last year.

Healthpass was introduced Nov. 1, 1986, and made available to faculty and staff at University Park, Penn State Harrisburg, The Milton S. Eisenhower Medical Center and, on Nov. 1, 1988, to the Altoona Campus. Efforts continue to expand the network to other locations.

Individuals who are not members of Healthpass, but would like to become members, are reminded that they may make the change as of Jan. 1, 1990. Also, full-time employees who are members of Healthpass and wish to change to the conventional coverage, Plan A, may do so on the same date. Anyone desiring to make a change must notify the Employee Benefits Division in writing prior to Dec. 31.

Bookshelf

Gideon S. Golany, research professor of urban design planning, is the author of *Urban Underground Space Design in China: Vernacular and Modern Practice*, published by the University of Delaware Press.

The first of its kind in the English language, *Urban Underground Space Design in China* traces the historical background of subterranean spaces used for food storage and burial tombs to the developments of today, including underground shopping centers, factories, classrooms and hospitals. Dr. Golany is an internationally known authority on the design of earth-sheltered habitats, urban planning in arid zones and new-town planning and development. He received his B.A., M.A., and Ph.D. from the Hebrew University in Jerusalem. He also received a master of science degree from the Technion-Israel Institute of Technology and a Dipl. C.P. from the Institute of Social Studies, The Hague.

A recipient of Penn State's Faculty Scholar Medal for Outstanding Achievement in the Social and Behavioral Sciences and the Faculty Research/Creative Development Award, Dr. Golany has been named an honorary professor by four Chinese academic institutions, including the China Academy of Sciences.

Penn State People

Bryan Packer

Bryan Packer uses a leaf blower to clear the lawn around Old Main. Bryan, of Centre Hall, has been a University employee for more than two years. A member of the Pollock Landscape Shop crew, he is responsible for grass cutting and landscape work around Old Main. Photo: Scott Johnson.

Obituary

Agnes E. Markle, food preparer, Housing and Food Services, from March 1, 1955, until her retirement April 1, 1979, died Oct. 11 at the age of 78.

Staff Vacancies

The following vacancies for positions classified as staff except for staff advancement have been listed with the University's Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Nov. 2, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with fair employment practices (EEO) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status as a disabled or Vietnam era veteran.

• **Technology Education Specialist, College of Engineering, Department of Nuclear Engineering, University Park Campus** - Responsible to the coordinator of special projects for developing, coordinating and presenting energy and energy related program throughout Pennsylvania for high schools, civic and service organizations, professional groups, and other members of the public. Requires bachelor's degree or equivalent in science or a related field with one to two years of effective experience. Some advanced knowledge in an energy related field and knowledge of educational methods desirable. EXTENSIVE TRAVEL REQUIRED. THIS IS A FIXED-TERM POSITION FUNDED FOR ONE

YEAR WITH THE PROBABILITY OF RENEWAL. STAFF GRADE 6.

• **Information Technology Associate, College of Science, University Park Campus** - Responsible to the head, Department of Mathematics for administering departmental computing facilities including a research network of Sun 3 and Sun 4 workstations, an Ardent Titan graphics supercomputer and the Math Undergraduate Computing Laboratory. Evaluate, install and maintain software and hardware, including modification of software. Requires bachelor's degree or equivalent in computer science, electrical engineering or closely related discipline, plus two years of effective experience. UNIX operating and networking experience required. STAFF GRADE 7.

• **Science Writer/Production Assistant, College of Science, Dean's Office - External Relations, University Park Campus** - Responsible to the assistant to the dean for communication for science writing and publication production duties as assigned. Requires bachelor's degree in English communication journalism a science or mathematics plus one to two years effective experience as a science journalist or public relations practitioner for a science-based employer. Experience in publication production and with computer word processing also required. Experience with page layout software is desirable. STAFF GRADE 5.

• **Marketing Specialist, Arts and Architecture, Theatre Arts, Fayette Campus** - Responsible to the

managing artistic director, Great Meadows Summer Theatre for the marketing of summer theatre productions, including media relations assistance in the development and implementation of annual marketing endeavors, implementation of related educational programs, and representing the Great Meadows Summer Theatre at local/regional civic meetings and gatherings. Requires bachelor's degree or equivalent in theatre management arts administration communications marketing or related fields plus one to two years effective experience. STAFF GRADE 5.

• **Editorial Aide, College of Medicine, The Department of Radiology, The Milton S. HERSHEY Medical Center** - Responsible to the department chairperson and the administrative assistant for assisting with the preparation, organization, editing and research of pertinent information included in technical manuscripts, bulletins, manuals and journals. Also assist with secretarial duties during periods of peak workload. Requires bachelor of science degree or equivalent, plus three to six months of effective experience. STAFF GRADE 4.

• **Grants and Contracts Officer, College of Medicine, The Department of Grants and Contracts, The Milton S. HERSHEY Medical Center** - Responsible to the director of grants and contracts for meeting the requirements of the various federal agencies with respect to the negotiation of contracts subcontracts and grants and to assist with proposals analyses, reviews and recommendations as to the acceptance of contracts and grants. Requires bachelor's degree in business administration or a

scientific field plus four to five years of effective experience in technical writing and/or dealing with contracts and proposals. STAFF GRADE 8.

• **Assistant Coordinator, Radiology Technology, University Hospital, The Department of Radiology, The Milton S. HERSHEY Medical Center** - Responsible to the coordinator, Radiology Technology Program, for assistance and coordination in the establishment and maintenance of a school of radiologic technology in accordance with applicable Joint Review Committee on Education in Radiologic Technology (JRCERT) and Medical Center standards. Requires graduate from approved radiologic program with registration and an associate degree or equivalency of two years of college plus a minimum of three to four years of effective experience, one to two years of which must have been in radiologic teaching. STAFF GRADE 6.

• **Training Specialist, Commonwealth Educational System, Continuing Education, York Campus** - Responsible to the program representative for coordinating and facilitating a variety of activities related to the implementation of the Skills Management System at the Caterpillar York facility. Conduct information, feedback and evaluation surveys. Facilitate the implementation of a standardized system to track and record all employee development and training needs, activities, and delivery sources. Requires bachelor's degree or equivalent plus one to two years of effective experience, preferably in an industrial training setting. STAFF GRADE 5.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

15 are named to presidential search and screen group

J. Lloyd Huck, president of the Board of Trustees, has announced the names of 15 people who will serve on the University Presidential Search and Screen Committee.

The committee will play a major role in the search for a successor to President Jordan, who will retire Aug. 31, 1990. The committee membership includes faculty and staff members, students and alumni of Penn State.

Thomas L. Merritt, immediate past chairman of the University Faculty Senate and professor of animal science, has been appointed chairman of the committee. Mr. Huck said. **Anne C. Petersen**, dean of the College of Health and Human Development, has been named vice chairman.

Other committee members are:

-- **George E. Andrews**, Evan Pugh professor of mathematics;

-- **Robert D. Arbuckle**, campus executive officer, Penn State New Kensington;

-- **Janet Atwood**, chairman of the University Faculty Senate and acting department head and associate professor of exercise and sport science;

-- **Cynthia Baldwin**, president of the Penn State Alumni Association;

-- **Dwight Davis**, associate professor of medicine;

-- **Peter Deines**, chairman-elect of the University Faculty Senate and professor of geochemistry;

-- **Archie J. McDonnell**, director of the

Environmental Resources Research Institute and professor of civil engineering.

-- **James C. Moeser**, chairman of the Council of Academic Deans and dean of the College of Arts and Architecture;

-- **David S. Palermo**, associate dean for research and graduate studies of the College of the Liberal Arts and professor of psychology;

-- **Robert A. Secor**, secretary of the University Faculty Senate and professor of English and American studies;

-- **Laura Karkowski-Shuman**, graduate student enrolled in the master's and doctoral program in genetics;

-- **Perry J. Sternberg**, undergraduate student majoring in animal and biological science; and

-- **James M. Wagner**, associate vice president for business and operations.

Mr. Huck is chairman of the 11-member Trustee Presidential Selection Committee that earlier this fall authorized establishment of the Search and Screen Committee.

The Search and Screen Committee, he said, will advertise the search for a new president and receive and screen applications and nominations. Ultimately, it will submit to the Selection Committee a list of top candidates. The Selection Committee will select a final candidate and submit that name to the full Board of Trustees for confirmation.

Presidential search is on schedule

The search for a successor to President Jordan is proceeding on schedule, Board of Trustees President J. Lloyd Huck said last week.

Mr. Huck commented following his meeting with the University Presidential Search and Screen Committee. The meeting was scheduled to review the procedures for the search and the responsibilities of the Search and Screen Committee as well as the Trustee Presidential Selection Committee, which Mr. Huck chairs.

"Both committees are committed to keeping the timetable established for the search," he said.

The timetable was designed by the Selection Committee. Mr. Huck noted

that the Selection Committee also has set up procedures for the search, appointed members to the Search and Screen Committee, and outlined

the qualifications that candidates for the presidency should have. The Selection Committee's next job, he said, will be to draw up guidelines for the interview process.

The Selection Committee's 11 members are all Penn State Trustees.

The Search and Screen Committee has 15 members. They include University faculty and staff members, students and alumni. Its chairman is Thomas L. Merritt, immediate past chairman of the University Faculty Senate and professor of animal science.

Mr. Huck said the Search and Screen Committee will prepare an advertisement for the position to appear in national publications.

The Search and Screen Committee Mr. Huck noted, is responsible for advertising the post, and for seeking out, screening, reviewing and evaluating all applications. He said that the committee would operate in concert with the University's affirmative action policies and procedures as a means to increase the number of women and minorities in the applicant pool. In March, that committee will submit to the Selection Committee the names of up to 10 candidates deemed to be most qualified.

The Selection Committee plans to present a final recommendation to the full Board of Trustees in July.

"I have asked the Search and Screen Committee to conduct a national search," Mr. Huck said. In his charge he told the Search and Screen Committee, "We want to look both inside and outside of the University community to be certain that we identify the best possible leadership for Penn State in selecting its next president."

Both committees are assisted by Carol Hermann, vice president for administration.

Enrollment growth reported in School of Communications

In just four years of academic life, the School of Communications has garnered the second largest journalism-mass communications enrollment in the nation.

According to a recent Ohio State University study, Penn State enrolled 2,257 undergraduate students in fall 1988 including those at University Park and at the Commonwealth Campuses. Only

Michigan State University, with 4,633 students last fall, has a larger journalism-mass communications enrollment.

Rounding out the top five, the survey found Syracuse University with the third largest enrollment; California State University at Fullerton, fourth; and Boston University, fifth.

"We have grown from 25th to second in

the nation in terms of size, have been glowingly reaccredited, and have put in place a whole range of innovations that speak to the cutting edge of curricular development," Brian Winston, dean of the School of Communications, said.

"It's enormously gratifying to see there's such a pressure of students that we actually

The Stone Valley Recreation Area, owned and operated by the University since 1960, is the home of Shaver's Creek Raptor Center, which cares for injured birds of prey, such as this golden eagle. See page 6.

Faculty Senate News

The University Faculty Senate will meet at 1:30 p.m. Tuesday, Nov. 7, in Room 112 Kern Graduate Building at University Park.

Items discussed at the Oct. 10 Senate meeting

- Forensic Session on Cultural Diversity and the Curriculum
- Summary of Student Petitions by College, Unit, Location
- The Use of Faculty Expertise in Physical Planning
- Plans for Strategic Planning
- Summary of Petitions for Waiver of the 10 Credit Limit for Nondegree Conditional Students (Student Policy 14-00)
- International Report on Awards and Scholarships
- Annual Report of President's Planning and Budget Advisory

Committee

- Grading at Hershey Medical Center
- Annual Report of Committee on Faculty Rights and Responsibilities
- Annual Report from the Joint Committee on Insurance and Benefits
- Facilities Planning Advisory Board
- Faculty Salary Comparisons -- Penn State vs. Similar Institutions

At the next meeting

- Review of the Towers Building Rental Agreement
- President's Planning and Budget Advisory Committee
- Status of Plans to Develop a Research Park
- Summary of Petitions for Academic Renewal
- Effective Dates of Senate Legislation
- Annual Report on Extended Degrees

Focus on Diversity

Focuses on minority students

Engineering committee meets

Attracting more minority students to the College of Engineering was the focus of the second meeting of the Committee on Minority Engineering Activities, according to Dan Davis, director of the Minority Engineering Program (MEP).

Fifteen leaders from industry, government and engineering education met Wednesday, Oct. 25, in the College of Engineering.

Edward B. Bryant, vice president and general manager at Libbey Owens Ford Co., Toledo, Ohio, is the newest member of the committee. The membership also includes Donald Watson, deputy director of the California Department of Transportation; Penn State alumnus Guion Bluford, NASA astronaut; and Linda Wells, college coordinator for the National Consortium for Graduate Degrees for Minorities in Engineering.

The committee addressed several issues related to minority recruitment and retention. They included creating a climate

for diversity within the college, developing faculty and student awareness and increasing interaction between minority students and faculty.

The committee is part of an overall engineering effort "to develop a coalition with alumni and friends of the College for an active commitment to increased diversity within our engineering program," Dr. Davis said.

Engineering wants to create an environment that ensures that the bright students we recruit are retained and, if they want to, are encouraged to go on to graduate work," John Brighton, dean of the College of Engineering, added. This committee helps us devise ways of achieving that goal."

Speakers at the meeting were Dr. Davis, Deborah Atwater, senior faculty member in the Center for Minority Graduate Opportunities and Faculty Development, and James B. Stewart, chairman of the Equal Opportunity Planning Commission.

Members of the College of Engineering Committee on Minority Engineering Activities include (back row, from left) George Brewster, Corning Glass Works; Robert J. DeCarli, General Electric Co.; Guion Bluford, NASA astronaut; Donald Fanner, EXXON Bayway Refinery; Leslie Wilkins, Procter and Gamble Co.; Steven Thompson, AT&T; Daniel C. Davis, MEP; Edward Maxsom, Alcoa; Donald Watson, California Department of Transportation; Richard T. Koffenberger, E.E. Du Pont de Nemours & Co.; (front row, from left) John A. Brighton, dean; Michael Shepherd, The Clorox Co.; Linda Wells, GEM; Carl Woigemuth, associate dean; and Calvin Roberts, Michigan Department of Transportation.

Diversity Opportunities Calendar

Thursday, Nov. 9

Department of Human Development and Family Studies, Contemporary Scholarship on Lesbian and Gay Lives Series, 8 p.m., HUB Assembly room. Gilbert Herdt, University of Chicago, on "Adolescent Gay and Lesbian Development: Coming Out As a Rite of Passage."

Saturday, Nov. 11

Office of Minority Faculty Development, 9:30 a.m. to 12:30 p.m., 114 K Kern. Emilia Martinez-Brawley, professor of social work, on "The Publishing Process." Reservations: call Leah Withing, 863-1663.

Sunday, Nov. 12

Project Growth, 7 p.m., HUB Fishbowl. Free showing of Spike Lee film "School Daze" Discussion of movie and movie "Do The Right Thing," with Project Growth members Dave King and Susan Hertzberg.

Monday, Nov. 13

Women's Studies, 1:30 to 3:30 p.m., 12 Sparks. Third Women's Studies Faculty Advisory Committee meeting. All interested faculty, staff and students are welcome.

Tuesday, Nov. 14

Women's Studies CES Lecture Series, 8 p.m., McKeesport Campus. Jo Searles, Penn State Altoona Campus, on "Women Making Waves: Changes in Women and Their Writings."

Wednesday, Nov. 15

Women's Studies CES Lecture Series, 1:30 p.m., New Kensington Campus. Jo Searles, Penn State Altoona Campus, on "Women Making Waves: Changes in Women and Their Writings."

Project Growth, 7 p.m., Paul Robeson Cultural Center. Monica Rodriguez on homophobia.

Thursday, Nov. 16

Center for Women Students, 8 p.m., HUB Ballroom. Angela Davis, feminist, scholar and political activist, on "Violence Against Women."

WPSX-TV program

Tony Brown's Journal, airing at 11:30 a.m.

Sunday, Nov. 5, on WPSX-TV, looks at "Black Americans and Black Immigrants."

Reports indicate that Africans, like other immigrant groups which have moved to this country, are thriving economically. However, they feel misunderstood and even shunned by African-Americans as well as white Americans. Tony Brown talks with African immigrants about the problems they face in America.

Author and lecturer William Loren Katz will speak on "Blacks and Their Involvement in the Old West and with Native Americans" at 7:30 p.m. Thursday, Nov. 9, in Schwab Auditorium.

The Campaign for Penn State

Endowment to create Benzak professorship in finance

Penn State studies in finance got a major boost through an endowment established by a Distinguished Alumnus of the University and his wife.

The Louis R. and Virginia A. Benzak Professorship in Finance was created through a \$250,000 gift from the Benzaks residents of Rye, N.Y. Funds from the endowment will be used to support the teaching, research and public service of the individual named as the Benzak Professor. "We simply cannot compete for top scholars without gifts like that of Lou and Ginny Benzak," J.D. Hammond, dean of the College of Business Administration, said. Support such as this makes the difference between being a leading business

school and not being a leading business school."

"I share in Dean Hammond's goal to place Penn State's business school among the leaders," said Louis Benzak, president of Spears, Benzak, Salomon and Farrell Inc., New York City. "Certainly an endowed professorship is a way to help reach that goal."

Mr. Benzak was named a Penn State Alumni Fellow in 1987 and a Distinguished Alumnus of the University the following year. A 1961 graduate with a bachelor's degree in finance, he is a member of the National Committee of The Campaign for Penn State and chairman of the major gifts program in the New York City area. In

addition, he helps recruit top students for the University through the National Alumni Admissions program.

From 1962 to 1969 Mr. Benzak was second vice president at Chase Manhattan Bank, managing institutional and endowment funds for the bank's trust investment department. In 1969 he became senior vice president of the institutional asset management department with the firm of Loeb, Rhoades and Company.

In 1976, he and associate William Spears founded Spears, Benzak, Salomon and Farrell, a firm with headquarters at Rockefeller Plaza which manages more than \$2 billion in investments for 80 institutions and individuals.

Mr. Benzak is national president of the Muscular Dystrophy Association. He also is a director of the Benedict Foundation for Independent Schools, a trustee of the American Farmland Trust, a trustee of the Rye Country Day School, a trustee of the Rye Historical Society and past treasurer of the Institute for Muscular Diseases.

Virginia Benzak is a graduate of Newton College, Newton, Mass. She is a member of the board of managers of the United Hospital in Port Chester, N.Y., and active in the Youth Counseling League in New York City. She has served as a lending officer with Morgan Guaranty Trust Co.

A Bellefonte attorney, his son and daughter have given \$50,000 to create three scholarships at Penn State.

John R. Miller Jr., John R. Miller III and Jayne E. Miller have endowed the awards in baseball, business administration and journalism. The Miller scholarships are intended to recruit students whose ethnic, cultural and/or national background contribute to the diversity of the student body.

John R. Miller Jr. graduated from Penn

State in 1941 with a bachelor's degree in arts and letters. He earned his law degree in 1948 from Dickinson School of Law and joined the law practice of R. Paul Campbell in Bellefonte.

He ran successfully for Centre County District Attorney in 1953, a post he held until 1958. As senior member of the firm of Miller, Kistler, Campbell, Miller and Williams Inc., he practices trial and municipal law.

John III, a graduate of Indiana University

of Pennsylvania, is a partner in the law firm, and he and his father practice in the firm's Bellefonte office. Jayne Miller, who earned a bachelor's degree in journalism from Penn State in 1970, is a senior investigative reporter for WBAL-TV in Baltimore.

The gift is part of The Campaign for Penn State, a six-year effort to raise \$300 million in private support for academic programs.

Scholarships created with Millers' gift

Cambridge professor will give Taylor lectures

Sir Sam Edwards, Cavendish professor of physics at Cavendish Laboratory, Cambridge University, will present the 1989 Nelson W. Taylor Lectures on Nov. 6 and 7 at University Park.

He will speak on "The Physics of Localization by Disorder" at 4 p.m. Monday, Nov. 6, in 26 Mineral Sciences Building, and on "The Aging of Glass" at 9:30 a.m. Tuesday, Nov. 7, in 112 Walker Building. An informal reception will be held in 301 Steidle Building at 2:30 p.m. Monday, Nov. 6. All events are open to the public.

Granular material flow and the flow and aging of glasses are recent topics of interest in Dr. Edwards' wide ranging scientific career. His early research in electrodynamics and quantum field theory was followed by extensive work in the application of quantum field theory to problems in solid state and chemical physics.

Dr. Edwards served as head of the

Department of Physics at Cambridge University from 1983 to September of this year, when he assumed his present position at the Cavendish Laboratory. He has held a number of important scientific advisory posts in Britain, including chairman of the Science Research Council from 1973-77; U.K. delegate to the NATO Science Committee from 1974-79; and member of the Council for European Research and Development (EEC).

He holds M.S. and Ph.D. degrees from Caius College, Cambridge, and a doctorate from Harvard University. He was named a Fellow of the Royal Society in 1966, and received a knighthood in 1977.

The Taylor distinguished lecture series is sponsored by the Department of Materials Science and Engineering. The series was established in 1968 to honor the memory of Nelson W. Taylor, head of the Department of Ceramics from 1933-43. It continues to be supported by his widow, Miriam Taylor.

Sam Edwards

Bookshelf

James Ross Sweeney, associate professor of history, is co-editor, with Janos M. Bak of the University of British Columbia, of the first volume of the series, *The Laws of the Medieval Kingdom of Hungary* (Dietrich Regei Mohr, Tübingen).

The series was established by the editors, together with the late Gyorgy Bonis, professor of medieval law, University of Szeged, Hungary. It is a projected five-volume bilingual edition in Latin and English of Hungarian laws from 1000 to 1526. The first volume covers the period from 1000 to 1301. The second volume, which will contain the laws from 1301 to 1447, is scheduled for publication in late 1990.

Z.T. Bieniawski, professor of mineral engineering, is the author of *Engineering Rock Mass Classification*, which offers the first and only authoritative and in-depth descriptions

of all the design procedures currently employed in various industries.

The book explains how each system is employed and provides detailed case histories from major projects around the world. Also included is a data base extracted from all known case histories for the Rock Mass Rating system.

Covering early classification systems, geomechanics classification, Q-system, NATM, ISRM and specialized classification approaches, the book is intended as a practical and informative guide for students and practitioners in mining, civil and petroleum engineering and for geologists consulting on major engineering projects.

Carpooler

Gayle needs a ride from Osceola Mills to University Park. Work hours are 7:30 a.m. to 4:30 p.m. She can be reached at 863-3316 or 339-7607 (after 6 p.m.).

Communications

(Continued from page 1)

have to put controls on entry into our majors."

The largest majors are in broadcast-cable, with nearly 400 students this fall, and journalism, with nearly 300 students. Majors also are offered in advertising, film and video, and mass communications.

The school was formed in 1985 from majors in the College of the Liberal Arts, including those of the former School of Journalism. In spring 1989, it was accredited by the Accrediting Council on Education in Journalism and Mass Communication. Temple University has Pennsylvania's only other nationally accredited journalism program.

The school has 48 full-time and five part-time faculty, and 26 staff members. Its headquarters, the 86-year-old Carnegie building, will undergo renovations through most of 1990, including the creation of a 200-seat cinema/theatre hall in the current location of *The Daily Collegian* student newspaper offices.

Obituary

Harry J. Poorbaugh, 78, retired professor of agricultural extension and former associate director of Penn State Cooperative Extension, died Oct. 18.

Mr. Poorbaugh was appointed to the Penn State staff in 1949 as assistant agricultural agent in Jefferson County. In 1950 he was promoted to county agent and served 12 years in Schuylkill County and five years in Erie County. In 1956 he was named assistant director and supervised extension programs in 16 southwestern counties.

He was associate extension director from 1964 until his retirement in 1970.

A native of Myersdale in Somerset County, he earned his bachelor of science degree from Penn State in dairy science and his master of science in extension administration from the University of Wisconsin.

New laser facility

A new laser facility which will be capable of producing extremely short bursts of light a thousand times shorter than the time it takes light to travel the thickness of a human hair has been established in the College of Science.

The new \$400,000 facility, under the direction of A.W. Castleman, Evan Pugh professor of chemistry, will be used to study the very first chemical events that occur in a wide variety of radiation-initiated processes from light-driven pollutant-creating atmospheric reactions to commercially valuable material manufacturing methods to potentially cancer-causing radiation-induced breaks in DNA.

Besides producing very short pulses, the Penn State laser system, which is expected to be completed in the next 12 months, will operate at very high power and also be "tunable" or capable of producing different pulses at a variety of wavelengths.

"The Penn State facility will be the only 'femtosecond' system in the world devoted to a study of medium and large size clusters or aggregates of atoms or molecules," Dr. Castleman added.

An internationally recognized authority on clusters, Dr. Castleman predicted that "the processes to be studied with the femtosecond facility also will impact on understanding the properties and reactivity of fine particles and open up exciting new prospects for conducting research in this area which is being advanced through Penn State's Center for Particle Science and Engineering."

The new facility is being constructed with support, in part, from a U.S. Department of Energy grant in the University Research Instrumentation Program.

Homecoming

A week of festivities will highlight the Penn State 1989 homecoming, with Penn State graduate and former Pittsburgh Steeler Franco Harris as Homecoming grand marshal.

The homecoming parade through University Park Campus and State College will begin at 5:30 p.m. Friday, Nov. 3. Later, a candlelight vigil will be held on the steps of Old Main at 7 p.m. The Young Alumni Reception will be in the HUB Ballroom at 8 p.m. and a vigil at the Nittany Lion Shrine will end at 10 p.m.

The Nittany Lions/West Virginia Mountaineers football game at 1 p.m. Saturday, Nov. 4, will be the highlight of the week. The festivities end with an Alumni Fun Run followed by a brunch at 8 a.m. Sunday, Nov. 5.

News in Brief

NASA astronaut

Astronaut Guion S. Bluford Jr., a 1964 Penn State graduate, visited schools in McKeesport and Reading last week in conjunction with the Penn State Educational Partnership Program.

On Monday, Oct. 23, Col. Bluford spoke to students at the McClure Middle School and Cornell Middle School in McKeesport and urged them to be persistent.

"It's important to set goals, but it's also important to be persistent in attempting to achieve those goals," he said.

On Tuesday, Oct. 24, Col. Bluford visited with students at the Northwest Middle School and the Southwest Middle School in Reading.

Public lecture

The Department of Spanish, Italian and Portuguese will present a public lecture by Tibor Wlassics, William R. Kenan professor of Italian at the University of Virginia, at 8 p.m. Tuesday, Nov. 7. He will discuss "Dante the Mythmaker: Twice-told Tales in the Comedy."

Dr. Wlassics, a specialist in Dante and Galileo, has been the recipient of a Guggenheim Fellowship, a grant from the National Endowment for the Humanities, and two literary awards for his research.

Economic development seminar

The Office of the Associate Vice President for Sponsored Programs, Technology Transfer and Industrial Liaison is sponsoring an Economic

Development Seminar at the University Park Campus on Wednesday, Nov. 8.

The seminar is designed to acquaint participants with the full range of resources available to University service delivery organizations engaged in economic development, and also to receive feedback regarding resources that should be added or expanded on.

If you have not received personal notice of this event, but feel it would benefit you to attend, contact Linda Rose at 863-4558 for further information.

Sigma Xi seminar

Charles R. Hosler Jr., senior vice president for research and dean of the Graduate School, will speak on "Scientific Integrity in a Negotiating Society" at 4 p.m. Thursday, Nov. 9, in Kern Auditorium at University Park.

His presentation will take place during the initiation ceremony of the Penn State chapter of Sigma Xi, the scientific research society. A reception will follow the ceremony in 101 Kern. The public is invited.

Cycling championship

The Penn State Allentown Campus rode to victory in the U.S. Collegiate Cycling Championships held Oct. 7 and 8 at the Lehigh County Velodrome.

In the women's division, Becky Milt captured first place in the sprint race. In the men's division, Jamie Carney took first place in the sprint race; Tim Quigley won first place in the pursuit race and third place in the points race.

Dave Bittenbender won the kilometer and finished third in the sprint race. The Penn State line-up of Bittenbender, Quigley, J.D. Moffitt and Tom Fugman cycled to victory in the team pursuit.

Twenty-three teams from across the country qualified for the event. Indiana University and the University of California at Berkeley came in second and third, respectively. The event was organized by Jim Young, assistant professor of exercise and sports science and cycling coach at the Campus.

Professor receives grant

Ashok Belegundu, assistant professor of mechanical engineering, has received a \$25,000 grant from the MacNeal-Schwendler Corp. of Los Angeles, Calif.

The grant is for research in the area of design optimization using finite element codes. A finite element code is a numerical method allowing investigations of structures with complex geometries and complex mechanical properties.

Research grant

James Brasseur, assistant professor of mechanical engineering, has been awarded a \$300,000 University Research Initiative Grant by the Air Force Office of Scientific Research.

Dr. Brasseur will study turbulence, collaborating with researchers from Yale and Princeton Universities.

Focus on the arts

The arts on Channel 3

Linda Rondtall with Nelson Radtke and His Orchestra airs at 10 p.m. Thursday, Nov. 2, on WPSA-TV. Musical selections include standards written by George and Ira Gershwin, Irving Berlin and Fats Waller.

Lincoln Center Theater's Tony-winning production of Thornton Wilder's "Our Town" airs on Great Performances from 9 to 11 p.m. Friday, Nov. 3. Recipient of five Tony nominations and winner of the award for best revival, the new mounting of the 1938 Pulitzer Prize-winning play about life in a small New England town at the turn of the century played for 21 weeks at Broadway's Lyceum Theatre.

"Glory Enough for All," an engrossing true-life drama about the medical, political and petty jealousies that led to one of medicine's most important breakthroughs, the discovery of insulin, airs on *Nightcap Theatre* at 9 p.m. Sunday, Nov. 5 and 12.

Featured author

The Penn State Bookstore on campus will feature alumnus Col. David E. Pergin, '40, as a featured author for homecoming. He will visit the bookstore from noon to 2 p.m. Friday, Nov. 3, to sign and discuss his book *First Across The Rhine* (Macmillan, 1989).

This historical work, written with Eric Hammel, is Col. Pergin's personal account of the 291st Combat Engineer Battalion, which he commanded. This engineer unit literally paved the way from Normandy to the Rhine and endured its baptism by fire in the Normandy breakout in the summer of 1944. The battalion played an important role in the Battle of the Bulge and, in March 1945, opened the way for the drive into Germany by building the first Allied bridge across the Rhine.

The public is invited to attend the book-signing. A 20-percent discount will be offered on *First Across The Rhine* during the author's visit to the bookstore.

Organ recital

Daniel Billings, a Penn State alumnus, will give an organ recital at 8 p.m. Monday, Nov. 6, in the Recital Hall of the Music Building at University Park.

His program will include Symphony VI by the 19th-century composer Widor, as well as works by J.S. Bach, Sweelinck and Franck.

Dr. Billings earned a B.F.A. in organ performance from Penn State and doctorate in music from the Eastman School of Music of the University of Rochester. Currently, he is music director of Parkwood Presbyterian Church, Allison Park, Pa., and adjunct professor of organ and sacred music at Duquesne University.

Dr. Billings also will conduct a master class at 6 p.m. Tuesday, Nov. 7, in the Recital Hall. Both the recital and the master class are free and open to the public.

Mexico border exhibit

An exhibition of multi-media works titled "Yes, Drake! The Border/La Frontera," by El Paso artist James Drake, will open Nov. 5 and continue through Jan. 31 at the Palmer Museum of Art at University Park.

The show is a mixture of charcoal drawings interspersed with welded steel figures and weapons such as guns and knives. All works bear the stark contrast of black and white, some ranging to 10 feet in height. Mr. Drake's use of contrast in his works reflects the dichotomies manifested between the United States and Mexico on opposite sides of an arbitrary line of demarcation.

As a child, Mr. Drake lived in Guatemala and later moved to Texas with his family. In 1970 he received the MFA from Los Angeles University and returned to southern Texas where he has lived for the past 24 years.

In conjunction with the exhibit, a minisymposium, "The U.S. and Mexico: A

A portfolio of three poems by John Balaban, with 15 illustrations by Jerrold Maddox, will be on exhibit Nov. 7-30 in the Rare Books Room, Pattee Library.

Border in Crisis," will be held Monday, Nov. 6, at the Museum.

Mr. Drake will open the symposium with a lecture at 9 a.m., and Jorge Bustamante, president of the Colegio de la Frontera Norte in Tijuana, Mexico, will speak at 10 a.m. The symposium will conclude with an hour-long panel discussion beginning at 11 a.m.

Mr. Drake also will discuss his career as an artist as part of the "Careers in the Visual Arts" series at 10 a.m. Friday, Nov. 3, in the School of Visual Art's Zoller Gallery next to the Museum.

He will speak to students about his experience living for the past 24 years in El Paso, Texas, on the U.S. and Mexico border and the influences it has on his work.

The talk, symposium and exhibition are free and open to the public.

Pattee exhibit

A portfolio of three poems by John Balaban, professor of English, with 15 illustrations by Jerrold Maddox, professor of art, will be on exhibit Nov. 7 through 30 in the Rare Books Room in Pattee Library at University Park.

A selection of the original drawings for the illustrations also will be on display. The collaboration between Professors Balaban and Maddox started more than a year ago when some of the drawings were done for the poems and combined on computer. Professor Maddox designed the project on the Macintosh computer and printed the final works by a LaserWriter on heavyweight Rives paper. Computerization of the project gave the artists control over the entire process of typesetting, layout and printing.

The process was made possible with the opening of the new School of Visual Arts Computer Graphics Lab in the fall.

French exhibit

The "Iconographic History of the French Revolution: Two Centuries of Pictures and Symbols of the Republic," sponsored by the French Department, is on display in the Art Alley of the HUB Galleries at University Park from Nov. 6 to Dec. 8.

The exhibit, which celebrates the Bicentennial of the French Revolution, demonstrates, chronologically, how the pictures and symbols of the French Revolution have been used for the past two centuries. Each poster is devoted to a particular period and articulates its essential themes through photographic reproductions of paintings, engravings, drawings, posters, sculptures and monuments.

Odyssey on WPSU

Comparative literature graduate student Charles Kraszewski presents his translations of modern Polish and Czech poems on "Artificial Respiration," the next episode of "Odyssey Through Literature" on WPSU. Mr. Kraszewski follows George Steiner's theory of translation, that the translator's aim is to recreate the original verse. The translation is a new poem: Not an equation but an equivalent. "It is a betrayal of the translator's work if he tries to bring over the music of the original language," he says. But a successful translation should have the same effect on the person reading it in English as the original had in Polish or Czech.

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Women's chorus

The Penn State Women's Chorus will present a concert at 8 p.m. Wednesday, Nov. 8, in the Recital Hall of the Music

Building at University Park.

The 80-voice group will perform works for women's voices by Leo Hassler, Felix Mendelssohn and Randall Thompson. The keynotes, a 16-voice specialty group, will present selections by George Gershwin.

Both groups are under the direction of Russell Bloom, a graduate student in the School of Music.

Intifada conference

"The Intifada Within the American, Israeli, Islamic Triangle" is the subject of a conference sponsored by the Penn State International Student Council at 7:30 p.m. Wednesday, Nov. 8, in Schwab Auditorium at University Park.

Participants include Wolf Blitzer, Washington, D.C., correspondent for *The Jerusalem Post*; Father Martin Jenco, O.S.M., American hostage for 19 months in Lebanon; Zafar Bangash, editor of *Crescent International*, an Islamic news magazine published in Canada and distributed worldwide; and Norman Finkelstein, assistant professor of political science at the City University of New York and Middle East expert at Brooklyn College.

The event is open to the public, but those interested in attending should pick up a pass at the HUB desk. The pass will be good until 7:20 p.m. on the night of the program. After 7:20, anyone with or without a pass may enter provided there is available seating.

The event is co-sponsored by Charles L. Hosler, senior vice president for research and dean of the Graduate School; Gregory C. Knight, vice provost and dean for undergraduate education; and the School of Communications, the Middle East Studies Committee, the University Office of International Programs, the Department of Political Science, the Department of History and the Division of Student Programs.

In connection with the conference, the Penn State Bookstore will sponsor a "Meet the Authors" session with Mr. Blitzer and Mr. Bangash from 2 to 3 p.m. Wednesday, Nov. 8.

The participants will be available on Nov. 8 for individual class discussions. For more information, or to schedule one of the speakers, contact Abbas Aminmansour, conference coordinator, at (614) 865-9281.

Trumpet ensemble

The Penn State Trumpet Ensemble will present a concert of baroque and contemporary music at 12:10 p.m. Thursday, Nov. 9, in Eisenhower Chapel at University Park. The 20-minute concert is part of the Bach's Lunch Concert series, sponsored by the School of Music and the University Lutheran Parish.

The program will feature the "Concerto for Seven Trumpets" by Altenburg, as well as works by Reynolds, Tull and Guentzel.

The ensemble has 14 trumpet players selected from students in the School of Music and other departments of the University. Robert Howard of the School of Music faculty directs the group.

Ceramics conference

"Black and White in Clay," a ceramics conference featuring two exhibitions and five guest speakers, will be presented Nov. 10 and 11 at the Keller Conference Center and in the Palmer Museum of Art at University Park.

The complementary exhibitions are "Clay in the East V" in Zoller Gallery, which includes works by graduate and undergraduate students in ceramics programs throughout the East coast, and "Penn State Ceramics" in the Palmer Museum of Art.

Three guest artists, Patrick Siler, Edward Eberle and Christina Bertoni, will present slide lectures on their creative work in clay at the Keller Conference Center Auditorium. Their lectures will be open to conference registrants only.

University Park Calendar

November 2— November 12 Special Events

Thursday, November 2

Women of Color Luncheon, noon-1 p.m.
Nativity Lion Inn, Men and Women of Color
School of Music, Bach's Lunch Concert, 12:10
p.m., Eisenhower Chapel, Penn State Chamber
Singers.

Women's Studies, 8 p.m., HUB Gallery. Valerie
Miner, Univ. of Calif., Berkeley, on "Worldly
Words: International Women's Storytelling."

Friday, November 3

Group discussion, 10 a.m., Zoller Gallery. James
Drake, artist, El Paso, Texas, on "Careers in the
Visual Arts."

URTC, *On The Geography of Yemanu* through Nov.
11, Pavilion Theatre.

Geog. Coffee Hour, 4 p.m., 110 Walker. Sanford
Thatcher on "Scholarly Publishing at the Penn
State University Press."

Homecoming parade, 5:15 p.m. starting on Bigler
Road.

Japan Lecture Series, 7:30 p.m., 101 Kern
Masamichi Hanabusa, consul gen. of Japan in
New York, on "Japan's New Role in the
International Community."

School of Music, 8 p.m., Recital Hall. Penn State
Percussion Ensemble.

Saturday, November 4

Shaver's Creek, 7:30-9:30 p.m., Members Only
Owl Prowl. Call 863-2000. Penn State
School of Music, homecoming concert, 9 p.m.,
Schwab Auditorium, Penn State Glee Club.

Sunday, November 5

Shaver's Creek, 2:30-3 p.m., Hazardous
Household Waste. Call 863-2000.
Carnegie Hall Film Series, 7 p.m., *Melies of the
Afternoon, Scrupa Rising, Virtual Fantasy, Remains,
Rage*, 9 p.m., *High and Low* (1962), 4 Carnegie.
Free.

Monday, November 6

Ministry/Music, "The U.S. and Mexico: A
Border in Crisis," 9 a.m.-noon, Palmer Museum
of Art.

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Laura Knoppers on "Reconsidering the New
Historicism: The Case of *Mosses for Measure*."
German Dept. film, 8 p.m., 101 Chambers.
Wings (1967).

Tuesday, November 7

Gerontology Colloquium, noon-1 p.m., 101 Health
and Human Dev. East. Presentation by NIA
trainees Mark A. Lane, Lynda Malmrose, Sarah
Malone.

Penn State, Kent State and American College
Personnel Assoc., Student Affairs Seminar
Series, 6-9:30 p.m., 3 Patten Library. J. Thomas
Eakin on "Of Town and Gown: The
Resurrection of Community Service."

Pre-registration, 865-3443.
Center for the Performing Arts, 8 p.m.,
Eisenhower Aud. Chick Corea Akoustic Band.

Josephine I Rhea Lecture on Italian Letters, 8
p.m., 101 Kern. Tibor Wlassics, Univ. of
Virginia, on "Danie the Mythmaker: Twice-
Told Tales in the *Cumtely* Free."

Wednesday, November 8

Center for Women Students Brown Bag Lunch
Series, noon-1 p.m., C.W.S. Lounge, 120
Boucke. Film/discussion of *Against Her Will*,
with Patricia Johnston.

School of Music, 8 p.m., Recital Hall. Women's
Chorus.

Thursday, November 9

School of Music, Bach's Lunch, 12:10 p.m.,
Eisenhower Chapel, Penn State Trumpet
Ensemble.

Women's Studies, 8 p.m., HUB Assembly Room.
Cikely Herd, Univ. of Chicago, on
"Adolescent Gay and Lesbian Development:
Coming Out As a Rite of Passage."

Friday, November 10

Friends of the Palmer Museum of Art,

The Chick Corea Akoustic Band, which includes, from left, John Piatucci, Chick Corea and Dave Weckl, will perform at 8 p.m. Nov. 7 in Eisenhower Auditorium.

conference, Clay in the East V. Black and
White in Clay. Also Nov. 11.
Geog. Coffee Hour, 4 p.m., 319 Walker.
Anthony Brazel, Arizona State, on "The Effect
of Urbanization on the Desert Climate of
Phoenix."

School of Music, 8 p.m., Recital Hall. Penn State
Concert Choir Chamber Singers.

Saturday, November 11

Shaver's Creek, 2:4 p.m., Making Herbal Soup.
Call 863-2000.

Center for the Performing Arts, 8 p.m.,
Eisenhower Aud. Vladimir Feltsman, pianist

Shaver's Creek, 2:4 p.m.; Natural Cleansing With
Herbs. Call 863-2000.

Friends of the Palmer Museum of Art, 2:30 p.m.,
Palmer Museum of Art.
Historical musical instruments performance,
Robertson/Meyers Duo.

Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *La
Sennet, La Jette, Backyard, Night Drive* (1958) 9
p.m. Free.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5:30-30
p.m.; Saturday and Sunday, 5:40 p.m.; Morning
Edition, Monday-Friday, 6-8 a.m.; Weekend
Edition, Saturday and Sunday, 11 a.m.-1 p.m.
"Odyssey Through Literature," 12:30 p.m.
Wednesdays, with S. Leonard Rubinstein.
"Creative License," 12:30 p.m. Thursdays, with
Asa Berlin and Pam Saulnier.

Conferences

Continuing Education

Keller Building

Nov. 5-7, Pennsylvania Junior Science and
Humanities Symposium. Paul Bell, associate
professor of education, chair; Gretchen
Leathers, coordinator.

Nov. 6-7, Computational Methods in Stormwater
Management. David F. Kibler, professor of
civil engineering, chair; Barbara Impellitteri,
coordinator.

Nov. 6-17, Police Executive Development
Institute. James R. Horner, assistant professor of
administration of justice, chair; Kathy
Karchner, coordinator.

Nov. 7, Pennsylvania Bar Institute. Jerr Milson,
coordinator.

interplay between its three-dimensional
shape and its two-dimensional decoration.

Ms. Bertoni, a faculty artist at the Rhode
Island School of Design, will speak at 10
a.m. Saturday, Nov. 11. Her large pinched
earthenware bowls present geometric and
asymetric constructions involving her
riddles about night skies, the cosmos and
the earth.

Two free public lectures will complement
the conference and will be held in the
Palmer Museum of Art. At 3 p.m. Friday,
Nov. 10, Frederick R. Matson, professor

Nov. 8-10, Elements of Cold Preparation. Harold
Lovell, professor emeritus of mineral
engineering, chair; Norm Lathbury,
coordinator.

Nov. 8-11, T.C. Schneirla Memorial Conference.
Kathy Hord, associate professor of human
development, chair; Eric Logg, coordinator.

Nov. 9-10, Municipal Liability. Jack H. Williams,
assistant professor of administration of justice,
chair; Kathy Karchner, coordinator.

Nov. 9-11, Lady Lion Basketball Coaches Clinic.
Rene Portland, women's basketball head coach,
in charge; Chuck Herd, coordinator.

Nov. 10-11, Clay in the East. Berry Matthews,
associate professor of art, chair; Jack Sinclair,
coordinator.

Nov. 10-12, Council of Professors of Instructional
Supervision. James Nolan and Bernard Bushak,
assistant professors of education, chairs; Barbara
Impellitteri, coordinator.

Seminars

Thursday, November 2

Physics Colloquium, 3:30 p.m., 55 Osmond Lab.
Alan Goldman, Univ. of Minnesota, on
"Artificial Structures as Models of Real
Materials."

Ecology, 4 p.m., 111 Wartik Lab. Richard Roesly
Frostburg State Univ., on "Genetic and
Morphological Evolution in Atlantic Slope
Populations of *Elodea canadensis*."

Friday, November 3

Agronomy, 3:35-4:25 p.m., 111 Tyson. Prakash
B. Malla on "Pollared Cays."

Monday, November 6

Entomology, 3:45 p.m., 324 Patterson.
MaryCarol Rousner on "Resistance to Bt in the
Cotton Moth: Genetic and Environmental
Causes."

Physics EEP, 4 p.m., 339 Davey Lab. T. Fulton.
Johns Hopkins Univ., on "A Field Theory
Approach to Transitions and Radiative
Corrections for Many-Electron Atoms."

Tuesday, November 7

Economics Workshop, 2:30 p.m., 420 Kern.
Lionel Gladstein Kletzer, Williams - Economics/
Brookings, on "Industry Wage Differentials and
Permanent Job Loss (Duration Analysis)"

Physics CAMP, 4 p.m., 334 Davey G. Grinstein
IBM, on "Periodic Oscillations in Large
Systems: Are They Stable?"

Biology, 4 p.m., 8 Mueller Lab. Gary
Beauchamps, Monell Sensory Lab, on

"Chemosenory Recognition of Genetic
Individuality."

Speech Communication Colloquium, 4:30 p.m.,
111 Chambers. George A. Kennedy, Univ. of
N.C., on "New Perspectives of Aristotle's
Rhetoric."

Thursday, November 9

Whitfield Lecture, 5:40 p.m., 55 Osmond Lab.
Gordon Byam, Univ. of Illinois, on
"Ultra-ultraviolet Heavy Ion Collisions and
Possible New States of Matter."

Sigma Xi, 4 p.m., Kern Aud. Charles R. Hovler Jr.
on "Scientific Integrity in a Negotiating
Society."

Ecology, 4 p.m., 111 Wartik. Richard H. Yahrner
on "An Experimental Approach to Determining
Factors Affecting Avian Nesting Success in
Fragmented Landscapes."

Friday, November 10

Kapke Environmental Engineering Seminar Series.
3:15 p.m., 127 Sackett. Ananda M.
Chakrabarty, Univ. of Illinois, Chicago, on
"Directed Evolution: Microbial Degradation of
Synthetic Chlorinated Compounds."

Agronomy, 3:15 p.m., 111 Tyson. James Kinney
on "Carbon Balance During Grain Filling in
Corn and Sorghum Under Stress."

Exhibits

Chambers Gallery

Registration for the conference begins at
10 a.m. Friday, Nov. 10. Fees are \$10 for
students and \$15 for non-students.

Mr. Siler, associate professor of art at
Washington State University, will speak at
1:30 p.m. Friday, Nov. 10. He creates
narrative stencils, slips and graptos.
Pittsburgh artist Edward Eberle will
present his lecture at 7:30 p.m. Friday. His
work centers around the vessel and the

Stone Valley provides education and recreation

About 20 minutes from downtown State College lies a park that time—and many people—have forgotten.

Stone Valley Recreation Area (SVRA) often is mistaken for a state park because of its setting and the assumption that a 700-acre park must be state-owned. Officially opened in July 1960, Stone Valley actually is owned and operated by the University, something that many students, faculty and administration members do not know.

Dale Roth, manager of auxiliary/recreation services, currently is working on a strategy to increase public awareness and bring more people to the park.

He would like to make Stone Valley into a retreat area for students and University faculty and staff members who want something different from downtown State College and a place to relax.

"There are many people (at Penn State) who don't know about Stone Valley," Mr. Roth said, "and we're trying to be more aggressive in increasing awareness."

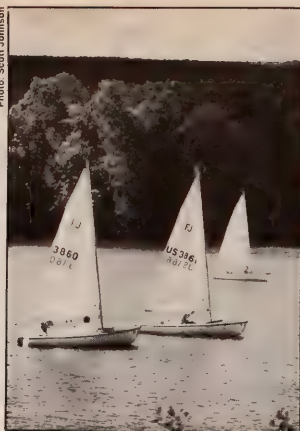

Stone Valley provides educational and recreational services primarily for the University, but the park is open to the public year-round. Discounts are available to students and University department.

"(SVRA) is a classroom facility for the School of Forest Resources and physical education classes," Mr. Roth said. "The Civil Engineering Lodge is utilized for social and recreational facilities."

Also, the College of Engineering once used the land for summer surveying classes. Students on campus now learn about surveying at the main campus by surveying the Old Main lawn, he added.

Stone Valley recreation facilities include a winterized lodge with volleyball nets on sand playing fields, horsehoe pits, 11 year-round rental cabins, cross-

Photo: Scott Johnson

Sailing at Stone Valley

country ski trails and picnic areas.

The 72-acre, man-made lake is seasonally stocked by the Pennsylvania Fish Commission and can be fished

from the opening of trout season (in April) through winter, when it is a popular ice fishing spot. Private non-motor boats are allowed to ride the water, and people can rent canoes, rowboats or paddleboats.

The park also has 25 miles of trails, including one crossing nearby Tussey Mountain, that can be hiked in spring, summer and fall. In winter, the trails are prepared and marked for cross-country skiing.

An added attraction to the park is the Shaver's Creek Environmental Center. The center houses a "please touch" museum that allows children to understand wildlife by experiencing it first-hand.

The museum also is home for a variety of reptiles, amphibians and fish. It features a bird watching area and an observational bee hive housed in a transparent case inside the museum, allowing visitors to watch bees during the honey-making process.

The University has owned Stone Valley since the 1930s, when it was equipped with stone and wood buildings that complement the natural setting of the forest. It is subsidized by the University and receives donations and fees from visitors.

President Emeritus Eric A. Walker, deciding to expand the facility, organized a group of University deans, faculty and interested persons to fund the construction of the lake and recreation area in 1959.

Mr. Roth said that to keep pace with other parks, sewer and water renovations are being studied, as well as other projects such as winterized cabins.

"(Stone Valley)" is unique in that it is one of the few developed, rustic facilities in proximity to the University that more students and University employees should take advantage of," he said.

— Paul Kovach

Raptor Center rehabilitates injured birds of prey

For centuries humans have marvelled at birds of prey, especially the eagle. The freedom, strength and beauty of the bald eagle inspired the Founding Fathers to establish the bird as the symbol of the United States.

Very few people have the opportunity to see an eagle up close, except in a zoo or museum exhibit. Humans have pushed most eagle species to the brink of extinction, disturbing or eliminating the bird's natural habitat.

But picture a golden eagle lying on the ground, poisoned and unable to fly again . . . It evokes differing emotions and often brings people to tears.

Injured birds of prey, such as the golden eagle, are the residents at Shaver's Creek Raptor Center, one of the few federal and state facilities in Central Pennsylvania licensed to care for and rehabilitate these birds.

The center, which is part of the Shaver's Creek Environmental Center, is under the direction of Gerald "Corky" Potter and the Department of Leisure Studies.

"Today I manage a quarter-million-dollar facility that provides exemplary environmental experiences for some 75,000 residents and visitors to Central Pennsylvania."

Among the center's avian residents are owls, hawks, falcons, a turkey vulture and a bald eagle.

In addition to the raptor exhibits, the center offers school and public information programs and traveling road shows to inform people about the role that raptors play in the environment.

Our educational programs focus on getting children involved," Mr. Potter said. "We use live birds and bird signs, such as feathers and talons, to provide hands-on experience. We focus on adaptations, life histories and habits of local raptors while emphasizing respect and admiration for them. Seeing a live golden eagle may nurture a lifelong respectful attitude."

Butte, a blind red-tailed hawk, was the center's first educational bird, he said. The impetus to expand and build the raptor center was an anonymous grant given in August 1988 that allowed the center to build cages, remodel the hospital shed, train the staff and develop educational programs.

Donations and memberships at the center play a large role in the upkeep of the center and the rehabilitation of the raptors, he added.

One of the programs, Adopt A Bird, is a half year old and has received more than \$5,000 in sponsorships, enabling the center to purchase food, medicine and materials for new enclosures.

Mr. Potter added that since the center has grown, student interns from around the world have come to work there because of its internship training program's reputation.

"Each year we offer some 24 internship positions. The internships provide unique opportunities to learn as much as possible about working as a naturalist or

environmental educator," he said.

Julia Gregory, from London, England, has interned at the center since January. She holds a bachelor of science degree with honors in combined sciences from the Polytechnic of Wales and works with the eagles as part of her overall responsibilities at the center.

"We received the golden eagle from the Wildlife Center of Virginia in June," she said. "We had the space for an eagle to accompany our bald eagle, Halie, and we thought we could use her in our environmental programs."

The center believes that the eagle was poisoned by pesticides in the food chain. The poison affected her central nervous system and eyesight, limiting her movements. The eagle later developed anorexia and a liver problem and died Sept. 24.

Mr. Potter said that in the past four or five years there has been an increase in people's awareness about endangered species, and the ecology in general, which only makes the center's mission and role in the community more important.

He added that the center is planning to work with autistic children and the elderly, noting that it can bring about a major change in behavior. Cage design, medical procedures and treatment, staff and volunteer training and raptor breeding attempts are other research possibilities.

While the raptor center is a main attraction at Shaver's Creek, the center also offers an exhibit room that a touch-and-feel table for children to gain hands-on experience with nature.

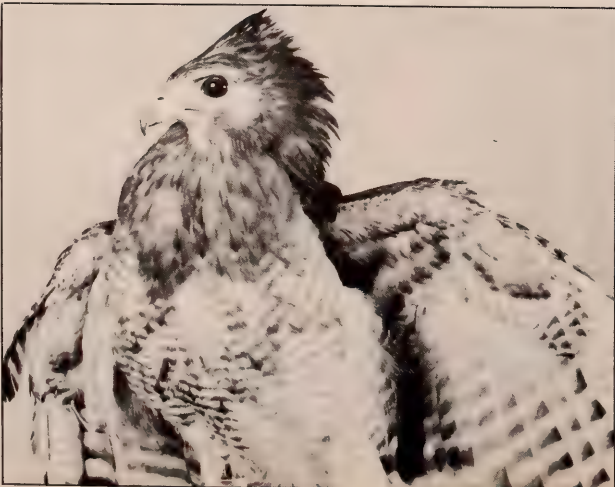

The center has a bookstore, gift shop, classroom and bird feeding observation area.

"Discovery walk" programs offered by the center cover different aspects of nature using Stone Valley's 25 miles of trails. A program covering the making of maple sugar from tree to breakfast plate, and the ropes and cooperation courses to increase personal confidence and mutual support also are available.

"Shaver's Creek is a special place, and the raptor center is unique," Mr. Potter said.

Appointments

Teaching engineers how to translate innovative ideas into profitable ventures is one of the goals of **Frank Cabron**, chairman of Helix Technology Corp. He has been named the first Keen Professor for Entrepreneurship in Engineering in the College of Engineering.

"Engineers often lack business 'street smarts,'" Mr. Cabron said. "They have great ideas, but lack the know-how to screen them and build a profitable enterprise."

The Keen Professorship was established by Emil M. Keen, a builder and developer in Northern Virginia, and is designed to bring innovative and entrepreneurial concepts into the traditional engineering curriculum.

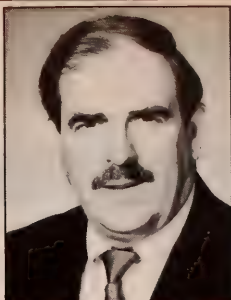

Mr. Cabron will teach an upper level course, "Entrepreneurship and Innovation," on the University Park Campus this spring. In addition to entrepreneurship, the course will explore the concept of

"intrapreneurship." Intrapreneurship is particularly important, because most engineers will at least start their careers within a corporation," Mr. Cabron said.

Mr. Cabron, who earned a master's in mechanical engineering from Penn State in 1955, has broad experience as a practicing engineer and a manager of entrepreneurial ventures. He began his career as a combustion research engineer at United Technology Corp. where he was responsible for early rocket development. It culminated in the chairmanship of Helix, a manufacturer of cryogenic vacuum pumps and cryogenic refrigeration systems.

In 1969, he received NASA's Achievement Award for his contributions to the Apollo 11 manned lunar exploration mission. In 1987, he received the College of Engineering's highest alumni honor, Outstanding Engineering Alumnus, and in 1989 was named an Alumni Fellow.

John A. Milner, director of the Division of Nutritional Sciences at the University of Illinois, has been named professor and head of the Department of Nutrition in the

John A. Milner

College of Health and Human Development.

He also will serve as director of the intercollege graduate program in nutrition and assistant director of the Agricultural Experiment Station.

He succeeds Helen A. Guthrie, who headed the Nutrition Department for 14 years before returning to full-time teaching and research. Dr. Guthrie last spring was named the first holder of the newly created Helen A. Guthrie Chair, partially endowed by the H.J. Heinz Company Foundation.

Dr. Milner, a faculty member at Illinois since 1975, also had been director of the intercollege division of nutritional sciences at that university and assistant director of the Illinois Agricultural Experiment Station.

He is an internationally recognized authority on the role of diet in the development and prevention of cancer, particularly the anti-cancer role of the nutrient selenium. He has earned young investigator awards from the Nutrition Foundation and American Diabetes Association, and in 1980 the University of Illinois College of Agriculture honored him

Ronald L. Poland

with its Faculty Award for Excellence in Research.

A member of the nutrition study section of the National Institutes of Health since 1985, he now chairs that section. He also is a member of the council of the American Institute of Nutrition and has played national roles in the Institute of Food Technology and the American Chemical Society.

Dr. Milner holds a bachelor of science degree from Oklahoma State University and a doctorate from Cornell University in nutrition, with a minor in biochemistry and physiology.

Carolyn Ng-Bershad has been appointed project associate in the Division of Planning Studies. In her new position, she will assist the division with a variety of research projects.

Ms. Ng-Bershad formerly served as a student affairs officer at University of California-Riverside, where she coordinated support services for re-entering adult students. She holds two master's degrees from the University of Hawaii, one in

Asian studies and one in anthropology and received her bachelor of arts degree in Chinese studies from SUNY Binghamton

Ronald L. Poland has been named chairman and professor of the College of Medicine Department of Pediatrics at the Hershey Medical Center.

Dr. Poland, who currently is director of Neonatal Services at Detroit Medical Center Affiliated Hospitals in Detroit, Mich., and professor of pediatrics at Wayne State University, Detroit, assumed his responsibilities at Hershey Nov. 1.

A native of Philadelphia, Dr. Poland earned his doctorate from Jefferson Medical College in 1965. He completed a pediatrics internship at Johns Hopkins University in 1966 and pediatric residency there in 1968. He completed two consecutive one-year fellowships—an NIH special fellowship in developmental biology, earning a master's in molecular biology from Johns Hopkins in 1971, and a fellowship in neonatal-perinatal medicine at Johns Hopkins Hospital in 1972.

A recipient of many honors and awards, he is a member of Alpha Omega Alpha, the American Medical Association, American Association for the Advancement of Science, American Pediatric Society, and Society for Pediatric Research, and a fellow of the American Academy of Pediatrics. He serves on several state and national boards, including serving as chairman of the Committee on Fetus and Newborn of the American Academy of Pediatrics, and member of the NIH Expert Panel on the Content of Prenatal Care.

A well-published author of books, articles, and abstracts, Dr. Poland is a member of the editorial board for the *American Journal of Perinatology* and serves as reviewer for several journals, including *Pediatrics*, *Journal of the American Medical Association*, *Pediatric Research*, and *Journal of Pediatrics*.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Shelley F. Gette, to administrative computer system specialist in Earth and Mineral Sciences.

Julia S. Gibbonney, to supervisor, medical records in Student Services.

Robert L. Hendershot, to manager, printing services in Business Services.

Deborah A. Hitchcock, to director of continuing education at Ogonizk Campus.

Kristopher A. Kohuth, to coordinator of film facilities and equipment in School of Communications.

Diane K. Kolsar, to applications programmer/analyst in Controller's Office.

M. Ellen Lahey, to executive producer/host in Agriculture.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Shelley F. Gette, to administrative computer system specialist in Earth and Mineral Sciences.

Julia S. Gibbonney, to supervisor, medical records in Student Services.

Robert L. Hendershot, to manager, printing services in Business Services.

Deborah A. Hitchcock, to director of continuing education at Ogonizk Campus.

Kristopher A. Kohuth, to coordinator of film facilities and equipment in School of Communications.

Diane K. Kolsar, to applications programmer/analyst in Controller's Office.

M. Ellen Lahey, to executive producer/host in Agriculture.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Shelley F. Gette, to administrative computer system specialist in Earth and Mineral Sciences.

Julia S. Gibbonney, to supervisor, medical records in Student Services.

Robert L. Hendershot, to manager, printing services in Business Services.

Deborah A. Hitchcock, to director of continuing education at Ogonizk Campus.

Kristopher A. Kohuth, to coordinator of film facilities and equipment in School of Communications.

Diane K. Kolsar, to applications programmer/analyst in Controller's Office.

M. Ellen Lahey, to executive producer/host in Agriculture.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Shelley F. Gette, to administrative computer system specialist in Earth and Mineral Sciences.

Julia S. Gibbonney, to supervisor, medical records in Student Services.

Robert L. Hendershot, to manager, printing services in Business Services.

Deborah A. Hitchcock, to director of continuing education at Ogonizk Campus.

Kristopher A. Kohuth, to coordinator of film facilities and equipment in School of Communications.

Diane K. Kolsar, to applications programmer/analyst in Controller's Office.

M. Ellen Lahey, to executive producer/host in Agriculture.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Shelley F. Gette, to administrative computer system specialist in Earth and Mineral Sciences.

Julia S. Gibbonney, to supervisor, medical records in Student Services.

Robert L. Hendershot, to manager, printing services in Business Services.

Deborah A. Hitchcock, to director of continuing education at Ogonizk Campus.

Kristopher A. Kohuth, to coordinator of film facilities and equipment in School of Communications.

Diane K. Kolsar, to applications programmer/analyst in Controller's Office.

M. Ellen Lahey, to executive producer/host in Agriculture.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Shelley F. Gette, to administrative computer system specialist in Earth and Mineral Sciences.

Julia S. Gibbonney, to supervisor, medical records in Student Services.

Robert L. Hendershot, to manager, printing services in Business Services.

Deborah A. Hitchcock, to director of continuing education at Ogonizk Campus.

Kristopher A. Kohuth, to coordinator of film facilities and equipment in School of Communications.

Diane K. Kolsar, to applications programmer/analyst in Controller's Office.

M. Ellen Lahey, to executive producer/host in Agriculture.

M. Dale Lighner, to environmental systems engineering assistant in Office of Physical Plant.

James Edmunds, to bookstore manager in Penn State Bookstore.

George Falkenstein, to senior systems developer in C&IS -- Center for Academic Computing.

Faculty being asked to submit grant proposals

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion **MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304)**. Applications for these staff vacancies will be accepted until **Nov. 9, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY**. Applications for staff vacancies are considered in accordance with Fair Employment practices (PS 11) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age as provided by law, sex or status as a disabled or Vietnam era veteran.

• **Admissions Counselor II, Market Planning and Communications, Division of Undergraduate Education, Undergraduate Admissions, University Park Campus**—Responsible to the associate director of undergraduate admissions for general assistance in concerning planning and managing operational aspects of admissions, procedures and activities which relate to market planning and communications. Participate in and administer admissions activities as assigned. Requires bachelor's degree or equivalent in journalism, English or related field plus one to two years of effective experience. **STAFF GRADE 6**

• **PENNLINE Coordinator, Agriculture, Administrative Services, University Park Campus**—Responsible to a senior analyst for planning, developing and evaluating user support and

Faculty from all University campuses are invited to submit proposals to the Penn State 1990-91 Research Initiation Grant (RIG) Program.

The RIG Program was established to support the initiation of research and other creative work in the sciences, engineering, social sciences, and arts and humanities; by new faculty members. New faculty members are defined as faculty members with a service accumulation of two

calendar years or less by September 1990.

The selection of the RIG awards is a competitive process based on scholarly merit, potential benefits to the investigator and to the University and direct or indirect contribution to the graduate program.

The 12-month awards will range from \$2,500 to \$7,000 and will be announced following a preliminary screening by the colleges and final recommendations from a University review committee selected from

a variety of disciplines and appointed by the senior vice president for research and dean of the Graduate School.

Faculty desiring further information should call their Administrative Committee on Research (ACOR) representative or campus executive officer. The proposal deadline submission to ACOR deans is Monday, Jan. 22, 1990. Awards will be announced by Monday, April 2, 1990.

Staff Vacancies

education programs for the PENNLINE electronic communications project. Requires bachelor's degree, or equivalent, in agriculture or technology related field plus one to two years of effective experience. Excellent oral and written communication skills are required including the ability to communicate technical information to non-technical audiences. Experience in project planning and management is also required. Experience with Apple Macintosh MS-DOS and Digital VAX computers, and knowledge of data communications is preferred. **THIS IS A FIXED-TERM POSITION FUNDED UNTIL JUNE 30, 1990, WITH STRONG POSSIBILITY OF RE-FUNDING. STAFF GRADE 6**

• **Computer Graphics Specialist, CES, University Division of Media and Learning Resources—Photo/Graphics, University Park Campus**—Responsible to the supervisor of graphic services for the implementation and coordination of computer graphics and for assisting in the development and selection of associated software and hardware. Requires bachelor's degree, or equivalent in computer related or fine arts field plus one to two years effective experience in computer graphics and/or graphics design. Working knowledge of UNIX, FORTRAN and/or BASIC languages preferred. **STAFF GRADE 5**

• **Program Assistant, CES, University Division of Media and Learning Resources, University Park Campus**—Responsible to the director of independent learning for all aspects of the development, coordination, instruction and administration of an independent learning based (correspondence study, nationwide technical training program for apprentices, that will provide all of the related training required for advancement to journeyman status in the automatic sprinkler pipe fitter trade.

Requires bachelor's degree, or equivalent, in engineering or technology or related field, with over one year of effective experience. Knowledge of the building trades, basic college mathematics and excellent written and verbal communications skills are required. Teaching experience is highly desirable. **STAFF GRADE 6**

• **Foreman—Water Systems, Office of Physical Plant, Physical Plant, University Park Campus**—Responsible to the supervisor, Water Systems Maintenance and Operations, for overseeing the operation of the potable water system water quality control; preparing reports to environmental regulatory agencies and supervising the Utilities Laboratory and assigned personnel. Requires a bachelor's degree, or equivalent, in environmental engineering or related field and certification as a Pennsylvania Waterworks Operator, Class A, Type 3, or be able to obtain certification within one year and two to four years of effective experience in the operation and maintenance of potable water and wastewater systems. **STAFF GRADE 6**

• **Systems Analyst, Computer and Information Systems, Office of Telecommunications, University Park Campus**—Responsible to the senior systems analyst for providing support to the Office of Telecommunications for the design, development, and implementation of innovative data processing systems. Assist in the interaction with staff to define problem areas and derive solutions that achieve the desired results. Analyze and solve problems with existing systems and programs. Requires bachelor's degree, or equivalent, in a computer-related field plus two to four years of effective experience in computer programming and systems design to include database management systems. **STAFF GRADE 7**

• **Applications Programmer/Analyst, Computer and Information Systems—Management Services, University Park Campus**—Responsible to the designated project leader for conducting analyses of data processing and customer concerns, determining detailed systems problems, and preparing computer programs to satisfy desired end results. Assist in providing direction and control within specifications of project schedules. Requires bachelor's degree, or

equivalent in basic, computer systems plus one to two years of effective experience in computer programming and analysis. Experience in accounting preferred. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990. STAFF GRADE 6**

• **Senior Technical Specialist (Economic Development), Senior Vice President for Research and Dean of the Graduate School, Office of Sponsored Programs, Technology Transfer and Industrial Liaison, Penn State Erie**—Responsible to the associate vice president for sponsored programs, technology transfer and industrial liaison, through the director of industrial programs, for serving as a resource person for clients interested in economic development. Requires master's degree, or equivalent, in an engineering field or physical science, plus five to seven years of effective experience in an industrial setting, preferably in plastics-related industry. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH STRONG PROBABILITY OF RE-FUNDING. STAFF GRADE 9**

• **Telecommunications Specialist, College of Medicine, The Department of Telephone Services, The Milton S. HERSHEY Medical Center**—Responsible to the telecommunications analyst for telephone system upkeep and the testing and analysis of system problems which may arise on a day-to-day basis. Requires associate degree or equivalent, in electrical engineering plus one to two years of effective experience which must include experience working primarily as an SL-1 Technician after SL-1 Training School. **STAFF GRADE 5**

• **Administrative Aide, College of Medicine, The Department of Psychiatry, The Milton S. HERSHEY Medical Center**—Responsible to the chairperson Department of Psychiatry for the performance of various administrative duties to include supervision of departmental clerical employees and the efficient operation of the departmental office. Requires a high school graduate with at least two years of college or the equivalent, plus three to four years of effective experience in the performance of administrative duties and supervision of clerical personnel. **STAFF GRADE 5**

Liberal Arts dean search group is named

A search committee has been appointed to identify candidates for the position of dean of the College of the Liberal Arts. **Ronald L. Filippelli**, professor and head, Department of Labor Studies and Industrial Relations, will chair the committee.

Other committee members are **Margaret M. Cote**, associate professor of English, Allentown Campus; **Peter R. Gould**, Evan Pugh professor of geography; **Grace Hampton**, vice provost; **Dennis P. Hogan**, professor of sociology; **Arthur R. Jarvis**, graduate student representative; **Lynn S. Liben**, professor and head, Department of Psychology; **Raymond E. Lombra**, professor of economics; **Nancy S. Love**, associate professor of political science; **Leon F. Lyday**, professor and head, Department of Spanish; **Salvatore M. Merigo**, associate librarian and chief, Humanities and Social Sciences Department; **Carl I. Meyerhuber**

Jr., associate professor of history, New Kensington Campus; **James C. Moeser**, dean of the College of Arts and Architecture; **Stanley H. Rosen**, Evan Pugh professor of philosophy; **Susan Sandoe**, undergraduate student representative; **Robert A. Secor**, professor of English and American studies; **James P. Stewart**, associate professor of labor studies and industrial relations; and **Brian N. Winston**, dean of the School of Communications.

The search committee will begin to review applications in early December and continue to receive them until a candidate is selected. Nominations and letters of application accompanied by a curriculum vitae and other supporting material should be submitted to **Ronald L. Filippelli**, chair, dean of the College of the Liberal Arts, Search Committee, Room 201 Old Main, Box PS1, University Park.

Engineering center director sought

The College of Engineering has begun an internal search for a director of the Engineering Advising Center to replace **William H. Gotsolki**, professor of civil engineering, who will retire Jan. 1, 1990.

The Engineering Advising Center is responsible for advising all premajor engineering students at the University Park Campus. The director supervises a staff consisting of approximately 10 faculty members who each spend two to three hours per week in the Center. In addition there are two professional counselors (one

from DUS), a secretary, and several work-study students who work in the Center.

Interested faculty, whether at University Park or a Commonwealth Campus, should send a letter of application and a brief resume to **Joan Lampman**, 101 Hammond Building, University Park, Pa. 16802, by Nov. 15.

A screening committee is being appointed to review the applications and make recommendations to the dean of engineering.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Faculty and staff members discuss freshman seminars

Freshman seminars, with their small class sizes, deserve a place in the educational curriculum at the University, although how they should be structured requires further study and debate.

That is the consensus of panelists participating in a one-day conference on freshman seminars, sponsored by the Office of the Vice Provost and Dean for Undergraduate Education, held Nov. 2 at University Park.

"Freshman seminars, which have been a national phenomena for a long time, are here to stay," **Leonard L. Szpara**, Division of Undergraduate Studies programs coordinator at Penn State Worthington Scranton, said.

"These courses have been extensively researched, and the research supports their validity and viability. The seminars have been shown to help with both retention and academic performance," he added.

About 150 faculty and staff members attended the conference, which is an outgrowth of a process begun in 1987, when the Office of the Dean for Undergraduate Programs sponsored the development of a report called "The Freshman Year Program."

The Freshman Year Committee submitted its report to the Office of the Dean in June 1988, and in September, the report was sent to the Senate. **Jerry B. Covert**, associate dean for undergraduate education, said.

Currently, the report is under review by the Senate Committee on Undergraduate Instruction, which has created a subcommittee to study the issue further.

"The conference on freshman seminars is keeping the idea alive. While the Senate continues its deliberation on the report, it is important to maintain the interest and active participation in the process of offering the freshman seminars throughout the University," Dr. Covert said.

Since the late 1970s, when the College of the Liberal Arts initiated the first freshman seminars, a number of these courses have been available to students. Class sizes are generally kept to 25 students. There are now 16 such courses offered. **M. Lee Upcraft**, assistant vice president for counseling services and program assessment and conference co-chair, said.

Among those teaching freshman seminars are Dr. Szpara; Dr. Upcraft and **William Farnsworth Barbara K. Wade**, Division of Undergraduate Studies programs coordinator. College of Agriculture: **Donald Sheffield**, special assistant to the dean for undergraduate education; **Stanley J. Nowak Jr.**, assistant professor of Spanish, humanities and social sciences, Allentown Campus; **Albert J. Miles**, assistant professor of English and humanities, and **Stuart I. Abramson**, coordinator, undergraduate advising, Ozontz Campus.

"One goal of the conference was that it serve as a forensic session on freshman seminars for the benefit of the Senate," Dr. Covert said. "The conference also provided some fresh slants on what direction we should go to providing experiences for freshman students."

Among the issues discussed were the idea that freshman

seminars ought to be available to all incoming students; they ought to be experience- and discipline-based, rather than skills-based; and they ought to impart a sense of the purpose of higher education.

"The Freshman Year Program" report states, "Penn State offers (a) rich environment to every person who enrolls. Yet many students are not initially aware of the goals and traditions which underlie our existence... (Many) students enter college with only vague notions of the purposes and goals of undergraduate education, where it is supposed to lead, and what their institutions expect of them."

The committee which prepared the report recommends that freshman seminars incorporate the following components: an introduction to the nature of a university... its history, expectations of a community of scholars... obligations of a university graduate; an introduction to general education; and an introduction to selected scholarly fields of study.

In addition, Dr. Covert noted, the freshman seminar is "an excellent vehicle for delivering cultural diversity."

Mr. Sheffield said, "The freshman seminar ought to put in context the higher education experience freshman are about to embark on. The freshman seminar should let every freshman know there is a scholarly expectation and multicultural development that should take place as they pass through these walls."

Also participating in the conference's final session was **Wendell V. Harris**, professor of English.

Classification consultant selected

The Pittsburgh office of the international consulting firm of William M. Mercer Meidinger Hansen Inc. has been selected to provide support to the University in the classification/evaluation system review project.

The firm's assignment is to design and implement a customized job evaluation and compensation program for the staff exempt, staff nonexempt and clerical classifications at Penn State and to develop communications and training for the new program.

"The Classification/Evaluation System Review Committee reviewed in detail comprehensive proposals from six firms expert in the field of job evaluation and compensation," explained Bill Walsh, chair of the committee. "The selection of Mercer is a unanimous decision on the part of the committee. The material submitted, presentations and professional references suggest that they understand the environment of higher education and understand the climate and needs of Penn State."

According to Billie Willits, assistant vice president for human resources, the Pittsburgh Mercer office offers the University a multidisciplinary approach to the project involving a team of compensation consultants, systems analysts, statistical analysts and communications specialists.

"The committee is impressed with the professionalism and credentials of this group," Mr. Walsh added. "The team that is assigned to our project has successfully completed similar projects for other large, complex organizations, including universities."

The Mercer consultants began work on the project in late October. Their initial activities will be to expand their understanding of the University, its environment and its mission and culture, and to set practical objectives for the project through meetings with key University staff members.

Future issues of the *Intercom* will report on activities of the classification/evaluation system review.

Teaching assistants will attend meeting

The Office of the Vice Provost and Dean for Undergraduate Education and a number of academic departments are supporting the attendance of seven University teaching assistants at the second national conference on the training and employment of teaching assistants Nov. 15-18 at the University of Washington.

The conference, "Preparing the Professoree of Tomorrow for Teaching: Enhancing the TA Experience," aims to raise and address critical issues in the employment and education of TAs, establish a dialogue on TA issues among the multiple actors involved, and develop networks for continuing dialogue and

Jacqueline Schoch announces plans for her retirement

Jacqueline L. Schoch, campus executive officer at Penn State DuBois Campus, has announced her retirement effective Sept. 30, 1990. At that time, she will have completed 20 years of service to the campus, and with a comparable service record in the DuBois Area School District, 40 years of service in education.

"While that time has been both personally and professionally rewarding for me, I have for some time identified the completion of a new academic building at DuBois as an appropriate time for me to retire from the University," Dr. Schoch said in a letter to Richard E. Grubb, vice president and dean of the Commonwealth Educational System. "As you know, the construction program indicates that the Mary Seibel Building should be completed for occupancy next fall."

"Dr. Schoch is a dedicated administrator who will be missed," Dr. Grubb said. "I am pleased, however, that Penn State will have benefited from her 20 years of service."

The pending completion of The Campaign for Penn State DuBois Campus and the subsequent construction of the new

academic building are the most recent accomplishments in a long line of benchmarks for the campus during Dr. Schoch's tenure as CEO. Other key developments include expansion of academic programs both on-and-off-campus, increased enrollment, staff development, "quality of life" improvements, physical plant renovations, and increased campus visibility in the community.

"I've felt a great deal of satisfaction from knowing many of our outstanding students, and knowing that the work that we've done here has helped to make it possible for those students and future students to challenge themselves, learn and expand their skills, and improve their quality of life," Dr. Schoch said. "That sense of satisfaction - knowing that we've helped our students - is what makes 40 years of experience in education most gratifying."

Dr. Schoch was appointed campus CEO in 1978, following the retirement of now Director Emeritus Donald S. Hiller. Before that, she was associate director of academic affairs at the campus. Prior to joining the Penn State staff in 1970 as assistant director

of resident instruction, Dr. Schoch had served as director of instruction, director of guidance, guidance counselor, dean of girls, and as a history and girls' physical education teacher for the DuBois Area School District. She also taught girls' physics in the Ford City Area Schools.

She earned her bachelor's degree in health, physical education, and recreation from Penn State, then followed with graduate degrees in counselor education and psychology. She earned a certificate from the Harvard University Institute for Educational Management in 1979.

Dr. Schoch, a life member of the Penn State Alumni Association, has served on 14 different committees of the University Faculty Senate and was a member of the Middle States Accreditation Teams for both secondary and post-secondary institutions.

In the community, Dr. Schoch has served as a director and campaign co-chairman for the DuBois Area United Way, a director and scholarship committee chairman for the Rotary Club of DuBois, a director of the Keystone Tall Tree Girl Scout Council, a director of Tressler Lutheran Foundation,

Jacqueline L. Schoch

treasurer of the DuBois Educational Foundation, member of the DuBois Regional Medical Center Development Council, and vice president of the Clearfield County Area Agency on Aging.

Focus on Diversity

Human rights activist Angela Davis slated to speak

Angela Y. Davis, celebrated scholar, lecturer, writer and human rights activist will be the featured speaker during Sexual Assault Awareness/Prevention Week Nov. 12-17, sponsored by the Center for Women Students at University Park.

The presentation is made possible by special funding from the Equal Opportunity Planning Committee to the Center for its Sexual Assault Awareness/Prevention Week and its speaker series "Interactive Discrimination: The Combined Effects of Racism and Sexism." Numerous other university units are joining the Center in co-sponsoring Ms. Davis and the various other activities throughout the week.

The entire week is dedicated to increasing sexual assault awareness for the Penn State community. Patricia Johnstone, assistant director of sexual assault education and counseling at the Center for Women Students, said:

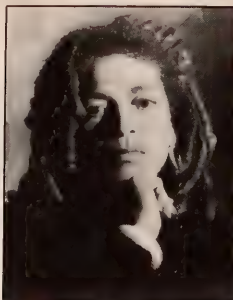

"Sexual assault is an important issue for colleges and universities to focus on because of the extent of the problem on our national campuses. A 1985 study showed that one out of eight women

attending a university will be sexually assaulted during that time. One way to give the issue attention and highlight resources available is to schedule a week of programming such as this," she said.

The Davis lecture, "Violence Against Women," will be held at 8 p.m. Thursday, Nov. 16, in the HUB Ballroom. Additional seating and television monitors will be provided in the adjacent HUB Fishbowl to accommodate the anticipated audience. A faculty-staff response panel and commentary on the lecture will be held from noon to 1 p.m. Friday, Nov. 17, in the HUB Gallery.

In addition to writing numerous essays and works including *Women, Race, and Class* and the bestseller *Angela Davis: An Autobiography*, Ms. Davis teaches philosophy, aesthetics and women's studies at San Francisco State University and San Francisco Art Institute.

Ms. Davis joined the Communist Party U.S.A. in 1968. She received national attention in 1970 when she was placed on the FBI's Ten Most Wanted List and was

Angela Y. Davis

the subject of an investigation and subsequent trial. She was acquitted after national and international protests.

Additional activities during Sexual

Assault Awareness/Prevention week include:

-- A showing of the movie "The Accused" at 3 and 7 p.m. Sunday, Nov. 12, in the HUB Assembly Room. Co-sponsors are the Student Union Board and the Student Counselors.

-- A "Take Back the Night" march will be held at 7 p.m. Monday, Nov. 13, at the steps of Old Main and is sponsored by the Undergraduate Student Government Department of Women's Concerns.

-- The HUB Personal Issues Series program will present a safer living panel presentation at 7 p.m. Tuesday, Nov. 14, in the HUB Fishbowl. Co-sponsors include the USG Department of Safety and the Department of University Safety.

-- A Mock Acquaintance Rape Trial will feature the Hon. David Grine, an assistant district attorney, and a public defender, playing themselves, and students in the roles of victim and alleged rapist at 7:30 p.m. Wednesday, Nov. 15, in the HUB Gallery.

Diversity Calendar

Thursday, Nov. 9

Black, Caucus and Student Union Board, 7:30 p.m., Schwab Auditorium. William Loren Katz on "Blacks and Their Involvement in the Old West and with Native Americans."

Saturday, Nov. 11

Office of Minority Faculty Development, 9:30 a.m. to 12:30 p.m. Room 114 K Kern Graduate Building. Emilia Martinez-Brawley, professor of social work, on "The

Publishing Process." For reservations, call Leah Witig at 863-1603.

Sunday, Nov. 12

Project Growth, 7 p.m., HUB Fishbowl. Free showing of Spike Lee film "School Daze." Discussion of film and the movie "Do The Right Thing," with Project Growth members Dave King and Susan Hertzberg, follow.

Monday, Nov. 13

Women's Studies, 1:30 to 3:30 p.m., 12 Sparks. Third Women's Studies Faculty Advisory Committee meeting. All interested faculty, staff and students are welcome.

Puerto Rican Student Association, 11:30 a.m. to 12:30 p.m., HUB ground floor, information on Puerto Rican Awareness Week activities Nov. 12-18.

Program will examine blacks in science

In 1986, only four blacks in the United States earned Ph.D.s in mathematics. In all fields of science and engineering, fewer than 30 Ph.D.s in that year were awarded to blacks. The reasons blacks are not entering science and the efforts being made to reverse this trend are explored in *Crisis: Who Will Do Science?*, a half-hour documentary airing at 12:30 p.m. Sunday, Nov. 12, on WPSX-TV.

The program, narrated by Novella Nelson, interweaves history, archival film footage, and interviews to explore the barriers that limited the success and recognition of early black scientists and how those obstacles, coupled with new problems, are keeping blacks from

participating in science and engineering today.

Astrophysicist Fang Lizhi, a prominent leader in the Chinese people's struggle for democracy and hero to the Chinese students of Tiananmen Square in Beijing, has been named the winner of the 1989 Robert F. Kennedy Human Rights Award. The award, which honors Professor Fang for speaking out against injustice and tyranny at grave personal risk, will be presented at a Georgetown University ceremony on Nov. 15. The annual ceremony, taped earlier in the evening, will be televised for the first time in a nationwide broadcast airing at 10 p.m.

The Campaign for Penn State

Steimer gift will endow professorship

The University has received a \$250,000 gift from a Warren County couple, Nancy and John T. Steimer of Tidewater, to endow a professorship in the agricultural sciences.

The Steiners are Penn State alumni. Mr. Steimer, who graduated in 1949 with a degree in forestry, is a former forester and retired president of New Kensington-based Industrial Terminal Systems Inc. and Penn Glenn Oil Co.

Rather than specifying a particular area for the professorship, the Steiners asked that College of Agriculture officials identify the area in which the professorship would be most helpful.

Not only does their gift show a real concern for the future of agriculture, but so does the way in which they gave it. Lamarine F. Hood, dean of the college said, "The flexibility the Steiners have given us means that we can use their gift where it is most needed."

"I have no doubt that we will be able to attract an outstanding scientist and educator to the Steimer Professorship."

Income from a faculty endowment typically supports the acquisition of equipment and library materials, scholarly travel, graduate assistants and other activities related to the professor's academic program.

"Nancy and I hope that this professorship will call more public attention to how important agriculture is to all of us," Mr. Steimer said. "Students might think careers in other fields are more glamorous, but

none are more important -- we've all got to eat. It's important for agriculture to be able to attract the best students as well as the best teachers."

He said that another consideration in making the gift was the quality of the natural environment.

"Whether it's farming or forestry or other use of the land, agriculture plays a big role in shaping our environment. So we look at the professorship as an investment in helping to make sure Pennsylvania has a clean, safe and productive environment."

Mr. Steimer worked as a forester for the Pennsylvania Department of Highways for five years after graduating from Penn State. In 1955, he joined Penn Glenn Oil Co. and later founded Industrial Terminal Systems, a contract packager of petroleum products and chemicals.

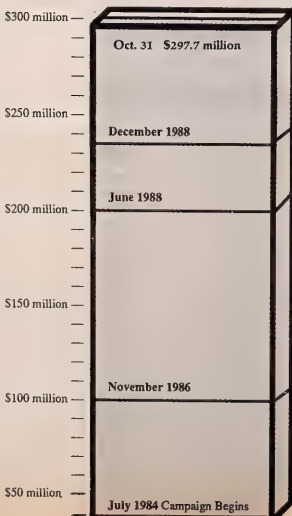

Two years ago, the Steiners gave \$100,000 to endow undergraduate scholarships in the School of Forest Resources.

The Steiners' support is part of The Campaign for Penn State, a six-year effort to raise \$300 million in private gifts for academic programs.

Carpooler

Melissa would like to carpool from Continental Courts to University Park. Work hours are 8 a.m. to 5 p.m. Call 865-4523.

CAMPAIGN FOR PENN STATE Progress Toward \$300 Million Goal

Press director is implementing new editorial policy

The days of university press editors sitting in their offices waiting for manuscripts are gone. **Sanford G. Thatcher** says.

"Twenty years ago, the overall approach was more passive. Today, university presses are much more aggressive editorially. Acquiring editors frequently travel to campuses to find out about manuscripts in their early stages, to woo authors and to cultivate relationships," he says.

In the last dozen years, university presses have undergone considerable changes. They have become more sophisticated publishers as competition among presses has increased and declining sales of the traditional monograph have forced them to diversify their lists and operate more efficiently. They are paying more attention now, he says, to reducing expenses, incorporating new technology and expanding marketing approaches.

People moving from commercial publishing to university presses also are having an impact, as they bring their commercial publishing experiences and practices to university presses.

Among the more noticeable changes is the increased interest presses are taking in academic trade books that appeal to wider audiences, as commercial publishers, owing to mergers that have intensified demands for higher profit margins, move away from publishing mid-list books.

"These serious nonfiction books have a market, but are not very profitable, relatively speaking, for commercial publishers," Mr. Thatcher notes. "For university presses, however, they are best sellers."

Since arriving at Penn State in June, he has begun implementing a new editorial policy for the Press. He is placing increased emphasis on building the Press' list in history and the social sciences, while consolidating its strength in the humanities and moving away from

Sanford G. Thatcher

publishing books in the sciences.

In the field of science publishing, he says, it is difficult for a press of Penn State's size to compete with commercial publishers, who can offer substantial advances and very

fast production schedules, as well as afford the expensive marketing science books require.

Instead of publishing books in science, he hopes the Press will be able to do some books about science — e.g., on science policy — and in that way reflect the University's strengths in this area.

"What attracted me to the Press was its ability to build a good reputation nationally in the fields where it has concentrated its efforts: literature, art history and religious studies. That is an impressive accomplishment for a press of this size," he says.

Penn State Press publishes 30 to 35 books a year, as well as seven journals, including its newest acquisition — the *Journal of Policy History*.

With additional staff (one acquiring editor and two marketing specialists), he feels the Press should be able within a few years to increase its annual output to 50 titles.

A previously editor-in-chief of Princeton University Press, where he worked for 22 years, Mr. Thatcher will be acquiring titles in philosophy himself in order to extend Penn State's humanities list. The Press already publishes two philosophy journals — *Philosophy and Rhetoric* and *Journal of Speculative Philosophy* — edited by University faculty.

The Press will continue to publish its art history series (for the American Academy in Rome and College Art Association of America) and books with regional interest, particularly those that relate to the Press' scholarly list.

Over the years, the Press has received individual grants and awards for its books, including several Choice Outstanding Academic Book awards, the 1977 Daria Borghese Prize of Rome, the Academy of American Poets' Landon Award for poetic translation and the Contender International des Negotians en Oeuvres d'Art prize.

In December, the Press will move from Wagner Building, to new offices at 820 N. University Drive.

Bookshelf

Thomas W. Benson, professor of speech communication, is co-author with Carolyn Anderson, of the University of Massachusetts, of *Roddy Films: The Films of Fredrick Wiseman*, published by Southern Illinois University Press.

The book is a critical analysis of the films of America's foremost living documentary filmmaker with a history of the production and reception of the films. Mr. Wiseman, a lawyer, began his film career with "Tittut Follies," a documentary revealing conditions at Massachusetts Correctional Institution at Bridgewater, a prison-hospital for the criminally insane.

He has produced a series of

documentaries shown on public television, most recently "Deaf and Blind and Missile." Among the films receiving detailed critical appraisal in the book are "Tittut Follies," "High School," "Basic Training," *Essence*, *Juvenile Court*, *Primate*, *Welfare*, *Canal Zone*, and *The Store*."

Ronald R. Keiper, professor of zoology at Penn State Mont Alto Campus, is the author of *Windy of Chincoteague*, a non-fiction sequel to Marguerite Henry's famed novel, *Mists of Chincoteague*.

Dr. Keiper is internationally known for his 15-year studies of the ponies of Assateague Island. Those studies were instrumental in the development of the National Park Service's current successful management program for the ponies.

In his new book, Dr. Keiper chronicles the activities of the actual ponies that were the models for Henry's story and for 20th Century Fox's 1961 motion picture. The book also includes photos of the horses and some of the people who were or are important in their lives.

The book was published this summer by Village Printing, Marion, Pa. Dr. Keiper also is the author of two other books, *The Island Ponies*, a book for junior readers and *The Assateague Ponies*, as well as numerous scientific articles in scholarly journals.

Adam J. Sorkin, associate professor of English at the Delaware County Campus, is the editor of *Politics and the Minor: Studies in the Politics of Recent American Literature*, published by the Bowling Green State University Popular Press.

The 241-page volume contains 14 new essays written by scholars from major universities and colleges on various aspects of modern understanding of the relations between literature and politics, focusing on American writing since World War II.

The book contains two studies written by Dr. Sorkin, the first composed for the

collection "The essays are: 'Politics and the Muse: Voices and Visions at the Crossroads,' the book's introduction, and 'The Envy of Any Novelist,' Senator Joe McCarthy in American Fiction," a scholarly essay on one of the most controversial figures to appear in American political life and the pages of American fiction.

Paul Orlov, assistant professor of English at the Delaware County Campus, also has an essay in the book. It is titled "A Fiction of Politically Fantastic Facts: Robert Coover's *The Public Burning*."

Promotions

Technical Service

Helene L. Steele, to dining hall worker A in Housing and Food Services.

Peter Swiderski, to maintenance worker, general B at Berks Campus.

Charles Trimble Jr., to food preparer B in Housing and Food Services.

Donald A. Weaver, to residence hall utility worker in Housing and Food Services.

Rosanna M. Zerphney, to utility worker at Hershey.

Obituaries

James J. Canelos, senior research associate and director of the Instructional Development Program in the College of Engineering, died Oct. 24. He was 42.

Dr. Canelos did his undergraduate and master's degree work at Clarion State College and earned a Ph.D. from Penn State, where he also did postgraduate study.

He was employed in the College of Engineering since 1981. He conducted workshops in teaching for new faculty and graduate student teaching assistants and provided specialized assistance to faculty members for course and instructional improvement. He also was appointed affiliate assistant professor of education at Penn State.

During his career, he also was employed by the Ohio State University and Penn State Harrisburg. He was the author of numerous publications and a member of the American Educational Research Association, the Association for Educational Communications and Technology, Phi Delta Kappa, and the National Society for Performance and Instruction. He was the 1980 winner of the Phi Delta Kappa Young Researcher Award.

Dorothy L. Anderson, technical editor and publications manager, College of Engineering, from Sept. 16, 1957, until her retirement Sept. 1, 1973, died Feb. 15. She was 77.

Debra K. Peters, computer operator, Computer and Informations Systems, from Jan. 3, 1983, until her retirement on disability Oct. 1, 1988, died Oct. 19 at the age of 36.

David D. Weiser, clerk, Housing, Housing and Food Services, from Feb. 1, 1948, until his retirement March 9, 1961, died Oct. 24 at the age of 94.

Teaching assistants

(Continued from page 1)
resource sharing on TAs.

Penn State TAs attending the conference are **Kathryn Aiken**, Psychology; **Lloyd Dell**, Agricultural and Extension Education; **Edward Div**, Biology; **Andy Jenkins**, Health Education; **Kenneth Mash**, Political Science; **Christiane Schenfeld**, German; and **Glen Storey**, Anthropology.

The TAs were chosen from a pool of applicants whose completed applications were reviewed by Instructional Development Program personnel, the Graduate Student Association, and faculty representatives.

Carpooler

Elizabeth is looking for a ride from the Ninth Street area of Phillipsburg to University Park. She works from 6:30 a.m. to 3 p.m. and can be reached at 342-2478 after 4 p.m.

Photo: Dave Shilly

Brian Lamb, chairman and chief executive officer of C-SPAN, at left, presents a signed copy of the book, *C-SPAN: America's Town Hall*, to E. Stratford Smith, professor of communications, during a visit to National Cable Television Center and Museum. Mr. Lamb was recognized for his contributions to the Center and Museum and was a special guest of the University during the PENNARAMA Academy and annual meeting.

Focus on the arts

HUB exhibit

"The Art Alliance of Central Pennsylvania Open Juried Regional Show" is on display in the Formal Gallery of the Hetzel Union Building at University Park from noon to 5 p.m. daily until Dec. 1.

The works juried by Peter Jogo, a free lance painter and printmaker currently residing in State College, and David B. Van Dommelen, professor emeritus of art education and fibre artist, confront the stereotype often associated with community art and give the viewer a brilliant display.

The public is invited to a reception and awards ceremony for the artists from 7 to 9:30 p.m. Friday, Dec. 1.

Kern exhibit

An exhibit of watercolors by Dot Grebos is on display in the Kern Graduate Building Galleries at University Park through Nov. 16. "Having devoted most of my life to music and the interpretation of compositions written for piano," the artist says, "I now find myself immersed in the visual arts as well."

"As a musician I plan to continue my studio teaching, and as a painter I am interested in portraying the rhythms and forms of our natural world in as many innovative and exciting ways as possible."

The arts on Channel 3

Nigel Hawthorne stars in a new production of Alan Ayckbourn's classic 1967 farce, "Relatively Speaking," at 9 p.m. Friday, Nov. 10, on *Great Performances* on WPSX-TV. One of the earliest works by the British playwright often referred to as the English Neil Simon, the intricately constructed tale of adultery and utter, hopeless confusion is directed by Michael Simon and offers a definitive look at delightful English silliness.

The colorful, controversial life of Missouri artist Thomas Hart Benton is dramatically captured in *Thomas Hart Benton*, a 90-minute film biography premiering at 1 p.m. Sunday, Nov. 12. Filmmaker/historian Ken Burns has created a film portrait that crackles with the energy of the maverick painter whose work exploded in realistic murals of America.

At the height of his career he was more popular than Charlie Chaplin and Buster Keaton, yet today his rivals' names are widely remembered while his own is hardly recognized. Harold Lloyd, called the "King of Daredevil Comedy," made his name during the peak of silent film when he was one of the highest paid stars of the 1920s. The first of the two-part "Harold Lloyd: The Third Genius" airs at 9 p.m. Wednesday, Nov. 15, on *American Masters*.

'A Choral Travelogue'

The Penn State Concert Choir and Chamber Singers will present "A Choral Travelogue" concert of multi-national and folk music at 8 p.m. Friday, Nov. 10, in the Recital Hall of the Music Building at University Park.

The Concert Choir program will include works by Canadian composer, Healey Willan; English composers, Vaughan Williams and Britten; German/Austrian composers, Schütz, Bach, Mendelssohn and Bruckner; French composer, Durufle; American composers, Copeland, Barber and Johnson; and a motet by the Italian Palestrina. Folk selections will include Irish, Scottish and American works.

The Chamber Singers, 10 singers within the 72-member Concert Choir, also will present several international pieces, including English madrigals, an Italian balletto and German settings by two Renaissance composers.

Dr. Douglas Miller, faculty member and director of choral studies in the School of Music, is the director of the Concert Choir and Chambers Singers. Alex Hill serves as

the assistant director, and Lynn Stettler is the Concert Choir's accompanist.

Pianist to perform

Vladimir Feltsman, one of this generation's finest concert pianists, will perform a program of Bach, Mozart and Liszt at 8 p.m. Saturday, Nov. 11, in Eisenhower Auditorium at University Park.

An instant celebrity, Mr. Feltsman gave his first American recital in the White House and then played a sold-out concert at Carnegie Hall where he displayed his stylistic versatility with works by Messiaen, Schubert and Schumann.

Before the concert, the audience is invited to a lecture at 7 p.m. in the Greenroom of Eisenhower Auditorium. Timothy Shafer, assistant professor of music, will discuss the specific pieces that Mr. Feltsman will be playing that evening.

Tickets are available at the Eisenhower Auditorium Ticket office, weekdays from 9 a.m. to 4 p.m. and at the Playhouse Box Office, Tuesday to Friday 11:30 a.m. to 5:30 p.m.

Contra dances

The Country Dance Society of Central Pennsylvania and the Penn State Folklore Society host contra and square dances, with live music, the second Saturday of the month at Radio Park Elementary School, State College. There is dancing from 8:30 to 11 p.m., with free instruction for beginners at 8 p.m. Admission is \$4.

On Saturday, Nov. 11, Dick Cole will call a New England-style Contra Dance. Live music will be provided by Dr. Twamley's Audio Snakes. Beginners are welcome and no partner is needed.

Museum performance

The Robertson/Meyers Duo, flutist Hugh Robertson and lutenist Karen Meyers, will perform at 2:30 p.m. Sunday, Nov. 12, at the Palmer Museum of Art at University Park as part of the Historical Musical Instruments Performance Series.

Mr. Robertson and Ms. Meyers have adopted vocal selections, such as madrigals, chansons, motets and mass movements, to their own instrumental duo. Their arrangements of ballad and country dance tunes try to replicate the way courtly musicians of the 17th century would have performed the music.

Ms. Meyers, on the faculties of

'Up Mt. Nittany Ave.,' a pen and ink drawing by Becky Maat, is on display in the HUB Galleries.

Swarthmore College and Temple University, has appeared as a guest artist with many American historical music groups. She also has been lutenist to the American Shakespeare Festival in Stratford, Conn.

Mr. Robertson, a former member of the critically acclaimed New York vocal ensemble Capella Nova, was musician-in-residence at North Carolina State University from 1983-85. Currently, he is the visiting artist for the North Carolina Arts Council at Wayne Community College, Goldsboro.

'Autumn Voices'

The State College Choral Society and Nittany Valley Symphony will present "Autumn Voices" at 8 p.m. Nov. 13 in Eisenhower Auditorium at University Park.

Featuring works by Beethoven, Monteverdi and Verdi, this first-ever joint concert will offer solos by Carol Yahr and the Choral Society Madrigal Singers. Music director for the Choral Society is D. Douglas Miller and principal conductor for the Symphony is Barbara Yahr.

Tickets will be \$6 general admission, \$4 senior citizens and students, and will be available at the North Box Office of Eisenhower Auditorium, The Art Works, 103 S. Allen St., and at the door the night of the concert. No telephone orders, please.

Archaeology lecture

"Islamic Art and Medieval Italy" is the subject of a lecture by David Whitehouse, deputy director of the Corning Museum of Glass, at 8 p.m. Monday, Nov. 13, in 101 Kern Graduate Center at University Park.

The lecture presents an overview of Islamic elements in Italian art and architecture, mainly between the 12th and 14th centuries. The presentation is illustrated with slides of architecture, mosaics, stone and wooden carvings, bronzes and manuscripts.

Dr. Whitehouse holds B.A., M.A. and Ph.D. degrees from Cambridge University. Before coming to the Corning Museum of Glass in 1984, he was director of the British School at Rome and of the British Institute of Afghan Studies, as well as Wainwright fellow in Near Eastern archaeology at Oxford University. He has directed excavations in England, Italy, Iran, Afghanistan and elsewhere and is the author of more than 200 books, articles and reviews.

The lecture is sponsored by the Central Pennsylvania Society of the Archaeological Institute of America and is co-sponsored by the Institute for the Arts and Humanistic Studies and the colleges of Arts and Architecture and Liberal Arts. It is free and open to the public.

Bracken Lecture

Chester Rapkin, professor emeritus, School of Architecture at Princeton University, will present the lecture "The Future of Planning in the United States" at 8 p.m. Tuesday, Nov. 14, in 129 Wang Common at University Park. The lecture is the second in the 1989-90 Bracken Lecture Series, sponsored by the Department of Landscape Architecture.

Dr. Rapkin has written and contributed to numerous articles and technical papers and is the author of six books. He received his B.S. at C.C.N.Y. and his Ph.D. from Columbia University. He has taught at Columbia University, The Wharton School of the University of Pennsylvania and Princeton University.

Odyssey on WPSU

Hanoch Levin is an Israeli playwright both admired and disliked in Israel. On the next "Odyssey Through Literature" broadcast, Hebrew instructor Erella Brown introduces host Leonard Rubinstein to Levin's work and explains why he plays both attract and repel audiences.

Levin started his career in 1968 with a harsh satire against the 1967 war, and he has continued shocking his audiences and forcing them to see their world in a different light.

"But the shocking effect is not his ultimate goal," notes Mr. Rubinstein. "He wants the residue of the idea to remain after the shock is over."

Ms. Brown compares him to the great satirist Jonathan Swift. "He's very funny," she adds, "but it's not Jewish humor, it's Swiftian. Very whipping. What he has to say to the Israeli people is extremely important."

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Film to be shown

The film *El Norte* will be shown at 7 p.m. Wednesday, Nov. 15, at the Palmer Museum of Art at University Park.

The film traces the escape of a brother and sister from their Guatemalan village following the murder of their parents. The hardships endured by the siblings on their way towards the Mexican-American border complements the current exhibition at the Museum, "James Drake, The Border/La Frontera."

The film is in Spanish with English subtitles. The showing is free and open to the public.

Jazz bands

The Inner Dimensions Jazz Orchestra and the Outer Dimensions Jazz Orchestra, Penn State's second and third jazz bands from the School of Music, will present a concert of contemporary big band jazz at 8 p.m. Wednesday, Nov. 15, in the Recital Hall of the Music Building at University Park.

Jeffrey Kunkel, graduate teaching assistant in the jazz program in the School of Music, directs both orchestras. The concert will open with Outer Dimensions, which will perform works by Sammy Nestic and John Fedchock, as well as arrangements of standards such as "How High the Moon." Solists for Outer Dimensions will include Stafford Hunter on trombone, Lee Anne Burns on alto sax, and "Swinging Henry" Wetzel on bass.

The second half of the concert will feature Inner Dimensions, performing works selected from professional bands.

(Continued on page 7)

University Park Calendar

November 9— November 19 Special Events

Thursday, November 9

School of Music, Bach's Lunch, 12:10 p.m., Eisenhower Chapel. Penn State Trumpet Ensemble.

Women's Studies, 8 p.m., HUB Assembly Room. Gilbert Herdt, Univ. of Chicago, on "Adolescent Gay and Lesbian Development: Coming Out As a Rite of Passage."

Friday, November 10

Friends of the Palmer Museum of Art, conference, Clay in the East V: Black and White in Clay, Also Nov. 11.

Geog. Coffee Hour, 4 p.m., 319 Walker. Anthony Brazel, Arizona State, on "The Effect of Urbanization on the Desert Climate of Phoenix."

School of Music, 8 p.m., Recital Hall. Penn State Concert Choir Chamber Singers.

Saturday, November 11

Shaver's Creek, 2-4 p.m., Making Herbal Soap. Call 863-2000.

Center for the Performing Arts, 8 p.m., Eisenhower Aud., Vladimir Feltman, pianist.

Sunday, November 12

Shaver's Creek, 2-4 p.m., Natural Cleansing With Herbs. Call 863-2000.

Friends of the Palmer Museum of Art, 2:30 p.m., Palmer Museum of Art.

Historical musical instruments performance, Robertson/Meyers Duo.

Carnegie Hall Film Series, 7 p.m., 4 Carnegie. *La Souffriere, La Jette, Backyard, Night Drum* (1958), 9 p.m. Free.

Monday, November 13

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Marjorie Keune on "Designing the Humanities for the 21st Century."

Women's Studies, 1:30-3:30 p.m., 12 Sparks. 3rd Women's Studies Faculty/Advisory Committee meeting. All interested faculty and students are welcome.

Office of Religious Affairs, Ethics in America, videotape presentation and discussion, 3 p.m., Eisenhower Chapel, Memorial Lounge. "Anatomy of a Corporate Takeover" -- Business Ethics and Distributive Justice.

State College Choral Society and Nittany Valley Symphony, *Autumn Voices*, 8 p.m., Eisenhower Aud.

Archaeological lecture, 8 p.m., 101 Kern. David Whitehouse, Coming Museum of Glass, on "Islamic Art and Medieval Italy."

Tuesday, November 14

John R. Bracken Lecture Series, 8 p.m., 112 Walker. Chester Rapkin, Princeton Univ., on "Future Planning in the United States."

Wednesday, November 15

Late drop deadline. Penn State Chapter of Educational Office Personnel, 12:15 p.m., 110 Henderson. Maurine Claver on "Video Dismay" Terminals.

Friends of the Palmer Museum of Art, film, *El Niño*, 7:20 p.m., Palmer Museum of Art. School of Music, 8 p.m., Recital Hall, Jazz II and III.

Thursday, November 16

Trustees meet at University Park through Nov. 17.

Brown Bag Lunch/Lecture, 12:10-12:50 p.m., Palmer Museum of Art. Robert E. Lougy on "Charles Dickens: His Life and Art."

Bach's Lunch, 12:10 p.m., Eisenhower Chapel. Penn State Mallet Ensemble.

Center for Women Studies, lecture, 8 p.m., HUB Ballroom. Angela Y. Davis on "Violence Against Women." Lecture commentary and response panel, noon-1 p.m. Oct. 17, HUB Gallery.

Friday, November 17

Geog. Coffee Hour, 4 p.m., 319 Walker. Mary Manning on "Pulse and Metrics: Communications Technologies and Their Impact on the City."

Center for the Performing Arts, lecture, 5 p.m., Women's Studies Lounge, 12 Sparks. Members of the Colorado String Quartet will present lecture prior to their 8 p.m. performance.

Shaver's Creek, 7-8:30 p.m., Moonlit Hayride. Also Nov. 18. Call 863-2000.

Center for the Performing Arts, 8 p.m., Schwab Aud. Colorado String Quartet.

School of Music, 8 p.m., Eisenhower Aud. Bandorama.

Saturday, November 18

Shaver's Creek, A.L.A.R.M.I. The Monitoring continues, 10:11-30 a.m. Call 863-2000.

"Pedeasted Vase Form" by Edward Eberle is on display in the Palmer Museum of Art in conjunction with the ceramics conference, "Black and White in Clay."

Sunday, November 19

Shaver's Creek, 2-4 p.m., Raptor Facts. Call 863-2000.

Carnegie Hall Film Series, 7 p.m., *Battle of San Pablo/The War Game*, 8:45 p.m., *The Sun's Burial* (1960), 4 Carnegie. Free.

School of Music, 8 p.m., Recital Hall. Opera workshop.

Nov. 16-17, Pennsylvania Blasting Conference. L

Barry Phelps, associate professor of mining engineering, chair; Chuck Herd, coordinator.

Nov. 16. Allegheny Educational Broadcast Council. Marlene Temeles, program and utility coordinator, chair; Eric Loop, coordinator.

Nov. 16-17, Research Center meeting. Jack Sinclair, coordinator.

Executive Programs

Nov. 27-Dec. 7, Management Program for Natural Resource Managers, academic program director. Dr. Steven L. Wartick, associate professor of business administration and director, Center for Issues Management Research.

Seminars

Thursday, November 9

Whitfield Lecture, 3:30 p.m., SS Osmond Lab. Gordon Baym, Univ. of Illinois, on "Ultraviolet-Induced Heavy Ion Collisions and Possible New States of Matter."

Sigma Xi, 4 p.m., Kern Aud. Charles R. Hestler Jr. on "Scientific Integrity in a Negotiating Society."

Ecology, 4 p.m., 111 Wartick. Richard H. Yahner on "An Experimental Approach to Determining Factors Affecting Avian Nesting Success in Fragmented Landscapes."

Friday, November 10

Kappe Environmental Engineering Seminar Series, 3:35-5 p.m., 127 Sackett. Ananda M. Chakravarty, Univ. of Illinois, Chicago, on "Directed Evolution: Microbial Degradation of Synthetic Chlorinated Compounds."

Agromony, 3:35 p.m., 111 Tyson. James Kinry on "Carbon Balance During Grain Filling in Corn and Sorghum Under Stress."

Monday, November 13

Entomology, 3:45 p.m., 204 Patterson. Ronald Hellenbach, Univ. of Notre Dame, on "Rats (Actually Copepods), Lice, and Mystery: Biological Indicators in Systematics and Ecology."

Physics EFF, 4 p.m., 339 Davey Lab. T. Appelquist, Yale Univ., on "Technicolor and Fermion Masses."

Tuesday, November 14

Gerontology Colloquia, noon-1 p.m., 101 Health and Human Development East. Steven Long, executive director, Prescription Drug Payment Review Commission, on "The Unraveling of the Catastrophic Care Coverage Act."

Chemistry Colloquium, 3:30 p.m., SS Osmond Lab. Jonathan King, Massachusetts Institute of Technology, on "Protein Folding in *Vibrio*."

Biology, 4 p.m., 8 Mueller Lab. Fred Allendorf, National Science Foundation.

History Colloquium, 4 p.m., Memorial Lounge, Eisenhower Chapel. George Enten on "Soviet Historical Studies in the Light of Glasnost." Physics CAMP, 4 p.m., 339 Davey Lab. M. Schleinger on "Fractal Time in Condensed Matter Physics."

Wednesday, November 15

Medieval Studies Colloquium, 4 p.m., Memorial Lounge, Eisenhower Chapel. Jeanne Krochals on "The Miraculous Adventures of the Hand of St. James."

Thursday, November 16

Physics Colloquium, 3:30 p.m., SS Osmond Lab. Sidney Nagel, Univ. of Chicago, on "Relaxation at the Angle of Repose - Studies of Flowing Sand."

Ecology, 4 p.m., 111 Wartick. Marc Mangel, Univ. of Calif.-Davis, on "Conservation and Southern Ocean Krill: Biological, Ecological, and Operational Aspects."

Spatial and Temporal Signal Processing Center Seminar, 8 p.m., 225 Electrical Engineering West Mitchell Eggers on "Neural Network Activity at MIT Lincoln Laboratory."

Friday, November 17

Physics CAMP, 11 a.m., 339 Davey Lab. S. Nagel, Chicago, on "The Glass Transition."

Ag Economics and Rural Sociology, 3:30 p.m., 212 Eisenhower Chapel. Marc Mangel, Univ. of Calif., on "Perspectives on Dynamic Modeling."

Agromony, 3:35 p.m., 111 Tyson. Karen Simmons on "Nitrogen Management for Water Quality in Southeastern Pennsylvania."

Exhibits

Chambers Gallery

Art Student League Juned Exhibition, through Dec. 1.

HUB Galleries

Art Alley Cases: C. Rae Bradley, Rachis Creations, through Dec. 8.

Kern Galleries

College of Health and Human Development Research Exhibition, through Nov. 30. The French Revolution Machine, through Feb./4.

Palmer Museum of Art

Ceramics from Penn State Collections, through Nov. 19.

Festival of Trees, Nov. 18-Dec. 10.

Pattee Library

East Corridor Gallery: Jorane Rath, Simplification of Form, through Nov. 17.

Leading Services

Bill Hosterman, wildlife paintings, through Nov. 27.

Rare Books Room

Three Poems by John Balaan, with illustrations by Jerald Maddox, through Nov. 28.

Dorothy Roberts, Recent Poems, through Nov. 28.

Zoller Gallery

Clay in the East, through Nov. 11. James Drake, The Borderline Frontera, through Jan. 21.

School of Visual Arts Faculty Exhibition, Nov. 19-Dec. 2.

TIPS

Information Penn State

Call 863-1234, press 1 and enter the number of the message you wish to hear. Messages are listed in front of the telephone directories. Other messages are Weather-234; Arts Line-345; University Calendar-456.

Carpooler

Cathy needs one more rider to carpool from the Altoona/Bellwood intersection Route 220 or Tyrone to University Park. Work hours are 8 a.m. to 5 p.m. Call 943-6812 after 6 p.m. or 865-6556 and leave your name and number.

Penn Staters

Jesse L. Barlow, associate professor of computer science, gave two invited talks at the University of Naples' Center for Scientific Computation, Italy. Dr. Barlow also presented a paper at the 13th Biennial Meeting on Numerical Analysis in Dundee, Scotland, where he chaired a session of the meeting.

Mary Jo Cook assisted to the regional director, Central Penn State Cooperative Extension, has received the Search for Professional Excellence Award from the National Association of County Agricultural Agents Association for work she has done with the professional staff in the development of committees to develop quality educational programs in cooperative extension.

Robert C. Doyle, instructor in the American Studies Program, conducted guest lectures at Monash University, the University of Melbourne, Warrnambool Institute of Advanced Studies and Macquarie University in Australia.

Gideon Golany, research professor of urban design/planning, has been honored by two Chinese universities. Tongji University named Dr. Golany an honorary advisory professor. Xian Institute of Metallurgy and Construction Engineering named him an honorary professor.

Donald Kunze, assistant professor of architecture, presented a paper titled "Kynal Utopia: Architectural Machines as Enlightenment Critique" at the Third International Symposium on Utopian Studies, held in Rome, Caserta, and Reggio Calabria, Italy.

Robert E. Newham, Alcoa professor of solid state science, described the latest

advances in "Integrated Electroceramics" at the Thirty-Second Congress of the International Union of Pure and Applied Chemistry in Stockholm, Sweden.

Della M. Roy, professor of materials science at the Materials Research Laboratory, received the Canada Centre for Mineral and Energy Technology (CANMET)/American Cement Institute Award for "outstanding contributions to the fundamental knowledge of controlled blast-furnace slag as a material and its use in portland cement concrete."

Karl E. Spear, professor of ceramic science, spoke on "High Temperature Chemistry of High Performance Materials" at the Thirty-Second Congress of the International Union of Pure and Applied Chemistry in Stockholm, Sweden.

Gary S. Settles, professor of mechanical engineering and director of the Gas Dynamics Laboratory, spoke on "Holographic Interferometry of Swept Shock-Boundary Layer Interactions" at the 5th International Symposium on Flow Visualization, in Prague, Czechoslovakia.

Chuck Cave, assistant professor of art in the School of Visual Arts, has had pieces of his work selected for the Fifteenth Anniversary Exhibition of the Center for Book Arts in New York and the show "Books and Bookends: Sculptural Approaches" in Maryland.

J.L. Duda, professor and head of chemical Engineering, and **James S. Vrentas**, Dow professor of chemical engineering, have received the Charles M.S. Stine Materials Engineering and

Sciences Award of the American Institute of Chemical Engineers in recognition of their description of molecular diffusion in polymeric materials using the free volume theory and the Deborah number concept.

Gary N. Knoppers, assistant professor of religious studies, received a grant from the National Endowment for the Humanities to attend an eight-week seminar at the University of North Carolina at Chapel Hill on "History Writing in Ancient Greece. The Near East, and Israel: A Comparative Study."

Moylan C. Mills, associate professor of English, humanities, and the arts and director of academic affairs, and **Enrique Gronlund**, instructor in Spanish, both at Penn State Ogontz Campus, presented an invited paper, "Order vs Progress: Social Revolution in Two Works by Jorge Amado and Bruno Barreto—Donna Flor and Gabriela," at the International Conference on Literature, War, and Revolution at the University of Auckland in Auckland, New Zealand.

Robert F. Wideman Jr., associate professor of poultry science, has received the Poultry Science Association Research Award for 1989. The award is given annually to a scientist under 40 years of age who has published outstanding research in the last year.

Kenneth K. Kuo, distinguished alumni professor of mechanical engineering, presented an invited short course on "Solid Propellant Ignition" at the Ernest Mach Institute in West Germany.

Harvey B. Manbeck, professor of agricultural engineering, graduate student Bradley W. Wright and

Michigan Technical University faculty member Steven M. Shaler received an honorable mention for an American Society of Agricultural Engineers publication on "Performance of Glue-Laminated Preservative-Treated Columns" researched with Bradley W. Wright, a student, and Steven M. Shaler of Michigan Technical University.

Richard E. Tressler, director of the Center for Advanced Materials, presented findings of a study, "Fundamental Studies of the Oxidation of Silicon Carbide Crystals and CVD Silicon Nitride," at an international colloquium on high-temperature corrosion of ceramics in the Netherlands.

J. Madison Davis, associate professor of English composition, Penn State Erie, The Behrend College, participated in multilingual panels on "Why We Write Mysteries" and "Is Raymond Chandler Dead?" at the Semana Negra (Mystery Week) meeting held in Gijón, Spain. He was one of 50 authors invited to the celebration of the mystery.

Amir Khalilollahi, assistant professor of mechanical engineering, Penn State Erie, The Behrend College, presented a paper on "Transient Combined Free and Forced Convection Over Two In-Line Isothermal Rectangular Fins" at the 4th International Conference on Computational Methods and Experimental Measurements held in Capri, Italy.

Gary H. Koopman, professor of mechanical engineering, has been elected chairman of the Noise Control and Acoustics Division (NCAD) of the American Society of Mechanical Engineers (ASME).

News in Brief

Blood donor challenge

Now is the time to cast a very special vote for Penn State with your blood donation at University Park through Nov. 21 during the Seventh Annual Pitt-Penn State Blood Donor Challenge.

More than 400 University of Pittsburgh faculty and staff already have committed to donating blood. With your help, the American Red Cross will be able to replenish the community blood supply for the holidays, and regain the "title" from Pitt for the most blood collected.

You can donate at the following: Tuesday, Nov. 14, Pollock Union, 1 to 7 p.m.; Wednesday, Nov. 15, Warnock Union, 1 to 7 p.m.; Thursday, Nov. 16, Atherton Hall, 1 to 7 p.m.; Monday, Nov. 20, HUB, 10 a.m. to 6 p.m.; Tuesday, Nov. 21, HUB, 10 a.m. to 4 p.m.

Naturalization study materials

The State College Area School District Community Education provides free instruction and study packets for adults planning to become citizens of the United States.

The materials, which present the requirements for naturalization and examples of test questions, are available at the following offices: State College Area School District Community Education, Room 116, 411 S. Fraser St., Foreign Nationals Employment Services, Room 210, 120 S. Burrows St., Schlow Memorial Library, Reference Desk (second floor), 100 E. Beaver Ave., all in State College, and Centre County Prothonotary, Courthouse, Bellefonte.

Women sought for study

The Penn State Caring Project, centered in the Department of Human Development and Family Studies, has interviewed local women taking care of an elderly parent or parent-in-law in the home. More participants are being sought for interviews.

The purpose of the study is to learn about the daily experiences of women who are caring for an older person with physical or both physical and cognitive limitations. Participants will be interviewed confidentially in their home and asked to complete an activity diary for a week. Individuals will be paid for participating.

For further information, call Constance Jones at (814) 863-0241.

Academic computing meeting

For purposes of strategic planning for academic computing, an open meeting will be held with members of the Faculty Advisory Committee on Academic Computing and interested University faculty and staff at 4 p.m. Monday, Nov. 13, in Room 141 Computer Building at University Park.

The purpose of the meeting will be to solicit recommendations as to the future direction of academic computing at Penn State.

Sigma Xi seminar

Sigma Xi, The Scientific Research Society, will host a seminar titled "U.S. Voyager Missions to Jupiter, Saturn, Uranus and Neptune" at 4 p.m. Tuesday, Nov. 14, in Room 115 Electrical Engineering West at University Park. The seminar will be presented by

Norman F. Ness, president of the Bartol Research Institute.

Teleseminar scheduled

The Biotechnology Institute and Bioprocessing Resource Center will co-sponsor a teleseminar "Bioresearch Tools for the 1990s" with Millipore, from 12:30 to 4 p.m. Tuesday, Nov. 14, in 211 Keller at University Park.

The seminar will cover emerging research technologies and applications in bioresearch and is expected to have approximately 2,000 participants. Formal presentations, pre-taped animated segments and question and answer periods will be included in the seminar. Question sessions will be via live audio hookups. There will be no video from the receiving sites to the main studio.

Educational Office Personnel

Maurine Claver, manager of environmental health and safety, will discuss "Video Display Terminals" at a meeting of the Penn State Chapter of Educational Office Personnel at 12:15 p.m. Wednesday, Nov. 15, in Room 110 Henderson Building at University Park.

The Penn State Chapter of Educational Office Personnel is a professional organization whose membership consists of faculty, staff, non-exempt, clerical and technical services. For information, call Sharon Rolley, president, 863-2211, or Lois Summers, membership chair, 863-2211.

Fulbright Informal Lecture

Gustavo A. Escobar, professor of biology at the University of El Salvador in San Salvador, will present the second

Fulbright Informal Lecture, sponsored by the Office of International Programs. He will speak on "Left vs. Right in El Salvador: A Myth Created" from 4 to 5 p.m. Wednesday, Nov. 15, in Room 222 Boucke at University Park.

Award nominations sought

The Returning Adult Student Center, 323 Boucke Building at University Park, is now soliciting nominations for its Outstanding Adult Student Award.

Nomination materials are available from the HUB Information Desk, Kern Desk, and the Returning Adult Student Center.

Completed nomination materials are due at the Center, 323 Boucke, on Thursday, Nov. 30.

Research grant

Faculty associates of the Population Issues Research Center in the Institute for Policy Research and Evaluation have been awarded a research grant of \$383,750 from the National Institute of Child Health and Human Development. The grant will finance a study of "Intergenerational Exchanges in Families with Children."

The research group consists of **Dennis P. Hogan**, professor of sociology and director, Population Issues Research Center; **David J. Eggebeen**, assistant professor of human development and family studies; **Linda M. Burton**, assistant professor of human development and family studies; and **Katherine Fennelly**, associate professor of health education.

Faculty/Staff Alerts

Flexible benefits update

A number of questions have surfaced at the meetings which have been held to introduce Flexible Benefits to the full-time faculty and staff. So that more people would have the opportunity to learn from these questions and the answers, they are presented below:

Q. Is this program by calendar year or fiscal year?

A. The program is based on the calendar year. Each calendar year, Jan. 1 through Dec. 31, is a separate period of coverage.

Q. Does each employee have to return the election form?

A. You need to return your election form only if you are joining the program, adding an option or withdrawing from Option 1.

Q. By what date of the month must these claim forms be submitted?

A. There is no specific date requirement. Claims will be processed as they are received. Checks will be issued during the first week of the month for all accounts that have had claims processed.

Q. Must I submit an actual receipt, or will you accept a copy?

A. We need the actual receipt. Keep a copy for your records.

Q. Is a cancelled check acceptable for a receipt?

A. No. A receipt showing name and address of your healthcare or dependent care provider is required. In the case of dependent care providers, a tax identification number or social security number also is required.

Q. What expenses are accepted by IRS?
A. The same guidelines printed in IRS Publication 502 will be followed to determine eligibility for reimbursement. The final decision as to what the IRS accepts as a tax deductible expense is up to the IRS.

Q. The nursery school my child attends offers an 8 percent discount if paid for the full year. Could I get a reimbursement for the full amount the first month?

A. No. The service has to have taken place in order to receive a reimbursement. Prepayment of future services are not eligible for reimbursement.

Q. If I have dental work done in December, and I pay the bill in January, can I use the year in which I make payment for the services?

A. No. The key is in which year you receive the service, not when you actually make payment. Only expenses from services or purchases incurred in 1990 are eligible.

Q. If I am still paying for treatment incurred two years ago, will this be reimbursed?

A. No, the treatment must occur in 1990 to be reimbursed.

Q. If my spouse is employed, must I submit claims to his/her insurance company before using the reimbursement account?

A. Yes. The healthcare account reimburses out-of-pocket expenses only; therefore, you

must exhaust your sources of health plan reimbursements first.

Q. What does Penn State do with the money that is forfeited?

A. Forfeited funds will be used to offset losses possible under Option 2. Careful planning should receive the chance for funds to be forfeited.

Q. Does this have any effect on my SERs or TIAA retirement benefit?

A. None whatsoever. Your retirement contribution and eventual payment are based on actual salary not taxable salary.

Faculty and staff members are reminded that the deadline for returning the 1990 election form is Nov. 17.

Additional questions about the Flexible Benefits Program may be referred to the Employee Benefits Division, 865-1473 (network 475-1473).

Winter parking regulations

Parking is prohibited in faculty/staff parking areas from midnight to 7 a.m. when snow falls, or when there is predicted snowfall in the evening or night.

Signs stating "No Parking, Midnight to 7 a.m., If Snow" are posted at the entrance to all faculty/staff parking areas. When there is no snow or no predicted snowfall, the regulations will not be in effect.

Faculty and staff members should not leave their vehicles parked overnight on campus when a snowfall occurs. If they must leave vehicles parked on campus overnight, for personal safety reasons, they must move their vehicles to a designated

emergency faculty/staff overnight parking area.

Three parking lots are designated emergency faculty/staff parking lots and may be used for vehicles displaying a current faculty/staff parking permit. They are the west section of the Red C parking area, the northeast section of the Blue A parking lot near Mitchell Building and the east section of the Orange F parking lot at the Sports Complex.

So that vehicles may be moved to these emergency parking areas, or moved from campus, Physical Plant will give high priority to salting and/or applying anti-kill materials during a snowfall to all roads and parking lot entrances that are on a grade.

Vehicles that remain on campus beyond midnight when there is snow, other than in the designated emergency overnight parking areas, will be cited for snow restriction, which carries a \$15 penalty. Employees are urged to review Parking Regulation L covering winter parking regulations.

The lower level of the parking terrace will not be posted as a restricted area when snow accumulates. However, the lower level of the parking terrace is not designated as an emergency parking area. Any vehicle parked overnight at the lower level of the terrace must be moved to the assigned parking area by 7 a.m. the next workday morning unless the vehicle has a Green B parking permit displayed.

Promotions

Clerical

Mary M. McCullin, to conference clerk A in Agriculture

Phyllis B. Moran, to secretary B at Delaware County Campus.

Patty J. Poorman, to conference secretary in Commonwealth Educational System.

Christine J. Seibert, to secretary B at Hershey.

Dianne Shaw, to secretary B at McKeesport Campus.

Holly M. Shoemaker, to secretary B in Liberal Arts.

Sandra Smith, to secretary B in Business Administration.

Christine Surovec, to senior clerk, monograph receiving in University Libraries.

Linda S. Verbeck, to secretary B in Liberal Arts.

Bobbi Jo Watson, to accounting clerk in Controller's Office.

Technical Service

Daniel W. Auman, to stock clerk-truck driver in Housing and Food Services.

James Blow, to group leader, test driver II in Research and Graduate School.

Ricky L. Cox, to truck driver in Housing and Food Services.

John F. Gengery, to truck driver, (light, medium, heavy) in Applied Research Lab.

David W. Hodge, to test driver II in Research and Graduate School.

William Jones, to test driver II in Research and Graduate School.

Douglas S. Keith, to truck driver in Housing and Food Services.

Ronald W. Knight, to patrol officer at Delaware County Campus.

Joseph R. Kocher, to truck driver, (light, medium, heavy) in Applied Research Lab.

Ted Langham, to maintenance worker, utility in Office of Physical Plant.

Thomas L. McCahan, to stockroom worker in Office of Business Services.

Perry A. McCaleb, to test driver II in Research and Graduate School.

Jerry McCloskey, to building and equipment attendant in Undergraduate Programs.

Jeffrey D. Metz, to farm machinery operator/mechanic in Agriculture.

Norman R. Nelson, to group leader, greenhouse technician in Agriculture.

Charles A. Poretto, to technician/operator, copy center in Office of Business Services.

Mary E. Ramsey, to senior systems developer in C&IS - Center for Academic Computing.

Mark C. Sausure, to senior electronics technician, manufacturing systems lab in Engineering.

Carol M. Smith, to laboratory attendant A in Housing and Food Services.

Robert P. Smith, to maintenance worker general B at McKeesport Campus.

Focus on the arts

(Continued from page 4)

such as Toshiko Akiyoshi, Bob Mintzer and Woody Herman. Featured soloists will include University students Mark Fisher on trombone and Kelly Lovell on bass.

Colloquy program

Colloquy will present an informative program titled "The Great Debate: Should There be Limits to Our Freedom?" at 8 p.m. Wednesday, Nov. 15, in Schwab Auditorium at University Park.

Patrick Korten, director of public affairs for the Department of Justice during the Reagan administration, will argue in favor of limits on individual freedoms. Barry Lynn, legislative counsel for the American Civil Liberties Union, will argue against restrictions.

Mr. Korten was appointed director of public affairs by then Attorney General Edwin Meese and served nearly four years as the Justice Department's spokesman. During his time with the Justice Department, he handled such matters as the hijacking of TWA Flight 847, the Walker/ Navy spy case and the Cuban refugee riot at Atlanta Penitentiary.

Mr. Lynn, the ACLU's congressional lobbyist, is an ordained minister in the United Church of Christ. He has been the

ACLU's pointman on all personal freedom subjects, including prayer and religion clubs in public school, the regulation of broadcasting, the Fairness Doctrine, children's advertising, public access to cable television and federal child care programs.

Mallet Ensemble

The Penn State Mallet Ensemble will perform in concert at 12:10 p.m. Thursday, Nov. 16, in Eisenhower Chapel at University Park. The 20-minute concert is part of the fall Bach's Lunch Concert series sponsored by the School of Music and the University Lutheran Parish.

The program will include "Woodwork" by Ian Bach, an arrangement of "Greensleeves" by G. Peters and "Dotty Dimples" by G.H. Green and V. Arden, featuring Larry Doran as xylophone soloist.

The ensemble, directed by Dan C. Armstrong of the School of Music faculty, consists of seven players, the majority of whom are music majors.

Dickens talk

A preview of the seventh annual Festival of Trees, "Travels with Dickens," will be presented in a brown bag luncheon lecture at 12:10 p.m. Thursday, Nov. 16.

Robert E. Lougy, associate professor of English, will present "Charles Dickens: His Life and Art" at the Palmer Museum of Art at University Park.

Dr. Lougy will discuss Dickens' life and how his early years influenced his career as a novelist. He also will discuss his attributes as a person and a novelist.

Dr. Lougy, a University faculty member since 1967, received bachelor, master's and doctoral degrees from the University of California at Davis. He is the author of numerous publications on 19th-century writers, such as Dickens, Thackeray and Tennyson.

Colorado Quartet

The Colorado Quartet, one of the first all-female quartets to break into the string music circle, will perform at 8 p.m. Friday, Nov. 17, in Schwab Auditorium at University Park.

The group's repertoire includes composers from Beethoven to Ezra Laderman. Its selections for the concert will feature quartets from Mozart, Shostakovich, and Brahms.

The group includes Julie Rosenfeld on first violin, Deborah Redding on violin, Francesca Martin on viola, and Sharon Prater on cello. They will discuss the role of women in the performing arts at 5 p.m. Nov. 17, in the Women's Studies Lounge, 12 Sparks Building, as part of the "Artistic

Viewpoints" lecture series.

Tickets may be purchased at the Eisenhower Auditorium ticket office on weekdays from 9 a.m. to 4 p.m. or at the Playhouse Box Office from 11:30 a.m. to 5:30 p.m. on Tuesday through Friday.

Bandorama

Enjoy the Penn State Blue Band indoors at its annual Bandorama concert the night before the Penn State/Notre Dame football game. The concert will be at 8 p.m. Friday, Nov. 17, in Eisenhower Auditorium at University Park.

The Blue Band will perform traditional Penn State school songs, in addition to a review of 1989 football halftime show music, including guest appearances by jazz saxophonist Dan Yoder, and "Elvis." The Symphonic Blue Band also will perform several selections.

The entire Blue Band will be on stage along with group major Jay Dziga, feature twirlers, Lori Branley and John Mitchell, the Touch of Blue members and the Blue Band Silks.

The Blue Band is directed by Ned C. Dehl. The associate director is O. Richard Bundy and assistants are Brad Townsend and Art Belliere.

Tickets are \$5 for adults and \$3 for students and can be purchased at the Eisenhower South Box Office, Eisenhower Auditorium.

Taking part in the grand opening of the Altoona Bus Testing Center are, from left, James C. Wambold, director of the Vehicle/Surface Interaction and Safety Program at the Pennsylvania Transportation Institute (PTI); Charles Hosler, senior vice president for research and dean of the Graduate School; Brian Clymer, administrator designate, Urban Mass Transportation Administration; Congressman Bud Shuster; John J. Henry, PTI director; State Sen. Robert Jubelirer; and William Millar, chairman, American Public Transit Association.

Grand opening ceremonies held for Altoona Bus Testing Center

The Altoona Bus Testing Center, a facility operated by the Pennsylvania Transportation Institute, had its grand opening Monday, Oct. 30.

U.S. Rep. Bud Shuster, who led legislative efforts to establish the center, was joined in the opening ceremonies by Brian Clymer, administrator designate, Urban Mass Transportation Administration; William Millar, chairman, American Public Transit Association; Charles Hosler, senior vice president for research and dean of the Graduate School, and state Sen. Robert Jubelirer.

The Pennsylvania Transportation Institute received a \$3.1 million contract from the Urban Mass Transportation Administration of the U.S. Department of Transportation to establish the center, which is the only one of its kind in the United States.

"Any public bus, from vans and

minibuses to large articulated buses must have a sample bus tested," James C. Wambold, director of the Vehicle/Surface Interaction and Safety Program at PTI and professor of mechanical engineering, said.

The bus testing center will be located in Altoona and on the University Park Campus. Robert DeJaffie is manager of the Altoona Bus Testing Center, which will employ 28 permanent staff members. Dr. Wambold is general manager of the bus testing center.

When operating at full capacity, the Altoona Bus Testing Center will employ up to 77 people.

The Conrail Training Center in Altoona has been renovated to accommodate a machine and welding shop, parts room, inspection pit, area for articulated buses and other work spaces.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Nov. 16, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment Practices (FES-1) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law) sex, or status as a disabled or Vietnam era veteran.

• **Administrative Aide, College of Engineering, University Park Campus** - Responsible to the department head for the administration of department activity particularly the coordination of the office functions and related procedures. Assist in preparation of department budget, research budgets and salary assessment schedules. Interview, supervise and review the work

performance of clerical employees. Advise on affirmative action matters and prepare reports. Requires associate degree, or equivalent, in a related field, and concentration in a written communication discipline is desirable. One to two years of effective administrative experience. STAFF GRADE 5

• **Facilities Assistant, College of Science, Dean's Office, University Park Campus** - Responsible to the assistant to the dean for facilities. Conduct regular inspections of buildings, report hazards, initiate work orders to resolve routine problems, recommend correction of major problems. Review plans and prepare cost estimate for routine repairs and renovations. Coordinate utilities interruptions. Requires bachelor's degree, or equivalent, in management, engineering or related field with one to two years effective experience. Familiarity with building trades, construction or facilities management. Computer experience with data management software preferred. STAFF GRADE 5.

• **Recreation and Athletic Specialist, Penn State Harrisburg** - Responsible to the coordinator, Recreation and Athletics, for providing, developing and implementing portions of a recreation and athletics program that includes leisure time activities, intramural and intercollegiate athletics at Penn State Harrisburg with special emphasis on women's

activities. Requires bachelor of science degree in physical education, recreation or related field, plus over one year of effective experience preferably in women's sports. Master's degree and/or athletic training is preferred. THIS IS A 10-MONTH CONTINUING POSITION - AUGUST THROUGH MAY ANNUALLY. STAFF GRADE 5.

• **Training Specialist, Commonwealth Educational System, Wilkes-Barre Campus** - Responsible to the advising counseling assistant for assisting in activities related to training and development of employees involved in the metal tool production machine operation at the Lehigh-Rand Athens, Pa., facility through the Penn State - Ben Franklin Partnership. Requires associate degree or equivalent, in engineering technology with two to four years of effective experience in general machine shop practices. Experience in operations, programming and set-up of computer numerical controlled (CNC) equipment for instructional purposes and experience with non-traditional students is preferred. THIS IS A FIXED-TERM POSITION RUNDED THROUGH AUG. 31, 1990. STAFF GRADE 5.

• **Director of Development, Wilkes-Barre** - Responsible to the campus executive officer and CES

director of university development and university relations for organizing and conducting all fundraising programs and related business, industry and community activities for the Wilkes-Barre Campus including planned giving, capital campaign, annual fund, etc. A special emphasis in corporate giving and support is a major aspect of the position. Requires bachelor's degree, or equivalent, with three to four years of effective experience in community service with fund-raising responsibilities. Knowledge of business and/or industry is preferred. STAFF GRADE 8.

• **Coordinator, Academic Support Services, Shenango Campus** - Coordinate all Learning Center operations. Work with faculty to integrate computer-aided instruction into the curriculum. Work with remedial/developmental faculty to integrate computer-aided instruction into developmental courses. Serve as primary resource person researching and recommending academic computer and related hardware/software acquisitions. Responsible for grant and other external resource development. Requires master's degree, or equivalent, in computer-based or developmental education or related field, plus three to four years effective experience. Doctorate preferred. STAFF GRADE 7.

Position open at Penn State Harrisburg

Applications and nominations are being sought for the administrative position of assistant provost for information technologies and instructional services at Penn State Harrisburg.

The assistant provost is responsible for supervising operations of existing computer center and instructional services activities. He or she will develop administrative structure required to integrate all information systems, instructional technologies, and telecommunication

operations into an effective academic support unit.

A Ph.D. in related field is preferred; master's degree considered with commensurate expertise. Minimum of five years relevant experience, including demonstrated management and supervisory skills, is required.

Applications and nominations should be submitted to William Mahar, chair, Search Committee, Penn State Harrisburg, Middletown, Pa. 17057. A January appointment is preferred.

Video engineer/editor being sought

Pennsylvania College of Technology is seeking to fill the position of video engineer/editor.

The person in the position reports to the director of the Instructional Media Center and is responsible for technical aspects of television production and the technical quality of television programs produced by the college.

Qualifications include an associate degree in electrical engineering, telecommunications or electronics or equivalent combination of education and

experience; experience in educational/training video production; ENG-EFP training, and ability to operate and repair standard television production and support equipment.

Pennsylvania College of Technology is a component of Penn State, but operates as a separate institution for staffing and other purposes. To apply for the position, submit letter of application, resume and list of three professional references to: Personnel (29) Pennsylvania College of Technology, One College Avenue, Williamsport, PA 17701.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Georgetown professor to be King observance speaker

Eleanor Holmes Norton, professor of law at Georgetown University Law Center, will be the featured speaker for Penn State's University Park observance of the national

holiday to honor the Rev. Dr. Martin Luther King Jr. She will speak at 4 p.m. Monday, Jan. 15, in Eisenhower Auditorium.

The event is one of numerous Martin Luther King holiday activities scheduled at University Park and many other Penn State campuses.

A professor at the Georgetown University Law Center since 1982, Ms. Norton was appointed by former President Carter to chair the Equal Employment Opportunity Commission in 1977. She was the first woman to ever head the agency.

As EEOC chair, she won praise from employers, rights groups and the public alike for her work in developing equal employment law and policy by using efficient systems that reformed EEOC operations and reduced its large backlog of cases for the first time in the agency's history.

During her tenure as EEOC chair, she administered Title VII of the 1964 Civil Rights Act, the Equal Pay Act, the Age Discrimination in Employment Act, and

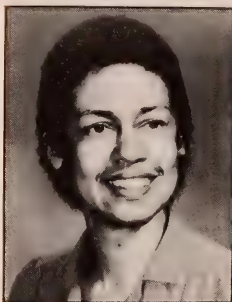

Section 501 of the Rehabilitation Act covering handicapped individuals.

She also is an authority on a broad range of domestic issues and world affairs, among them labor force and employment matters, anti-discrimination policy, family, education, and poverty concerns and many legal issues. She addresses such issues in her commentaries on National Public Radio and in her published articles. She also has appeared on the McNeil-Lehrer News Hour and other national public affairs programs.

Ms. Norton received her law degree from Yale Law School, master's in American studies from Yale Graduate School and bachelor's degree from Antioch

College. She has co-authored the book *Sex Discrimination and the Law: Causes and Remedies* and currently is writing a book about the development and impact of anti-discrimination law and affirmative action remedies in an effort to help clarify public understanding.

She has been named one of the 100 Most Important Women in America, has received many honors, including 33 honorary degrees, and serves on a variety of boards including the Martin Luther King Jr. Center for Social Change, the Rockefeller Foundation, and three Fortune 500 companies.

Eleanor Holmes Norton

Announcement planned

The Executive Committee of The Campaign for Penn State invites the University community to join President Jordan and William A. Shreyer, chairman of The Campaign for Penn State, in an announcement of historic proportions at 1:30 p.m. Friday, Nov. 17, on the steps of Old Main at University Park.

University Park campaign reaches 87 percent of its goal

Penn State employees at University Park have pledged a total of \$144,555.96 or 87 percent of the campus goal of \$164,500 to United Way as of Nov. 9.

The campaign, in its second week, has emphasized increased information about United Way, a new payroll report/return form, and requires individuals to return their pledges to the Payroll office, not an area coordinator.

The University Park campaign is scheduled to end officially today, Nov. 16. Employees wishing to participate in the United Way campaign which benefits 34 member agencies, are asked to return their cards immediately to Payroll, 306 Rider Building, in the confidential envelopes provided. Forms received by today in the Payroll office will result in payroll

deductions in the Nov. 30 paycheck. Those received after Nov. 16 will be deducted from the December paychecks.

The following guidelines may be useful to those persons who have not yet returned their United Way pledge:

- Current payroll contributors not wishing to make any change do **not** have to return cards--continuous giving went into effect Jan. 1, 1989.
- To increase, decrease, stop or start pledges, fill out card appropriately and

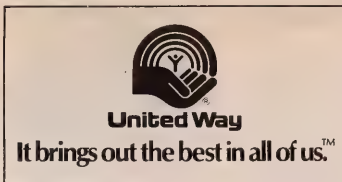

return to Payroll

-- Cash, checks or requests to be billed also can be directed to the Payroll office for further handling by the Centre County United Way office.

-- Persons not wishing to participate in this year's United Way campaign do **not** have to return cards.

-- To change a United Way payroll deduction after November, when the campaign is officially over, request a United Way payroll change form (green card) from your personnel representative or the Payroll office.

If you have questions about the University Park United Way campaign or Centre County United Way, contact your area United Way coordinator, University Relations at 865-2501, or the Centre County United Way Office, 238-8984.

Faculty Senate approves off-campus leasing report

At the Nov. 7 University Faculty Senate meeting, Senators unanimously approved an advisory and consultative report recommending changes in the way the University handles leases for off-campus space.

The report, which was made by the Committee on Academic and Physical Planning, was in response to the University's lease agreement with Marian U. Coppersmith, vice president of the Board of Trustees.

In July, the Board of Trustees approved a rental agreement for approximately 10,000 square feet of the Towers Building in State College for a period of three to five years.

Senate officers requested a meeting with President Jordan on the matter, because of faculty concerns about the propriety of the agreement and possible conflict of interest issues.

Later, Academic and Physical Planning members met with Steve Garban, senior vice president for finance and operations. The committee agreed that "the rental rate is commensurate with rates paid for similar buildings rented by the University."

The committee recommended that in the future, sufficient time be allowed for a thorough examination of proposed similar transactions, that such ventures be put on the agenda of the Board of Trustees and that matters involving a trustee be debated and voted on in the absence of the trustee.

In other action,

-- Gary C. Schultz, assistant vice president for operations and services, outlined the University's plans to develop a research park. The plans will be presented to the Board of Trustees on Nov. 10 and 17.

The 130-acre site identified for the research park is located at the intersection of Mt. Nittany Expressway and Park Avenue at University Park. The site's advantages, he pointed out, include "excellent road access and readily available utilities and the proper balance of being reasonably close to campus while not constraining the development of the academic core campus."

With the assistance of Mckel Development Group of Philadelphia and in consultation with faculty and community advisory groups, the University has developed plans for a research park that address the Positive Sum Economic Development Strategy approved by the trustees in May 1987, as well as complement Gov. Robert Casey's program to revitalize the state economy. Mr. Schultz said.

The park is expected to support about 1.5 million square feet of buildings and up to 3,000 employees. It will be developed in four phases, each of which will stand on its own, physically and financially. Mr. Schultz emphasized that creating a research park is a long-term process that could take up to 12 years to complete.

Phase 1 will involve the construction of four buildings: conference center, interdisciplinary research laboratory,

150-room hotel and technology center. The University will construct the conference center and research lab.

The conference center will be a 112,000-square-foot facility that will provide a new home for conference activities conducted in Keller Building. Keller space will be used for academic program needs. The 100,000-square-foot research lab also will release space on campus for other uses.

The hotel will be privately owned and built on land leased from the University. It will be operated by a national hotel chain.

The technology center is expected to house the Centre County Industrial Development Corp. business incubator and also will include space for University administrative units.

Total estimated cost for Phase 1 is \$60 million. The University's facilities, to be financed by a bond issue, will total \$42.7 million.

"All development at the research park will be self-supporting," Mr. Schultz said.

Support will come from reduced off-campus lease expenses, conference center fees, land lease revenues from the hotel and a portion of the indirect cost growth from industry-sponsored research stimulated by the research park, he added.

Currently, the University leases more than 200,000

(continued on page 3)

Focus on Diversity

Diversity Opportunities Calendar

Thursday, Nov. 16
Puerto Rican Student Association, noon to 1:30 p.m. HUB Fishbowl. Elizabeth Iglesias as "Puerto Rican Women: Voices of Transition."

Center for Women Students, 8 p.m.
HUB Ballroom, Angela Davis, feminist on "Violence Against Women."

Friday, Nov. 17
Puerto Rican Student Association, 11 a.m.

to 2 p.m. Paul Robeson Cultural Center.
"A Penn State Fiesta: A Puerto Rican Way," musical interpretations and dance show by PRSA members.

Center for Women Students and Women's Studies, 5 p.m., 12 Sparks Building. Four women from the Colorado String Quartet discuss status of women in arts and music. The group will perform at 8 p.m. in Schwab Auditorium.

Monday, Nov. 20
Women's Series, 7 p.m., Pennsylvania College of Technology, a wholly owned subsidiary of Penn State. "As the Wind Rocks the Wagon," a one-woman drama.
Wednesday, Nov. 22
WPSU radio, 91.1 FM, "Perspectives," 6:30 p.m. "African Americans and Homelessness: Are Real Solutions Being Applied," call-in radio talk/discussion.

Fong, Barraza elected Women of Color coordinators

Vicki Fong, News Bureau manager in the Public Information Department, has been elected coordinator of Central Pennsylvania Women of Color.

Santa Barraza, assistant professor of art has been elected assistant coordinator. Ms. Fong, 30, a native of Pottstown, is a 1981 Penn State graduate with a B.A. degree in journalism. She is a member of the Equal Opportunity Planning Commission at the University and the American Association for Higher Education. She previously had been an adviser to the Mortar Board Central Senior Honor Society.

Ms. Barraza, 38, is the recent recipient of the Institute for the Arts and Humanistic Studies Fellowship. A University faculty member since 1988, she is a native of Kingsville, Texas. She earned her bachelor and master of fine arts degrees in studio art, drawing and painting from the University of Texas, Austin.

Before joining Penn State, she was an assistant professor of art at La Roche College, Pittsburgh, from 1985 to 1988.

Vicki Fong

During her career, her work has been published in numerous publications and exhibited in art galleries throughout Texas.

Santa Barraza

California, New York, Arizona and Pennsylvania.

Representative council members include:

Puring MacDonald and Ms. Fong, Asian/Pacific Islander; Dee A. Frisque and Robyn Garner, Black/African-American; Raquel Freeland and Ms. Barraza, Hispanic; and L.A. Napier and Frances Twin, Native American.

WPSX-TV program

The Mills Brothers' Story, airing at 10 p.m. Friday, Nov. 17, on WPSX-TV, takes an affectionate look at the singing careers of Donald, Harry and Herbert Mills. Originally billed as "Four Boys And A Guitar" (they began with older brother John Jr. who died in 1936). The Mills Brothers have touched over a half-century of show business history.

In candid interviews, the brothers discuss family, their youth in Piqua, Ohio, and their experiences in show business. Musical clips of the brothers range from a 1932 performance to their 1981 next to last engagement and include the songs "You Always Hurt The One You Love," "Glow Worm," and "Opus One."

Writer will give dramatic presentation

J. Archibald Holland, free lance writer, will give a dramatic presentation titled "The Legacy of Langston Hughes" at 7 p.m. Monday, Nov. 20, in the Paul Robeson Cultural Center auditorium at University Park. The event will focus on Mr. Holland's vocal interpretations of Hughes poetry and is cosponsored by the Paul Robeson Cultural Center.

Mr. Holland attended Lincoln University and Columbia University Graduate School of Journalism and Social Science and Brooklyn Law School. He began his writing career during law school by creating advertising copy for printing customers.

He then was appointed to the staff of the American Management Association, promoting management seminars to

business and industry. He also became senior social studies writer in the textbook division of Holt, Rinehart and Winston.

Mr. Holland has published a number of articles on gun control, one of which was read to the U.S. Senate by Sen. Edward Kennedy. Since then he has been quoted in Congress, interviewed on NBC-TV's talk show "Positively Black" and has appeared on the college lecture circuit.

While employed as a consulting editor to the *Harlem Quarterly*, a literary magazine, he developed a close association with Hughes. He then created vocal interpretations of the poetry to give the works greater meaning and acceptance.

Currently Mr. Holland is a direct marketing consultant and free lance writer and recently has completed his first novel.

J. Archibald Holland

Observance set

Lectures, music and dance highlight the Puerto Rican Awareness Week, being observed this week at University Park.

Sponsored by the Puerto Rican Student Association, the remaining activities include:

Nov. 16 - "Puerto Rican Women: Voices of Transition," by Elizabeth Iglesias, Career Development and Placement Services, HUB Fishbowl, noon to 1:30 p.m.

Nov. 17 - "A Penn State Fiesta: A Puerto Rican Way," musical interpretations and dance show by students, at Paul Robeson Cultural Center, 11 a.m. to 2 p.m. Participants include Pedro Jimenez, Jocelyn Jimenez and Nilsa Santiago. The dance show is directed by Yolanda Ramos-Melecio.

The Campaign for Penn State University acquires supercomputer with IBM grant

A \$6.6 million grant from IBM Corp. has enabled the University to acquire the nation's largest IBM computer dedicated exclusively to academic research and instruction.

The 3090 Model 600S among the most powerful computers made by IBM has been installed in the Center for Academic Computing, where it will benefit both faculty and students.

"The acquisition of this supercomputer marks the beginning of a new era in cooperation between Penn State and IBM," President Jordan said. It formalizes a working partnership that we have had for many years and promises to yield substantial benefits to higher education. We will enjoy access to the very latest IBM technology. In turn, we will share our experiences in applying this technology with IBM's research and development forces to help them achieve even better

'The acquisition of this supercomputer marks the beginning of a new era in cooperation between Penn State and IBM.'

—President Jordan

designs in the future."

The Model 600S doubles the capacity of the center's central processing unit and increases the memory by four times, according to J. Gary Auguston, executive director of computer and information systems. It also performs calculations faster than any previous IBM computer - on the order of several billion a minute.

"Because the 600S has a faster response time, faculty and students will spend less time waiting at terminals," Mr. Auguston said. "It also can support about twice as many concurrent users as our previous machines, which means waiting time to use the mainframe also will be substantially reduced."

Last spring, about 5,400 faculty and graduate students and 13,500 undergraduates used the Center for Academic Computing's mainframe for research and class assignments. The center provides terminals and microcomputers that can access the new mainframe from all 23 Penn State campuses.

"We are putting our supercomputer into the hands of some of Penn State's top scientists, among the most demanding supercomputer users in the world," said L.G. "Buzz" Waterhouse, applications solutions director of IBM's Academic

Information Systems organization and a Penn State alumnus. "The insights they share with us will help us develop the supercomputers of the future. Our joint explorations will help us gain the knowledge we need to advance computer technology into the next century."

Penn State, UCLA and the University of Utah are the only universities to have the Model 600S. Utah's mainframe is accessible to private industry, and UCLA's is used in part for administrative services.

Mr. Auguston said that a series of grants from IBM has helped Penn State to achieve a 24-fold growth in computing power since 1980. The center's computer memory has increased by 256 times, from four megabytes to one gigabyte.

IBM's grant is included in The Campaign for Penn State, a six-year effort to raise \$300 million in private support for academic programs.

Foundation representatives visit University Park

Representatives of the Alexander von Humboldt Foundation visited University Park recently and met with University faculty members who are former Humboldt fellows or award holders.

The visitors, Hellmut Hanle and Renate Mohr of the A.v.H. Foundation, and Jürgen Buntius of the Deutsche

Forschungsgemeinschaft (German Research Foundation), also met with William C. Richardson, executive vice president and provost of the University, and Charles Hosler, senior vice president for research and dean of the Graduate School.

The visit represented part of an effort to increase ties between American researchers and the A.v.H. Foundation which, in turn, is supported in part by the German National Research Association.

Dr. Hanle reported that this year there will be up to 480 research fellowships awarded, ranging in duration from six to 24 months in humanities, natural and applied sciences. The stipends vary, but are intended to completely support the research scholar and his family, including all travel expenses associated with the stay in Germany.

Applications may be submitted at any time for this program which is intended for scholars who are not over 40 years of age.

The Humboldt Foundation, with home offices in Bonn, West Germany, also makes a large number of Research Awards annually. The awards are in the nature of prizes and carry high prestige.

The awardees, who are invited to spend several months conducting research in Germany, must be internationally

recognized U.S. natural scientists or humanities scholars, at the level of associate or full professor or equivalent standing. There is no age limit. Nominations have to be made by an eminent German scholar, who would likely serve as host.

Currently active University faculty members who have been A.v.H. fellows include S. Ashok, professor of engineering science; W.D. Brownswell, professor of mathematics; M.Y. Frenklach, associate professor of fuel science; M. Gunaydin, associate professor of physics; R.E. Harkavy, professor of political science; R.H. Herman, professor and head of mathematics; R.E. Huff, associate professor of mathematics;

D.L. Jacquette, assistant professor of philosophy; D.G. James, professor of mathematics; E. Keynes, professor of political science; H. Ohmoto, professor of geochemistry; P.M. Prinz, associate professor of communication disorders; E. Schurer, professor and head of German; J.R. Sweeney, associate professor of history; T.T. Tsong, professor of physics.

Faculty members who have received A.v.H. awards include H.L. Barnes, professor of geochemistry; R.A. Bernheim, professor of chemistry; A.W. Castleman, Evan Pugh professor of chemistry; R.M. Herman, professor of physics; L.M. Jackman, professor of chemistry; F.W. Lampe, professor of chemistry; H.W. Liebowitz, Evan Pugh professor of psychology; A.K. Blackadar, professor emeritus of meteorology, and P.S. Skell. Evan Pugh professor emeritus of chemistry.

For further information about the

Alexander von Humboldt

funding opportunities provided by the A.v.H. Foundation, contact any of these faculty members or Dr. Hellmut Hanle.

Alexander von Humboldt-Stiftung, Jean-Paul Strasse 12, D5300 Bonn 2, West Germany.

Appointments

Tricia Wood DeMarco has been appointed coordinator of public information at Penn State Erie, The Behrend College. Her responsibilities include coordinating internal and external communications, media relations, and publications.

Ms. DeMarco is a 1984 graduate of Penn State, where she earned a bachelor's degree in journalism with a minor in English. She is a member of the local chapters of the American Association of University Women, the International Association of Business Communicators, and the College and University Public Relations Association of Pennsylvania.

Ms. DeMarco formerly was a media relations specialist and copywriter for Cook & Bensus Advertising. She also has served as public relations director for Villa Maria College.

Bonnie West has been appointed development assistant in the Office of Development and University Relations at Penn State Erie, The Behrend College. She will assist the director of development in all fund-raising activities including annual giving, deferred giving, corporate foundation gifts, and major gifts.

Ms. West earned her bachelor's degree in advertising from Michigan State University and her master's degree in education from Virginia Polytechnic Institute and State University.

She came to Penn State-Behrend from Miami University of Ohio where she served as a research assistant in the Office of Development.

Lynn Weber has been named associate director of development and university

relations for Penn State Erie. The Behrend College. Her duties include coordinating alumni programs, advising the Lion Ambassadors student volunteers, facilitating the annual fund program, and coordinating institutional advertising.

Ms. Weber earned a bachelor of science degree in education from Penn State. She is

a member of the board of directors of the United Way of Erie County and of the Boys and Girls Club of Erie. She also serves as a corporator for Hamot Health Systems and is a sustaining member of the Junior League of Erie.

Formerly she was the marketing coordinator for Weber Murphy Fox

-- William C. Richardson, executive vice president and provost of the University, presented his annual report on the activities of the President's Planning and Budget Advisory Committee. He reviewed the University's 1989-90 operating budget and the 1990-91 request for state appropriations.

-- Philip A. Klein, liberal arts Senator, commented on the issue of diversity in a closing statement.

Senate

square feet of off-campus space.

To carry out the plans for the research park, the University will create a subsidiary of the Corporation for Penn State.

-- Senators approved a proposal by the Committee on Committees and Rules to require all legislative proposals to state the effective date for the change

Bookshelf

Calynpudi R. Rao, Eberly professor of statistics, discusses how quantification of uncertainty has led to scientific decision making and the ubiquity of statistics as an inevitable instrument in search of truth in all fields of inquiry in *Statistics and Truth, Putting Chance to Work* (International Cooperative Publishing House).

The author dispels the doubts that chance is an expression of our ignorance which makes accurate prediction impossible. He says that chance is an inherent characteristic of all natural phenomena; evolution and improvement are impossible without chance. Chance is a way of expressing our knowledge. It also can help and create and can be put to work for the benefit of mankind.

Dr. Rao demonstrates with numerous live examples how statistics has developed in recent times as the science, technology and art of extracting information from data to resolve complicated issues such as disputed paternity, construction of language trees, seriation of Plato's works, disputed authorship, dating of publications, diagnosis

of diseases, detecting lies and so on.

An internationally well known statistician, Dr. Rao is the author of 11 books and about 300 research publications. He also is director of the Center for Multivariate Analysis, which is devoted to basic and applied research in many areas of statistics.

Robert LaPorte Jr., professor of public administration, and Muntazir Bashir Ahmed, associate professor of accounting at the Lahore University of Management Sciences in Pakistan, are co-authors of *Public Enterprises in Pakistan: The Hidden Crisis in Economic Development*, published by Westview Press.

The book examines the economics and management of close to 170 public or state-owned enterprises which operate in eight sectors of the economy of Pakistan.

Both the commercial and the socio-economic performance of these enterprises are examined in depth as well as the management operations of these concerns. The losses generated by these enterprises have contributed to the resource gap confronting the government of Benazir Bhutto.

The authors propose a series of measures that the government of Pakistan might undertake to deal with the financial and management problems presented by these state-owned enterprises.

Faculty/Staff Alerts

Courses for Employees

The Human Resource Development Center has openings in the following courses being offered in December. Call the Center at 865-3410 for registration information.

Communication Skills for Women A discussion on the impact of gender on communication. Includes developing personal visibility networking and managing conflict. Meets from 9 a.m. to 4 p.m. Monday, Dec. 4; cost: \$55.

Time Management Recognize time management as a primary element in effective performance, and improve your own management of time. Meets from 9 a.m. to noon Wednesday, Dec. 6, for clericals and from 1 to 4 p.m. for other staff; cost: \$35.

Employment Interviews Learn how to

conduct an employment interview; meets from 1:30 to 3:30 p.m. Thursday, Dec. 7; cost: none.

Conflict Resolution Focuses on theories of anger, different reactions to anger, and the implementation of techniques and skills to use in resolving conflicts. Meets from 9 a.m. to 4 p.m. Wednesday, Dec. 13; cost: \$55.

Writing and Improving Your Resume Learn how to write an effective resume for the job search; meets from 1:15 to 4:30 p.m. Thursday, Dec. 14; cost: none.

Understanding Yourself as a Manager Designed to explore the importance of values, abilities and attitudes, as well as management's influence upon the work climate. Meets from 9 a.m. to 4 p.m. Wednesday, Dec. 20; cost: \$55.

Parting

Mahlon Duck, building and equipment attendant, Undergraduate Programs from Feb. 1, 1993, until Aug. 1.

Focus on the arts

Dance master class

Gary Masters of the Mathews-Masters Dance Company will teach a master class for dancers at 4 p.m. today in White Building Dance Theatre at University Park.

A graduate of the Julliard School, he has been a member of the Pennsylvania Ballet as well as having a 20-year association with the Limon Dance Company. In 1987, he was named "Artistic Associate" for the Limon Company.

His visit is sponsored by the Department of Sport and Exercise Science. Observers for the class are welcome and will be charged a \$2 admission at the door.

Featured author

Marvin Cetron, Penn State alumnus '52 and president of Forecasting International Ltd., will be the featured author at the Penn State Bookstore from 1 to 5 p.m. Friday, Nov. 17. He is the author of *American Renaissance: Our Life at the Turn of the 21st Century* (St. Martin's Press, 1989), along with Owen Davies, former senior editor at *Omnia* magazine.

In *American Renaissance*, the authors emphatically state that the United States is becoming a stronger and richer nation. Based on a list of 73 trends that Dr. Cetron and his staff researched for this book and years of extensive studies, the book offers a provocative and enlightening view of what life will be like at the turn of the new century.

Dr. Cetron presents an image of the future that acknowledges the problems of American society today — the declining standards of education, the needs of the homeless and impoverished, the escalating crime rate and misuse of drugs, the United States' standing in the world economic picture. *American Renaissance* proposes solutions to these problems.

The authors also have written *The Great Job Shakedown* (Simon and Schuster, 1988), and Dr. Cetron is the author of six other books.

The arts on Channel 3

The musical legacy of Penn State alumnus Fred Waring lives on as *Fred Waring: U.S. Chorus 1929-1960*. In time features 100 of the top young vocalists from across the United States. Mrs. Virginia Waring, chorus artistic director, conducts the chorus and gifted choral soloists.

The WPSX-TV production airs at 9 p.m. Friday, Nov. 17, and has a repeat performance at 12:30 p.m. Saturday, Nov. 19.

Jessie Norman sings *Carmen*, airing at 1 p.m. Saturday, Nov. 18, documents Jessie Norman's preparation and rehearsals for one of opera's greatest parts, *Carmen*. The program also features performances of the opera's two great arias, the "Seguidilla" and the "Habenera," as well as the "Toreador" song and the duets between *Carmen* and Don Jose.

Charles Dickens's epic story of romance and revolution, "A Tale Of Two Cities," will be presented in four parts on *Masterpiece Theater* beginning at 9 p.m. Sunday, Nov. 19. Taking place in both London and Paris at the time of the French Revolution, the story tells of the love triangle between Charles Darnay, Lucie Manette, and Sydney Carton.

University Readers

University Readers and Kern Graduate Commons will present five "Classically Comic Stories" at 8 p.m. Friday and Saturday, Nov. 17 and 18, in Kern Auditorium at University Park. Admission is free.

The stories include "Charles" by Shirley Jackson, directed by Carl Cope; "100 and Nothing" by J. California Fowler, directed by Gwendolyn Mitchell; "Love is a Fallacy" by Max Schulman, directed by Cindy Rosenfeld; "The Sexes" by Dorothy Parker, directed by Nancy Cassara, and Death

'Rachis Creations' by C. Rae Bradley are on display in the HUB Art Alley Cases through Dec. 8.

Knocks by Woody Allen, directed by Keith Kaufman.

University Readers employs techniques drawn from both radio drama and cinema to present literature that was originally written to be read silently. Character voices and limited gestures provide support for the audience's imagination, which in turn creates set, costumes and completed actions. The goal is to encourage reading and the enjoyment of literature.

'Festival of Trees'

The seventh annual "Festival of Trees" will open the holiday season at the Palmer Museum of Art at University Park on Saturday, Nov. 18, and continue through Sunday, Dec. 10. It is sponsored by the Friends of the Palmer Museum.

This year's theme, "Travels with Dickens," emphasizes collections from around the world. The Museum's second-floor gallery will be transformed into a representative 19th-century English village from the time of Charles Dickens. Trees, decorated by local artists, groups and businesses and reflecting the same international theme, will be placed throughout the gallery.

As visitors browse through the village of thatched roofed cottages, they will be able to purchase holiday gifts from The Old Curiosity Shop and sweets from The Golden Swan Baker. A town apothecary and the Crowsnest Inn also will be featured in the village, along with the Chadbury Station, which will have a display of international posters and a collection of old model trains.

A new addition to this year's festival will be a gingerbread competition. Judges will be Grace Pilato, local artist; Ruth Yeaton, food columnist for the *Centre Daily Times*; and Suzy Goldberg, student representative on the Board of Directors of the Friends of the Museum.

In addition to a series of musical programs throughout the festival, two special day programs are scheduled in conjunction with the festival. The Doe Day program is scheduled for 11 a.m. to 3 p.m. Monday, Nov. 27, and the Children's Day program is scheduled from noon to 4:30 p.m. Saturday, Dec. 2.

The Museum also will be open until 8 p.m. on Tuesday, Nov. 28, and Tuesday, Dec. 5. There will be musical performances both evenings.

The chairpersons for this year's festival are Judy Roberts and Elizabeth Lucht, assisted by Catherine Castello and Molly Snavely.

Judges for the annual tree competition are Mrs. Austin O. Furst and Mrs. John M. Robinson, both past presidents of the Friends of the Museum.

The Festival of Trees is free and open to the public. In addition to the special hours already noted, the Museum is open from 10 a.m. to 4:30 p.m. Tuesday through Friday, 11 a.m. to 4:30 p.m. Saturday and noon to 4 p.m. Sunday. For more information, contact the Museum at 865-7672.

Dance

Contemporary Dance Company will present its annual Works in Progress performance at 3 and 7:30 p.m. Sunday, Nov. 19, at the White Building Dance Theatre. Tickets are \$3 and are available at the door. An informal reception will follow both performances.

Faculty exhibition

The annual School of Visual Arts Faculty Exhibition will open Sunday, Nov. 19, and run through Dec. 8 in the Zoller Gallery located in the Visual Arts Building at University Park.

The exhibition will feature recent works by the School of Visual Arts faculty from University Park and the Commonwealth Campuses, including ceramics, sculpture, graphic design, painting, drawing, metals, photography, fibers, printmaking and papermaking.

A reception for the artists will be held at 7 p.m. Monday, Nov. 20, with music provided by the Flute Trio of Sandra Simms, Valerie McCarth and Jessica Welles. The exhibition is free and open to the public. Zoller Gallery is open 9 a.m. to 5 p.m. Monday through Friday; 11 a.m. to 4:30 p.m. Saturday, and noon to 4 p.m. Sunday.

Opera workshop

The Penn State Opera Workshop will present two one-act operas and a scene from a third opera in its fall performance at 8 p.m. Sunday, Nov. 19, in the Recital Hall of the Music Building at University Park.

They will perform "The Old Maid and the Thief" and "The Telephone" by Gian-Carlo Menotti, a 20th-century Italian American composer, and a scene from "Daughter of the Regiment" by Gaetano Donizetti, a 19th-century Italian composer.

"The Old Maid and the Thief" was originally composed for radio and recounts an old woman's love affair with the wrong kind of man. The stage director for this work is David Reinsnyder, a first-year master of arts directing major in the School of Music, and the musical director is Bob Wilder.

The second one-act opera by Menotti, "The Telephone," portrays a young man's effort to break his girlfriend's addiction to talking on the phone. The stage director is Joseph Blotner and musical director is William Tilghman, a master of music student.

The evening will conclude with the comic "music lesson" scene from Donizetti's "Daughter of the Regiment."

The Penn State Opera Workshop is directed by Richard Davis, a faculty member specializing in voice.

Tuba-euphonium concert

An evening of music showcasing the diversity of the Penn State Tuba-Euphonium Ensemble will be presented at 8 p.m. Monday, Nov. 20, in the Recital Hall

of the Music Building at University Park.

The program will include a range of music from Bach to jazz, with works for solo tuba to pieces for 16 tuba-euphonium players.

The concert is free and open to the public.

Odyssey on WPSU

The Battle of Clontarf, fought near Dublin in 1014, is not only important because it decided who would rule Ireland, the Vikings or the Irish. It is important, says historian Ben Hudson on the next "Odyssey Through Literature" broadcast, for the way in which the story of the battle was transmitted.

"It's one of those few battles that's mentioned in both Viking and Irish sources," he says. "We know that both the Irish and the Vikings had planted observers there, people whose job was actually to witness the battle and then use what they had witnessed to fashion an account for public recitation."

The Battle of Clontarf, he says, shows the Christian Celtic worlds and the pagan Norse worlds bumping into each other. "The court at Dublin has been unjustly neglected as the cultural center that it was."

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

HUB Galleries exhibit

"Rachis Creations" by C. Rae Bradley is on display until Dec. 8 in the Art Alley of the HUB Galleries.

Earrings that frolic and necklaces that flow, art forms that magically come to life when combined with the human form, take shape in fanciful combinations of feathers and forged wire. Each unique piece is created with a touch of whimsy, fusing function and fun.

Pattee exhibit

Bill Hosterman's exhibit, "The Colored Eye," will be on display in the Lending Services area of Pattee Library until Nov. 27. The works depict a wide array of wildlife in watercolor, acrylic and mixed media.

Mr. Hosterman grew up in rural Pennsylvania and credits his many hours in the woods as the inspiration for his art. At present he is working as a graphic artist for Accu-Weather in State College.

Madrigal dinners

The State College Choral Society presents its annual madrigal dinners, featuring visions of 16th century merry Old England — acting, singing, dancing, and feasting — all directed by D. Douglas Miller, professor of music.

The dinners will be Nov. 28 and 29 Dec. 1 at 7 p.m. in the Elks Country Club. Tickets will be \$20 (Wednesday), \$22 (Thursday), and \$24 (Friday), and can be obtained by calling 238-7515 after 6 p.m.

Christmas concert

Seven voice students from the studio of Suzanne Roy of the School of Music faculty will present a Christmas concert at 12:10 p.m. Thursday, Nov. 30, in Eisenhower Chapel on the University Park Campus. This 20-minute is part of the fall Bach's Lunch Concert series sponsored by the School of Music and the University Lutheran Parish.

The program will include selections by Handel, Rowley, Rorem, Britten, Chanler and Bach.

The concert is free and open to the public. The audience is invited to bring their own bag lunches and to eat after the concert in the Informal Lounge. Coffee and tea will be provided.

University Park Calendar

November 16— November 26 Special Events

Thursday, November 16

Trustees meet at University Park through Nov. 17

Brown Bag Lunch/Lecture, 12:10-12:50 p.m.
Palmer Museum of Art, Robert E. Longy on "Charles Dickens' 'Ho Life and Art.'"
Bach's Lunch, 12:10 p.m., Eisenhower Chapel.
Penn State Mallet Ensemble.
Center for Women Students, lecture, 8 p.m.
HUB Ballroom, Angela Y. Davis on "Violence Against Women" Lecture commentary and response panel, noon-1 p.m. Oct. 17, HUB Gallery

Friday, November 17

Geog. Coffee Hour, 4 p.m., 319 Walker, Mary Mander on "Pols and Metropolis: Communications Technologies and Their Impact on the City."
Center for the Performing Arts, lecture, 5 p.m.
Women's Studies Lounge, 12 Sparks, Colorado String Quartet members.
Shaver's Creek, 7:30 p.m., Moonlit Hayride. Also Nov. 18. Call 863-2000.
Center for the Performing Arts, 8 p.m., Schwab Aud. Colorado String Quartet.
School of Music, 8 p.m., Eisenhower Aud. Bandorama.

Saturday, November 18

Shaver's Creek, A.L.L.A.R.M.I.: The Monitoring. Continues, 10:11-10 a.m. Call 863-2000.
Sunday, November 19
Shaver's Creek, 2-4 p.m., Raptor Facts. Call 863-2000.
Festival of Trees, 3 p.m., Palmer Museum of Art Bellamyria Trio.

Carnegie Hall Film Series, 7 p.m., *Battle of San Pietro/The War Game*; 8:45 p.m., *The Sun's Burial* (1960), 4 Carnegie. Free
School of Music, 8 p.m., Recital Hall. Opera workshop.

Monday, November 20

10th Annual Holiday International Artisanal sale, 9 a.m.-4 p.m., Kern Commons lobby, through Dec. 8
Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Kathryn Hume on "Italo Calvino's Cosmic Vision," Refreshments.
School of Music, 8 p.m., Recital Hall. Tabu/Euphonium Ensemble.
Thursday, November 23
Thanksgiving Holiday—no classes through Nov. 26.

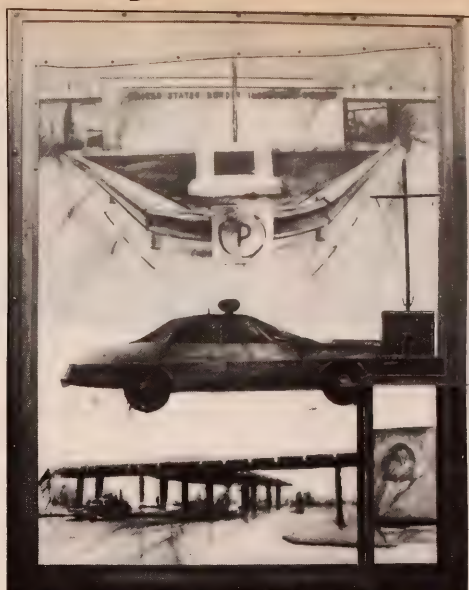

International Events

Puerto Rican Awareness Week, through Nov. 18.

Education Abroad Programs

Applications for 1990-91 will be accepted in 222 Boucke for programs in Cairo, Nairobi, Nice, Taipei, Tel Aviv. The deadline has been extended from Oct. 16 to Nov. 22.

A video, "Planning for Study Abroad: Making it Meaningful and Manageable," produced by the Institute of International Education, is available

'Border Inspection Station' is part of an exhibition of multimedia works titled 'James Drake: The Border/La Frontera' at the Palmer Museum of Art.

for viewing by advisers and students in 222 Boucke. Call 865-7681.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m.
"Odyssey Through Literature," 12:30 p.m. Wednesdays, with S. Leonard Rubinstein.
"Perspectives," 6:30 p.m. Wednesdays, with Jeff Ballou.
"Creative License," 12:30 p.m. Thursdays, with Asa Berlin and Pam Saulnier.

Conferences

Continuing Education Keller Building

Nov. 20-21. Coal Cooperative Research Conference. Alan Davis, professor of geology, chair. Jack Sinclair, coordinator.

Seminars

Thursday, November 16

Physics Colloquium, 3:30 p.m., S5 Osmond Lab.
Sidney Nagel, Univ. of Chicago, on "Relaxation at the Angle of Repose -- Studies of Flowing Sand."
Political Science, Slavic Soviet Language and Area Center, lecture, 4 p.m., 124 Sparks.
George Csepeli, Eotvos Lorend Univ., Budapest, on "The Post-Communist Experiment."
Ecology, 4 p.m., 111 Wartik, Marc Mangel, Univ. of Calif.-Davis, on "Conservation and Southern Ocean Krill: Biological, Ecological, and Operational Aspects."
Spatial and Temporal Signal Processing Center Seminar, 8 p.m., 225 Electrical Engineering, West Mitchell Eggers on "Neural Network Activity at MIT Lincoln Laboratory."
Friday, November 17
Physics CAMP, 11 a.m., 339 Davey Lab. Sidney Nagel, Univ. of Chicago, on "The Glass Transition."
Ag Economics and Rural Sociology, 3:30 p.m., 212 Eisenhower Chapel, Marc Mangel, Univ. of Calif.-Davis, on "Perspectives on Dynamic

Modeling

Ag Systems, 1:45 p.m., 111 Tyson, Karen Simmons on "Nitrogen Management for Water Quality in Southeastern Pennsylvania."

Monday, November 20

Entomology, 1:45-4:45 p.m., 204 Patterson.
David Cox on "Aspects of EPB Infestation, Water Stress, and VAM Infection on Potato Plant Responses."
Physics EPF, 4 p.m., 330 Davey Lab. B. Oculat Univ. of Pa. on "Symmetries in String Theory."

Tuesday, November 21

Physics CAMP, 4 p.m., 330 Davey Lab. W. Kamalakara Iowa State Univ. on "Dynamics of Amorphous Solids."

Exhibits

Chambers Gallery

Art Student League Juried Exhibition, through Dec. 1

HUB Galleries

Art Alley Cases:
C. Rae Bradley, Rhythmic Creations, through Dec. 8

Bookshelf

Thomas W. Benson, professor of speech communication, is co-editor, with Michael H. Prosser of the University of Virginia, of a revised and updated edition of *Readings in Classical Rhetoric*, published by Hermagoras Press of Davis, Calif.

The book, first published in 1969, is an anthology of readings from original sources in the classical period of rhetorical studies in Greece and Rome. It opens with a survey of definitions of rhetoric and debates its value to political culture.

The book then examines what the classical period regarded as the orator's major tasks: the invention, the discovery and selection of proofs; disposition, the strategic arrangement of the parts of the speech; style, shaping the language of the speech to achieve the desired effects; and memory and delivery.

Among the classical authors included are Plato, Aristotle, Isocrates, Longinus, Cicero, Quintilian and Augustine. The book is

widely used as a text by students in speech, English and classics.

Bernard J. Badiali, assistant professor of education, and Tina M. Hay, assistant to the dean in the College of Health and Human Development, are co-authors of a new book that provides a way for older adults to write about their lives.

Recollections: Your Memory-a-Day Journal is a guided write-in book designed to help parents and grandparents record their memories, stories, details about relatives and ancestors, and observations on the world events they have witnessed in their lives. Each page of the journal provides a suggested topic for a brief, followed by enough room to write a day entry.

The questions in *Recollections* are arranged thematically, ranging from family roots and early childhood experiences through school years, marriage and family, work and adulthood, world events, and overall reflections.

The book is published by Scott, Foresman and Company.

Roland E. Fleischer, professor of art history and Fellow of the Institute for the Arts and Humanistic Studies, is the author of *Ludolf de Jongh, Painter at Rotterdam*, published by Davaco Publishers in Doornspijk, Holland.

Professor Fleischer examines the development of Ludolf de Jongh's art in portraiture, landscape painting and genre in the book. De Jongh frequently altered his style of painting to experiment with the latest trends in Dutch painting. Because of this and because most of his paintings were left unsigned, many of them have been erroneously attributed to the oeuvres of better known 17th-century Dutch artists.

Professor Fleischer's careful study of the artist's work determined which works can be safely attributed to de Jongh and reveals the significant role de Jongh played in the art of the rapidly growing city of Rotterdam, as well as the influence he had on the city's younger generation of painters.

Manfred Kroger, professor of food science, is co-editor of *Chungking Food Technology 2: Food Technology for a Dynamic Marketplace*, published by Technomic Publishing Co., Inc., Lancaster, Pa. Allen J. Freed, president, Foodworks Inc., New York, is co-editor.

The book, the second in a series, is a collection of 16 selected papers presented during the 15th Eastern Food Science Conference (1987) sponsored by the Institute of Food Technologists East Coast Regional Sections.

It deals with the development of new food products and the improvement of products already on the market. Areas covered include marketing, nutrition, quality control, regulatory compliance and applied technology.

Volume 1 of the series, published in 1987, focuses on new developments and innovations in food science, technology and products. Kroger co-edited that volume with Ralph Shapiro, Nutrition International Inc., East Brunswick, N.J.

Faculty and staff members, alumni honored with awards

The College of Education and its Alumni Society have selected the 1989 recipients of two new alumni awards.

Ralph Heister Jr., a biology teacher at Conestoga High School in Berwyn, Pa., will receive the Outstanding Teaching Award. **Dolly Powers Curtis**, television producer and textile artist from Easton, Conn., and **Benjamin Whitten**, retired president and chief executive officer of the Baltimore Urban League, Baltimore, Md., each will receive a Leadership and Service Award.

The two awards, Outstanding Teaching and Leadership and Service, were established this year, based upon responses collected in an alumni survey in 1988.

Dr. Heister teaches biology and advanced biology, and has served as department chair since 1971. He holds three degrees from Penn State, including a B.S. degree in agricultural education, M.Ed. and D.Ed. degrees, both in biological sciences. He has received a Superior Service evaluation for 12 consecutive years, and serves on many community councils and boards of directors.

Mrs. Curtis is an internationally known textile artist. In addition, she produces and hosts her own public access television program, "Dolly Curtis Interviews...". She holds both B.S. and M.Ed. degrees in education from Penn State.

Before coming a television producer, Mrs. Curtis spent 18 years sculpting large-scale, woven textile art for corporate and public buildings throughout the United States. Her works hang in more than 30 collections and exhibits, and a videotape titled "Dolly Curtis, Fiber Artist" is part of the Smithsonian Institution's Archives on American Art.

Dr. Whitten holds three degrees from Penn State, all in industrial arts education. In 1988 he received an honorary doctor of humane letters from the University of Baltimore, in recognition of his dedication to the City of Baltimore and to his profession.

After a successful career in educational administration, in 1979 he was named director of the Minority Contractors' Technical Assistance Program for the Baltimore Council for Equal Business Opportunity. In 1983, he was selected to be president and chief executive officer of the Baltimore Urban League, where he remained until his retirement in 1988.

Roger L. Williams, assistant vice president and executive director of University

Ralph Heister Jr.

relations, has been named recipient of the 1989 dissertation of the year award by the Association for the Study of Higher Education (ASHE).

The dissertation was completed in the higher education doctoral program at Penn State in 1988. Roger L. Geiger, associate professor of higher education, was thesis adviser.

The study, "George W. Atherton and the Beginnings of Federal Support for Higher Education," analyzes the national contributions of a former Penn State president to the land-grant college movement.

For more than 30 years (1873-1900), Atherton was the pivotal leader in generating the legislation and political support that enabled the land-grant colleges to move from a period of struggle to one of viability and growth.

Dr. Williams holds a B.A. in history and an M.A. in journalism from Penn State.

Doris W. Coldren, instructor in English at Penn State Fayette Campus, has received the Fayette Campus Award for Excellence in Public Service.

As a member of the English Department faculty, she teaches composition and literature courses.

In the community, Ms. Coldren, a history buff, has researched and written articles for the *Brownsville Telegraph*, given tours of Nemacolin Castle, and judged debates at the Brownsville Optimist Club and the American Legion.

A member of the Fayette Festival

Dolly Powers Curtis

Association, Fayette County American Cancer Society, and the Fayette County Historical Society, she serves on the board of directors of the Brownsville Historical Society.

The Division of Continuing Education has won seven major awards from the National University Continuing Education Association Region II, for its educational offerings over the last year.

Winners were:

— A first-place award to Penn State Harrisburg for development of a credit program, Health Ed 590, titled Substance Abuse in Athletics. The program was coordinated by **Karen Karnes**, area representative for Continuing Education.

— A first-place award for excellence in business/industry linkage for a program for employees at Windfall Products Inc. St. Marys. The program provided courses of a general liberal arts nature to help workers enhance their critical thinking and communication skills. It was coordinated by **Jeff Speerly**, director of Continuing Education at the DuBois Campus, and **William C. Loop**, assistant to the dean of the College of the Liberal Arts.

— A first-place award for excellence in academic support services to Penn State York for a program titled "Making Academia User Friendly to the Adult." The program provided workers at the Caterpillar plant at York with on-site educational counseling, advising and tutoring services to help them with university-level courses. It was coordinated

Benjamin Whitten

by **Jane Emery**, adult counselor, and **Ron Workinger**, industrial training specialist, at the York Campus.

— A first-place award for excellence in noncredit programming for a series of workshops titled "Community Cancer Care." The program provided courses for nurses, social workers and clergy at Hershey, State College, Altoona, Williamsport and Lancaster to help them understand and meet the psychosocial needs of cancer patients. It was coordinated by **Bonnie J. Biskler**, area representative at the Hershey Continuing Education office.

Receiving honorable mention awards were:

— A noncredit program titled "CenSible Kids," developed by Penn State Wilkes-Barre to help young people understand financing, investment and the business world. Coordinating the program was **Donna M. Todd**, Continuing Education program assistant at the Wilkes-Barre Campus.

— A noncredit program at Penn State Schuylkill to help youngsters earn income by developing a babysitting business and to learn skills such as safety, accident prevention, fire prevention, child care, and children's games. Coordinating the program was **Kathy Melusky**, area representative at the Schuylkill Campus.

— A faculty/staff development program coordinated by **Kenneth A. McGeary**, director of Continuing Education at the Penn State Allentown, for an exchange program between the Allentown Campus and the University of Puerto Rico.

Penn Staters

Gerald M. Moser, professor emeritus of Portuguese, presented a paper on "Inter-African Contacts of Lusophone African Writers," at the annual conference of the African Literature Association in Dakar, Senegal. At the University in Oporto, Portugal, he read a paper written in Portuguese on "A Writing Couple That Completed Each Other: Eugenia and Agostinho Neto" during the Symposium on Angolan Culture and Literature.

Brent Wilson, professor and head of Art Education Programs in the School of Visual Arts, presented keynote talks at the Third International Symposium on Art Teaching and Its History at the University of Sao Paulo, Brazil; at Drawing, Art & Development An International Conference at the British Museum; and at the annual conference of the Japanese Society of University Art Educators held in Yokohama.

Richard Davis, assistant professor in the School of Music, was selected through a national audition for the lead role of Gaudenzio in Rossini's opera "Il Signor Bruschino," which was performed in the

Maggio Musicale Fiorentino music festival in Florence, Italy.

Susan T. Evans, research associate in the Department of Anthropology, is editor of the monograph *Ethnoscapes at Cimiterran* (Vanderbilt University Publications in Anthropology, No. 30), a collection of articles about archaeological research she directed at and aztec period village in Mexico.

James Kuree and **Kenneth K.T. Louie**, assistant professors of economics, Penn State Erie, The Behrend College, presented a paper on "Temporal Patterns of Diversification and Specialization in Regional and International Economies" at the 29th European Congress of the Regional Science Association held at St. John's College, Cambridge University, England.

Mary C. Saylor, associate professor of education, earned a Blue Ribbon Award in the 1989 Educational Arts Competition of the American Society of Agricultural Engineers for her entry, "Farming Alternatives: A Guide

to Evaluating the Feasibility of New Farm-Based Enterprises."

Carol Schurman, Indiana County associate extension agent for Penn State Cooperative Extension, has received the Search for Excellence Award from the National Association of County Agricultural Agents for a 4-H and youth program called "Careers Choices and Challenges."

James B. Anderson, professor of chemistry, gave an invited lecture titled "Quantum Chemistry by Random Walk" at the Symposium on Computational Physics and Parallelism at the University of Utrecht, Holland.

France Cordova, head of the Department of Astronomy, has been elected director-at-large on the Association of Universities for Research in Astronomy (AURA) board of directors and as vice-chairperson and then 1990 chairperson of the High Energy Astrophysics Division (HEAD) of the American Astronomical Society.

Roger J. Cuffey, professor of

paleontology, presided at the 8th Triennial Conference of the International Bryozoology Association in Paris in July. Dr. Cuffey, who has been president of the association for three years, presented two papers, one with doctoral student Jacqueline Gooden-Seay.

Joseph Jordan, professor of chemistry, gave an invited talk titled "Quality Control in Analytical Measurements" at the International Union of Pure and Applied Chemistry (IUPAC) General Assembly at the University of Lund, Sweden.

C. Dale Thierrien, associate professor of biology, gave an invited paper titled "Variation in Ploidy in *Phytophthora infestans*" at the International Phytophthora Symposium, Trinity College, Dublin, Ireland.

Douglas R. Zimmerman, instructor of exercise and sport science and head basketball coach, Penn State Erie, The Behrend College, has been appointed to serve on the national Committee on Academics of the National Association of Basketball Coaches.

University's employee benefit program is detailed

Every two years since 1977, the Office of Human Resources has made available to all regular, full-time faculty and staff members a personal statement of benefits. The statement provides valuable information about the various benefits provided by the University. Faculty and staff members will receive their 1989 statement of benefits in early January.

Employee benefits at Penn State have evolved from a life insurance program to today's benefits program which includes life insurance, health and hospitalization coverages, dental and vision care, retirement programs, accidental death and dismemberment insurance, social security, workers' compensation, unemployment compensation, faculty and staff educational privileges, dependent grant-in-aid, disability insurance, maintenance prescription drugs and various policies for vacation, sick leave, and other paid time off.

Total direct cost for employee benefits has risen from around \$2 million in fiscal year 1963-64 to almost \$121 million in 1988-89. A number of groups and committees participate in the development and design of the University's employee benefit program. Actual day-to-day administration takes place in the Rider Building by the 10 person Employee Benefits Division of the Office of Human Resources.

Healthcare

Penn State provides a healthcare package for all regular faculty and staff members. All locations have available a hospitalization/surgical/major medical plan. An increasing number of locations participate in Healthpass, a preferred provider association. Eleven campuses have one or more health maintenance organizations (HMO) as an alternative to the Penn State plan. The same dental and vision care benefits are provided regardless of which basic health plan is involved.

With the exception of HMOs, Penn State is self-insured. This means that the University's healthcare expense is equal to the actual benefits paid plus a processing fee paid to The Prudential for administering the claims. In 1969-70, the total cost was \$1,151,967, and there was no dental or vision care coverage. In 1988-89 healthcare cost came to \$31 million. Last year's total includes \$2,768,509 for dental and \$686,509 for vision care claims. The cost of providing healthcare increases at least 8 percent per year.

The amount of monthly contribution from participating faculty and staff members is \$3.06 (\$1.41 biweekly) for individual and \$8.60 (\$3.97 biweekly) for full family coverage. This is nearly the same as in 1963-64 when individuals paid \$3.05 and family coverage was \$6.05 per

month. Coverage in 1963-64 did not include any dental or vision care benefits and the major medical payment had a life time maximum of \$10,000 compared to \$400,000 today.

An additional health benefit was added in 1985 to assist faculty and staff members and/or their dependents who must take certain prescribed maintenance drugs for a chronic condition on a regular ongoing basis. Under the Maintenance Prescription Drug Plan, these drugs can be purchased at a discount through the Ritener Health Center and Hershney Medical Center pharmacies, providing considerable savings for participants.

Life Insurance

Life insurance, introduced in April 1932, was the first employee benefit at the University. The amount of coverage depends on the faculty or staff member's salary. The amount of the participants' contribution relates to the amount of coverage. Beginning in 1970, the first \$3,000 of life insurance was provided by the University at no cost to the employee. Today the amount provided at no cost is \$5,000.

The life insurance plan contains two provisions in addition to the normal death benefit. An accidental death and dismemberment provision which pays double the amount of coverage in the event of accidental death and payment of up to \$20,000 in the event of a total and permanent disability.

Since earlier this year, faculty and staff members have the option of making their contribution toward health and life coverages with pre-tax salary dollars through the first phase of a flexible benefit plan. Faculty and staff can purchase additional accidental death and dismemberment insurance for themselves and family members under the voluntary accidental death and dismemberment plan.

Retirement

University faculty and staff participate primarily in two retirement programs. Most are members of the State Employees' Retirement System while many others have joined TIAA/CREF. Regardless of the program, both the participant and the University contribute to these retirement programs. Penn State's contribution on behalf of its faculty and staff totaled \$49,148,000 in 1988-89.

In addition to the retirement plan, individuals can choose to participate in various employee funded tax deferred annuities. These individual retirement programs provide both current tax savings, including tax savings on interest earned, and additional future retirement benefits.

Social Security

In addition to Penn State's health, life, and retirement plans, most faculty and staff members and the University participate in the federal social security system. The system provides retirement, survivors benefits, disability benefits, and medicare coverage. These benefits are financed by a tax paid equally by both employee and employer.

The current rate is 7.51 percent of earnings up to \$48,000. The tax rate will increase in 1990 to 7.65 percent. It is anticipated that a revised maximum taxable earnings amount will be announced by the government this fall. As changes to the social security law have occurred and Penn State's payroll has grown, the cost to the University for social security participation has risen from \$900,000 to approximately \$34,441,000 since 1963-64.

Workers' and Unemployment

Compensation

The University's faculty and staff also are provided protection under workers' compensation and unemployment compensation programs. The cost of these programs has risen substantially over the years. Workers' compensation costs in 1963-64 were \$53,500 compared to \$3,501,590 in 1988-89.

The University became involved in unemployment compensation in the early 1970s. During the fiscal year 1972-73, a total of \$103,651 was paid out in claims. This past fiscal year, Penn State's cost for the program was \$433,115.

Other Benefits

Educational privileges is another benefit afforded faculty and staff and their eligible dependents. This past academic year, 1,259 employees took 7,867.5 credits at reduced tuition fees. Grant-in-aid to spouses and children totaled \$4,263,767 for the 1987-88 academic year.

The cost of time away from work including class room time, vacations, sick leave, holidays, and personal time all add to the overall employee benefit expense.

Penn State strives to have a benefits program which is as least equal in value and importance to all major institutions of higher education in the United States. With that in mind, Penn State looks forward to continued modifications, especially in the area of tax sheltered spending accounts and flexible benefits.

Faculty and staff members are urged to examine closely the statement of benefits which they will receive in January 1990.

Faculty/Staff Alerts

Drug awareness training

The Faculty/Staff Health Promotion Program and Employee Relations Division of the Office of Human Resources will be conducting drug awareness training for supervisors during the remainder of the 1989-90 academic year. The dates for the programs are: Nov. 30, 8:15 a.m. to noon; Jan. 25, 1:15 to 5 p.m.; Feb. 15, 1:15 to 5 p.m.; March 22, 8:15 a.m. to noon; April 4, 8:15 a.m. to noon.

The Drug Awareness Training program is designed to provide an orientation to the University's policy and procedures related to illegal drug use at work. The sessions will include practical information about commonly used illicit drugs, work-related signs of abuse, and effective use of the

Penn State Employee Relations services for intervention with employees.

University supervisors who wish to attend one of these programs may enroll by calling the Faculty/Staff Health Promotion Program office at 865-3085. Enrollment for each session is limited to 25 participants; therefore, early registration is encouraged.

Friday, Nov. 24, parking

On Friday, Nov. 24, the day after Thanksgiving, faculty-staff parking rules and regulations will be modified to allow any area parking for vehicles displaying current faculty-staff parking permits.

Vehicles must be parked in bona fide parking spaces. Regulations concerning reserved spaces, limited-time spaces and metered spaces will remain in effect. This change of faculty-staff parking regulations is authorized for Friday, Nov. 24, only. It is

not expected that modification of faculty-staff parking regulations will be authorized at any other future time.

The parking kiosks will be open Nov. 24 from 7 a.m. to 4:30 p.m. Visitor parking regulations will not be changed for Nov. 24.

Payroll changes

The University will distribute the Dec. 29 monthly and the Dec. 29 bi-weekly payroll checks prior to the December closing.

The December monthly and Dec. 29 bi-weekly payroll checks will be dated Dec. 29 and will not be negotiable for cashing or depositing until the Dec. 29 pay date. However, again this year as a convenience to employees, the December monthly and Dec. 29 bi-weekly checks will be available for early distribution on Thursday, Dec. 21. Automatic payroll deposits for monthly

checks and the Dec. 29 bi-weekly checks will be Dec. 29.

Reminder on W-2 mailing

If your payroll check is deposited, your W-2 will be mailed to the office address shown on your payroll deposit slip. If your payroll check is not deposited, the W-2 Form will be mailed to the address shown on the payroll check.

If either the office address or home address is incorrect as shown on your payroll check or deposit slip, please correct by completing one of the following forms and forwarding to the Payroll Office, 307 Rider Building.

The office address can be changed by submitting a new Office Address and Telephone Information Form. The home address can be changed by submitting a new W-4 Form.

25-year award recipients

Observing 25 years of service at the University are, from left, Harry Burkett, instructor in engineering, and William Kown, assistant professor of engineering, at Penn State DuBois Campus; Joseph G. Meyers, assistant professor of speech communication, and Wesley

Olsen, associate professor of physical education, at Penn State Ogontz Campus; Mary E. Shaffer, food service worker, Housing and Food Services.

News in Brief

Faculty Women's Club

Nancy Tischler, director of Summer Sessions and professor of English and humanities, will be the speaker for the Faculty Women's Club Book Review Group at the home of Mrs. Bryce Jordan, 619 Kennard Road, Boalsburg, at 1:30 p.m. Monday, Nov. 27. Dr. Tischler will review her book *A Voice at Her Own Woman: Literature and Religion*.

Students sought for study

Anne C. Petersen, professor of human development and dean of the College of Health and Human Development, is

seeking sixth- through 12th-grade students in the State College Area School District for a study of adolescence. She is interested in learning what causes the increase in depression that often occurs during adolescence, and how it can be prevented.

Students in the study are being asked to complete a questionnaire regarding self-image, feelings of depression, relationships with parents and peers, physical development, and coping style.

Consent forms have been sent to parents of eligible students. Forms should be returned to the Penn State Adolescence Project, 210 Health and Human Development East Building.

More information is available by calling 863-2208.

Entertainers sought

The Penn State Chapter of the NAACP will present a Second Night at the Apollo in December.

Faculty and staff members are invited to participate in the event, which is organized like the original Night at the Apollo shown on television.

The student sponsors are looking for individuals or groups who can sing, dance, tell jokes, give dramatic poetry readings, juggle, present short plays or have other talents. Prizes will be awarded, and proceeds will benefit a student scholarship and lecture series.

Call Tammy Frank at 867-0883 or Liz Walker at 867-0500 by Nov. 26 to participate.

Poultry Salesroom

The Poultry Salesroom at University Park will be open from 10 a.m. to 3 p.m. Wednesday, Nov. 22. Items available for sale include roasters, fryers and eggs.

The Salesroom also will be open from 10 a.m. to 3 p.m. Thursday, Dec. 21. Items available for sale include roasters, fryers and eggs. The Salesroom will be closed for the Christmas holiday and will reopen Thursday, Jan. 4, from 10 a.m. to 3 p.m.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304.

(NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Nov. 24, 1989. **DO NOT CONTACT THE AREA THAT HAS THE VACANCY.** Applications for staff vacancies are considered in accordance with Fair Employment practices (PS 1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law) sex or status as a disabled or Vietnam era veteran.

*Laboratory Specialist, Engineering

Bioengineering, University Park Campus—Responsible to the program chairman for assisting in experiments to study blood flow in the microcirculation (capillaries) by microscopy of tissues in anesthetized animals. Requires master's degree or equivalent in biological (preferable) or engineering sciences or a bachelor's degree or equivalent and one or more years of effective experience. Experience with small animals and surgical procedures and use of microscopes, pH meters, centrifuges, spectrophotometers, and microcomputers desired. This position requires superior time management. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH EXCELLENT POSSIBILITY OF RE-FUNDING.** STAFF GRADE 5.

*Office Information Specialist, Computer and Information Systems, Management Services

University Park Campus—Responsible to the manager and the senior office information specialist of the Information Center for providing office systems consulting and support services to University administrative computing personnel. Requires bachelor's degree, or equivalent, in computer science or in management information systems, or related fields, plus two to three years of effective experience in the area of office systems information systems planning, data management, graphics, data communications, micrographic and project management. Excellent verbal and written communication skills are required including the ability to communicate technical information to non technical audiences in a clear and concise manner. **STAFF GRADE 5.**

*College Health Nurse, Student Services

University Health Services, University Park Campus—Responsible to head college health nurse for providing nursing services in the out-patient department, observation unit, and urgent care clinic, and for assisting licensed physicians in patient care. Requires graduation from an accredited nursing program and current licensure in Pennsylvania as a registered nurse, plus six to nine months of effective experience. Past experience working in an emergency room setting/acute ambulatory care clinic, and proficiency in IV administration and physical assessment desirable. **THIS IS A FULL-TIME, 12-MONTH NIGHT SHIFT POSITION AVAILABLE NOV. 20. STAFF GRADE 4.**

*Assistant Supervisor, Stone Valley, Auxiliary Recreation Services, University Park Campus

Responsible to the supervisor, Stone Valley, for assisting in the coordination of staffing, scheduling, maintenance and operation of auxiliary services at the Stone Valley Recreation Area. Requires bachelor's degree, or equivalent, preferably in recreation and parks with an option in park administration, plus up to one year of effective experience in waterfront operations. Employee must possess certification as a Red Cross sailing instructor and in water safety and first aid or be willing to complete training within six months on the job. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH PROBABILITY OF RE-FUNDING.** STAFF GRADE 4.

*Computer Support Assistant, College of Science, Dean's Office, University Park Campus

Responsible to the computer support and research coordinator for providing support for College of Science computer systems and activities. Train and assist users in utilizing computer systems. Install and provide technical assistance for computer equipment and software in the Dean's Office and the College. Requires associate degree, or equivalent, in computer science or related field plus one to two years of effective experience with emphasis on PCs and data management. Excellent verbal and written communications skills. Familiarity with University policies and procedures helpful. **STAFF GRADE 4.**

*Administrative Assistant, College of Medicine, The Department of Radiology, The Milton S. HERSHEY Medical Center

Responsible to the chairman, Department of Radiology, for business and administrative functions of the department to include laboratory response, personnel administration, purchasing, departmental operational policies and liaison with other departments and outside organizations. Requires bachelor's degree or equivalent in business administration plus one to two years of effective experience. **STAFF GRADE 4.**

*Mental Health Program Aide, College of

Medicine, the Department of Psychiatry, The Milton S. HERSHEY Center

Responsible to the chiefs of the Division of Community Mental Health and Research and the coordinator, Mental Health Program, for assistance in the administration of departmental statewide mental health program and research protocols. Requires bachelor's degree, or equivalent, plus three to six months of effective experience. **STAFF GRADE 3.**

*Police Services Officer, Altoona Campus

Prevent illegal, unsafe and undesirable activity and regulatory violations through patrol, education, inspiration, inspection and the deterrent effect of enforcement. Enforce the national, state and local laws, appropriate University regulations through investigation, apprehension and prosecution of violations. Requires associate degree, or equivalent in academic credits, and one to two years of effective law enforcement experience. Must also have satisfactorily completed the Pennsylvania Municipal Police Officer Training Program. **STAFF GRADE 5.**

*Director of Community Relations, Penn State Harrisburg

Responsible to the director of development for organizing and conducting a comprehensive university relations program for the entire campus, to include public information, publications, public relations, special events fundraising and alumni affairs. Requires bachelor's degree, or equivalent, plus a minimum of over four to seven years of effective experience involving management experience and newspaper and/or journalistic writing, and public relations. Relevant experience in higher education is desirable. Excellent

communication, writing, and management skills essential. **STAFF GRADE 6.**

*Technical Coordinator, Health and Human Development, Center for Locomotion Studies, University Park Campus

Responsible for the integration of software and hardware to accomplish data acquisition and analysis, responsible for the conduct of research and for the Laboratory's technical environment. Identify needs and plan for long-range acquisition of equipment in response to research needs. Requires bachelor's degree in computer science or related field plus two to four years effective experience with real-time data collection and human subjects research. Experience with Tektronix, VAX, PASCAL, FORTRAN and VMS preferred. **STAFF GRADE 7.**

*Applications Programmer/Analyst, Agriculture, Administrative Services, University Park Campus

Responsible to a senior analyst for conducting analyses, program design, coding, testing, and documenting activities associated with applications problems, for determining detailed requirements to solve problems, and for training users in the use of information improvements. Requires bachelor's degree or equivalent in agriculture or information technology related field plus one to two years of effective computer programming experience. Excellent oral and written communication skills are required including the ability to communicate technical information to non-technical audiences. Knowledge of communications protocols are required. Experience in a Digital VAX mainframe and Apple microcomputer on-line delivery system environment is preferred. **STAFF GRADE 6.**

Nominations for president are sought

The University invites applications and nominations for the position of president. The corporate authority for the management and governance of the University is vested by charter in the Board of Trustees. The president serves as the chief executive and educational officer of the University and is responsible to the Board of Trustees.

Candidates for this position should have a broad understanding of academic institutions; executive experience and proven leadership capacity; understanding and support for the University's multiple missions and its commitment to cultural diversity; evidence of experience in fiscal

management, and the ability to attract human and financial resources to the University. The position will be available on Sept. 1, 1990.

The Search and Screen Committee will review applications and nominations beginning immediately, and will continue to receive them until a candidate is selected. Nominations and applications, preferably accompanied by a resume or equivalent information, should be mailed to: Thomas L. Merritt, Chairman, University Presidential Search and Screen Committee, 205C Old Main, Box I, University Park.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

University's enrollment rises to a record of 70,031

Enrollment at Penn State has risen to a record 70,031, with minority enrollments increasing to an all-time high of 4,957 students, or 7.2 percent of the total enrollment.

"Penn State continues to remain attractive in both Pennsylvania and in the nation in terms of the numbers of students who want to attend here," President Jordan said.

"The quality and cost of a Penn State education make it a highly desirable university. One out of every eight post-secondary students in the Commonwealth is enrolled at Penn State.

"Overall minority enrollment figures increased by 2.4 percent while total student enrollments rose by only 1.2 percent."

For the first time in at least seven years, the number of African American students did not increase.

"We are not pleased with that development," Dr. Jordan said. "Our commitment in these areas is long-term. There may be dips in specific categories in specific years, but the clear trend over the long haul is a significant increase in minority enrollments -- up 83.5 percent since 1982. We are committed to maintaining that upward trend.

"We remain concerned that some specific categories do not reflect the increase in recruitment efforts and programs the University has put into place in recent years," Dr. Jordan said.

Black graduate students, both degree and

non-degree, increased by 6.1 percent over 1988 figures.

"The decline in new black students coupled with the largest graduating class of African American students in the University's history last spring has contributed to the decline this year."

Minority student enrollment has increased from 2,701 or 4.3 percent in fall of 1982 to 4,957 or 7.2 percent in fall of 1989. Black student enrollment has increased from 1,587 or 2.5 percent in 1982 to 2,424 or 3.5 percent in 1989.

The breakdown for 1989:

-- American Indian: from 117 or 0.2 percent in 1988 to 109 or 0.2 percent in 1989.

-- Asian/Pacific Islander: from 1,386 or 2 percent in 1988 to 1,584 or 2.3 percent in 1989.

-- Black Non-Hispanic: from 2,580 or 3.7 percent in 1988 to 2,424 or 3.5 percent in 1989.

-- Hispanic: from 700 or 1.1 percent to 840 or 1.2 percent in 1989.

"By the end of the decade a third of the nation's schoolchildren will come from minority populations, and it is in the country's and the University's interest to be responsive to these under-represented peoples," Dr. Jordan said.

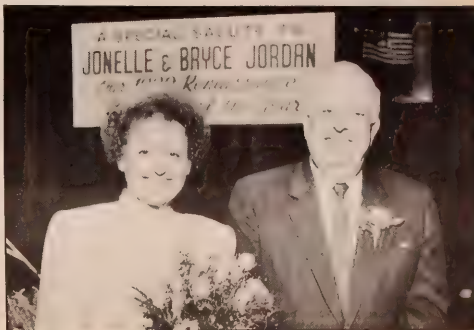

The largest increase in enrollment figures at Penn State occurred at the University Park Campus, with 448 additional students this fall. Other locations which showed a large increase in students this year include:

Harrisburg, 132; Delaware County, 114; Schuylkill, 108; Shenango, 118, and Worthington Scranton, 284.

Hispanic student enrollment increased by 80 or 10.5 percent, with Hispanic students coming from 28 of the 50 states. Blacks enrolling at Penn State represent 34 of the 50 states.

Universitywide, the College of Engineering is the single most popular academic college with 777 students enrolled. The College of the Liberal Arts is second with 3,876 students this fall, and the College of Business Administration is a close third place with 8,840 students.

See chart on page 3.

President Jordan and Jonelle Jordan were honored at the 13th annual Renaissance Scholarship Fund dinner Nov. 15. The \$80,000 raised at the dinner, which is the largest amount raised at a Renaissance Fund dinner, will enable the University to establish eight Renaissance Scholarships in the Jordans' name. Trustees authorize development of research park

In an effort to spur statewide economic development, the Board of Trustees at its meeting Nov. 17 at University Park authorized the University to proceed with the planned development of a 130-acre research park on University lands.

After an extended "build-out" period stretching to the year 2000, the Penn State Research Park is expected to house 1.5 million square feet in facilities and employ about 3,000 persons, Gary Schultz, assistant vice president of operations and services, told Trustees.

The research park will be located at the intersection of the Park Avenue Extension and the Mount Nittany Expressway (U.S.

Route 322), about a mile east of Beaver Stadium. It will be built in three phases, with development of the first phase to occur between 1991-1993 at a cost of more than \$60 million.

The park's intent is to attract businesses and industries that can enhance their competitiveness by locating near a leading research university with a wide variety of academic strengths.

In doing so, the new industries will "broaden resources available to the University and assist in the economic revitalization of the state," Mr. Schultz said.

In turn, "the potential benefits to the community and state range from increased

employment opportunities and an enriched and more diversified economy to increased support for the arts," he added.

The University will lease -- not sell -- the land to firms identified as appropriate tenants.

The first phase of the research park will develop a 28-acre tract anchored by four buildings:

-- a University research and development laboratory of 100,000 square feet;

-- a technology center of 66,000 square feet that will house a business incubator to be operated by the Centre County Industrial Development Corp.

-- a University conference center of 112,000 feet; and,

-- a conference-type hotel, with 150 rooms, to be financed by private investors.

To finance the buildings, the trustees authorized the University to issue bonds not in excess of \$42.7 million.

Trustees also approved implementation of the business plan for the park, as well as a development services agreement between Penn State and the Research Park Management Corp., a wholly owned subsidiary of The Corporation for Penn State.

In addition, Trustees approved the acquisition of the research and development laboratory, the conference facility and the technology center from the Morlok Development Group of Philadelphia, which will design and construct the facilities on a turn-key basis.

The research park will feature a campus mall ambience, Mr. Schultz said. The design "will emphasize pedestrian walkways, open space and common area amenities to encourage interaction between academic and industry researchers."

In addition to providing sorely needed facilities for the University, the first phase of development will encourage the arrival of commercial research and development laboratories.

Total cost of the park, when finished, is projected at \$360 million.

The benefits to Penn State, Mr. Schultz said, will include:

-- increased industry-sponsored research, an area in which Penn State ranks third nationally among all universities;

-- increased internships and part-time jobs for students, as well as increased employment opportunities for students after graduation;

-- increased employment opportunities for spouses of faculty and staff;

-- increased consulting opportunities for faculty;

-- enhanced cultural diversity through increased minority and international representation in the workforce;

-- increased corporate funding of University programs; and,

-- an overall enhanced reputation for Penn State.

For industries locating in the park, Mr. Schultz said, the major benefits are:

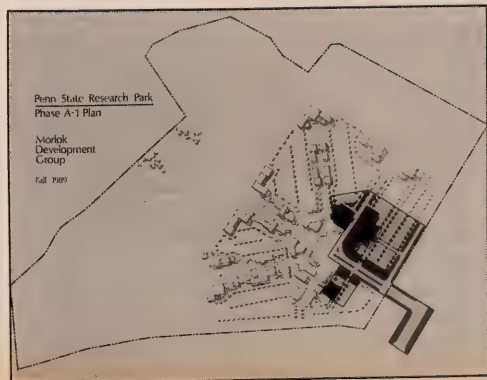

-- access to faculty research expertise;

-- access to students as part-time employees, as well as potential full-time employees following graduation;

-- access to University resources such as libraries, information systems, continuing education opportunities, and cultural activities;

-- part-time teaching opportunities for industry employees; and,

-- access to University laboratories.

Focus on Diversity

African American, Hispanic retention rates improving

Retention rates for African American and Hispanic students continue to show improvement and are closing the gap with retention rates for the overall student population at Penn State.

University officials reported to the Board of Trustees that the retention rates for black students after one year was 77 percent for fall 1988 freshmen, compared with an 83 percent retention rate for white students. Five years ago only 72 percent of African American students remained at Penn State into their second year.

It is difficult to predict what trends may develop in the next few years, but as we look back over changes in the past five years there is reason for optimism," Jerry Covert, associate dean for undergraduate education, said.

"There clearly has been some increase in retention rates for African American and Hispanic students in some categories. For instance, the gap between retention of blacks and whites after one year has been closing.

"The four-year retention rate started to show major improvement for students who entered the University between fall of 1984 and fall of 1985. We'll continue to monitor those figures closely as data becomes available for subsequent years."

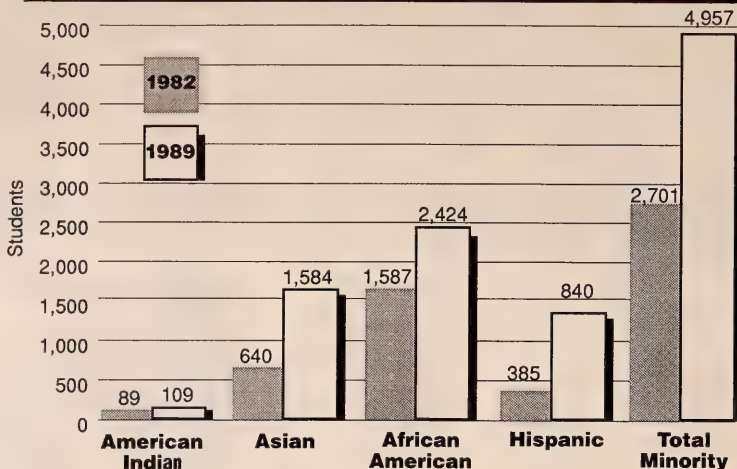

The four-year retention rate for African American students who first entered the University in the fall of 1984 was about 26.2 percentage points less than it was for white students. For African American students who entered the University in fall 1985, that gap had been closed to 18 percent.

There was a similar closing of the gap for Hispanic students during those two years. For the cohort of students entering the University in fall of 1984, there were 17.7 percent more Hispanic students leaving Penn State than white students after four

PENN STATE

Minority Enrollments Continue Climb

years of enrollment. For students entering in the fall of 1985, that difference had dropped to 6.8 percent.

Since August of 1986, the Office for Undergraduate Programs has been coordinating a comprehensive retention planning program which involves each college and campus within the University. Planning committees composed of students, faculty, staff and administrators have been targeting problem areas and offering proposals for projects to address any

weaknesses.

"The retention rates are not at the level we would like to see," Dr. Covert said. "But in context, it should be noted they do compare favorably with similar institutions nationally and with other universities in Pennsylvania."

Among statistics Dr. Covert reported to the Trustees include:

— In 1984, the one-year retention rate for African American students was 72 percent; for white students it was 84 percent; and

for Hispanic students it was 65 percent.

— For students entering the University in the fall of 1988, the one-year retention rate for African American students rose to 77 percent; for white students, it was a slight drop to 83 percent; and for Hispanic students, it rose to 78 percent.

"The data show continued progress toward achieving our goal of decreasing and eventually eliminating the percentage point difference between different student groups," he said.

Minority enrollment increases at Penn State Berks

Minority enrollment at the Penn State Berks Campus has increased dramatically this year, the President's Council on Undergraduate Recruitment and Retention has been told.

A total of 93 minority students are now enrolled and constitute 6 percent of the student body, Blain E. Steensland, director of student programs and services, said. The total compares with 46 minority students, or 3 percent of the study body, enrolled during Fall Semester 1988.

Of the current minority students, Mr. Steensland said, 25 are African-American,

29 are Hispanic-American or Puerto Rican, 32 are Asian-American or PAC Islander, and seven are foreign nationals.

He credited the cooperative effort of the Berks Campus staff, the Minority Recruitment Division of Undergraduate Admissions, MAPP and the Partnership Program for Berks' success in providing expanded service to minority students.

In his presentation to the Council, Frederick H. Gaige, campus executive officer, highlighted future plans for Berks, including construction of a 192-bed

residence hall facility and expansion of food services by August 1990.

The residential option, Dr. Gaige said, will provide the campus with opportunities to serve a more culturally and geographically diverse student population.

He outlined a number of new program initiatives at Penn State Berks, including the Penn State Partnership Program, inaugurated in the Reading School District.

"This program now brings the University's resources and commitment to serving at-risk students," he said. "Campus facilities and staff contribute to the

workshops, training programs and activities of the Partnership efforts."

Stam Zervanos, director of academic affairs, provided the Council with an overview of the academic retention services provided at Berks.

Citing the Targeted Advising Program (TAP) as being central to the campus' retention effort, Dr. Zervanos said that TAP focuses upon at-risk students and utilizes faculty members who meet with the students on a bi-weekly basis throughout the academic year.

Minority faculty and staff numbers increase

The number of full-time minority faculty and staff at Penn State increased by 7.2 percent for 1989, Billie S. Willis, assistant vice president for human resources and acting affirmative action officer, told Trustees.

In the fall of 1989 Penn State employed 854 full-time Hispanic, African American, American Indian/Alaskan Native, and Asian or Pacific Islanders.

Dr. Willis said the total minority employment at Penn State increased from 797 in 1988 to 854 in the fall of 1989, for a total increase of 57 additional minority employees.

The largest percentage increase was observed among Hispanics, with 19 percent more this year — including 11 additional Hispanics on our faculty," she said.

The changes in full-time minority

employees include:

— American Indian/Alaskan Native: 46 in 1989 compared to 47 in 1988, a decrease of -2.1 percent.

— Asian or Pacific Islander: 317 in 1989 compared to 296 in 1988, an increase of 7.1 percent.

— Black Non-Hispanic: 372 in 1989 compared to 354 in 1988, an increase of 5.1 percent.

— Hispanic: 119 in 1989 compared to 100 in 1988, an increase of 19 percent.

There are an additional 21 women in executive/administrative/managerial positions at Penn State this year and two fewer men in such jobs. This reflects an overall increase of women in this category of 14.2 percent over 1988 figures. Men in the executive/managerial category declined -0.3 percent.

There are an additional 336 women working at Penn State in 1989, or a 5 percent increase, compared to an additional 179 men, or a 2.6 percent increase.

"We are pleased that we have continued our progress in these important areas," Dr. Willis said. "But we still have a long way to go."

KWANZAA festival

The Paul Robeson Cultural Center, the Black Caucus, the Black Studies Program and the NOMMO Performing Arts Company will join forces to sponsor the annual celebration of KWANZAA at 7 p.m. Sunday, Dec. 3, in the Hetzel Union Building Ballroom at University Park.

KWANZAA is a spiritual festival and joyous celebration of the oneness and goodness of life, which claims no ties with any religion.

The focus of KWANZAA is centered around the seven principles (Nguzo Saba) with particular emphasis on the unity of black families. It is a time for gathering of families and for a rededication to manifesting the principles of KWANZAA (Nguzo Saba) as a way of life for black Americans.

KWANZAA has definite principles, practices and symbols which are geared to the social and spiritual needs of Afro-Americans. The reinforcing gestures are designed to strengthen the collective self-concept of Afro-Americans as a people, honor their past, critically evaluate their present, and commit themselves to a fuller, more productive future. KWANZAA is a way of life, not just a celebration. As a

(Continued on page 7)

From the Trustee Docket

New graduate school

The Board of Trustees has approved plans to establish a Graduate School of Public Policy and Administration.

The school will be created within the College of the Liberal Arts and the Graduate School from three existing units, including the Graduate Program in Policy Analysis, the Department of Public Administration and the Institute for Policy Research and Evaluation. The restructuring was recommended as part of the University's strategic planning process.

"Establishing a school recognizes the interrelationships of these units and builds on their existing strengths. The administrative consolidation will result in a more cohesive unit, and one which will have a stronger presence in both the Commonwealth and nationally," William C. Richardson, executive vice president and

University provost, said.

The graduate program in policy analysis is a two-year-old multi-disciplinary program in the College of the Liberal Arts that now has 19 master's degree students and three students in the doctoral minor program.

The Department of Public Administration, also in Liberal Arts, has offered a master's degree program since 1960. With a newly reconfigured curriculum, the department has applied for accreditation by the National Association of Schools of Public Affairs and Administration, a process which is expected to be completed late this spring.

The third component of the School, the Institute for Policy Research and Evaluation, is an interdisciplinary research unit in the Graduate School that is widely recognized as a premier research organization in the field of public policy

analysis. Last year it received \$1.2 million in external grants and contracts.

Planning for the school has been conducted in conjunction with the School of Public Affairs at Penn State Harrisburg, for a coordinated University-wide effort in public policy and analysis.

"By bringing together the academic and research efforts in policy analysis and public administration, the University can leverage its commitments and build a larger and better quality graduate program," Dr. Richardson said.

Sponsored research programs administered by the Institute for Policy Analysis and Evaluation will provide graduate assistantships. An integrated program of workshops and internships will help strengthen ties between Penn State and state government, making policy-oriented research, information, and

expertise more accessible to legislators and administrators.

The School will have a director, responsible for overall program planning, and budget administration, who will report to the dean of the College of the Liberal Arts and to the senior vice president for research and dean of the Graduate School.

Faculty members will be drawn from social science departments in the College of the Liberal Arts and from policy-related areas in other colleges, including Business Administration, Education and Health and Human Development. A national search will be conducted to find a director for the School.

Graduates will pursue a variety of careers, including environmental, economic, and health policy in state and local agencies, industry and private consulting firms.

Construction projects

Improvements to medical research, teaching and medical services facilities at The Milton S. Ebersole Medical Center have been approved by the Board of Trustees.

Trustees approved final plans and authorized the Medical Center to obtain bids for four construction projects, based on recommendations from the Medical Center Advisory Committee.

The projects include an expansion of the MRI (Magnetic Resonance Imaging) facility, the Hospital East Addition, Phase II of the Academic Addition and a new parking lot and expansion to existing lots east of the Medical Center. They will bring the size of the Hershey Medical Center physical plant to 2.3 million square feet.

The expansion of the MRI facility will be dedicated primarily to research, Michael B. Smith, chief of the Division of Nuclear Magnetic Resonance Research, said. The one-story, 6,500-square-foot building, which is part of the Department of Radiology,

will include the Center for Nuclear Magnetic Resonance Spectroscopy and Imaging.

The University Hospital East Addition is approximately 100,000 square feet in three levels, with one below ground. It was designed by Robert D. Lynn Associates of Philadelphia and will cost \$20 million. The project will involve relocating the current entrance to the hospital to the east side of the building. New roadways and driveway will be added.

The new entrance level will house the admissions facilities, gift shop and volunteer services. The second floor will house a new surgical intensive care unit. The changes will result in an expansion of operating room capacities.

Phase II of the Academic Addition will involve a seven-story (plus basement), 236,000-square-foot expansion extending south from the teaching and library wings of the Medical Center. Designed by Geddes Brecher Qualls Cunningham, P.C.,

Architects of Philadelphia, it will cost \$40.3 million.

The addition will include classrooms, laboratories, offices and student-use areas, as well as space for parking activities.

A 600-space parking lot will be constructed on the east side of the Medical Center.

In other construction-related action,

Trustees:

-- approved preliminary plans for three residential buildings for students at Penn State Erie, The Behrend College.

The buildings will be located west of Dobbins Hall and the existing apartment housing. Built in accordance with The Behrend College Master Plan, the project will house 192 students.

Each of the 12,165-square-foot buildings will consist of two floors with four suites of eight students per floor. Each building will include an individual suite for a resident adviser and a lounge area on the ground floor.

The project involves the construction of a pedestrian link, including an enclosed stairway tower.

-- approved construction of a new bookstore at the Berks Campus.

The 6,100-square-foot facility will be built north of Memorial Library. The one-story structure will contain a sales area, storage space, office and mechanical spaces.

-- approved final plans and authorized the University to obtain bids for the construction of a community building to serve the Eastview Terrace graduate apartments complex on the University Park Campus.

As designed by the Office of Physical Plant, the project will be located on the existing green area between Elm and Linden Roads. It will include two structures, totaling 1,700 square feet connected by an exterior courtyard.

One structure will house a self-service laundry facility while the other will house a community social area with a kitchen, restrooms and a vestibule.

Audit report

The Board of Trustees has received a report on the University's 1988-89 audited financial statements.

Kenneth S. Babe, corporate controller, said, "Penn State's assets and revenues continue to grow even at a time when the state's proportion of total revenues has declined." However, it is expected that this proportion will remain constant for 1989-90.

Total assets of the University as of June 30 were \$1.978 billion, about 122 percent greater than at the beginning of a 10-year comparative period starting with fiscal 1978-79. Total assets as of June 30, 1988, were \$1.819 billion.

Revenue received by the University in 1988-89 was \$1,087 million. This is a 175 percent increase over the \$395 million received in 1978-79. During 1987-88 the University's revenue was \$974 million.

State allocations in 1988-89 accounted for 21.0 cents of every dollar, or 21 percent of total revenue. Mr. Babe explained, "In 1978-79, state allocations were the largest single source of revenue for the University, accounting for 30.0 cents of every dollar."

Tuition and fees are now the largest single source of revenue. They accounted for 25.8 percent of total income in 1988-89. In 1978-79 these accounted for 21.2 percent of total revenues.

The annual audit was performed by Deloitte Haskins and Sells at the request of the University's Office for Finance and Operations, under the direction of Steve A. Garban, senior vice president for finance and operations and University treasurer.

In addition, Mr. Babe said, the University's own internal auditing staff prepared 22 separate reports for the 1988-89 fiscal year.

Also dropped was the option in production in the College of Arts and Architecture because it is part of the major, which leads to a bachelor of fine arts degree.

The performance option in the College of Arts and Architecture was dropped because officials say it is inappropriate for such specific training to be offered at the undergraduate level and that a rather broad-based liberal arts program is best for the students. This reflects the national trend and brings the department into compliance with standards of the National Association of Theatre Schools.

Educational programs

The Board of Trustees has approved a number of changes in undergraduate programs.

A major in actuarial science was added in the College of Business Administration. It will strengthen the existing program by providing distinct tracks for students in the mathematics major with an actuarial science option and the new major in actuarial science.

The option in general management and the option in human resources management at Penn State Erie, The Behrend College, was dropped because every business major is now required to take a course in labor relations and organizational process and structure.

Focus on the arts

Art critic to visit

An artist who writes about art, Robert Storr, currently a visiting professor at the Tyler School of Art in Philadelphia, will present three lectures at University Park.

Mr. Storr is the third of eight guest artist critics sponsored by the School of Visual Arts for the Visiting Artist Seminar Class series. His lectures will be at 7:30 p.m. Sunday, Nov. 26, and Monday, Nov. 27, in the Zoller Gallery next to the Palmer Museum and at 1:30 p.m. Tuesday, Nov. 28, in the Palmer Museum of Art.

Author of *Philip Guston and Louis Bourgeois*, published by Abbeville Press, and contributing editor for *Art in America* art journal, Mr. Storr has written hundreds of articles and essays on artists, such as Susan Rothenberg, Ross Bleckner, Man Ray, Nancy Spero and Anselm Kiefer.

His own paintings have been shown at the Jack Tilton Gallery, New York; The Leishan and Gay Community Services Center, New York; Rutgers University; Parsons School of Design; Harvard University; and Radcliffe College Cambridge.

A reception will follow Mr. Storr's lecture on Nov. 28. His lectures are free and open to the public.

'Festival of Trees'

"Doe Day," one of the special events planned for the Palmer Museum's "Festival of Trees," will be held from 11 a.m. to 3 p.m. Monday, Nov. 27, at the Palmer Museum of Art at University Park.

The program will begin at 11 a.m. with a gingerbread house-making demonstration by Elizabeth Lushi. Over the noon hour, vocalists Barbara Hies and pianist Dorothy Frazer will present "A Christmas Sampler," a selection of holiday music from the 20th century to the present.

From 1 to 3 p.m., Dana Gray of Lewinsburg will demonstrate how to make 19th-century Christmas decorations for the home and tree. Throughout "Doe Day," movies will be provided for children accompanying their parents.

As part of the "Festival of Trees" celebration, the Palmer Museum will hold a special "Children's Day" program from noon until 4 p.m. Saturday, Dec. 2.

From noon to 1 p.m., lunch will be available from a vendor's cart in the Museum breezeway. Beginning at 1 p.m., storyteller Alice Ritti will entertain youngsters with "The Tailor of Gloucester" by Beatrix Potter.

At 2 p.m., the Centre Hall Select Choir and the Penns Valley Recorder Band will give an hour performance, directed by Libby Pennock. The Park Forest Elementary Boy Choir, directed by Patricia Begg, will sing from 3 to 3:30 p.m.

At 3:30 p.m., the Music Academy Suzuki Violins, instructed by Lois Durrant, will give an hour performance. From 3 to 4:30 p.m., pre-registered children will decorate pre-baked and pre-assembled gingerbread houses with Judy Hackman. All events are free and open to public participation. For more information and registration, contact the Museum at 865-7672.

Symphonic wind ensemble

School of Music faculty members Eleanor Duncan Armstrong and Burt Fenner will be the focus of the Symphonic Wind Ensemble's concert at 8 p.m. Wednesday, Nov. 29, in the Recital Hall of the Music Building at University Park.

Ms. Armstrong, flute performer and teacher, will play *Descent into Pipes and Tabors*, an original work for solo flute and wind ensemble composed by Mr. Fenner in 1984 with a grant from the University's Institute for the Arts and Humanistic Studies.

Also on the program is *Prayer 1985* by Czech-born American composer Karel Husa. Written in response to the Soviet

Art critic Robert Storr will present three lectures at University Park. (See story this page.)

military suppression of Czechoslovak moves toward political reform and artistic freedom, *Prayer 1985* has become one of the most respected and significant works for wind band.

Several of the principal players of the Symphonic Wind Ensemble will be featured in the opening work of the program, American composer Fisher Tull's *Noctel*, an exploration of unusual sonorities for a mixed group of nine woodwind, brass, and percussion players. Concluding the program will be one of the earliest and most popular original compositions for band, Gustav Holst's *Second Suite in F*.

The concert, which is presented without charge, will be conducted by Smith Toulson.

'The Homecoming'

The New Play Workshop will present its third play of the fall season, "The Homecoming," by Renee Rankin, a senior communications major. Performances will be daily at 5 p.m. Wednesday, Nov. 29, through Friday, Dec. 1, in Room 119 Arts Building at University Park.

"The Homecoming" features an all black cast and revolves around the relationship of two sisters, who are reunited after four years. The younger sister returns home from college and develops a new closeness with her older sister, who is mentally retarded. Each helps the other to grow, redefining their relationships with their parents and breaking free from the patterns of their pasts.

"The Homecoming" is directed by Al Baker, a graduate student in the directing program in the Department of Theatre Arts.

Pops concert

The Penn State Philharmonic will present a Christmas "Pops Concert" at 8 p.m. Friday, Dec. 1, in the Recital Hall of the Music Building at University Park.

The program will include the overture to "Hansel and Gretel" by Engelbert Humperdinck, portions of "The Nutcracker" by Tchaikovsky and Symphony No. 2, "Romantic" by Howard Hanson. Favorite Christmas carols, such as "Good King Wenceslas," arranged by Arthur Harris for the Philadelphia Orchestra, also will be featured in the concert.

The concert is a benefit to support the orchestra's visit to Hungary and West Germany this spring. Tickets are \$2 for students and \$4 for non-students and may be ordered from any orchestra member or by calling 863-0696.

'The Imaginary Invalid'

The Penn State University Resident Theatre Company (URTC) production of Moliere's classic comic farce "The Imaginary Invalid" opens at 8 p.m. Friday, Dec. 1, in the Pavilion Theatre at University Park.

Additional performances are scheduled

for Saturday, Dec. 2, and Tuesday, Dec. 5, through Saturday, Dec. 9, with a matinee performance at 2 p.m. Saturday, Dec. 2.

"The Imaginary Invalid" is an ironic comedy that exposes the pretenses of the 17th-century French aristocracy. Richard Nichols, a Penn State faculty member and national chairman of the American College Theatre Festival, makes his URTC directing debut with "The Imaginary Invalid." The cast includes both graduate and undergraduate students.

The artistic staff includes set designer Bill Bloodgood, a resident scenic designer at Ashland Shakespeare Festival; costume designer Donna Lawrence, a second year MFA candidate at Penn State; lighting designer Anthony Hostetter, and sound designer Anthony Roman. Kevin Fry is the dramaturg for the production.

University choir

The Penn State University Choir will present a Christmas concert at 8 p.m. Saturday, Dec. 2, in Eisenhower Auditorium at University Park.

The program will feature "Fantasia on Christmas Carols" by Vaughan Williams with Richard Davis, faculty member in the School of Music, as baritone soloist, and "Magnificat" by C.T. Pachelbel. Other selections include works by Pierce, Dello Joio, Schult and Topf, as well as settings of Christmas carols and selections by the University Choir Chamber Ensemble.

The Penn State Concert Choir will assist the University Choir performing works by Willan, Britten, Bruckner and Mendelssohn.

Members of the University Brass and Penn State Trumpet Ensemble also will perform on the program.

Daniel Dauner, faculty member in School of Music, conducts the University Choir, and Russell Shelley is the assistant conductor.

Archaeology lecture

"The Desert Islands of Greece" is the subject of a lecture by Timothy E. Gregory, professor of history at Ohio State University, at 8 p.m. Wednesday, Dec. 6, in 101 Kern Graduate Center at University Park.

Hundreds of islands lie scattered through the seas of Greece. Some are famous tourist attractions, and a few were centers of ancient civilizations, but most are tiny windswept rocks with little or no vegetation and no water resources. Nevertheless, many of these desert islands are littered with archaeological evidence, especially from late antiquity and the early Middle Ages.

Dr. Gregory's lecture will describe the exploration of several of these islands, the logistics of investigating such scenic but harsh locations, and some of the finds that have been made. He will focus on the questions of why people once lived on these inhospitable islands and why they constructed large and impressive structures there.

He holds A.B., A.M. and Ph.D. degrees from the University of Michigan. He taught at Penn State from 1969 to 1972 and was Kress professor of the American School of Classical Studies at Athens.

The lecture is sponsored by the Central Pennsylvania Society of the Archaeological Institute of America and is co-sponsored by the Institute for the Arts and Humanistic Studies and the College of the Liberal Arts. It is free and open to the public.

Brass choir

The Penn State Brass Choir will present a sing-along Christmas carol concert at 12:10 p.m. Thursday, Dec. 7, in Eisenhower Chapel at University Park. The 20-minute concert will conclude the fall Bach's Lunch Concert series sponsored by the School of Music and the University Lutheran Parish.

The Brass Choir, directed by Mark Lusk, consists mainly of music majors in the School of Music. Members often perform in concerts on and off campus.

Children from several nearby daycare centers will be invited to attend the concert to sing along with the Brass Choir and Santa Claus.

The concert is free and open to the public. The audience is invited to bring their own bag lunches to eat after the concert in the Informal Lounge. Coffee and tea will be provided.

Ceramics display

Ceramics works by Egyptian artist Mohamed Agag will be exhibited in the Palmer Museum of Art stairwell gallery through Dec. 21.

Influences of the Islamic religion and Egyptian culture both past and present are evident in the sculptures and vessels. Birds, the Arabic alphabet and family are recurring images in his handbuilt, highly decorated stoneware.

His sculptures are constructed from clay slabs without plans or sketches. "There is no literal message I wish to convey in them," he says. "Each person will react to the forms in an individual way, depending on his or her experience, background and sense of form."

'The Nutcracker'

The Louisville Ballet returns to University Park for two performances of "The Nutcracker" staged in Eisenhower Auditorium at 8 p.m. Friday, Dec. 6 and 2 p.m. Saturday, Dec. 9. There will be special, half-priced tickets for children 12 and under.

Designed and choreographed by artistic director Alon Jones, the sets and costumes are rich with Victorian details, which reflects his English background. Following a traditional approach, the dancers use the classical ballet style from the Russian school and recreate Ivanov's original Russian choreography for the pas de deux.

In keeping with the holiday spirit, Santa will be on hand for the children before each performance. Also, the Center is helping collect non-perishable food items for the State College area food bank. Special boxes for your donations will be placed in the lobby of Eisenhower Auditorium.

Faculty/Staff Alerts

Mail service

Mail Service to the University community will be suspended from 5 p.m. Thursday, Dec. 21, through Monday, Jan. 1, 1990, due to the holidays.

If your department requires delivery of incoming U.S. mail, or processing of outgoing mail, please contact Frank Sinclair at 108 Business Services by calling 865-4051 prior to Dec. 8 to make these special arrangements. Any requests received after Dec. 8 will not be guaranteed special arrangements.

Campaign Milestones

July 1, 1984 -- The Campaign for Penn State, aiming to raise \$200 million over five years, begins with advance gifts phase.

September 1984 -- Penn State receives \$5.6 million Homer Braddock bequest for science scholarships.

September 1985 -- William A. Schreyer '48, chairman and chief executive officer of Merrill Lynch and Co., accepts invitation to serve as the Campaign's national chairman.

January 1986 -- Thirty-two-member Campaign Executive Committee and eight-member honorary Executive Committee recruited to provide volunteer leadership. Edward Hintz '59, Joe Paterno, and Frank P. Smeal '42 are named Campaign vice chairmen.

April 1986 -- James and Barbara Palmer of State College donate \$3.5 million to expand the Palmer Museum of Art, endow a chair in telecommunications, and support Pennsylvania Centre Stage.

September 1986 -- The Campaign is publicly launched. Advance gifts total \$65 million.

November 1986 -- Eberly Charitable Trust of Uniontown, Pa., gives \$10 million to establish eight endowed chairs in the College of Science, a biotechnology endowment, and a science endowment for Penn State Fayette Campus.

March 1987 -- Campaign Vice Chairman Edward Hintz launches regional major gifts effort. Volunteers seek gifts of \$10,000 or more in 15 geographic areas nationwide.

June 1987 -- Campaign achieves \$144.0 million in gifts and pledges, or 72 percent of its goal.

September 1987 -- The Challenge for Annual Support, headed by National Chairman Robert W. Moore '48 is launched to secure individual gifts of up to \$10,000 each.

March 1988 -- Student, Faculty and Staff and Community Challenges begin. Lloyd and Dorothy Huck '43 '43, of New Vernon, N.J., give \$2 million for biotechnology, a chair in medicine, and library acquisitions.

May 1988 -- New Campaign goal of \$300 million is announced and an extra year is added. Campaign will end June 30, 1990.

June 1988 -- \$6 million gift from H. Thomas Hollowell, in the form of his estate "Deerfield," puts Campaign over its original \$200 million goal.

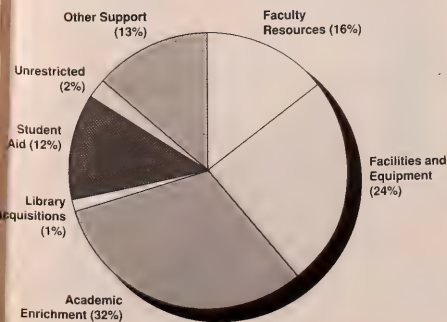

July 1988 -- Penn State enters "top 10" public universities that seek philanthropic dollars, raising \$50.3 million in 1987-88.

December 1988 -- Endowed faculty positions surpass 100, up from 19 at Campaign's outset. Endowed scholarships more than double, to nearly 1,000.

July 1989 -- Penn State completes best fund-raising year ever, having received \$55.2 million from 82,500 donors. Endowment surpasses \$170 million, up from \$58.0 million when Campaign began.

November 1989 -- WE DID IT! Campaign hits \$308 million and exceeds goal seven months ahead of schedule, thanks to a \$10 million gift from Frank and Mary Jean Smeal of Rumson, N.J., for endowments in the College of Business Administration.

Where the Funds Go

Smeals' gift puts Campaign for Penn State over goal

In a dramatic development, a vice chairman of The Campaign for Penn State and his wife announced they've made a \$10 million gift that pushed the Campaign over its \$300 million goal more than seven months ahead of schedule.

The gift from Frank P. and Mary Jean Smeal of Rumson, N.J., is the largest individual donation in the University's history, and equals a \$10 million donation from the Eberly Family Charitable Trust of Uniontown as the largest single contribution to the Campaign. Including their previous philanthropy, the Smeals are the Campaign's largest donors.

The Smeals' gift will endow faculty positions in the College of Business Administration.

"The gift is the most significant event in the history of our college," Dean J.D. Hammond said. "I am overwhelmed and close to speechless. It secures our role as a leader among the nation's major business schools, and no gift could have been made with better timing.

"The positive impact is endless," he added. "The college can recruit and retain the best professors, who will attract the best students. I am sure that among them will be another Frank or Mary Jean Smeal. Words can never quite capture the depth of our thanks, but the gratitude of our entire college and alumni always will reside with the Smeals."

The Smeals have been generous supporters of the University for nearly 20 years. Their prior gifts to the Campaign alone have totaled more than \$1.7 million.

"We are all absolutely delighted," President Jordan said.

"The Smeals' gift will have a profound effect on the University. I am confident that Penn Staters will respond to the Smeals' declaration of faith with unparalleled achievement. This will be the best 'thank you' we could give."

Frank Smeal, a limited partner of Goldman, Sachs and Co., spent his 38-year career on Wall Street as an expert in the municipal bond market. As executive vice president and treasurer at Morgan Guaranty Trust Co., he was instrumental in counseling New York City through its 1975-76 fiscal crisis. He became a partner and member of the senior management committee of Goldman Sachs in 1977 and retired in 1985.

Mr. Smeal spent the first two years of his collegiate career at Penn State DuBois Campus. A 1942 Phi Beta Kappa graduate in economics, he went on to earn a master's in business administration from Harvard University

Frank and Mary Jean Smeal (left of podium) are honored for their \$10 million gift at a ceremony on the steps of Old Main on Nov. 17.

in 1947 and a law degree from New York University in 1952.

He was born in rural Jefferson County, the son of a coal miner, and credits his mother, Mary, for inspiring him to seek a college degree. It took five years of working part-time and a mortgage on his parents' home before he could achieve his goal of a college education.

Mary Jean Smeal, a daughter of long-time Penn State botany professor Henry W. Popp, earned a bachelor of arts degree from Penn State in 1942.

In 1982, the Smeals endowed the Katy-Lehman Creative Writing Awards in memory of Mrs. Smeal's sister,

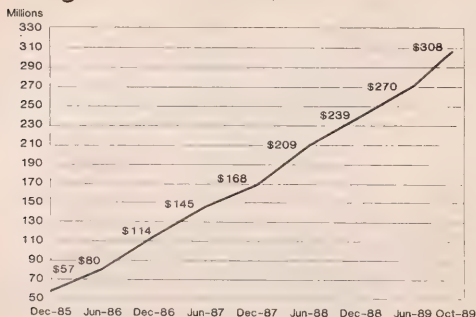

who was a journalist, and the wife of Penn State Alumni Association Executive Director Emeritus Ross B. Lehman. The following year, the Smeals established the Henry W. Popp Graduate Assistantship in Botany and Plant Pathology to aid advanced degree students. Mr. Smeal also was instrumental in creating the Goldman, Sachs and Co. and Frank P. Smeal University Endowed Fellowship in Business Administration with a \$100,000 endowment from Goldman Sachs.

In 1986, the couple made their largest previous contribution when they gave \$1 million to endow a faculty chair in the College of the Liberal Arts, the Mary Jean and Frank P. Smeal Chair in Literary Theory and Comparative Criticism.

Two years ago, the Smeals recognized the importance of the DuBois Campus with a \$600,000 lead gift in the campus's effort to raise \$2 million for a new academic building. This past summer, when the fund drive totaled \$1.85 million, they pledged to match further gifts until the goal is achieved.

Frank Smeal also is a former member of the Alumni Council and the executive board of the Alumni Association. He received Penn State's Distinguished Alumnus award in 1974, and in 1986 was named an Alumni Fellow of the College of the Liberal Arts. The DuBois Campus honored him as an outstanding alumnus in 1987.

WE DID IT!

**The Campaign for Penn State
tops \$300 million goal**

Seven months ahead of schedule

Campaign surpasses \$300 million goal

A \$10 million gift from an alumni couple has put The Campaign for Penn State, a six-year effort to raise \$300 million in private support, over its goal more than seven months ahead of schedule.

Campaign Chairman William A. Schreyer, chairman and chief executive officer of Merrill Lynch & Co. Inc., and a Penn State alumnus, said Frank and Mary Jean Smeal of Rumson, N.J., designated their \$10 million gift for faculty endowments in the College of Business Administration.

Gifts and pledges to the Campaign, which aims to strengthen Penn State's academic programs, now total \$308 million.

The Campaign bolsters Penn State's reputation as one of the nation's greatest public universities. Mr. Schreyer told a gathering of Campaign volunteers, students and faculty on the steps of Old Main. "It has strengthened every one of our 11 colleges and 22 campuses statewide. It has shown how important philanthropy can be in helping a university reach its academic goals."

The Smeal gift ranks as the largest individual donation in Penn State's history and equals a \$10 million donation from the Eberly Family Charitable Trust of Uniontown as the largest single Campaign contribution. With their previous gifts to the Campaign -- including \$1 million for an endowed faculty chair in the College of the Liberal Arts and \$500,000 for an academic building at the Penn State DuBois Campus -- the Smeals are the Campaign's largest donors.

Frank Smeal, a limited partner in the investment firm of Goldman, Sachs and Co., is a Campaign vice chairman. He and Mrs. Smeal are 1942 graduates of the University.

The Campaign began July 1, 1984, and will end June 30, 1990. It has received gifts from more than 173,000 individuals and 11,500 corporations, associations and foundations.

President Jordan pointed to the results of these gifts.

"Penn State is in an excellent position to move forward during the 1990s," he said. "In a time of increased operating costs and below-average levels of state support, Campaign contributions are allowing us to recruit and retain talented faculty and provide financial help to countless students."

Since the Campaign began, \$49 million has been raised for faculty support, and the number of endowed faculty positions has increased from 19 to more than 107.

Donors have contributed \$37 million for student aid. Scholarship endowments and similar student awards have climbed from about 400 to more than 1,000.

More than \$97 million has been raised for academic enrichment, which includes endowed teaching and research

Campaign Chairman William A. Schreyer announces achievement of the Campaign goal.

programs, while \$75 million has been given for equipment and 'bricks and mortar' improvements. Nine new buildings at the Commonwealth Campuses are under construction or in the planning stages with Campaign funds.

Donors have given \$50 million for a variety of other academic enhancements, including \$6 million for unrestricted use. The University applies unrestricted support where the need is greatest.

The Campaign has involved more than 1,000 alumni and other volunteers nationwide who have made personal solicitations on behalf of the University. Dr. Jordan emphasized that these volunteers will continue to seek additional donations through the end of the Campaign.

"We need to continue raising funds for our most urgent needs, including undergraduate scholarships, graduate fellowships, the libraries and programs that promote cultural diversity."

Of the \$308 million received thus far, about 43 percent came from alumni and other individuals. Corporate gifts

accounted for 38 percent, and 11 percent came from charitable foundations. Other organizations gave the remaining 8 percent.

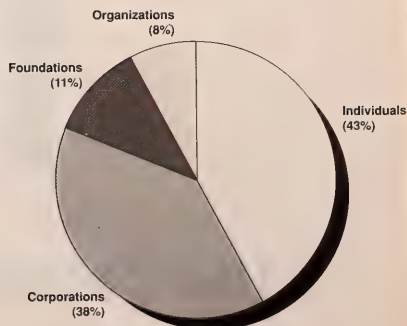

The Campaign for Penn State ranks among the five largest fund drives ever mounted by American public universities. Only the University of California at Berkeley and Ohio State University have larger goals -- \$400 million and \$350 million, respectively. Their campaigns are still in progress. The University of Minnesota and UCLA have completed \$300 million campaigns. All four institutions have surpassed their goals by significant amounts.

Mr. Schreyer attributed The Campaign for Penn State's success to the generosity of alumni and other donors and to the hard work of the volunteers. He singled out for special praise the members of the Campaign Planning Group: President Jordan; Campaign Vice Chairmen Edward Hintz, Joe Paterno and Frank Smeal; Campaign Treasurer Robert E. Eberly, and Annual Giving Chairman Robert W. Moore.

President Jordan praises the Smeals' generosity.

Where the Funds Come From

University Park Calendar

November 23— December 3 Special Events

Thursday, November 23

Thanksgiving Holiday—no classes through Nov. 26.

Monday, November 27

Festival of Trees, 11 a.m.-3 p.m., Doe Day, Palmer Museum of Art.
Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Barry Goldfarb on "Will the Real Gorgias Please Stand Up!"

Tuesday, November 28

Commission for Women, meeting, 1-3 p.m., 256 Hammond.

Kent State Univ. and American College Personnel Assoc., Student Affairs Seminar Series, 6-9:30 p.m., 3 Pattee. Amy Reynolds, Univ. of Iowa, on "How Safe Will Our Campuses Be?"

Festival of Trees, 7 p.m., Penn State Singing Lions, Palmer Museum of Art.

Wednesday, November 29

Penn State Chapter of the National Association of Science Writers, Luncheon Roundtables, 11:30 a.m., 313 Kern. Robert Gannon on "Science Writers' Problems with Academic Presses." Reservations: Barbara Hale, 865-4682.
Center for Women Students, Brown Bag Lunch, noon-1 p.m., C.W.S. Lounge, 120 Bouckie. Jo Searies, Altoona, on "Hags, Horrors, and Hymns: Changing Views of Older Women."
School of Music, 8 p.m., Recital Hall. Penn State Symphonic Wind Ensemble.

Arts and Architecture, lecture, 8 p.m., Paul Robeson Cultural Center. Dr. Murry N. DeFillars, Va. Commonwealth Univ., on "Multiculturalism: The Neglected Voice of the African-American Artist."

Thursday, November 30

Festival of Trees, noon, University Brass, Palmer Museum of Art.
Bach's Lunch, 12:10 p.m., Eisenhower Chapel. Voice Studies of Suzanne Roy.

Women's Studies, Six Feminist Scholars, 8 p.m., HUB Gallery. Betty Vetter, Commission on Professionals in Science and Technology, on "Women in Science and Engineering: Progress and Problems."

Friday, December 1

Festival of Trees, 10 noon, Flute Ensemble of the Music Academy, Palmer Museum of Art.
Australia-New Zealand Studies Center, Australian Studies Program, lecture, 3:30 p.m., Eisenhower Chapel Lounge. Dr. Robert C. Doyle on "Remembering the Vietnam War Australian Style: An American Reports."

Geog. Coffee Hour, 4 p.m., 319 Walker. David Dilate, "Is the Map a Wamper? Forms and Functions of Graphics in Geography."
School of Music, 8 p.m., Recital Hall. Penn State Philharmonic.

Saturday, December 2

Festival of Trees, 11:30 a.m.-4:30 p.m., Children's Day, Palmer Museum of Art. Preregister, 865-7672.

Shown in a scene from "The Imaginary Invalid" are, from left, Debbie Damp, Debbie Gottfeld, Roger Bright and Keith Merritt. The University Resident Theatre Company's production opens Dec. 1 and continues through Dec. 9 in the Pavilion Theatre.

Shaver's Creek, 1-4 p.m., Wreathmaking Workshop. All Dec. 3. Call 863-2000.
School of Music, Christmas Choral Concert, 8 p.m., Eisenhower Aud. Univ. Choir and Concert Choir.

Sunday, December 3

Festival of Trees, 1 p.m., Music Academy Students, Palmer Museum of Art.
School of Music, Christmas Choral Concert, 2 p.m., Schwab Aud. Glee Club, Singing Lions and Women's Chorus.
Carnegie Hall Film Series, 7 p.m., Glass, Honor, Beauty Knows No Pain, No Lies, Pacific 231, Cornell, 9 p.m., The Family Game (1984), 4 Carnegie. Free.

Week IV, academic program director: Dr. Peter D. Bennett, associate dean and professor of marketing.

Seminars

Monday, November 27

Entomology, 3:45 p.m., 204 Patterson. Steven Tesler on "Community Structure of Mountain Blackfly."

Tuesday, November 28

Gerontology Center Colloquia, noon-1 p.m., 101 Health and Human Dev. East. Steven H. Zarit on "Interventions With Caregivers: Are They Effective and Why?"
Chemistry Colloquia, 3:30 p.m., 55 Osmond Lab. Alexander Pines, Univ. of Calif., Berkeley, on "Magnetic Moments."

History Colloquium, 4 p.m., Memorial Lounge.

Eisenhower Chapel, John Merriman, Yale Univ., on "The Margins of City Life. Explorations on the French Urban Frontier." Physics CAMP, 4 p.m., 339 Davey Lab. David Johnson, Schlumberger-Doll Research, on "Unified Theory of Geometrical Effects in Transport Properties of Porous Media."

Wednesday, November 29

International Center for Sport and Exercise Science, 4:30-6:30 p.m., Assembly Room, Nittany Lion Inn. John Lucas on "Recounting My Experience with the South Korean Parliament." Reservations: Sandy Heriman, 863-1163, by Nov. 24.

Chemedia Lectures in Science, 8 p.m., 117 Osmond Lab. Leon M. Lederman, Fermilab, on "Quarks and Cosmology." Also Nov. 30, 8 p.m., 117 Osmond Lab. The New Neutrino Experiment. Dec. 1, 2 p.m., HUB Assembly Room, "Where Will Our Future Physicists Come From?"

Public Radio

WPSU-FM 91.1 "All Things Considered"

Monday-Friday, 5:50-9:30 a.m. Saturday and Sunday, 5:50 p.m. Morning Edition, Monday-Friday, 6-8 a.m. Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Odyssey Through Literature," 12:30 p.m. Wednesdays, with S. Leonard Rubinstein. "Perspectives," 6:30 p.m. Wednesdays, with Jeff Ballou. "Creative License," 12:30 p.m. Thursdays, with Aza Berlin and Pam Saulnier.

Conferences

Continuing Education

Keller Building

Nov. 30-Dec. 1, TREE: Theory, Experiment and Practice Workshop. Ian R. Harrison, professor of polymer science, chair; Eric Loop, coordinator.

Executive Programs

Dec. 13-15, Executive Management Program #70.

Thursday, November 30

Graduate Program in Ecology Seminar Series, 4 p.m., 111 Warrick. Raymond P. Morgan III, Univ. of Maryland and Frostburg State Univ., on "Acid Rain: A Maryland Perspective."
Friday, December 1
Astronomy, 1:15-4:25 p.m., 111 Tyson. Ikuko Yamamoto on "Benigrass Cultivar Identification by Electrophoresis."

University staff members honored for contributions

Twenty-six staff members were honored at a luncheon Oct. 18 and commended for their outstanding contributions to the execution of the graduate and research mission of the University.

In citing their contributions, Charles Hosler, senior vice president for research and dean of the Graduate School, said, "Penn State has moved into the ranks of the foremost research universities in the world. There are a number of reasons for that, but one of the most important is that we have a dedicated and talented staff who support our faculty and students in acquiring financing, executing the research, and administering the diverse activities that make up our scholarship and research efforts."

The awards luncheon is an annual event, and candidates for awards are nominated by the colleges and Intercollege Research Programs.

Special citations and a cash award went to Balba Briedis, coordinator of grants and contracts in the College of the Liberal Arts, and John McKee, coordinator of research

funds in the College of Engineering.

Ms. Briedis was cited for her development of a computerized library of faculty research interests to match with funding sources. Mr. McKee was cited for his service to the University in his efficiency and dependability to get things done in a very expeditious manner.

Fayette Campus

Lawrence Belan II, computer aide in the Computer Telecommunications Center at Penn State Fayette Campus, is the winner of this year's Fayette Campus Support Service Award.

He was chosen by a committee composed of faculty, staff and members of the Campus Advisory Board. He received a \$1,000 cash award and his name will be listed on the Support Services plaque in the Eberly Building at Penn State Fayette.

Mr. Belan, who has an associate degree in letters, arts and sciences, serves as a liaison between the Fayette and University Park campuses, and helped establish the

high-speed transmission facility for the University.

A free-lance computer consultant, he has provided programming assistance and

analysis for the Uniontown YMCA. He also currently is working as a regional coordinator for the American High School Mathematics Examination.

With Charles Hosler, center, senior vice president for research and dean of the Graduate School are, award winners John McKee and Balba Briedis.

Appointments

Suzanne L. Seiter has been appointed director of university relations at Penn State Great Valley.

In her new post, she will manage the center's public information and community relations efforts. She will plan and implement a long-range development program and will coordinate alumni affairs.

Prior to coming to Penn State, Ms. Seiter served as director of communications for the Foundation for Independent Colleges of Pennsylvania. She also has served as communication specialist for the Birmingham (Michigan) public school system and publications coordinator for the Oakland County (Michigan) Medical Society and the Cleveland (Ohio) Area Voter Information Center.

Ms. Seiter received a bachelor's degree in American studies from George Washington University and pursued graduate studies at Seton Hall University. She has received several awards of recognition, including the National School Public Relations Association Golden Achievement Award, NSPRA publications award for two consecutive years, and the Michigan School

Suzanne L. Seiter

Public Relations Association publications award, also for two years.

Susan B. Thomas has been appointed director of business and financial services at

Susan B. Thomas

Penn State Great Valley.

Ms. Thomas is responsible for the financial and business operations of the graduate center's facility. She also is responsible for personnel management,

security and physical plant operations of the center.

Before joining the staff at Penn State Great Valley, Ms. Thomas served as business manager of the Central Chester County Vocational Technical School in Coatesville. She also has served as assistant to the manager of accounting at Wyeth Laboratories Inc. of West Chester and in the personnel division of Schramm Inc. of West Chester.

She earned an associate degree in business from Goldey Beacom College and both bachelor's and master's degrees in business from Widener University. In addition, she has attained professional registration as a Pennsylvania Registered School Business Administrator and is an accredited asbestos coordinator.

Ms. Thomas holds membership in several professional organizations, including the Association of School Business Officials, the Pennsylvania Association of School Business Officials, the Delaware Valley Association of School Business Officials, and the Chester County Human Resources Association.

Enthusiastic participation seen in recycling project

As the second group of University Park buildings goes on-line in the recycling program, the University is seeing enthusiastic participation after just two weeks.

"So far, we have collected 1,060 pounds of containers and 6,100 pounds of paper which is above our initial expectations. Phil Melnick, manager of support services and special programs for Physical Plant, said

On Nov. 27, the following group will start recycling: Pollock Residence Halls (Beaver, Hartranft and Milflin), Boucke, Buckhout, McAllister, Osmond, Renouar,

Telecommunications, Wartik Building.

The program is being phased in gradually with completion expected in fall 1990.

Initially, there will be two separations: one for paper and one for containers. The rest will be considered non-recyclable trash and discarded as usual.

Recyclable paper includes white ledger paper (writing, typing and copy), newspaper, computer printout and corrugated cardboard. Containers include clear, green and amber glass, aluminum cans, plastic soda bottles, plastic milk and water jugs, and steel and tin metal cans.

The paper must be dry and not

contaminated by food. Also, containers should be rinsed before depositing in the collection boxes.

"We have had some problems with contamination of recyclables, in particular, glass and plastic chemical containers," he says. "Those kind of containers should be thrown away in the trash. We ask that people only recycle the specific materials listed."

Residence halls will have special barrels and boxes for recycling paper and containers in laundry rooms, workrooms, janitorial closets and other central locations. In offices and classroom buildings, central

containers will be located in office areas and corridors. All receptacles will be marked for recyclables.

The janitorial employees and a network of select individuals in each building have had a more detailed orientation, and they will be assisting with the program in their departments.

Additional information on the University Park Campus program is available by calling the Recycling Hotline: (814) 865-8000.

Bookshelf

David M. Bressoud, professor of mathematics, is the author of *Factorization and Primality Testing* published by Springer-Verlag.

Written with upper-level undergraduates in mathematics and computer science in mind, the new textbook aims to introduce

current research, give an appreciation for the results that have been produced throughout the history of number theory, and get students to use the computer to factor and prove primality.

In the introduction, Dr. Bressoud writes, "Factorization and primality testing is a very 'hot' area of current research; yet the research is still at a sufficiently elementary

level that most of the important breakthroughs made in the past few years are accessible to the undergraduate mathematics or computer science major."

Londa L. Schiebinger, assistant professor of history, is the author of *The Mind Has No Sex? Women in the Origins of Modern Science*, published by Harvard University Press.

Dr. Schiebinger says that, contrary to

popular belief, European women in the seventeenth and eighteenth centuries played a major role in the advancement of scientific knowledge in such areas as botany, astronomy, entomology and medicine.

The restructuring of science during the Enlightenment, however, eventually led to the exclusion of women from most fields of scientific research.

News in Brief

Christmas tree sale

The Penn State Forestry Society is selling Christmas trees this year for department, staff or home use. Species available are Douglas Fir, Scotch Pine, and Blue Spruce, all at \$4.00 a foot.

Delivery is free on campus. To order your tree, call 865-4317 Monday through Friday, from 8 a.m. to 5 p.m. Trees may be paid for by Interdepartmental Transfer or cash on delivery. Checks may be made payable to the Penn State Forestry Society.

Informal seminar

John Lucas, professor of exercise and sport science and an Olympics historian, will be the guest speaker at an informal seminar and reception sponsored by the International Center for Sport and Exercise Science.

He will speak on the topic "Recounting my Experience with the South Korean Parliament" during the event, which will be held from 4:30 to 6:30 p.m. Wednesday, Nov. 29, in the Assembly Room of the Nittany Lion Inn at University Park. The center is hosting the event to introduce its international student athletes, graduate students and

visiting scholars/faculty members.

Call Sandy Herriman at 863-1163 for reservations.

Open house

The Penn State Model Railroad Club will hold its Fall Open House from noon to 5 p.m. Friday, Dec. 1; 10 a.m. to 5 p.m. Saturday, Dec. 2; and noon to 5 p.m. Sunday, Dec. 3, in Room S-5 Hetzel Union Building at University Park. The open house will feature the club's operating HO scale layout. There is no admission charge.

Public lecture

Robert C. Doyle, instructor in American studies, will present a public lecture titled "Remembering the Vietnam War Australian Style: An American Reports" at 3:30 p.m. Friday, Dec. 1, in the lounge of Eisenhower Chapel at University Park.

Dr. Doyle, a Penn State graduate and Vietnam veteran, completed a two-week lecture and research tour in Australia in August to initiate a study of the connecting links between America and Australia in the research and teaching of the Vietnam War.

He will address several cross-cultural issues such as the Australian-American Vietnam veteran stereotype, popular culture's Vietnam War, and Australian-American shared legacies and concerns.

Project Renew grant

Applications are available for the Lucretia V.T. Simmons Project Renew Grant sponsored by the State College Branch of the American Association of University Women.

Purpose of the award is to support women who have interrupted their academic work for at least three years and wish to resume or continue their studies at this time. A grant of \$1,500 will be awarded to a woman resident of Centre County who has completed a minimum of one-fourth of the degree requirements for a baccalaureate or master's degree.

The award is named for Dr. Simmons, a past president of the State College AAUW Branch, who, in 1918, was the first woman on the Penn State faculty to become a full professor.

Members of the grant committee are Barbara Grubb, chairperson, Gwen

Bunnell, Virginia Eisenstein, and Susan Whitaker. Applications are available from Susan Whitaker, 512 Hillcrest Ave., State College. Deadline for submission is March 1, 1990.

Lunchtime roundtable

Robert Gannon, associate professor of English, will lead the first in a series of lunchtime roundtables sponsored by the Penn State Chapter of the National Association of Science Writers at 11:30 a.m. Wednesday, Nov. 29, in Room 313 Kern Building at University Park.

Professor Gannon, who is completing an anthology of prize winning science essays for Oryx Press, will lead a discussion of "Science Writers' Problems with Academic Presses."

The free lunchtime roundtables are open to anyone interested in science communication.

The Penn State Chapter of the National Association of Science Writers meets for lunch and discussion on the last Wednesday of each month. To make a reservation, call Barbara Hale at 863-4682.

Partings

Robert J. Graham, former associate provost and associate dean of faculty at Penn State Harrisburg, has retired from the University with 24 years of service. Dr. Graham has assumed new duties as vice president of academic affairs at Roosevelt University, Chicago.

Dr. Graham began his career at Penn State in September, 1965, as an assistant professor of English and secondary education at University park. He transferred to Penn State Harrisburg in 1969 as an assistant professor in humanities and American studies—later to become an associate professor and finally the head of the Humanities Division at Penn State Harrisburg.

In 1984 he accepted the office of senior associate provost and associate dean of faculty, chief academic officer, at Penn State Harrisburg.

Rex D. Jacobs, experimental and maintenance mechanic in the College of Engineering, has retired after 26 years of service.

Mr. Jacobs first came to Penn State as a machinist in 1958 upon his graduation from trade school. He also has worked for HRB Singer.

He worked in several departments in engineering and completed his service in the Department of Aerospace Engineering. There, he worked with many ventures, including building wind tunnels and

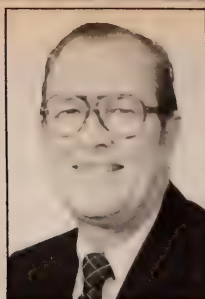

Robert J. Graham

assisting with student projects.

Mr. Jacobs plans to use his retirement to pursue his hobbies of hunting and fishing. He also will do some contracting work.

Mr. Jacobs and his wife of 26 years, Bonnie, are residents of Pennsylvania Furnace. Mrs. Jacobs is employed in the College of Business Administration.

Gene M. Love has retired as associate dean emeritus of resident education and professor emeritus of agricultural education after 22 years of service.

Gene M. Love

Dr. Love was the chief of party for the College of Agriculture's Swaziland Cropping Project from 1986 to 1988. From 1980 to 1986 he served as associate dean for resident education in the college and from 1975 to 1980, he was head of the Department of Agricultural and Extension Education.

As director of vocational teacher education at Penn State, Dr. Love was instrumental in organizing a comprehensive personnel development center for vocational teacher education.

In 1980, he received the Distinguished Service Award of the American Association of Teacher Educators in Agriculture, which is the highest recognition given in the country for leadership in teacher education in agriculture. In 1971, he received the Education Research Award of the American Institute of Cooperation.

For two years following graduation from Penn State in 1949, he taught agriculture courses at East Donegal High School, Maytown. From 1951 to 1954, he was a graduate fellow in agricultural education at Penn State. He earned his master of science degree in 1953 and the Ph.D. in 1954, both from Penn State.

Before returning to Penn State, Dr. Love was coordinator of agricultural education at the University of Missouri for nine years. He also has served on the faculty of Stanford University while on assignment in the Philippines.

He is past president of the American Association of Teacher Educators in Agriculture and past president of Phi Delta Kappa at Penn State.

He and his wife have two sons and two daughters.

James S. Fisher, assistant professor of biology, Atlanta, from July 1, 1965, to Oct. 1.

Paul A. Hironimus, heat and ventilation technician, Physical Plant, from Sept. 8, 1969, until Oct. 14.

organizations and other University units work together to help the Paul Robeson Cultural Center present this event.

Focus on the arts Odyssey on WPSU

In the eighth or ninth century, the Celts in Ireland, like most of their European neighbors, decided that they wanted to be descended from the great Classical and Biblical heroes. So they created such a history for themselves, explains Proincais Ni Chathain on the next "Odyssey Through Literature" episode, "Celtic Paths." Professor Ni Chathain is professor of early Irish literature at University College, Dublin, and an expert on early Irish liturgy. She also has taken part in characterizing the Derrynavallen treasure trove, discovered in 1980.

This Celtic pseudo-history, says guest host Michael Bernosky, is cause for reflection on the making of history. "Very frequently," he notes, "we recreate the past to serve our own needs."

"It's a universal of literature and history," agrees Professor Ni Chathain, "but there must be sort of matrix, a core that has some truth."

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Focus on Diversity

(Continued from page 2)

living social practice, it is a time of actual remembering, reassessing, recommitting, rewarding and rejoicing.

For more information, contact Lawrence W. Young, director, Paul Robeson Cultural Center, at 865-1779.

Winter Ball

Tickets are on sale for the Winter Ball to be held from 8 p.m. to midnight, Saturday, Dec. 9, at the Nittany Lion Inn, sponsored by the Central Pennsylvania Women of Color.

Entertainment will be provided by "Passport," a band playing Latin, soul and rock 'n' roll, and "The Doctor," a disc jockey who will play Motown music. Tickets are \$10 per person. There will be hors d'oeuvres, and a cash bar is available.

For tickets, contact Beverly Ladrido, 865-8366; Vicki Fong, 865-7517; Ann Shields, 865-0621; Robyn Garner, 865-5403.

Carolyn Napoleon, 237-8053; Vicki Jackson, 238-1666; or Vivian Griffith, 237-0807.

Support has been provided by the Equal Opportunity Planning Committee.

Christmas party

The Annual International Children's Christmas Party, sponsored by the Paul Robeson Cultural Center, will take place from 1 to 3 p.m. Saturday, Dec. 2, in the auditorium of the Robeson Center. The party is open to parents and children of all nationalities.

The 1989 theme "The Spirit of Christmas: Giving for the Children" was chosen again this year to encourage the children to think of giving as well as receiving. Each child attending is being asked to bring a non-perishable food item to share with a child less fortunate. All food items will be donated to the State College Area Food Bank.

There will be storytelling, refreshments, caroling, and Santa and his elves will hand out gifts to each child. There also will be door prizes for the parents.

Diversity Calendar

Wednesday, Nov. 29
Center for Women Studies, noon, 120 Bouckie Building. Brown Bag Lunch Series: Jo Seales, Penn State Altoona Campus, on "Hags, Horrors and Hymns: Changing Views of Older Women."

Women's Interest Programming, Penn State Worthington Scranton Campus, 1 p.m. cafeteria of the Study/Learning Center. Presentation and discussion of film, "Against Her Will."

WPSU radio, 91.1 FM, 6:30 p.m., "Perspectives," "Pro and Con: Interracial relationships and the African American community," radio talk/discussion.

Thursday, Nov. 30
Women's Studies, 8 p.m., HUB Gallery. Betty Vetter on "Women in Science and Engineering."

Saturday, Dec. 2
Paul Robeson Cultural Center, 1 to 3 p.m., Paul Robeson Cultural Center Auditorium. International Children's Party.

Faculty/Staff Alerts

Holiday schedule

University offices and operations, except for essential services and operations, will close at the normal end-of-business times on Thursday, Dec. 21, and will resume at normal starting times on Tuesday, Jan. 2.

The official University holidays are Friday, Dec. 22; Monday, Dec. 25; Tuesday, Dec. 26; Wednesday, Dec. 27; Thursday, Dec. 28; Friday, Dec. 29; and Monday, Jan. 1.

This schedule and payroll information is not applicable for the Milton S. Hershhey Medical Center, since employees there earn service days in lieu of the extra December holidays.

Questions regarding the above holiday information should be directed to the appropriate college or department personnel representative, or director of business services at a facility away from University Park.

Nobel laureate will present Chemerda lecture

Nobel laureate Leon Lederman, professor of physics at the University of Chicago and director emeritus of Fermi National Accelerator Laboratory (Fermilab) in Batavia, Ill., will give the 1989 Chemerda Lectures in Science Nov. 29 through Dec. 1 at University Park.

The three, free public lectures on the theme "Particles, Cosmology, and Science Education," are sponsored by the College of Science.

The lecture schedule is: "Quarks and Cosmology," 8 p.m. Wednesday, Nov. 29, Room 117 Osmond Laboratory; "The Two Neutrino Experiment," 8 p.m. Thursday, Nov. 30, Room 117 Osmond Laboratory; "Where Will Our Future Physicists Come From?" 2 p.m. Friday, Dec. 1, HUB Assembly Room.

Dr. Lederman shared the 1988 Nobel Prize in Physics with Melvin Schwartz and Jack Steinberger. They were recognized for using the first laboratory-made beam of neutrinos, elusive particles that play a

fundamental role in the structure of matter.

In addition to winning the Nobel Prize, Dr. Lederman also has been honored with the National Medal of Science, the Wolf Prize in Physics, Franklin Institute's Elliott Cresson Medal, a Ford Foundation Fellowship, and a Guggenheim Foundation Fellowship. A member of the National Academy of Sciences, he also is a Fellow of the American Physical Society and the American Academy of Arts and Sciences.

Dr. Lederman joined the Columbia University faculty in 1951. He served as director of Nevis Laboratories from 1962 to 1979 and was named director of Fermilab in 1979. He joined the University of Chicago faculty in 1989.

The Chemerda Lectures in Science are named in honor of John M. Chemerda, a member of Penn State's class of 1935. The lectures are supported by a grant from Merck and Co. Inc., made in connection with an award conferred on Mr. Chemerda by Merck's board of directors.

Leon Lederman

Named in Arts and Architecture

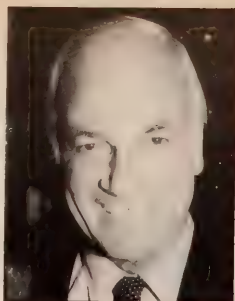

Two Alumni Fellows will visit college

David N. Pincus and Murry N. DePillars have been named 1989-90 Alumni Fellows for the College of Arts and Architecture. Both will be on campus Nov. 27 to 29.

Mr. Pincus, who received a B.A. in arts and letters from Penn State in 1948, is the owner of Pincus Brothers Maxwell (PBM), the largest clothing manufacturer in Philadelphia. He also is one of the nation's most important collectors of modern and contemporary art with works by such artists as DeKooning, Jackson Pollock, Alexander Calder, Andy Warhol and Henri Matisse in his private collection.

He also is known as a philanthropist who works from the streets to the boardroom to help the disadvantaged. His projects range from providing clothing and food for Philadelphia's homeless to his funding of cancer and AIDS research to his involvement with Oxfam, which supplies food, medicine and clothing to Ethiopia, to C.A.R.E., Save the Children and the Elan Center, a sports center for the disabled in Israel.

Dr. DePillars, who received his doctorate from Penn State in 1976, has been dean of the School of Arts at Virginia Commonwealth University since 1976. Under his direction, the school has become one of the largest and most prominent university-affiliated arts programs in the

David N. Pincus

country.

He has been active in promoting art education, Afro-American art and jazz on the national and international levels and recently served as chairman of the National Endowment for the Arts Expansion Arts Panel. His own art has appeared in more than two dozen exhibitions, including shows at the Whitney Museum of American Art and the Studio Museum in

Murry N. DePillars

Harlem. His work also was included in "Tradition and Conflict: Images of a Turbulent Decade, 1963-1973," which traveled throughout the country for three years.

Dr. DePillars will present a public lecture on "Multiculturalism: The Neglected Voice of the African-American Artist" at 8 p.m. Wednesday, Nov. 29, at the Paul Robeson Cultural Center.

President Jordan is named to sports panel

President Jordan is one of eight university presidents named to the Knight Foundation Sports Panel, which seeks reforms in intercollegiate athletics.

The presidents represent major conferences and independent colleges. Dr. Jordan will represent independent institutions that are not part of a conference.

Established in September with a mandate to propose a reform agenda for intercollegiate athletics, the commission is headed by the Rev. Theodore M. Hesburgh, president emeritus of the University of Notre Dame, and William Friday, president emeritus of the University of North Carolina. They are serving as co-chairmen.

"The Knight Foundation is gratified that such an outstanding group has agreed to join Father Hesburgh and Dr. Friday in this important undertaking," said Foundation President Creed Black, who will serve as an ex-officio member of the commission.

Father Hesburgh and Dr. Friday said they will recommend that the commission seek the advice of conference commissioners, athletic directors, coaches and faculty members and that representatives of these groups be actively consulted in the work of the commission.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. The announcement is made so that all University employees who are interested in promotion **MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304).** Applications for these staff vacancies will be accepted until Nov. 30, 1989. **DO NOT CONTACT THE AREA THAT HAS THE VACANCY.** Applications for staff vacancies are considered in accordance with HR Employment practices (PS 11) and in compliance with the University Antidiscrimination Action compliance program without regard to race, color, religion, national origin, handicap or age as provided by laws, rules, or statutes as a disabled or a Vietnam era veteran.

• **Research Aide, Agriculture, Poultry Science, University Park Campus** - Responsible to the manager, Poultry Research Farm, for performing and assisting faculty in various research activities. Assisted in performance of specific procedures such as artificial insemination, blood sampling, necropsy processing of plasma or serum and in the preparation of tissue for storage or histopathology procedures. Requires bachelor's degree or equivalent in poultry animal science or related field plus nine to 12 months of effective laboratory experience. **STAFF GRADE 4.**

• **Senior Technical Specialist (Economic Development, Senior Vice President for Research and Dean of the Graduate School, Associate Vice President for Sponsored Programs, Technology Transfer and Industrial Liaison, Penn State Harrisburg** - Responsible to the associate vice president for sponsored programs, technology transfer and industrial liaison, and the director, PENNTAP, for serving as a resource person for clients interested in economic development. Requires master's degree, or equivalent in civil engineering and/or transportation engineering plus over seven years of effective experience, particularly in accident reconstruction analysis, demonstration of highway traffic engineering and safety programs and computer software. Professional engineer's license desired. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH DEC. 31, 1990. WITH CONTINUED FUNDING EXPECTED. STAFF GRADE 9.**

• **Assistant Manager, University Fitness Center, College of Medicine, Office of the Associate Vice President for Administration and Operations, The Milton S. Hershey Medical Center** - Responsible to the manager, University Fitness Center, for assistance in administering the center to include activities with program development, program organizing activities and maintaining schedules. Requires bachelor's degree or equivalent in physical education, recreation education, or preventative and rehabilitative exercise plus one to two years of

effective experience. Management and/or teaching experience desirable. **STAFF GRADE 4.**

• **Foreman, Environmental Health, University Health, The Milton S. Hershey Medical Center** - Responsible to the EPH shift supervisor for planning, scheduling and supervising the work of the housekeeping crew. Requires high school education with a minimum of two to three years of effective experience, including some supervisory experience in janitorial service or related area plus an indication of leadership qualities. Must possess a valid driver's license. **POSITION WORKS MONDAY THROUGH FRIDAY 11 p.m. to 7:30 a.m. STAFF GRADE 4.**

• **Histopathology Technologist, University Hospital, Anatomic Pathology, The Milton S. Hershey Medical Center** - Responsible to the chief Surgical Pathology Laboratory for the performance of various procedures, techniques and processes utilized in the lab. Requires associate degree and ASCP (HIT) Registration or equivalent and one to two years effective experience. **STAFF GRADE 4.**

• **Quality Assurance Analyst, College of Medicine, The Department of Quality Assurance, The Milton S. Hershey Medical Center** - Responsible to the manager, quality assurance/risk management, for providing guidance, direction and support in setting up quality assurance activities for assigned areas, as well as the analysis of obtained data. Requires bachelor's degree, or equivalent, in an allied health area such as medical technology, pharmacy, respiratory therapy or nursing plus at least two years of effective experience. **STAFF GRADE 0.**

• **Coordinator, Campus Residential Life, Beaver Campus, CTS** - Responsible to the director of student programs and services for carrying out specific responsibilities for the Residence Hall Program including administration of the conduct standards system; selection and supervision of student assistants; developing cultural, social and educational programs; and counseling of students. Requires bachelor's degree, or equivalent, plus at least one to two years of effective experience, or a master's degree, or equivalent, in student personnel or related field with three to six months residence hall experience. **THIS IS A CONTINUOUS, 10-MONTH APPOINTMENT - LIVE-IN POSITION. STAFF GRADE 0.**

• **Financial Aid Coordinator, Academic Services, Student Aid, University Park Campus** - Responsible to the assistant director, student services and Commonwealth Campuses, for advising and counseling students on financial aid matters, such as application procedures and eligibility for various state, federal and institutional student aid programs. Also responsible for the internal administration of all financial aid programs. Requires bachelor's degree or equivalent plus one to two years of effective experience in an area applicable to aid administration. Excellent oral and written

communication skills also required. **STAFF GRADE 0.**

• **Program Manager, Agriculture, Cooperative Extension, University Park Campus** - Responsible to a regional director of cooperative extension for program administration of the Expanded Food and Nutrition Education Program (EFNEP) for both adults and youth. Supervise program assistant interview, hire and evaluate performance. Review and evaluate program management materials and procedures for local EFNEP programs; plan and conduct unit program reviews. Requires master's degree or equivalent in nutrition or in a related field and two to four years of experience working in program administration and with low-income families. Experience in computerized management systems preferred. **STAFF GRADE 7.**

• **Nursing Manager, College of Medicine, Nursing/Neonatal Intensive Care Unit, The Milton S. Hershey Medical Center** - Responsible to the assistant hospital director/director of nursing services or the assistant director of nursing services as designated for the operation of the patient care unit, including nursing care activities, the coordination of patient care services, and maintaining acceptable standards of good patient care on a 24-hour basis. Requires bachelor's degree in nursing or equivalent, plus three to four years of effective experience and licensed to practice as a registered nurse by the Pennsylvania State Board of Nurse Examiners. MSN preferred. **STAFF GRADE 7.**

• **Administrative Aide, College of Science, Chemistry Department, University Park Campus** - Responsible to the department head for coordinating administrative functions of the Department of Chemistry and serving as liaison with other University colleges, departments and outside representatives. Requires high school and two years of a business or secretarial school, or equivalent, plus two to four years effective experience in a position exhibiting independence, responsibility and supervisory skills. **STAFF GRADE 5.**

• **Assistant Project Director, Delaware County Campus, Continuing Education** - Responsible to the project director, Composite Structures Manufacturing Technology Program, for the ongoing activities of the program and related laboratory facilities, including facilities operation, fiscal management, safety and maintenance. Requires master's degree, or equivalent, in engineering, plus three to four years of effective experience in the manufacturing and processing of thermosetting composites and the development and fabrication of polymer matrix and other composites. Previous supervisory experience in a research and development setting is required. **THIS IS A FIXED-TERM POSITION FUNDED FOR SIX MONTHS WITH POSSIBILITY OF RE-FUNDING. STAFF GRADE 8.**

• **Engineering Aide, Delaware County Campus, Continuing Education** - Responsible to the assistant project director for providing assistance in laboratory

activities related to instruction and research and for the construction, maintenance and operation of laboratory equipment in conjunction with research and instructional activities. Requires associate degree or equivalent, in aerospace or mechanical engineering, plus two to four years of effective experience related to the manufacturing of composite materials. **THIS IS A FIXED-TERM POSITION FOR SIX MONTHS WITH POSSIBILITY OF RE-FUNDING. STAFF GRADE 5.**

• **College Health Nurse, Student Services, University Health Services, University Park Campus** - Responsible to head college health nurse for providing nursing services in the out-patient department and urgent care clinic and for assisting licensed physicians in patient care. Requires graduation from an accredited nursing program and current licensure in the state of Pennsylvania as a registered nurse, plus six to nine months of effective experience. Past experience working in an emergency room setting or an acute ambulatory care clinic is desirable. Proficiency in I.V. administration and physical assessment also is highly desirable. **THIS IS A FULL-TIME, CONTINUING NINE-MONTH POSITION. THE SHIFT IS DAYTIME WITH ALTERNATING WEEKENDS. PNA POSITION.**

In addition, there are a number of positions that, because of the frequency with which they become vacant, are still available after employees in the work unit have been considered. Some such positions are available on a fairly regular basis. They are not announced each time they are open. Instead, they are announced periodically so a pool of interested candidates can be developed. Applications for such positions may be made at any time, and you are welcome to make your interest known to the Employment Division for further consideration when such vacancies occur. These positions are:

Position title	Location
Assistant Research Engineer	ARL
Associate Research Engineer	ARL
Research Engineer	ARL
Senior Research Engineer	ARL
Cardiology Technician	Hershey
Clinical Laboratory Assistant	Hershey
Clinical Laboratory Technologist (HEW)	Hershey
Clinical Nursing Specialist	Hershey
Cyto-Technologist	Hershey
Hemodialysis Technician	Hershey
Licensed Practical Nurse	Hershey
Medical Technologist	Hershey
Nuclear Medicine Technologist	Hershey
Ophthalmic Technologist	Hershey
Perfusionist	Hershey
Pharmacist	Hershey
Physical Therapist	Hershey
Physician Assistant	Hershey
Psychiatric Assistant	Hershey
Radiologic Technologist (Jr. or Sr. levels)	Hershey
Respiratory Therapy Technician	Hershey

Deike, Harrell selected by Alumni Association

DEC 27

Two University supporters named Honorary Alumni

Two supporters of Penn State have been selected by the Alumni Association to receive Honorary Alumni honors.

They are:

- Anne B. Deike of Pittsburgh, long-time friend and benefactor of the University, and

- George T. Harrell, M.D., vice president emeritus for medical sciences and founding dean of the College of Medicine at Penn State.

The Honorary Alumni Award was established in 1973 and honors people who, though not graduates of Penn State, have contributed toward the welfare, reputation

or prestige of the University. The award is given only when the Alumni Association wishes to honor outstanding individuals.

Mrs. Deike is the widow of George H. Deike Jr., a Penn State graduate and former member of the Board of Trustees. During her husband's tenure on the Board, Mrs. Deike organized many social events for members of the Penn State family.

The Deikes endowed one of the first athletic grant-in-aid scholarships at the University. Mrs. Deike annually sponsored an alumni luncheon in Naples, Fla., as well as an event in Pittsburgh every other year. She also works with the Pittsburgh Civic

Light Opera and sponsors bus trips for underprivileged children.

In November 1964, Dr. Harrell was appointed dean of the College of Medicine and director of The Milton S. Hershey Medical Center. The title of director was changed to provost in 1971, and in 1972 he was named vice president for medical sciences at the University.

Dr. Harrell previously was a faculty member at Duke University School of Medicine from 1939-41, the Bowman-Gray School of Medicine at Wake Forest University from 1941-54 and dean of the

College of Medicine at the University of Florida from 1954.

Dr. Harrell continues to lecture and serve as a consultant to medical schools around the world. He also has researched and published a series of articles on the life and family of Sir William Osler, considered by many to be the founder of current American medical education.

These Two Honorary Alumni bring to 28 the number of people who have received the award. Others include Milton S. Eisenhower, John W. Oswald, Joe Paterno, Eric A. Walker, Heinz Warneke and Bryce and Jonelle Jordan.

Task force on international relations, philanthropy formed

Penn State's effort to forge new, long-term relationships with industry and alumni has developed a distinctive international flavor, thanks to a University Task Force on International Relations and Philanthropy.

Recent grants of nearly \$1 million from Japan and the Republic of China (Taiwan) indicate that Pacific Rim countries are recognizing the University's significant resources for research and cultural development.

"The mutual benefits are becoming more clear to these nations," President Jordan said. "Penn State offers expertise in science and engineering, as well as in solving problems of international trade and cooperation. We're getting our message across."

"Penn State's reputation already has made it the university of choice for hundreds of students from the Far East," William C. Richardson, executive vice president and provost, added. "Our task now is to carry this message further, into the boardrooms and research laboratories in areas such as Japan, Korea, Taiwan, China and Singapore."

Dr. Richardson will visit several of these

key Asian nations early next year to discuss the nature and content of their future relationship with the University and to meet with alumni.

The 11-member task force was assembled by G. David Gearhart, senior vice president for development and university relations. Members represent the Colleges of Engineering and Business Administration, the International Student Program, the International Alumni Activities office, the Materials Research Laboratory, the Career Development and Placement Center, the Office of the President, the Office of Governmental Affairs and the Office of University Development.

The group's mission is to strengthen relationships with international corporations in both research and philanthropy, and encourage cooperation in research and student and faculty exchanges with other universities in the region.

These activities have already begun to bear fruit.

The government of the Republic of China (Taiwan) has committed \$652,000 to the University's Center for East Asian

Berks Campus campaign

Kicking off the Penn State Berks Campus Campaign on Nov. 14 are, from left, Frederick H. Gaige, campus executive officer; Thomas A. Beaver, campaign chairman; President Jordan, and William A. Schreyer, chairman of The Campaign for Penn State. See the story on page 2.

Many religious holidays being celebrated

During December, the symbols and sounds of the holiday season predominate in the University and local community. In the festive surroundings, it is easy to forget that many religious holidays are celebrated at this time.

For instance, Buddhists observe Bodhi Day (Enlightenment) Dec. 8, African-Americans celebrate KWANZAA Dec. 26 through Jan. 1 and Jews begin their observance of Chanukah Dec. 28.

"Among Christians, there often is the assumption that everyone celebrates Christmas," Thomas G. Poole, director of Eisenhower Chapel, said. "This assumption leads to problems. For non-Christians, the Christmas holiday poses a cultural problem."

It is nearly impossible to escape from the secular and religious symbols of the season. Seasonal decorations are displayed both indoors and outdoors, and Christmas music is played in many locations, such as stores.

"Members of the Jewish community find themselves confronted with what has become almost a national holiday," Dr. Poole said. "As a result, Chanukah has taken on increased significance to meet the challenge of what some Jews call 'the December problem.'"

As University faculty and staff members decorate for the December holiday season, they should consider an approach that includes a celebration of all the religious holidays observed during the month, he said.

Patricia C. Peterson, assistant vice president of the Division of Campus Life, agreed. She encourages faculty and staff members to think about creating secular displays, or if they want to include religious symbols in a display, to consider placing symbols from all religions celebrated at this time. For example, they could include a nativity scene, a menorah, a Buddha and a Kinara (KWANZAA candle holder for seven candles) together with Christmas trees or other seasonal decorations to symbolize the several religious observances of the season.

She also suggested that offices decorate throughout the year using symbols of other religions at the appropriate time.

"In decorating University offices, it's important that offices don't appear to represent a single religion. We need to recognize the diversity of religions and religious symbols when decorating for the holidays."

Mrs. Peterson's office also places copies of

informational sheets describing the purpose of each religious observance near holiday displays.

"Using the information sheets in our displays gives us an opportunity to educate people about religions," she said.

Robert E. Dunham, vice president and vice provost, emphasized that "Penn State is a diverse community. We need to be sensitive about all religious holidays. Including religious symbols from different faiths in holiday displays helps us all to appreciate religious diversity."

Dr. Poole noted that sensitivity to all religions extends even to language. For example, he and his staff refer to the December break as semester break, and to their December luncheon as an end-of-semester party, rather than a Christmas event.

Eisenhower Chapel also annually publishes a list of major holy days in each religious tradition that fall during class times to assist students and faculty members in avoiding potential conflicts over missed classes due to religious observances. The list is prepared in consultation with campus and community religious leaders.

Focus on Diversity

Washington lobbyist meets with Upward Bound students

Penn State students and administrators met with one of the most effective lobbyists on Capitol Hill Friday Nov. 17 when Arnold L. Mitchem, executive director of the National Council of Educational Opportunity Associations, visited the University.

Dr. Mitchem met with the University's Upward Bound Program students and talked to several University administrators about education appropriations, issues and concerns.

"Dr. Mitchem heads the organization that is responsible for, among other things, lobbying Congress on special programs for students from disadvantaged backgrounds, better known as TRIO Programs, which include the Upward Bound Program," said Richard DiEugenio, director of legislative affairs, who served as a host for Dr. Mitchem.

Upward Bound is a federally funded program designed to assist low-income persons who are potential first generation college students to pursue their education.

Penn State has an excellent Upward Bound Program under the leadership of Geraldine Weisacher. But just three years ago, Dr. Mitchem became personally involved in the effort to secure additional funding for the Penn State program, which was in serious jeopardy of being terminated," Dr. DiEugenio said.

Under Dr. Mitchem's leadership, TRIO Programs recently won a 13 percent increase in funding over fiscal 1989. The victory was achieved in a climate that produced level or reduced funding for most

Arnold L. Mitchem meets with Upward Bound students and staff. Photo: Dave Shelly.

other higher education programs in the nation.

The recent accomplishment follows a history of successful campaigns on Dr. Mitchem's part to win increased funds for TRIO Programs from a Congress not particularly inclined to support such programs. In fact during the first seven years of the Reagan administration, his persuasive lobbying won consistent congressional support for TRIO increases, while requests were often made to cut TRIO budgets 40 to 50 percent.

A graduate of Southern Colorado State

College with a bachelor's degree in history, Dr. Mitchem earned his master's degree in history from University of Wisconsin, and his Ph.D. in foundations of education from Marquette University.

He has served as president and executive secretary of the Mid-America Association of Educational Opportunity Program Personnel, and as governor and chairman of the NCEO's predecessor, the National Coordinating Council of Educational Opportunity Associations.

From 1969 to 1986 he served as director of the TRIO Program Upward Bound at

Marquette University in Milwaukee. Prior to that, he was on the history faculty at the University.

"Dr. Mitchem's visit gave us an opportunity to discuss the current attitudes in Congress regarding significant higher education issues with one of the most respected lobbyists in Washington, D.C.," Dr. DiEugenio noted. "He continues to be a true friend of this institution, and this visit also gave us the opportunity to thank him for his particular support."

University Calendar

Thursday, Nov. 30

Women's Studies, 8 p.m., HUB Gallery. Betty Vetter on "Women in Science and Engineering."

Saturday, Dec. 2

Paul Robeson Cultural Center, 1 to 3 p.m., Paul Robeson Cultural Center Auditorium International Children's Party.

Wednesday, Dec. 6

Paul Robeson Cultural Center, 7 p.m.; Paul Robeson Cultural Center Auditorium. Inventions: "Sexuality/Relationships."

Center for Women Students, noon to 1 p.m., 120 Boucke Building. Brown Bag Lunch Series. Film/discussion of "Visions of the Spirit: A Portrait of Alice Walker."

WFSU, 91.1 FM, 6:30 p.m., "Perspectives," "Role and Responsibilities: African Americans and Television," radio talk.

The Campaign for Penn State

Penn State Berks Campus launches capital campaign

Penn State Berks Campus has launched a campaign to raise \$2 million for new academic space, anticipating a dramatic increase in the demand for higher educational services in the Reading area by the year 2000.

Campus Executive Officer Frederick H. Gange said the number of traditional students is expected to jump by more than one third in the next 10 years -- from 1,500 to 2,000 -- accompanied by a proportional rise from the current 4,000 students taking non-credit courses.

The \$2 million is earmarked for construction of a 13,000-square-foot classroom and office building, and for renovation of the Luessen Building, the first building constructed on the campus in 1972.

Directing the campaign is Thomas A. Beaver, a certified public accountant and specialist in tax and management advisory services who is a partner in Reinsel and Co. in Wyomissing. His father, Howard O. Beaver Jr., director and retired chairman of the board of Carpenter Technology Corp. of Reading, has been a member of Penn State's Board of Trustees since 1978.

"The Berks Campus must grow to meet the needs of the students and communities of Southeastern Pennsylvania," Tom Beaver said. "As a state-related, not state-owned, institution Penn State gets less than 21 percent of its budget from the state. Private gifts are a crucial part of our support, which includes tuition, earned income, government grants and contracts."

The Campaign for Penn State Berks Campus has been identified as the capital campaign for 1990 by the Capital Campaign Review Board of Berks County, which Mr. Beaver said shows the respect local leaders have for the campus.

"I have every confidence that, with Tom

Beaver at the helm, the Berks effort will be successful," said William A. Schreyer, chairman of The Campaign for Penn State and chairman and chief executive officer of Merrill Lynch Inc.

Speaking at Nov. 14 kick-off ceremonies, Mr. Schreyer emphasized that volunteers will face a special challenge after The Campaign for Penn State has passed its \$300 million goal.

"We must show that many urgent needs must still be funded, including those of the Berks campaign," he said. "Much remains to be done in the months ahead, and we're going to work even harder now."

Assisting Tom Beaver are area business, campus and community leaders and more

than 150 other volunteers. Organized into a "Campaign Cabinet" with nine divisions, the volunteers will be seeking gifts from

businesses, industry and individuals through personal contact and mail solicitations

Chevron Oil

The Chevron Oil Corp. has committed \$115,000 for research and student aid in the University's colleges of Earth and Mineral Sciences and Agriculture.

"Penn State researchers are solving the practical problems facing the petroleum industry," K.T. Derr, chairman of the firm's board of directors, said. "Chevron looks forward to continuing this close relationship with the University."

The gift will support research in geophysics, engineering, natural gas exploration and entomology. Student aid in the form of scholarships, fellowships and cash awards also are included in the gift.

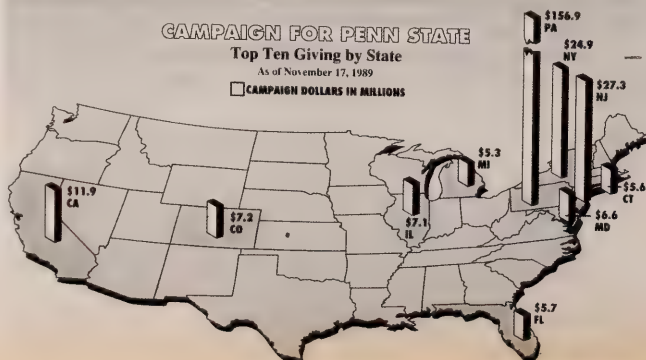

San Francisco-based Chevron, ranked 11th on the Fortune 500 list of companies, employs more than 52,000 people in 96 countries. The company is an integrated, worldwide supplier of crude oil and natural gas.

CAMPAIGN DOLLARS IN MILLIONS

University Park Calendar

November 30— December 10 Special Events

Thursday, November 30

Festival of Trees, noon University Brass, Palmer Museum of Art.
Bach's Lunch, 12:10 p.m., Eisenhower Chapel.
Voice Students of Suzanne Roy.
Women's Studies, Six Feminist Scholars, 8 p.m., HUB Gallery. Betty Vetter, Commission on Professionals in Science and Technology, on "Women in Science and Engineering: Progress and Problems."

Friday, December 1

Festival of Trees, noon Flute Ensemble of the Music Academy, Palmer Museum of Art.
Australia-New Zealand Studies Center and American Studies Program, lecture, 3:30 p.m., Eisenhower Chapel Lounge. Robert C. Doyle on "Remembering the Vietnam War Australian Style: An American Report."
Geog. Coffee Hour, 4 p.m., 319 Walker. David DiBiase on "Is the Map a Wampeter? Forms and Functions of Graphics in Geography."
School of Music, 8 p.m., Recital Hall, Penn State Philharmonic.

Saturday, December 2

Festival of Trees, 11:30 a.m.-4:30 p.m., Children's Day, Palmer Museum of Art. Pre-register, 865-7672.

Shaver's Creek, 1-4 p.m., Wreathmaking Workshop. Also Dec. 3. Call 863-2000.

School of Music, Christmas Choral Concert, 8 p.m., Eisenhower Aud. Univ. Choir and Concert Choir.

Sunday, December 3

Festival of Trees, 1 p.m., Music Academy Students, Palmer Museum of Art.
School of Music, Christmas Choral Concert, 2 p.m., Schwab Aud. Glee Club, Singing Lions and Women's Chorus.
Office of Religious Affairs, 4 p.m., Eisenhower Aud. Messiah Sing-Along.
Carnegie Hall Film Series, 7 p.m., Glass, Hines, Benay Kinos No Pain, No Lies, Paris 231, Corral, 9 p.m., The Family Game (1984), 4 Carnegie.

Monday, December 4

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Jean Claude Amric, Université Paul Valéry, Montpellier, on "Man and Superman: The Myth of Don Juan."

German Film, *The Fall from Grace* (Der Schritt vom Wege), (1940) 8 p.m., 101 Chambers.

Tuesday, December 5

Festival of Trees, 7 p.m., Nittany Valley Sweet Adeline Chorus, Palmer Museum of Art.

Wednesday, December 6

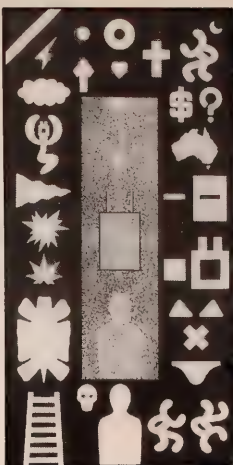

Festival of Trees, noon, Woodwind Chamber Music from the School of Music, Palmer Museum of Art.
Center for Women Studies, Brown Bag Lunch Series, noon 1 p.m., C.W.S. Lounge, 120 Bouckie. Film discussion by Sabrina C. Chapman on "Visions of the Spirit: A Portrait of Alice Walker."

School of Music, 8 p.m., Recital Hall. Christmas in Rome.

Central Pa. Society of the American Institute of Archaeology, 8 p.m., 101 Kern. Timothy E. Gregory, Ohio State Univ., on "The Desert Islands of Greece."

Thursday, December 7

Festival of Trees, noon, students of the Penn State Film Studio, Palmer Museum of Art.
Bach's Lunch, 12:10 p.m., Eisenhower Chapel.

Peter Lyndall's painting is included in an exhibit of Australian art opening Dec. 3 in the Palmer Museum.

Brain Sing-Along of Christmas Carols.
Palmer Museum of Art, School of Visual Arts, panel discussion, 8 p.m., Palmer Museum of Art. "The Use and Misuse of Contemporary Criticism."

Friday, December 8

Classes end 9:30 p.m.
Festival of Trees, noon, Woodwind Quintet Chamber Music from the School of Music, Palmer Museum of Art.
Geog. Coffee Hour, 4 p.m., 319 Walker. Neil Smith, Rutgers, on "Mapping a Geographical Frontier: Investment and Disinvestment on the Lower East Side."

Shaver's Creek, 7-8:30 p.m., Moonlit Hayride. Also Dec. 9. Call 863-2000.

Center for the Performing Arts, 8 p.m., Eisenhower Aud. Louisville Ballet, *The Nutcracker*. Also Dec. 9, 2 p.m., Eisenhower Aud.

School of Music, 8 p.m., Recital Hall. Student composer's concert.

Saturday, December 9

Festival of Trees, 2 p.m., Youth String Ensemble, Palmer Museum of Art.

Women of Color, 8 p.m.-midnight, Winter Ball, Nittany Lion Inn.

School of Visual Arts, Saturday Morning Art School exhibition and open house, 10 a.m.-5 p.m., Chambers Gallery.

Sunday, December 10

Festival of Trees, 1:30 p.m., Hi-Lo's 3 p.m., Clarinet Quartet, Palmer Museum of Art.
Stone Valley holiday arts and crafts sale, 2-6 p.m., GE Lodge. Also Dec. 11-12, 10 a.m.-4 p.m.; Dec. 13, noon-8 p.m.; Dec. 16, 10 a.m.-3 p.m.

International Events

Education Abroad Programs

Jan. 31, 1990 for 1990-91 programs in Cairo, Nairobi, Nice, Taipei and Tel Aviv.

Public Radio

WPSU-FM 91.1

All Things Considered Monday-Friday 5-6 p.m. Saturday and Sunday 5-6 p.m. Morning Edition, Monday-Friday 6-8 a.m. Weekend Edition, Saturday and Sunday 11 a.m.-1 p.m. "Odyssey Through Literature" 12-10 p.m. Wednesdays with S. Leonard Rubenstein. "Perspectives" 8-10 p.m. Wednesdays, with Jeff Ballou. "Creative License" 12-10 p.m. Thursdays, with Asa Berlin and Pam Sautner.

Conferences

Continuing Education

Keller Building

Dec. 4-6, Internal Affairs.
Investigation Jack H. Williams, assistant professor of administration of justice, chair. Kathy Karchner, coordinator.

Dec. 4-6, Tax Week at Penn State. Larry Jenkins, associate professor of agriculture economics, chair. William Sipple, assistant to the director of short courses, coordinator.

Dec. 5, Infectious Wastes Workshop, William C. Arble, registered professional engineer and senior technical specialist with PENNTAP, chair. Jerri Milsom, coordinator.

Dec. 7, Pennsylvania Bar Institute, Jerri Milsom, coordinator.

Dec. 8, Allegheny Educational Broadcast Council. Marlene Tencles, program and utility coordinator, chair. Eric Loop, coordinator.

Dec. 8, Family Living with AIDS: Local Concerns. Anthony R. D'Avalli, associate professor of human development, chair. Gretchen Leathers, coordinator.

Seminars

Thursday, November 30

Agriculture and Artificial Intelligence, 3:45-4:45 p.m., 3 Ferguson. Larry R. Jones, Cornell Univ., on "IDEA: A Natural Language Interface for Data Retrieval in Agriculture."

Graduate Program in Ecology Seminar Series, 4 p.m., 111 Warkit. Raymond P. Morgan III, Univ. of Maryland and Frostburg State Univ., on "Acid Rain: A Maryland Perspective."

Friday, December 1

Agronomy, 3:35-4:25 p.m., 111 Tyson. Ikuko Yamamoto, on "Bentgrass Cultivar Identification by Electrophoresis."

Monday, December 4

Entomology, 3:45 p.m., 204 Patterson. Richard M. Piel.

Tuesday, December 5

Gerontology Colloquia, noon, 101 Health and Human Dev. East. Bruce Murphy on "The Graying of the Supreme Court."

College of Education, 3:45 p.m., Memorial Lounge. Eisenhower Chapel. Roger Williams on "George W. Atherton and the Beginnings of Federal Support for Higher Education: Implications for American Higher Education Today."

Physics CAMP, 4 p.m., 339 Davey Lab. A.W. Castellan on "Major Numbers in Clusters."

Wednesday, December 6

Accounting and MIS Research Colloquia, 3:30-5:15 p.m., 333 Beam. Abbie Smith, Univ. of Chicago, on "Corporate Ownership Structure and Performance: The Case of Management Buyouts."

Roger Sweeting, associate professor of physical education at Penn State Erie. The Behrend College, has written a textbook titled *A Values Approach to Health Behavior*. In addition to being used in college health classes, Dr. Sweeting's book will be marketed by the publisher, Human Kinetics Co. Inc., to industrial and business wellness programs.

A textbook written and illustrated by Ernest R. Weidhaas, professor emeritus of engineering graphics, has been chosen by the Architects' Book Club of McGraw-Hill Book Company as the leading selection for the month of January, 1990. The fourth edition of *Architectural Drafting and Construction* was published during 1989 by the Allyn and Bacon division of Simon and Schuster.

Physics Colloquia, 3:30 p.m., 55 Osmond Lab. Peter Fohlman, Sandia National Lab.

Thursday, December 7

Spatial and Temporal Signal Processing, Center 1 2 p.m. 123 Electrical Engineering East. Brian D.O. Anderson, Australian National Univ. on "Robust Strict Positive Realness."

Physics Colloquia, 3:30 p.m., 55 Osmond Lab. Srip Nagamya, Columbia Univ. on "Heavy Ion Experiments at BNL and CERN."

Ecology, 4 p.m., 111 Warkit. Kenneth R. Dickson, North Texas State Univ. on "The Use of Remote Sensing and Geographic Information Systems in Addressing Water Resource Problems."

Friday, December 8

Spatial and Temporal Signal Processing, Center 1 11 a.m. noon, 123 Electrical Engineering East. Brian D.O. Anderson, Australian National Univ. on "Frequency Tracking of Nonmusical Signals in Noise."

Ag. Economics and Rural Sociology, 3 p.m., 212 Eisenhower Chapel. Emerson Balch, Univ. of Florida, on "Critique of Exponential Economics."

Agronomy, 3:35-4:25 p.m., 111 Tyson. Zeev Ronin, on "Metabolism of Pyridine Under Restricting Conditions."

Exhibits

Chambers Gallery

Art Student League Juried Exhibition, through Dec. 1.

HUB Galleries

Art Alley Cases: C. Rae Bradley, Rachis Creations, through Dec. 8. Art Alley Panels:

Iconographic History of the French Revolution. Two Centuries of Pictures and Symbols of the Republic, through Dec. 8.

Browsing Gallery

1st Reunion in the Homocentric Orbit - when the sign of the morning pixels permeate through my window in the afternoon by Derychan Lin, through Dec. 8.

Formal Gallery:

Art Alliance of Central Pennsylvania Open Juried Regional Show, through Dec. 1.

Kern Galleries

College of Arts and Architecture Research Exhibition, through Dec. 22.

The French Revolution Machine, through Feb. 28.

Palmer Museum of Art

Festival of Trees, through Dec. 10. James Drake, The Border/La Frontera, through Jan. 21.

Mohamed Agor, ceramics, through Dec. 21. The Loti and Victor Smirnov Collection of Contemporary Australian Art, Dec. 3-Feb. 11.

Palmer Library

East Corridor Gallery: Philip Sauerlander, Serigraphic State College, through Jan. 20.

Zoller Gallery

School of Visual Arts Faculty Exhibition, through Dec. 8.

Bookshelf

Thomas A. Hale, associate professor of French and comparative literature, is co-editor with Richard K. Priebe, associate professor of English at Virginia Commonwealth University, of a new edition of *The Teaching of African Literature*, published by Three Continents Press.

The *Teaching of African Literature* originally appeared in 1977 as a collection of 19 essays selected from presentations made at the annual meetings of the African Literature Association and the Modern Language Association, plus two surveys of African literature taught in U.S. universities.

For the introduction to the 1989 edition,

the co-editors focus on a series of changes taking place in the field: a growing interest in literature recorded from the oral tradition; wider opportunities for specialists to present their research at national and international meetings of literature scholars; the development of African literature associations in Europe and Africa; increased support from publishers; higher visibility for African literature stemming in part from the award of the Nobel prize for literature to the Nigerian dramatist Wole Soyinka in 1986 and the Egyptian novelist Naguib Mahfouz in 1988.

Also included in the second edition are a new bibliography of articles about the teaching of African literature and a survey of the teaching of the subject in African universities.

The text has been acclaimed as "a virtual encyclopedia of contemporary architectural methods." The book includes plans for a multi-level modular home, an A-framed solar home, a contemporary atrium home, a traditional two-story home, a five-story commercial building of bolted and welded steel, and an award-winning community church. A separate chapter illustrates a building dimensioned in SI (Système International) metric units.

Carpooler

Trudy needs a ride from University Park to Phillipsburg around 7:30 or 8:30 p.m. and will share expenses. Call 865-1203 or 342-4563.

Holiday shopping guide: browse through

Palmer Museum of Art Museum Store

This year, when the stockings are hung by the chimney with care, make certain gifts from the Museum Store are there!

Located in the lobby of the Palmer Museum of Art on Curtin Road next to the University Creamery, the Store specializes in unique and unusual gifts, and this holiday season its shelves are stocked with little treasures from around the world.

The Museum Store is open 10 a.m. to 4:30 p.m. Tuesday through Friday, 11 a.m. to 4:30 p.m. Saturday and noon to 4 p.m. Sunday. Special extended holiday hours will be observed until 8 p.m. on Tuesday, Dec. 5.

During the Festival of Trees, through Dec. 10, the Store will hold a 10-percent-off sale on all regular priced merchandise for the public, with 20 percent off for the Friends of the Palmer Museum.

Whether browsing for the child or the child at heart, consider what the Museum Store has to offer:

International gift ideas—

- Chinese cloisonne eggs, figurines, boxes, porcelain tea sets \$6-\$55
- Chinese cedar masks \$5-\$40
- Dutch sterling silver and Swarovsky crystal rings, pins, earrings \$17-\$40

- Russian stone carvings \$3.50-\$32.50
- Russian nested Matryoshka dolls \$17-\$58
- East German nutcrackers and smokers \$22-\$60
- Denmark amber necklaces, rings, bracelets and earrings \$10-\$90

- Sri Lankan wooden carved masks \$5-\$40
- Kenyan baskets, fertility figures and primitive instruments \$24-\$33
- Mexican ceramic figures and pre-Columbian figures \$6-\$35

- Peruvian clay, brass and sterling silver jewelry, clay pots \$1-\$18
- Dollies made in Lichtenstein \$2-\$12

Traditional gift ideas—

- 1990 Illustrated wall calendars
- 1990 Metropolitan Museum of Art Engagement Calendars
- Turquoise jewelry from western United States \$16-\$45
- Native American Indian pottery \$7-\$100
- Anne Dick polished bronze jewelry from California

- \$18-\$30
 - Brass chimes and bronze bells from Harmony Hollow
- \$15-\$50-\$46
 - Boxed notes from Caspari \$4
 - Windfield Homes by Henry Musser \$20-\$35, miniatures \$6
 - Pottery by Rowe \$6-\$50, Roger Zellner \$35-\$75, Lester Breininger \$6-\$36
 - Bracelets and necklaces in semiprecious stones \$10-\$70
 - Antique reproduction jewelry in pewter and goldplate \$8-\$22
 - Handmade brass earrings and bracelets by Sausalito Craftworks \$12-\$40
 - T-Shirts \$10-\$20
 - Pewter bracelets and earrings by Raymond Pewter \$5-\$22
 - Ceramic fish platters by Ann Elizabeth \$4-\$44
 - Animal sculpture by Anderson \$18-\$55
- Children's items
 - Coloring books from the Smithsonian

- Troll activity books
- Kaleidoscopes, balance balls, dazors, sunprint kits and spiral timers
- Space tubes and key rings
- Stencil books, paperdolls, cut and assemble books
- Origami paper and instruction books
- Books on drawing, etching, painting, clip art, folk art, architecture, sculpture, ceramics, woodcut design, advertising, as well as books on individual artists and time periods

Items especially for the holiday season—

- Boxed and individual greeting cards from Caspari and Carole Smith
- Ornaments of pewter, brass, ceramic, wood, cloth and more
- Handblown glass ornaments from Czechoslovakia and East Germany
- Wood and cloth holiday figurines from Sweden
- Crystal bells and eggs made in the U.S.A.

Center for the Performing Arts

'The Nutcracker'

'Tis the season to be jolly. So don't let all that hustle and bustle, the traffic and the lines at check-outs get you down.

Give yourself and your loved ones an early present in the true spirit of the season with a ticket to 'The Nutcracker'—Tchaikovsky's classic holiday tradition.

Feel all that holiday stress fade away as you enter the dream world of a little girl! The Louisville Ballet will return again this year for two shows in Eisenhower Auditorium Friday, Dec. 8, at 8 p.m., and Saturday, Dec. 9, at 2 p.m. Take time to come a few minutes early to the show. Santa will be there for the children. In the spirit of sharing, the Center is asking everyone to bring non-perishable food items to donate to the State College area food bank. The collection boxes will be in the lobby of Eisenhower Auditorium through Dec. 10.

Upcoming events

Tickets to any performance are a perfect fit. The 1989-90 season still has 14 different events to see.

For everyone: 'Big River,' the award-winning musical based on Mark Twain's 'The Adventures of Huckleberry Finn' will come alive on Sunday, March 18, for two performances at 3 and 8 p.m. in Eisenhower Auditorium.

For opera lovers: Puccini's classic 'La Boheme' will be performed by the New York City National Company at 8 p.m. Friday, Jan. 10, in Eisenhower Auditorium.

For classical music fans: The Philadelphia Orchestra of London will play at 8 p.m. Tuesday, Jan. 30, in Eisenhower Auditorium. Also Isaac Stern and the Baltimore Symphony will perform at 8 p.m. Tuesday, April 3, in Eisenhower Auditorium.

Tickets can be purchased by calling the Eisenhower

Auditorium Ticket Office on weekdays from 9 a.m. to 4 p.m. and the Playhouse Box Office Tuesday through Friday from 11:30 a.m. to 5:30 p.m. Call (814) 863-0255 or (814) 865-1884. Visa, MasterCard and American Express are accepted.

Ticketron

The Center for the Performing Arts has a Ticketron connection. Established last spring, it offers gift certificates in increments ranging from \$10 to \$200 (with a \$2 service charge)—a perfect holiday gift for those hard-to-buy-for people on your shopping list. Since the certificates can be used for events ranging from art exhibits to Broadway shows and football games, they're just right for everyone.

The certificates are good for one year, and if not used within a year from date of purchase can be exchanged for a new one.

The Ticketron box office offers updated information on events throughout Pennsylvania and around the nation by telephone and can be used to purchase tickets at locations around the country. Camping enthusiasts also can make reservations for any campsite in the National Park system.

Tickets and gift certificates can be purchased at Eisenhower Auditorium weekdays from 9 a.m. to 4 p.m. or by calling 863-2688.

Blue Band

The following items are available from the Penn State Blue Band and can be purchased at the Penn State Bookstore on campus and the Student Book Store on College Avenue.

New Blue Band Video—30-minute cassette of Pregame, including the famous flip and halftime highlights. Produced by WPSC-TV. \$25

Audio Cassettes—Includes school songs and halftime favorites. \$8

Postcards—Five for \$1.

Independent Learning

Give the one gift that's truly Penn State: knowledge. With a gift certificate from Penn State Independent Learning, you're offering the opportunity to choose from more than 300 credit and credit-free courses.

Stamp collecting, calligraphy, community theater, computers, plant cultivation, French and the history of Pennsylvania are among the courses available. Someone you know has a favorite subject, and you'll find it in the free Independent Learning catalog.

Faculty and staff and their eligible dependents receive tuition grants-in-aid (75 percent).

For details, stop by the Independent Learning office at 128 Mitchell Building, or call 865-5403 and ask about 'The Gift of Knowledge.'

INTERCOM presents its 10th annual listing of gift ideas

that are available at University Park. The holiday shopping guide was compiled by the INTERCOM staff and Paul Kovach.

In the gifts available at University Park

Festival of Trees

The seventh annual "Festival of Trees" continues through Sunday, Dec. 10, at the Palmer Museum of Art at University Park. It is sponsored by the Friends of the Palmer Museum.

This year's theme, "Travels with Dickens," emphasizes collections from around the world. The Museum's second floor gallery has been transformed into a representative 19th-century English village from the time of Charles Dickens. Trees, decorated by local artists, groups and businesses and reflecting the same international theme, are placed throughout the gallery.

The traditional Children's Day program will be held from noon to 4:30 p.m. Saturday, Dec. 2. The Museum also will be open until 8 p.m. on Tuesday, Dec. 5, and there will be a musical performance that evening.

The festival is free and open to the public. The Museum is open from 10 a.m. to 4:30 p.m. Tuesday through Friday, 11 a.m. to 4:30 p.m. Saturday and noon to 4 p.m. Sunday.

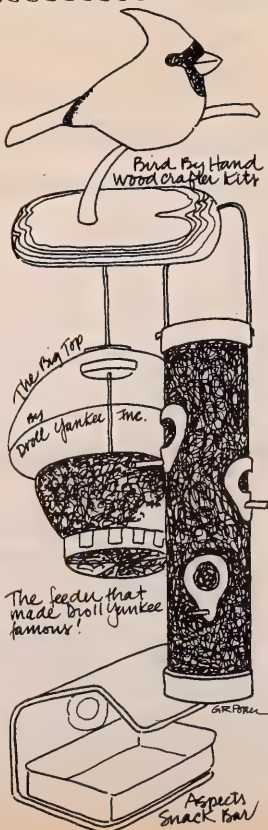

The Creamery Store

For this holiday season, patrons may purchase famous Penn State ice cream available in numerous flavors and packed in dry ice for keeping up to 12 hours. Penn State-made cream cheese, cheddar cheese and cream cheese spreads also are available in the Creamery store.

In addition, customers may want to purchase cheese gift boxes containing products manufactured by the University Creamery.

As of Dec. 1, the winter hours at the Creamery will be 7:30 a.m. to 7 p.m. Monday through Saturday, and 10 a.m. to 7 p.m. Sunday.

Holiday artifact sale

The Kern Graduate Commons Office of Unions and Student Activities at the University begins its holiday season with the 10th Annual International Holiday Artifact Sale in the Kern Lobby area. The sale runs from 9 a.m. to 4 p.m. Monday through Friday through Dec. 8.

The sale exhibition represents many countries, with articles crafted by human hands. Some articles featured are brass from India, carved animals from Kenya and nativity sets from Jordan/West Bank. Other countries represented are Bangladesh, Bolivia, Chile, Ecuador, El Salvador, Haiti, Korea, Mexico, Peru, Philippines, Sri Lanka, Taiwan and Thailand.

While browsing through this exhibition, allow yourself to be touched by our global neighbors throughout the world.

HUB Craft Centre

The HUB Craft Centre's annual holiday sale will be held from 11 a.m. to 4 p.m. Thursday, Nov. 30, and Friday, Dec. 1, in the Kern Commons at University Park. The sale will feature a wide selection of pottery and other craft items. For more information, call 863-0611.

Poultry sales

The Poultry Salesroom will be open from 10 a.m. to 3 p.m. Thursday, Dec. 21. Items available for sale include roasters, fryers and eggs. The Salesroom will close for the holiday and will reopen at its regular hours (10 a.m. to 3 p.m.) on Thursday, Jan. 4.

Discover 'Horatio's'

Shaver's Creek Environmental Center sports approximately 30 miles of hiking and skiing trails to explore and enjoy, but did you know about another spot in the woods to explore? It's "Horatio's," the Center's bookstore and gift shop, and you'll find lots of great gifts in stock.

If you enjoy watching birds and providing winter food for them, you will find birdfeeders that make great gifts and provide hours of close-up bird watching. The Center carries many models of both Droll Yankee and Aspects feeders. Blue Devil bird bath heaters, blue bird houses, hummingbird feeders, metal and mesh seed feeders and swing-away arms for hanging feeders onto the side of your house.

Once the feeder is up, a perfect gift might be a bird identification guide. "Horatio's" carries *The Peterson First Guides Birds*, *Peterson's Eastern Birds*, the National Geographic Society's *Field Guide to North American Birds*, the Donald Stokes's *A Guide to Bird Behavior* and more.

The Center also carries books about mushrooms, trees, wildflowers, fish, birds, reptiles, amphibians, insects, spiders and mammals. "Horatio's" provides books for the curious which explain folkways and how many traditional customs began. Do you have someone on your list who digs creative gardening? Pick up a bushel of helpful hints about creative gardening, composting and effective use of space.

Looking for information or suggestions on outdoor activities? You'll discover books about canoeing, hiking, camping, non-competitive games or how to share the outdoors with your child. Classic books by environmental educators and philosophers also can be found.

Regardless of your child's reading level, there is a perfect book for him or her at "Horatio's." Field guides for beginning naturalists, story books featuring animal heroes, *Zoobooks*, the *Golden Guide Series*, coloring books, question and answer books and activities for rainy days are all available.

Other holiday gift ideas at "Horatio's" include:

- Wildflower press kits
- Bug boxes
- Hand lenses to observe insects, water dwellers and wildflowers
- "The Bird Bag" for bird watchers to carry field guides
- Art prints by Ken Hull
- Shaver's Creek T-shirts
- Bird song recordings
- Compasses
- Bird mobiles
- Ant colony kits

You can enjoy the beauty of nature all year long with a membership to Shaver's Creek. The Center is dedicated to education, service and research in the fields of recreation and parks and environmental interpretation/education. Our primary purpose is to provide outstanding recreational

White Golf Shop

The White Golf Shop at Recreation Building will be open yearround beginning this year.

With the installation of a net inside the shop, golfers can practice hitting golf balls and work on their golf technique, as well as visit with golfing friends.

The shop has videotapes available for view on the shop TV. In addition, the shop has golf clubs that can be dynamically fit to the individual golfer and made during the winter so that they will be ready for spring.

Club repair service is available, as are lessons by the instruction staff. The shop also has a season-ending bargain sales table offering a variety of items for holiday shopping. Among the items available at the shop are books on golf, shag bags, pull carts and Penn State logo umbrellas and headcovers.

Also choose from: Penn State logo shirts and sweaters, golf bags (all sizes), assorted derby caps and visors, large golf umbrellas, golf shoes, authentic Penn State golf clubs, golf memorabilia and personalized items. Mail orders are welcome, and major credit cards are honored.

The White Golf Shop is open seven days a week from 7 a.m. to 6 p.m. for holiday shopping. Call 865-6231.

opportunities and exemplary environmental experiences for residents and visitors to Central Pennsylvania. Your membership dollars support: operation of our Birds of Prey Rehabilitation Center, internships for aspiring environmental educators and naturalists, enhancement of hiking and skiing trails and expansion of public recreation and interpretive programs.

As a member, you will receive these benefits: satisfaction that comes from expressing a personal environmental ethic of walking more softly on the earth; seasonal newsletter, *Shavings*; seasonal *Program Guide*; special programs and workshops for members; reduced fees at other workshops and programs; guest privileges; free parking; discount on purchases from "Horatio's," the Center's bookstore and gift shop; and picnic tables adjacent to the Center reserved for members' picnicking.

Annual memberships are individual \$15, family \$25, student and over \$10. Lifetime memberships also are available for \$250. Corporate memberships are \$1,000.

"Horatio's" is open seven days a week from 10 a.m. to 5 p.m. The last day the store will be open before Christmas is Dec. 22.

Stone Valley

The Stone Valley Recreation Area will conduct a holiday season program during December. As part of the program, a holiday arts and crafts sale featuring a wide variety of handcrafted gift items will be held Dec. 10 to 16 at the CE Lodge. Sale hours are: 2 to 6 p.m. Dec. 10, 10 a.m. to 4 p.m. Dec. 11 to 14, noon to 8 p.m. Dec. 15 and 10 a.m. to 3 p.m. Dec. 16.

In addition, during the month of December, the CE Lodge is available for rental fully decorated. Extra time and care has been taken to create the perfect atmosphere to celebrate the holiday season. For additional information, contact the Stone Valley Recreation Area at 863-0762.

The Weekly Collegian

Alumni, recent and past, will be kept up to date on happenings at the University with a subscription to *The Weekly Collegian*.

Published by the staff of *The Daily Collegian*, *The Weekly Collegian* makes a useful and informative gift for Penn State. The subscription price is \$13.86 for one year, \$25.74 for two years and \$34.05 for three years. Subscriptions outside of the United States are an additional \$11.55 per year (surface mail).

To subscribe, make checks payable to Collegian Inc., 123 S. Burrows St., University Park, Pa. 16801-3882. Subscriptions will begin upon receipt of order.

Holiday shopping guide gift ideas

Penn State Bookstore appreciation sale

The Penn State Bookstore on campus will open its doors on Monday, Dec. 11, to welcome the University community to its annual appreciation sale. The sale will continue through Thursday, Dec. 21.

The bookstore celebrates the holiday season every year with a special sale to express appreciation to its year-round customers. During the sale, a 20-percent discount is offered on almost everything in the store, including Penn State gifts and clothing, general books, supplies and holiday items.

Shopping ideas abound for the holidays, including fine writing instruments and papers, *New York Times* bestsellers (hardcovers always discounted 25 percent), the finest in collegiate fashions, a wide selection of art and engineering supplies for amateurs and professionals, and special Penn State holiday items.

The Bookstore is open seven days a week: 8 a.m. to 8 p.m. Monday through Thursday, 8 a.m. to 5:30 p.m. Friday, 9 a.m. to 5 p.m. Saturday and noon to 4 p.m. Sunday. Some categories of merchandise are excluded from the sale, such as textbooks, calculators, black and white film supplies, sale items (already discounted more than 20 percent) and a few other items.

All of the store's general books will be on sale, including bestsellers (some on sale at \$3.50 for hardcover), children's fiction and nonfiction books, cookbooks, a wide variety of biographies, books by faculty and other local authors and alumni, special gift books, art books, paperbacks, reference titles and books in many areas of interest.

Several books being featured for holiday gift-giving include:

- Robert Frank, *The Lines of My Hand* \$40 (reg. \$50)
- Ellis Island \$31.96 (reg. \$39.95)
- Henry Adams, *Thomas Hart Benton* \$48 (reg. \$60)
- William Manchester, *In Our Time* \$47.96 (reg. \$59.95)
- Doris Bry and Nicholas Callaway (editors), *Georgia O'Keeffe: In The West* \$80 (reg. \$100)
- The *DMJ* Alums \$68 (reg. \$85)
- Naomi Rosenblum, *A World History of Photography* \$49.95
- Dale Russell, *Dinosaurs of North America* \$31.96 (reg. \$39.95)

- Traditional French Cooking (Larousse) \$36 (reg. \$45)
- Lesley Astaire and Roddy Martine, *At Home in Scotland* \$20 (reg. \$25)
- *Rolling Stone Photography* \$40 (reg. \$50)
- David Bourdon, *Warhol* \$39.60 (reg. \$49.50)
- Jerilyn Lee Brandelius, *Grateful Dead Family Album*

- \$23.96 (reg. \$29.95)
- Stephan Cosgrove, *Harmony* \$19.96 (reg. \$24.95)
- Ted Sennett, *The Art of Hanna-Barbera* \$40 (reg. \$50)
- Phyllis Rose, *Jazz Cleopatra* \$18 (reg. \$22.50)
- Nancy Ekholm Burkert, *Valentine and Orson* \$13.50 (reg. \$16.95)

- Joe Paterno and Bernard Asbell, *Paterno By The Book* \$15.16 (reg. \$18.95)
- Joe Humphreys, *On The Trout Stream with Joe Humphreys* \$23.96 (reg. \$29.95)
- Charles Meck, *Pennsylvania Trout Streams and Their Hatches* \$11.96 (reg. \$14.95)
- Grey and Candie Carawan, *Ain't You Got a Right to the Tree of Life?* \$23.96 (reg. \$29.95)

In addition to saving 20 percent on these and many other categories of books, you can browse through more than 600 calendars and datebooks for 1990 on a variety of subjects and in several formats to suit your needs, including desk/appointment style books or word-a-day style calendars and Sierra Club calendars.

Custom-designed Penn State holiday cards and ornaments, Renner Davis stationery gift boxes and "pretty paper" gift stationery baskets, plus Unifac cards, Sheaffer and Mont Blanc pens, Magtext Interviewer notepad holders and Penn State insignia A.T. Cross pens and pencils are

popular choices for the holidays. Christmas ornaments, mugs, cards, gift wrap and bags are all offered at a 20-percent savings as well. For the executive, a large variety of desk accessories and brief cases and attaches are included in the sale.

The Bookstore also carries the largest selection of Penn State insignia clothing in traditional collegiate styles and contemporary fashions. The choices include sweaters and T-shirts, sweatshirts and sweatpants, children's wear and golf shirts, hats and knitwear -- all offered at 20-percent off beginning Dec. 11.

Easter Seal Society

The official 1989 "Christmas at Penn State" ornament is available at the Penn State Bookstore.

Proceeds from the sale of the Christmas tree "ornament of hope" will benefit the special needs children served by the Easter Seal Society of Centre and Clinton counties. The price is \$11.95 plus tax and handling.

Crafted of non-tarnishing 24-karat gold plate over brass, the limited-edition ornament features a montage of Penn State and is the first in a series of collectible designs. Each ornament is packaged in a velvet-finished presentation case enclosed in a self-mailer envelope.

Penn State Press

This year for the holiday season, the Penn State Press is pleased to offer its complete list of titles to Penn State faculty, staff and students at **half price**. We hope this will encourage the giving of books for the holidays. Some representative titles are listed at their sale price. The sale ends Dec. 20.

Free gift -- The book *Pennsylvania 1776* will be free to you when you buy two or more books.

Stop by 215 Wagner (ROTC building) between 8 a.m. and noon and 1 to 5 p.m. If you must shop between noon and 1 p.m., please call ahead (865-1327), and we'll make arrangements for someone to be in to fill your order.

Among the books available are:

- *Art of American Car Design* - \$17.25
- *Historic Buildings of Centre County* - \$10
- *Other Summers* - \$6.25
- *Pennsylvania Album* - \$10 cloth, \$6.25 paper
- *Pennsylvania Prints* - \$10 cloth, \$6.25 paper
- *Buggy Town* - \$6.25

Alumni Association

It's Time to Get "Cookin' With The Lion"

Joe Cavino's "Business Logistics Pound Cake," Bob and Pat Beam's "Walleye Encaseroles," Judy Morgan's "Pineapple Zucchini Bread," the Penn State Bakery's "Midnight Cake" and Evelyn Saubel's Strawberry Lemonade Punch.

These are just some of the 275 tested recipes featured in *Cookin' With The Lion*, the Penn State Alumni Association cookbook.

Published with the help of 1,400 alumni volunteers, the 8 1/2 x 11 inch hardbound book is illustrated with color photographs and cartoon tips and is filled with creative entertaining ideas, nutrition tips, tailgate specialties and Penn State food trivia.

It's a different kind of Penn State gift for anyone on your list who enjoys good food and good times. Best of all, as with all Alumni Association marketing ventures, a portion of the proceeds goes to student scholarships and

fellowships as part of the Association's \$1 million pledge to The Campaign for Penn State.

Priced at \$19.95 plus tax, *Cookin' With The Lion* is available at the Alumni Office, 105 Old Main, or at the Penn State Bookstore (all campuses), the Nittany Lion Inn, the Student Bookstore, University Book Centre, McLanahan's Self-Service, the Country Sampler in Boalsburg and Fashion Classics near the Nittany Mall.

You also can have gift copies mailed by the book's printer to your friends in other parts of the country. Just enclose \$19.95 plus \$3.50 for shipping, handling and a gift card enclosure (a total of \$23.45, payable to "Cookin' With The Lion") and mail to: Hart Graphics, 205 Denton Drive, Austin, Texas 78758. Be sure to include the recipient's name and address and what greeting you want on the gift card.

Other Penn State gift ideas from the Alumni Association include Nittany Lion statuettes, armchairs and rockers, clocks and wrist watches, a brake light display, alumni license plates and memberships in the Alumni Association. Stop by 105 Old Main or call 865-6516.

Focus on the arts

The arts on Channel 3

Metropolitan Opera star Luciano Pavarotti celebrates the spirit of Christmas in a commanding performance when WPSU-TV presents *A Christmas Special with Luciano Pavarotti* airing at 4:50 p.m. Saturday, Dec. 2, during the station's Festival '89 membership drive.

From the majestic Notre Dame Cathedral in Montreal, the internationally acclaimed Pavarotti highlights this program of Christmas favorites.

When *When Were Young...* Growing up on the Silver Screen evokes the nostalgia of the child star era and shows how the films featuring children both reflected and affected the social conditions of the times. Hosted by distinguished actress Maureen Stapleton, the special airs at 8 p.m. Monday, Dec. 4. WPSU-TV will air *Mozart by the Masters*, a celebration of Mozart's music featuring three of the world's most accomplished musicians. The program is hosted by Itzhak Perlman, with Pinchas Zukerman conducting the Chicago Symphony Orchestra and special guest Victor Borge.

The 90-minute broadcast, taped at Chicago's Orchestra Hall, will air at 8 p.m. Wednesday, Dec. 6. The program showcases several of Mozart's works including the overture from "The Marriage of Figaro" played by the Orchestra and solo performances by Mr. Perlman of the Rondo in C major, K.373 and Mr. Zukerman of the Adagio in E major, K.261.

Messiah Sing-Along

The annual Messiah Sing-Along will be held at 4 p.m., Sunday, Dec. 3, at Eisenhower Auditorium at University Park. The town/gown event, sponsored by the University Lutheran Parish, Office of Religious Affairs and the Nittany Valley Symphony, allows everyone to sing the familiar chorus sections of Handel's Messiah.

Soloists for this year are Nona Uhler, Cathy Havens and Jean Hillson, sopranos; Michelle Morreale and Jean Nagurney, altos; Lawrence Pharo and Richard Kennedy, tenors; and Walter Wells, bass. Barbara Yahy conducts the Nittany Valley Symphony.

Bring your own score or buy one at the door for \$6.50. Admission is free and open to the public.

Australian art exhibit

"The Lot and Victor Smorgon Collection of Contemporary Australian Art" opens Dec. 3 and runs through Feb. 11 at the Palmer Museum of Art at University Park.

The traveling exhibition is the first of its kind, designed to give Australian artists exposure outside the main art centers of the United States by visiting regional areas.

Sponsored by the Australian Centre for Contemporary Art, the exhibition is a collaborative effort between the Palmer

Museum and the Australia-New Zealand Studies Center.

The exhibition is free and open to the public.

Week of holiday music

A special week of holiday music will be held at the Palmer Museum of Art at University Park, Dec. 3 through 10 as part of its annual "Festival of Trees." All performances will be in the second-floor gallery of the Museum.

From 1 to 3 p.m., Sunday, Dec. 3, 25 students, ages 4 to 18, from The Music Academy, directed by Joyce Gummo, will perform holiday vocal, piano, flute and clarinet compositions. At 7 p.m., Tuesday, Dec. 5, the 23-member Nittany Valley Sweet Adeline Chorus, under the co-direction of Marty Edmunds and Miriam Bengtson, will give an a cappella performance in four-part barbershop harmony.

On Wednesday and Friday, Dec. 6 and 8, the Woodwind Chamber Music Ensemble of the School of Music, coached by Daryl Durran, assistant professor of bassoon, will give two noon concerts. At noon Thursday, Dec. 7, students of the Penn State Flute Studio will perform traditional holiday selections for flute ensembles by Telemann, Haydn and Gluck.

From 2 to 3 p.m., Saturday, Dec. 9, the Youth String Ensemble, conducted by Mahlon Halling, will perform traditional holiday songs and classical selections. At 1:30 p.m., Sunday, Dec. 10, the Hi-Lo's, a group of 14 singers from the Penn State Glee Club, will perform holiday selections. From 3 to 4 p.m., Sunday, Dec. 10, the Penn State Clarinet Quartet will perform.

The "Festival of Trees" exhibition is sponsored by the Friends of the Palmer Museum. All performances are free and open to the public.

'Christmas joy'

The Penn State Women's Chorus, the Glee Club and the Singing Lions of the School of Music will present their fourth joint holiday concert, "Christmas Joy," at 2 p.m., Sunday, Dec. 3, in Schwab Auditorium at University Park.

The Penn State Women's Chorus, directed by Russell Bloom, a graduate student in the School of Music, will present works by Benjamin Britten and Peter Warlock, as well as the traditional carol, "We Wish You a Merry Christmas."

The Glee Club, directed by Bruce Trinklein, associate professor in the School of Music, will perform works by J.S. Bach, Charles Ives and a concert arrangement of "Good Wenceslas."

The Hi-Lo's, a 14-member specialty group from the Glee Club, will perform Randall Thompson's "Alleluia" and P.D.Q. Bach's "The Yule Log On, Uncle John."

The Singing Lions, a 23-member singing

ensemble directed by Peter Kietzer, will present contemporary arrangements of traditional songs such as "Jingle Bells" and newer carols, such as "Mistletoe" and "Christmas in the Air."

In the finale, the three groups will invite the audience to join them in singing "Peace, Peace" and "Silent Night."

Odyssey on WPSU

The science fiction novel *The Catushken* is "an amazing collation of information and imagination," says Leonard Rubinstein on the next edition of "Odyssey Through Literature."

Written by Ernest Pollard, Evan Pugh professor emeritus of biophysics, the novel takes as its premise that a group of average, ordinary Americans, unusual only in the depth of their fanaticism, is capable of assembling, delivering, and exploding a nuclear bomb over the Tri-Borough Bridge in New York City.

The Catushken then works out, in precise and horrifying detail, the consequences of that action. "I have described what would happen," said Dr. Pollard, whose scientific research centered on the effects of radiation on a cell, "and I haven't pulled back."

His book, he hopes, will make concrete the "inconceivable horror" of nuclear war and will show its readers how to reduce the "underlying dread" deadening modern society.

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Holiday concert

The Penn State University Brass will present its annual Christmas concert of 20th-century brass music and traditional contemporary carols at 8 p.m. Wednesday, Dec. 6, in the Recital Hall of the Music Building at University Park.

The concert will begin with "Liturgical Fanfares" (1952) by French composer Henri Tomasi. The second part of the concert will feature music from Singers Unlimited, a West Coast vocal quartet, whose music is arranged by group member Gene Puerling.

The University Brass, directed by Mark Lusk, assistant professor of low brass in the School of Music, consists of brass players from several majors, who auditioned to play in the group.

Open forum

Five faculty members from the College of Arts and Architecture will participate in a public forum on "The Use and Misuse of Contemporary Criticism" at 8 p.m.

Thursday, Dec. 7, at the Palmer Museum of Art at University Park. Panelists will include Thom McGovern, assistant professor of art and head of sculpture in the School of Visual Arts; Craig Zabel, assistant professor of art

history; Marjorie Wilson and Elizabeth Garber, assistant professors of art education; and John Kissick, assistant professor of art, who will moderate the discussion.

Faculty members will present a slide of a work of art that has inspired them, critically discuss the piece, and then allow other faculty panelists to respond to their critique. The audience will then be asked to present questions and commentary.

Pattee exhibit

An exhibit titled "Civil Rights Leaders: Where are They Now?" has been assembled in the Black Studies Room of Pattee Library. The exhibit, which will be on display until Jan. 31, 1990, contains biographical information on 15 civil rights advocates and focuses on female leaders in the movement.

New music

University composers will present a program of New Music at 8 p.m. Friday, Dec. 8, in the Recital Hall of the Music Building at University Park.

The concert will feature world premieres of pieces by composers Andrew Carroll, Pedro Jimenez-Aguino, Jeffrey Kunkel, Linda Lowe, Philip Silver, graduate students in the School of Music; Kenneth Yarnold, undergraduate student in the School of Music; and Pamela J. Nunnely, graduate student in theatre.

The compositions are scored for a variety of instruments, including trumpet and piano; clarinet and tuba; brass quintet and organ; soprano saxophone and piano; and jazz band.

Centre Dimensions, the University Jazz Ensemble, also will present a new work on the program.

Artwork exhibit

An exhibition of artwork by student teachers from the School of Visual Art's art education program and their students from the fall Saturday Morning Art School classes will be held Friday, Dec. 8 and 9, in Chambers Gallery. A complementary celebration, "Great Moments in Art," will be held from 9 to 11 a.m. Saturday, Dec. 9, in Chambers Building at University Park.

The exhibition features wheel thrown ceramics, raku pottery, photography, film, paintings and drawings by student teachers and their students, who range from age 5 to 73.

"Great Moments in Art" is a celebration complementing the exhibit for the teachers and students of the Saturday Morning Art School and their parents and friends.

Special events will include demonstrations by local artists participating in the Saturday Morning School's exhibition and a multimedia slide and television showing of the classes, recorded over the fall semester.

The event is sponsored by the art education program in the School of Visual Arts.

Task Force

(Continued from page 1)

Studies. The center facilitates international faculty exchanges and research, and offers educational opportunities in the Far East to business men and women, journalists and students.

In addition, the Japan Foundation, with offices in Tokyo and New York, has agreed to support a faculty position in Japanese history. The \$70,876 grant will underwrite work by Andrew E. Goble, an Australian who specializes in studies of Medieval Japan.

A third gift, of \$250,000 from the Murata Manufacturing Co. of Kyoto, Japan, will support a professorship. Recently named to this position was Stewart K. Kurtz, acting director of the Materials Research Laboratory.

These gifts represent three important developments, University officials say.

"First, key efforts by out-standing faculty with ties to individuals and companies in these countries have been essential," Dr. Gearhart said.

"Second, the donors are confident that Penn State's expertise and resources match their needs in very pragmatic ways. And although these gifts fund specific research programs, they build the trust and good will necessary for long-term relationships."

Third, Dr. Gearhart said, these gifts were facilitated by Penn State alumni in these governments and companies. These graduates are credible advocates for Penn State whose counsel carries great weight. Personal contacts have been and will continue to be vital to Penn State's position in Asia.

"We're aware that we may develop relationships through research contacts, but

also that we must adopt the long-term view of these relationships," he added. "Our alumni work in the largest companies in Japan, Taiwan and other countries, and in

various government agencies. They are important intermediaries for us. These major gifts and research contracts flow from personal contacts."

Obituaries

Nancy J. Mitchell, laundry worker.

Housing and Food Services, from June 15, 1981, until her retirement Dec. 1, 1988, died Nov. 13 at the age of 48.

Faculty Senate

The meeting of the University Faculty Senate scheduled for 1:30 p.m. Tuesday, Dec. 5, has been cancelled. All committee meetings will be held at their regular times.

Ruth J. Arbogast, food service worker, Housing and Food Services, from Sept. 11, 1957, until her retirement May 24, 1985, died Nov. 19 at the age of 69.

Faculty/Staff Alerts

Cablegram service

The cost of Western Union cablegrams sent from the Penn State Bookstore textbook department will increase to 60 cents per word. The cost increase is effective immediately. Call 863-4373 for more information about the service.

News in Brief

Roundtable scheduled

The University will host its third roundtable "Observations from Recent Travels in the Soviet Union and Eastern Europe," at 7:30 p.m. Monday, Dec. 4, in 501 Keller Conference Center at University Park. The public is invited.

Speakers will be John D. Scanlan, former ambassador to Yugoslavia and Vernon V. Aspatarian, senior director of the University's Slavic and Soviet Language and Area Center. The overall theme for the roundtables has been "Change and Chaos in the Communist World."

Trond Gilberg, director of the Slavic Center and head of the Political Science Department, will serve as program moderator.

Seminar scheduled

Roger Williams, assistant vice president and executive director of university relations, will present a seminar titled "George W. Atherton and the

Beginnings of Federal Support for Higher Education: Implications for American Higher Education Today from 3 to 5 p.m. Tuesday, Dec. 5, in the Memorial Lounge of Eisenhower Chapel at University Park. The seminar, sponsored by the College of Education will be based upon Dr. Williams' doctoral dissertation, which was named the 1989 dissertation of the year by the Association for the Study of Higher Education.

Graduate Lecture Series

C. McCollister Everts, senior vice president for health affairs at the Hershey Medical Center, will speak at the Graduate Lecture Series at 4 p.m. Wednesday, Dec. 13, in Room 101 Kern Building at University Park. Dr. Everts will discuss "Trends in Medical Education in the United States."

University Testing Service

During the Fall Semester final exam

period, Monday, Dec. 11, through Saturday, Dec. 16, University Testing Services will be open to receive work from 8 a.m. to 5 p.m. Monday through Friday and from 9 a.m. until noon on Saturday, Dec. 16.

Please submit recording rosters before the final exam period. Recording rosters submitted during finals will receive a lower work priority than jobs on answer sheets.

Mellon Foundation grant

The College of Education has received a \$40,000 grant from the Andrew W. Mellon Foundation, which will enable Roger Geiger, associate professor of education, to complete the second volume of *Research and Relevant Knowledge: American Research Universities Since World War II*.

This project has been the central focus of Dr. Geiger's work for more than eight years and has resulted in the first volume of this history and 21 additional publications. It has been supported in

the past by the Mellon Foundation, the Ford Foundation, the Spencer Foundation, and the Alfred P. Sloan Foundation.

Association meeting

With support from the Liberal Arts Research Office, the Department of Comparative Literature will be arranging for a shared bus to go to the Modern Language Association meeting in Washington, D.C. The bus will leave from University Park at 10 a.m. Dec. 27 and return from Washington at 2 p.m. Dec. 30. The cost is \$25/person round-trip (\$15 one-way).

University faculty and staff interested in this shared transportation should make a reservation in the Comparative Literature office (863-0589) by Dec. 10. If by that date there are not enough paid reservations to cover the cost of the bus, the bus trip will be cancelled. Check with the Comparative Literature office for further details.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling.

The brief statements for each vacancy are illustrative. They are not complete position descriptions. The announcement is made so that all University employees who are interested in promotion **MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 NETWORK LINE 433-0004.** Applications for these staff vacancies will be accepted until Dec. 7, 1989. **DO NOT CONTACT THE AREA THAT HAS THE VACANCY.** Applications for staff vacancies are considered in accordance with Fair Employment Practices (FEP) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law) sex or status as a disabled or Vietnam era veteran.

*** Procedures Specialist, Corporate Controller, University Park Campus** - Responsible to the manager of systems and procedures for the reviewing, investigating, analyzing and development of new and improved financial control and management procedures for all departments of the University. Requires bachelor's degree in business administration plus three to four years of effective experience in internal financial controls, procedures, forms control and general administrative management work. Computer experience is highly desirable. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990 WITH A GOOD POSSIBILITY OF RE-FUNDING TO JUNE 1991.** **STAFF GRADE 7**

*** Clinical Nurse Specialist - Acute Pain Management Services, College of Medicine, Nursing Administration, The Milton S. Hershey Medical Center** - Responsible to the chairman, Department of Anesthesia, and the director of nursing for providing nursing expertise within the Acute Pain Management Services. Serve as consultant collaborator educator clinician researcher and change agent for these services. Requires master's degree in nursing plus one to two years of effective clinical experience in pain management/anesthesia and current licensure by Pennsylvania State Board of Nursing. Certification in this specialty area is desirable. **STAFF GRADE 7**

*** Staff Development Instructor, College of Medicine, Staff Development, The Milton S. Hershey Medical Center** - Responsible to the assistant director of nursing, Staff Development for the design and implementation of orientation, in-service education and specialized courses for all levels of nursing personnel. Requires master's degree or equivalent, in nursing with one to two years of effective clinical experience. Acute care and/or trauma nursing experience desired. **WILL REQUIRE SOME EVENING WORK. STAFF GRADE 6**

*** Assistant to the Director - Religious Affairs, Division of Student Programs, Student Services, University Park Campus** - Responsible to the director of religious affairs for the development and implementation of educational programs within the

context of religious affairs program philosophy and for the cultivation and coordination of programs and activities which focus on the needs of minority populations at Penn State. Requires master's degree in divinity, religious studies, or related field with an emphasis in theology or ethics and African-American religion plus up to 12 months of effective experience. Seminary background is preferred. **THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990. STAFF GRADE 6.**

*** Clinical Head Nurse/Ambulatory Services, University Hospital, The Milton S. Hershey Medical Center** - Responsible to the manager, Ambulatory Services, for providing leadership to patient care personnel within a designated practice site, coordinating all the patient care activities within the pediatric practice site and performing a variety of nursing duties. Requires a registered nurse with a current license to practice professional nursing in Pennsylvania plus one to two years of effective

nursing experience. Bachelor of science degree preferred. Clinical head nurse, chemotherapy, venipuncture and outpatient experience preferred. **STAFF GRADE 5**

*** Supervisor, Athletic and Recreation Operations, Student Programs and Services, Delaware County Campus** - Responsible to scheduling facilities and personnel for special events, athletic, recreational, and instructional programs for implementing campus intramural programs and supervising and operating the Commons/Athletic Center. Requires associate degree, or equivalent, in physical education, recreation or related field plus two to four years of effective experience in athletics and student recreation, or a bachelor's degree and lesser experience is required. National Athletic Training Association certification and CPR's license required. Red Cross certification in CPR and first-aid instruction required. **STAFF GRADE 5**

Applicants for support center director sought

Charles H. Strauss, associate professor of forest economics, has been appointed chair of a search committee to identify candidates for the position of director of the Academic Support Center for Student-Athletes.

Other committee members are Stephanie A. Bozym, undergraduate student; Timothy M. Curley, assistant to the athletic director; Teri Jordan, head coach, women's track; Sandra K. Meyer, freshman academic coordinator/counselor; Ellen L. Perry, associate athletic director; Raymond A. Roundtree, graduate student; Dena M. Tauriello, undergraduate student; Brenda S. Townsend, basic skills coordinator, and David Tu, associate professor of biochemistry.

The director of the Center, which was established in December, 1986, is administratively responsible to the vice provost and dean for undergraduate education. The director also has an information line to the director of intercollegiate athletics regarding compliance related to NCAA and University Faculty Senate rules and regulations and to ensure appropriate communication between coaches and academic counselors for student-athletes.

The director is responsible for managing the budget for the Center, the development of programs that provide academic support for student-athletes, the development of all athletic eligibility reports, and the maintenance of a standard of excellence in

academic support for student-athletes that will continue to place Penn State as a recognized leader in this field.

Candidates should possess a master's degree, doctorate preferred, with extensive experience in higher education. Demonstration of experience with student-athletes will be helpful to the search committee in the selection process.

Candidates should submit a letter of application, curriculum vitae, and three letters of reference to Charles H. Strauss, 207 Old Main, University Park. The position is available on or before April 1, 1990. Applications and nominations will be accepted until Jan. 15, 1990, or until a suitable candidate is found.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

President Jordan meets Archbishop Tutu at airport.

Archbishop Tutu in Eisenhower Auditorium.

Tutu thanks University for support against apartheid

Archbishop Desmond M. Tutu, the 1984 Nobel Prize laureate, visited University Park Saturday, Dec. 2, and thanked Penn State for its support of the global struggle to end apartheid in South Africa.

"I thank this University, its students and faculty for their tremendous support of our struggle for a new kind of South Africa," he said.

"Thank you for your SHARE program which has allowed our students and faculty to benefit from your tremendous facility. SHARE helps to support the morale of the victims and helps to reduce the cockiness of those who promote it."

"I also salute and thank you for your divestment policy."

President Jordan introduced Archbishop Tutu, who received a rousing ovation from a standing-room crowd of nearly 3,000 at Eisenhower Auditorium, many of whom waited for hours in sub-freezing temperatures to hear the Nobel laureate. Officials estimated some 1,000 to 3,000 people listened to the talk through speakers outside the auditorium.

In his moving speech, Archbishop Tutu

said that since 1912 the South African people have sought to change the racist system of South Africa non-violently, using

demonstrations, petitions, delegations.

"All we want is what they always have had—a share in the land of our birth, our

place in the sun. We are using non-violent strategies to change the system and our government talks about possible suffering of blacks. But apartheid is making us suffer now.

"When we ask your country and the world to apply sanctions, we are told they will hurt the people we are trying to help. But, for something that doesn't work, sanctions are extremely effective."

"South Africa is our country. We don't want to see it destroyed. We want it for all of us—black and white."

Archbishop Tutu's visit to the University was made possible through the work of Harold Hein, a Penn State alumnus who has worked with the Archbishop's daughter, Mpho, on the Southern African Refugee Scholarship Fund in New York. She operates the fund, which provides college and university scholarships for students fleeing political oppression in South Africa.

Mr. Hein said he sought Archbishop Tutu's appearance as a way of recognizing the University's SHARE program, which

(Continued on page 3)

Martin Luther King Jr. celebration

Penn State will celebrate the birthday of Martin Luther King Jr. again this year with a wide variety of activities. The centerpiece, among many scheduled events, will be a program in Eisenhower Auditorium from 4 to 5 p.m. on Monday Jan. 15. In order that faculty and students may participate in that event, classes will again be cancelled for 8th and 9th period (3:35 to 5:30 p.m.) on Jan. 15.

Those not located at University Park can watch the holiday program on television via satellite at their campuses or through PENNARAMA, carried on cable channels throughout large portions of the Commonwealth.

This year's celebration is particularly

significant to the University, because it occurs 25 years to the week after Dr. King spoke to a capacity audience at Rec Hall.

Please be advised that the only exception that will be made regarding the cancellation of classes will be for those classes where cancellation or rescheduling is impossible, such as certain laboratory sessions. Similarly, University staff members are excused from work starting at 3:45 p.m. on Jan. 15 so that they may attend the Eisenhower Auditorium event or watch it on television. Exceptions are made for persons in essential service areas such as security. See related story on page 2.

Greek leaders and University staff working together

At a time when some universities and colleges have taken steps to abolish fraternities and sororities, student leaders from the Greek system and Penn State staff are working together to address the issues that are causing problems across the country.

In doing so, both feel that significant progress is being made.

"Since 1986, Penn State's relationship with fraternities and sororities has been based on the principle that we ought to treat all student organizations in a similar fashion," William W. Asbury, vice president for student services, said.

"The changes we have made essentially give Greek student leaders more autonomy and responsibility to monitor and guide their own affairs. We also have increased our efforts toward educational programs such as the Greek Leadership Conference and male-female relationships.

"Penn State has not severed all its relationships with fraternities. In fact, our Student Services staff members are

more involved with fraternities and sororities than they ever have been."

The 1980 changes in student organization relationships require Greek letter organizations, when functioning on campus, to continue to be held responsible by the University for abiding by federal, state and local laws, as well as all University regulations. Off campus, all students and student organizations are expected to abide by local, state and federal laws.

The University will not, however, exercise any authority for student conduct which occurs off campus, including violation of the alcohol laws, unless such conduct has a substantial adverse impact upon the University community.

The changes require students to take more responsibility for enforcement of rules while providing both student leaders and the University an opportunity to emphasize other educational efforts.

The Greek system at Penn State, which is the second largest in the nation, includes 55 fraternities and 23 sororities. In Spring 1989, more than 2,500 men and 1,900

women — or 15 percent of the undergraduate student body — were members of the 78 chapters.

Greek letter fraternities and sororities belong to one of three major governing groups. Most fraternities at Penn State are governed by the Interfraternity Council and most sororities are governed by the Panhellenic Council. During the past summer, the University recognized the Penn State National Pan-Hellenic Council, which functions as the governing body for the historically black fraternities and sororities.

According to Mr. Asbury, Penn State has granted the three governing bodies the authority to set up regulations to oversee the activities of fraternity and sorority chapters as student organizations at the University.

The recent establishment of a Greek Leadership Council, he said, is evidence of the existence of a partnership between students and the University.

"This body, which includes the leaders from the Interfraternity Council, Panhellenic Council and National

(Continued on page 3)

Focus on Diversity

Campuses are planning Martin Luther King programs

A number of University campuses are holding special programs in observance of Martin Luther King Day.

Among the programs being planned are:

Altenont—Judith A. W. Thomas, professor of education and chair of the Social Science Division at Lincoln University, will be the featured speaker at noon Monday, Jan. 15.

Altoona—The King Celebration, a joint campus and community program featuring a speaker and a combined campus and community choir, will be held at 4 p.m. Sunday, Jan. 14. The campus also will provide transportation to University Park on Jan. 15 for Martin Luther King Day programs.

Beaver—Michael Gordon, dean of students at Indiana University, Bloomington, Ind., will be the featured speaker at a program at 3:30 p.m. Monday, Jan. 15, in the Laboratory Classroom Building. Theme of the program is "Awaken and Be Proud."

Berks—Faculty members and students at the Berks Campus will participate in a panel discussion on diversity in America at 3:15 p.m. Monday, Jan. 15, in the Student Center Auditorium.

DuBois—The "DuBois Campus Colloquium for Martin Luther King Jr. Day" will be held from noon to 2 p.m. Monday, Jan. 15, in Hiller Auditorium.

Penn State Erie, The Behrend College—The campus and Erie communities are being invited to an observance of Dr. King's birthday, featuring student reading of his works, inspirational songs, and video excerpts of Dr. King's speeches, at 4 p.m. Monday, Jan. 15, in Erie Hall.

Fayette—The Fayette Campus observance, scheduled from 11 a.m. to 4 p.m. Monday, Jan. 15, will include a special high school program, NAACP Youth Choir concert, recognition of black student achievement, film festival, and a thematic panel discussion. Theme of the program is "Stride Toward Freedom."

Great Valley—The film, "From Montgomery to Memphis," will be shown Monday, Jan. 15. Mrs. Emma C. Chappell, vice president, Continental Bank.

Annual memorial banquet planned

The Forum on Black Affairs has announced plans for its 12th Annual Dr. Martin Luther King Jr. Memorial Banquet at 6 p.m. Monday, Jan. 15, in the Hetzel Union Building Ballroom at University Park.

Christine Patterson, Martin Luther King banquet chair, said the committee already has received a significant number of preliminary requests, and tickets are expected to sell fast. Those planning to attend are urged to make reservations by purchasing tickets as soon as possible.

"We intentionally planned to begin immediately after the University's Martin Luther King activity. The doors will open at 5:30 p.m.," said Ms. Patterson, noting that this year's theme is "Living the Dream."

The banquet will feature presentations by members of the local community and University. Award presentations will include The Forum on Black Affairs Humanitarian Service Award and the State College Area School District Awards featuring artistic renditions of "Living the Dream" by students.

There also will be art displays and musical performances by people of various cultural and ethnic backgrounds from the University faculty and staff, students and community as we emphasize the significance of diversity," Ms. Patterson said.

Tickets for the memorial event are \$10 for adults and \$5 for children under age 12. Entrees will consist of chicken, roast beef au jus or vegetarian platter. Tickets may be obtained by calling ticket chairman W. Locker at (814) 863-3452 or Huey P. Jones at (814) 865-7576.

Philadelphia, will speak on "Keeping the Dream Alive: America's Minority Workforce and the Corporate Workplace—A Corporate Leadership Response" at noon Tuesday, Jan. 16. Films will be shown and an African-American Book Exhibit will be on display throughout the remainder of the week.

Hazleton—The Hazleton Campus will join Penn State Wilkes-Barre Campus, Penn State Worthington Scranton and Wilkes College in sponsoring a performance of "The Soldier's Story" at the Darte Center for the Performing Arts at Wilkes College Jan. 30.

Milton S. Hershey Medical Center—The Student National Medical Association at the College of Medicine at the Hershey Medical Center is sponsoring an essay contest at the Milton Hershey School and John Harris High School in Harrisburg. The top essays will be displayed on the College of Medicine's bulletin board.

Penn State. The University is, however, seeking scholars with some teaching experience.

Faculty will teach courses in their specialties to either graduates or undergraduates at one of the campus locations; advise students in their majors; attend University functions as appropriate; engage in research, as appropriate, using the many opportunities and facilities of a major research University and become part of the summer community at the University.

"This is the third year for this very successful program," Nancy M. Tischler, director of the Office of Summer Sessions, said.

"Last year, the program provided an

McKeesport—Dennis V. Brutus, chairperson, Black Studies Department, University of Pittsburgh, will speak at 2:30 p.m. Monday, Jan. 15, in the Student Union. His speech will focus on the contributions of Dr. King and the need for people to continue seeking the dream.

Mont Alto—The Mont Alto Campus is planning two events on Monday, Jan. 15, sponsored in conjunction with the African American Society at the campus. A special dinner in honor of Dr. King will be followed by a musical performance by Regency, including a testimony to Dr. King.

Ogontz—Andrew Young, mayor of Atlanta, Ga., former ambassador to the United Nations, congressman, and civil rights leader, will speak on "The Dream Lives On" at 12:30 p.m. Monday, Jan. 15, in the Woodland Building.

Shenango—Richard Anliot, director of the Division of Education/Community Services, Pennsylvania Human Relations

Commission, will speak on Monday, Jan. 15, at Farrell High School. The program is jointly sponsored with the Farrell Human Relations Commission.

University Park—Eleanor Holmes Norton, professor of law at Georgetown University Law Center, will speak at 4 p.m. Monday, Jan. 15, in Eisenhower Auditorium. Her speech will be telecast live on WPXS and PENNARAMA.

Other WPXS programs which will air in observance of Dr. King's birthday include "Cambridge Forum," a 10-part discussion and interview series with leaders of the African-American community nationwide, beginning at 11 a.m. Sunday, Jan. 14; "Martin Luther King Jr.: A Tribute by William Warfield," at 8 p.m. Monday, Jan. 15; "Eyes on the Prize II," eight-part continuation of the award-winning series chronicling the history of the civil rights movement, 10 p.m. Jan. 15; "Martin," an original ballet in five movements composed by Gordon Parks, 10 p.m. Jan. 17.

Wilkes-Barre—The Wilkes-Barre Campus is co-sponsoring a community lecture by Dorothy Cotton, dean of student affairs at Cornell University, at 2 p.m. Sunday, Jan. 14, in the Darte Center, Wilkes College. John Barnes, admissions officer at Penn State Wilkes-Barre, will speak on "Minorities in Higher Education" at noon Monday, Jan. 15, in the Science Center auditorium. A film series will be held throughout the remainder of the week. The campus will co-sponsor with Penn State Hazleton, Penn State Worthington Scranton and Wilkes College a performance of "A Soldier's Story" Jan. 30.

Worthington Scranton—The campus is co-sponsoring the community lecture by Dorothy Cotton on Jan. 14 and the performance of "A Soldier's Story" on Jan. 30. A film series is planned from Monday, Jan. 15, through Friday, Jan. 19, and an exhibit will be displayed during the week.

York—A Smithsonian Institution Paper Panel Exhibit, "Black Women: Achievements Against the Odds," will be displayed in the Community Room, Student Center.

863-4174. Applications will be reviewed as soon as they are received, with appointments beginning with Summer Sessions 1990.

Diversity Calendar

Saturday, Dec. 9
Central Pennsylvania Women of Color, 8 p.m. to midnight, Nittany Lion Inn, Winter Ball, featuring music by Passport and DJ "The Doctor."

Wednesday, Dec. 13
WPXS, 91.1 FM, "Perspectives," 6:30 p.m., "Roles and Responsibilities: University Faculty," radio talk.

December through January
Black Studies Room of Pattee Library, "Civil Rights Leaders: Where are They Now?" displayed through Jan. 31.

Minority scholars being sought for programs

The University invites nominations and applications for programs designed for minority scholars interested in teaching at one of the University's 22 locations during the Summer of 1990.

The Distinguished Scholars in Residence are experienced teachers, research scholars, artists, executives, or administrators whose broad record of achievement can enrich the classroom or the research laboratory. The faculty chosen for this program will be asked to provide a public lecture or exhibition, depending on their area of excellence.

The Scholars in Residence Summer Program is intended to provide teaching opportunities for recent holders of doctorates from institutions other than

opportunity for minority scholars to spend time at Penn State and to become familiar with our activities and programs. We have established excellent relationships with the scholars who participated in the program last summer.

Dr. Tischler pointed out that courses range from introductory level for underclassmen to graduate level, depending on the campus or college and the background of the scholars. The scholars may be appointed at a variety of college-level teaching ranks, and from a variety of disciplines.

Interested applicants should request an application from Nancy M. Tischler, director of Summer Sessions, 427 Boucke Building, University Park, telephone (814)

Undergraduate proposals solicited

One-page preliminary proposals are being solicited for the United Federal Savings Bank Endowment for the Enhancement of Undergraduate Instruction.

The purpose of the endowment is to enrich undergraduate instruction and to encourage the development of a diversity of academic interest among undergraduate students. Several awards in the range of \$3,000 to \$5,000 will be made for the 1990 calendar year.

Awards from the fund will generally be made for the development of projects such as new courses, minors and options, including honors sections and courses;

innovative instructional methods and procedures; and course work, both computer or audio visual, for new or existing courses.

Special priorities for 1990 are projects related to general education, integration of cultural diversity into the undergraduate curriculum, and writing across the curriculum. Proposals in these areas are encouraged, but awards will not be limited to these areas.

Proposals may be submitted from faculty members in all colleges at all locations and from staff members in academic support units. Recommendations will be made by a

review committee composed of members of the Administrative Council on Undergraduate Education and the Society of Teaching Award Recipients. Construction of capital facilities and fundings for the normal requirements of classroom and laboratory instruction are excluded from support. In previous years, successful proposals included support for items such as released time for faculty, but proposals were denied when they required funding for hardware such as laser printers.

Preliminary proposals should be submitted to the associate dean for undergraduate education, 207 Old Main, by Jan. 15, 1990. The review committee will screen the preliminary proposals and

recommend those to be prepared for further review.

Awards will be announced April 3, 1990. Recipients will be asked to prepare a brief report upon completion of the project and to facilitate distribution of projected outcomes within the University community.

One-page preliminary proposals should include a brief program description and rationale; a listing of key personnel and their responsibilities for the project; and a budget request and documentation of matching funds, if appropriate. Supplemental information and appendices are not to be forwarded at this time.

Penn State's SHARE program

Since 1985, Penn State's SHARE program has supported 10 South African students, six of whom have finished their degree programs and returned home. In addition, five faculty fellows have come for semester-long collaboration with Penn State faculty and staff. There currently are 10 students enrolled in degree programs, and the current faculty fellow is from the University of Cape Town.

The acronym SHARE is based on the University's commitment to promote academic exchange between Penn State and black, colored and Asian South African academics: S-Scholarship; H-Help; A-Academic Exchange; R-Review of Equity Holdings; E-Education.

Scholarship - The University supports up to 12 Black South African students at any one time. The Educational Opportunities Council, headquartered in Johannesburg, makes the initial selections and sends the applications to the South African Education Program of the Institute of International Education or to AUIOROA Associates in Washington, D.C. These two organizations then send the applications to Penn State and to other institutions for admission considerations.

Help - Penn State offers two one-semester South African Faculty Fellowships each academic year. This

brings faculty/staff members from the University of The Witwatersrand, The University of Cape Town and The University of the Western Cape to Penn State on a rotational basis among these three universities. Such Fellows pursue whatever objectives they and their home institution have determined can be accomplished using Penn State's resources. These can be in any field important to the development of their institutions.

Academic Exchange - Penn State invites South African educational leaders to visit the University, supports visits initiated by such South Africans, and sends its own faculty and staff to South Africa to familiarize the academic cadre in both countries with one another's systems and resources.

Review of Equity Holdings - This SHARE component is the province of the Board of Trustees which in 1987 voted to divest the University's holdings from companies doing business in South Africa.

Educational Programs - Such programs are designed to educate the Penn State community regarding the South African situation. Penn State's South African educational programs bring lecturers and other educational presentations, such as workshops and seminars to the campus.

Archbishop Tutu talks with SHARE program students.

Archbishop Tutu

(continued from page 1)

the Rev. Tutu helped develop.

"Penn State has one of the finest programs anywhere in the world for helping students in South Africa," he said. "His daughter and I agreed he would pay tribute to that program by appearing on campus."

Archbishop Tutu credited current South African President F. W. de Klerk for the release of eight black leaders, but said his policies do not get to the heart of South Africa's problem.

"What he is doing is responding in ad hoc fashion to the international community, which is too apt to be pleased too easily. We still have a state of emergency in South Africa, including detention without trial

and restraints on the media.

"We are not in the business of making it more comfortable. We are not in the business of reforming it.

"We don't want our chains made more comfortable. We want them removed. And we want it done for all South Africans—both black and white."

At a news conference following the speech, Archbishop Tutu said he was

concerned that changes in Eastern Europe have focused attention there, causing the world to forget the struggle in South Africa.

"People shouldn't forget that we've had centuries of oppression which could end if the West paid as much attention to apartheid as they do to communism."

—Bill Campbell

(Photo: Dave Shelly)

Greek student leaders with President Jordan are, from left, Tom Lynch, Interfraternity Council president; Brian Swain, National Pan-Hellenic Council co-president; Kelly Ayotte, Panhellenic Council president, and Donna Carter, National Pan-Hellenic Council co-president.

Greek system

(continued from page 1)

Pan-Hellenic Council, along with Student Services staff, collaborates on issues affecting Greeks and provides a forum for exchanging ideas and attitudes.

"Recognition of the National Pan-Hellenic Council, in combination with the establishment of the Greek Leadership Council, also has strengthened the relationship between historically black and historically white chapters."

Efforts aimed at change and reform are not limited to Penn State. The Fraternity Insurance Purchasing Group has been established by 35 national fraternities in an combined effort to manage risk, and to address four major issues: alcohol and drugs; hazing; sexual abuse and the general area of safety in and around fraternity property.

These are some of the issues, Mr. Asbury noted, that Penn State staff and student leaders have been working hard to address in recent years.

Historically, Greek organizations at Penn State have been prime movers in programs that benefit the entire community, such as Homecoming, and have been particularly active and effective in a wide range of philanthropic efforts. The IFC/Panhellenic Dance Marathon,

for example, is the largest student run philanthropy in the country.

"We now have more staff people involved with the Greek system," J. Thomas Eakin, assistant vice president for student programs, said. "In addition to providing support for their various projects, we see ourselves as having an important educational role in challenging chapter leaders to deal with various issues and problems such as those identified by the fraternity insurance group."

"We've tried to have them recognize and accommodate changes in the community, the university and society. We believe they've had some success in light of the fact that the Interfraternity Council and the Panhellenic Council have won regional and national awards."

"We're very proud of our student leaders, and although we don't always agree, we believe they've done an outstanding job on some very difficult issues."

"We will continue to seek improvement in those areas," Mr. Asbury noted. "We believe these key issues stand in the way of fraternity ideals being realized. They give to fraternities the 'Animal House' image that detracts from the quality things they do."

The new role of the Greek system at Penn State was emphasized by Tom Lynch, president of the Interfraternity

Jordans are initiated into Order of Omega

President and Mrs. Jordan were initiated as honorary members in Order of Omega at ceremonies Nov. 29 in Old Main at University Park.

The Order of Omega, a national honor society, recognizes fraternity and sorority members who excel in academics, extracurricular involvement and leadership. The Penn State chapter was started in 1984. Thirty-three new undergraduate members were initiated along with the Jordans by Wayne Lewis, chapter president, and other executive officers.

At the reception following the Order of Omega induction, Dr. Jordan spoke to a group of student and alumni leaders

associated with fraternities and sororities at Penn State. He assured them of the administration and Board of Trustees' commitment to a central role for Greeks in the life of Penn State. He noted the important role Greeks have played in the Penn State experience and endorsed important qualities of the Greek experience such as community, close personal friendships, leadership and the value of service to others.

William W. Asbury, vice president for student services, pointed out that fraternities and sororities contribute, not only through their philanthropic activities but by enriching the Penn State experience shared by all.

Council, in an Oct. 21 speech in observance of the 75th anniversary of the IFC.

"IFC is providing an education that can't be found in the classroom," he said. "What IFC and fraternities need to emphasize now is what we expect of young men."

"Fraternities and IFC have to protect our ritual and creeds. How much longer can people put any faith in our organizations when we say one thing and do something completely opposite?"

"We need to make very clear at the onset of such a relationship between a young man and a fraternity exactly what is expected of him."

Mr. Asbury said Penn State administrators believe the development of students is best served by a combination of support and challenge.

"The University supports Greeks by advocating for their needs, providing programs, assisting the Greek letter organizations in their programs and offering the advice of qualified staff."

"At the same time, together with leaders in the Greek system, the University must challenge Greek letter organizations to live up to the principles they espouse."

—Bill Campbell

University faculty, staff members receive awards

Office personnel award

Four secretaries have been named winners of the first Liberal Arts Outstanding Office Personnel Award given by the College of the Liberal Arts.

Recipients of the 1989 award are **Sandra Rano**, head secretary, Department of Psychology, 20 years of service; **Diane Roan**, secretary, Department of Speech Communication, 14 years; **Esther Strause**, secretary, Department of Psychology, 33 years; and **Karen Connolly**, secretary, Department of Spanish, Italian and Portuguese, five years.

Hari M. Nelsen, dean of the College of the Liberal Arts, presented the awards and a check for \$150. The college's Outstanding Office Personnel Award was created by The Liberal Arts Planning Advisory Committee to recognize exceptional performance and demonstrations of professionalism by clerical and staff non-exempt employees.

The award winners were nominated by their co-workers. A selection committee of clerical and staff non-exempt personnel had been elected by their peers to establish criteria and guidelines for the award.

Four staff members in the Division of Development and University Relations have received the Division's Professional Excellence Award. They are, seated, Jan Oakes, secretary, Senior Vice President for Development and University Relations; standing, from left, Rob Mothersbaugh, assistant director, Teledund; Michael Bezilia, manager of development communications, and Jeanne Synd, head clerk, Alumni Records.

the dean in the former College of Home Economics and Human Development.

Ms. Laubach "is a faculty member whom students remember long after they graduate," wrote one of her colleagues in nominating her for the award. She has taught undergraduate nursing courses at both University Park and Hershey, advised hundreds of students, and served as mentor to several faculty members as well.

Dr. Stuart received the Dorothy Jones Barnes Teaching Award, which rewards excellence in teaching and outstanding contributions to the art of teaching. It is supported by an endowment from Dorothy Jones Barnes, a 1944 Penn State graduate in home economics, and her husband, William T. Barnes.

Dr. Stuart teaches the complexities of

health care economics and health care finance to undergraduates. He places a high priority on undergraduate teaching and, although his courses are intellectually demanding, he consistently receives high marks on student course evaluations.

Research awards

John A. Lucas, professor of exercise and sport science, and **John L. Beard**, associate professor of nutrition, have been selected to receive the College of Health and Human Development's annual awards for outstanding research.

Dr. Lucas will receive the Pauline Schmitt Russell Distinguished Research Career Award, which honors senior faculty members who have made outstanding

research contributions throughout their careers.

Dr. Beard will receive the Evan G. and Helen G. Patishall Outstanding Research Achievement Award, which recognizes outstanding research contributions occurring or culminating within the past several years.

Dr. Lucas, an Olympic historian, observer, researcher, and teacher, has attended every Olympic Games for the past 29 years and serves as special consultant to the U.S. Olympic Committee and the International Olympic Committee.

The author of *The Modern Olympic Games* and co-author, with Ronald A. Smith, professor of exercise and sport science, of *Signs of American Sport*, he also has written more than 160 scholarly articles on sport and sport history.

He has been named to the American Academy of Physical Education, an honor limited to the 125 most eminent scholars in the field.

Dr. Beard has made a number of contributions to understanding the nature and consequences of iron deficiency. His research program spans questions regarding metabolism of neurotransmitters, thyroid metabolism, exercise performance, and effects of iron deficiency on cognition and behavior.

He has been selected for membership in the American Institute of Nutrition and has received several highly competitive awards, including a First Independent Research and Support Transition Award from the National Institutes of Health and a Competitive Research Award from the U.S. Department of Agriculture.

The Distinguished Research Career Award was endowed by Leo P. Russell, a 1941 industrial engineering graduate of Penn State, in honor of his late wife, Pauline Schmitt Russell, a 1948 graduate in home economics.

Penn Staters

James Kela, professor of education and director of the Rehabilitation Services Education Program, has been selected to receive the 1989 Anthony V. Venaco Memorial Award by the Pennsylvania Rehabilitation Counseling Association for significant contributions to the professional development of rehabilitation counselors.

Edwin Masteller, professor of biology, Penn State Erie, The Behrend College, presented a poster on "Adult Trichoptera Phenology from Long-term Emergence Collections on Headwater Streams" at the 6th International Symposium on Trichoptera at the University of Lod and Zakopane, Poland.

William E. Sopper, professor of forest hydrology, School of Forest Resources and staff member of the Environmental Resources Research Institute, presented an invited paper titled "The Utilization of Sewage Sludge in the United States for Mine Land Reclamation" at an International Workshop on Alternative Uses For Sewage Sludge held in York, England.

Donald A. Bryant, associate professor of molecular and cell biology, presented papers at the Molecular Biology of Membrane-bound Complexes in Phototropic Bacteria meeting in Freiburg, West Germany, and at the Eighth International Congress on Photosynthesis in Stockholm, Sweden.

Cengiz Camci, assistant professor of aerospace engineering, and **Budugur Lakshminarayana**, Evan Pugh professor of aerospace engineering, presented

papers at the ninth International Conference on Air Breathing Engines Athens, Greece.

Paris H. Chang, professor of political science and director of East Asian Studies Center, delivered lectures on China-Taiwan relations and the policy and leadership changes in the PRC at the Institute of Far East in Moscow. Dr. Chang's visit was at the invitation of the USSR Academy of Science.

Kalyan Chatterjee, professor of management science, presented a paper at the 1989 joint meeting of the Institute of Management Science/Operations Research Society of America/Canadian Operations Research Society (TIMS/ORSA/CORS) in Vancouver, British Columbia.

David P. Christy, assistant professor of management science and doctoral candidate John Groul are coauthors of a paper presented at the 1989 joint meeting of the Institute of Management Science/Operations Research Society of America/Canadian Operations Research Society (TIMS/ORSA/CORS) in Vancouver, British Columbia.

Della Durant, retired assistant athletic director, has been chosen as the sixth recipient of the ECAC's Katherine Key Award by the Eastern College Athletic Conference. The award is presented annually to a women's athletic administrator who is a strong proponent of women's issues and someone who serves as a role model for women coaches and administrators.

Terry P. Harrison, assistant professor of management science, was the

copresenter of two papers at the 1989 joint meeting of the Institute of Management Science/Operations Research Society of America/Canadian Operations Research Society (TIMS/ORSA/CORS) held in Vancouver, British Columbia.

Robert Hatten, assistant professor of music theory in the School of Music, presented an invited paper, "A Peircean Perspective on the Growth of Markedness and Musical Meaning," at the Charles S. Peirce Sesquicentennial International Congress at Harvard University.

Elizabeth J. Susman, professor of human development and nursing, and **Lothar D. Dorn**, who recently completed a Ph.D. in human development and family studies, presented an invited paper at an international conference on corticotropin releasing hormone.

Robert T. Tauber, associate professor of education, Penn State Erie, The Behrend College, presented a paper on "School Leadership: A Noninterventivist Model" at the British Educational Research Association conference in England. Dr. Tauber also presented a paper on "ERIC (Educational Resources Information Centre)," at the 25th Annual Conference of the Canadian Vocational Association in Toronto.

John J. Coyle, professor of business logistics, has been named editor of the *Journal of Business Logistics*, published by the Council of Logistics Management. It has a worldwide circulation of 7,500.

Roger J. Cuffey, professor of paleontology in the College of Earth and

Mineral Sciences, presided and presented two papers at the 8th Triennial Conference of the International Bryozoology Association in Paris.

Sharon Dale, assistant professor of art history, Penn State Erie, The Behrend College, received a National Endowment for the Humanities travel to collections grant to study Augustinian art patronage in Renaissance Italy, enabling her to travel in Italy.

Gordon F. De Jong, professor of sociology and director of the graduate program in demography, presented an invited paper at the 21st Congress of the International Union for the Scientific Study of Population in New Delhi, India.

Dennis A. Gioia, associate professor of organizational behavior, and **James B. Thomas**, assistant professor of management science, presented a paper titled "Strategic Sense-making in Top Management Teams" at the 1989 joint meeting of Institute of Management Science/Operations Research Society of America/Canadian Operations Research Society in Vancouver, British Columbia.

Gary L. Lilien, research professor of management science, presented papers at the Annual European Marketing Conference in Athens, Greece; the International Research Marketing Seminar in LaLonde Les Maures, France, and the joint meeting of the Institutes of Management Science/Operations Research Society of America/Canadian Operations Research Society in Vancouver, British Columbia.

University Park Calendar

December 7— January 11 Special Events

Thursday, December 7

Festival of Trees, noon, students of the Penn State Slute Studio. Palmer Museum of Art Bach's Lunch, 12:10 p.m., Eisenhower Chapel. Sing-A-long of Christmas Carols. Museum-School of Visual Arts, panel discussion, 8 p.m., Palmer Museum of Art. "The Use and Misuse of Contemporary Criticism."

Friday, December 8

Classes end 9:30 a.m.
Festival of Trees, noon, Woodwind Quartet. Chamber Music from the School of Music, Palmer Museum of Art.
Geog. Coffee Hour, 4 p.m., 319 Walker. Neil Smith, Rutgers, on "Mapping a Gentrification Frontier: Investment and Disinvestment on the Lower East Side."

Shaver's Creek, 7-8:30 p.m., Moonlit Hayride.

Also Dec. 9. Call 863-2000.

Center for the Performing Arts, 8 p.m.,

Eisenhower Aud. Louisville Ballet, *The Nutcracker*. Also Dec. 9, 2 p.m.

School of Music, 8 p.m., Recital Hall. Student composer's concert.

Saturday, December 9

Festival of Trees, 2 p.m., Youth String Ensemble, Palmer Museum of Art.
Women of Color, 8 p.m.-midnight, Winter Ball, Nittany Lion Inn.

School of Visual Arts, Saturday Morning Art School exhibition and open house, 10 a.m.-5 p.m., Chambers Gallery.

Sunday, December 10

Festival of Trees, 1:30 p.m., Hi-Lo's 3 p.m.,

Clarinett Quartet, Palmer Museum of Art.

Monday, December 11

Final exams, through Dec. 16.

WordPerfect Users Group, 1:30-3 p.m., 141

Computer Bldg.; Dec. 15, 8:30-10 a.m., 6

Willard.

4th Women's Studies Faculty/Advisory

Committee meeting, 1:30-3:30 p.m., 12 Sparks.

All faculty and students are welcome.

Tuesday, December 12

Penn State, Kent State Univ. and American

College Personnel Assoc., Student Affairs Seminar Series, 6-9:30 p.m., S. Pattee Library. Pat Peterson on "Freedom of Speech vs. Human Dignity on Campus." Preregistration, 865-3443.

Thursday, December 14

Commission for Women meeting, 9:15 a.m. - 1 p.m., 101 Kern.

Wednesday, January 3

Arrival day for new students

Thursday, January 4

Convocation for new students, 10 a.m., HUB

Ballroom. Dr. Thomas G. Poole, director,

Eisenhower Chapel, will discuss issues of

intellectual and personal growth.

Men and Women of Color Luncheon, noon-1 p.m., Nittany Lion Inn.

Friday, January 5

Registration deadline

Saturday, January 6

Commencement, 10:30 a.m., Arts and

Architecture, Business Administration, Earth

and Mineral Sciences, Liberal Arts, Science, 2

p.m., Agriculture, Communications, Education,

Engineering, Health and Human Development.

Monday, January 8

Classes begin 8 a.m.

International Events

Education Abroad Programs

The application deadline has been extended to

Jan. 31, 1990, for 1990-91 programs in Cairo,

Nairobi, Nice, Taipei and Tel Aviv.

Friday, December 8

Interludia Folk Dance Club, recreational folk

dancing, 7:30-10:30 p.m., 135 White Bldg.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30

p.m.; Saturday and Sunday, 5-6 p.m., Morning

Edition, Monday-Friday, 6-8 a.m.; Weekend

Edition, Saturday and Sunday, 11 a.m.-1 p.m.

"Odyssey Through Literature," 12:30 p.m.

Wednesdays, with S. Leonard Rubinstein.

"Perspectives," 6:30 p.m. Wednesdays, with

Jeff Ballou. "Creative Lives," 12:30 p.m.

Thursdays, with Asa Berlin and Pam Saulnier.

Conferences

Continuing Education

Keller Building

Dec. 11-13, Cooperative Directors' School. Harold

Doran, associate professor of agricultural

education and economics, chair.

Dec. 12-15, Qualification Course in Well Control

Slut Supon, instructor of petroleum and

natural gas engineering, chair. Norm Lathbury,

coordinator.

Dec. 12 and 14, Pennsylvania Bar Institutes. Jerri

Milson, coordinator.

Dec. 12-14, Motor Fleet Safety for Supervisors.

Eric Loop, coordinator.

Seminars

Thursday, December 7

Spatial and Temporal Signal Processing Center, 1-

2 p.m., 123 Electrical Engineering East. Brian

D.O. Anderson, Australian National Univ., on

"Robust Strict Positive Realness."

Characterization and Construction." Also Dec.

8, 11 a.m.-noon, "Frequency Tracking of

Nonsinusoidal Signals in Noise," Dec. 11, 10-11

a.m., "Controller Reduction: Concepts and

Approaches."

Physics Colloquium, 3:30 p.m., S5 Osmond Lab.

Saji Nagamiya, Columbia Univ., on "Heavy

Ion Experiments at BNL and CERN."

Ecology, 4 p.m., 111 Wartik. Kenneth R.

Dickson, North Texas State Univ., on "The

Use of Remote Sensing and Geographic

Information Systems for Addressing Water

Resource Problems."

History Colloquium, 4 p.m., Memorial Lounge.

Eisenhower Chapel. Robert Proctor, The New

School for Social Research, on "Racial Hygiene:

Medicine Under the Nazis."

Friday, December 8

Ag Economics and Rural Sociology, 3 p.m., 212

Eisenhower Chapel. Emerson Babb, Univ. of

Florida, on "Critique of Experimental

Economics."

Agronomy, 3:35-4:25 p.m., 111 Tyson. Zeev

Ronen on "Metabolism of Pyridine Under

Denitrifying Conditions."

Monday, December 11

EPF, 4 p.m., 339 Davey Lab. Michael Douglas,

Rutgers Univ., on "Strings in Less Than One

Dinnerman

Friday, January 5

Neutron Activation Analysis Workshop, 8-15

a.m.-4:30 p.m., Penn State Brezler Reactor.

Tuesday, January 9

Chemistry Colloquium, 3-30 p.m., S5 Osmond

Lab. Stephen J. Benkovic on "Catalytic

Antibodies."

Exhibits

HUB Galleries

Dec. 12-14, Rachel Rachis Creations, through Dec. 8

Art Gallery Panels.

Iconography: History of the French Revolution

Two Centuries of Pastures and Symbols of the

Republic, through Dec. 8

Browsing Gallery:

1st Reunion in the Homicide Orbit -- when the

sign of the morning pixels permeate through

my window in the afternoon by Derchyan Lin,

through Dec. 8

Kern Galleries

College of Arts and Architecture Research

Exhibition, through Dec. 22.

The French Revolution Machine, through Feb.

28.

Palmer Museum of Art

Festival of Trees, through Dec. 10

Janis Drake, *The Border/La Frontera*, through

Jan. 21.

Mohamed Agag, ceramics, through Dec. 21

The Loti and Victor Simon Collection of

"Contemporary Australian Art," through Feb. 11

Pattee Library

East Corridor Gallery:

Philip Sauerlander, *Serigraphs*-State College,

through Jan. 26.

Zoller Gallery

School of Visual Arts Faculty Exhibition, through

Dec. 16.

Focus on the arts

Sculpture exhibition

An exhibition of sculpture by Ken Bass, master of fine arts candidate, will be on display Dec. 11 through Dec. 16 in the Zoller Gallery of the School of Visual Arts at University Park.

Mr. Bass earned his bachelor of fine arts degree from the University of North Carolina. His work investigates the relationship between language and image and the meaning that emerges or fails to emerge in that space.

Handbell concert

Frank Bowker, the only professional handbell soloist in the United States, will present a concert at 8 p.m. Friday, Dec. 8, in Room 102 Kern Graduate Building at University Park. It is free and open to the public. Mr. Bowker, whose unique instrument and talents are combined in a wide spectrum of music, has toured in more than 50 states.

He has been featured with various orchestras, and recently performed with a brass quintet from the Philadelphia Orchestra.

The arts on Channel 3

Lerner and Loewe: Broadway's Last Romantics, airing at 8:30 p.m. Saturday, Dec. 9, on WPSU-TV, celebrates the work of these two musical geniuses, through film clips from all the Lerner and Loewe movies including such favorites as "My Fair Lady," "Paint Your Wagon," "Camelot," and "Gigi," and through rare television footage of some of the original Broadway casts.

Sentimental Swing: The Music of Tommy

Dorsey, a nostalgic musical celebration taped at the world-famous Palladium in the heart of Hollywood, airs at 8 p.m. Saturday. This 90-minute tribute to the music of the big band legend Tommy Dorsey features Mel Torme as host and spotlights vocalists Jack Jones, Maureen McGovern and the L.A. Voices.

Stars of Broadway, opera and concert halls salute public television in *A Musical Toast*, a sparkling three-hour music special airing at 8 p.m. Sunday, Dec. 10.

Tailgate party

The Penn State Bookstore on campus will host a book-signing and tailgate party to feature the Alumni Association's book *Cookin' With The Lion*.

The public is invited to come to the bookstore from noon to 3 p.m. Friday, Dec. 8, to meet representatives from the Alumni Association and to sample a selection of the recipes found in the collection of Penn State favorites.

Cookin' With The Lion contains 275 of the best recipes submitted by friends and alumni of Penn State. The 300-page hardbound book, complete with color photographs, artwork, Penn State food facts, stories and recipes, is the culmination of 18 months of effort, with more than 1,400 alumni and friends helping with the project.

The bookstore is offering a 20-percent discount on the book. A portion of the proceeds from the sale of the cookbook benefits the Alumni Association Student Scholarship program. For more information call Elizabeth Wilson at 863-3250.

Frank Bowker

Penn State authors

The Penn State Bookstore on campus, as part of its Annual Holiday Celebration and Appreciation Sale, will hold its "Celebration of Authors" from Dec. 11 to 13.

During the sessions, the authors will be available to sign and discuss their books, which will be offered at 20 percent off during the appreciation sale, which begins Dec. 11.

The Penn State authors are:
— Dec. 11, noon to 2 p.m. -- Neil Fogarty, *The Mystery of the French Mist and The Mystery of the Runaway Russian* (Cricklewood Press, 1989)

— Bernard Badiali and Tina Hay, *Recollections, Your Memory-A-Day Journal* (Scott, Foresman and Co., 1969)

— Dec. 12, noon to 2 p.m. -- Gary Gallagher, *Fighting for the Confederacy: The Personal Recollections of General Edward Porter* (University of North Carolina Press, 1989)

— Dec. 13, noon to 2 p.m. -- Charles Meek, *Pennsylvania Trout Streams and Their Hatches* (Backcountry Publications, 1989)

Bookshelf

Footnotes are the key to appealing honest in research, Gerald M. Phillips, professor of speech communication, jokingly suggests in a new collection of "Murphy's Law"-like advice.

"If you footnote every seventh line, you will never be accused of plagiarism," he says. That is just one of six useful academic laws dispensed by Dr. Phillips in *The New Official Rules: Maxims for Ambling through the Twenty-first Century* (Addison-Wesley, 1989), edited by Paul Dickson.

Other laws include the Law of Practicality -- "anything that works is not scholarly"; and the Law of Promptness -- "if you can't do it correctly, do it by the deadline." These nuggets of advice were first published in Dr. Phillips' book on practical politics, *How to Support Your Cause and Win* (University of South Carolina Press, 1984).

Dr. Phillips is the author of 33 books and more than 100 articles and monographs.

News in Brief

EOPC Minority Scholarships

The Office of Education Abroad Programs has awarded its first EOPC Minority Scholarships for Study Abroad to three minority students who have applied and been accepted for a semester or yearlong program beginning in Spring 1990.

The scholarship winners will be asked to help in outreach activities on their return, enabling more students to learn about study abroad opportunities available through the University.

Convocation for new students

The Spring Semester convocation for new students will be held at 10 a.m. Thursday, Jan. 4, in the Helzel Union Building Ballroom at University Park.

Thomas G. Poole, director,

Eisenhower Chapel, will discuss various issues of intellectual and personal growth as they relate to ethical decision-making, commitment and responsible involvements.

Dr. Poole, who also serves as director of religious studies and affiliate assistant professor of religious studies, has written widely on such topics as education, values and race, the black family and black church, and the nonviolent ethic of Martin Luther King Jr.

Evergreen theft

Each year during this season, some people attempt to steal Penn State evergreens for use as Christmas trees. These people are usually unaware that many of the trees adorning the campus are for research studies and represent years of work. The value of a University tree could be as much as \$5,000.

Persons apprehended for stealing University trees will be charged with theft and could receive up to two years in prison, a \$5,000 fine or both, according to the University Safety Department. In addition, University students will be referred to the conduct

standards office, where they may face separation from the University.

Police will be heavily patrolling the University tree lot, golf courses and farm lands with marked units and various surveillance techniques in an effort to apprehend Christmas tree bandits.

Phi Beta Kappa Founders Day party

The annual Phi Beta Kappa Founders Day Sherry Party will be held from 4 to 6 p.m. Sunday, Dec. 10, in the Fireside Room of the Nittany Lion Inn at University Park.

During the festivities, the two Senior Thesis Research Prizes will be awarded, one in science and one in the liberal arts.

All Phi Beta Kappa members are welcome. Call Gabriele Michels at 863-0405 for more information or to be added to the membership list of the local chapter.

Neutron activation workshop

A one-day workshop on the use of Neutron Activation Analysis will be held from 8:15 a.m. to 4:30 p.m. Friday, Jan. 5, 1990, at the Breazeale Reactor at University Park.

The workshop is open to faculty, staff, and students who desire to learn more about this method of analysis. Neutron Activation Analysis is non-destructive, and for many elements, the most sensitive technique available for trace element identification and quantification.

The morning session will consist of three one-hour lectures. The afternoon session will consist of a two-hour laboratory experiment using neutron activation analysis, and a one-hour tour of the facility.

There is no charge for the workshop, but the number of participants will be limited. Those who are interested in attending should register with Jennifer Wellar at 865-6351.

The Campaign for Penn State

\$750,000 from Heinz Endowment

Grant aids nutrition education

The Howard Heinz Endowment has awarded the University's Nutrition Center a \$750,000 grant to help improve nutrition education in secondary schools, and to teach diabetic children how they can change harmful eating habits.

Plans call for the center's staff to conduct mini-seminars for junior- and senior-high school teachers in more effective methods of teaching nutrition.

"Nutrition VanGo," the center's mobile nutrition education unit, will transport the seminars to local school districts. Through a collaboration with Children's Hospital of Pittsburgh, the center will develop a series of home-based, autotutorial programs to help diabetic children and their families cope with complex dietary restrictions.

"The programs developed with this

grant's support will benefit children far beyond those with whom we will work directly," Barbara M. Shannon, professor of nutrition and the nutrition enhancement program's director, said. "As nutrition education models, the programs will have the potential for widespread use to improve children's eating habits. We are very grateful for the opportunity this grant provides us."

The Pittsburgh-based Howard Heinz endowment was established in 1941 through a bequest by Howard Heinz, a son of H.J. Heinz, founder of the food products firm H.J. Heinz Co. The grant from the endowment is the latest from members of the Heinz family to Nutrition Department programs.

Romigs aid teaching and research lab

Gerald C. and Thelma Romig of Fort Washington have donated \$100,000 for a teaching and research laboratory in the Biotechnology Institute.

"This gift will help equip the Protein and DNA Chemistry Center that serves more than 65 University researchers," Jean Brenchley, institute director, said. "Projects at the center include making and analyzing compounds that detect cancer-causing genes, producing factors to cure anemia and studying how plant cells make chocolate."

Mr. Romig graduated from the University with a bachelor's degree in chemistry in 1927 and spent his entire career at Amchem Products, a chemical company now part of the Rorer Group Inc. He rose through the ranks and served as president from 1956 to 1970, and as chairman of the board from 1966 until his

retirement in 1977. He also is director emeritus of Rorer Group.

Biotechnology develops biological systems or organisms for commercial applications, such as life-saving drugs, better health care, improved crops and animals for agriculture and work-saving products for the home.

The Biotechnology Institute is headquartered in the 64,000-square-foot Warik Laboratory, which houses state-of-the-art laboratories for research, education, training and services. The Institute focuses on application-oriented research and upon training individuals for employment in biotechnology-related industries.

Mr. Romig, who also earned a master's degree in chemistry from Penn State in 1928, was honored with the Distinguished Alumnus Award in 1978.

Pa. livestock group donates \$50,000

The Pennsylvania Livestock Association has donated \$50,000 to the Penn State Judging Team Endowment Fund. The gift, which will be donated in increments of \$5,000 per year over the next 10 years, will benefit members of the Penn State livestock, meats and horse judging teams.

The Pennsylvania Livestock Association established the Judging Team Endowment Fund in 1981 to ensure that the three Penn State judging teams have the necessary funding to enter annual national contests. Believing that the competitions are a vital part of educating future stockmen, the PLA has made yearly contributions to the fund.

Two graduates of the Penn State College of Agriculture, Henry Gruber of New Tripoli, Pa., and Peter Krall of Calasauque, Pa., were among the PLA members instrumental in securing the donation.

"This commitment is a terrific boost to the Pennsylvania Livestock Association Judging Team Endowment Fund," said Paul J. Wangness, former head of the Dairy and Animal Science Department and currently regional director for the Capital Region of Penn State Cooperative Extension. "We are extremely grateful for the association's continued and strong commitment to our educational programs. We anticipate that the commitment and leadership shown by PLA through this gift will be a catalyst for additional support from other individuals and groups toward our judging teams programs."

"Judging teams are an important part of

the education of many of our students," Lamarine F. Hood, dean of the College of Agriculture, added. "In continuing their support of the teams, the members of the Pennsylvania Livestock Association will have a significant impact on students in the College of Agriculture, and on the livestock industry, for years to come."

The Pennsylvania Livestock Association is dedicated to promoting the marketing, processing and maximum use of beef cattle, sheep, swine and horses within Pennsylvania. The 225-member association sponsors the Keystone International Livestock Show held every October at the Farm Show Complex in Harrisburg.

Golf journey raises funds for Hershey

The 20th annual Jake Gittlen Memorial Golf Tournament, held in August at the Blue Ridge Country Club near Harrisburg, raised \$207,000 for cancer research at The Milton S. Hershey Medical Center. Since the tournament began in 1970, it has raised more than \$1.1 million for the Medical Center.

"This was our most successful event ever.

We all feel a great sense of pride and accomplishment," said organizer Warren Gittlen, a 1955 Penn State graduate and public relations director for Universal Investment Co. of Harrisburg. The event is named for his father, who died of cancer in 1970.

More than 500 golfers participated, and nearly 50 Harrisburg-area businesses made donations. Gov. Robert Casey sent a plaque citing the tournament as the most successful amateur golf fund-raiser in the nation.

At the post-tournament dinner, John W. Kreider, professor of pathology and microbiology, announced that the Medical Center had approved the formation of the Jake Gittlen Cancer Research Institute. Under Dr. Kreider's direction, the institute will recruit some of the top medical researchers from around the world to study the causes of cancer and perfect treatments for the disease.

"Big Five" Public University Campaigns

	Goal	Raised	Campaign Ends	Duration (years)
University of California, Berkeley	\$400 million	\$368 million	June 30, 1990	3
Ohio State University	\$350 million	\$403 million	June 30, 1990	5
Penn State	\$300 million	\$308 million	June 30, 1990	6
University of Minnesota	\$300 million	\$365 million	June 30, 1988	3
UCLA	\$300 million	\$355 million	Dec. 31, 1988	6

Partings

Norman "Bill" Patterson, associate professor of mathematics at Penn State Erie. The Behrend College, will retire Jan. 1, 1990, after 36 years service.

Mr. Patterson received his bachelor's degree in chemistry from Penn State in 1949. He also earned his master's degree in mathematics from the University in 1952.

In 1953, he began his teaching career at Penn State-Behrend as an instructor in mathematics, just five years after the college was founded as The Behrend Center. He was named assistant professor in 1956 and associate professor in 1962. He was honored for his teaching contributions in 1972 when he received the college's Outstanding Teacher-of-the-Year award.

In addition to filling a wide variety of committee assignments through the years, Mr. Patterson served as math coordinator at Penn State-Behrend from 1974 until 1985. He also has served as the dean's representative for the College of Science since 1981.

He and his wife, Dorothy Gillis Patterson, reside in Wesleyville, Pa. All three of their children are Penn State graduates.

Retirement plans for Mr. Patterson include pursuing his life-long passion: photography. His specialty is three-dimensional photography, and he is

Norman Patterson

president of The Stereoscopic Society, a national organization of 3-D photographers founded in 1893.

Jan Smith, associate librarian and head librarian of the Arts Library, has retired from the University after 25 years of service.

She came to Penn State as arts librarian to organize collections and services in art-

and music, and later was made responsible for the architecture library, with responsibility for the Architecture Reading Room as well.

While with the University Libraries, Ms. Smith witnessed and was part of a lot of changes. "It was exciting because things were happening all the time. I watched the library's departments grow and the LIAS computer system replace the card catalogs."

Ms. Smith attended Stephen's College and received her bachelor of fine arts degree from Virginia Commonwealth University. She received her master in library science degree from Rutgers University.

She looks forward to having time to garden, quilt and start painting again.

May Jane Archer, food preparer, Housing and Food Services, from Aug. 23, 1965, until Aug. 5.

George Harpster, lead mechanic, auto, Physical Plant, from Sept. 1, 1952, until Jan. 15, 1953, and from Oct. 19, 1964, until Oct. 20.

John R. McAvoy, janitorial worker, Physical Plant, from Oct. 1, 1963, until Sept. 30.

Virginia M. Meyer, food service worker, Housing and Food Services, from April 25, 1969, until May 30.

Sarah Stover, pharmacy technician, Student Services, from Feb. 24, 1958, until April 7, 1959, and from Sept. 1, 1959, until June 30.

Shirley M. Hosterman, head college health nurse, Student Services, from Oct. 1, 1960, until Oct. 1.

Josephine Koch, extension agent, Agriculture, from March 1, 1972, until Oct. 1.

Hilda Geyer, lab attendant at Hershey Medical Center, from Feb. 11, 1974, until Oct. 14.

Elmer B. Cartwright, associate housekeeping supervisor, Housing and Food Services, from April 11, 1977, until Nov. 1.

Beryl Smith, clerk, admissions at Penn State Harrisburg, from April 19, 1970, until Nov. 1.

Richard S. Singer, experimental mechanic at Hershey Medical Center, from Aug. 17, 1970, until Nov. 3.

Norman Tapley, receiving clerk at Hershey Medical Center, from April 12, 1976, until Nov. 4.

Suzanne Hoke, licensed practical nurse at Hershey Medical Center, from Feb. 5, 1973, until Nov. 10.

Ruth B. Port, food services worker, Housing and Food Services, from Sept. 3, 1974, until Nov. 10.

Obituaries

Frederick B. Marbut, professor emeritus of journalism, died Nov. 20 at the age of 84.

A graduate of George Washington University, he received master's and Ph.D. degrees from Harvard University. He spent 11 years in the newspaper field, with service on the *St. Louis Globe-Democrat*, *Sioux City Tribune*, *Montana Standard*, *Panama American*, *Washington Evening Star* and *Washington Times*. Associated Press, and the *Cleveland News*.

He taught at Kent State University from 1941 until 1944 when he joined the Penn State faculty. He retired Nov. 1, 1966.

Dr. Marbut was a Smith-Mundt scholar in Bolivia in 1957 and at the University of Nicaragua in 1962. He lectured for the State Department in Ecuador, Venezuela, Argentina, Chile and Uruguay in 1958, and carried on research in the office of the International Press Institute in Zurich, Switzerland, in 1956.

Dr. Marbut was a member of the Association for Education in Journalism, Sigma Delta Chi, International Press Institute, and the American Association of University Professors.

Frederick M. Ciletti, retired special assistant to the president for governmental affairs, died Dec. 1. He was 63.

A graduate of South Philadelphia High School, Mr. Ciletti received bachelor and master of arts degrees from Penn State in

English literature. In 1950, he joined the faculty at the Penn State Hazleton Campus as an instructor in English. In 1951, he was transferred to the Schuylkill Campus at Pottsville, where he was named assistant director in 1954 and associate professor of English in 1962.

He served as dean of student affairs, dean of the faculty and assistant director for resident instruction before joining the staff at University Park in 1969 as director of Commonwealth Relations in the Office of Governmental Affairs. He retired with emeritus status Dec. 31, 1986, after 36 years of service.

A veteran of World War II, Mr. Ciletti served from 1943 to 1946 with the Army Air Corps. As a radar operator, he saw

service in the southern and western Pacific with the 90th Bombardment Group. Before discharge, he served with occupation forces in Japan.

In 1989, the Alumni Association of Pottsville presented Mr. Ciletti with the Edward G. Fox Alumni Award, and the City Council presented him with the Pottsville Pride Honors Award. In 1988, Mr. Ciletti was presented with the Penn State Lion's Paw Medal for service to Penn State. He was a life member of the Penn State Alumni Association and a member of Our Lady of Victory Catholic Church in State College.

Memorial contributions may be made to Frederick M. and Helen N. Ciletti Scholarship Fund for Worthy Scholars at

the Schuylkill Campus, in care of Office of Gifts and Endowments, The Pennsylvania State University, 108 Shields Building, University Park, Pa. 16802.

Frederick C. Brodzina, plumber-fitter, Physical Plant, from April 13, 1964, until his retirement June 20, 1982, died Nov. 22 at the age of 72.

Frank H. White, agronomy technician, College of Agriculture, from Sept. 19, 1949, until his retirement July 1, 1969, died Nov. 23. He was 85.

James J. Dry, console operator, Applied Research Laboratory, from Jan. 16, 1961, until his retirement July 1, 1980, died Nov. 24 at the age of 68.

Third group of buildings to get into recycling

The third group of University Park Campus buildings will go on-line in the recycling program on Dec. 11.

The buildings are: Agricultural Engineering, Agricultural Administration, Henning, Armsby, Art Education Crafts, Birch Cottage, Borland Lab, Calorimeter Bldg., Credit Union, DGS, Eisenhower Auditorium, Fenske Lab, Ferguson.

From the first group alone, more than 14,000 pounds of paper and more than 2,000 pounds of containers have been collected, according to Phil Melnick, manager of support operations and special programs for the Physical Plant.

Initially, there will be two separations: one for paper and one for containers. The rest will be considered non-recyclable trash and discarded as usual.

Recyclable paper includes white ledger paper (writing, typing and copy), newspaper, computer printout and corrugated cardboard. Containers include clear, green and amber glass, aluminum cans, plastic soda bottles, plastic milk and water jugs, and steel and tin metal cans.

The paper must be dry and not contaminated by food. Also, containers should be rinsed before depositing in the collection boxes.

In offices and classroom buildings, central containers will be located in office areas and corridors. All receptacles will be marked for recyclables.

The janitorial employees and a network of select individuals in each building have had a more detailed orientation, and they will be assisting with the program in their departments.

Additional information on the University Park Campus program is available by calling the Recycling Hotline, (814) 865-8000.

Faculty/Staff Alerts

Courses for employees

The Human Resource Development Center, 319 Rider Bldg., has openings in the following courses. Call the Center at 865-3410 for registration information.

Conflict Resolution Focuses on theories of anger, different reactions to anger, and the implementation of techniques and skills to use in resolving conflicts; meets from 9 a.m. to 4 p.m. Wednesday, Dec. 13; cost: \$55.

Writing and Improving your Resume Learn how to write an effective resume for the job search; meets from 1:15 to 4:30 p.m. Thursday, Dec. 14; cost: none.

Understanding Yourself as a Manager Designed to explore the importance of values, abilities, and attitudes; as well as

management's influence upon the work climate; meets from 9 a.m. to 4 p.m. Wednesday, Dec. 20; cost: \$55.

Essentials of Management An AMA video/workbook program designed for supervisors with first-line management responsibilities, suitable for any supervisor; meets from 8:30 to 11:45 a.m. every Tuesday and Friday, Jan. 9 through 26; cost: \$125.

Oral Communications Offered for employees who seek to improve their verbal effectiveness in areas related to their jobs; meets from 1:30 to 4:30 p.m. Tuesdays, Jan. 9, 16, and 23; cost: \$75.

Intergroup Relations II Includes practical skills to improve interactions with culturally diverse individuals, including staff

new to your work area. Prerequisite: Intergroup Relations I; meets from 9 a.m. to 4 p.m. Wednesday, Jan. 17; cost: none.

Managing Cultural Diversity Practice decision-making related to cultural diversity, and challenge and develop your managerial skills; meets from 9 a.m. to 4 p.m. Monday, Jan. 22; cost: none.

Stress Management Identifies stressors and their effects, and develops an individualized and realistic plan to cope with stress; meets from 9 a.m. to 4 p.m. Wednesday, Jan. 24; cost: \$55.

Penn State operators

Penn State operators will be on the following schedule during the holiday

break:

Dec. 22 to 24 and 26 to 31, 8:30 a.m. to 4:30 p.m.; Dec. 25 and Jan. 1, closed; Jan. 2 will resume normal business hours of 7:30 a.m. to 11 p.m.

Carpoolers

An employee needs a ride from University Park to Scotia Road at 2:30 p.m. Call 234-3749.

Judy would like to carpool from Huntingdon to University Park. Her work hours are 8 a.m. to 5 p.m. Call 865-2505 or 627-3416.

Penn State Downtown Center

Harrisburg center open for visitation

If you are planning a trip to Harrisburg, stop by the University's newest location, the Penn State Downtown Center, to see the facilities available to members of the University community.

The center, which opened in January, is located at 234 N. Third St. and is directly across from the state capitol complex, offering convenient access to legislative offices and governmental agencies.

The 7,000-square-foot facility houses three classrooms, administrative and faculty offices, student intern offices and a regional office for the University's Continuing Education Program. It also provides access to the University Libraries, Pennsylvania State Data Center and the University's computation facilities, according to Nancy Karlik, assistant director of the center.

The center is managed by the Institute of

State and Regional Affairs at Penn State Harrisburg. Its operations are overseen by Robert W. Surridge, associate director of the institute.

Since its opening, the center has hosted graduate-level courses from University Park's graduate program in policy analysis and Penn State Harrisburg's Division of Public Affairs, as well as continuing education workshops and courses.

In addition, the center offers several lecture series on public policy-related issues, including the monthly seminar series on "Perspectives in Economic Development," and publishes a quarterly newsletter, "Dimensions."

Mrs. Karlik encourages faculty and staff members to take advantage of the center's facilities. For more information, call her at (717) 783-0433 (Network 443-0433).

Nittany Lion Inn

The Nittany Lion Inn invites the public to celebrate the season at the "Inn" place on campus by planning to hold holiday office gatherings at the Nittany Lion Inn. The professional staff is available to assist with arrangements for groups from 10 to 300 guests. Call 231-7525 for reservations and information.

The Inn offers its award-winning Holiday Sunday Buffet Dec. 10 and 17 from 11 a.m. to 2:30 p.m., with traditional music and decorations. The customer appreciation Holiday Luncheon Buffet will be served in the dining room from 11:30 a.m. to 2 p.m. Monday, Tuesday, Wednesday and Thursday, Dec. 18 to 21.

Complimentary Wassail Punch will be available in the lobby from 11:30 a.m. to 2 p.m. and from 5 to 7 p.m. during this week. Call 231-7515 for reservations and information.

The Inn also is offering a special holiday "Great Rates" package during the Penn State holiday recess from Dec. 21 through Jan. 1. Single rates start at \$30 and double rates at \$35, depending on availability (plus 6 percent tax). A complimentary continental breakfast will be provided each morning for overnight guests. Call 231-7505 for room reservations and information.

Old Main Frescoes

When the work is completed, no one should even notice that the few stains, nicks and scratches in the Land-Grant Frescoes in Old Main have been repaired.

The job of an art conservator is to restore a work to its original condition.

Manuel Theodore, a conservator of paintings and icons from Baltimore, Md., will retouch the frescoes in Old Main in early December, according to Olga K. Presner, curator of the Palmer Museum of Art. Mr. Theodore does conservation work for the Palmer Museum, the Walter Gallery

in Baltimore and museums in Greece.

The work on the frescoes will involve cleaning stains left by masking, tape, repairing nicks and scratches from general wear and abrasion, and fixing and retouching some losses of paint caused by the detachment of small pieces of plaster and hairline cracks along boundary lines that formed when the fresh plaster was first applied, Mrs. Presner said.

This may be the frescoes' first "facelift," she noted.

Mr. Theodore plans to document his work through photographs and a written report. During the repair, which should

take one day, he will be assisted by the Office of Physical Plant, according to Kenneth Johnson, senior customer service representative who is coordinator for the project.

The frescoes are the work of Henry Varnum Poor (1888-1970). Begun in 1940 and completed in 1949, they were made possible by gifts from the Classes of 1932, 1944, 1945 and 1946 and other contributors. The murals, executed in true fresco, commemorate the signing by President Abraham Lincoln of the Morrill Land-Grant Act of 1862 and the founding of one of the first land-grant schools.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonspecialist have been listed with the University Employment Division for filling.

The brief statements for each vacancy are illustrative. They are not complete position descriptions.

This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applicants for these staff vacancies will be accepted until Dec. 14, 1989. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment practices (FES-1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law), sex or status as a disabled or Vietnam era veteran.

• **Applications Programmer/Analyst, Computer and Information Systems, Management Services, University Park Campus** - Responsible to the designated project leader for conducting analyses of data processing and customer concerns, determining detailed requirements to solve problems, formulating logical diagrams or systems requirements, and preparing computer programs to satisfy desired end results. Requires bachelor's degree, or equivalent, in basic computer system plus one to two years of effective experience in computer programming; and this is a FIXED TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH PROBABILITY OF RE-FUNDING. STAFF GRADE 6.

• **Construction Quality Representative - Mechanical, Physical Plant, Facilities Planning and Design, Hershey Medical Center** - Responsible to the project manager/contract administrator for the inspection of construction projects and day-to-day related coordination and monitoring of work being performed by prime

• **Accounting Assistant, Commonwealth Educational System, University Division of Media and Learning Resources, University Park Campus** - Responsible to the assistant general manager for assisting in various areas of budget preparation and administration, as well as in the preparation of special reports; budget reconciliation; budget reviews, etc., and for assisting in the administration of University financial and business policies and procedures within the University Division of Media and Learning Resources. Requires bachelor's degree, or equivalent, in a business field (preferably accounting) plus one to two years effective experience. STAFF GRADE 5.

• **Senior Research Aide, Agriculture, Horticulture, University Park Campus** - Conduct a wide range of biochemical assays and analyses including enzymatic assays, pigment and metabolite analyses, protein purification steps, etc. Maintain experiments in field, greenhouse and growth chamber studies. Conduct appropriate statistical analyses of data and prepare for presentation or publication. Oversee laboratory equipment maintenance and the ordering of supplies. Requires bachelor's degree or equivalent, in a biological science plus one to two years of effective biochemistry laboratory experience. STAFF GRADE 5.

• **Construction Quality Representative - Mechanical, Physical Plant, Facilities Planning and Design, Hershey Medical Center** - Responsible to the project manager/contract administrator for the inspection of construction projects and day-to-day related coordination and monitoring of work being performed by prime

contractors and their subcontractors at the Hershey Medical Center. Consult with project design professionals to coordinate the work, account for job progress and the dollar amount of work performed on a monthly basis. Requires associate degree, or equivalent, plus two to four years of effective hospital mechanical construction experience at a supervisory level. THIS IS A FIXED TERM POSITION FUNDED THROUGH JUNE 30, 1992. STAFF GRADE 6.

• **Construction Quality Representative - Electrical, Physical Plant, Facilities Planning and Design, Hershey Medical Center** - Responsible to the project manager, contract administration, for the inspection of construction projects and day-to-day related coordination and monitoring of work being performed by prime contractors and their subcontractors at the Hershey Medical Center. Consult with project design professionals to coordinate the work, account for job progress and the dollar amount of work performed on a monthly basis. Requires associate degree, or equivalent, plus two to four years of effective hospital electrical construction experience at a supervisory level. THIS IS A FIXED TERM POSITION FUNDED THROUGH JUNE 30, 1992. STAFF GRADE 6.

• **Project Director, Research and Development, Senior Vice President for Research and Dean of the Graduate School, Ben Franklin Technology Center, University Park Campus** - Responsible to the director for working closely with industries, businesses and universities to develop and manage research activities of the Ben Franklin Partnership Program. Requires bachelor's degree in a technical field or equivalent industrial experience plus four to

five years of effective experience in developing working relationships with industry and/or universities. Moderate amount of travel required. THIS IS A FIXED-TERM POSITION FUNDED THROUGH AUG. 30, 1990, WITH RENEWAL EXPECTED. STAFF GRADE 8.

• **Engineering Aide, Applied Research Laboratory, Keyport, Washington** - Responsible to the project engineer or senior engineering aide for the layout, design, fabrication and construction of standard electronic or mechanical components and equipment. Requires associate degree, or equivalent, plus two to four years of effective experience in the design and fabrication of experimental equipment. Position may require travel on field assignments including assignments aboard ships at sea. U.S. citizenship required. THIS POSITION IS LOCATED IN AND PERMANENTLY ASSIGNED TO KEYPORT, WASH. STAFF GRADE 5.

• **Staff Specialist, Commonwealth Educational System, Planning Studies, University Park Campus** - Duties include establishing and maintaining working relationships with administrators, faculty and staff at the Commonwealth Campuses and in Continuing Education and participating in development of survey instruments and procedures. Requires bachelor's degree, or equivalent, in the social sciences plus three to four years of effective experience in an applied research environment or a master's degree, or equivalent, plus one to two years of effective experience and excellent research and writing skills. STAFF GRADE 6.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

University accepts Big Ten Conference invitation

Presidents of the Big Ten universities have agreed in principle to extend an invitation to Penn State to join the Big Ten athletic conference.

The Big Ten will initiate a process involving men's and women's faculty representatives and athletics administrators to resolve in cooperation with Penn State officials scheduling, financial and other issues related to Penn State's membership in the Big Ten Conference. The results of this process will be reported to the Big Ten's Council of 10 for final implementation.

Stanley O. Ikenberry, president of the University of Illinois and chair of the Big Ten's Board of Directors, announced the decision Dec. 19. The Big Ten presidents considered Penn State's membership at their semi-annual meeting Dec. 10-11 in Chicago. The proposed Big Ten expansion does not call for any present member institution to drop out of the Conference.

"We are delighted," Dr. Ikenberry said. "It will be a natural and positive expansion. From an academic standpoint, Penn State is comparable in quality and character to our member universities. Big Ten universities are recognized as among the best in the country and Penn State would add even further to our academic stature."

Dr. Ikenberry noted that Penn State, over the years, has conducted fine athletic programs.

"The Penn State tradition of integrity in athletics will enable our Conference to become an even stronger leader in the movement to reform intercollegiate athletics," he said. "Big Ten universities believe fundamental changes need to be made, and we welcome the strength Penn State will bring to this effort."

Dr. Ikenberry said Penn State's membership in the Association of American Universities also is significant. All Big Ten universities are members of the prestigious group, and its membership is limited to America's 56 leading research universities, plus two Canadian research universities.

The addition of Penn State would mark the first change in the Big Ten's membership since Michigan State joined in 1949.

"We're delighted with this new affiliation with what many academicians consider to be the finest public universities in America, as well as one of the leading private institutions, Northwestern," President Jordan said. "Penn State is ranked, as well, as one of the nation's leading public research universities, and it makes good

Participating in a press conference to announce Penn State's invitation to join the Big Ten Conference were, from left, James E. Delaney, Big Ten commissioner; Stanley O. Ikenberry, chair, Big Ten Board of Directors; President Jordan; Jim Tarmen, director of athletics; and Roger Williams, executive director, university relations.

sense to affiliate athletically as well as academically with institutions of similar academic mission and stature."

Penn State will honor its contractual

commitments to other institutions and associations of which it is a member. "Penn State is a strong academic

(Continued on page 3)

Martin Luther King Jr. activities, programs planned

The University Park Campus will celebrate the birthday of the Rev. Dr. Martin Luther King Jr. with six days of activities and programs starting Jan. 14.

On Sunday, Jan. 14, the Penn State Association of Black Journalsists will sponsor a free showing of the film "Eyes On The Prize" from 2-4 p.m. in Carnegie Building. A discussion will follow the film.

On Monday, Jan. 15, at 2:30 p.m. students and local community members will sponsor a commemorative march from Grace Lutheran Church, Garner and Beaver Ave., to Eisenhower Auditorium.

At 4 p.m., the University will conduct its Universitywide Dr. Martin Luther King Jr. Convocation featuring a video presentation and Eleanor Holmes Norton as keynote speaker. At 6 p.m. the Forum on Black Affairs at Penn State will hold its 12th annual Dr. Martin Luther King Jr. Memorial Banquet.

Tuesday, Jan. 16, will feature a brown bag lunch panel discussion, from noon to 1 p.m. in the HUB Gallery, titled "The Civil Rights Movement: How Far Have We Come." The event is sponsored by Penn State's Martin Luther King Planning

Committee

Also, sponsored by the University's Martin Luther King Planning Committee, from noon to 1 p.m. in the HUB Fishbowl and Kern Graduate Building lobby simultaneously will be Noon Hour Performance Celebrations daily through Friday. Tuesday's performances in Kern Graduate Building will feature vocal talents of Evelyn Ellis and Brad Townsend on piano performing "If You Believe." and Craig Wallace reciting Martin Luther King readings. The HUB performance will feature United Soul Ensemble and NOMMO Theatre Company.

At 7 p.m. Tuesday, the film titled "The Meeting: Dr. Martin Luther King Meets Malcolm X," will be shown free of charge in Schwab Auditorium. The event is sponsored by the Paul Robeson Cultural Center.

Wednesday will feature Noon Hour

Performance Celebrations with Andrianna Todd on Flute in Kern Graduate Building and United Soul Ensemble and NOMMO Theatre Company in the HUB. At 6:30 p.m. WPSU FM 91.1 radio show "Perspectives" will feature "King: The Forgotten Years 1963-68," with guest Dr. Thomas Poole, director of religious affairs. Thursday, Noon Hour Performance Celebrations will feature Myrna Munchur-Bullock performing African and modern dances in Kern Graduate Building and Craig Wallace performing Martin Luther King readings in the HUB.

At 7:30 p.m. Thursday, a panel discussion titled, "Anti-Bias Parenting and Teaching: Preparing Our Children to Live in a World Free of Bias," will be held in the HUB Fishbowl. Sponsored by the Centre County Association for the Education of Young Children, State College Area School

20	University of Pennsylvania	159,218,000

Penn State ranked nationally in research and development

Penn State ranks 10th among public research universities and 15th among all universities, colleges and other non-profit organizations in total science and engineering research-and-development spending, according to recently released National Science Foundation figures.

In fiscal 1988, the University spent more than \$188.4 million for research and development in science and engineering. The previous year (fiscal 1987), Penn State had \$165.8 million in total research expenditures and ranked 17th nationally.

"These figures reflect the commitment to research by Penn State's outstanding faculty," Charles Hosler, senior vice president for research and dean of the Graduate School, said.

"The basic and applied research at Penn State will lead to new products, new industries, new jobs, improved lives and untold benefits for the citizens of the Commonwealth and the nation," Dr. Hosler added.

Johns Hopkins University was first in spending with more than \$557 million. Stanford University was second with more than \$277.5 million and Cornell University third with more than \$271.6 million spent. Other Pennsylvania institutions ranked in the study are: University of Pennsylvania, 20th with \$159.2 million; University of Pittsburgh, 43rd with \$98.6 million, and Carnegie Mellon University, 45th with \$94 million.

Focus on Diversity

WPSX will televise special King programs

In honor of Martin Luther King's birthday, *A Celebration of Martin Luther King* will be broadcast live on WPSX-TV, Channel 3, and the PENNARAMA Channel at 4 p.m. Monday, Jan. 15. The program, originating from Eisenhower Auditorium, will feature Eleanor Holmes Norton along with a look at Dr. King's life through words and music.

At 10 p.m. Monday, the first program in the second season of public television's eight-part series *Eyes on the Prize II: "The Time Has Come (1964-65)"* will be featured on WPSX-TV. The premiere program reveals a new ideology within the civil rights movement and the insistent call for power as it gains popularity among black Americans. Malcolm X also takes an eloquent nationalism to urban streets as a younger generation of black leaders listens.

Martin, airing at 10 p.m. Wednesday, Jan. 17, is an original, five-movement ballet composed by Gordon Parks as his personal tribute to Martin Luther King Jr. To evoke the spirit of this American leader, the multitalented Parks has created a ballet capturing the significant moments in King's life, from his march on Selma to his incarceration in Birmingham to his assassination. He also introduces the ballet in a documentary segment, which includes his own photographs from that tumultuous period.

John Jones portrays Martin Luther King in a ballet tribute by Gordon Parks.

College appoints women, minorities

Twelve of the 23 faculty newly appointed as tenured or tenure-track faculty in the College of the Liberal Arts are women, minority, or both, according to Hart M. Nelsen, dean of the college.

"These figures, together with last year's, when 60 percent of the new appointments were women, minority, or both, represent the strong commitment of the College of the Liberal Arts to building a more diverse environment for students," Dr. Nelsen said.

"These faculty are not only providing important role models in the classroom for Penn State students, but also bring new approaches to research that are having a significant impact within the traditional liberal arts disciplines."

The newly appointed minority faculty members include a senior appointment, Raymond F. Fleming, professor of comparative literature and Italian, who came to the University from Miami University where he had been a faculty member since 1980. While on the faculty at Miami University, he served as assistant and later associate dean for graduate studies and research and associate dean for admissions.

Dr. Fleming, who received his Ph.D. degree from Harvard University in 1976, is a widely published poet in English and Italian. His book, *Kauls, Leopardi, and Holderlin*, appeared in 1987.

He joined the University faculty after having been appointed a Visiting Scholar in 1988. This Summer Session program for minority scholars provides support for research or teaching during a summer residency at a Penn State campus.

A Ray McCoy, named assistant professor of labor studies and industrial relations, previously was coordinator of minority programs in the college. Dr. McCoy believes that Liberal Arts has been successful in attracting a more diverse faculty because the commitment to this goal has been made by individual departments where hiring decisions are made. "There has to be leadership and resources from the University's administration, but the commitment has to be carried out at the department level," he said.

"One of the reasons it is important to make sure we have significant numbers of minority and women faculty is because we are working to build an increasingly diverse student body," he added. "We have the challenge to be able to offer instruction on issues relevant to them."

"For example, I am offering, along with Dr. Michael Johnson in sociology, a new course, *Racism and Sexism*. There has been an overwhelming amount of interest in this course from students in Women Studies and Black Studies, but many other students have enrolled who are neither female nor minority."

"All students benefit from the addition of such courses, just as they benefit from the experience of living and learning with a wider spectrum of students. As we attract students with diverse interests we have a growing need for a diverse faculty to respond with a more varied curriculum."

Diversity Opportunities Calendar

Friday, Jan. 12

Penn State Delaware County, 11:30 a.m. Athletics Center/Commons Building. Randall Robinson, keynote speaker, will commemorate the birthday of Martin Luther King Jr.

Sunday, Jan. 14

Penn State Association of Black Journalists, 2 to 4 p.m. Carnegie Building. Film, "Eyes on the Prize," and discussion.

Monday, Jan. 15

Black Caucus and town/gown community, 2:30 p.m., Grace Lutheran Church, State College. Student/community march to Eisenhower Auditorium to commemorate the birthday of Rev. Dr. Martin Luther King Jr.

Office of the President, 4 p.m.

Eisenhower Auditorium. Universitywide 1990 observance of Rev. Dr. Martin Luther King Jr.'s birthday. Convocation, featuring a video presentation and Eleanor Holmes Norton, Georgetown University professor of law, as keynote speaker.

Forum on Black Affairs, 6 p.m., HUB Ballroom, 12th Annual Dr. Martin Luther King Jr. Memorial Budget.

Tuesday, Jan. 16

Penn State Martin Luther King Planning Committee: noon, HUB Gallery. Brown bag lunch-panel discussion on "The Civil Rights Movement: How Far Have We Come," moderated by Nyesha Taliaferro.

— noon, Kern Graduate Building, Martin Luther King Noon Hour Performance Celebrations featuring Evelyn Ellis, vocal, and Brad Townsend, piano, performing "If You Believe," and Craig Wallace, Martin Luther King readings.

— noon HUB Fishbowl, Martin Luther

King Noon Hour Performance Celebrations featuring United Solo Ensemble and NOMMO Theatre Company.

Paul Robeson Cultural Center, 7 p.m., Schwab Auditorium. Film, "The Meeting: Dr. Martin Luther King Meets Malcolm X."

Wednesday, Jan. 17

Penn State Martin Luther King Planning Committee: noon, Kern Graduate Building. Martin Luther King Noon Hour Performance Celebrations featuring Andrianna Todd, flute.

— noon, HUB Fishbowl, Martin Luther King Noon Hour Performance Celebrations featuring NOMMO Theatre Company.

WPSU, 9:11 PM, "Perspectives," 6:30 p.m., "King: The Forgotten Years 1963-68," Guest: Thomas Poole: radio/talk.

Thursday, Jan. 18

Penn State Martin Luther King Planning Committee: noon, Kern Graduate Building. Martin Luther King Noon Hour Performance Celebrations featuring Myrna Muncher-Bullock performing African and modern dances.

— noon, HUB Fishbowl, Martin Luther King Noon Hour Performance Celebrations featuring Craig Wallace. Martin Luther King readings.

Centre County Association for the Education of Young Children, 7:30 p.m., HUB Fishbowl. Panel discussion on "Anti-Bias Parenting and Teaching: Preparing our Children to Live in a World Free of Bias," moderated by W. Terrell Jones.

Friday, Jan. 19

Penn State Martin Luther King Planning Committee: noon, Kern Graduate Building. Martin Luther King Noon Hour Performance Celebrations featuring musical

group Boriken with Puerto Rican Folklore Dancers.

— noon, HUB Fishbowl, Martin Luther King Noon Hour Performance Celebrations featuring Avaris Terry, French horn; Andrianna Todd, flute, and Lynn Koval, piano, "Spirituals."

Exhibit

Black Studies Room, Pattee Library, "Civil Rights Leaders: Where are They Now?" through Jan. 31.

Freeland honored

Raquel Freeland, coordinator of minority student services in the College of Education, was honored during Puerto Rican Awareness Week, Nov. 13-17, for her dedication to the minority students of Penn State.

Horst von Dorpowski, assistant to the dean of education, on behalf of acting dean Robert F. Nicely, presented Ms. Freeland an inscribed copy of the Penn State viewpoint, *For The Glory*.

"It is with great pleasure that I represent the college in commending Raquel for her efforts to make Penn State a better place for all students," Dr. von Dorpowski said. "We in the college are most appreciative of, and thank her for, her extraordinary dedication and energy."

Puerto Rican Awareness Week, sponsored by the Penn State Puerto Rican Student Association, involved five days of activities, including seminars, music, food, dancing, and movies, all designed to heighten the University community's awareness of the Puerto Rican culture.

Penn State attracted 2,139 international students from 114 countries during the fall 1989 semester. The Office of International Programs reports.

"Our international students have been and continue to be an important part of Penn State," W. LaMarr Kopp, deputy vice president for international programs, said. "We are proud that scholars of diverse backgrounds from around the globe come to study and share their experiences with us."

Penn State's international student enrollment has rapidly grown from 1,715

in 1986 to top the 2,100 mark in both 1988 and 1989. Dr. Kopp added.

The majority of international students who attended Penn State in the fall were located at University Park. Across all Penn State locations, 72 percent were male and 28 percent female.

Eighty-one percent were full-time graduate students. They made up 40 percent of all full-time graduate students at all University locations.

Taiwan was the homeland of 397 students — more than any other country represented. Other top five countries were

the People's Republic of China (304), India (277), Korea (196), Japan (100), Germany (60) and United Kingdom (60).

The largest group was enrolled in the College of Engineering (600), followed by the College of Science (311), the College of Earth and Mineral Sciences (222), the College of the Liberal Arts (203) and the College of Business Administration (152).

Not included in these figures are international students considered permanent residents of the United States and the nearly 600 visiting scholars who come to Penn State each year.

2,139 international students from 114 countries enrolled

King programs

(Continued from page 1)

District and Penn State, the program will be moderated by Dr. W. Terrell Jones, associate director of campus life. Panel members will include Rabbi Jeffrey Eisenstat, Brit Shalom of State College and Interfaith Coalition Affirming Diversity faith communities chair; Molly Jackson, early education graduate assistant and Cedar Daycare teacher; Richard Kiser, a recent Penn State master's degree recipient in special education who studied stereotypes of Native American and individuals with physical differences; Sharlene Marbury, Penn State Bookstore trade book specialist; and Leigh O'Brien, early childhood education doctoral candidate.

Friday, Noon Hour Performance Celebrations will feature musical group Boriken with the Puerto Rican Folklore Dancers in Kern Graduate Building and Avaris Terry on French horn, Andrianna

Todd on flute and Lynn Koval on piano for "Spirituals."

Bookshelf

Robert R. Edwards, professor of English, is the author of *The Dream of Chaucer, Representation and Reflection in the Early Narratives*, published by Duke University Press.

The Dream of Chaucer analyzes the early narrative poems in which Chaucer both polished his technical skill as a writer and addressed the latest aesthetic questions that his poetry posed.

Dr. Edwards shows how Chaucer developed a poetic art concerned equally with narrative representation and self-conscious poetic speculation.

He says that Chaucer, in the sequence of his early poetry, turns from the highly formalized conception of poetic art promulgated by late medieval French writers toward a substantive understanding of poetry as a ground of moral speculation and a means of authentic knowledge.

Penn State's football program, classified as independent, is associated with the College Football Association. A number of its other varsity sports, including men's and women's basketball, are currently affiliated with the Atlantic-10 Conference.

The Nittany Lions are defending NCAA women's lacrosse champion. The men's fencing and volleyball teams placed second and third respectively in last year's NCAA championships. Penn State is the defending Atlantic-10 Conference champion in men's cross country, men's soccer and men's golf, as well as women's volleyball, women's gymnastics and women's tennis. The Lions have captured a total of 40 Atlantic-10 championships during the term of its conference affiliation, which dates from 1979 in men's sports and 1982 in women's sports.

"An affiliation with the Big Ten Conference would create many exciting and challenging possibilities for Penn State athletics," Jim Tarmar, director of athletics, said. "It is a group of institutions whose athletic and academic missions are similar

Nominations for president are invited

The University invites applications and nominations for the position of President. The corporate authority for the management and governance of the University is vested by charter in the Board of Trustees. The President serves as the chief executive and educational officer of the University and is responsible to the Board of Trustees.

Penn State is Pennsylvania's land-grant University dedicated to providing comprehensive programs in instruction, research, and public service. The University has a full-time faculty of approximately 4,000 and a student enrollment of approximately 70,000, of whom 38,000 are enrolled at the University Park Campus. An additional 32,000 students are enrolled at the University's 22 other campus locations including The Milton S. Hershhey Medical Center. The current annual operating budget is \$1.2 billion dollars.

Candidates for this position should have a broad understanding of academic

institutions; executive experience and proven leadership capacity; understanding and support for the University's multiple missions; evidence of experience in fiscal management; and the ability to attract human and financial resources to the University. This position will be available on Sept. 1, 1990.

The Search and Screen Committee will review applications and nominations beginning immediately, and will continue to receive them until a candidate is selected. Nominations and applications, preferably accompanied by a resume or equivalent information, should be mailed to: Thomas L. Merritt, Chairman, University Presidential Search and Screen Committee, 205C Old Main, Box DC, University Park.

The University is an affirmative action, equal opportunity employer. Women and minorities are encouraged to apply.

Big Ten

(Continued from page 1)

institution with world-renowned capabilities," Big Ten Commissioner James E. Delany said. "It also is committed to a broad-based athletics program, and it sponsors a large number of varsity sports for both men and women students."

Penn State enrolls 37,600 students at its University Park Campus. Total enrollment for all 22 campuses in the Penn State system is approximately 70,000 students.

The University sponsors a total of 28 men's and women's varsity sports. Men's sports are basketball, baseball, fencing, indoor track and field, outdoor track and field, cross country, golf, tennis, swimming and diving, gymnastics, lacrosse, soccer, wrestling, football and volleyball. Women's sports are basketball, softball, fencing, indoor track and field, outdoor track and field, cross country, golf, tennis, swimming and diving, gymnastics, lacrosse, field hockey and volleyball.

and whose sports programs parallel ours in both size and scope.

"We have certainly enjoyed our association with the Atlantic-10 Conference and the other various leagues in which Penn State is a participant," Mr. Tarmar added. "Our independent status in football, and the rivalries we've had in the East and across the country, have been satisfying and rewarding. As we plot the future direction of Penn State athletics, however, joining the Big Ten Conference represents the kind of bold, positive step that would bring new energy and commitment to our total program."

Penn State becomes the 11th member of the Big Ten, which was founded Feb. 8, 1896, with seven members, including the University of Chicago.

The other six original members (with current student enrollments at their main campuses in parentheses) are the University of Illinois (35,032), the University of Michigan (35,845), the University of Minnesota (45,000), Northwestern University (15,700), Purdue University

(35,817) and the University of Wisconsin (43,641).

Indiana University (33,220) and the University of Iowa (30,000) joined three years later, followed by Ohio State University (53,879) in 1912. The University of Chicago withdrew from the Conference in 1946. Michigan State (42,695) joined the Big Ten in 1949.

The Big Ten was incorporated as the Big Ten Conference Inc. in September 1987.

Since its founding, the Big Ten has been known by several names, including the Intercollegiate Conference of Faculty Representatives, the Western Conference and the Big Nine. The name and logo of the Big Ten is a registered trademark.

Obituary

Ivy A. Hart, food production worker, Altoona Campus, from Sept. 14, 1970, until her retirement May 2, 1982, died Dec. 2 at the age of 70.

News in Brief

Give blood

The Centre Communities Chapter of the American Red Cross is conducting three bloodmobiles at University Park in January. Start the new year right by becoming a regular blood donor.

The January campus bloodmobile schedule is: Jan. 11, 101 Kern, 10 a.m. to 4 p.m.; Jan. 16, Robeson Center, noon to 5 p.m.; Jan. 24 and 25, HUB, 10 a.m. to 4 p.m.

Giving blood takes about an hour, and this includes the mini-physical and refreshments afterwards. There is a serious shortage of type O blood this month, but all types are needed.

Fitness classes

The Recreational Sports Office is offering a number of fitness classes for faculty and staff during Spring Semester 1990. Among those being offered are water exercise classes. Aquatone classes involve muscle toning exercises using the water for resistance. Aqua-aerobics concentrates on improving cardiovascular fitness and flexibility through aerobic movements without the impact of land aerobics.

In addition to the class fee, a semester pool pass must be purchased. The pass costs \$30 and entitles you to swim at the White Building and Natatorium pools throughout the semester.

The 60+ Shape-Up class will hold an informational meeting at 5:30 p.m. Monday, Jan. 15 in Room 106 White Building. Advance registration is not required.

For information on other classes being offered, schedules and registration, call Patti Kenney at 865-5401.

IBM Displaywrite word processing

All clerical staff members will be receiving a questionnaire from the University users' group for IBM Displaywrite 4 word processing software. The purpose of the questionnaire is to identify additional Displaywrite users' needs and to help plan for activities in 1990.

A users' group was formed three years ago to provide support for new and experienced users to learn and share their knowledge about this word processing software for administrative computing users, according to Management Services, which recommends the software.

Management Services staff encourages clerical staff to participate in the survey and to take advantage of the users' group to become more familiar with the software's capabilities.

Education Abroad Programs

Academic units intending to propose a credit-bearing education abroad summer program are invited to submit a pre-proposal to the Office of Education Abroad Programs by March 1 of the year prior to the desired running of the program.

Pre-proposal guidelines are available from the Office of Education Abroad Programs at 222 Boucke Building, 865-7681.

Pre-proposals are reviewed by the

OEAP academic officer before going to the Education Abroad Advisory Committee for review and possible revision or clarification. After final endorsement by the EAAC and approval by the deputy vice president for international programs, the new program is administered by the Keller Conference Center.

In providing guidelines for faculty, the OEAP hopes to make more summer education abroad opportunities available to a wider range of University students.

Women's Alliance meeting

Nancy Tischler, director of Summer Sessions, will discuss "Images of Women in Recent American Literature" at a meeting of the Women's Alliance from 4:30 to 6 p.m. Thursday, Jan. 18, in the Community Room of Schlow Library, State College.

Dr. Tischler, an expert on Tennessee Williams and the southern literary tradition, is author of numerous articles, book chapters, and eight books, the most recent of which is *A Voice of Her Own*.

The Women's Alliance provides opportunities for community and campus-affiliated women to meet on a regular basis for discussion, networking and advocacy activities that expand knowledge, improve skills, and enhance careers. Membership is open to female faculty, staff and students from Penn State as well as non-University women throughout the Centre Region.

For more information contact Deborah Klevan, 865-7679.

Academic computing meeting

For the purposes of strategic planning for academic computing, an open meeting will be held at 2 p.m. Monday, Jan. 19, in Room 141, Computer Building at University Park, with members of the Faculty Advisory Committee on Academic Computing and the staff of the Center for Academic Computing with interested faculty and staff.

Purpose of the meeting is to solicit recommendations as to the future of academic computing at Penn State.

Charter reactivated

The Statistics Department in the College of Science has announced that the American Statistical Association's (ASA) State College chapter is reactivating its charter. One of the chapter's aims is to bring together University and community people who work with statistics but may not know of others with similar interests.

The chapter's first meeting will be held at 2 p.m. Friday, Jan. 26, in 101 Kern Graduate Building. After a short business meeting, there will be a panel discussion titled "Beware! Longitudinal Studies."

Membership in ASA is not necessary in order to join the local chapter. To be included on the chapter's mailing list, contact Janice Derr, chapter secretary, at 201 Pond Laboratory, 865-3541.

New Pennsylvania atlas offers plenty of information

Do you need, or want to locate all the shopping malls in Pennsylvania, discover where all the breweries are, pinpoint the factory outlet stores or find a last minute holiday gift for a business associate?

All this and more can be found in *The Atlas of Pennsylvania*, newly published by the Temple University Press and compiled by five editors from Temple, Penn State and the University of Pittsburgh with the help of a great number of experts from around the state.

"We hope readers will browse through this atlas, consult it like a telephone directory and even read it for pleasure," Wilbur Zelinsky, professor emeritus of geography, said.

The natural environment, resources, peoples, economy and history are completely covered by maps, tables, illustrations and text that explain complex relationships in a county by county breakdown. New residents can learn more about Pennsylvania by briefly riffling the pages of this book than by weeks of studying in other documents.

Information on senior citizens share-ride systems, public transportation and hospitals, among other things, can help readers decide where in the state they would like to retire.

Political preference by county, the location of major shopping centers, presence of little league clubs and religious distributions could have an important influence on where people decide to settle in the Keystone state.

Businesses will find the atlas a valuable tool either in deciding to locate in Pennsylvania or in expanding their areas of influence. Included in the work are details of the road systems, trucking, water, rails, buses and air travel. The locations of post offices, satellite transmission facilities, fiber optic networks, cable television systems and units of major hotel chains can also be valuable assets for businesses.

"This is perhaps the first time a banking

"The Atlas of Pennsylvania" was introduced at a press conference in Harrisburg by, from left, Gov. Robert Casey, Wesley W. Posvar, president, University of Pittsburgh; Peter J. Llacouras, president, Temple University; and President Jordan.

system has been mapped," said Dr. Zelinsky, referring to the information presented on savings and loan institutions and commercial banks.

Special sections on Philadelphia and Pittsburgh can help city residents explore their near environs and find the places and events they previously missed. Choosing a vacation destination outside the city is made easier by information on hiking, amusement parks, skiing and water

recreation. A listing of festivals and events by season and type is a helpful addition to any vacation planner's resources.

The atlas can be just plain fun, Dr. Zelinsky noted. It may not be necessary to know where all the breweries in the Commonwealth are, but who can resist comparing their locations to some of Pennsylvania's 2,300 minor civil divisions where either beer or hard liquor are restricted.

The University's Bioprocessing Resource Center and the Pennsylvania Department of Commerce have announced the creation of the Pennsylvania Biotechnology Association, a new group linking Pennsylvania organizations active in biotechnology.

"PBA, established by the Penn State Bioprocessing Resource Center, will be instrumental in placing Pennsylvania at the forefront of the developing biotechnology industry," Jean E. Brencley, director of Penn State's Biotechnology Institute, said. The BRC is one of nine Industrial Resource Centers supported by the Commonwealth through the Pennsylvania Department of Commerce.

"The development of this new association is one of the many ways in which our Industrial Resource Centers are responding to the needs of Pennsylvania manufacturers," Raymond R. Christman, Pennsylvania Secretary of Commerce, said.

"PBA will encourage cooperation among the biotechnology companies to solve shared problems, improve legislative understanding of biotechnology issues and help educate the public about the industry."

PBA's goal is to help Pennsylvania companies succeed in the competitive, rapidly changing field of biotechnology. The association will provide members with a network of biotechnology resources across the state.

After a quick glance at the populations density map, no one could miss seeing that the state is very empty above the Route 80 line, and after a look at the satellite photo map of the Appalachians, it's easy to comprehend the rippled topography of the range.

Modern and comprehensive as *The Atlas of Pennsylvania* is, the reader also will remember the graphics and the maps. Extensive use of cartography explains and simplifies data. Maps are small and repetitive for demographic information. They fill a full spread for more detail or are cut up into sections for reference at the back of the book.

Recognizing the importance to economic development, the Commonwealth of Pennsylvania, the three research universities, private industry and foundations contributed more than \$636,200 to help publish the atlas. Nearly two thirds of the funds were contributed by industry, foundations and the universities.

The atlas' five editors were Dr. Zelinsky, and Ronald F. Abler, professor of geography, Penn State; Edward K. Muller, associate professor of history, University of Pittsburgh; and David J. Cuff and William J. Young, associate professors of geography and human studies, Temple University.

"Publication of *The Atlas of Pennsylvania* is an exceptional event, not only because it is the first atlas of Pennsylvania worth mentioning, but because it may be the best state atlas anywhere in terms of comprehensiveness, quality and design," Dr. Zelinsky said.

The Atlas of Pennsylvania will undoubtedly find its way into every library and school in the Commonwealth, but it will also find a place in many homes and businesses. Besides covering all the usual state topics assigned by grade school teachers, the atlas contains information for residents, businesses and potential residents.

Biotechnology association established

Administrative Fellows applicants are being sought

The Office of the President is requesting applications and nominations for the Administrative Fellows Program for 1990-1991. Two fellows are sought: one to serve under the mentorship of William Richardson, executive vice president and provost of the University and the other under Steve Garban, senior vice president for finance and operations.

The Administrative Fellows Program provides career development opportunities for women and minority faculty and staff to gain skills and experience at the senior level of administration.

By serving under the mentorship of a senior level administrator, Fellows who are seeking to develop the background necessary to compete at the higher levels of administration will have an opportunity to broaden their perspective and experience in higher education administration. The experience is designed to allow Fellows to become more effective in their positions within the University and to provide a base for them to consider more advanced positions at a later time in their career.

Objectives of the program include:

- To identify women and minorities who have shown potential for effective leadership.

- To increase the Administrative Fellows' awareness of the complexity of issues facing higher education and to enhance their understanding of the environment in which decisions are made.

- To provide opportunities for Administrative Fellows to participate in a wide range of decision-making processes, learning activities, and program management so that they will be better equipped to handle the challenges of higher education administration upon completion of the fellowship.

- Although the successful completion of the program does not guarantee appointment to an administrative position at the University, persons who complete the program will increase the pool of qualified women and minorities interested in University administration.

The selection criteria for Fellows are: Must hold a full-time faculty or staff

appointment; should have demonstrated success in their current position and demonstrated interest in an administrative career; should show evidence of leadership experience and decision-making ability; should be able to relate effectively with students, faculty, and staff, and have an understanding and appreciation of cultural, ethnic and individual differences; should be willing to accept a wide variety of assignments.

Women and minorities meeting these qualifications at all University locations are strongly urged to apply. The successful candidate will be placed on leave of absence from her or his current position and continue to receive a regular salary. The starting dates of each fellowship may vary depending on the office and the Fellow's commitments.

The successful Administrative Fellow will develop a learning plan, in consultation with either Executive Vice President Richardson or Senior Vice President Garban, which will outline activities for the year. The principal guiding concept of the

learning plan is that theory and practice will blend in contacts between the Fellow and personnel at all levels of administration at the University and will provide a basis for engaging in problem solving and decision-making activities.

The Fellows program is competitive and a screening and interview committee will recommend candidates to Dr. Richardson and Mr. Garban. Serving on the committee will be a representative from the Commission for Women, representatives from the offices where the Fellows will be placed, one of the past Fellows, and a representative of the Office of Human Resources.

Applications for the Administrative Fellows Program are available from Robert Kidder, of the Office of Human Resources. Applications should be returned to Office of Human Resources, Box 6, Rider Building, as soon as possible but no later than March 1.

Persons interested in more information may call Mr. Kidder at 863-4600.

University ranks first in Fulbright scholarships

The University ranks first in the nation in the number of Fulbright scholarships; its faculty members have received for 1989-90.

"I am very pleased to see this dramatic showing by our faculty," W. LaMar Kopp, deputy vice president for international programs, said. "Our first-place ranking reflects Penn State's commitment to promoting interactions with partner institutions and colleagues in other countries."

"Fulbright scholarships offer faculty and staff the opportunity to internationalize their experience and to help students broaden their understanding of other cultures."

Fulbright scholars are selected on the basis of academic and professional qualifications, as well as their ability and willingness to share ideas and experiences with people of diverse cultures.

Of Penn State's 17 Fulbright scholars, 10 are at the University Park Campus and one is at the Worthington Scranton Campus. The University of California at Berkeley ranked second with 13 Fulbright scholars.

The University of Wisconsin at Madison ranked third with 12. Boston University, the University of Illinois-Urbana-Champaign and the University of Minnesota ranked fourth with 11 each. The University of New Mexico and the University of Texas

at Austin have nine Fulbright scholars.

The University of California at Davis, the University of Indiana, the University of Oregon, the University of Washington and the Virginia Polytechnic and State University all have eight fellows.

Cornell University, George Washington University and the University of Alabama each have seven, and the University of Michigan has six.

The Council for International Exchange of Scholars reported that nearly 1,000 scholars, academics and professionals have received awards under the Fulbright Scholar Program to travel, lecture, consult and conduct research abroad. The council, an

affiliate of the American Council of Learned Societies, cooperates with the U.S. Information Agency in administering the Fulbright program.

Established in 1946 under congressional legislation introduced by former U.S. Sen. J. William Fulbright of Arkansas, the program is designed "to increase mutual understanding between the people of the United States and the people of other countries."

Elizabeth Smith, academic officer for Penn State's Education Abroad Programs, is the University Fulbright adviser.

Pollock Library open 24 hours a day on trial basis

University Park students can now study all day, all night, all semester. On Jan. 8, Pollock Library was opened to students 24 hours a day on a trial basis for the Spring Semester.

"The Undergraduate Student Government initiated the request and worked very effectively with our staff and University administration to make the library opening a reality," Nancy Cline, dean of University Libraries, said.

"USG President Janyne Althaus and other student leaders approached us with a well-reasoned proposal, met with safety and security staff and worked with budgeting officers to secure special funding from the Office of the President. Their initiative and cooperation have been a model of successful student action."

"Study space and library time are very tight for

students who work and carry a heavy academic load," Ms. Althaus said. "The Undergraduate Student Government and other student groups on campus have been working toward the 24-hour library opening for some time, and we are very pleased to have this available now."

"Safety was one of our biggest concerns. We needed one central place where students could feel safe studying instead of being isolated in empty classrooms across campus."

Pollock Library, with more than 30,000 volumes, was chosen because it is a full-service library and is located near residence halls easily accessible by bus and car. With improvements to internal and external lighting and other safety measures, it has been made more secure and can be patrolled easily by campus police. The

library also is easily accessible to the handicapped.

Cordelia Swinton, acting chief of access services for the Libraries, said the circulation desk will be staffed, and students will have access to periodicals, newspapers, a photocopier and pay typewriters. A campus phone will be available to call the student escort service, and parking is available in front of the library and behind Eisenhower Auditorium. Users will be asked for Penn State identification.

Only the first floor will be open, although library staff will access other parts of the collection as time permits. Of special interest to students during finals is a faculty supported file of sample exams.

"We also offer 'Dial Access,' a telecommunications service of faculty lectures and class discussions," she said.

Bookshelf

The U.S. Health System: Origins and Functions, third edition, co-authored by **Marshall W. Raffel**, professor of health policy and administration, with Norma K. Raffel, has been cited by the Resource Center of the American Hospital Association as one in a group of 34 books most appropriate "to help individuals and librarians select and build collections that meet the information needs of health care administrative personnel."

The core list of 34 books, recommended for first selection, was part of a larger list of 147 "major authoritative works in health care administration" cited by the Association's Resource Center.

Among the 147 authoritative works cited was another book edited by Dr. Raffel, *Comparative Health Systems*, an internationally praised volume containing descriptive analyses of 14 national health systems, published by the Penn State Press and now in its third printing.

The list of recommended books, and

singing out the 34 most appropriate for first purchase, was prompted, the Resource Center said, by "the proliferation of publications directed at health care administrators, planners, researchers, educators, and students."

Thomas E. Daubert and Ronald P. Danner, professors of chemical engineering, are the authors of *Physical and Thermodynamic Properties of Pure Chemicals. Data Compilation*, a comprehensive collection of the most accurate, pure component data for 1,000 chemicals important in industry. The book is a compilation of recommended data and correlation methods and will be used in all facets of the chemical industry, including research, design and production. It presents the best values available for pure component property data, collected and evaluated with advanced computer methods over a 10-year period, according to Dr. Danner.

Produced in loose-leaf form, the book will be updated regularly to keep up with new discoveries in the field. It currently contains more than 900 compounds and

will expand in several steps to include 1,500 compounds.

The work also is available in computer format for both microcomputers and mainframe through the National Institute for Science and Technology and the worldwide Chemical Abstracts system.

United Way contributions set new record

Voluntary contributions to United Way by University Park administrators, faculty, and staff reached an all time high of \$188,033.90. This represents \$23,533.90 more than the goal of \$164,500 and an increase of 15 percent over 1988's total.

The success of the University Park campaign this year can be attributed to several factors, says William C. Richardson, executive vice president and provost of the University, and chairman of the 1989 University Park campaign.

"The commitment of administrators, associate and assistant chairpersons, and hundreds of volunteers who explained the role of United Way agencies to their co-

The compilation project is sponsored by the Design Institute for Physical Property Data of the American Institute of Chemical Engineers which is supported by a coalition of major U.S. chemical companies. The book is published by the Hemisphere Publishing Corp., New York.

workers, and a new payroll deduction and returned directly to the Payroll Office for confidential and efficient reporting were keys to our success. A decentralized educational program on campus also contributed to the significant increase in dollars raised."

Dr. Richardson pointed out that these changes came about as a result of an in-depth study of United Way conducted last spring by United Way of America for Centre County and the University. The results of this study and the successes of this year's campaign will be shared with other colleges and universities through programs of United Way of America.

Enrollment soars

Continuing education enrollment at the University soared to an all-time high in fiscal 1988-89, as Penn State remains the leading adult education provider in Pennsylvania, according to the National University Continuing Education Association.

Overall, the number of adults who continue their education by enrolling in part-time credit or non-credit courses at Penn State increased 14,260 between July 1, 1988, and June 30, 1989, for a total of 171,068.

The increase, which represents a 9 percent rise over fiscal 1987-88, is the highest annual jump since the growth trend in continuing education started in 1985.

Established in 1886, Penn State's continuing education and independent studies programs are among the oldest in the nation. Since its inception at Penn State, continuing education has been noted for maintaining among the highest consistent enrollment in the nation, according to NUCEA.

Ewing receives Dreyfus Teacher-Scholar award

Andrew G. Ewing, associate professor of chemistry, is one of 14 young faculty members across the United States honored with Camille and Henry Dreyfus Teacher-Scholar awards for outstanding ability as a chemical educator and researcher.

The award, designed to acknowledge the accomplishments and continuing promise of young faculty members in chemistry, chemical engineering and biochemistry at early stages of their professional careers, brings with it a \$50,000 grant to support the winner's professional activities.

Dr. Ewing is the fourth Penn State faculty member to be honored in the program. Gregory Geoffroy, dean of the College of Science and professor of chemistry, won the award in 1977. Barbara Garrison, head of the Department of Chemistry, received the honor in 1984. Kenneth S. Feldman, associate professor of chemistry, was honored last year.

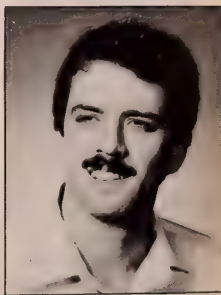

Dr. Ewing plans to use the grant for supplies and summer stipends for undergraduate students working and

learning in his research group. The grant will enable him to expand the projects in which the students participate and provide summer stipends for some students for the first time.

He also will use the grant to begin a new research project to study the chemical events that occur inside a nerve cell after neurotransmitters, substances that transmit impulses from nerve to nerve, interact with the cell.

Earlier this year, Dr. Ewing was honored with an Alfred P. Sloan Foundation Research Fellowship. He also was honored, in 1987, with a National Science Foundation Presidential Young Investigator Award.

Dr. Ewing earned a B.S. degree in chemistry from Saint Lawrence University in Canton, N.Y. He earned his doctorate in 1983 from Indiana University in Bloomington, Ind., and joined the Penn State faculty as an assistant professor in 1984.

Andrew G. Ewing

Focus on the arts

Palmer Museum director

Kahren Jones Arbitman, former curator of The Frick Art Museum in Pittsburgh and a graduate of Penn State, has been named director of the Palmer Museum of Art at University Park.

Charles Garoian, who has served as acting director of the museum since last spring, has been named to the newly created position of assistant director of the museum. They will assume their respective positions Jan. 22.

"I am delighted at being able to announce the appointment of both a new director and assistant director simultaneously," James Moeser, dean of the College of Arts and Architecture and executive director of University Arts Services, said. "Kahren Arbitman will bring to the Palmer Museum an outstanding record of museum professionalism and distinguished scholarship."

"The promotion of Charles Garoian allows us to retain in a position of increased responsibility, one of our brightest and most creative forces," Dr. Garoian has been the museum's education director, planning programming to complement museum exhibitions, since 1986.

As curator of the Frick from 1985 to 1989, Dr. Arbitman was responsible for organizing exhibitions, installing traveling exhibitions and publicizing and promoting both the exhibitions and the museum. She also curated exhibitions for the University of Pittsburgh and the Museum of Art of the Carnegie Institute.

As an art historian, Dr. Arbitman has been on the faculties of the University of West Virginia, the University of Pittsburgh, Chatham College and Carnegie Mellon University.

She earned her bachelor's degree in art history from Penn State and her master's and doctoral degrees in art history from the University of Pittsburgh. She is a widely published scholar in this country and in Europe.

Dr. Garoian earned his bachelor's and master's degrees in art from California State University, Fresno, and his doctorate in education from Stanford University. Prior to joining the museum's staff, he was the department chair and curriculum coordinator in art for the Mountain View/Los Altos Union High School District in California.

His paintings and sculpture have been included in more than 40 exhibitions, including eight one-man shows. He also has presented his performance art at museums and universities throughout the country.

Pattee exhibit

State College artist **Philip Sauerlender** is exhibiting his screen prints of the local area in the East Corridor Gallery of Pattee Library until Jan. 26. The works depict familiar locations such as College Avenue, Old Main and Fraternity Row.

He is interested in how buildings fit together, how the community changes over time and what objects people deem important. He hopes that his prints will give the viewers a new perspective on the environment that surrounds them daily, but which they may have never really taken the time to appreciate.

Mr. Sauerlender is a graduate of Penn State and George Washington University and has exhibited in the Central Pennsylvania Division of the Arts and other regional shows.

Alumni exhibition

A Penn State Graphic Design Alumni Exhibition is on display through Sunday, Feb. 4, in the Zollner Gallery at University Park.

The exhibition features work by alumni who graduated from the graphic design program in the School of Visual Arts from 1970-88. Exhibition works will include TV

Kahren Jones Arbitman

commercials, videos, posters, brochures, album covers and works in a variety of other media.

The exhibition was organized by Lanny Sommers, professor of graphic design in Penn State's School of Visual Arts since 1970. His former students, still active in graphic design throughout the country, were invited to participate in the exhibition.

The exhibition is free and open to the public. The Zollner Gallery is open 9 a.m. to 5 p.m. Monday through Friday; 11 a.m. to 4:30 p.m. Saturday, and noon to 4 p.m. Sunday.

The arts on Channel 3

Channel 3 will treat viewers to an evening of jazz, whisking them away to new dimensions — *Contr Dimensions* — at 10 p.m. Thursday, Jan. 11.

A production of **WPXS**, *Contr Dimensions* offers a look into the history of jazz, mixing the music of legendary greats such as Count Basie and Billie Holiday with contemporary pieces. *Contr Dimensions* is the award-winning jazz ensemble directed by Dan Yoder, associate professor of music, and features 17 Penn State students, including vocalist Jill Cicchiola.

The first program of the New Year for *Live From Lincoln Center* will be "A New York Philharmonic Five-Star Evening" at 8 p.m. Wednesday, Jan. 17. New York Philharmonic Music Director Zubin Mehta will conduct the orchestra in a program featuring four of its principal players in the spotlight as concerto soloists.

Traditional dance series

The Country Dance Society of Central Pennsylvania, sponsored by the Penn State Folklore Society, has announced its traditional dance series for Spring, 1990. The society hosts contra and square dances on the second Saturday of the month at the Radio Park Elementary School, 800 Circleville Road, State College.

Dancing to the live music of Dr. Twamley's Audio Snakes also features guest callers from across Pennsylvania and the Mid-Atlantic states. Callers scheduled for the spring series include: Jan. 13, Marlin Whitaker, of Pittsburgh, calling contras; Feb. 10, Delores Heagy, of Pittsburgh, calling squares; March 10, John Crum, of Philadelphia, calling contras, and April 14, local favorite Dick Cole calling contras and squares.

There is dancing from 8:30 to 11 p.m. with free instruction for beginners at 8 p.m. Beginners are welcome and no partner is needed. Refreshments are provided. Admission is \$4.

Print exchange exhibit

An Exchange Exhibition of students' work from the Printmaking Department at the University of New Mexico will open Monday, Jan. 15 and run through Feb. 16, in the Chambers Gallery located on the second floor of the Chambers Building at

University Park.

The exhibition was coordinated by Robin Gibson, assistant professor of printmaking, and Lydia Madrid, assistant professor of printmaking at the University of New Mexico. Penn State printmaking students will participate in the exchange by exhibiting their work in February 1990 at the University of New Mexico.

Prints in the exhibition were created by graduate and undergraduate students and range from realistic dream images to experimental techniques.

The exhibition is free and open to the public.

'Portraits Plus'

An exhibition of paintings by State College artist **Helen Hungerford** titled "Portraits Plus" is on display at the Kern Galleries at University Park through Jan. 30.

Helen Hungerford was a professional actress and dancer on Broadway. After graduation from Barnard College in 1929, she arrived in State College with her husband and daughter in 1961. She has taught and performed at Penn State for many years. She hopes her paintings will express the rhythms of dance and the dynamics of theater.

A reception for the artist will be held from 2 to 4 p.m. Sunday, Jan. 14, at the Kern Galleries located in the lobby of the Kern Building. The reception is open to the public.

WPSX reaches goal

Public television station **WPSX-TV** reached its \$175,000 goal on the final night of fund-raising, just three hours shy of the scheduled end of Festival.

A total of over \$177,000 dollars was pledged during the 16-day event by nearly 2,800 individuals and businesses from the 29-county coverage area of the station.

"The generosity shown by our viewers continues to make WPSX a valued resource for the area," John Grant, WPSX manager, said. "We thank all of those who called in, or sent in a contribution. Their donations will continue to be used to purchase or produce programming for the station viewers."

WPSX, which spends over \$435,000 per year to purchase programs aired on the station, holds just two fund raising Festival's each year. While many other public TV stations hold three or more annually, WPSX has been able to hold the line at two efforts, due greatly to the good response the station receives during its appeals.

Viewers wishing to make a contribution can send their check to WPSX-TV, Wagner Annex, University Park, Pa., 16802. The basic membership cost is \$35.

Avant-garde film

"Dreams That Money Can Buy," the first feature-length avant-garde film produced in the United States, will be shown at noon

Thursday, Jan. 18, in the Palmer Museum of Art at University Park.

"Dreams That Money Can Buy" was produced by Hans Richter in 1947 in collaboration with other avant-garde artists. The film follows the character Joe, a "poor poet with a rich imagination," who is selling seven dreams, each of which has been influenced by the contributing artists Max Ernst, Man Ray, Marcel Duchamp, Fernand Leger, Alexander Calder and Richter.

Mr. Richter, one of the founders of the Dada movement which emerged at the beginning of the 20th century, produced several experimental films. "Dreams That Money Can Buy" is an 80-minute color film, described in 1947 as "the most startling film of the year."

The film complements the museum's exhibition, "The Avant-Garde and the Text," which opened Sunday, Jan. 7, and will remain on display through Sunday, March 11. The exhibit includes works by Ernst, Duchamp and Man Ray. On display in the museum's third floor stairwell gallery, is a mobile by Calder, which is part of the museum's permanent collection.

The other works in the exhibition are from the private collection of Dr. and Mrs. Hans J. Kleinschmidt and represent the avant-garde movements of futurism, expressionism, Dada, surrealism and constructivism.

The avant-garde artists were critical of the media's use of print to influence the public and the limited expression of the print medium. Through posters, pamphlets and periodicals, they sought creative applications of print to expand the communicative capacity of the text. They also examined letters, words and statements for their ability to communicate visual abstractions as well as verbal meanings.

The exhibition examines both the possibilities and limitations of text in a culture. The works provide the viewer with a historical sense of text, its importance in creating a literature world and its use by the media and the public to convey societal issues.

"The Avant-Garde and the Text" was curated by Estera Milman and Stephen C. Foster of the University of Iowa's Fine Arts Dada Archive and by Roy F. Allen of Iowa's Wartburg College, in cooperation with the Visual Studies Workshop, Rochester.

Mr. Foster will give a lecture on the exhibition at 8 p.m. Wednesday, Jan. 31, at the museum.

Palmer Museum lecture

Richard Mayhew, artist-in-residence in the School of Visual Arts, will open the Spring Semester series "Careers in the Visual Arts" with a lecture at 10 a.m. Thursday, Jan. 18, at the Palmer Museum of Art at University Park. He will discuss how to prepare a portfolio, as well as the importance of grant writing and developing a professional network.

A University faculty member for 12 years, Professor Mayhew is a nationally known landscape artist.

The series is free and open to the public.

Bach's Lunch

The Penn State Saxophone Quartet will perform in concert at 12:10 p.m. Thursday, Jan. 18, in Eisenhower Chapel at University Park. The 20-minute concert is part of the spring Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The program will include a Baroque transcription, selections from the Glazunov Quartet, a jazz piece by Phil Woods and three improvisations.

The Saxophone Quartet includes Dan Yoder, a member of the School of Music faculty who directs the jazz program, and Douglas Bernstein, Lee Ann Burns and Brian Watson, students in the School of Music.

Richard Mayhew

University Park Calendar

January 11— January 21 Special Events

Friday, January 12

Trustees meet at University Park, through Jan. 13.

Greg. Coffee Hour, 4 p.m., 319 Walker. Pierce Lewis on "Landscape Tastes."

Center for the Performing Arts, 8 p.m., Eisenhower Aud. West Side Story.

Sunday, January 14

School of Music, student recital, 8 p.m. Recital Hall. Susan Troler-McKinstry, euphonium.

Monday, January 15

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Amy Galahy, Lycoming Coll., on "Mario, Vondel and Vos on Rubens' *Hero and Leander*."

Martin Luther King Day lecture, 4 p.m., Eisenhower Aud. (Live telecast on WPSX-TV and PENNARAMA). Eleanor Holmes Norton, Georgetown Univ. Law Center.

Dropped with \$5 fee begins.

Wednesday, January 17

Late registration deadline.

Course drop/add deadline.

Thursday, January 18

Lecture, 10 a.m., Palmer Museum of Art: Richard Mayhew, artist-in-residence, on "Careers in the Visual Arts."

Brown Bag Luncheon, noon-1:20 p.m., Palmer Museum of Art. "Dreams That Money Can Buy," Hans Richter, director.

Bach's Lunch, 12:10 p.m., Eisenhower Chapel. Penn State Saxophone Quartet.

Friday, January 19

Center for the Performing Arts, 8 p.m., Eisenhower Aud. New York City Opera National Company. *La Bohème*.

Sunday, January 21

School of Music, recital, 8 p.m., Recital Hall. Mark L. Lusk, trombone.

Jan Senbergs, Australian painter and printmaker, will lecture on Australian contemporary art at 8 p.m. Jan. 24 in Palmer Museum of Art.

International Events

Education Abroad Programs

Application deadline has been extended to Jan. 31 for 1990-91 programs in Cairo, Nairobi, Nice, Taipei, Tel Aviv.

Public Radio

WPSX-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Odyssey Through Literature," 12:30 p.m. Wednesdays, with S. Leonard Rubinstein. "Perspectives," 6:30 p.m. Wednesdays, with Jeff Ballou. "Creative License," 12:30 p.m. Thursdays, with Asa Berlin and Pam Saulnier.

Conferences

Continuing Education

Keller Building

Jan. 16-18, Pa. Bar Institutes: Jerri Mibom, coordinator.

Jan. 17, Dental Seminar, Eric Loop, coordinator.

Jan. 18, Allegheny Educational Broadcast Council. Marlene Temeles, chair; Eric Loop, coordinator.

Seminars

Thursday, January 11

Mechanical Engineering, 4 p.m., 103 Mechanical Engineering Bldg. Robert Waag, Univ. of Rochester, on "Ultrasonic Scattering Characteristics of Tissue."

Tuesday, January 16

Gerontology Center Colloquia, noon-1 p.m., 101 Health and Human Development Bldg. East

Christine L. Himes on "The Effects of Demographic Changes on the Health Care Needs of the Elderly."

Wednesday, January 17

Accounting and MIS Research Colloquia, 3-5 p.m., 333 Beam. Mary Culnan, Georgetown Univ., on "Processing Unstructured Organizational Transactions: Mail Handling in the U.S. Senate."

Exhibits

Chambers Gallery

Prints and books by art students at Univ. of New Mexico through Feb. 10.

Kern Galleries

Helen Hungerford, "Portraits Plus," through Jan. 30. The French Revolution Machine, through Feb. 28.

Palmer Museum of Art

JAMES DRAKE, *The Border/La Frontera*, through Jan. 21. The Loti and Victor Smorgon Collection of Contemporary Australian Art, through Feb. 11. The Avant-Garde and the Test, through March 11.

Pattet Library

East Corridor Gallery: Philip Sauerlander, Screen Prints of State College, through Jan. 26.

Zoller Gallery

Graphic Design Alumni Exhibition, through Feb. 4.

Focus on the arts

'La Bohème'

University Park will be opening night for "La Bohème" when the New York City Opera National Company begins its 10-week tour in January to 50 cities around the country.

Giacomo Puccini's classic will be performed at 8 p.m., Jan. 19 in Eisenhower Auditorium. The event is presented by the Penn State Center for the Performing Arts. The opera will be sung in the original Italian but will feature English supertitles projected above the stage. It is the third year in a row that the New York City National Company has performed at Penn State. Last year they performed Verdi's *La Traviata*. "In 1987 they performed Rossini's comic 'Barber of Seville.'"

"La Bohème" is a tale of four impoverished artists in Paris during the early 19th century. The poet, Rodolfo, and the seamstress, Mimì, are the picture of devotion. They stand in direct contrast to the fickle Musetta and her beau, the painter Marcello, with their rocky romance.

The event is supported jointly by grants from the Pennsylvania Council on the Arts and the National Endowment for the Arts. Tickets are available from the Eisenhower Auditorium Ticket Center, Monday through Friday from 9 a.m. to 4 p.m. and from the Playhouse Box Office, Tuesday through Friday from 11:30 a.m. to 5:30 p.m.

Low brass recital

Mark L. Lusk, faculty member in the School of Music, will present a low brass recital at 8 p.m. Sunday, Jan. 21, in the Recital Hall of the Music Building at University Park.

The program will include William Goldstein's "Colloquy" for tenor trombone.

Robert Spillman's "Concerto" for bass trombone and Gustav Mahler's "Songs of a Wayfarer," performed on the euphonium. The recital also will feature "Scampata III," a work for bass trombone and percussion.

Recognition recital

Seven undergraduate students in the School of Music will perform in a jury recognition recital at 8 p.m. Monday, Jan. 22, in the Recital Hall of the Music Building at University Park.

The students were selected by the music faculty for their outstanding performances in the Fall Semester juries held in December. They were selected from the areas of keyboard, voice, woodwinds and brass.

Australian artist

Jan Senbergs, an Australian painter and printmaker, will give a lecture on "Textbook or a Sense of Place: Diversity in Australian Contemporary Art" at 8 p.m. Wednesday, Jan. 24, at the Palmer Museum of Art at University Park.

His talk complements the Museum's current exhibition, "The Loti and Victor Smorgon Collection of Contemporary Australian Art," on display through Feb. 24.

Mr. Senbergs will discuss the works of key Australian artists and the influence that social and political climates in the country and overseas have had on artistic movements.

Primarily a self-taught artist who received some training at the Melbourne School of Printing and Graphic Art, Mr. Senbergs has participated in several one-person and group exhibitions throughout his career. He currently is the visiting professor and chair of the Australian Studies Department at

Harvard University.

The lecture is free and open to the public.

Hansberry Award

An annual national award recognizing the best student-written play on the Black/African American experience will be sponsored by the University at the 22nd American College Theater Festival, which will be held at the John F. Kennedy Center for the Performing Arts in Washington, D.C., in April.

The Lorraine Hansberry Playwriting Award, established by the ACTF in 1975, will be sponsored as a cooperative project of the Department of Theatre Arts, College of Arts and Architecture, in association with WPSX-TV and the Equal Opportunity Planning Committee of Penn State.

The award is named for the first Black playwright and the youngest playwright to win the New York Drama Critics Award for her play, "A Raisin in the Sun," which opened on Broadway in 1959. Ms. Hansberry died at the age of 34 in 1965.

"The Hansberry Award recognizes the best new plays about the Black/African American experience," Carole Brandt, chair of the Department of Theatre Arts and former national chair of the ACTF, said. "Funding for the award ended last year, and there was national concern that resources be found to continue it. Both the theater department and WPSX were interested in identifying and producing minority projects, and so our interests, along with those of the University, led us to the decision to sponsor this award."

The Department of Theatre Arts and WPSX-TV are now seeking permanent funding to expand the University's support of the award. In addition to supporting the

award itself, the project would bring a professional company and director to University Park Campus to produce a play each year. The play then would be taped by WPSX for national distribution to public television stations.

Institute fellowships

The Institute for the Arts and Humanistic Studies has announced the most recent recipients of Faculty Research Fellowships. They are:

- **Dean Baldwin**, associate professor of English at Penn State Erie, The Behrend College, to complete a study of the economics of short story writing and publishing in England from 1918 to 1939.

- **Santa C. Barraza**, assistant professor of art, to develop a body of artwork, using a culturally based image, Lady of Guadalupe, in forms of Mexican folk art.

- **Alegria Bendale**, professor of French at the Schuylkill Campus, to compile a Judeo-Spanish dictionary of the Jaquetia dialect.

- **Christine Clark-Evans**, assistant professor of French, to complete a study of writing on speech by French philosopher Denis Diderot (1713-1784).

- **Gilbert J. Gall**, assistant professor of labor studies and industrial relations, to prepare a biography of American labor leader Lee Pressman.

- **Robert E. Leonard**, associate professor of theater arts, to complete a study of the histories, philosophies, impact and future of artistic leaders in America's non-profit professional theaters.

- **Stephen Porter**, associate professor of art, to build two sculptures using welded silver bronze.

- **Monique Yaari**, associate professor of French, to research French post-modernism and its interdisciplinary impact.

Appointments

Jeffrey W. Garis has been appointed associate director of counseling and programming in Career Development and Placement Services at University Park.

He will be responsible for the direction and management of all career counseling and programming services at University Park and for the development, coordination, and evaluation of Career Development and Placement Services for the Commonwealth Campuses in the Eastern Region.

Prior to assuming the associate directorship, Dr. Garis was assistant director for counseling at CDPS. He was responsible for the integration of DISCOVER (a computerized career development system) into the career counseling services at University Park Campus and throughout the Commonwealth Educational System. He also oversaw the implementation of the "intake counseling" system at University Park which has more than doubled the efficiency of Career Counseling Services.

Dr. Garis is an affiliate assistant professor, Division of Counseling and Educational Psychology, and a licensed psychologist and member of the American Psychological Association, the American Association for Counseling and Development, and the National Career Development Association. He maintains an active involvement in career development research.

Charles W. Hill, professor of biological chemistry, has been named acting chairman of the Department of Biological Chemistry at the College of Medicine at the Hershey Medical Center.

He has served as acting chairman on two previous occasions, during the 1983-84 and 1987-88 academic years. He most recently served as vice-chairman of the department. George D. Rose, professor of biological chemistry, is stepping down from the post to devote more time to his research and teaching responsibilities.

Dr. Hill earned his bachelor of science degree in chemistry at the University of Virginia in 1962. He received his Ph.D. in biochemistry from the University of Wisconsin in 1966. Before coming to the Medical Center in 1968, he served as a

Jeffrey W. Garis

postdoctoral fellow in the Department of Biochemistry at Stanford University School of Medicine in Palo Alto, Calif.

His research focuses on the structure, development, and interaction within multigene families. He has authored or co-authored more than 30 publications in scientific journals such as *Genes*, *Journal of Bacteriology*, and *Journal of Molecular Biology*.

Dr. Hill teaches both medical students and Ph.D. candidates in the areas of introductory and advanced molecular and microbial genetics, nucleic acid chemistry, and general biochemistry. He also is a faculty member of the graduate program in genetics and the program in cell and molecular biology.

Deborah Hitchcock has been named director of continuing education at the Penn State Ogoniz Campus.

Ms. Hitchcock, who joined the campus' administrative staff in 1983, served as both assistant director and acting director of the department.

A graduate of Indiana University, Bloomington, she currently is chair-elect of the National University Continuing Education Association-Region II.

Jeri R. Johnson has been appointed as an employment specialist in the Office of

Deborah Hitchcock

Human Resources. A graduate of Lock Haven University, Ms. Johnson received a master of education degree from Millersville University.

She has been a substitute teacher in the Bellefonte Area Schools and from 1983 to 1985 was an instructor/manager with the Private Industry Council of Centre County. Since 1985 she has been project facilitator/director, Central Intermediate Unit 10 Development Center for Adults, Pleasant Gap.

Stanley P. Mayers Jr., professor of health policy and administration, has been named associate dean for undergraduate studies in the College of Health and Human Development. He had served as acting associate dean since last spring.

Dr. Mayers oversees all undergraduate programs for the college at University Park and the Commonwealth Campuses, including nine baccalaureate majors and four associate degree majors. He also is responsible for the college's Office of Minority Programs and Undergraduate Advising Center.

He was head of the Department of Health Policy and Administration from 1979 to 1988. Under his leadership, the undergraduate program in his department

Stanley P. Mayers Jr.

was fully recognized by the Association of University Programs in Health Administration and the graduate program was accredited by the Accrediting Commission on Education for Health Services Administration.

Dr. Mayers, who received an A.B. and an M.D. from the University of Pennsylvania and a master's of public health degree from Johns Hopkins University, joined the University faculty in 1971 as professor of health planning and administration. He was appointed professor-in-charge of the undergraduate program in his department three years later and served in that capacity until 1979, when he was appointed head of the department.

Before coming to Penn State, he had been director of the Department of Human Resources in Arlington, Va., and was on the faculties at Johns Hopkins University School of Hygiene and Public Health and Georgetown University School of Medicine.

He is a diplomate of the American Board of Preventive Medicine and a Fellow of the American College of Preventive Medicine and the American Public Health Association. He was president of the Centre County Medical Society in 1978 and currently is a delegate to the Pennsylvania Medical Society from Centre County.

Penn Staters

Barbara Gray, associate professor of organizational behavior, presented a paper titled "Managing Interest Group Representation in Public Policy: European and U.S. Strategies" to the Public Policy Section of the North American Conference on Peacekeeping and Dispute Resolution in Montreal, Canada.

Herschel W. Leibowitz, Evan Pugh professor of psychology, has been appointed a member of the Committee on Human Factors, National Research Council. The committee was established to identify critical issues in the design, testing, evaluation and use of new human-centered technologies and to advise sponsors on relevant kinds of scientific and technical research.

Kenneth M. Lusht, chairman of the Department of Insurance and Real Estate, was a visiting fellow at the Royal Melbourne Institute of Technology in Melbourne, Australia, and was a distinguished scholar at Curtin University in Perth.

Kofi O. Nti, associate professor of management science, presented the paper "Coordination, Entry and Industry Competitiveness" at the 1989 joint meeting of the Institute of Management Science/Operations Research Society of

America/Canadian Operations Research Society in Vancouver, British Columbia.

Jerry C. Olson, professor and chairman of marketing, presented an invited lecture titled "Towards A Theory of Narrative Advertising" at three European institutions of higher education: the Vienna School of Business in Austria, the School of Business at the Catholic University of Leuven in Belgium, and the Aarhus Graduate School of Business in Denmark.

J. Keith Ord, David H. McKinley professor of business administration, presented papers at 10 universities in the United Kingdom and at the Welsh Statistical Conference in Gwynedd, Wales, and the International Symposium on Forecasting in Vancouver, British Columbia.

Donna S. Quenney, director of the Division of Planning Studies, has been appointed vice chair of the editorial board of *Continuing Higher Education Review*, journal of the National University Continuing Educational Association.

Kant Rao, associate professor of business administration, presented a paper titled

"Highway Capital Program Management Practices in the U.S.: Elements of Dynamics and Innovation" at the Fifth World Conference on Transportation Research in Yokohama, Japan.

Wayne D. Smutz, head of the Office of Continuing Professional Education, Division of Planning Studies, has been elected chair of the National University Continuing Education Association's Division of Continuing Education for the Professions.

Jim Weeks, research project associate in the Office of Continuing Professional Education, Division of Planning Studies, has been elected to the executive committee of the National University Continuing Education Association's Division of Humanities, Arts, and Sciences.

Edward Allen Brawley and **Emilia E. Martinez-Brawley** conducted research on the social services in Spain and presented papers at the Escola Universitaria de Treball Social, Barcelona, Consejo Superior de Investigaciones Cientificas, Madrid; Centro de Estudios de las Cinco Villas, Zaragoza, and the Institut Catala de Assistentia i Serveis Socials, Girona.

Parris H. Chang, professor of political

science and director of the East Asian Studies Center, delivered a lecture on China-Taiwan relations and on Chinese policy and leadership changes at the Institute for Far East in Moscow.

Irwin Feller, professor of economics and director, Institute for Policy and Research and Evaluation, **Roger Geiger**, associate professor of education, and **Mary Frank Fox**, professor of sociology, presented papers at a seminar on research and higher education at the University of York, England.

Philip A. Klein, professor of economics, presented a paper (co-written with Geoffrey H. Moore) titled "Analyzing Leading and Coincident Indicators for Pacific Basin Countries" at the 129th Centre for International Research on Economic Tendency Surveys conference in Osaka, Japan.

Prakash B. Malla, research associate, Materials Research Laboratory, presented a paper on the "Effect of Crystal Chemistry on Pore Structure and Hydrophilicity of Alumina-pillared Smectites: Water Sorption Study" at the 9th International Clay Conference held in Strasbourg, France. The paper was co-authored by **Sndhar Komarneni**, professor of clay mineralogy at MRL.

Partings

Ruth F. Funk

Ruth F. Funk, regional director for Penn State Cooperative Extension's Northeast Region, has retired after 31 years service.

A graduate of Indiana University of Pennsylvania with a bachelor of science degree in vocational home economics, Mrs. Funk received a master of education degree in secondary education from Penn State. She taught in Johnsbury High School prior to joining extension in 1958. She was appointed assistant director of the Northeast Region in 1972 and director in 1987.

Mrs. Funk worked closely with the Pennsylvania Association of Extension Home Economists and Penn State administrators in establishing the Pennsylvania Extension Paraprofessional Association. In 1976 she was instrumental in helping to organize the Pennsylvania Council of Cooperative Extension Associations.

She is listed in *Who's Who Among American Women* and has received Distinguished Service Awards from the National Association of Extension Home Economists and Epsilon Sigma Phi, an extension honorary society.

She is a member of the Pennsylvania Association of Adult Continuing Educators, Women's Alliance, American and Pennsylvania Home Economic Associations, Epsilon Sigma Phi and Delta Kappa Gamma.

William Gotsolski, director of the College of Engineering Advising Center and professor of civil engineering, has retired after 37 years of service.

The Engineering Advising Center, created in 1984, was proposed by Dr. Gotsolski who became the first director. The Center was established to offer engineering students all the simpler, according to Dr. Gotsolski. The Center counsels every freshman and sophomore student on scheduling, curricular requirements and choice of a major.

"All students, however bright, need help in finding their way," he said. "In the Advising Center we try to find out what their interests are and help them get started in the right direction."

Dr. Gotsolski has been a member of the College of Engineering since 1952. In addition to this teaching and counseling activities, he served as assistant dean of undergraduate studies from 1974-81. He has been active in the larger Penn State community, serving in various capacities on the University Faculty Senate for 15 years.

Trained as a civil engineer, he is an expert in asphalt surfaces and has numerous publications in the area of civil engineering. He is active as a consultant and plans to continue consulting after retirement.

Dr. Gotsolski received B.S. and M.S. degrees in civil engineering from Columbia University and a Ph.D. in engineering materials from Penn State. He is a Fellow of the American Society of Civil Engineers

William Gotsolski

and is a past president of the Central Pennsylvania Section of the American Society of Civil Engineers.

An avid model railroad builder and collector, he plans to build a new model train system. He and his wife, Jean, physical education teacher in State College Elementary Schools, also plan to travel.

Lorraine Tillberg Kapitanioff, assistant professor of Slavic languages, has retired after 41 years of service.

Joining Penn State as a forestry librarian in 1948, she has taught Russian language, translation, culture and theater in the Slavic Languages Department since 1961. She was appointed assistant professor in 1973.

Professor Kapitanioff has traveled frequently to the Soviet Union and has lectured during educational tours for groups such as the Friends of the Palmer Museum of Art and the Penn State Alumni Association.

A technical translator since 1954, she developed the Penn State curriculum in technical Russian and prepared a course in Russian grammar for scientists for the American Chemical Society. The second edition of her book *Russian Culture and Civilization* will be published in spring by Kendall-Hunt in Dubuque, Iowa.

Professor Kapitanioff has produced TV shows on Russian folk dance and on Chekhov's "The Marriage Proposal." She is a consultant to the State College Alternative High School and adviser to the Penn State chapter of Dobro Slovo, the national Slavic honor society. She was national vice president of Dobro Slovo for five years.

Along with Thomas F. Magner, professor emeritus of Slavic languages, she established the self-supporting Penn State Slavic Festival in 1978 and currently is festival executive director.

In 1979, Professor Kapitanioff received a Distinguished Teaching Award from Penn State. She is a member of Phi Delta Kappa, the honorary education fraternity. A former president of the Centre-Clinton Counties Easter Seal Society, she received that organization's Brace-for-an-Ace Award in 1972.

A native of St. Paul, Minn., she received her bachelor's degree from Carleton College, which recently honored her as a distinguished alumna. She also holds a master's degree in secondary education from Springfield, Mass.

Her future plans include traveling, teaching Russian culture and theater, and completing her Ph.D. in comparative literature at Penn State.

Thomas D. Marro, assistant professor of education, has retired after 23 years of service.

Dr. Marro came to the University from the Polk County Board of Education in Des Moines, Iowa, where he served as director of pupil personnel services for 26 school districts.

He holds a B.A. in speech and hearing therapy from Denver University, an M.A.

Lorraine Tillberg Kapitanioff

in speech therapy and psychology, also from Denver University, and a D.Ed in mental retardation and school administration from Colorado and State College.

During his years at Penn State, Dr. Marro has made many contributions, including a million dollars worth of grants and contracts, the attraction of a national conference on the mentally retarded (The Congress of Ideas and Action), organization of the group, Pennsylvania Administrators of Special Education, and the national study of special education administration. Additionally, he served 12 years as a hearing officer for the Pennsylvania Department of Education and further developed the Cresson State School Program on a contract between the University and the Department of Public Welfare.

He has visited special education programs in Europe and has made several presentations at State and National Council of Exceptional Children meetings. Within the community, he has worked with Skills Inc., and the Centre County Association for Retarded Citizens, for which he served as president in 1972.

Dr. Marro and his family reside in State College.

Christine Pootjes, associate professor of microbiology and Department of Biology coordinator for Continuing Education has retired after 26 years service.

A specialist in bacterial viruses, Dr. Pootjes established a research program for both undergraduate and graduate students to study the Agrobacterium tumefaciens viruses.

Appointed coordinator for the biological sciences in the Continuing Education program in 1980, she advised Commonwealth Campus anatomy and physiology instructors in Penn State's Diploma and Extended Degree Nursing Programs.

A recipient of the Excellence in Advising award in 1987, she was a member of the University Faculty Senate from 1978 to 1981.

After earning her bachelor of science degree in zoology and bacteriology at Douglass College, New Brunswick, N.J., she was employed by Wallace and Tiernan Industrial Research Laboratory and the Chemotherapy Department of Schering Corporation. She earned her master's degree at Purdue University, West Lafayette, IN, in 1955 and joined Fels Research Institute.

A research associate at Waksman Institute, Rutgers University, she earned her doctorate from Rutgers in 1963. She joined the Penn State faculty as an assistant professor that same year and was promoted to associate professor of microbiology in 1969.

Geraldine A. Shildt, group leader and snack bar worker with Housing and Food Services, has retired after 25 years service. She began her career at the University as

Thomas D. Marro

a counter attendant at the HUB snack bar in 1964. She later worked as a cook at Waring Hall in 1968, and then with Housing and Food Services in 1972.

Mrs. Shildt and her husband, a part-time Penn State employee with Housing and Food Services and a retiree from the Tyrone Postal Department, currently reside in Tyrone and have three children, all Penn State graduates. They also have 11 grandchildren.

She plans to spend more time with her husband and her grandchildren.

H. Richard Hess, associate director, Student Services, from Aug. 1, 1968, until Sept. 1, 1971, until Jan. 1.

Arthur A. Costantino, director, Center for Student Involvement and Leadership, Student Services, from Sept. 1, 1971, until Dec. 9.

J. Carroll Dean, manager, energy conservation program, Physical Plant, from March 1, 1971, until Jan. 1.

Robert Hamill, manager of human resources and business services at Penn State Harrisburg, from June 12, 1972, until Jan. 1.

Catherine Meyers, residence hall worker, Housing and Food Services, from Sept. 20, 1972, until Jan. 1.

Edwin Windell, chief inspector, Physical Plant, from Dec. 10, 1973, until Jan. 1.

Thelma Fetterolf, janitorial worker, Physical Plant, from Aug. 30, 1976, until Jan. 3.

P.H. Licastro, senior research associate, Research and Graduate School, from Jan. 1, 1975, until Nov. 1.

Mary Lois Hamill, secretary at Hershey, from July 1, 1948, until June 8, 1951, and from Dec. 1, 1975, until Jan. 3.

Elizabeth M. Cooke, bookstore manager at Delaware Campus, from July 1, 1975, until Oct. 1.

Mary P. Daily, center registrar at Great Valley, from Sept. 3, 1974, until Jan. 1.

Blaine R. Parkin, professor/chief scientist, Engineering, from Aug. 21, 1972, until Jan. 1.

Douglas Reader, utility worker at Hershey, from Oct. 22, 1979, until Jan. 1.

George W. Bance, store room worker, Housing and Food Services, from Aug. 30, 1973, until Jan. 6.

Gloria Bellevue, patient service aide at Hershey Medical Center, from Aug. 23, 1977, until Nov. 28.

Betty D. Reese, residence hall worker, Housing and Food Services, from Sept. 20, 1972, until Jan. 3.

Ann Finocchio, accounting clerk, Controller's Office, from July 1, 1970, until Jan. 3.

Obituary

Mary Beth Reese, assistant director for Continuing Education at the York Campus, died Dec. 12 at the age of 35. She joined the campus staff Aug. 15, 1980.

Soviet agronomists visit

Four Soviet scientists from the Siberian branch of the U.I. Lenin All-Union Academy of Agricultural Sciences visited University Park Campus Jan. 4. From left are Tamara Vaserstein, assistant professor of Russian, who served as a translator; Victor Bentz, Victor Guglya, Margarita Shternshis and Gennady Gamzikov of Soviet Union; and Charles R. Krueger, associate dean for research, College of Agriculture.

Obituaries

Ann C. Bates, Graduate School editor since March 1987, died Nov. 25 at the age of 50. Ms. Bates came to the Graduate School staff from Penn State Press, where she served as acquisitions editor for two years. In the Graduate School, she was responsible for the Thesis Office and for editing several publications including the *Graduate Degree Programs Bulletin* and the *Thesis Information Bulletin*.

Before coming to Penn State, she was general editor and dissertations editor at Northern Illinois University for 16 years, editor in the College Department of Alfred A. Knopf Inc., Publishers, and free-lance editor and indexer.

Ms. Bates received her B.A. in English from Birmingham-Southern College, and held two master's degrees: an M.A. in English from the University of North Carolina and an M.A. in history from Northern Illinois University. She was a member of Phi Beta Kappa.

Thomas Van Ness Ballantine, chief of pediatric surgery at the Hershey Medical

Center, died Jan. 1 in a one-car accident on Rt. 322 near Hershey. Dr. Ballantine, 47, was returning home after visiting patients at the Medical Center.

Dr. Ballantine joined the Medical Center in 1979 as an associate professor of surgery and pediatrics and was promoted to professor of surgery and pediatrics in 1985. Last fall, he was selected to fill the newly established endowed Doctors Kierle Chair for Humane Medicine in the College of Medicine. He also was an affiliate professor of human nutrition in the College of Health and Human Development.

Dr. Ballantine was a graduate of Princeton University and Harvard Medical School. Prior to joining the Medical Center, he was assistant professor of surgery in pediatric surgery at Indiana University Medical Center.

Dr. Ballantine was a member of numerous professional organization and editorial boards, including the British Association of Pediatric Surgeons. He was president of the American College of Surgeons' Pennsylvania Chapter, a member of the American Pediatric Surgical Association and the Society of University Surgeons.

Faculty/Staff Alerts

Office move

The Office of the Associate Vice President for Research and Technology Transfer has moved from 101 George Building to 114 Kern Graduate Building; telephone number 865-6331. The staff includes K. Jack Yost, associate vice president, and Jan Praskovich, administrative aide.

Occupational privilege tax

In order for the University to comply with the Occupational Privilege Tax regulations imposed by the various taxing districts, the \$10 tax will be deducted from full-time and part-time employees as soon as an employee's gross earnings exceed \$1,000 in 1990.

If, during the year, a person is hired who has already paid the tax, a copy of the payment receipt must be forwarded to the Payroll Office in order to avoid having the tax deducted again.

The Occupational Privilege Tax is not in force at all University locations.

Payroll changes

Your social security deductions will be higher in 1990, as mandated by federal law.

The social security base increased from \$48,000 to \$50,400 effective Jan. 1. The rate also was increased from 7.51% to 7.65%.

The maximum annual deduction will be \$3,855.60, an increase of \$250.80 over 1989, and as you know the University must match employee deductions.

Withholding reminder

The Payroll Office wishes to remind those employees who filed a Withholding Exemption Certificate - University Form W-4E - for 1989 that this certificate will expire Feb. 15 for taxpayers on a calendar

year basis. The exemption on Form W-4E must be renewed annually.

If you qualify and wish to continue your exemption, or if you are applying for the first time, you must file a new Form W-4E for 1990. You may claim exemption from withholding if you had no income tax liability for 1989 and if you anticipate no income tax liability for 1990. Forms are available from the Payroll Office, 307 Rider Building.

In general, the elimination of the withholding applies only to those working part-time. The principal advantage is that it will eliminate the need to file an income tax return at the end of the year to obtain a refund of money withheld.

DOS courses

Penn State Continuing Education and the Human Resource Development Center will offer University employees two courses to introduce users to PC DOS software. DOS,

or disk operating system, is the heart of the IBM PC, and a basic knowledge is necessary for efficient, intelligent use of the computer.

DOS I, to be offered Monday, Jan. 15, and again April 4, is designed for new IBM PC users and experienced users who are not familiar with the disk operating system.

DOS II, to be offered Monday, Jan. 29, and on April 11, is for experienced and intermediate users who have the advanced skills required to uncover the full power of the system.

The courses will be offered at the Keller Conference Center from 9 a.m. to 4 p.m. on the days listed. A registration fee of \$85 covers instruction, materials and break refreshments.

For a registration form, contact the Human Resource Development Center, Box 20 Rider Building, University Park, or call (814) 865-3410.

Promotions

Staff Exempt

Barbara A. Almonney to programmer/analyst A in Management and Systems Engineering.
Pamela L. Bechtel to general accountant at Hershey.
Mantha S. Church to office information specialist in Science.
Glenn A. Pankuch to research support associate at Hershey.
Elizabeth L. Trimble to assistant to the dean for administration in Science.
Ronald K. Workinger to program representative at York Campus.

Staff Non-Exempt

Cynthia A. Davis to surgical head nurse at Hershey.
LuAnn Martin to financial counselor at Hershey.
Anne Smilowitz to assistant to the director, CE in Business Administration.
Sheila R. Stichter to licensed practical nurse/medicines at Hershey.

Clerical

Tiffany Andrews to correspondence typist A in Intercollegiate Athletics.
Elizabeth J. Antonacci to accounting clerk at Schuylkill Campus.
Evelyn M. Banks to senior clerk at Hershey.
Christine Christian to accounting clerk in Research and Graduate School.

Donna E. Henney to clerk, accounting A in Intercollegiate Athletics.
Janet L. Herrold to senior accounting clerk in Intercollegiate Athletics.
Darryl D. Hill to senior clerk in serials inventory in University Libraries.
Rose M. Leedy to senior clerk, scheduling/reception at Hershey.
Carmella Letzesen to secretary C in Business Administration.
Angie L. Russell to secretary A at DuBois Campus.
Linda K. Sowers to secretary B at York Campus.
Carol L. Swartz to secretary B at Shenango Valley Campus.
Theresa Walls to instructional services clerk at Delaware County Campus.
Karen W. Wilson to conference secretary in Commonwealth Educational System.

Technical Service

Rebecca S. Ampacher to maintenance worker, utility at Capital College.
William Atkins to environmental systems technician in Office of Physical Plant.
Raymond Biondi to maintenance worker, general B at Delaware County Campus.
Robert Conway to mechanic helper - service garage in Office of Physical Plant.
Perry L. Feeg to stores clerk at Hershey.
Carl B. Heywood to maintenance worker, general in Commonwealth Educational System.
Ricky T. Kasubick to maintenance worker,

utility in Office of Physical Plant.
Mike Kelleher to environmental systems technician in Office of Physical Plant.
R. Thomas Kline to environmental systems technician in Office of Physical Plant.
Philip Meyer to environmental systems technician in Office of Physical Plant.
Lee Palmer to maintenance worker, area landscape in Office of Physical Plant.
John Reish to environmental systems technician in Office of Physical Plant.
Samuel Shilling to lead auto mechanic in Office of Physical Plant.

Staff Exempt

Silvia C. Cabrera to director, administration services in Division of Development and University Relations.
Jeffrey W. Garis to associate director, counseling and programming in Student Services.
Arthur Heim to director, industrial research office in Research and Graduate School.
Robert Intieri to manager, golf course in Penn State Bookstore.
Richard D. Koonz to supervisor, systems fabrication and assembly in Applied Research Lab.
Scott K. Kralik to research engineering assistant in Engineering.
Bethany N. Raney to systems project analyst in Agriculture.
Nancy Slaybaugh to manager, libraries human resources in University Libraries.
Patricia A. White to program aide in Commonwealth Educational System.

Staff Non-Exempt

Carol Anderson to surgical technician at Hershey.
Carolyn Baligush to surgical technician at Hershey.
Shelly Brown to surgical technician at Hershey.
Maggie Cole to surgical technician at Hershey.
Andrew Felix Jr. to water systems administration/engineering aide in Office of Physical Plant.
Brian D. Frey to research technician at Hershey.
Gaile Gemundt to surgical technician at Hershey.
Lisa Jacoby to surgical technician at Hershey.
Christopher Jordan to surgical technician at Hershey.
Margaret Long to surgical technician at Hershey.
Sandra Morgan to surgical technician at Hershey.
Teresa Shank to surgical technician at Hershey.
Brenda Stoner to surgical technician at Hershey.
Jeffrey Wadsworth to surgical technician at Hershey.
Brenda Williams to surgical technician at Hershey.

Ten are studying as Hubert H. Humphrey Fellows

Ten mid-career professionals from developing countries are studying public administration at the Department of Public Administration as Hubert H. Humphrey Fellows for 1989-90.

They are participating in the Hubert H. Humphrey North-South Fellowship Program. Created in 1979, the program brings accomplished professionals from developing countries to the United States at a mid-point in their careers for a year of study and related practical professional experiences," according to the U.S. Information Agency, which funds the program.

Penn State, one of 15 universities participating in the program, has hosted 98 fellows studying public administration since the program started. Each year the program provides about 130 fellows the opportunity to experience U.S. society and culture and to observe current U.S. approaches to fields in which the fellows work.

The program honors the memory and accomplishments of Hubert H. Humphrey, U.S. senator from Minnesota for 27 years and vice president of the United States from 1965-69.

The 10 fellows are:

- Maria de los Angeles Morillo, marketing director, Hotel y Club Copant, San Pedro Sula, Republic of Honduras.
- Mounira Latrech, commercial financial director, Mining and Metallurgic Co., Tunisia.
- Ashfaq Ahmad Memon, joint secretary of finance, Province of Sindh, Islamic Republic of Pakistan.
- Omar Ndoye, consultant in marketing and management, African Center for Higher Studies in Management, Republic of Senegal.

- Carl Justin Pilgrim, first vice president, National Workers Union, St. Lucia.
- Victor Prosper Poukouta, chief of service, Ministry of Planning, People's Republic of the Congo.
- Andre Gahimbare, director, Cabinet

- Ministry of Home Affairs, Republic of Burundi.
- Mohammed Mushtaq Ali, chief personnel officer, Fiji Sugar Corp., Republic of Fiji.
- Yu Wu, program director, Chinese

- Academy of Social Sciences, People's Republic of China.
- Hilarie Comlanvi, head, Administrative Secretariat, Ministry of Labor and Social Affairs, Republique Populaire du Benin.

Participants in the Humphrey Fellowship Program are (standing in front, from left): Hilarie Comlanvi, Nancy K. McCartin (assistant program coordinator), Ashfaq Memon, Mounira Latrech and Maria Morillo; and (in back, from left) Robert LaForte Jr., Mohammed Mushtaq Ali, Andre Gahimbare, Prosper Poukouta, Omar Ndoye, Carl Pilgrim, Yu Wu and Syedur Rahman (deputy program coordinator).

Staff Vacancies

(Continued from page 12)

require travel on field assignments including assignments aboard ships at sea. U.S. citizenship required. STAFF GRADE 3.

• **Engineering Aide, Applied Research Laboratory, University Park Campus**—Responsible to the project engineer or senior engineering aide for the layout, design, fabrication and construction of standard electronic or mechanical components and equipment. Requires associate degree, or equivalent, plus two to four years of effective experience in the design and fabrication of experimental equipment. Position may require travel on field assignments including assignments aboard ships at sea. U.S. citizenship required. STAFF GRADE 5.

Brush Chair

Applications and nominations are invited for the Brush Chair in Materials in the College of Engineering.

Joseph C. Conway, professor of engineering science and materials, has been appointed chairman of the search committee. Other committee members are **Philip D. Cady**, professor of civil engineering; **H.R. Hahn**, professor of engineering science and mechanics; **David W. Jensen**, assistant professor of aerospace engineering; and **Jonathan Phillips**, associate professor of chemical engineering.

The endowed chair in engineering materials, funded by Harvey Brush of San Francisco, emphasizes interdisciplinary activities in various aspects of materials analysis and use.

The holder will work with engineers and scientists from other disciplines and may become a member of any of the faculty of the College's nine departments or the acoustics or bioengineering programs.

Candidates must hold an earned doctorate, have a distinguished reputation and have demonstrated ability to conduct independent research and to teach in the field of materials engineering. In addition, the candidate should be eligible for a full-time faculty position in the College of Engineering at the academic rank of

professor.

Applications and nominations, including curriculum vitae, should be sent to Dr. Conway, chairman, Brush Chair Search Committee, Department of Engineering Science and Mechanics, Box OC, 227 Hammond Building, University Park.

The position will be available beginning Aug. 22, 1990. Priority will be given to nominations and applications received before Jan. 31, 1990. The search will continue until an appropriate candidate is selected.

DuBois Campus

A Campus Advisory Search Committee has been appointed to identify candidates for the position of campus executive officer at Penn State DuBois Campus.

John A. Vargas Jr., assistant professor of environmental science at the DuBois Campus, has been appointed chair of the search committee. Other members are:

William A. Asbury, vice president for student services; **James D. Gallagher**, campus executive officer, Penn State Worthington Scranton Campus; **Katrina Jones**, president, Student Government Association; **Ross A. Kester**, instructor in engineering; **Mary K. Mino**, assistant professor of speech communication; and **Jeffrey Spearly**, director of continuing education, all at the DuBois Campus; **Athleen J. Siero**, associate professor of biology, Penn State Altoona Campus; and **Charles H. Strauss**, associate professor of forest sciences.

The campus executive officer is the chief administrative officer of the campus and is responsible for administering all of its University programs. The CEO also is responsible for maintaining close relationships with the communities in the campus service area with the assistance of the DuBois Educational Foundation, comprised of local citizens.

Candidates should have an earned

doctorate, several years of experience in college and/or university teaching and substantial experience in academic administration.

Send two copies of resume to Richard E. Grubb, senior vice president and dean, Commonwealth Educational System, 111 Old Main, Department CHE, University Park.

Applications and nominations will be received until a suitable candidate is selected.

Regional director

Applications and nominations are invited for the position of regional director, Northeast Region, Penn State Cooperative Extension. The regional director for a 17-county region in Northeast Pennsylvania is located on the University Park Campus and reports directly to the dean of the College of Agriculture.

Qualifications include an earned doctorate and a significant period of professional and/or administrative experience in Cooperative Extension. The applicant should have an understanding of the land-grant university philosophy and experience in, or knowledge of, university extension, research and resident education functions. Demonstrated administrative and program leadership and ability to work effectively with producers, industry, government and other public and private organizations are important.

Letters of application should include a complete resume and a list of three to five individuals who can be contacted for recommendations. Applications will be accepted through Jan. 31 or until a suitable candidate is identified.

Nominations and letters of application should be forwarded to Diane V. Brown, chair, Search Committee, 401E Agricultural Administration Building, University Park.

Ogontz Campus

A search committee has been formed to solicit nominations and applications for the position of director of academic affairs at Penn State Ogontz.

The director of academic affairs is responsible to the campus executive officer for providing leadership for all academic matters, including the campus faculty.

Ogontz is a commuter campus of approximately 3,500 students, 90 percent of whom are in baccalaureate programs. There are more than 200 faculty and staff members working in the suburban Philadelphia location.

Applicants should have an earned doctorate, or equivalent, and a minimum of five years of experience in a combination of full-time teaching, research and scholarly pursuits, as well as possess the academic qualifications of a tenured, senior-ranked faculty member.

Leonard Mustazza, associate professor of English at Ogontz, will chair the search committee.

Other members are **F.L. Christy**, assistant director of academic affairs, Ogontz; **Waverly Coleman**, assistant director of continuing education, Delaware County; **George W. Franz**, assistant professor of history, Delaware County; **Theodore Kiffer**, associate dean, Commonwealth Educational System, Liberal Arts; **Albert Miles**, assistant professor of English, Ogontz.

Jennifer Morrison, president, Ogontz Student Government Association; **Judy Ozment**, assistant professor of chemistry, Ogontz; **Richard St. Pierre**, professor and head of health education; **Ann M. Schmiedekamp**, assistant professor of physics, Ogontz; and **Eugene R. Slaski**, director of academic affairs, Allentown.

The deadline for applications/nominations is Jan. 31, or until the position is filled.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Jan. 18. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment Practices (FE 1) and are subject to review by the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status - a disabled or Vietnam era veteran.

• **Assistant Director for Student Services, CES, Independent Learning, University Park Campus**-Responsible to the director, Independent Learning, for the overall development, management and supervision of the student services units of the department. Review, develop and/or revise procedures related to registration systems and records management, supervise computer system. Registration systems and records management. Requires bachelor's degree or equivalent in student services or related field plus three to four years effective experience. A master's degree along with experience in a higher education continuing education program preferred. STAFF GRADE 8

• **Senior Applications Software Designer/Programmer, CES, Management Systems, University Park Campus**-Responsible to the assistant manager, applications systems, for leadership of major data processing development projects, formulation of logical statements of defined system problems and application of techniques and solutions. Requires bachelor's degree, or equivalent, in computer science, MIS or related field and two to three years effective experience in computer programming, systems analysis, management information systems and/or fourth generation development environment. Experience in accounting, financial management, budgeting or other administrative areas is desirable. STAFF GRADE 7

• **Supervisor, Systems and Operations, CES, Management Systems, University Park Campus**-Responsible to the assistant director, CES, Management Systems, for scheduling, installation and maintenance of resources necessary to support the operational needs of all CES information systems. Supervise the system and activities of the staff. Requires bachelor's degree or equivalent in computer science, MIS or technical areas relevant to information systems plus two to four years of effective experience in data communications, systems analysis, system management (system programming) or related fields. Supervisory and VAX experience preferred. Must be skilled in oral and written communications. STAFF GRADE 6

• **Student Services Specialist, CES, University Division of Media and Learning Resources, Independent Learning, University Park Campus**-Responsible to the assistant director for academic affairs, Department of Independent Learning, for the implementation of a student academic advising and counseling service. Responsibilities include working primarily with nondegree, nontraditional students. Requires bachelor's degree or equivalent plus one to two years of effective experience in academic student services, especially in dealing with the distant, nontraditional learner. Ability to communicate well in writing important. Employee will be expected to work some regular evening hours. STAFF GRADE 6

• **Senior Technical Specialist, Senior Vice President for Research and Dean of the Graduate**

School, Office of Sponsored Programs, Technology Transfer and Industrial Liaison, Great Valley-Responsible to the associate vice president for research and technology transfer through the director, Pennsylvania Technical Assistance Program, for serving as a resource person for clients interested in economic development. Responsible for visiting public and private sector organizations in Southern Pennsylvania. Requires master's degree, or equivalent, in an engineering, field or physical science, plus five to seven years of effective experience in an industrial setting. THIS IS A FIXED-TERM POSITION FUNDED THROUGH JUNE 30, 1990, WITH EXCELLENT PROBABILITY OF RE-FUNDING. STAFF GRADE 9.

• **Applications Programmer/Analyst, Computer and Information Systems, Library Computing Services, University Park Campus**-Responsible to designated project leader for conducting analyses of data processing and operational problems, determining detailed requirements to solve problems, formulating logical statements of systems problems and preparing computer programs to satisfy desired results. Requires bachelor's degree, or equivalent, in basic computer systems and one to two years of effective experience in computer programming and analysis. Experience with DEC VMS is preferred. THIS IS A FIXED-TERM POSITION FUNDED THROUGH DEC 31, 1990. STAFF GRADE 6

• **Research Programmer, Computer and Information Systems, Center for Academic Computing, University Park Campus**-Develop, install and maintain software and support documentation for applications and application environments on high-performance Unix workstations. Requires master's degree, or equivalent, in computer science or related discipline and one to two years of effective experience in instructional and research applications on high-performance Unix workstations. Proficiency in Unix (3bsd), C and Fortran languages, and object-oriented programming is required. Familiarity with one or more of the following is highly desirable: PostScript, Objective C, TCP/IP networks, hypertext, audio processing, interactive graphics, NeXTStep, VM/CMS. STAFF GRADE 7

• **Computer Operator, Computer and Information Systems, Center for Academic Computing, University Park Campus**-Responsible to the operations supervisor for accurate handling of input and output files and for operating computer equipment. Requires associate degree, or equivalent, including two years of college mathematics or two years of college science or engineering. Familiarity with computer programming and operation of various equipment is helpful. Shifts 8 a.m. to 4:30 p.m., 4:30 p.m. to 1 a.m. and midnight to 8 a.m. STAFF GRADE 4

• **Manager, Mechanical, Electrical and Building Systems-Maintenance and Operations, Office of Physical Plant, Physical Plant, University Park Campus**-Responsible to the director of maintenance and operations for the total functioning and direct line responsibility of the mechanical, electrical and various building system functions, including the Central Control System. Duties include: developing budget proposals and receiving and evaluating recommendations for material and equipment needs. Requires bachelor's degree in engineering, or closely related field, or equivalent, plus four to seven years of effective experience in complex institutional building system maintenance and operations. STAFF GRADE 8

• **Academic Counselor, Liberal Arts Advising Center, University Park Campus**-Responsible to the coordinator of advising center for the advising of undergraduate nonmajor students in College of the Liberal Arts, act as liaison to academic departments and student support services, serve as an academic advising resource to college faculty at University

Park and Commonwealth Campuses; meet with prospective students and their parents. Requires master's degree, or equivalent, in counseling or related field plus one to two years of effective experience. TWO FULL-TIME, CONTINUING POSITIONS ARE AVAILABLE. ONE IS AN 11-MONTH POSITION, THE OTHER IS A 12-MONTH POSITION. STAFF GRADE 7.

• **Network Analysis/Installation Security Officer, The Department of Information Systems, The Milton S. Hershey Medical Center**-Responsible to the assistant director, information systems, for the strategic planning and development of office information networks and the integration of these networks within the Medical Center information support systems. Recommend guidelines for the acquisition of equipment and development of software. Requires bachelor's degree or equivalent, in computer science, math, engineering and/or management information systems or related field, plus two to three years of effective experience working with office network and personal computers. STAFF GRADE 7.

• **Utilization Review Specialist, The Department of Healthplan Inc., Healthplan, PPA, The Milton S. Hershey Medical Center**-Responsible to the medical director of Healthplan for the review of hospitalization and discharges, as well as the documentation of the patterns of utilization for physician and hospital providers. Requires bachelor's degree, or equivalent, in an allied health field (Med Tech, respiratory therapy, etc.) or in nursing, with a minimum of two years effective clinical hospital experience, preferably in a utilization review setting. STAFF GRADE 6.

• **Coordinator, Adult Epilepsy Program, Nursing Administration, The Milton S. Hershey Medical Center**-Responsible to the medical director of the Adult Comprehensive Epilepsy Treatment Program to include overseeing the day-to-day operation of the program, as well as training of staff and development of patient, family and community education. Requires master's degree in nursing or related clinical area, current licensure by Pennsylvania State Board of Nursing plus one to two years of effective clinical or administrative experience. STAFF GRADE 7.

• **Research Writer/Analyst, Nursing Administration, The Milton S. Hershey Medical Center**-Responsible to the director of the Center for Nursing Research for assistance in the provision of research activities to include preparation and/or directing the preparation and editing of reports, manuscripts, articles, brochures and critiques dealing with nursing research, as well as the collection and analysis of research data. Requires bachelor's degree, or equivalent, in English, journalism, science or a related field and one to two years of effective experience editing and writing for journals and magazines. STAFF GRADE 5

• **Director of Administration/Obstetrics and Gynecology, The Department of Obstetrics and Gynecology, The Milton S. Hershey Medical Center**-Responsible to the chairperson of the Department of Obstetrics and Gynecology for the planning and management of administrative, financial and operational activities of the department. Requires bachelor's degree, or equivalent, in business administration, health services administration, public health (MBA or MHA preferred), plus four to six years of effective experience. Experience in professional reimbursement or third-party reimbursement and research administration, including the preparation of contracts and proposals is necessary. Knowledge of finance and accounting is necessary. STAFF GRADE 8.

• **Divisional Coordinator/Oncologic Surgery, The Department of Surgery, The Milton S. Hershey Medical Center**-Responsible to the chief of

the division for the performance of and assistance with a variety of administrative duties to include supervision of clerical employees, preparation of various documents and efficient operation of the division. Requires bachelor's degree, or equivalent, plus one to two years of effective experience in the performance of administrative duties. Experience with personal computer applications desirable. STAFF GRADE 5.

• **Divisional Coordinator/General Surgery, The Department of Surgery, The Milton S. Hershey Medical Center**-Responsible to the chief of the performance of administrative duties to include supervision of clerical employees, preparation of various documents and efficient operation of the division. Requires bachelor's degree, or equivalent, plus one to two years of effective experience in the performance of administrative duties. Experience with personal computer applications desirable. STAFF GRADE 5.

• **Coordinator, Rehabilitation Billing, The Department of Financial Management, The Milton S. Hershey Medical Center**-Responsible to the supervisor, hospital billing, for coordinating the functions of the billing and filing areas for the operations of rehabilitation billing. Requires associate degree, or equivalent, in business administration plus one to two years of effective experience. STAFF GRADE 4.

• **College Health Services Nurse, Penn State Erie, The Behrend College, Student Services**-Responsible to the nurse practitioner for providing a wide range of health care services and related programs. Maintain medical records, pharmaceutical and medical supplies. Requires bachelor's degree in nursing plus one to two years of effective experience in college health nursing or a related area with preference to health education and health promotion programs. Must be licensed as a registered nurse in the Commonwealth of Pennsylvania. THIS IS A NINE-MONTH, FULL-TIME POSITION. SOME EVENING HOURS WILL BE REQUIRED. STAFF GRADE 5.

• **Assistant to the Director of Student Programs and Services, Shenango Campus**-Coordinate, plan and implement an on-going student activities program; assist with cultural events, lectures, performing arts, film programs, orientation activities, etc.; assist in developing leadership program experiences for student organization officers and members; assist in delivering community-related educational functions such as fairs, visitations, etc. Requires master's degree, or equivalent, in an appropriate area of student personnel work, plus up to and including one year of effective experience. STAFF GRADE 6.

• **Athletic and Recreation Assistant, Shenango Campus**-Coach two or more varsity sports; organize student travel and prepare press releases; administer intramural programs; conduct athletic recruitment; track academic progress of various student athletes; inventory, make purchase recommendations and maintain all athletic equipment. Requires bachelor's degree in physical education, recreation and/or related field, plus one to two years of related experience and coaching experience. THIS IS A FIXED-TERM POSITION FUNDED THROUGH MAY 31, 1990, WITH GOOD POSSIBILITY OF RE-FUNDING. STAFF GRADE 5.

• **Junior Engineering Aide, Applied Research Laboratory, University Park Campus**-Responsible to the project engineer or designated senior engineering aide for assistance in fabrication, testing, installation, operation and maintenance of nonstandard electronic equipment. Requires associate degree, or equivalent, in electrical or mechanical engineering technology program and more than three months of effective experience. Position may

Hucks endow faculty chairs and graduate fellowships

The president of the Board of Trustees and his wife have contributed a \$5 million life insurance policy to endow four faculty chairs and a fund for graduate fellowships at the University.

J. Lloyd and Dorothy Faeck Huck of New Vernon, N.J., plan to endow chairs in the colleges of Medicine, Science, and Health and Human Development, and in the University Libraries. Students from all fields will be eligible for the graduate fellowships.

Lloyd Huck is chairman of both Nova Pharmaceutical Corp. and Mutual Benefit Life Insurance Co. He has served as president of the Board of Trustees since 1988 and has been a trustee since 1977.

"This magnificent gesture from Lloyd and Dottie Huck will have a tremendous impact throughout the University," President Jordan said. "The chairs will help us to attract and retain world-class faculty, and the fellowships are critical to our efforts to attract the best advanced-degree students, regardless of their field of academic interest."

Dr. Jordan also noted the commitment's importance to The Campaign for Penn State, a six-year effort to raise \$300 million in private support.

President Jordan (left) and J. Lloyd Huck

"Although the Campaign surpassed its goal in November, the Hucks' gift is evidence that our fund-raising efforts continue to gain momentum," he said. "The Hucks have recognized that, despite the Campaign's success, Penn State will

continue to rely on private support to meet the University's many ongoing needs."

The Campaign will continue through June 30. Gifts and pledges now total \$321 million.

The Hucks made their gift by naming

Penn State the owner and beneficiary of a \$5 million insurance policy, upon which they will continue to pay annual premiums. Their gift is the largest Penn State has received via this philanthropic method.

"We're making this commitment in order to strengthen the great land-grant tradition at Penn State," Mr. Huck said. "The real beneficiaries of a stronger Penn State are its students, many of whom are first-generation college men and women from modest social and economic backgrounds."

"Our students deserve the best education we can provide. These four new endowed chairs will bring Penn State students into contact with the very best teachers and scholars in the nation today. And the graduate fellowships will make it easier financially for deserving students to do advanced work at the University."

The J. Lloyd Huck Chair in Molecular and Cell Biology will be established in the College of Medicine at the Medical Center. The holder of the chair will direct the graduate program in molecular and cell biology and will oversee the core faculty that houses the complex technologies used by researchers in both the basic sciences and the clinical departments.

Huck and Coppersmith are re-elected to Trustee posts

J. Lloyd Huck, chairman of the board of Nova Pharmaceutical Corp. of Baltimore, Md., was re-elected president of the Board of Trustees at its meeting Jan. 13 at University Park.

Marian Ungar Coppersmith, president of The Barash Group and publisher of *Town & Gown* and *Where & When* magazines, was re-elected vice president of the board.

Mr. Huck and Ms. Coppersmith were selected to serve one-year terms, which will expire in January 1991. It is the third term

for each official.

A resident of New Vernon, N.J., Mr. Huck served three years as vice president of the Board of Trustees from 1985 to 1987. He has been a member of the board since 1977, when he was elected by delegates from industrial societies, and a member of various board committees. In addition, he has served as vice chairman of the Committee on Finance.

A 1946 graduate with a BS degree in chemistry, he is past president of the Penn

State Alumni Association and a member of the Campaign Executive Committee and Mount Nittany Society. He has been named an Alumni Fellow of the University's colleges of Medicine and Science.

Before joining Nova Pharmaceutical Corp. as chief executive officer in 1986, he was chairman of the board at Merck and Co. Inc., where he had served in various managerial positions since 1958, including president, chief operating officer and

chairman of the board.

Recently, he was named chairman of the board of directors of The Mutual Benefit Life Insurance Co. He also is a member of the board of directors of ARMCO Inc. and the Association of the Governing Boards of Universities and Colleges and a trustee of the Morrisstown, N.J., Memorial Foundation and the Geraldine R. Dodge Foundation.

Ms. Coppersmith, a 1953 graduate with a bachelor's degree in journalism, has been a

Meetings on job evaluation project are scheduled

A multi-year project to review job evaluation and compensation programs at Penn State is quickly moving into its first phase as a series of meetings take place throughout the Penn State system during the next two months.

"University involvement is a key component to the success of this comprehensive effort," according to Billie Willits, assistant vice president of human resources at the University. "For a new program of evaluation and compensation to be responsive to the needs of employees in the 1990s, we need extensive feedback."

Officials announced in November that the Pittsburgh office of the international consulting firm of William M. Mercer Meidinger Hansen, Inc. was selected from among six firms to provide support to Penn State for this project.

"The consultants have been expanding their understanding of the University, its environment and its mission and culture," Ms. Willits explained. "The series of meetings during the next month will help them, along with the Review Committee, to set objectives."

"Program reviews of this kind are normal and should be done routinely at an institution of this size. It does not signal across the board salary increases or the like. What it does signal is that an employer must be capable of adapting to changes in society."

"The society we live in is significantly different and more complex than it was just 10 years ago. Technological changes, for instance, have created the need for positions which did not exist at that time. We also need to examine the personal and career goals employees have and explore options for helping them achieve what they want out of their jobs at Penn State."

Penn State intends to design and implement a customized job evaluation and compensation program for the staff exempt, staff non-exempt, and clerical classifications and to develop communications and training for the new program.

Among the goals of the project will be to provide a framework for career growth and to reward excellence; help the University to attract and retain first-rate individuals in the job markets and fields where it now

Schedule of open meetings: Allentown, Jan. 18; Altoona, Jan. 23; Beaver, Feb. 15; Behrend College, Jan. 21; Berks, Jan. 18; Delaware, Jan. 16; DuBois, Jan. 24; Fayette, Feb. 14; Great Valley, Feb. 21; Harrisburg, Jan. 31; Hazleton, Feb. 8; Hershey Medical Center, Jan. 31 and Feb. 1; McKeesport, Feb. 14; Mont Alto, Jan. 30; New Kensington, Feb. 14; Oquon Park, Jan. 17; Schuylkill, Jan. 17; Shenango, Jan. 24; University Park, Jan. 19 and 29 and Feb. 12 and 20; Wilkes-Barre, Feb. 7; Worthington, Scranton, Feb. 8 and York, Jan. 30.

competes for employees; and to ensure the overall system is free of racial, ethnic and gender bias.

"This effort comes out of the important work of the Strat'gic Study Group on Status of Women, a group formed by President Jordan," Ms. Willits said.

To insure staff involvement, Rachel Miller, manager, salary administration and classification, and members of the Classification/Evaluation Review Committee have scheduled open meetings at all campuses in the Penn State system.

"These meetings are designed to inform interested staff and faculty of the objectives and work plan for the project," Ms. Miller said. "Audiences are encouraged to ask questions and help us identify issues which need to be addressed through this project."

Employees should watch for local publicity about the times and locations for the meetings at their campuses.

Anyone with additional suggestions to offer the project team is encouraged to contact them at Box 7 Rider Building.

Billie Willits

Focus on Diversity

Terrell Jones appointed special assistant to provost

W. Terrell Jones has been appointed special assistant to the provost to share responsibilities for diversity and campus climate issues. Trustees have learned.

The search committee for the new vice provost for underrepresented groups has reviewed nearly 100 resumes from applicants nationwide and interviewed several candidates from a wide variety of universities." William C. Richardson, executive vice president and provost of the University said. "But the most promising candidates either could not relocate or did not demonstrate the kind of leadership qualities we are seeking at Penn State."

The search committee will continue to review nominations and applications.

I commend committee members for their dedicated and thoughtful work," Dr. Richardson stated. "There is a difficult task. They have thoroughly scrutinized applicants during interviews in order to locate a candidate with the commitment to underrepresented groups, academic credentials and administrative experience to successfully deal with these issues at Penn State.

"I am confident that the search committee will send forth another group of excellent candidates."

For the Spring Semester, Dr. Jones will work with Robert Dunham, vice president and vice provost, who currently serves as the liaison to the Office of the

W. Terrell Jones

President and student groups concerned about diversity issues.

"It seems necessary and appropriate to place emphasis and attention on the concerns that precipitated the creation of the position," Dr. Richardson said.

Dr. Jones, associate director of the Division of Campus Life, currently is an Administrative Fellow in the Office of the President.

He joined Penn State in 1977 after serving as assistant dean of student life and

assistant director of admissions at Lock Haven University. He was an area coordinator in residence halls and assistant director of residential life programs in East Halls before assuming his current position in 1984.

His activities include serving as president of the Forum on Black Affairs, coordinator

of the University Intergroup Relations Program and chair of the Centre County Advisory Council of the Pennsylvania Human Relations Commission.

Dr. Jones received a B.A. degree from Lock Haven University and M.Ed. and D.Ed. degrees from Penn State.

WPSX-TV programs

The Cambridge Forum, a new discussion and interview program with leaders of the African-American community nationwide, airs at 11 a.m. Sundays on Channel 3.

In *Two Societies* (1965-68) on *Eyes on the Prize II*, airing at 10 p.m. Monday, Jan. 22, Martin Luther King Jr. and the Southern Christian Leadership Conference (SCLC) come north to help Chicago's civil rights leaders in their nonviolent struggle against segregated housing.

Their efforts pit them against Chicago's powerful mayor, Richard Daley. When a series of marches through all-white neighborhoods draws violence, King and Daley negotiate with mixed results.

In Detroit, a police raid in a black neighborhood sparks an urban uprising that lasts five days, leaving 43 people dead. The Kerner Commission finds that America is becoming "two societies, one black, one white, separate and unequal." President

Lyndon Johnson, who appointed the commission, ignores the report.

Diversity Calendar

Saturday, Jan. 27
Office of Minority Faculty Development, 9:30 a.m. to 12:30 p.m., 114K Kern Graduate Building. "The Process of Being Published" is the first in a series of faculty development workshops this semester. Emilia Martinez-Brawley, professor of social work, will be the speaker. For reservations, call Leah Wiltz at 863-1603.

Through Jan. 31
Black Studies Room, Pattee Library. Exhibit: "Civil Rights Leaders: Where Are They Now?"

Through Feb. 10
Paul Robeson Cultural Center. Art display by Penn State Alumnus Llewellyn Ritchie.

News in Brief

Golf shop winter hours

The White Golf Shop located on the ground floor of Recreation Building facing Atherton Street is open for business from 10 a.m. to 6 p.m. Monday through Saturday through March 3. The shop is closed Sundays through January and February. For more information call the golf shop at 865-6231.

Meat Lab schedule

Following is a list of dates on which the Meat Laboratory will be conducting meat sales for the Spring Semester Jan 19 and 20; Feb. 2, 9, 16, 23; March 2, 9, 16, 23, 30, April 6, 13 (Good Friday), 20 and 27. May 4 (last sale day).

Customers are asked to take note of the Easter holidays. If you would like to place an order for an Easter ham, please do so prior to March 1.

The Meat Lab also is establishing a mailing list so that customers can be notified about "specials" that may occur from time to time. If you would like to be placed on this list, or if you have any questions about Meat Lab sales, call Mark Stevenson, manager, at 865-1878.

Junior handball clinic

The Penn State Junior Handball Clinic, for youths ages 9 to 15, will be held from 9 to 10 a.m. Saturdays and 5:30 to 6:30 p.m. Tuesdays, beginning Jan. 20 and ending Feb. 20.

The clinic will take place at the Recreation Building handball/racquetball courts. Participants will be introduced to a lifetime sport that is fun, challenging, competitive, and an excellent fitness activity. Basic concepts of handball, including rules, shot technique and strategy, will be covered.

For more information or to register, contact the Continuing Education Office at 102 Wagner Building, telephone 865-3443.

Roundtable series

Sanford C. Thatcher, director of the Penn State Press, will lead a lunchtime

roundtable, sponsored by the Penn State Chapter of the National Association of Science Writers, at 11:45 a.m. Wednesday, Jan. 31, in Room 313 Kern Building at University Park.

Mr. Thatcher, who joined the Press earlier this year, will lead a discussion of Scholarly Publishing and the Penn State Press." The free lunchtime roundtable series is open to anyone interested in science communication.

The Penn State Chapter of the National Association of Science Writers meets for lunch and discussion on the last Wednesday of each month. To make a reservation, call Barbara Hale, 863-4682.

Basic movement skills

The College of Health and Human Development will offer a free program in basic movement skills and games for children ages 5 through 8, beginning Feb. 13.

The program will be held in Room 126 White Building at University Park from 4 to 4:50 p.m. Tuesdays through March 27. Registration is scheduled for 3:45 p.m. Feb. 13 in Room 126 White Building.

Community advisory board created

Five Erie businessmen have been appointed to a newly created advisory board for radio station WPSE at Penn State Erie, The Behrend College. The advisory board is expected to provide community input and guidance for WPSE, which has been broadcasting to the Erie area since last May.

The new board consists of Chairman Myron Jones, president and owner, JET Broadcasting Co.; Robert Bach, sales manager, WIET FM; Edward P. Junker III, president and chief executive officer, Marine Bank; Edward Weltejus, editorial page editor, Times Publishing Co.; and Christopher Zimmerman, president and general manager, WQLN TV/FM.

Penn State-Behrend's 1000-watt station is located at 1450 on the AM dial and offers a news, talk and sports format.

At Hershey Medical Center

Vice president is appointed

The Board of Trustees has approved the appointment of **Allan C. Anderson**, president of the Lenox Hill Hospital, as vice president and chief operating officer of the Hershey Medical Center and director of the University Hospital.

He will assume his new duties at Hershey in late January.

President Jordan said, Mr. Anderson has a distinguished record in the field of hospital operations and, more recently, as president of Lenox Hill Hospital, a major affiliate hospital of Cornell University. He is highly regarded as a health-care administrator nationally."

C. McCollister Evaris, senior vice president for health affairs and dean of the College of Medicine, said, "As chief operating officer, Mr. Anderson will be responsible for the administration of Medical Center functions, providing greater continuity and integration for our institution as we move forward in fulfilling our role as a special resource for the people of Central Pennsylvania."

Since 1979, Mr. Anderson has served as president of Lenox Hill Hospital, a 650-bed community teaching hospital in New York City and a major teaching affiliate of

Cornell University Medical College.

He is a trustee and a member of the executive committee of the American Hospital Association, chair of the institutional practices committee, and a member of the regional policy board of AHA. He also is a member of the American College of Hospital Administrators.

Prior to his position at Lenox Hill, Mr. Anderson was executive director of the Strong Memorial Hospital of the University of Rochester, Rochester, N.Y., for 11 years and served in administrative positions at Highland Hospital in Rochester for more than seven years.

His degrees include a B.S. in accounting from Syracuse University and a master of hospital administration from the University of Minnesota.

In addition to service with AHA, Mr. Anderson has taken leadership positions on the governing boards of such organizations as the Hospital Association of New York State and the Greater New York Hospital Association, Empire Blue Cross and Blue Shield, and the League of Voluntary Hospitals.

Allan C. Anderson

From the Trustee Docket

Distinguished Alumni

The Board of Trustees has selected eight alumni to receive the University's highest award for an individual, the Distinguished Alumni Award.

The 1990 Distinguished Alumni, class (years), current title and hometown, are:
Thomas J. Anderson Jr., '56, senior vice president, Hilton Hotel Corp., Central Region, Barrington Hills, Ill.

Charles J. Bierbauer, '66, '70g, senior White House correspondent, Cable News Network, Potomac, Md.

Joseph F. Frederick Jr., '56, senior vice president, United Technologies Corp., Tucson, Ariz.

John R. Ham, '71, executive vice president of project development, Universal Communications Group Inc., Sewickley, Pa.

Charles M. Kearns Jr., '36, retired vice president, United Technologies Corp., Tucson, Ariz.

Thomas D. Larson, '52, '59g, '62g, head, Federal Highway Administration, Lemont, Pa.

Edward Shapiro, '37, consultant and retired CEO, New England Nuclear Corp., Hanover, N.H.

Janet M. Wardlaw, c3g, chairman, board of governors, International Development and Research Center, Guelph, Ontario, Canada.

The Distinguished Alumni Award was established in 1951 to honor Penn State alumni who have made outstanding contributions to their professions and community service.

Dr. Anderson earned a master's degree in music education. He also has a B.A. degree from West Virginia State College and a Ph.D. from the University of Iowa. Named a Penn State Alumni Fellow in 1982, he is considered one of America's foremost black composers, with more than 55 musical works to his credit.

Mr. Bierbauer, who earned a dual bachelor's degree in journalism and Russian and a master's in journalism, is noted as a distinguished broadcast journalist. His career spans more than 20 years, during which time he has covered the Kremlin as a Moscow bureau chief and served as a foreign correspondent in Belgrade, Vienna, Bonn and London.

Mr. Frederick earned a bachelor's degree in hotel administration and also graduated from the Advanced Management Program

at Harvard University (1986). He has played a role in The Campaign for Penn State, helping to secure major gifts for an endowed chair and for other academic programs.

Mr. Ham, who earned a bachelor's degree in business administration, real estate and insurance, now works for the Pennsylvania Communications Group and is a sportscaster for the Mutual Broadcasting System and WTAE-TV. He is most noted for his football exploits, and in 1988 was elected to the Professional Football Hall of Fame in his first year of eligibility.

Mr. Kearns received a bachelor of science degree in electrical engineering. Until his retirement in 1977, he was with Hamilton Standard, a division of United Technologies Corp., since his graduation from Penn State in 1936. He also was associated with United Aircraft Corp., an affiliate of Hamilton Standard, from 1936, serving as president from 1961 to 1968.

Dr. Larson earned bachelor's, master's and doctoral degrees from Penn State in civil engineering and also did postdoctoral study at Oklahoma State University and the Massachusetts Institute of Technology. Prior to being appointed to head the

Federal Highway Administration in 1968, he served in a variety of capacities at Penn State. He organized the University of Pennsylvania Transportation Institute and served as its first director until 1979, when he was appointed Pennsylvania's transportation secretary.

Mr. Shapiro received a B.S. degree in chemistry from Penn State and a Ph.D. from Purdue University. He was involved in the Manhattan Project early in his career and in 1956 was co-founder, and now retired chairman, of New England Nuclear Corp., which manufactures and sells radioactive chemicals used by universities, medical schools and industries.

Dr. Wardlaw, who earned a Ph.D. in nutrition, received a B.A. degree from the University of Toronto and an M.S. from the University of Tennessee. In her work as chair of the board of governors of the International Development Research Center, she travels throughout the world to evaluate first-hand the effectiveness of IRSC programs in third-world countries. Previously, she was dean of the College of Family and Consumer Studies at the University of Guelph.

Building projects

The Board of Trustees has approved the appointment of Charles W. Moore of Austin, Texas, as the architect for the new addition to the Palmer Museum of Art.

The \$4.9 million project will double the size of the 18-year-old museum, increasing it from 20,884 square feet to 51,534 square feet.

Mr. Moore, internationally acclaimed for more than two decades, has received more than 25 national awards for architectural design. His most recent honors were the national American Institute of Architecture Honor Awards in 1987 and 1988.

The architect has taught for 40 years at universities, such as Princeton; Yale, where he was dean for five years; University of California at Berkeley, where he was chairman of the Department of Architecture for six years; University of California at Los Angeles; and currently at The University of Texas at Austin.

His work ranges from houses to world's fairs, art institutions, civic centers and university campuses. His projects in campus planning and public institutions include Kresge College, University of California at Santa Cruz, the Beverly Hills Civic Center and the Williams College Museum of Art.

"The addition to the Palmer Museum of Art will make possible a major change in the program of our museum," James C. Mooser, dean of the College of Arts and

Architecture, said. "The addition will more than double the present amount of exhibition space, allowing the museum, for the first time in its history, to install its permanent collection."

"A new auditorium will make possible lectures and classes without disrupting exhibitions or endangering art. New storage and work spaces will be provided in adequate measure for the first time," he noted.

Educational programs have been developed to attract thousands of elementary, secondary and Penn State students. During the past year, 59 programs and 15 exhibits were presented in the various galleries. There were 52,672 people who attended programs or special functions, or toured the museum. To meet the growing demand for educational programs, the addition will include a 150-seat auditorium, a multi-purpose room for students and school programs, and a work area for volunteer docents who lead many of the programs.

Approximately \$4.1 million has been raised toward the expansion. In 1986, James R. and Barbara R. Palmer of State College donated \$2 million and since that time, another \$2.1 million has been contributed from private sources and The Campaign for Penn State.

In other action, Trustees:

--Approved a budget increase for contracts

to be awarded for construction of the Research Office Building at University Park.

Planned space in the two-story building has been increased from 20,000 square feet to 22,600 square feet to meet program requirements. As a result, the proposed budget was increased from the \$2,150,000 approved in March 1989 to \$2,650,000 to allow for the alterations.

The building is designed by the Office of Physical Plant. It will house office and support space for the Pennsylvania Transportation Institute and staff from the Materials Research Laboratory and the U.S. Department of Agriculture's Northeast Watershed Research Center.

--Approved final plans and authorized the University to obtain bids and award contracts for construction of a Science and Technology Center/Bookstore at the York Campus.

The project is made possible by a \$2 million fund-raising campaign conducted in the communities served by the campus. Funding for the bookstore will be provided by the Penn State Bookstore system. The new bookstore will significantly improve services to the campus.

The two-story facility will be located directly north of the Student-Community Center, where a parking lot currently is situated. The building's first floor will include two lecture classrooms, three computer classrooms and a bookstore. The

second floor will contain faculty offices.

--Approved proposed sketch/preliminary plans for the Pennsylvania Coal Center for Desulfurization Research at University Park.

The 21,500-square-foot facility will be for state-funded research on ways to eliminate sulfur by-products created from the use of Pennsylvania coal. It will be located between and connected to the existing Academic Activities Building and the Academic Projects Building on Bigler Road.

The structure will include two-story sections connecting by an area of offices forming a second-story link between them.

The section adjacent to the Academic Activities Building will contain high bay preparation and combustion areas, and laboratory, storage and receiving space. The other section, adjacent to the Academic Projects Building, will include the main entrance, a seminar room and a receiving area for the Academic Projects Building.

--Approved a lease of land at the University Park Airport to a developer for Federal Express as a location for a terminal facility.

The 20,000-square-foot structure will be situated on three acres designated for industrial development with direct access to airport runways. It will consolidate Federal Express's processing operations, currently located off airport grounds, and its aircraft operations.

Ag research center

The Board of Trustees has approved renaming the Agricultural Research Center at Rock Springs to The Russell E. Larson Agricultural Research Center at Rock Springs.

The name change honors Dr. Larson, provost emeritus, who served as provost of the University from 1972 to 1976 and dean of the College of Agriculture from 1963 to 1972.

"Russ Larson's service to the College of Agriculture and to Penn State is unsurpassed," Lamarine Hood, dean of the College of Agriculture, said. "For more than three decades, he has contributed as a scientist, educator and administrator. Even now, his work in international agriculture is invaluable. Renaming the research center for him is a fitting tribute to his work."

The research center of 1,500 acres is located along Route 45, nine miles from the University Park Campus. It is the site of the annual Ag Progress Days exhibition, the Pasto Agricultural Museum and the Clark Kerr Apple Museum. The center comprises the horticulture, agronomy, plant pathology and entomology research farms and a

USDA Regional Pasture Laboratory research facility.

"Dr. Larson was the driving force behind the establishment and development of the Rock Springs Research Center," Dean Hood said. In addition to serving as provost and dean, Dr. Larson was director of the Agricultural Experiment Station from 1969 to 1972 and director of Penn State Cooperative Extension from 1971 to 1972.

He was head of the Department of Horticulture from 1952 to 1962 and chairman of the Division of Plant Sciences and Industry from 1962 to 1963 while he also served as associate dean and director of cooperative extension.

A fellow of the American Association for the Advancement of Science and the American Society for Horticultural Science and a member of many other honor and professional associations, has served as an agricultural consultant to USDA, the Rockefeller Foundation Mexican program, and to Argentina and Costa Rica. He currently is vice president of the Board of Directors of the Pennsylvania Research Corp.

Nominations of seniors sought for awards

Nominations of outstanding University seniors are being sought for three annual awards named for former presidents of the University -- the Eric A. Walker Award, the Ralph Dorn Hetzel Memorial Award and the John W. Oswald Award.

The Walker Award recognizes a senior whose activities and achievements have enhanced the public esteem and renown of the University.

The winner will receive an engraved Eric A. Walker plaque, for which funds have been contributed by Dr. Walker. Also, the name and date of graduation shall be placed on a large trophy remaining on permanent display at the University.

The Hetzel Award recognizes the achievements and potential of outstanding undergraduate students who have demonstrated the qualities of responsible leadership during their college careers and show promise of public spirited achievement in the future.

Financial support for the award comes from funds contributed by Estelle H. Hetzel in memory of her late husband. The

recipient shall receive a scroll and a monetary award.

The John W. Oswald Award recognizes those graduating seniors who have provided outstanding leadership in at least one or more of the following areas at the University: scholarship, athletics, social services, religious activities and student government; journalism, speech and the mass media, and the creative and performing arts.

The recipient of the award shall receive a John W. Oswald medalion recognizing the recipient's leadership. The financial support for this award was received from members and alumni of Omicron Delta Kappa National Honor Leadership Society, Laura Crown Circle.

The awards will be presented at the Awards Convocation Sunday, April 8, in Eisenhower Auditorium.

Nomination forms are available at the HUB and Kern desks or the Division of Student Programs Office, 215 Eisenhower Chapel, at University Park. They are due in the Division of Student Programs Office by Feb. 12.

Focus on the arts

Film festival winners

The winners of the 1989 Bucks County Film Festival National Independent Film Competition will be shown at 8 p.m. Thursday, Jan. 18 in Room 112 of the Kern Graduate Commons at University Park.

The avant-garde films to be shown are the 1989 award winners in these categories: Best Documentary Film, Best Narrative Film, Best Animated Film, and Best Art/Experimental Film. The program is 2 1/2 hours in length.

The arts on Channel 3

"Seize the Day," an adaptation of Saul Bellow's modern classic airing at 1 p.m. Sunday, Jan. 21, on *Great Performances*, is the first work of this prominent American author to find its way to film.

Filmmaker Ken Burns' *In Conversation* airing at 2:30 p.m. Sunday, looks at how the film artist uses natural-light cinematography and the nation's finest actors to create a chorus of voices that make a past era of American history come alive.

American Playhouse will kick off a new season of programming with the world premiere of "Sensibility and Sense," a play by Richard Nelson about three people who have been friends for more than 50 years, only to discover that they have never really "known" each other.

The drama, which stars Tom Aldredge, Jean Simmons and Elaine Stritch in the three pivotal roles, will air at 9 p.m. Wednesday, Jan. 24.

Painter to lecture

Luis Cruz Azaceta, an expressionist Cuban painter will give a talk on "Recent Work" at 1:30 p.m. Tuesday, Jan. 23 at the Palmer Museum of Art at University Park.

Mr. Azaceta is the fifth artist to participate in the Visiting Artists program sponsored by the School of Visual Arts. A political refugee from Cuba, he concentrates on the themes of religion, alienation, oppression, death and victimization as icons for the human condition.

His paintings and prints are presented in New York and Chicago by Franklin Adams Gallery. His work has been shown at the Museum of Modern Art in New York, the Museum of Contemporary Hispanic Art, the Houston Museum of Fine Arts and the Metropolitan Museum of Art.

The artist will be at University Park Jan. 22 and 23. He will meet with the Visiting Artist Seminar Class at 7:30 p.m. Monday and Tuesday, Jan. 22 and 23, in the Scholars Lounge, 215 Wallard Building. All events are open to the public.

Trumpet ensemble

The Penn State Trumpet Ensemble will perform in concert at 12:10 p.m. Thursday Jan. 25, in Eisenhower Chapel at University Park. The 20-minute concert is part of the spring Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The program will include "Sonata for 7" by Biber, "Music for Five Trumpets" by Reynolds and "Canonical Trilogy" by Tull.

The Trumpet Ensemble consists of 14 trumpet players, most of whom are undergraduate and graduate majors in the School of Music. It is directed by Robert Howard, School of Music faculty member.

Del'Arte Quintet

The Del'Arte Quintet will present a wind chamber music performance at 8 p.m. Thursday, Jan. 25, in the Recital Hall of the Music Building at University Park.

The program will feature the piano quintets of Mozart and Beethoven with pianist Michael Steinberg.

As the ensemble-in-residence in the Music Department of the University of

Stephen C. Foster, curator of 'The Avant-Garde and the Text,' will discuss the exhibition at 8 p.m. Jan. 31 in the Palmer Museum of Art.

Delaware, the Del'Arte Quintet brings a unique tradition of wind chamber music from the 18th century to the present. They perform a variety of music, often with guest artists, in settings that range from the concert hall to the school classroom.

Quintet members are flutist Eileen Grycky, oboist Lloyd Shorter, clarinetist Charles Salinger, hornist Francis Orval and bassoonist Jesse Read.

World debut work

Penn State is one of three presenters to host a world debut work by Pilobolus Dance Theatre and the Pittsburgh New Music Ensemble.

The contemporary dance troupe will give an exclusive live performance with their musical collaborators when Pilobolus comes to University Park's Eisenhower Auditorium at 8 p.m. Saturday, Jan. 27.

The new work by Pilobolus and the Pittsburgh New Music Ensemble is tentatively called "Inside the Careening." The Pittsburgh Dance Council commissioned the piece at a cost of \$87,500 and is hosting its premiere on Jan. 19 at the Benedum Center in Pittsburgh.

The 22-minute work features four male dancers and is described by artistic director Jonathan Wolken as "a high energy piece." The new composition will be played by the 11 members of the Pittsburgh New Music Ensemble led by conductor and composer David Stock.

The Penn State presentation, which is part of the Pennsylvania Touring/Commission Project, is supported jointly by grants from the Pennsylvania Council on the Arts and the Pew Charitable Trusts, created with funding from the National Endowment for the Arts.

Tickets are available through the Eisenhower Auditorium Ticket Center, which is open weekdays, 9 a.m. to 4 p.m., and the Playhouse Box Office, open 11:30 a.m. to 5:30 p.m. Tuesday to Friday.

Cello and piano recital

Stephen Feldman, cellist, and Lynne Mackey, pianist, will perform a guest recital at 3 p.m. Sunday, Jan. 28, in the Recital Hall of the School of Music at University Park.

The program will include three sonatas for cello and piano by Debussy, Britten and Brahms.

A graduate of Swarthmore College with degrees in music and English literature, Mr. Feldman currently is a graduate assistant in strings at the Eastman School of Music. Ms. Mackey is a doctoral candidate in piano performance at the Eastman School of Music.

Evening of songs

Richard Kennedy, tenor, and member of the School of Music faculty, will give a

recital at 8 p.m. Sunday, Jan. 28, in the Recital Hall of the School of Music at University Park.

Pianist Betty Bullock of Washington D.C., will accompany Professor Kennedy. The program will feature songs by Beethoven, Brahms, Alban Berg, Vaughan Williams, Finney, Chantler and Geoffrey Bush.

Prior to his appointment to Penn State this year, Professor Kennedy lived in Boston where he performed extensively. Ms. Bullock currently is on the music staff of the Washington Opera and is the head of the accompanying staff of the American Institute of Musical Studies in Graz, Austria.

Trumpet concert

The Penn State Trumpet Ensemble will present a concert at 8 p.m. Monday, Jan. 29, in the School of Music Recital Hall at University Park.

The concert will feature the music of Bach, Biber, Stevens, Tull, Reynolds, Tomasi and Brindley. Special guest performers will include the B.L.T. Trumpet Trio and organist Patricia Lloyd.

The Penn State Trumpet Ensemble is composed primarily of School of Music students. The ensemble is under the direction of School of Music faculty member Robert Howard.

Bracken Lecture

William Cronon, professor of history at Yale University, will open the spring Bracken Lecture Series with a talk on "Ecology and Empire: Environmental Change in Colonial New England" at 8 p.m. Tuesday, Jan. 30, in 129 Waring Commons at University Park. The lecture is sponsored by the Department of Landscape Architecture.

Dr. Cronon's book, *Changes in the Land: Indians, Colonists, and the Ecology of New England*, published in 1983, has been hailed as a path-breaking study of ethno-ecological history and an interdisciplinary synthesis of ecological and cultural history. It has had an important impact on the study of environmental history in the United States and abroad.

Dr. Cronon was a Rhodes Scholar who earned his Ph.D. at Oxford. He was a recipient of a MacArthur Fellowship in 1985 and recently was awarded the Yale College Prize for Distinguished Undergraduate Teaching. He is co-chair of the Students in the Environment Program at Yale.

Museum talk

Stephen C. Foster, curator of "The Avant-Garde and the Text," will discuss the exhibition at 8 p.m. Wednesday, Jan. 31, at the Palmer Museum of Art at University Park.

"The Avant-Garde and the Text," which runs through March 11, features textual

Richard Kennedy, tenor, will give a recital at 8 p.m. Jan. 28 in the Recital Hall of the Music Building.

works representing the avant-garde artistic movements of the early 20th century.

Dr. Foster received a master's degree from the University of Illinois in 1969 and his doctorate from the University of Pennsylvania in 1973. Currently, he is a professor at the University of Iowa and director of its Program for Modern Studies.

Chamber singers

The Penn State Chamber Singers will perform in concert at 12:10 p.m. Thursday, Feb. 1, in Eisenhower Chapel at University Park. The 30-minute concert is part of the spring Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The program will include selections from Hindemith's "Six Chansons" and Dvorak's "Nature Songs." The Dvorak will be sung in Czechoslovakian.

Rhythm and blues

"Rhythm and Blues: Black American Popular Music, 1945-1955," a Smithsonian exhibit of photographs celebrating the beginnings of this American musical tradition, is on display through Sunday, Feb. 18, in the HUB Formal Gallery at University Park.

Fifty-one photographs and descriptive text highlight the formative years of rhythm and blues, focusing in the early dance halls and theaters, ballad and blues singers, street corner groups, Black/African American records and radio, and the pop charts. The exhibition explores some of the industry's greatest contributors: Joe Turner, Louis Jordan and the Tympany Five, Fats Domino, Nat "King" Cole and the Orioles.

The pace of urban life and the promise of better times transformed the music of southern Blacks who migrated to America's cities in the 1940s. A new music, which was a hybrid of diverse styles, grew from swing, blues and gospel.

The exhibition was organized by the Department of Public Programs, National Museum of American History, Smithsonian Institution. It is traveling nationally under the auspices of the Smithsonian Institution Traveling Exhibition Service (SITES). At Penn State, the exhibit is sponsored by the Office of Unions and Student Activities and the HUB Galleries.

The HUB Formal Gallery is open from noon to 7 p.m. Monday through Thursday, noon to 5 p.m. Friday and Sunday and 11 a.m. to 5 p.m. Saturday. A lecture and lunch-time concerts will be scheduled to complement the exhibit.

HUB Craft Centre

The HUB Craft Centre at University Park offers a wide variety of activities to appeal to the diverse University and State College population, from children through senior citizens.

The youth program for children 8 years and older offers special children's classes and memberships. Classes for adults include pottery, quilting and patchwork, stained glass, watercolor, weaving and wheelthrown pottery.

Registration is on a first-come, first-served basis. Forms may be picked up and mailed or done in person in 312 Hetzel Union Building. For further information, call 863-0611.

New studies center

A new Center for Policy and Evaluation Studies in the Arts has been established at University Park.

The center, housed in the College of Arts and Architecture, will develop information through research and analysis to help legislators, educators and arts managers make policy decisions for the arts.

"There is no center in which a group of scholars has been organized to undertake a

(Continued on page 5)

University Park Calendar

January 18— January 28 Special Events

Thursday, January 18

Lecture, 10 a.m., Palmer Museum of Art. Richard Mayhew on "Careers in the Visual Arts."
Brown Bag Lunch/Film, noon-1:20 p.m., Palmer Museum of Art. "Dreams That Money Can Buy," Hans Richter, director.
Bach's Lunch, 12:10 p.m., Eisenhower Chapel.
Penn State Saxophone Quartet.

Friday, January 19

Academic computing meeting, 2 p.m., 141 Computer Bldg.
Geog. Coffee Hour, 4 p.m., 319 Walker. Debra Staussfogel on "The Evolutionary Synthesis: Possibilities for Human Spatial Systems."
Center for the Performing Arts, 8 p.m., Eisenhower Aud., New York City Opera National Company. *La Bohème*.

Sunday, January 21

Shaver's Creek, It's Sno Joke: You Can Survive Winter!, 1-3 p.m. Call 863-2000.
School of Music, recital, 8 p.m., Recital Hall.
Mark L. Lusk, trombone.

Monday, January 22

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Jeanne Kitchin, New Kensington on "Arthur and Merlin at Gloucestershire and York."
German Department Film Series, *Unter den Bruckeln*, 8 p.m., 101 Chambers.

Tuesday, January 23

School of Visual Arts, 1:30 p.m., Palmer Museum of Art. Luiz Cruz Azaceta, painter, on "Recent Work."

Wednesday, January 24

Talk, 8 p.m., Palmer Museum of Art. Jan Senbergs, Harvard Univ., on "Textbook or a Sense of Place: Diversity in Australian Contemporary Art."

Thursday, January 25

School of Music, 6 p.m., Recital Hall. Del'Arte Quintet.

Saturday, January 27

Shaver's Creek, paper making (grades 2-6), 1-3 p.m. Call 863-2000.
Center for the Performing Arts, 8 p.m., Eisenhower Aud. Pittsburgh Dance Theatre and Pittsburgh New Music Ensemble.

Sunday, January 28

Shaver's Creek, the unhuggables, 2-3:30 p.m. Call 863-2000.

The photo of Louis Jordan and the Tympany Five is part of *Rhythm and Blues: Black American Popular Music, 1945-1955* at the HUB Formal Gallery through Feb. 18.

School of Music, 3 p.m., Recital Hall. Stephen Feldman, cello; and 8 p.m., Richard Kennedy, voice.

Jeff Ballou, "Creative License," 12:30 p.m. Thursdays, with Asa Berlin and Pam Saulnier.

International Events

Fulbright Lecture Series

Thomas Jech, professor of math, will discuss current events in Czechoslovakia. 4 p.m., Jan. 24, Frizzell Room, Eisenhower Chapel.

Public Radio

WPSU-FM 91.1

"All Things Considered" Monday-Friday, 5-6:30 p.m.; Saturday and Sunday, 5-6 p.m., Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Obyedny Through Literature," 12:30 p.m. Wednesdays, with S. Leonard Rubinstein. "Perspectives," 6-7:30 p.m. Wednesdays, with

Conferences

Continuing Education Keller Building

Jan. 24, Pennsylvania Bar Institute. Jerry Malsom, coordinator.

Seminars

Tuesday, January 23

Cerontology Colloquium, noon-1 p.m., 101 Health and Human Development East. Daniel J. Lago on "Pets and Wellbeing: Among the Elderly: A Summary of Several Studies." Chemistry Colloquium, 3:30 p.m., 55 Osmond Lab. Andrew G. Ewing on "Electrochemistry in Ultrasmall Environments: Capillary Columns and Single Cells."

Thursday, January 25

Polymer Science, 9 a.m., 301 Steidle. M.W. Kim. Exxon Research, on "Polymer Adsorption at the Solid/Liquid and Air/Liquid Interface." Physics Colloquium, 3:30 p.m., 117 Osmond Lab. Peter Feibelman, Sandia, on "First Principles Calculation of Surface Atom Energetics."

Ecology, 3:45 p.m., 111 Wartik. John Skelly on "Is Forest Decline Real in West Germany?"

Friday, January 26

American Statistical Association, State College Chapter, 1:30-4:30 p.m., 101 Kern. Panel discussion: "Bevare! Longitudinal Studies, the Pitfalls of Repeated Measures Analysis."

Exhibits

Chambers Gallery

Prints and books by art students at Univ. of New Mexico, through Feb. 10.

HUB Galleries

Art Alley Panels/Browsing Gallery:

"Scholarship Art Exhibit," through Jan. 27.

Formal Gallery:

"Rhythm and Blues: Black American Popular Music, 1945-1955," Smithsonian exhibit of photographs, through Feb. 18.

Kern Galleries

Helen Hungerford, "Portraits Plus," through Jan. 30. The French Revolver Machine, through Feb. 24.

Palmer Museum of Art

James Drake, *The Border/La Frontera*, through Jan. 21.
The Loti and Victor Smorgon Collection of Contemporary Australian Art, through Feb. 11. *The Avanti-Card and the Text*, through March 11.

Pattee Library

East Corridor Gallery: Screen Prints of State College, through Jan. 20.

Zoller Gallery

Graphic Design Alumni Exhibition, through Feb. 4.

Bookshelf

J. Madison Davis, associate professor of English at Penn State Erie, The Behrend College, is the author of *White Rock*, a murder mystery that deals with the white supremacy movement.

"It's considered bad taste to bring up the issues and realities associated with prejudice today," Dr. Davis said. "But the fact is that racial and religious disharmonies still exist, even in the north where they may be much more subtle — but as detrimental — as in the south."

White Rock opens in Pittsburgh, where private eye Dub Greenert is called upon to go undercover to investigate a "maybe murder" in New Orleans. The trail he follows leads him first to Erie in search of a

hired killer called "Castle" (a pseudonym for a member of an army of white supremacists called American Values Conservatory Nation), then to the racist group's northern Rockies stronghold.

Dr. Davis also is the author of *The Murder of Frau Schulte* and has written and compiled books of criticism on Edward Albee, Dick Francis, Robertson Davies and Stanislaw Lem.

The Social Sciences: A Cross-Disciplinary Guide to Selected Sources has been published by Libraries Unlimited, Englewood, Colo., as a cooperative effort by 12 faculty members of the University Libraries.

Edited by Nancy L. Heron, associate librarian, McKeesport Campus, the work has been advertised as "a clear straightforward approach to the literature

of the social sciences allowing for fast and easy access to the best resources in the various disciplines of the social sciences."

The text, designed for use by scholars, library professionals, and students of library science, has a chapter arrangement by discipline and begins with a treatise describing the reference environment for that discipline. Resources, judged to be the best in the field, are described with lengthy annotations. Online and electronic information sources are integrated throughout the text.

Charles Heuser, associate professor of horticultural physiology, and Richard

Stinson, professor of agronomy education and horticulture, are co-editors of *Nursery Production* — Second Edition.

The revised textbook includes the basics of the plant nursery production industry as well as new developments since the book's first edition in 1971.

Nursery Production — Second Edition was a joint effort between the College of Agriculture and the Pennsylvania Nurserymen's Association. The book is intended for secondary and post-secondary instruction as well as employee development programs. Its 14 chapters were authored by 12 professionals from five institutions of higher education. The text was reviewed for practical accuracy by 20 prominent members of the Pennsylvania Nurserymen's Association.

Highly illustrated, the textbook includes information on precision production planning, new cultural techniques, pesticide safety, marketing, record keeping and inventory control. The use of computers as an informational tool, an adoption that has

greatly affected the nursery industry, is a notable change addressed in the second edition.

Drs. Heuser and Stinson have edited both the student's and the teacher's versions of the textbook. Each chapter in the teacher's version includes a section of suggestions for teaching the unit, review questions and a "skills performance evaluation" form for both formative and summative evaluations of student performance.

William G. Tierney, associate professor of

education, is the author of *Curriculum Leadership: Democratic Vision. Transformative Leadership in Higher Education*.

The book, published by Praeger Publishers, considers how institutional curricula can act as a critical agent for preparing students to participate in the democratic public sphere. Through an analysis of seven ethnographic case studies, the author demonstrates how the curriculum is a cultural product that institutions socially construct.

"This book offers a different way of thinking about the curriculum in postsecondary education than has been customary," Dr. Tierney said. "Rather than assume that we should reach a consensus about requirements for curricular issues, such as general education or foreign languages, the central aspect of the curriculum in higher education should be the democratic imperative. Democracy as an organizing principle helps focus institutional discourse and promote academic freedom."

Focus on the Arts

(Continued from page 4)

comprehensive, organized and cooperative analysis of arts and arts education policy and to evaluate programs related to the arts." Brent Wilson, director of the new center and head of the art education program in the School of Visual Arts, said.

Dr. Wilson said one of the first areas the center will address is the lack of a policy for arts education at the national level. He also noted that funds from the National Endowment for the Arts are targeted for state arts agencies, rather than to education agencies.

In addition to government funding policies, the center plans to undertake

studies that address policies, practices and beliefs of state arts consultants; politicians' priorities; the social, artistic and aesthetic consequences of funding decisions; arts advocacy efforts; audiences for the arts; arts in higher education; and testing policies and practices in arts education.

The center staff also will develop relationships with legislators in Washington and offer counsel to them, as well as to state legislators and policymakers.

Associate directors for the new center are Harlan Hofia, associate dean for research and graduate studies in the College of Arts and Architecture, and Clyde McGeary, division chief for the arts and sciences in the Pennsylvania Department of Education.

Appointments

Rodney A. Erickson

Rodney A. Erickson has been named head of the Department of Geography, succeeding C. Gregory Knight who is now provost and dean of undergraduate education.

Dr. Erickson has been a member of the College of Earth and Mineral Sciences faculty since 1977 when he came to Penn State as an assistant professor of geography. He was named associate professor in 1979 and professor of geography in 1984. He is concurrently professor of business administration, associate director of the Division of Research in the College of Business Administration and director of its Center for Regional Business Analysis.

He holds B.A. and M.A. degrees in geography from the University of Minnesota and Ph.D. in geography from the University of Washington. Before coming to Penn State, he served as assistant professor of urban and regional planning at the University of Wisconsin.

In 1982, he received a Fulbright Senior Research Scholar award and was named a Simon Senior Research Fellow at the University of Manchester, U.K. In the past academic year, he has served as American Statistical Association and National Science Foundation Research Fellow at the U.S. Bureau of Census.

His teaching and research focuses on urban and economic geography, and he has published widely in his areas of special research interest: international trade flows and business investment, regional economic analysis, the locational behavior of commercial and industrial firms and regional economic development policies.

Among his professional associations, Dr. Erickson is a councilor of the American Geographical Society, a member of its executive committee and committee on program priorities. He has served on a number of committees of the Association of American Geographers and is now chairman-elect of the Industrial Geography Specialty Group. He also has served as a member of the board of directors and executive committee of the Association for University Business and Economic Research.

In his work in the College of Business Administration, Dr. Erickson has been

William J. Kraemer

active in the development of the college's research program and directs the publication of the monthly Pennsylvania Business Surveys and the provision of data and public commentary on business and regional economic issues.

William J. Kraemer has been appointed director of research in the new Center for Sports Medicine. He will hold the academic rank of associate professor of applied physiology in the Department of Exercise and Sport Science.

Dr. Kraemer will coordinate the center's program of research, focusing on sports performance; the prevention, treatment, and rehabilitation of sports injuries; and the role of exercise in enhancing health.

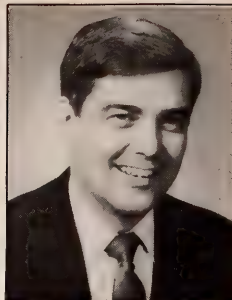

He had been academic coordinator of sports medicine programs at the University of Connecticut. He also was director of exercise biochemistry in that school's Human Performance Laboratory, and strength and conditioning consultant for the athletic department.

His research focuses on the effects of exercise, particularly resistance training, on the neuroendocrine system and on muscle tissue growth. He has conducted both basic and applied research, and his studies have focused on people ranging from cardiac patients to elite athletes.

He is the current president of the National Strength and Conditioning Association and holds Fellow status in the American College of Sports Medicine. He is senior editor of the *Journal of Applied Sport Science Research* and co-author of a textbook published by Human Kinetics Publishers: *Designing Resistance Training Programs*. Before joining the University of Connecticut in 1987, he was a research physiologist with the U.S. Army Research Institute of Environmental Medicine, Natick, Mass.

He holds a B.S. with honors in physical and health education from the University of Wisconsin-Lacrosse, an M.S. in exercise physiology from the University of Wyoming and a Ph.D. in physiology and biochemistry from the University of Wyoming.

Research is one of three related missions of the new center, which was established in

Jack P. Royer

spring 1989 as a collaborative venture of the College of Health and Human Development, College of Medicine, and Department of Intercollegiate Athletics. The center also has responsibility for providing medical care for Penn State's 28 varsity sports teams and continuing education programs for professionals in the field.

Jack P. Royer, director of academic affairs at Penn State Fayette Campus, has been appointed associate dean for undergraduate education. Dr. Royer, who holds the academic rank of associate professor of natural resource policy, assumed his new duties Jan. 1.

A native of DuBois, Pa., and a product of the Commonwealth Educational System, Dr. Royer graduated from Penn State with a B.S. degree in forest technology. He received an M.S. in environmental systems management from American University and a Ph.D. in natural resources from Cornell University.

He joined the Duke University faculty as an instructor and research associate in the School of Forestry and Environmental Studies in 1978 and was promoted to assistant professor in 1980. He served as acting director of Duke's Center for Resource and Environmental Policy Research from 1986 to 1987 when he joined the Fayette Campus faculty.

He has been a member of a number of campus and University committees.

At Fayette, he has chaired the Campus Enrollment Management Task Force and the Advising/Counseling Coordinating Committee, and was a member of the Planning and Budgeting Task Force, Physical Plant Planning and Space Utilization Committee, Academic Affairs Committee of the Faculty Senate and the Campus Hearing Board.

Universitatively, he chaired the Council of Directors of Academic Affairs and was a member of the University Task Force on Faculty Development, CES Academic Administrative Review, President's Council on Undergraduate Recruitment and Retention, President's Strategic Study Group on Continuing Education, and the Commonwealth Educational System English

James M. Wagner

Workload Committee.

The recipient of U.S. Forest Service research grants, Dr. Royer is the author of numerous articles in professional journals. A member of Phi Epsilon Phi, national botanical honorary, and Xi Sigma Pi, national forestry honorary, he was named Faculty Member of the Year in 1983 at Duke University's School of Forestry and Environmental Studies.

The Board of Trustees has approved the promotion of **James M. Wagner**, associate vice president for business and operations, to the position of vice president for business and operations.

Mr. Wagner assumed administrative responsibility for the University's business and operations activities last January from George Lovette, who retired from Penn State in June 1989.

"Mr. Wagner has done an outstanding job of overseeing the activities of a wide variety of business operations during an extremely active year at Penn State," Steve A. Garban, senior vice president for finance and operations, said.

The units reporting to the Office of the Vice President for Business and Operations are Physical Plant, Housing and Food Service, Environmental Health and Safety, Human Resources, Business Services, Purchasing, Management and Systems Engineering, Nittany Lion Inn, and the recently formed Recreational Services Division consisting of University Bookstores, Golf, Bowling, Tennis, Ice Rink and Stone Valley operations.

Mr. Wagner came to Penn State in 1966 when he joined the Office of Human Resources. He served in a number of assignments before assuming responsibility for that unit in 1985 when he became assistant vice president for human resources. He has been in the Office of Business and Operations since 1987.

He holds a B.A. from Indiana University of Pennsylvania and a master's degree in higher education administration from Penn State. He is a trustee of Centre Community Hospital, a member of the Healthpass Board of Directors, and is a retired colonel in the U.S. Army.

Appointment of Distinguished Professors announced

The Office of the President has announced the appointment of 23 Distinguished Professors. The establishment of the new title was recommended by the University Faculty Senate, in April 1988, "to recognize a limited number of outstanding professors, regardless of campus location."

Recommendations were made to the Office of the President by the dean of each college, following a review of the nominations by a college committee. The criteria for the title are that the recipients must be full professors and must display "an exceptional record of teaching, research and/or creativity, and service."

Colleges participating in the first round

of nominations were Arts and Architecture, Business Administration, Education, Engineering, Health and Human Development, Liberal Arts, Medicine, and Science.

The recipients are:

Gerard J. Braut, professor of French; **W. Dale Brownawell**, professor of mathematics; **Moses Chan**, professor of physics; **Clifford C. Clogg**, professor of sociology; **Judith F. Dunn**, professor of human development, and director, Center for the Study of Child and Adolescent Development; **Anthony J. Ferraro**, professor of electrical engineering; **Stephen J. Fonash**, professor of

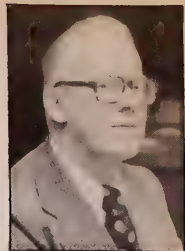

engineering sciences, and director, Center for Electronic Materials and Processing; **Helmuth Hager**, professor of art history; **Edwin L. Herr**, professor of education and head, Division of Counseling and Educational Psychology and Career Studies; **Robert Hume**, professor of English; **Ronald P. Keiper**, professor of biology (Mont Alto); **Roberta Kevelson**, professor of philosophy (Berks Campus);

Joseph J. Kockelmans, professor of philosophy; **Kenneth K. Kuo**, professor of mechanical engineering; **George Mauner**, professor of art history; **James C. McKeown**, professor of accounting; **John R. Nesselrode**, research professor of

human development and director, Center for Developmental and Health Research Methodology; **George D. Rose**, professor of biological chemistry;

Barbara M. Shannon, professor of nutrition, and director, Nutrition Center; **William Steele**, professor of chemistry; **Tien T. Tsong**, professor of physics; **Donald J. Willower**, professor of education; and **Clifford W. Zwillich**, professor of medicine and chief, Division of Pulmonary Medicine/Critical Care Medicine.

25-year award recipients

Observing 25 years of service at the University are, from left, Robert M. Hetrick, Blair County extension agent; Rosemary Kasubick, senior accounting clerk, University Libraries; Marjory J. Resides, secretary A, and Darlene M. Ripka, clerk publications A,

both in the College of Education; Frank Yatsko, assistant professor of engineering, Penn State Worthington Scranton Campus.

Faculty Senate News

The University Faculty Senate will meet at 1:30 p.m. Tuesday, Jan. 23, in Room 112 Kern Graduate Building at University Park.

Items discussed at the Nov. 7 Senate meeting:

- Review of the Towers Building Rental Agreement
- President's Planning and Budget Advisory Committee
- Status of Plans to Develop a Research Park

- Summary of Petitions for Academic Renewal
- Effective Dates of Senate Legislation
- Annual Report on Extended Degrees

At the next meeting:

- Penn State's Affiliation with the Western Intercollegiate Conference (Big Ten)
- Revisions to 47-40 Rule
- Personal Access Code (PAC) Option
- Status of Construction Projects

- Air Conditioning Procedures
- University General Education Subcommittee Legislation
- Continuing Education
- Program Definitions
- Pennsylvania Education Partnership Program
- Research and the Graduate School
- Undergraduate Education in the '90s
- Faculty Census Report

Celebrating milestones in Executive Education are, back row from left: Kent Addis, assistant director of the Keller Conference Center; Albert A. Vicore, assistant dean and director of executive programs; Earl P. Strong, founder of the Penn State Executive Programs; and J.D. Hammond, dean of the College of Business Administration. Front row from left: Dorothy Mihelic, former assistant to Dr. Strong, and Mid Strong.

Celebrate 10,000th participant Executive Programs ceremonies

The University's internationally known Executive Programs celebrated its 75th Executive Management Program and its 10,000th program participant at ceremonies last month.

Specialty honored was Earl P. Strong, Penn State emeritus professor of management, the founder and first director of the Executive Programs.

Forty business people took part in the first Executive Management Program when it was held in the Beta Theta Pi house at University Park more than 33 years ago. The program was then one of the first of its kind in the United States.

Today, the Penn State Executive Programs has diversified from a single offering into 25. Under the leadership of Albert A. Vicore, assistant dean and director of executive programs, the programs attract more than 800 upper-level managers each year from across the country and from nearly 40 nations. Penn State is

one of world's largest providers of executive education programming and is internationally recognized as a leader in the field.

Dr. Strong joined the University in 1954 as a former professor of management at the University of Illinois. With a mandate to develop an executive management program at Penn State, he also was appointed director of the Bureau of Business Research. He retired in 1970.

Carpooler

Mike would like to carpool from Phillipsburg to University Park. He works from 7:30 a.m. to 4 p.m. and can be reached at 863-0278.

Huck gift

(Continued from page 1)

The Dorothy Foehr Huck Chair in Nutrition will enhance the College of Health and Human Development's already nationally recognized work in this field. The Huck chair will emphasize research into the relationship between diet, disease and healthy living.

The J. Lloyd Huck Chair in Natural Sciences will be created in the College of Science. The chairholder's research and teaching will contribute to a better understanding of the life processes. He or she also will work closely with scholars in such fields as agriculture, biotechnology, food science and disease control.

The Dorothy Foehr Huck Chair for Special Collections will help to build and maintain this component of the University Libraries. Special collections are an important resource for scholars worldwide and play an important role in attracting new faculty, especially in the humanities, to Penn State. The Huck chair is the University Libraries' first endowed faculty position.

Each faculty chair currently requires a million-dollar endowment. Remaining funds will establish the J. Lloyd and Dorothy Foehr Huck Graduate Fellowship. These

awards will not be tied to specific disciplines and are expected to have the greatest impact in the humanities, liberal arts and fine arts - fields where corporate and government support is traditionally weak.

The Hucks are members of Penn State's class of 1943. Mr. Huck began his career as a research chemist. In 1958 he joined Merck & Co. as director of marketing and retired as the firm's chairman of the board in 1986. That same year he became chairman and chief executive officer of Nova Pharmaceutical, a development-stage biotechnology concern. He is a past president of the Penn State Alumni Council and is an Alumni Fellow of the colleges of Medicine and Science.

Mrs. Huck is a home economics graduate and was active in the Gamma Phi Beta sorority and the Alpha Lambda Delta scholastic organization.

The Hucks have been active in The Campaign for Penn State. Mr. Huck chaired the Campaign's biotechnology leadership committee, which raised more than \$2 million for the University's new Biotechnology Institute. He also is a member of the Campaign Executive Committee. Mrs. Huck is a member of the University Libraries' development advisory board.

In 1988 the Hucks gave Penn State \$2 million, half of which went for the Biotechnology Institute's building fund. The remainder elevated a professorship in medicine to a chair and created an acquisitions fund for the Libraries.

Trustee officers

(Continued from page 1)

member of the board since 1976, when she was elected by the alumni to her first three-year term. Past president of the board of the University Renaissance Scholarship Fund, she received the College of the Liberal Arts Alumni Society Service to Society Award in 1984 and the Lion's Paw Medal Award in 1985.

She also is the recipient of the Pennsylvania Small Businessperson of the Year award from the U.S. Small Business Association, the Award for Distinguished Service to State Government of the National Governors' Association, the Distinguished Pennsylvania award of the Philadelphia Chamber of Commerce and the Kiwanis Club Award for Community Service, among other honors.

She is chairperson of the board of governors for the Centre County

Community Foundation and a member of the board of directors of the Pennsylvania Humanities Council, the Pennsylvania Commission for Women and the Pennsylvania Chamber of Commerce, as well as other organizations.

As a Penn State trustee, she has chaired the Distinguished Alumni Award Selection Committee, the Affirmative Action Committee and the Educational Policy Committee, and has served on various other board committees. A founding member of Back the Lions, she also is a member of the Friends of the Palmer Museum of Art and a life member of the Alumni Association.

Other board officers include President Jordan, who remains ex officio secretary of the board, and the following, who were re-elected to one-year terms:

Steve A. Garban, senior vice president for finance and operations and treasurer - treasurer of the board; **Raymond D. Nargi** - associate treasurer; **David E. Brangan** - assistant treasurer; **Grace T. Younginger** - associate secretary of the board; and **Carolyn A. Dolbin**, administrative assistant to the president, and **Joseph F. Krawiec**, director of systems and administrative services - assistant secretaries of the board.

Nominations being sought for faculty/staff awards

President Jordan has appointed a general committee chaired by **Billie S. Willis**, assistant vice president for human resources, to solicit nominations for the Faculty/Staff Achievement Awards -- the McKay Donkin Award, the John E. Wilkinson Award for Administrative Excellence, the Barash Award for Human Service, and the Penn State Equal Opportunity Award.

Four subcommittees will screen nominations and develop recommendations for the respective awards. Members are:

- Wilkinson Award Subcommittee: **Nancy M. Tischler** (chairperson), **David E. Branigan**, **Nancy M. Cline**, **Gary M. Kelsey**, **Jill Findeis** and **Daniel L. Trevino**.

- Donkin Award Subcommittee: **Robert N. Pangborn** (chairperson), **James M. Elliott**, **John A. Brighton**, **Deborah F. Atwater**, **Victor L. Dupuis** and **Richard Mayhew**.

- Barash Award Subcommittee: **Gary C. Schultz** (chairperson), **Victoria Y. Fong**, **Sidney W. Friedman**, **David B. Lee**, **Christine M. DeLauter** and **Scott A. Samter**.

- Equal Opportunity Award

Subcommittee: **Emilia E. Martinez-Brawley** (chairperson), **Janita A. Haddad**, **Jeannette Morales**, **James W. Locker**, **W. Terrell Jones** and **Brenda G. Hamelster**.

Nominations for the 1990 awards are encouraged from University and local community organizations and individuals. Nominators should contact the Office of Human Resources at 865-1412 to request a copy of a standardized format for submitting nominations. Nominations should be sent to **Billie S. Willis**, Box 6 Rider Building, no later than Feb. 7. Supporting information which accompanies nominations should be as brief as possible.

The McKay Donkin Award was established in 1909 in honor of the late McKay Donkin who served as vice president for finance and treasurer of the University from 1957 to 1968. The award, which consists of a \$500 stipend and a certificate, is presented to the full-time member of the faculty or staff or the retiree who has contributed most to the "economic, physical, mental, or social welfare of the faculty" of the University.

The contribution of the nominee should be for duties or services which are above

and beyond his or her regularly assigned duties.

The John E. Wilkinson Award for Administrative Excellence was established in 1970 by friends of Mr. Wilkinson, a lifelong Centre County businessman. The award, which carries a stipend of \$500, is made annually to a member of the staff of the University whose performance methods and achievements exemplify administrative excellence.

The Barash Award for Human Service was created in 1975 by the family of the late Sy Barash. It is an annual award to a full-time member of the faculty, staff, or student body of the University at University Park who has contributed most, apart from regular duties, to human causes, public service activities, and organizations, or the welfare of fellow humans. These human service activities must have been performed in University Park, the Borough of State College, College, Patton, Harris, or Ferguson Townships.

Any full-time person at the University Park Campus who meets the criteria for the award as previously described is eligible for consideration. The award carries a stipend

of \$1,000.

The Equal Opportunity Award is designed to recognize a University faculty or staff member who promotes the concept of equal opportunity through affirmative action and/or contributes to enhancing the educational environment of the University through improving cross-cultural understanding.

The award, consisting of a \$1,500 stipend and certificate, is given in recognition of meeting one or more of the following criteria:

- demonstrated commitment to the spirit of equal opportunity through affirmative action;

- demonstrated leadership in the elimination of discrimination through encouragement of understanding between persons of different races, sexes, age groups, ethnicity, or religious heritage;

- demonstrated commitment to meeting the special needs of students, faculty, or staff who are members of traditionally underrepresented groups.

To be eligible for the award, full-time University faculty and staff must have at least two or more years of active service.

Buildings are put on-line for recycling

The fourth group of University Park Campus buildings went on-line in the recycling program on Jan. 15.

The buildings are South Halls, Atherton Hall, Grange, Headhouse 1 and 3, Central Landscape Depot, Mitchell, Palmer Museum of Art, Patterson, Pavilion Theatre, Pine Cottage, Schwab Auditorium, Spruce, Tyson, Paul-Robeson Cultural Center and Weaver.

So far, more than 15 tons of paper and more than three tons of containers have

been collected, according to Phil Melnick, manager of support operations and special programs for the Physical Plant. The recycling program has been in operation for two months.

Initially, there will be two separations: one for paper and one for containers. The rest will be considered non-recyclable trash and discarded as usual.

Recyclable paper includes white ledger paper (writing, typing and copy), newspaper, computer printout and

corrugated cardboard. Containers include clear, green and amber glass, aluminum cans, plastic soda bottles, plastic milk and water jugs, and steel and tin metal cans.

The janitorial employees and a network of select individuals in each building have had a more detailed orientation, and they will be assisting with the program in their departments.

Information on the University Park program is available by calling the Recycling Hotline, 865-8000.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling.

The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in positions MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 865-0304.

(NETWORK LINE 433-0304) Applications for these staff vacancies will be accepted until Jan. 25. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment Practices (FS-1) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status as a disabled or Vietnam era veteran.

- **College of Health Nurse, Student Services, University Health Services, University Park Campus** - Responsible to nurse manager for providing nursing services in the outpatient department, observation unit and urgent care clinic and for assisting licensed physicians in patient care. Requires graduation as an accredited nursing program and current licensure in Pennsylvania as a

registered nurse; plus six to nine months of effective experience. Past experience working in an emergency room setting or as an ambulatory care clinic is desirable. Proficiency in IV administration and physical assessment is highly desirable. THIS IS A FULL TIME, CONTINUING 11-MONTH POSITION WITH DAY AND EVENING ROTATING SHIFTS.

- **Merchandise Assistant, Penn State Bookstore.**

Responsible for the effective operation of a specialized division within the bookstore; select, recommend for purchase and merchandise products; develop and maintain liaison with vendors; train and supervise full-time and part-time clerical personnel. Requires associate degree or equivalent, plus one to two years of effective experience in retail management. STAFF GRADE 4.

- **Coordinator, Surgical Fees, College of Medicine, The Department of Surgery, The Milton S. HERSHEY Medical Center** - Responsible to the director of Administration/Surgery for overseeing and coordinating the professional fee billing and systems within the Department of Surgery. Requires bachelor's degree or equivalent, six business plus one to two years of effective experience in a supervisory capacity. STAFF GRADE 6.

- **Neurophysiology Technician, University Hospital, Medicine Ancillary Services, The Milton S. HERSHEY Medical Center** - Responsible to the supervisor, Neurophysiology Laboratory, for conducting a variety of EEG studies and tests.

Requires high school diploma, or equivalent, completion of department-approved formal training or on-the-job training performing EEG studies, including Visually Evoked Response and Brainstorm Auditory Evoked Response Tests, and one to two years of effective experience. STAFF GRADE 3.

- **Programmer, Penn State Harrisburg** -

Responsible to designated project coordinator to participate in analysis, program design, coding, testing, documenting and other programming tasks required to produce reports, create logic statements, and maintain information files. Requires bachelor's degree, or equivalent, in computer science or related field plus six to nine months effective experience in computer programming. STAFF GRADE 5.

In addition, there are a number of positions that because of the frequency with which they become vacant are still available after employees in the work unit have been considered. Some such positions are available on a fairly regular basis. They are not announced each time they are open. Instead, they are announced periodically as a pool of interested candidates can be developed. Applications

for such positions may be made at any time and you are welcome to make your interest known to the Employment Division for further consideration when such vacancies occur. These positions are:

Position title	Location
Assistant Research Engineer	ARL
Associate Research Engineer	ARL
Research Engineer	ARL
Senior Research Engineer	ARL
Cardiology Technician	Hershey
Clinical Laboratory Assistant	Hershey
Clinical Laboratory Technologist (HEW)	Hershey
Clinical Nursing Specialist	Hershey
Cytotechnologist	Hershey
Hemodialysis Technician	Hershey
Licensed Practical Nurse	Hershey
Medical Technologist	Hershey
Nuclear Medicine Technologist	Hershey
Ophthalmic Technologist	Hershey
Perfusionist	Hershey
Pharmacist	Hershey
Physical Therapist	Hershey
Physician's Assistant	Hershey
Psychiatric Assistant	Hershey
Radiologic Technologist (Irr and Sr Lovelock)	Hershey
Respiratory Therapist Technician	Hershey
Staff Nurse	Hershey
Vascular Radiology Technologist	Hershey

INTERCOM

January 25, 1990

Volume 19, Number 19

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

Dr. Richardson is named president of Johns Hopkins

William C. Richardson, executive vice president and provost of the University, has been named the eleventh president of The Johns Hopkins University.

Dr. Richardson will leave Penn State May 25 and begin his presidency at Johns Hopkins July 1.

At a press conference Jan. 17 in

Baltimore, Dr. Richardson said,

"I am excited by the prospect of serving as president of such a dynamic institution. Its prospects are bright and its possibilities are virtually limitless. At the same time, of course, I am sorry to be saying goodbye to Penn State."

President Jordan said, "We all are enormously proud of the leadership role

Bill Richardson is assuming in his acceptance of the Johns Hopkins presidency. His high standards, superb talents and sensitivity to the academic community have been important to Penn State. We wish him the very best in what is an exciting new challenge for him."

According to George Radcliffe, chairman of the Johns Hopkins Board of Trustees, the board unanimously elected Dr. Richardson as president of the institution. He replaces Steven Muller who is retiring after an 18-year tenure.

Bill Richardson is a scholar, a researcher, a health policy expert and consultant whose advice is widely sought and esteemed in the national health sciences community," Mr. Radcliffe said.

"More than that, he is an educator... with a real love of students and a devotion to the academic enterprise. We at Johns Hopkins will now be the beneficiaries of the accrued experience and insight of Bill Richardson. I could not be more pleased with his selection as president."

In a statement, Dr. Richardson expressed appreciation for the support he has received from Penn State.

"The faculty and staff, the administration, the Board of Trustees and the local community all have been generous in their encouragement to us, particularly this year," he said.

"We leave Penn State with pride in its accomplishments, secure in knowing that its future is bright. The presidency Dr. Jordan will leave later this year is among the most attractive in the country. Penn State's challenge in finding a successor to President Jordan will be to choose the best candidate from a full and able field."

Dr. Richardson came to Penn State in 1984 from the University of Washington, where he was dean of the Graduate School and vice provost for research.

A graduate of Trinity College in Hartford, Conn., he received an MBA and Ph.D. from the Graduate School of Business at the University of Chicago.

(Continued on page 3)

William C. Richardson

President Jordan's statement

We all are enormously proud of the leadership role Bill Richardson is assuming in his acceptance of the Johns Hopkins presidency. His high standards, superb talents, and sensitivity to the academic community have been important to Penn State. We wish him the very best in what is an exciting new challenge for him.

The responsibility of ensuring the proper transition for the next administration falls to me and I plan to act accordingly. That responsibility now enlarges somewhat with Bill Richardson's departure on May 25.

In the next 30 to 60 days, I will be consulting with the Faculty Advisory Committee, the Council of Academic Deans and others regarding the person I shall ask to serve in the position of acting provost during the transition to a

new administration. That person will work alongside Dr. Richardson in order to be prepared to manage fully the provost's responsibilities.

Dr. Richardson and I have met and will continue to meet during these transitional months to be sure that our some projects such as the work of the President's Planning and Budget Advisory Committee, and the academic search, move forward in an orderly and timely manner.

Bill Richardson has been an extraordinary chief academic officer and executive of this University. I am personally grateful for the superb job he has done for Penn State and I know I speak for all of the University. He has our warmest wishes for a fulfilling tenure as president of the Johns Hopkins University.

Handbook addresses each phase of the hiring process

It's natural for job recruiters to fall into the habit of hiring people like themselves, but this practice can lead to a workplace with few women or minorities, according to **Jeann Landa Pytel**.

Dr. Landa Pytel, assistant professor of engineering science and mechanics, said that people have a tendency to perpetuate themselves. Since many job recruiters are white males, the workplace can become dominated by white males.

"It's not a conscious decision, but it is a human reaction for people to select others like themselves. This can lead recruiters to fall into the nonaffirmative trap. The result is that women and minorities may be excluded from jobs."

To help those at the University who do any hiring, Dr. Landa Pytel, as a member of the Commission for Women, worked with Commission members and others at the University to create a hiring handbook.

Hiring at Penn State, completed in 1987, was compiled in collaboration with the Office of Human Resources. The first printing of 500 copies was distributed to directors of academic affairs at the campuses, campus executive officers, deans, heads of administrative units and personnel representatives.

The handbook is now in its second printing, and a revised edition is planned for the future. **Jill Findeis**, chairperson of the Commission for Women, said,

"Our goal was to develop a consistent process for recruiting, interviewing and hiring, with built-in safeguards to help the people doing the hiring to be as affirmative as possible. The handbook can help hirers to guard against any unconscious biases," she said.

Using some examples from similar handbooks from other universities, members of the Commission for Women's Committee on Human Resources established a model for the hiring process. Dr. Landa Pytel, chair of the committee, said,

Working with the Office of Human Resources and the Affirmative Action Office, the committee collected information and organized it into a format that addresses each phase of the hiring process.

Some of the topics covered include developing a position description, establishing recruitment strategy and advertising, selecting finalists, reviewing reference letters, interviewing, evaluating applicants and making the final decision.

The handbook also lists an extensive affirmative action resource directory and suggests using different box numbers in addresses listed in advertisements to track the responses from ads placed in various publications. This method can help the recruiters evaluate the effectiveness of their ads in different publications.

In addition, the handbook assists recruiters by providing

details for a recruiting and hiring procedure designed to seek out a wide range of qualified people, including women, minorities, the handicapped and Vietnam-era veterans. It guides recruiters on giving fair and equal consideration to all applicants.

It also emphasizes the need for recruiters and hirers to be aware that they are representing the University, she said. Candidates should leave with a positive image of the University, even if they are not offered a job.

The handbook's appendices also include information designed to help in the orientation of new employees. Dr. Landa Pytel added,

Complementing the hiring handbook is a series of workshops and presentations offered by the Office of Human Resources that address the dos and don'ts of employment interviewing, resume writing, employment policies and procedures and affirmative action topics.

Robert L. Kidder, director of employment and development, Office of Human Resources, said that his office is available to help counsel those involved in the hiring process.

Copies of the hiring handbook are available from the office of the Commission for Women, 405 Old Main, 865-1683.

Focus on Diversity

Progress and regression in civil rights noted

Black African Americans have experienced both progress and regression in civil rights in recent years as illustrated by the election of a Black governor and the court's retreat on affirmative action decisions, according to a former chairperson of the Equal Employment Opportunity Commission.

"The contrast between signs of progress and regression has been illustrated in recent months alone. The resurgence of groups like the skinheads and violent acts like letter bombings are reactions to 50 years of civil rights progress," noted Eleanor Holmes Norton, professor of law at Georgetown University.

"At the same time," she added, "the state of Virginia elects a Black governor and New York City elects a Black mayor, both for the first time."

Ms. Norton was the keynote speaker for the 1990 Martin Luther King Day Convocation at University Park, which attracted more than 1,300 students, faculty, staff and community residents.

The address also was televised by WPSX-TV on the cable channel PENNARAMA and to other Penn State campuses around

the state.

Ms. Norton said that conflicts in civil rights may be due to the reaction of young people with no knowledge of civil rights history. She also noted that a recent trend of conservative affirmative action decisions by the U.S. Supreme Court has helped to cripple the civil rights movement.

As a result, she added, civil rights leaders must now look more to political leaders than to legal methods for assistance in their fight.

"The Supreme Court is no longer a friend of those who believe in equal rights, but the political system is opening up and despite the loss of the courts, I'm not pessimistic. I still believe in the American system, and if we can maintain the struggle in the way Dr. King taught us, we can make progress."

The first woman ever to head the federal EEOC, Ms. Norton was appointed by former President Jimmy Carter in 1977. While serving in that position, she won praise from employers, rights groups and the public for her work in developing equal employment law and policy. A co-author

Eleanor Holmes Norton

of the book *Sex Discrimination and the Law: Causes and Remedies*, she currently is writing a book about anti-discrimination law and affirmative action remedies.

Women of Color

The Central Pennsylvania Women of Color is seeking nominations for its annual awards for professional achievement and humanitarian/personal achievement. The awards are presented at the National Women of Color Day Luncheon on March 14.

Nominees should be either area women or WOC members. Final selections will be made by the WOC Representative Council. The deadline for submitting nominations is Jan. 31. For nomination forms, call Vicki Fong at 865-7517.

Hazleton program

Josh White Jr. will perform in a program of folk-blues and gospel music at 7:30 p.m. Monday, Feb. 5 in the Highcates Commons at the Penn State Hazleton Campus.

Whether accompanying himself on guitar, singing a cappella or with a symphony orchestra, Mr. White has performed his blues and gospel music on Broadway, at nightclubs and on concert stages both here and abroad.

His concert is one of a series of programs held at the campus in conjunction with Black History Month and the campus cultural diversity program.

WPSX-TV program

The *Cambridge Forum*, a discussion and interview program with leaders of the African-American community nationwide continues on Sunday mornings at 11 a.m. on Channel 3.

Eyes on the Prize II features "Power!" (1960-68) airing at 10 p.m. Monday, Jan. 29. The call for black power takes various forms across communities in black America.

Diversity Opportunities Calendar

Saturday, Jan. 27

Office of Minority Faculty Development, faculty development workshop, 9:30 a.m. to 12:30 p.m., 114K Kern Graduate Building, Emilia Martinez-Brawley, professor of social work, on "The Process of Being Published." For reservations, call Leah Witzig at 863-1603.

Monday, Jan. 29

Center for Women Students, 8 p.m., HUB Assembly Room, Contemporary Scholarship on Lesbian and Gay Lives Speaker Series: "Denaturalizing

Heterosexuality," Eve Kosofsky Sedgwick, Duke University.

Wednesday, Jan. 31

Penn State Erie, The Behrend College, 8 p.m., Reed Lecture Hall, Saud Live Jazz.

Thursday, Jan. 31

Black Studies Room, Pattee Library, exhibit, "Civil Rights Leaders: Where are They Now?", through Jan. 31.

Thursday, Feb. 1

Penn State York Campus, 1 to 3 p.m., Community Room, Student Center, teleconference, "Beyond the Dream II: A Celebration of Black History."

University Park, 1 to 3 p.m., 112 Kern, teleconference, "Beyond the Dream II: A Celebration of Black History."

Penn State York Campus, 7:30 p.m., Conference Center, Folk music by Josh White.

Penn State Erie, The Behrend College, 8 p.m., Reed Lecture Hall, Black History Month kick-off lecture titled "A Civil Rights Agenda for the 1990s" by Benjamin Hooks, NAACP executive director.

Through Feb. 10

Paul Robeson Cultural Center, art display by Penn State Alumnus Llewellyn Richie.

News in Brief

Financial aid seminar

A financial aid seminar will be held twice a month and on p.m. on Tuesday Jan. 30, in 323 Boucke Building at University Park.

Discussion will center around financial aid eligibility for the adult student. Many adult students are not receiving full financial aid packages, because of lack of knowledge. Call the Returning Adult Student Center at 863-3887 for more information.

Faculty regalia order dates set

The Penn State Bookstore on campus, in cooperation with the Jostens Cap and Gown Co., is offering faculty members a discount price on quality special order academic regalia. This offer also applies to doctoral candidates and quantity purchases by colleges or departments.

A special time has been set at the Bookstore for faculty members to be measured by a company representative to insure proper fit. Academic regalia orders will be taken at the Bookstore from 9 a.m. to 7 p.m. Wednesday, Jan. 31, and Thursday Feb. 1.

A wide variety of samples will be on display. A 20-percent deposit will be required, payable by personal check, money order, VISA or MasterCard. Allow six to eight weeks from the order date for delivery. Call Shirley Baney at 863-2512 for more information.

Graduate fellowships

The Penn State chapter of Phi Kappa Phi National Honor Society is inviting applications from outstanding senior

students for competitive fellowships worth up to \$7,000 for first-year graduate or professional study. Fifty of these prestigious fellowships will be awarded nationwide. Thirty additional honorable mention awards of \$500 will be made.

The criteria used in the selection process include scholastic achievement, high standardized test scores (if applicable), honors and enrichment programs, leadership and participation in university and community activities, expression of study plans and career goals, plus evaluations by faculty.

Graduating seniors with superior academic and leadership records should contact the Phi Kappa Phi representative Anita Helton at 863-4920 for information about applications. Applications must be received by Feb. 12.

Achieving Women Project

The Commission for Women plans to highlight the accomplishments of University women through the Achieving Women Project.

Information will be collected on women students, faculty, staff, clerical and technical service employees at all Penn State locations, and compiled into a booklet, which will be distributed at the commission's annual spring banquet on March 20.

For an application and guidelines, contact Shirley Smith Hendrick, chair of the outreach committee, (814) 863-2479. Nominations are due Feb. 20 and should be mailed to Achieving Women Project,

Commission for Women, 405 Old Main, University Park.

Noncredit course

Penn State Continuing Education will offer a noncredit course to help travelers who will be visiting Spanish-speaking countries to communicate simply but effectively.

The program will be held Tuesdays and Thursdays from March 13 through April 5 from 7 to 9 p.m. in the Keller Conference Center at the University Park Campus. Registration fee for the course is \$125 which covers instruction and materials.

To register, contact Penn State Continuing Education at 102 Wagner Building, University Park, phone 865-3443.

Grant awarded

Audrey Maretzki, professor of food science and nutrition, Cheryl Achterberg, assistant professor of human nutrition, and Eunice N. Askov, professor of education and director of the Institute for the Study of Adult Literacy, have received a \$71,977 grant from the College of Agriculture's Agricultural Experiment Station. The grant will fund a project designed to compare methods of teaching low-literate adults with dietary guidelines information.

Visiting professor

The Department of German has been awarded a Max Kade Distinguished Visiting Professorship, which allows a

prominent German scholar to teach one semester at an American university.

Under the program, Gunter Hantzschel, a specialist in modern German literature at the University of Munich, will teach two classes at Penn State in spring 1990. One will be an advanced undergraduate course in German literature, the other a graduate seminar.

Dr. Hantzschel has published extensively on the period of the German Enlightenment (1720-60), German romanticism and the social history of literature.

"This professorship will strongly support our teaching and research efforts and lead to closer ties between the major public university in Pennsylvania and German universities," Ernst Schurer, head of the University's Department of German, said.

Life Lion cited

Life Lion, the aeromedical service of the University Hospital at the Hershey Medical Center, was recognized for 1,000 consecutive accident-free missions at the 10th annual Association of Air Medical Services conference in Phoenix, Ariz.

MBB Helicopter Corporation presented the award to Life Lion, which has completed over 1,700 flights since its beginning in December, 1986. Life Lion is operated by Keystone Helicopter Services.

Faculty/Staff Alerts

Adult students course

Penn State Continuing Education and the Human Resource Development Center are offering University employees a course designed for adult students who want to improve their study and test preparation skills.

Study Skills: College Preparation meets Tuesdays and Thursdays, Jan. 23 to March 1, from noon to 1 p.m. in Room 323 Boucke Building. Topics covered in the course include setting goals, time management and organizational skills, taking lecture notes, test-taking strategies, managing test anxiety, adapting to the college experience.

The \$85 fee covers instructional costs and materials. To register, contact Penn State Continuing Education at 865-3443.

Conflict of interest

Disclosure of Potential Conflict of Interest by Employees or the University -- Employees of the University shall exercise the utmost good faith in all transactions touching upon their duties to the University and its property. In their dealings with and on behalf of the University, they shall be held to a strict rule of honest and fair dealings between themselves and the University. They shall not use their positions, or knowledge gained therefrom, in such a way that a conflict of interest might arise between the interest of the University and that of the individual.

Employees shall disclose to the administrative head of the college or other unit in which they are employed, or other appropriate superior officer, any potential conflict of interest of which they are aware before a contract or transaction is consummated.

U.S. Savings Bonds

Two separate actions by Penn State officials and the U.S. Congress have increased the attractiveness of investing in U.S. Savings Bonds.

A recent decision by the Office of Human Resources and the Office of the Corporate Controller has resulted in faster bond issuing and delivery to the nearly 2,000 individuals purchasing U.S. Savings Bonds through the payroll savings program.

Responding to requests from participants to reduce the time involved between the payroll deduction and the actual receipt of their bond, Penn State switched to a new bond issuing agent. Beginning in November 1989, Penn State has been ordering bonds through the Pittsburgh branch of the Federal Reserve Bank of Cleveland. Bonds

are mailed directly to participants within three days after Penn State's order is received.

Congress added a feature to the tax laws that could provide additional tax savings for many parents. Beginning with savings bonds purchased in 1990, the interest earned on Series EE bonds, already exempt from state and local taxes, may be completely tax free when used to pay tuition and fees at colleges, universities and qualified technical schools during the year they are redeemed.

To qualify bonds must be purchased by parents in their own names, and certain income limitations must be met at the time of redemption. A pamphlet outlining the program will be sent to all University faculty and staff in March as part of the annual savings bond promotion.

The University also is pleased to announce that President Jordan has accepted an invitation from Secretary of the Treasury Nicholas F. Brady to continue, for a second year, as national chair of the higher education sector of the U.S. Savings Bond campaign. In his role as national chair, Dr. Jordan encourages other college and university presidents to lend their support to the savings bond program.

Major medical claims

March 31 is the last date on which Prudential will accept charges for a major medical claim for University faculty and staff members or their dependents. A major medical claim is established when a faculty or staff member reports eligible charges to Prudential which exceed the deductible.

Charges that are acceptable for a major medical claim include doctors' office calls, prescribed drugs, private duty nursing (if medically necessary), local ambulance services, oxygen, physiotherapy, insulin and special equipment and appliances. Among charges not covered are routine physical exams, dental work, eye exams and lenses.

Itemized receipts should be obtained for eligible charges and submitted to Prudential with a claim form. In order to avoid delay of payment by the insurance company, all questions in the employee's section of the claim form should be completed fully.

Cancelled checks and cash register receipts are not acceptable evidence of charges incurred.

Claim forms and additional information on how to report a major medical claim are available at the Employee Benefits Division, Room 205 Rider Building, the Business Offices at locations other than University Park and the Human Resources Office at the Hershey Medical Center.

Arts and Sciences, Engineering, and Continuing Studies, based at the Homewood Campus in north Baltimore; the **Schools of Medicine, Public Health and Nursing**, based at the Medical Institutions in East Baltimore; the **Peabody Institute** a music conservatory in downtown Baltimore; and the **Paul H. Nitze School of Advanced International Studies** in Washington, D.C.

The Nitze School operates a European studies Center in Bologna, Italy, and a Center for Chinese and American Studies at Nanjing University in the People's Republic of China. The University also includes one research division, the Applied Physics Laboratory in Laurel, Md.

Carpooler

Trudy is looking for a ride in the evenings from University Park to Philadelphia around 8:10 to 9 p.m. Call 865-1203 or 342-4503.

Obituary

Harry O. Wilcox, retired Delaware County extension agent died Jan. 7 at the age of 92. He joined, extended July 1, 1933, and retired Oct. 1, 1958.

Gift of stock

Glenn R. Jones, left, president and chairman of the board of Jones International Ltd., presents a \$50,000 stock certificate to G. David Gearhart, senior vice president for development and university relations. The certificate represented stock in Jones Spacelink, a holding of Jones International. Mr. Jones visited Penn State last week for the broadcast of 'Communities and Our Schools: The Drug Crisis.' The program, which featured a panel of a dozen experts, was broadcast from the Pavilion Theatre to nine million people over 150 Jones International-owned cable channels. The broadcast was done through the efforts of WPSX-TV.

Research grant proposals are invited

Faculty with research interests in the life and health-related sciences (except for the Hershey Medical Center which is excluded by program guidelines) are invited to submit proposals to the Biomedical Research Support Grant (BRSG) program via research deans or the IRP director. The 12-month awards will range from \$5,000 to \$10,000 for individual investigators, and up to \$20,000 for more than one investigator on a project.

Preference will be given for support to new investigators, investigators proposing pilot projects, and investigators with unexpected research requirements. The

research proposed must be related to problems of human health.

Following a preliminary screening by the colleges or the IRP director, awards will be recommended by a University faculty peer committee. Final awards will be recommended by Charles L. Hosler, senior vice president for faculty and dean of the Graduate School. Faculty desiring further information should call their research deans or IRP directors.

The proposal deadline for submission to 114 Kern Building is March 23. Awards will be announced April 24.

Speaker to discuss 'Health and Human Rights' at symposium

Victor W. Sidel, past president of Physicians for Social Responsibility and of the American Public Health Association, will speak on "Health and Human Rights" Feb. 14 in the HUB Assembly Room at University Park.

PSR is the U.S. affiliate of the International Physicians for the Prevention of Nuclear War, which was awarded the 1985 Nobel Prize for Peace. Dr. Sidel, president of PSR in 1987-88, was one of the group's founders in 1961 and one of its representatives invited to attend the Nobel Peace Prize ceremonies in Oslo.

Dr. Sidel currently is Distinguished University Professor of Social Medicine at the Montefiore Medical Center of Albert Einstein College of Medicine. His presentation will be the keynote speech for the College of Health and Human Development's third annual research symposium, which is free and open to the public.

A member of the board of directors of Physicians for Human Rights and chair of the PSR/PHR Working Group on Chemical and Biological Weapons, Dr. Sidel has spoken and published widely on the economic, social and health consequences of the arms race.

He has received numerous awards, including the Poiley Award of the New York Academy of Sciences, the Hermann

Biggs Award of the New York State Public Health Association, the Duncan Clark Award of the Association of Teachers of Preventive Medicine and the Award for Excellence of the American Public Health Association for "exceptionally meritorious contributions to the improvement of the health of the people."

He is a graduate of Princeton University with honors in physics and of Harvard Medical School with honors in biophysics.

Victor W. Sidel

Dr. Richardson

(Continued from page 1)

He joined the University of Washington School of Public Health and Community Medicine as an assistant professor of health services in 1971 and served, successively, as associate professor, professor, department chairman, associate dean of public health and community medicine, and then dean of the Graduate School and vice provost for research.

Frequently called on as a consultant and leader in the field of health policy studies, he serves as chairman of the recently established Commission on the Future of the Health Professions for the Pew Charitable Trusts, and as chairman of the Joint Panel on the National Health Care Survey of the National Research Council-Institute of Medicine.

The Johns Hopkins University, founded in 1876, was the first true American university formed on the European model with an emphasis on research and the offering of graduate as well as collegiate education. It currently has an enrollment of some 6,800 full-time and 6,400 part-time graduate and undergraduate students.

Its academic divisions are the Schools of

The Campaign for Penn State

Gifts will endow a faculty chair in Jewish Studies

The University has received more than \$1 million in gifts and pledges to endow a faculty chair in Jewish Studies. Contributions came from more than 250 individuals and foundations, primarily in the mid-Atlantic region.

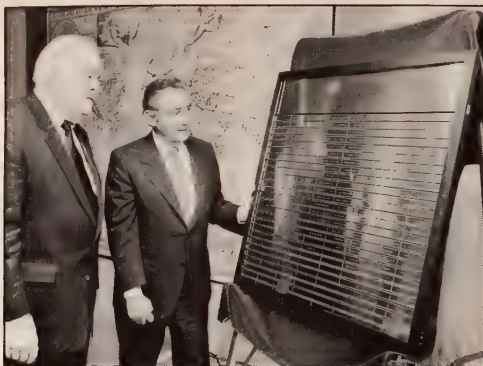

The chair will be located in the College of the Liberal Arts and involve a number of disciplines.

This chair is a wonderful accomplishment for Penn State and will enrich the diversity of our curriculum, President Jordan said. "It will provide numerous opportunities for scholarship in Judaic culture that relate to history, philosophy, literature, religion and language and will strengthen our efforts to raise the multicultural awareness of our students."

A committee of 15 University alumni solicited gifts for the endowment. The effort began in 1988 as part of The Campaign for Penn State, a successful drive to raise \$300 million in private support for academic programs.

"We believe this chair will be a valuable addition to Penn State's intellectual and cultural offerings," said Harold Hein, who headed fund raising in the New York City area. "It should lead to a greater understanding of our nation's heritage and the oppressed peoples from all over the world who found their way here."

Mr. Hein is a 1945 Penn State graduate and president of Mid-City Press Inc. of New York.

President Jordan (left) and Harold Hein examine a plaque containing the names of the donors for the faculty chair in Jewish studies.

A \$75,000 pledge from the Mitrani Family Foundation of New York put the drive over its \$1 million goal. The pledge brought the foundation's total commitment to \$275,000 and made it the largest single contributor to the endowment. The foundation was established through a

bequest from Marco Mitrani, founder of Milco Industries of Bloomsburg, to support Jewish and academic programs.

Dr. Jordan said the University hopes to name a distinguished scholar to the chair by the fall of 1991.

The College of the Liberal Arts already

enrolls several hundred students in courses that deal with Jewish studies, including Hebrew instruction. Penn State also offers a popular study abroad program in cooperation with Israel's Tel Aviv University and regularly sponsors programs in Jewish literature.

The endowment may support curricular innovation, scholarly travel, library acquisitions, graduate assistants and other academic activities. It also will provide a salary supplement to the chairholder.

Penn State now has 33 faculty chairs, each with endowments of at least \$1 million. The Jewish Studies chair is the second-endowed chair in the College of the Liberal Arts.

In addition to Mr. Hein, the fund-raising committee included Mimi Ungar Coppsmith and Sidney Friedman of State College, Harris Freedman of Harrisburg, Robert and Shirley Fortinsky of Wilkes-Barre, Art Gladstone of Long Island, Arnold Hoffman and Michael Kirschner of Philadelphia, William Jaffe of Washington, D.C., Fred and Shirley Pechter and Don and Nancy Devoris of Altoona and Mervin Snyder of Pittsburgh.

Gifts to the endowment are included in the National Endowment for the Humanities challenge grant to the College of the Liberal Arts. Under a three-to-one matching agreement, the NEH will award more than \$333,000 to the college.

Bell of Pennsylvania provides grant

A \$100,000 grant from Bell of Pennsylvania has helped to create six innovative economic development programs in partnership with Penn State and local communities.

The Community and Economic Development Associates Program puts recent University graduates to work full-time for one year on projects around the state, ranging from evaluating youth training and employment programs to helping communities map out economic plans.

"Through Bell of Pennsylvania's grant, these communities have begun self-help projects that otherwise would have been very difficult for them to initiate," Drew

Hyman, professor of public policy and community systems and director of the associates program, said.

In January 1989, a prototype development associates program, staffed by 1988 Penn State graduate Michelle A. Klinger, opened in Berks County.

Following the success of this program, projects were begun in DuBois, Northumberland County; parts of Chester, Montgomery and Berks counties (Tri-county); Easton (Two Rivers, serving Northampton County); and McKeesport (the Mon-Yough Project, serving the southeastern area of Allegheny County and Western Westmoreland County).

"The prosperity of the state is really just

the sum of the prosperity of every local area," Robert Wurzbach, Bell of Pennsylvania's director of development, said. "This initiative is another

demonstration of our commitment to support the communities we serve."

The gift is part of The Campaign for Penn State.

Jim Lippincott Libraries Endowment

The Jim Lippincott Memorial Libraries Endowment has been established in the University Libraries.

The endowment was established by family members and friends from McGraw Hill of Mr. Lippincott, who worked for the Office of Physical Plant for 20 years and was manager of facilities resources on his death Dec. 2, 1988.

The endowment will be used to purchase books and materials in American history

with a focus on the Revolutionary and Civil Wars, which were favorites to Mr. Lippincott. All items purchased with income from the endowment will display bookplates denoting them as gifts of the Jim Lippincott Memorial Libraries Endowment.

Anyone interested in contributing to the endowment fund in honor of Jim Lippincott should contact the University Libraries at 865-0401.

Two University faculty members honored with awards

Eddington Medal

Icko Iben, holder of the Eberly Chair in Astronomy in the College of Science has won the Eddington Medal of Great Britain's Royal Astronomical Society (RAS).

According to the RAS, the Eddington Medal is given specifically for work of outstanding merit in theoretical astronomy

especially for subject areas in which Sir Arthur Eddington worked. Sir Eddington, for whom the award is named, was a pioneer in the theory of stellar structure and evolution and a president of RAS.

Dr. Iben, who has played a major role in shaping the modern theory of the structure and evolution of stars, joined the University faculty in 1989. He previously was on the faculty of the University of Illinois. A pioneer in the development of computer models of stars, his current research focuses on the evolution of close binary star systems.

A member of the National Academy of Sciences, Dr. Iben also is a Fellow of the Japan Society for the Promotion of Science and a John Simon Guggenheim Foundation Fellow. He was honored in 1984 as George Darwin Lecturer of the RAS and McMillin Lecturer at Ohio State University in 1987.

He has held numerous visiting professorships at universities around the world, has served on national committees of the International Astronomical Union, Kitt Peak Observatory and Cerro Tololo Inter-American Observatory and has been a member of the astronomy advisory panel to the National Science Foundation and a counselor of the American Astronomical Society.

Icko Iben

Freeman Scholar

Budagur Lakshminarayana, Evan Pugh professor of aerospace engineering, has been named the 1990 recipient of the Freeman Scholar Award of the American Society of Mechanical Engineers.

He is being honored for his application titled "Computational Techniques for Analysis and Design of Fluid Machinery." He will be one of the featured speakers during the society's annual winter meetings in Texas, where he will present this lecture.

The award was established in 1926 and is presented every two years to a person of wide experience in fluids engineering.

The first University faculty member and the 10th recipient to receive the award, Dr. Lakshminarayana is involved in research on the computation of three-dimensional turbulent and separated flow, turbulence modeling, stator/rotor interaction in turbines, three-dimensional unsteady flow field in multistage compressors, thermal driven secondary flow, computation of random flow field and noise in turbomachinery, and computation and measurement of flow field in automotive torque converters.

He developed a graduate and research program in computational fluid dynamics at

the University and directed this NASA-sponsored institute from 1981 to 1987. Elected a Fellow of the American Society of Mechanical Engineers in 1982, he has been an active member of the society. He also is a Fellow of the American Institute of Aeronautics and Astronautics and a recipient of the institute's Pandey Aerospace Literature Award (1989).

B. Lakshminarayana

University Park Calendar

January 25— February 4 Special Events

Thursday, January 25

Back's Lunch, 12:10 p.m. Eisenhower Chapel
Penn State Trumpet Ensemble
School of Music, 8 p.m., Recital Hall, Del'Arte
Quintet

Saturday, January 27

Shaver's Creek, paper making (grades 2-6), 1-3
p.m. Call 863-2000.
Center for the Performing Arts, 8 p.m.
Eisenhower Aud. Pilobolus Dance Theatre and
Pittsburgh New Music Ensemble

Sunday, January 28

Shaver's Creek, the unhuggables, 2-3:30 p.m. Call
863-2000.

School of Music, 3 p.m. Recital Hall, Stephen
Feldman, cello; and 8 p.m. Richard Kennedy,
voice

Monday, January 29

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Andrew Goble on "The Social Impact of Death
in Early 14th Century Japan."
Equal Opportunity Planning Committee, Dept. of
Human Dev. and Family Studies.
Contemporary Scholarship on Lesbian and Gay
Lives Speaker Series, 8 p.m., HUB Assembly
Room. Eve Kosofsky Sedgwick, Duke Univ.,
on "Denaturalizing Heterosexuality."
School of Music, 8 p.m., Recital Hall, Penn State
Trumpet Ensemble

Tuesday, January 30

Commission for Women, meeting, 1-3 p.m., 250
Hammond. Topic: student issues.
Center for the Performing Arts, 8 p.m.
Eisenhower Auditorium, The Philharmonia
Orchestra of London.

Landscape Architecture, John R. Bracken Lecture
Series, 8 p.m., 129 Waring Commons. William
J. Cronon, Yale Univ., on "Ecology and
Empire: Environmental Change in Colonial
New England."

Wednesday, January 31

Penn State Chapter/National Association of
Science Writers, Lunchtime Roundtable Series,
11:45 a.m., 313 Kern. Sanford G. Thatcher on
"Scholarly Publishing and the Penn State
Press." Reservations: 863-4682.

URTC, 5 p.m., 119 Arts. New Play Workshop 4,
through Feb. 2.

Gallery talk, 8 p.m., Palmer Museum of Art.
Stephen C. Foster, Univ. of Iowa, on "The
Avant-Garde and the Text."

Thursday, February 1

Back's Lunch, 12:10 p.m., Eisenhower Chapel.
Penn State Chamber Singers.
Women of Color Luncheon, noon-1 p.m., Hotel
State College.

German Dept., 8 p.m., 124 Sparks. Manfred
Durrax, Universitat Paderborn, on "Die zweite
Phase der deutschen Nachkriegsliteratur."

Saturday, February 3

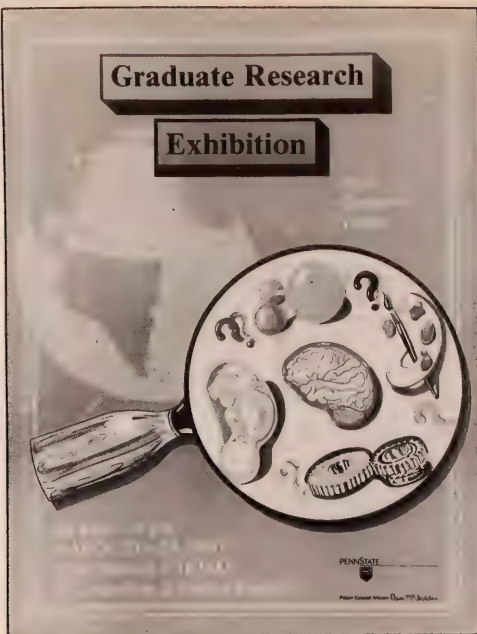

Shaver's Creek, 7-9 p.m., Owl Prowl. Call 863-
2000.

Sunday, February 4

Shaver's Creek, 2-4 p.m., Tracks 'n' Traces. Call
863-2000.

insurance.

"Because these enterprises generate huge
losses year after year, they force Pakistan
to seek assistance from the United States
and a variety of international financial
institutions."

Dr. LaPorte advocates that the
government no longer staff public
enterprise positions with high-ranking civil
servants. Furthermore, he says, the
government should introduce or improve
existing performance review systems that
accurately measure both organizational and
individual managerial performance.

He recommends a policy of divestiture
when possible and the selling of stock to
widen the base of ownership. He also
suggests that the government make more
use of private and non-profit
subcontractors.

Focus on the arts

Philharmonia orchestra

The Philharmonia Orchestra of London will
present a concert in Eisenhower
Auditorium at University Park at 8 p.m.
Tuesday, Jan. 30.

Under the baton of Giuseppe Sinopoli,
the Philharmonia of London will perform
selections by Geranin composers Richard
Wagner and Johannes Brahms, including
the prelude and libretto from Wagner's
operatic tale "Tristan und Isolde," and the
overture of "Die Meistersinger von
Nurnberg." The Philharmonia will devote
the second half of the concert to Brahms'
Fourth Symphony in E minor.

Tickets are available through the
Eisenhower Auditorium Ticket Center,
which is open weekdays, 9 a.m. to 4 p.m.,

Bookshelf

Robert LaPorte Jr., professor of public
administration, is senior author of *Public
Enterprises in Pakistan: The Hidden Crisis in
Economic Development*, published by Westview
Press. His co-author is Muntazir Bashir
Ahmed, associate professor of accounting at
Lahore University of Management Sciences
in Pakistan.

Unless Pakistan reduces massive deficits
created by government-owned and operated
enterprises, it will continue to be
economically dependent upon the United
States and other outside entities. Dr. LaPorte
says.

"The Pakistani economy is dominated by
more than 200 public or state-owned
enterprises, which operate either as
monopolies, as in energy, or near
monopolies as in the case of banking and

University announces leaves of absence

The following leaves of absence have been approved for 1990-91:

College of Agriculture

William M. Bode, assistant professor of entomology, to conduct research on the cultural and biological control of insect pests on crops of low-input family farming systems at Egerton University, Kenya

James W. Dunn, associate professor of agricultural economics, to conduct research on changes in European trade and transportation policies affecting the flow of food and agricultural products between the United States and Europe at University of London

Kathleen B. Evensen, associate professor of postharvest physiology, to study the application of biotechnology techniques to study the senescence of plants, at University of London

Peter A. Forrester, professor of vegetable crops, to research alternatives to chemical growth regulators in the production of vegetable crops, at Michigan State University

Robert E. Graves, professor of agricultural engineering, to study applied technology in farm building design and construction, at the Agway Research Center, Syracuse and Fabus, N.Y.

Winand K. Hoek, professor of plant pathology, to evaluate internationally sponsored pesticide education programs and to assist in the development of a national pesticide education program for Australia, at the Agricultural and Veterinary Chemicals Association of Australia, North Sydney

Gerald D. Kuhn, professor of food science, to prepare a book-length manuscript on contemporary philosophies and practices for managing the quality of processed and manufactured foods, at Ore Ida, Boise, Idaho, and Pillsbury Foods, Minneapolis, Minn.

Andrew S. McNitt, associate extension agent, to pursue a master's degree in turfgrass science in the Department of Agronomy

Mary C. Saylor, associate professor of agricultural and extension education, to research small, home-based, and family business management, at the National Agricultural Library, Bethesda, Md.

Sharon S. Shortle, associate professor of agricultural economics, to conduct research on empirical linkages between agricultural trade, price and income supports, and environmental policies, at the University of New England, Australia

Jay R. Stauffer Jr., professor of fishery science, to conduct research on lake Malawi cichlid fishes, at Rhodes University, South Africa

Spino E. Stefanou, associate professor of agricultural economics, to study resource adjustments in the European Economic Community's agricultural sector, in Federal Republic of Germany and the United Kingdom

Ben W. Twhight, associate professor of forest resources, to conduct research on the German roots of American forestry practice and subsequent influences on American forest management and policy, at the Institute for Forest Economics and Policy, Vienna, Austria

Paul N. Walker, professor of agricultural engineering, to study systems engineering and biotechnology, at the University of Hawaii

Amy S. Walters, associate extension agent, to pursue a master's degree in the College of Education, Division of Curriculum and Instruction

Robert E. Wideman Jr., associate professor of poultry science, to study the use of a system that measures the blood flow through the avian kidney, at the University of Arkansas

College of Arts and Architecture

Albert A. Anderson Jr., associate professor of art education and museum arts, to conduct a study of America's visual art and craft schools

Daniel C. Armstrong, associate professor of music, to study the history and construction of the concert snare drum and to prepare, produce, and present chamber music performances

William E. Crocken, director of general education in the arts and associate professor of theatre arts, to research digital video interactive technology and its application to general education arts courses

Charles H. Firmin, assistant professor of theatre arts, to study the use of automated stage lighting instruments in theatrical lighting designs

Marc A. Hessel, associate professor of art, to complete photographic project in Puerto Rico and to print portfolios for exhibitions at primarily Hispanic cultural centers

Daniel R. Jones, associate professor of landscape architecture, to study means of improving planning and design in lakefront settings

George Mauer, professor of art history, to complete a catalogue raisonné of the paintings of Cuno Amiet

David P. Milby, associate professor of art (Ogontz Campus), to finish work on a book on the Milby family of Virginia

Wladyslaw A. Strumilo, associate professor of architecture, to complete research on the architectures of scarcity, learning, and sovereignty, in Delft, the Netherlands

Penn State Erie, The Behrend College

Ralph J. Eckert, assistant professor of history, to conduct research on the 1864 military campaigns in the Shenandoah Valley of Virginia

John K. Gamble Jr., professor of political science, to survey the teaching of international law and to develop a simulation for undergraduate courses

Jeffrey S. Wicken, associate professor of biochemistry, to extend work in the application of information theory and thermodynamics of evolution to social structures and religious systems, at Chicago Center for Religion and Science

College of Business Administration

Stewart W. Bither, professor of marketing, for a study titled "Strategic Choice: Managerial Models of Selective Focus and Information Processing" at the Verbatim Co.

John P. Cancro, assistant professor of business administration (New Kensington Campus), to study microcomputer integration into associate degree business administration programs in the United States

Mita Sujan, associate professor of marketing, to conduct research on the effects of prior knowledge on consumer judgments and choice, at the University of California, Los Angeles, and Duke University

Harish Sujan, associate professor of marketing, to develop a research program on salesperson motivation and performance in cooperation with faculty members at the University of California, Los Angeles, and Duke University

Penn State Harrisburg

Michael L. Barton, associate professor of social science and American studies, to complete a book-length work which combines ethnography, local history, and fiction

Refik Culpun, associate professor of management, to study multinational corporate strategies, and the strategic management of international firms in third-world countries, at Bilkent University, Turkey

William J. Mahar, associate professor of humanities and music, to prepare a series of interpretive essays on the cultural, historical, and musical contexts of blackface entertainment

William R. Miller Jr., associate professor of physics, to do research in semiconductor physics, materials, and devices, at the National Institute of Standards and Technology

Ugur Yucel, associate professor of marketing, to do research on consumer attitudes in Common Market nations towards imported goods, at the Oslo Business School, Norway

Commonwealth Educational System

Daniel T. Fitzgerald, area representative, Continuing Education (Ogontz Campus), to pursue doctoral study in health education, with specialization in staff development

Mary C. Landis, area representative, Continuing Education (Allentown Campus), to pursue doctoral study in adult education

School of Communications

Richard L. Barton, associate professor of communications, to conduct research and prepare a book-length manuscript on the history of British press coverage of Canada

William C. Urlicchio, associate professor of film and video and communications, to complete a critical study of television in Germany, 1935-1944

College of Earth and Mineral Sciences

Z.T. Bieniawski, professor of mineral engineering and director, Mineral Resources Institute, to study research and graduate programs in engineering design theory and methodology at the Harvard University Graduate School of Design

Carlo G. Pantano, professor of materials science and engineering, to perform collaborative research on the surface physics and chemistry of glass, at the University of Padua, Italy

Peter J. Webster, professor of meteorology, to do research on atmospheric dynamics, at the University of Munich, Federal Republic of Germany, and the European Centre for Medium Range Weather Forecasting, Reading, United Kingdom

College of Education

William L. Boyd, professor of education, to conduct research on educational reform and local/national policy in the United Kingdom, at the University of Liverpool

Harold E. Cheatham, associate professor of education, to pursue work in cross-cultural counseling theory and practice

Peter S. Cookson, associate professor of education, to conduct research for a book titled *Metaphysics, Policy, and Practice in Adult Education: The Cases of Nietzsche and Celia Ruiz*

Henry J. Johnson Jr., professor of education, to study the impact of science, particularly evolutionary theory, on educational theory and practice since 1980

James E. Johnson, associate professor of education, to investigate the relationship between day care and the early childhood education curriculum model program, "Educating the Young Thinker"

Deborah M. Roberts, professor of educational psychology, to develop tutorial and textbook-related materials to integrate Minitab into statistical instruction

College of Engineering

Gert Aron, professor of civil engineering, to work on surface hydrology with state and university researchers in New Zealand and Australia, at the New Zealand Hydrology Centre, Christchurch

Lynn A. Carpenter, associate professor of electrical engineering, to participate in design and testing of microwave monolithic integrated circuits for satellite receivers, at Johns Hopkins University

M. Jay Chandra, associate professor of industrial engineering, to develop an integrated approach to quality engineering using Taguchi methods and classical statistical tools, at the Indian Statistical Institute, Bangalore

Richard F. Devon, associate professor of engineering graphics, to pursue work on the social management of technology, at the

Program in Values, Technology, Science, and Society, Stanford University, and to examine how that program is used to enhance engineering education

Ian-Choon Khoo, professor of electrical engineering, to pursue research on the applications of advanced organic polymers and high temperature superconductors in nonlinear optical devices, at Princeton University

Michael M. Micci, associate professor of aerospace engineering, to conduct experimental research on combustion instabilities in rocket motors, at the Office National d'Etudes et de Recherches Aérospatiales (ONERA), Châtillon and Palaiseau, France

Jonathan Phillips, associate professor of chemical engineering, to conduct research on the surface structure and catalytic chemistry of single crystals of metal alloys, at the Center for Catalytic Research, Lyon, France

Andrew Pytel, professor of engineering mechanics, to participate in the incorporation of nontraditional teaching methods into the design of new engineering curriculum, at the University of California, Riverside, and California State University, Pomona

Gary S. Settles, professor of mechanical engineering, to conduct research on hypersonic fluid dynamics and associated optical flow diagnostics

Martin W. Thewissen, associate professor of mechanical engineering, to perform research to improve the capabilities of structural dynamics models developed from experimental data, at the Institute of Sound and Vibration Research, University of Southampton, England

Ralph L. Webb, professor of mechanical engineering, to collaborate on research concerning cross-flow forced convection boiling, at the National Engineering Laboratory, Glasgow, Scotland

Savash Yavuzkurt, associate professor of mechanical engineering, to conduct experimental and theoretical research in the area of free stream turbulence, at the NASA Center for Turbulence Research, Stanford University

Sam Y. Zamick, professor of engineering mechanics, to study testing for elastic-plastic fracture toughness of composite materials, at University of Kansas and NASA Lewis Research Center, Cleveland

Great Valley Center

James K. McAfee, associate professor of special education, to study measures taken to accommodate the needs and rights of defendants and offenders with mental or physical handicaps in Denmark and Australia

College of Health and Human Development

Peter R. Cavanagh, director, Center for Locomotion Studies, and professor of locomotion studies, to conduct research on risk factors involved in diabetic foot complications, at the Manchester Royal Infirmary, England

Ann C. Cropper, associate professor of human development, to complete longitudinal analyses of parental work, family relationships, and children's psychosocial functioning

Kathryn E. Hood, associate professor of human development, to continue work on animal models of life-span social development

Kathryn F. Keams, assistant professor of exercise and sport science (Ogontz Campus), to prepare for publication a study on visual information processing by dancers and to lay the groundwork for future international exchanges in dance, in Brazil and Australia

John A. Lucas, professor of exercise and sport science, to conduct interviews and prepare a book-length manuscript, *The Future of the International Olympic Movement and the Olympic Games*

Susan M. McHale, associate professor of human development, to continue work on a longitudinal study of parenting in dual-earner families

Judith L. Newman, associate professor of human development (Ogontz Campus), to prepare for publication studies of children's and adolescents' concepts of death, illness, family, divorce, and adoption

Maribeth Peiniger, assistant professor of exercise and sport science, to study new technologies, including computer programs and interactive video, to improve athletic performance, at the Olympic Training Center, Colorado Springs

Patricia A. Seni, assistant professor of exercise and sport science, to expand knowledge of sport law and to develop practicum sites for students enrolled in the sport management option

Sherry L. Willis, professor of human development, to prepare a book-length manuscript on the effectiveness of cognitive training with older adults, at Stanford University Medical School and Palo Alto VA Center

College of the Liberal Arts

William S. Abruzzi, assistant professor of anthropology (Ogontz Campus), to complete a book-length manuscript which examines the ecological implications of historical ethnic relations in New Mexico, at New Mexico State University

Charles D. Ameringer, professor of Latin American history, to prepare a book-length manuscript, *The Cuban Democratic Experience: The Atrincheros in 1944-42*

Thomas J. Bernard, associate professor of administration of justice, to prepare a monograph that reinterprets and integrates the major social theories of crime

Paul F. Clark, associate professor of labor studies and industrial relations, to examine the role of union constitutional conventions in union policy-making and politics

Paul R. Cornwell, professor of psychology, to pursue studies of the visual cortex of cats, at Boston University School of Medicine

Gary S. Cross, associate professor of history, to complete research for an intellectual and policy history of the problem of leisure time in Western Europe, 1919-1950

William J. Duiker, professor of East Asian history, to write a

(Continued on page 7)

University announces leaves of absence

(Continued from page 6)

book-length biography of the Vietnamese revolutionary Ho Chi Minh, in France and Vietnam.

Ronald L. Filippelli, professor of labor studies and industrial relations, to research ways by which the U.S. government after World War II attempted to counteract the influence of both Gaullism and Communism among French intellectuals, the French left, and the labor movement in order to bring France into the American sphere of influence as a cooperative member of the Western alliance, in Paris.

John B. Frantz, associate professor of history, to prepare a book-length manuscript on the history of religion among the Pennsylvania Germans, during the 18th century.

Alessandra Graves, assistant professor of Spanish and German (Delaware County Campus), to complete field investigation, research and writing of a book-length manuscript on the traditional beliefs of Costa Rica.

Paul B. Harvey Jr., associate professor of history and classics, to complete a critical edition of Jerome's *Letters of Saints Paul the Hermit, Malchus, and Hilarius*, at the University of Pavia, Italy.

Robert D. Hume, professor of economics, to prepare a book-length manuscript, *Peoples Apart: Self and Other in American Fiction 1960-1990* in London.

Robert D. Hume, professor of economics, to prepare a book-length manuscript, *The Plunkett and Italian Opera in London, 1785-1803*, in London.

John A. Johnson, associate professor of psychology (DuBois Campus), to extend, to a German population, research on factors that affect the validity of self-report personality inventories, at the University of Bielefeld, Federal Republic of Germany.

Philip A. Klein, professor of economics, to expand work on indicators of business cycles and to develop leading indicators of cyclical changes in inflation in market-oriented countries, at Columbia University.

I. Sten Kroll-Smith, associate professor of sociology (Lehigh Campus), to prepare a book-length manuscript on the organizational structure of local citizens' environmental groups.

Frank J. Landy, professor of psychology and director, Center for Applied Behavioral Sciences, to develop and test models of human performance and safety in nuclear power plants in Sweden, at Stockholm University.

Herschel W. Lebowitz, Evan Pugh professor of psychology, to study the role of visual memory in spatial orientation, at the University of Tübingen, Federal Republic of Germany.

Daniel Maier-Katkin, professor of law and American studies, to conduct a study of the implementation of the British Infanticide Act of 1938, at the University of London.

Shirley Marchalson, associate professor of English and comparative literature (Berks Campus), to work on a book-length study of the contribution of women writers to the *Atlantis*, *Monthly*, 1857-1882.

James E. May, associate professor of English (DuBois Campus), to complete a descriptive bibliography of the works of Edward Young (1683-1765).

Raymond A. Mazurek, associate professor of English (Berks Campus), to explore the relationship between current social-epistemic theories of rhetoric and contemporary literary theory.

Frank A. Melone, assistant professor of psychology (Ogontz Campus), to complete a study on career clarification processes in the college student.

Paul A. Orlov, assistant professor of English (Delaware County Campus), to prepare a book-length critical study of Dreiser's novel, *An American Tragedy*.

Cheryl J. Plumb, assistant professor of English (York Campus), to prepare a concordance of Diana Barries' *Nightwood*.

Rio T. Preiner, professor of German, to study the development of Friedrich Schlegel's philosophical views of history (1804-1822).

Richard J. Ravizza, associate professor of psychology (Worthington Scranton Campus), to investigate the impact of a holistic approach to newly diagnosed HIV-positive patients, at the University of Connecticut Medical School and the Himalayan Institute.

Leonard R. Roforgio, associate professor of history (Shenango Valley Campus), to complete a biography of John Timon, first bishop of Buffalo.

Audrey T. Rodgers, associate professor of English, to study the poetry of Edna St. Vincent Millay.

Larry W. Samuelson, professor of economics, to conduct research in evolutionary game theory on the relationship between extensive and normal form games and the mathematics of dynamic process, at the University of Melbourne, Australia, and Tilburg University, the Netherlands.

Margaret L. Signorella, associate professor of psychology and women studies (McKeessport Campus), to develop a theoretical approach to the development of gender stereotyping in children.

C.J.R. Simons, associate professor of psychology (Fayette Campus), to examine early neuromotor factors predictive of developmental outcome in premature, low-birthweight infants.

Martin S. Stabb, professor of Spanish, to complete research for a book-length manuscript, *The Contemporary Spanish American Essay*, 1950-1980.

James B. Stewart, associate professor of labor studies and industrial relations, to conduct research on the International Council for Equality of Opportunity Principles, the body established to guide use of the Sullivan Code of Conduct to monitor and evaluate business activities in South Africa.

Carl G. Vaughn, professor of philosophy, to prepare a book-length manuscript on Augustine's *Confessions*, at Oxford University.

College of Medicine

R. Bradford Duckworth, assistant professor of medicine, to develop new strategies in epilepsy research, at the Yale University School of Medicine.

Louis F. Martin, associate professor of surgery and physiology, to study the application of techniques in molecular biology and genetics to studies of the role of defective lipolytic mechanisms that contribute to obesity.

College of Science

David R. Anderson, associate professor of biology (Fayette Campus), to conduct research on genetic heritability of captive and free-roaming white-tailed deer and continue a study of white-tailed jawns and their mortality rates, at the Rachelwood Wildlife Preserve, New Florence, Pa.

George E. Andrews, Evan Pugh professor of mathematics, to conduct research in number theory at the Thomas J. Watson Research Center (IBM), Yorktown Heights, N.Y.

Augustina Banyaga, associate professor of mathematics, to conduct research on the geometric foundation of symplectic topology.

Abdelali Benharbit, associate professor of mathematics (York Campus), to study the multiphase flow of mixtures at Johns Hopkins University.

Edward W. Bittner, associate professor of chemistry (McKeessport Campus), to pursue studies in coal liquefaction technology, at the Pittsburgh Energy Technology Center.

Jean E. Brechley, director, Biotechnology Institute, and professor of microbiology, to study new methods in microbial ecology, at the National Institutes of Health.

James P. Crawford, assistant professor of physics (Fayette Campus), to conduct research on bispinor geometric nonlinear sigma models.

Reginald A. Dearing, professor of molecular and cell biology, to conduct research on DNA repair enzymes, at Cornell University.

James J. Deploy, associate professor of biology (York Campus), to study the role of thermophilic fungi in the biodegradation of stored peanuts, at George Washington University.

Andrew G. Ewing, associate professor of chemistry, to collaborate with neurochemists in the departments of history and neurochemistry at Lund University and the Royal Institute of Technology, Stockholm, Sweden.

H. Lee Fairbanks, associate professor of biology (York Campus), to conduct research on morphological and histochemical differences in the reproductive systems of snails, at the University of Tulsa.

William L. Harkness, professor of mathematical statistics, to conduct research in categorical data analysis and its applications to public policy issues and to social and behavioral problems.

Stephen C. Hoops, assistant professor of chemistry (New Kensington Campus), to conduct research on fundamental reactions in hydrogenation of coal solids.

Peter C. Junn, professor of chemistry, to conduct research on computer-assisted studies of the relationships between the molecular structure of organic compounds and their physicochemical properties or biological activities, at Toyohashi University in Japan and Los Alamos National Laboratory.

Bruce R. Kendall, professor of physics, to study the trapping and storage of microfine and ultrafine particles in electrical and magnetic fields, at the University of Arizona.

Hae-Won Kim, assistant professor of chemistry (Ogontz Campus), to study the computation of physical properties of triatomic and larger molecules, and to develop a semi-empirical method to calculate the infrared vibrational frequencies of organic molecules, at the University of Pennsylvania.

Peter I. Meszaro, professor of astronomy, to study high energy physical processes in relativistic galactic and extragalactic sources.

Roy E. Myers, professor of mathematics (New Kensington Campus), to study computer algebra systems and their use in mathematical instruction.

Lawrence R. Newcomer, assistant professor of computer science (York Campus), to prepare a book-length manuscript on Structured Query Language.

Ronald D. Porter, associate professor of microbiology and molecular genetics, to study the DNA binding properties of single-strand DNA binding proteins and the endonuclease activity of DNA helicases, at Texas A&M University.

Herman G. Richey, professor of chemistry, to study the structures and reactions of polar molecular groups and related organometallic compounds, at the Free University, Amsterdam.

Douglas H. Sampson, professor of astrophysics, to improve the calculation of atomic data for applications to high temperature plasmas, at Oxford University, United Kingdom.

Haiduke Sarafian, assistant professor of physics (York Campus), to study medium-energy nuclear physics, at the Los Alamos National Laboratory.

William S. Tothacker, associate professor of physics (Mont Alto Campus), to conduct experimental work in high energy physics, at the Fermi National Accelerator Laboratory.

K. Vedam, professor of physics, to study the optical properties of solids at extremely high pressures, at the Carnegie Institution, Washington, D.C.

Joseph J. Villafraña, Evan Pugh professor of chemistry, to study crystal structures of mutant enzymes, at the University of California, Los Angeles.

Tom M. Warrs, assistant professor of computer science (Ogontz Campus), to work on a manuscript in Lisp with applications to artificial intelligence.

Daniel W. Weedman, professor of astronomy, to monitor construction of the Spectroscopy Survey Telescope in Texas and obtain observations at Mt. Palomar and the Anglo-Australian Observatory.

James J. Whitmore, professor of physics, to study high energy electron-proton collisions, at DESY, West German National Laboratory, Hamburg.

Thomas Winitz, professor of physics (Wilkes-Barre Campus), to continue research in theoretical atomic physics, at Harvard and Rice universities.

Obituaries

Eugenio Battisti, Evan Pugh professor emeritus of art history, died Nov. 18 in Rome, Italy, at the age of 64.

A scholar of international distinction, Dr. Battisti was a faculty member in the Department of Art History from 1966 to 1984. He was named a Fellow in the Institute for the Arts and Humanistic Studies in 1966 and was appointed Evan Pugh professor in 1976.

Though his area of expertise was Italian Renaissance art, Dr. Battisti was an advocate of the interdisciplinary approach to historical ideas. His publications reflect his interest in neighboring disciplines and range from medieval to modern fields. Among his most important publications is a monograph on Cimabue, published by the Penn State Press and another on Piero della Francesca.

Dr. Battisti received his doctoral degree in aesthetics from the University of Turin in 1946. Prior to joining the University faculty, he taught at the Universities of Naples, Rome and Genoa.

Ruth W. Ayres-Givens, professor emerita

of clothing and textiles, died Dec. 15, 1989. She was 87.

From 1952 to 1967 she was professor and head of the Department of Clothing and Textiles in the College of Home Economics, and from 1967 to 1971 she was professor and consultant in the Division of Man-Environment Relations in the College of Human Development.

Dr. Ayres developed the clothing and textile field into one of national reputation in home economics, and developed an innovative multidisciplinary doctoral program which attracted students both nationally and internationally.

In 1925 and 1927 she received bachelor's and master's degrees from Radcliffe College, and in 1929 a doctor of philosophy degree in economics from the Robert Brookings Graduate School of Government and Economics.

Her professional career spanned many years, beginning during the New Deal era, when she served as staff economist for the Federal Consumer Advisory Board. From 1943 to 1947 she served as chief of the cost-of-living allowance branch of the U.S. Department of State, and from 1948 until she went to Penn State, she was executive director of the National Consumer-Retailer

Council.

After her retirement, she and her husband worked extensively in Ghana, where she lectured at the University of Ghana.

Memorial contributions may be made to the Ruth W. Ayres-Givens Scholarship Fund, Penn State, 1 Old Main, University Park, Pa. 16802.

John C. Rudy, 71, an employee in the Department of Mineral Industries for 31 years, until his retirement in 1980, died Jan. 17.

Mr. Rudy was a U.S. Army veteran of World War II, serving in the European Theater of Operations. He attended State College area schools.

He was a member of the Upper Spruce Creek Presbyterian Church, the Harris Township Fish and Game Association and was a lifetime member of State College Elks Club 1600, the Tyrone American Legion and the State College Veterans of Foreign Wars.

Doris S. Humphrey, janitorial worker, Physical Plant, from Nov. 10, 1969, until her retirement Jan. 1, 1980, died Dec. 1 at the age of 74.

Robert G. Fowler, addressing equipment operator, Business Services, from April 3, 1963, until his retirement May 1, 1973, died Dec. 2. He was 81.

John W. Spotts, foreman carpenter, Physical Plant, from Dec. 1, 1941, until his retirement July 1, 1960, died Dec. 4 at the age of 94.

Patrick J. Marinice, maintenance worker, Physical Plant, from May 12, 1973, until his retirement on disability Feb. 1, 1988, died Dec. 18. He was 59.

William W. Ulley, retired associate professor of engineering graphics, died Dec. 20, 1989, at the age of 92. He joined the faculty Nov. 1, 1945, and retired July 1, 1962.

Adele F. Haugh, physical science assistant, University Libraries, since Feb. 12, 1973, died Jan. 2. She was 61.

Edgar C. Book, mailing room supervisor, College of Agriculture, from July 1, 1944, until July 1, 1966, died Jan. 2 at the age of 62.

Department is ranked first in productivity

A first-time, objective analysis of family science departments ranks the Department of Human Development and Family Studies in the College of Health and Human Development as the nation's best in productivity.

Family Science Review published the comparative analysis, which assessed Penn State's department along with 30 other national programs. The results are based upon the quality and number of first- and second-authored publications, how often

articles are referenced by other scientists and the number of books that faculty members have in print.

Penn State ranked first in each of the six categories, with a total "productivity indicator" of 16.8, compared to the next highest score of 2.2. Twelve of the 15 highly rated faculty members are in the Human Development and Family Studies Program, and five others are graduates of the program.

Robert Plomin, professor of human

development, was the nation's highest ranked faculty member, and Richard Lerner, professor of child and adolescent development, was second. Other Penn State faculty in the top 30 were:

Jay Belsky, professor of human development and family studies; K. Warner Schaie, Evan Pugh professor of human development and psychology; Judith Dunn, professor of human development; Michael A. Smyer, associate dean for research and graduate studies in

the College of Health and Human Development.

John R. Nesselroade, research professor of human development; Gerald E. McClearn, Evan Pugh professor of health and human development; Steven H. Zarit, professor of human development; Sherry L. Willis, professor of human development; Anne C. Petersen, dean of the College of Health and Human Development; and David Estes, assistant professor of human development.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University's Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Feb. 1. **DO NOT CONTACT THE AREA THAT HAS THE VACANCY.** Applications for staff vacancies are considered in accordance with the Employment practices (PS 1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age as provided by law, sex or status as a disabled or Vietnam era veteran.

• **Network Systems Coordinator, C415 - Office of Telecommunications, University Park Campus** - Responsible to the senior operations coordinator Transmission Facilities and Operations for monitoring the operation of the telecommunications network, including voice, data and video systems. Requires associate degree or equivalent plus two to three years of effective experience in telecommunications. Strong background in telecommunications and in problem determination. Excellent verbal and written communication skills are required. **MAY BE ASSIGNED TO NIGHT EVENING, OR WEEKEND WORK ON A CONTINUING BASIS.** STAFF GRADE 5.

• **Senior Systems Programmer, C615 - Center for Academic Computing, University Park Campus** - Responsible to the assistant director for software for maintenance of large IBM operating systems. Analyze software system failures, generate new releases of operating systems, maintain communication controls, software, and monitor utilization of current resources. Requires bachelor's

degree or equivalent in computer science, plus two years of experience in systems programming on a large IBM system. A thorough knowledge of assembler language is mandatory. The applicant must have experience in system generation, modification and operation of data processing, modification and knowledge of operating system concepts. STAFF GRADE 7.

• **Senior Accountant, Corporate Controller, University Park Campus** - Responsible to the manager, Student Loans, for planning, development, modification and operation of data processing functions for student loans and scholarships, and for serving as liaison with Management Services, the director of academic information systems and other appropriate persons. Requires bachelor's degree or equivalent in accounting or related field, plus two to three years of effective experience, preferably in institutional accounting and procedures. Familiarity with personal computers, information systems and computer accounting procedures desirable. STAFF GRADE 7.

• **Administrative Assistant, College of Engineering, Dean's Office, University Park Campus** - Responsible to the dean, College of Engineering, for the overall effective and efficient operation of the Dean's Office. To include liaison with academic and administrative departments, central administration and the President's Office, and coordination of activities emanating from the dean. Research and write reports, draft correspondence, monitor activities and develop agendas. Requires bachelor's degree or equivalent in a related field, plus one to two years of effective experience in an administrative support capacity and excellent writing skills and strong organizational ability. STAFF GRADE 6.

• **Drafter, Facilities Planning and Design, Office of Physical Plant, University Park Campus** - Responsible to the senior mechanical electrical engineer for developing, updating and maintaining mechanical, electrical and architectural drawings and

maps. Requires associate degree or equivalent or graduation from a two-year technical school, plus a minimum of one to two years drafting experience in an architectural or engineering office. STAFF GRADE 4.

• **Staff Psychologist, Student Services, Counseling and Psychological Services, University Park Campus** - Responsible for providing counseling and mental health services to students at the University. Principle duties include individual and group psychotherapy, training and supervision of interns and graduate students in psychology. Requires Ph.D. in clinical or counseling psychology or equivalent training, including a one-year internship or masters' degree in counseling or clinical psychology or equivalent training, plus three years of applicable experience. Prefer doctorate from APA-approved program with APA-approved internship, licensed or license-eligible in the state of Pennsylvania. STAFF GRADE 8.

• **Ophthalmic Technician, University Hospital, Outpatient Services, The Milton S. Hershhey Medical Center** - Responsible to an ophthalmologist and/or nurse manager for performing diagnostic tests including visual fields, electrophysiology and ultrasonography and providing support to ophthalmologist for clinical activity. Requires high school education and ICANPO certification as an ophthalmic technician or equivalent plus two years of effective experience and cardiopulmonary resuscitation certification. STAFF GRADE 5.

• **Programmer Analyst, Development Center, University Hospital, The Department of Medical Computer Center, The Milton S. Hershhey Medical Center** - Responsible to the manager, Development Center, for the analysis of how data processing can be applied to specific user problems for the design of effective data processing solutions and for the development of effective, efficient and well documented programs. Requires bachelor's degree in computer science or equivalent plus one to two

years of effective experience. STAFF GRADE 6.

• **Referral Development Manager, University Hospital, University Hospital Rehabilitation Center for Children and Adults, Elizabethtown -** Responsible to the manager, Ambulatory and Support Services, for managing the promotion of the University Hospital Rehabilitation Center for Children and Adults to the professional medical community. Requires bachelor's degree or equivalent, in health care, business or related field plus two to four years of effective experience. Must have demonstrated knowledge and experience in marketing, medical rehabilitation services and insurance and third-party reimbursement. Must possess good oral and written communication skills. STAFF GRADE 7.

• **Janitorial Foreman, Maintenance and Operations, Berks Campus** - Responsible to the assistant to the director of business services for supervision and coordination of janitorial and custodial activities and employees at the Berks Campus. Apply knowledge of work activities involved and the general overall missions and objectives of the Campus. Requires a high school education, or equivalent, and competency in janitorial field, plus two to four years effective experience in janitorial and custodial operations and demonstrated leadership ability. STAFF GRADE 4.

Internal search

The College of Engineering has begun an internal search for an associate dean for graduate studies and research.

The associate dean is expected to identify and develop new research areas, provide leadership and direction to both established and new faculty, and enhance the quality of existing and emerging programs. The associate dean has authority and responsibility for developing programmatic research plans and overseeing the College Research Centers, and has budgetary responsibility for funding to promote research and graduate study.

The position requires strong organizational skills, a national research reputation, an earned doctorate in engineering, demonstrated knowledge of funding agencies and the grant proposal process, and an understanding of departmental, college and university interaction.

Interested faculty should send a letter of application and resume to John A. Brighton, dean, College of Engineering, 101 Hammond Building, University Park, by Feb. 26.

Nominations sought for Morrow Professorship

Applications and nominations are invited for the Morrow Professorship in Engineering Design and Manufacturing.

Candidates must have a demonstrated ability to develop strong relationships with industry and be willing to work in an innovative, cross-disciplinary environment, according to Gary H. Koopmann, chair of the search committee, professor of mechanical engineering and director of the Nose Control Lab.

In addition, candidates must hold an earned doctorate and have a distinguished international reputation in design.

The endowed professorship in design and manufacturing, funded by Paul Morrow of Phoenix, Ariz., emphasizes computer-aided design and manufacturing, manufacturing processes and machine systems, automation and systems integration and elements of design.

The holder will conduct design research and develop funded research programs and supervise student research and teaching, especially at the graduate level.

Other members of the search committee are Budugur Lakshminarayana, Evan

Pugh professor of aerospace engineering; H. Randolph Thomas, professor of civil engineering; Victor Sanvido, assistant professor of architectural engineering; and Paul Cohen, associate professor of industrial engineering.

Applications and nominations, including curriculum vitae, will be accepted until Jan. 31 or until a suitable candidate is found. They should be sent to Professor Koopmann, chairman, Morrow Search Committee, College of Engineering, Box XX, 157 Hammond Building, University Park.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

Commission on Racial/Ethnic Diversity seeks input

The Commission on Racial/Ethnic Diversity is seeking input from the University community to assist in setting its future agenda and courses of action.

A questionnaire, designed to assist the Commission in identifying issues of racial/ethnic concern at the University, is being sent to faculty and staff and will be made available to student organizations. At the same time, a series of open meetings is being planned.

The Commission on Racial/Ethnic Diversity was appointed by President Jordan last year. It is dedicated to enhancing the climate for diversity, and is responsible to the Office of the President for advising in University policies, procedures, programs, and issues affecting the welfare of racial/ethnic minority

members of the University community.

"To help it fully meet its charge, the Commission is inviting members of the University community to share their concerns," Ann Shields, Commission chairperson, said.

According to Ms. Shields, the Commission questionnaire is being sent to all faculty and staff via the *Penn State Intercom* distribution list and should arrive in early to mid-February. Additional copies of the form are available from the Commission office at 405 Old Main and may be obtained by calling Rita Williams at 863-0405.

"The questionnaire also will be distributed through student organizations," she said. "It will be available to individual

students upon request at the HUB Main Desk at University Park."

The Commission's first open meeting will be held from noon to 2 p.m. and 4 to 6 p.m. Thursday, Feb. 15, in the HUB Fishbowl.

"The open meetings," Ms. Shields said, "are another effort on the part of the Commission to reach out to all members of the University community."

"Commission members will be available at the open meetings to answer questions about the Commission. Individuals with questions about any aspect of the Commission's work, or with suggestions about issues or ideas that might be of interest to the Commission are encouraged to attend."

The Commission also is soliciting

nominations for new representatives from all categories of staff, students, faculty, and administrators at all locations of the University. Terms on the Commission are set for three years; in the case of students, they are for three years or until the date of graduation, whichever comes first.

Nomination forms are due at the Commission office by Feb. 15. New members will begin service on the Commission July 1.

Nomination forms and additional information about the Commission may be obtained by calling or writing Anne Nelson or Rita Williams at the Commission office (405 Old Main, 863-0405 or Network 8-433-0405), or by e-mail to AKN1@PSUADMIN.

Campaign convocation planned

The University will hold an academic convocation to celebrate the success of The Campaign for Penn State at 4 p.m. Friday, April 27, in Eisenhower Auditorium. Faculty, students, and staff are encouraged to attend.

"The Campaign has been aimed at strengthening academic programs for the University," President Jordan said. "As we are in the final months of this effort, we wanted to assemble the academic community to reflect together on where we have been and where we hope to go."

As of Dec. 31, the Campaign had raised \$320 million - 107 percent of the goal - and established nearly 100 endowed faculty positions. The number of endowed scholarship, fellowship and similar funds has increased from 400 to nearly 1,100 during the Campaign.

Components of the convocation - designed to last about an hour - will include remarks by President Jordan, Executive Vice President and University Provost William C. Richardson, Campaign Chairman William A. Schreyer, and by faculty and student representatives.

"We hope that faculty members will need academic regalia and join with us in the processional and recessional," President Jordan said.

The Penn State Bookstore will allow faculty members to rent regalia at one price for three occasions: the University Awards Convocation (April 8); the Campaign Convocation (April 27); and the University commencement ceremonies (May 12 and 13). Rental orders must be made by March 1.

Officials travel to Far East to strengthen relationships

William C. Richardson, executive vice president and provost, is meeting Jan. 27-Feb. 10 with corporate, industrial, government and university officials in Japan, Korea and the Republic of China (Taiwan) to strengthen collaborative relationships with Penn State.

He also will meet with the Penn State alumni clubs in those nations.

"As one of the leading research universities in the United States, Penn State is eager to explore further mutually beneficial arrangements with the corporations and universities in the Far East," Dr. Richardson said.

"We already enjoy productive relationships with a number of industries and academic institutions," he added.

"We're interested in building upon that base of friendship and respect to forge new relationships with new friends."

Accompanying Dr. Richardson to Japan will be H. Jesse Arnette, the senior member of Penn State's Board of Trustees and the chairman of the board's Committee on Educational Policy. Mr. Arnette, a 1955 graduate and a Distinguished Alumnus of Penn State, is a partner in a San Francisco law firm.

Economic development

Faculty Senate votes in support of Big 10 affiliation

Senators approved a resolution supporting the University's affiliation with the Big 10 Conference at the Jan. 23 meeting.

In its first meeting since November, the University Faculty Senate tackled a variety of legislative and informational reports covering general education, grading, air conditioning, research and undergraduate education and education partnership programs.

The resolution in support of the Big 10, proposed by the Committee on Academic and Athletic Standards, was not unanimously accepted by senators. One senator suggested that the Senate should either remain quiet about the affiliation or return the resolution to the committee, because senators were not consulted before the decision was made.

William C. Richardson, executive vice president and provost of the University, in a report on the Big 10 affiliation's impact on the University, said a media leak in Chicago caused the consultation process to move more quickly than the Big 10 or Penn State had planned.

Janet Atwood, Senate chairperson, said Senate Council was consulted prior to the media leak.

Dr. Richardson emphasized that the University's affiliation with the Big 10 "represents a very attractive association for this university." Among the academic features of the association is the ability of Penn State students to attend any of the Big 10 universities.

In other action, Senators debated revisions to Senate Rule 47-40 dealing with grading. Existing language in the rule refers to grades for undergraduate and graduate credit courses. The new language focuses on undergraduate and

graduate students, since courses may have both types of students enrolled.

The Committee on Academic and Athletic Standards' attempt to clarify existing practice was challenged by several senators, one of whom said he was unaware that the plus/minus grades he assigned to graduate students in his class were automatically removed by the computer program used by the Registrar's Office.

Currently, undergraduate students receive plus/minus grades, while graduate students are graded on a straight-letter scale. When the Senate approved the grading change for undergraduates, it recommended that the Graduate Council adopt the same scale for graduate students, but the Graduate Council rejected plus/minus grading.

The revisions to Rule 47-40 were approved.

Other legislative action included passage of a recommendation to create a permanent University General Education Subcommittee within the Committee on Curricular Affairs and approval of definitions for "major" and "option."

The subcommittee would provide more systematic and continuous evaluation and development of the General Education Program adopted by the Senate in 1985 and 1986.

It will have nine members: chair or vice chair of Curricular Affairs, who would serve as chair of the new subcommittee; vice provost and dean for undergraduate education; one member from the Committee on Undergraduate Instruction; and six faculty representatives selected by Curricular Affairs.

Curricular Affairs proposed new definitions for "major" and "option," eliminating the electives category from the

definition of the major and revising the definition of option to state that it need not be more than 18 credits.

The Senate also:

- heard a report on air conditioning procedures at University Park by James R. Dungan, senior director of physical plant. Because of the unusually hot summer of 1988, the Facilities Resources Committee reviewed air conditioning options available.

Increasing central air conditioning in buildings at University Park is not financially feasible within the next several years; however, there is a plan to construct central chiller plants to provide central air conditioning for new and existing buildings in the future, Dr. Dungan said.

The committee also looked into University policy covering air conditioners and found that while window units had been discouraged in the past, no policy existed outlawing their use.

The Office of Physical Plant currently is inspecting all window air conditioners to see if they meet University installation criteria. Those that are found to be unsafe will be removed at the expense of the academic or administrative department and replaced with a University standard air conditioner, at the request of the unit. The cost is approximately \$1,500 for a University air conditioning unit.

To date, window air conditioners in five buildings have been inspected. Of the 45 units, 37 were found to meet safety criteria, three had installation problems that needed to be corrected and five had electrical problems requiring repair, Dr. Dungan said.

Inspections also will be carried out at the Commonwealth Campuses.

Focus on Diversity

Third in series of cultural diversity workshops set

The third in a series of cultural diversity workshops aimed at creating a more hospitable environment for people of diverse ethnic and racial backgrounds has been scheduled for Wednesday and Friday, Feb. 21 and Feb. 23, at the Hotel State College.

"The third set of workshops will be geared specifically toward the public contact employees - the people who create the 'first impression' for their business or organization," workshop coordinator W. Terrell Jones, an administrative fellow and special assistant to the provost for diversity and campus climate issues, said.

"We're looking especially to enroll cashiers, receptionists, salespeople, tellers,

customer service personnel - people in visible front line positions for their business or organization."

The sessions will be held from 7:30 to 10:30 a.m. on both Feb. 21 and 23, with participants expected to attend both sessions to complete the awareness program. The sessions feature lectures, films and exercises in stereotyping and prejudice, as well as case studies and role-playing situations.

"Our goal is to help participants understand cross-cultural differences and provide new insights into dealing with customer concerns from a culturally diverse perspective," Dr. Jones said. "By targeting public contact employees, we can design

the workshop materials to meet their particular experiences and needs.

"It is the public contact employees who set the tone of their organization for customers and clients of diverse ethnic backgrounds. We hope that by training these important organizational representatives, we can help them better serve all residents and visitors in our town and on our campus."

The diversity workshops can accommodate up to 25 persons, and they are open to both community business employees and Penn State staff.

Interested persons from the community should call the Chamber of Commerce/ Downtown Business Association office at

237-7644. University employees wishing to take part should call University Relations at 865-2501. Those who cannot be accommodated will receive early notification about future workshops. There is no fee for the workshops. Deadline for registration is Feb. 9.

The workshops are planned and sponsored by the Office of University Relations at Penn State and the Human Relations and Philanthropy Committee of the Downtown Business Association.

Twenty-two persons representing campus and community attended the first series of workshops in July, and 16 more attended the workshops in November.

Diversity Opportunities Calendar

Friday, Feb. 2, and Saturday, Feb. 3
Department of Exercise and Sports Science, two shows at 8 p.m. and one at 2 p.m.

Saturday, Paul Robeson Cultural Center. "An Evening of Dance," featuring Myrna Munchus-Bullock, artist-in-residence; the Penn State Internationale Dancers, Orchest. Monico, Ogontz Dance Company and the Dance Collective. Tickets cost \$4 for students and \$5 for general admission.

Friday, Feb. 2
Penn State Harrisburg, noon to 1:30 p.m., Gallery Lounge. Panel discussion: "New Direction for African American Women in Today's Society."

Monday, Feb. 5
Penn State Harrisburg, 12:30 to 2 p.m., Olmsted Building, Black Cultural Arts

Center. Lecture on the need for a new political agenda in the '90s by Michael Cooper, representative, All-African Political Revolutionary Party.

Tuesday, Feb. 6
Penn State Harrisburg, 7 p.m., Gallery Lounge. Music by Jayne Henderson and poetry by Clarice Chambers.

Wednesday, Feb. 7
Center for Women Students, noon to 1 p.m., 120 Boucke. Brown Bag Lunch Series on "Women and AIDS," with Diane Shepley, Centre County AIDS project director.

Center for Women Students, 7 p.m., HUB Fishbowl. Healthy Loving Week panel discussion on "Loving and Partnering in the '90s: When Having Half is Better

Than Having it All," with Patty and Christopher Johnstone and other University couples.

Thursday, Feb. 8
Center for Women Students, 8 p.m., HUB Gallery. Six Feminist Scholars Lecture Series. Sandra Harding, University of Delaware, on "Feminist Epistemology: Women as Knowers."

Saturday, Feb. 10
Office of Minority Faculty Development, 9 a.m. to noon, 114K Kern Graduate Building. Minority Faculty Workshop on promotion and tenure by Harold Cheatham, associate professor of education. For reservations, call Leah Witzig at 863-1663 by Feb. 5.

Behrend plans 'Celebrating Diversity' series

Penn State Erie The Behrend College has developed a spring "Celebrating Diversity" series to support and emphasize the importance of diversity in society. Continuing through April, all events are free and open to the public, with most of the activities beginning at 8 p.m. in the College's Reed Building Lecture Hall.

"We designed this series not only to bring stimulating cultural events to the community but to show that our commitment to diversity is more than mere rhetoric," Christopher Reber, dean of student services, said. The Office of Student Services is sponsoring the series.

Penn State-Behrend's commitment to diversity also is evidenced by the growth in the number of minority students enrolled for Fall Semester 1989 - up approximately 17 percent over 1988, representing one of the largest increases in the Penn State system and reflecting a national trend.

Close to one-third of the United States

population will be comprised of minorities by the turn of the century," Mr. Reber added. "This means colleges and universities have an increasingly important responsibility to make sure the needs of minority students are met as many of these students will become the leaders of tomorrow. Perhaps more importantly, we have a responsibility to help everyone in the community see the value of the different cultures and traditions which form our society."

The speakers section of the "Celebrating Diversity" series includes: Benjamin L. Hooks, chief administrative officer of the NAACP, on "A Civil Rights Agenda for the 1990s," Thursday, Feb. 1; Miriam Cruz, advocate for Hispanic and women's issues, on "2000 and Beyond: Growth of the Hispanic Community in the United States," Tuesday, March 12; and Ms. Gloria Steinem, Ms. magazine editor, on "Women: The New Immigrants," Thursday, March 22.

Cultural events for the series include Uplifting the Race: A Musical and Historical Perspective by Penn State-Behrend's Association of Black Collegians on Monday, Feb. 12; folk musician Josh White Jr., on Wednesday, Feb. 21; the Indiana University Soul Review on Friday, March 9 (in Erie Hall at 8 p.m.); A Cultural Fiesta highlighting the dances, foods and customs of different cultures at 6 p.m. Wednesday, April 11, in the Wintergarden; and the Bert Seager Jazz Quintet on Thursday, April 12.

The women's film series segment begins Tuesday, Feb. 6, with "The Autobiography of Miss Jane Pittman" at 8 p.m. in the Niagara Renaissance Hall Lobby; "Do the Right Thing" on Tuesday, March 6; "The Global Assembly Line" on Tuesday, March 13; "Women of El Planeta" and "And What Does Your Mother Do?" on Tuesday, March 20; and A World Apart on Tuesday, March 27.

WPSX-TV programs

WPSX-TV pays tribute to the black experience this month with special Black History Month Programming.

In response to overwhelming public interest, WPSX-TV will rebroadcast *Desmond Tutu at Penn State: Celebrating our Freedom Together* at 1 p.m. Saturday, Feb. 14.

In an address to more than 3,000 people at Eisenhower Auditorium, Bishop Tutu spoke about human rights violations and the need for economic sanctions against South Africa.

The eight-part *Eyes on the Prize II* continues with "The Promised Land (1967-68)" airing at 10 p.m. Monday, Feb. 5. Martin Luther King stakes out new ground for himself and the rapidly fragmenting civil rights movement. One year before his death, he publicly opposes the war in Vietnam. His Southern Christian Leadership Conference (SCLC) embarks on an ambitious Poor People's Campaign.

Tony Brown's Journal, airing at 11 a.m. Sundays presents contemporary newsmakers and timely documentaries that are of special interest to the black community. During Black History Month, the program will look at blacks in Hollywood. The Tuskegee Airmen during WW II-America's only black Air Force, and the docu-opera, "Thank God!" which examines how music has grown from the black church.

Carpoolers

Lisa, would like a ride from Port Matilda to University Park. She works from 8 a.m. to 5 p.m. (Wednesday, Thursday and Friday only). Contact her at 865-7501.

Bud is looking for van pool riders from Woodward to University Park Monday through Friday, 8 a.m. to 4:30 p.m. Call 863-0835 or 349-8245.

The Campaign for Penn State

Behrend program receives endowment

The creative writing program at Penn State Erie, The Behrend College has received a \$153,249 endowment from the estate of the late Clarence A. and Eugenie Baumann Smith. The endowment will support scholarships, graduate fellowships and or program development.

Mrs. Smith, a life-long Erie resident and published poet, was well-known locally for her literary efforts. Her husband was a former advertising manager for The Times Publishing Co.

Mrs. Smith was a frequent visitor to the campus of Penn State-Behrend in the mid-1980s, meeting several times with faculty and students. When she died on June 5,

1988, she left the College a large portion of her remaining estate after bequests to family and friends.

"Eugenie Smith was very impressed by the quality of faculty and students here," John M. Lilley, Penn State-Behrend provost and dean, said. "She was a rare spirit and wanted to help young people who aspire to writing. The Clarence A. Smith and Eugenie Baumann Smith Endowment Fund will serve as a living memorial to her enthusiasm and love of poetry."

Mrs. Smith's gift will certainly enhance our four-year English and writing program. James Seroka, head of the Division of Humanities and Social Sciences, said,

At Penn State Erie

Company donates workstations

The Pittsburgh sales office of Silicon Graphics, a computer firm based in Mt. View, Calif., has donated three computer workstations worth \$104,000 to the engineering graphics lab at Penn State Erie, The Behrend College.

The Silicon Graphics workstations provide engineering students with the ability to design projects three-dimensionally. Full-color, 3-D images allow students to test engineering theories without designing time-consuming and costly mock-ups.

"This gift rounds-out what we feel is the

most sophisticated computer engineering graphics lab in the tri-state region," John M. Lilley, Penn State-Behrend provost, said. "This is an outstanding opportunity for our undergraduate students, and we are very grateful for the generosity of Silicon Graphics."

Penn State-Behrend offers two- and four-year degrees in engineering, with options in electrical, mechanical and plastics technology. The new computer equipment helps to accommodate the growing number of students enrolled in engineering programs.

Libraries project

The University Libraries want to identify individual faculty at all University locations who would benefit from personal access to an experimental mode to the library catalog database of the Research Libraries Group.

RLIN (pronounced "R-lin") is the acronym for the Research Libraries Information Network and includes records of the book, journal, and other holdings of major libraries around the country. It currently has more than 33 million records (or books in member library collections and also will help to identify journal titles, musical scores and recordings, archives and manuscripts, maps, visual materials, and data files in English and other languages).

There will be a test period from approximately March 1 to Aug. 31. The only requirements are for a faculty member to have easy access to a computer and modem or a terminal hardwired to the Computation Center, and to have a need for the information appearing in such a database.

We are looking for faculty in any discipline who are compiling or revising bibliographies or doing work that involves identifying or verifying book materials. Researchers who frequently use the *National Union Catalog* or other national bibliographies would also find RLIN useful.

In addition, there are several Special Databases of interest in specific subject areas. RLIN provides access to the *Eighteenth Century Short-Title Catalogue*, the *Avery Index to Architectural Periodicals*, and a research in progress database (literature-oriented).

The online system provides many more access points than a printed catalog: a user can find information by title keywords, authors' names, Library of Congress Subject Headings, in a specific language, etc. The system makes it possible to browse the collections of major research libraries without leaving one's home or office computer terminal. RLIN is easy to use, and training will be provided.

There are a limited number of passwords available for the six-month trial period. First consideration will go to those individuals who contact the Libraries by Friday, Feb. 10. To receive an invitation to find out more information, the contact people are: Linda Friend, Ed. Pattee, E-mail: LCF@PSULIAS, 865-0673; Mary Ellen Larson, E308D Pattee, E-mail: MEL@PSULIAS, 865-3064.

More buildings are added to recycling program

Feb. 5 kicks off the fifth group of University Park buildings to start the campuswide recycling program.

The buildings are Arts; Business Administration I, II and Bean BAB III; Cedar Chambers; Faculty; Keller; Moore; Music; Rackley; Sparks; and Visual Arts Building.

However, people are reminded that not all waste is acceptable for recycling. There are two separations: one for paper and one for containers. Other material is considered non-recyclable trash and should be discarded as usual. Recyclable paper includes white ledger paper (writing, typing and copy), newspaper, computer printout and corrugated cardboard.

"We cannot accept regular cardboard, such as cereal boxes, envelopes, post-it notes or colored paper," Phil Melnick, manager of support operations and special programs for the Physical Plant, says. Containers include clear, green and amber glass, aluminum cans, plastic soda bottles without caps, plastic milk and water jugs (no caps), steel and tin metal cans, and rinsed food and beverage containers.

"Some of the more common errors being made in the disposal of containers are unacceptable items, such as detergent and shampoo bottles, lab glass (tempered), yogurt containers, drinking glasses and bottle caps," Mr. Melnick noted.

"Paper must be dry and not

contaminated by food. Also, containers should be rinsed before depositing in the collection boxes."

The janitorial employees and a network of select individuals in each building have had a more detailed orientation, and they will be assisting with the program in their departments.

With 20 percent of the buildings on-line, about 15 tons of paper and three tons of containers have been collected.

Additional information on the University Park Campus program is available by calling the Recycling Hotline, (814) 865-8000.

NASA scientist to give Dixon Johnson lecture

Stephen Maran, senior staff scientist at NASA-Goddard Space Flight Center's Laboratory for Astronomy and Solar Physics, will present the 1990 A. Dixon Johnson Memorial Lecture in Scientific Communication at 8 p.m. Wednesday, Feb. 7, in 108 Wartik Laboratory at University Park.

The lecture, which is open to the public, is titled "The Best Evidence Yet... How Astronomers Report the Discovery of New Worlds."

Dr. Maran, an investigator of stars, nebulae, and comets, currently is working on NASA's Hubble Space Telescope and the Astro-1 Space Shuttle Mission.

The author of more than 250 articles, he also writes an astronomy column titled Sky Reporter for *Natural History* magazine.

Dr. Maran has been Harlow Shapley Visiting Lecturer of the American Astronomical Society since 1981 and currently is the society's press officer. Before joining NASA's Goddard Space Flight Center in 1969, Dr. Maran was an assistant astronomer at Kitt Peak National Observatory from 1964 to 1969. He earned his bachelor's degree in 1959 at Brooklyn College and his master's and doctoral degrees at the University of Michigan in 1961 and 1964, respectively.

The A. Dixon Johnson Lectures are a

project of the College of Science Alumni Society and are supported by gifts to the Science Fund and the Johnson Foundation. The lectures are named in honor of the late A. Dixon Johnson, science writer and head of the University's Office of Public Information.

Obituary

Elizabeth B. Laird, hostess, Dean of Women, from Aug. 24, 1943, until her retirement June 15, 1985, died Jan. 9. She was 94.

Vice Minister of Education Chao-Hsiang Yang, Mr. Yang is a 1978 graduate of Penn State.

Dr. Richardson noted the trip comes early in Penn State's effort to start a research park in Central Pennsylvania.

"This research park will eventually cover 300 acres, and we are interested in attracting corporate tenants from around the world and particularly from the Far East," he said. "There are many collaborative opportunities for firms that appreciate the benefits of physical proximity to a leading U.S. research university."

Kansai University of Foreign Studies.

Drs. Richardson, Kopp and Ham will visit Korea with stops at Pusan, Pohang City and Seoul and will visit Seoul National University and Pohang Iron and Steel Co. Ltd.

Accompanying Drs. Richardson and Kopp to Taiwan will be Parris Chang, professor of political science and director of the Center for East Asian Studies.

They will visit several universities and the Chiang Ching-Kuo Foundation for International Scholarly Exchange. The group will meet with a number of government dignitaries, including Fredrick Chien, chairman of the Council on Economic Planning and Development and

Far East

(Continued from page 1)

Iyong Ham, FANUC professor of industrial engineering, and LaMarr Kopp, deputy vice president for international programs, also will be traveling with them in Japan.

The corporations and universities include Sony Corp., Toshiba Corp., the Japan Foundation, Tohoku University, Seiko Instruments Inc., the University of Tokyo, Tokyo Kogyo Co., the Research Center for Advanced Science and Technology at the University of Tokyo, FANUC Ltd., Kyocera Corp., Murata Manufacturing Co., Sumitomo Electric Industries Inc. and

News in Brief

Computer seminars

The Phi Delta Kappa chapter at Penn State is offering Computer Technology in Education Seminars in February and March at University Park.

The 10 seminars, designed to introduce participants to the potential uses of computers in education, will be held Feb. 1, 2, 13, and 23 and March 8, 9, 10, 12, and 16. The seminars will cover such topics as "Macintosh in the Classroom: A New Window on the World"; "CD-ROM Technologies in Libraries"; "OmniBus: A Hypercard-Based Counseling, Advising and Orientation Resource; and Artificial Intelligence Applications for Adult and Childhood Education."

WPSU Radio format change

WPSU Radio, 91.1 FM, will change its daily program format beginning Monday, Feb. 5. Classical music will air from 8 a.m. to noon, and the jazz Spectrum will air from 1 to 5 p.m., Monday through Friday. Currently, jazz is heard in the mornings, and Afternoon Classics airs in the afternoons.

Healthy Living Week

The Office of Health Promotion and Education, University Health Services, will conduct its fifth annual Healthy Living Week at University Park Feb. 5

through 9. The week will feature special programs, a keynote speaker and campus-wide distribution of educational materials to emphasize building and maintaining healthy relationships.

"We recognize that interpersonal relationships are a primary concern for college students," Elaine Jurs, assistant director of OHPE and co-chair of Healthy Living Week, said.

Jamie Watsoning, assistant director of residential life at the University of Maryland, Baltimore County, and consultant for the Equity Institute, a multicultural organizational development firm, will give the keynote address at 7 p.m. Monday, Feb. 5, in the HUB Assembly Room.

Credit union annual meeting

The Penn State Federal Credit Union will hold its annual meeting at 7:30 p.m. Wednesday, Feb. 7, in the Assembly Room at the Nittany Lion Inn. There will be refreshments and doorprizes available.

International forum series

Schlow Memorial Library, in conjunction with the International Hospitality Council, is sponsoring a series of programs featuring speakers discussing their native countries. A general question and answer period will

follow each talk.

The programs will be presented at 7:30 p.m. the first Wednesday of the month in the meeting room of the library, 100 E. Beaver Ave., State College.

Following is the schedule: Feb. 7, Ecuador-Gelma Leiva will make a presentation; March 7, Finland-Pia and Petteri Alinikula will discuss Finland and the experience of living between Eastern and Western Europe; Zimbabwe-Rebecca Waterman will share her experiences as a practicing physician working in the refugee campus of Zimbabwe; May 2, LaMarr Kopp, deputy vice president for international programs at Penn State, will be the featured speaker.

National Engineers Week

President Jordan will be the guest speaker for the local National Engineers Week kick-off banquet on Sunday, Feb. 18, at Toffrees. The banquet is sponsored annually by the College of Engineering and includes representatives from local industry, faculty, staff, students and administrators.

National Engineers Week is celebrated annually near George Washington's birthday to commemorate Washington's skills as a military and agricultural engineer. Engineers Week was initiated

by the National Society of Professional Engineers in 1951 to promote engineering education and engineering as a profession.

Individuals interested in attending the event should call banquet organizer Donna Schroyer at 865-1831. Tickets are \$18.50 per person.

Graduate Research Exhibition

Graduate students who want to participate in the 1990 Graduate Research Exhibition can obtain applications from departmental offices or 114 Kern Graduate Building at University Park.

The exhibition will be held March 23-24 in the Kern Graduate Building lobby. Prizes total \$10,000.

Research subjects needed

Subjects are sought for a study evaluating five user-friendly consumer electronic products. They are a voice-controlled microwave, a remote-controlled vacuum cleaner, a TV-VCR with memory, a remote-controlled movable and tiltable TV, and six-speaker audio system with memory.

Subjects will be paid \$5 for less than one hour of participation time. If interested, contact Andris Freivalds or Donghyun Park at 865-2740.

Focus on the arts

'A Class Act'

Sign-ups are being held for "SYNERGY -- A Penn State Class Talent Show," sponsored by the Penn State Alumni Association and the Penn State Thespians, at the Hetzel Union Building desk at University Park.

Dubbed "A Class Act," the show looks to combine the best of Penn State student talent in a night of entertainment for all -- students, faculty, alumni and community members alike. Students from each of the classes -- freshman, sophomore, junior, senior, and graduate, along with a cross-class group -- will compete against each other. A \$250 prize will be awarded to the winner in each of the class divisions. In addition, a prize will be awarded to the overall best-of-show along with a first and second runner-up totaling \$2,400 in prizes.

Those wishing to pick up information about SYNERGY '90 or to sign up for auditions can do so at the HUB desk weekdays from 9 a.m. to 4 p.m. through Friday, Feb. 2. Students also can obtain registration information by calling the Alumni Association at 863-1520 during the day.

Auditions will take place in Schwab Auditorium between 6 and 10 p.m. Monday, Feb. 5, and Wednesday, Feb. 7, and are closed to the general public. A panel of judges will evaluate the acts based on the following criteria: stage presence, creativity, technical skill, appearance, and overall showmanship. Categories for the show include music, theater, dance and variety.

Eighteen acts will be chosen as finalists by the judges to appear in the SYNERGY '90 show, set to take place at 8 p.m. Saturday, March 17, in Schwab.

'An Evening of Dance'

The Department of Exercise and Sports Science, the Black Studies Program and the Paul Robeson Cultural Center are sponsoring "An Evening of Dance" at 8 p.m. Friday, Feb. 2, and 2 and 8 p.m. Saturday, Feb. 3. All three shows will be in the White Hall Dance Theater.

The event features Myrna Munchus-Bullock, artist-in-residence, the Penn State Internationale Dancers, the Contemporary Dance Company, Orchestis, Nommo, Ogontz Dance Company and the Dance Collective.

Tickets are available at the door, \$4 for students and \$5 for general admission.

The arts on Channel 3

Tony Bennett and Lena Horne command the spotlight in *Tom and Lena*, airing at 10 p.m. Friday, Feb. 2, on WPSX-TV.

Backed by Jack Parnell's 48-piece orchestra, Tony and Lena perform on a huge, multi-tiered set, lavishly lit and decorated. Before their musical extravaganza is over, Tony and Lena will have sung all or part of 18 songs, including a medley of Harold Arlen tunes.

Fresh from its triumphant tour across America, Europe and the Middle East, the "American Indian Dance Theatre" takes center stage on *Great Performances: Dance In America* at 2 p.m. Sunday, Feb. 4.

Winter concert

The State College Choral Society, under the direction of D. Douglas Miller, music director, will present a winter concert at 3 p.m. Sunday, Feb. 4, in the School of Music Recital Hall at University Park.

Theme of the concert is "Our American Heritage: American Choral Works from the Eighteenth Century Singing School and from the Twentieth Century Concert Hall." The audience will be invited to share a few of the tunes from William Billings pen and some of the flavor of the Singing School.

Registrants from the Singing School were instructed in the skills of music reading and

This photo is part of an exhibit by Margaret B. Duda at the Lending Services Gallery of Pattee Library.

singing, very often using the most recently published instruction book by the Singing Master who was offering the course. This unique New England tradition stemmed from the need to develop musical skills and hymn singing from the variety of settlers who were trying to establish themselves in a new land.

The second half of the program will include Daniel Pinkham's Wedding Cantata, and Aaron Copland's choral setting of the Genesis text, *In the Beginning*. Janice Wilson, who has previously contributed to several Choral Society performances, will be mezzo soprano soloist.

Admission to the concert is \$5, and \$3 for students and senior citizens.

'Roman Portraits'

"Roman Portraits," an exhibition that includes portrait busts and painted panels from the Roman Empire, opens Sunday, Feb. 4, at the Palmer Museum of Art at University Park. It will continue through April 22.

Portraits were used in Roman society to create visual replicas of dignitaries and common citizens of the Roman Empire and its outlying territories. Media such as chiseled stone, terra-cotta, metal and painted wooden panels were used for the portraits.

Randy Ploog, assistant curator at the Museum, notes, "Imagine the detachment of being ruled by someone you had never seen, except perhaps on a coin, yet that person's authority was the law. In Roman culture, portraits were often the only visual link the populous had to their emperor. Today, however, we take for granted the technology that enables us to have daily visual contact with individuals in power."

"Roman Portraits" originated in 1989 at the University of Iowa, and was reorganized by Mr. Ploog. He was able to include many of the works featured in the original show on loan from The Nelson-Atkins Museum in Kansas City, Mo., the Field Museum of Natural History in Chicago and The Detroit Institute of Arts, as well as the collection of Tom and Nan Riley, an Iowa couple whose pieces formed the core of the first exhibition.

On Thursday, March 8, Richard De Puma, curator of the original exhibition, will be at the Museum to discuss the use of imperial portraiture as instruments of propaganda.

Saxophone music

Dan Yoder, associate professor of saxophone and director of jazz studies in the School of Music, will present a program of saxophone music at 8 p.m. Wednesday, Feb. 7, in the Recital Hall of the Music Building at University Park.

Professor Yoder will be joined by Timothy Shafer, assistant professor of piano in the School of Music, the Penn State Saxophone Quartet and the jazz trio Standard Procedure.

Quartet members are Brian Watson, Lee Anne Burns, Doug Bernstein and Erik McDonough, all students of Professor Yoder. Standard Procedure members are Professor Yoder, saxophone; Jeff Kunkel, piano; and Saadi Zain, bass.

The program will open with a Bach Cello Suite performed on baritone sax. Rapsodie by Debussy and Prelude, Cadenza and Finale by Descendos, will follow, with Professor Shafer accompanying on piano.

Two works by Andrew White, 6 Jazz Parodies for Solo Saxophone and Saxophone Quartet, will feature the Penn State Saxophone Quartet. The last three pieces, "Cake and Ice Cream," an original composition by Mr. Kunkel, "A Nightingale Sang in Berkeley Square" and "Donna Lee" by Charlie Parker, will be performed by Standard Procedure.

Pattee exhibit

The photographic work of Margaret B. Duda will be shown in the Lending Services Gallery of Pattee Library until March 5.

The exhibit, "The Many Faces of Urumqi," will feature black and white photographs of Urumqi, China. Urumqi, the capital city of the far northwest region of Xinjiang Uygur, is the winter home to many semi-nomadic ethnic groups such as the Kazak and Tajik. The photos depict the daily activities of the merchants and their customers in the bazaar there.

Ms. Duda is a State College resident whose travel photos have appeared in *The New York Times* and various other books and magazines. She is a published author, as well, with numerous articles, short stories and books to her credit.

Singing Lions

The Singing Lions will perform in concert at 12:10 p.m. Thursday, Feb. 8, in Eisenhower Chapel at University Park.

The 20-minute concert is part of the spring Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The Singing Lions are a show choir whose repertoire this semester includes a movie medley and a country folk medley.

Museum talk

Lisa Horlein, a registered art therapist at The Meadows Psychiatric Center in Centre Hall, will discuss career opportunities at 10 a.m. Thursday, Feb. 8, at the Palmer Museum of Art at University Park.

The lecture is part of the Museum's "Careers in the Visual Arts" series. Ms. Horlein, who has worked at The Meadows for the past three years, will discuss what an art therapist does, the educational requirements for the job and professional credentials.

Ms. Horlein received a bachelor's degree in psychology and her master's degree in art therapy from the State University of New York at Buffalo. She has worked as an art therapist in residential settings with adolescents and preschool-age children and is certified in crisis intervention counseling.

Brass quintet

The Pennsylvania Brass Works will present a concert of brass quintet favorites at 8 p.m. Thursday, Feb. 8, in the Recital Hall of the School of Music at University Park.

The program will include selections from "West Side Story" by Leonard Bernstein and "Porgy and Bess" by George Gershwin, both arranged by Jack Gale. The quintet also will play the "Fanfare to La Perle" by Dukas and "Centone III" by Mendelssohn, arranged by V. Reynolds.

Members of the Pennsylvania Brass Works are School of Music faculty members Robert Howard, trumpet; Lisa Bontrager, horn; and Mark Lusk, trombone. Joining them will be graduate students John Anthony, trumpet, and Jeffrey Parker, tuba.

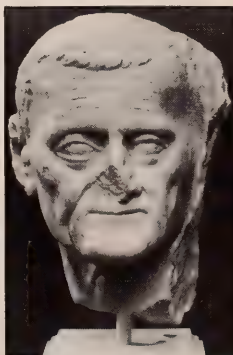

Women's Studies lecture

Sandra Harding, professor of philosophy and director of women's studies, University of Delaware, will speak on "Feminist Epistemology: Women as Knowers" at 8 p.m. Thursday, Feb. 8, in the HUB Gallery at University Park.

Her visit is part of the Six Feminist Scholars lecture series sponsored by the Women's Studies Program and co-sponsored by the departments of Philosophy and Health Education, colleges of Science, Engineering and the Liberal Arts, and the Center for Women Studies.

Professor Harding is the author of *The Science Question in Feminism* (Cornell and Open University Presses, 1986) and of more than 25 articles and chapters in books. Her book won the Jessie Bernard Award of the American Sociological Association in 1987 and was selected as one of the five best books of 1986 by the *Socialist Review*. She is editor and co-editor of several publications and serves on the editorial boards of a number of journals including *Feminist Studies*, *Hypatia: A Feminist Journal of Philosophy and The Women's Review of Books*.

Currently, she is completing a selection of essays titled *Who Knows? Women, Science, Knowledge and beginning a longer-range project, "Race, Gender, Science: An Integrated Approach."*

'Head of a Man in High Relief' is part of the exhibition "Roman Portraits" opening Feb. 4 in the Palmer Museum of Art.

University Park Calendar

February 1— February 11 Special Events

Thursday, February 1

Bach's Lunch, 12:10 p.m., Eisenhower Chapel.
Penn State Chamber Singers.
Women of Color Luncheon, noon-1 p.m., Hotel
State College.

German Dept., 8 p.m., 124 Sparks. Manfred
Durzak, Universitat Paderborn, on "Die zweite
Phase der deutschen Nachkriegsliteratur."

Friday, February 2

Geog. Coffee Hour, 4 p.m., 319 Walker. David
Stoddard, Univ. of Calif. at Berkeley.
"An Evening of Dance," 8 p.m., White Dance
Theater. Also 2 and 8 p.m. Feb. 3. Myrna
Munchus-Bullock, Penn State Internationale
Dancers, Contemporary Dance Co., Orchestis,
Nommo, Ogontse Dance Co., Dance Collective.

Saturday, February 3

Shaver's Creek, 7-9 p.m., Owl Prowl. Call 863-
2000.

Sunday, February 4

Shaver's Creek, 2-4 p.m., Tracks 'n' Traces. Call
863-2000.
Carnegie Hall Film Series, 7 p.m., *Initiation of Life*,
9:15 p.m., *The Real West*, 4 Carnegie. Free.

Monday, February 5

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern.
Tom Berner on "The Doctor's Son Covers a
Euthanasia Trial: John O'Hara the Journalist."
Healthy Loving Week, 7 p.m., HUB Assembly
Room. Keynote speaker, Terrell Jones, Jamie
Washington, Univ. of Maryland, on "Hetero
Sexism and Homophobia: Barriers to Creating
an Environment for Healthy Living, Working
and Growing for Gay, Lesbian and Bisexual
Persons at Penn State."

Tuesday, February 6

Healthy Loving Week, 7 p.m., HUB Fishbowl.
Mary Anne Knapp and Lisa Manning on "The
Intimate Connection: Self-Esteem and
Relationships." Also 7 p.m., HUB Assembly
Room. Leonard Jack, Nadene Chambers and
Delta Sigma Theta sorority members and
friends for an "Oprah" style talk show on
"Male-Female Relationships: The Roles We
Play."

German Dept., 8 p.m., W342 Pattee Library
(Rare Books Room). Earl Haag on
"Pennsylvania German Literature: Trials,
Tribulations and Triumph."

Wednesday, February 7

Center for Women Studies, Brown Bag Lunch
Series, noon-1 p.m., 120 Boucke. Diane
Shenley, Centre County AIDS Project, on
"Women and AIDS."

Healthy Loving Week, 7 p.m., HUB Fishbowl.

Patty Johnstone and Chris Johnstone on
"Loving and Partnering in the '90s: When
Having Half is Better Than Having it All!"
Also 7 p.m., HUB Gallery Lounge. Panel of
gay and lesbian men and women on "Healthy
Same-Sex Relationships."
School of Music, 8 p.m., Recital Hall. Dan Yoder,
saxophone.

Thursday, February 8

Discussion, 10 a.m., Palmer Museum of Art. Lisa
Goldberg, Meadows Psychiatric Center, on
"Careers in the Visual Arts."
Bach's Lunch, 12:10 p.m., Eisenhower Chapel.

The Pennsylvania Brass Works will present a concert of brass quintet favorites at 8 p.m.
Thursday, Feb. 8, in the Recital Hall of the Music Building.

The Singing Lions.
Healthy Loving Week, panel discussion, 7 p.m.,
HUB Fishbowl. Marie Lindhorst, Bill Saxton,
Patricia Koch and a person with AIDS on
"Does Abstinence Make the Heart Grow
Fonder?" and "Alternatives to Intercourse for a
Safer Healthy Loving Relationship."
School of Music, 8 p.m., Recital Hall. The
Pennsylvania Brass Works.
Women's Studies, Six Feminist Scholars, 8 p.m.,
HUB Gallery. Sandra Harding, Univ. of
Delaware, on "Feminist Epistemology: Women
as Knowers."

Friday, February 9

Geog. Coffee Hour, 4 p.m., 319 Walker. Tom
Gardner on "Digital Elevation Models in
Geomorphology and Hydrology."
Center for the Performing Arts, 8 p.m.,
Eisenhower Aud. Jennifer Muller and The
Works.

Saturday, February 10

Shaver's Creek, 7-10 p.m., Members Square
Dance. Call 863-2000.
Penn State Chamber Singers, "Celebration of
Love" concert at 7:30 p.m. Saturday, Feb.
10, in the Rotunda of Old Main at
University Park.

The program will consist of vocal music
and poetic readings from love texts of
various eras. The vocal music, sung a
cappella, includes a range of works from
the Renaissance through the 20th century.
Selections include the "Six Chantons" by
Paul Hindemith and the "Five Nature
Songs" by Antonin Dvorak, sung in their
original Czech language as a tribute to the
Czechoslovakian people. Other composers
represented on the program include
Thomas Moreley, Orlando Gibbons, John
Wilbye, Giovanni Gastaldi, James
Muholland, William Walton, John
Clements and Gregg Smith.

The annual "Celebration of Love" was
begun in 1987 as a tribute to the late
Professor Emerita Willa Taylor. Tickets are
\$7.50 for admission and include a reception
following the concert. For tickets call 865-
0432 or 865-0431.

The Office of Religious Affairs is offering a
weekly video program on "Ethics in
America," the second part of a 10-part PBS

'Celebration of Love'

The Penn State Chamber Singers will
present their fourth annual "Celebration of
Love" concert at 7:30 p.m. Saturday, Feb.
10, in the Rotunda of Old Main at
University Park.

The program will consist of vocal music
and poetic readings from love texts of

Sunday, February 11

Shaver's Creek, 2-4 p.m., Evergreen Walk. Call
863-2000.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30
p.m.; Saturday and Sunday, 5-6 p.m.; Morning
Edition, Monday-Friday, 6-8 a.m.; Weekend
Edition, Saturday and Sunday, 11 a.m.-1 p.m.
"Odyssey Through Literature," 12:30 p.m.
Wednesdays, with S. Leonard Rubinstein.
"Perspectives," 6:30 p.m. Wednesdays, with
Jeff Ballou. "Creative License," 12:30 p.m.
Thursdays, with Asa Berlin and Pam Saulner.

Conferences

Continuing Education Keller Building

Feb. 7, Dental Seminar, Eric Loop, coordinator.

Seminars

Thursday, February 1

Physics Colloquium, 3:30 p.m., S5 Osmond Lab.
A. van Wijngaarden, Univ. of Windsor, on
"Precision Measurements in Hydrogenic Ions."
Ecology, 3:35 p.m., 111 Wartik. Kim Steiner on
"Views with No Room: Forest Management
Dilemmas in Taiwan."

Monday, February 5

EFF, 4 p.m., 339 Davey Lab. S. Carlip, Princeton,
on "String Theory, Quantum Gravity and (2 +
1) Dimensional Physics."

Tuesday, February 6

Gerontology, noon-1 p.m., 101 Health and
Human Dev. Bldg. East. Bruce Stuart and Frank
M. Ahern on "The Impact of Prescription Drug
Coverage for the Elderly."

Thursday, February 8

Polymer Science, 9 a.m., 301 Steidle. S.N. Gan,
Univ. of Malaya, on "Abnormal Groups in
Natural Rubber and Their Role in Storage
Hardening."
Physics Colloquium, 3:30 p.m., S5 Osmond Lab.
Marlon Scully, Univ. of New Mexico and
Institut für Quantenoptik, on "Observation and
Complementarity in Quantum Mechanics."
New Quantum Optical Testbed.
Ecology, 3:45 p.m., 111 Wartik. Diana Liverman
on "Impacts of Global Warming in Mexico."

Exhibits

Paints and Graphics

Chambers and books by art students at Univ. of New
Mexico, through Feb. 10.

HUB Galleries

Browsing Gallery:
Interiors by Linda Smith-Webster, through March
4.

Art Alley Panels:

Art Student League Spring Exhibition, through
March 4.

Art Alley Cases:

International Festival Show, through March 4.
Formal Gallery:

"Rhythm and Blues: Black American Popular
Music, 1945-1955," Smithsonian exhibit of
photographs, through Feb. 18.

Kern Galleries

The French Revolution Machine, through Feb.
28.

Palmer Museum of Art

The Loti and Victor Smorgon Collection of
"Contemporary Australian Art, through Feb. 11.
The Avant-Garde and the Text, through March
11.

Roman Portraits, Feb. 4-April 22.

Pattee Library

Lending Services Gallery:
Margaret B. Duda, "The Many Faces of Urumui,"
through March 5.

Zotter Gallery

Graphic Design Alumni Exhibition, through Feb.
4.

TIPS

Information Penn State

Call 863-1234, press 1 and enter the number of
the message you wish to hear. Messages are
listed in the front of the telephone directories.
Other messages are Weather-234; Arts Line-
345; University Calendar-456.

Focus on the arts

Modern dance

Jennifer Muller and her modern dance
company, The Works, will perform three
new pieces at 8 p.m. Friday, Feb. 9, in
Eisenhower Auditorium at University Park.

Combining form and substance, Ms.
Muller uses the precise lines of classically
trained dance to talk about concrete ideas,
such as how men and women relate and
the way living in a big city can affect
people. Her company will dance her
newest work "Flight of a Predatory Bird,"
which premiered in both New York and
Italy last April, along with "Occasional
Encounters," a piece set to gentle piano
interludes, and "City," which has a more
hectic pace.

Ms. Muller, a graduate of the Juilliard
School, will present a free lecture for
anyone interested in dance at 7:30 p.m.

Feb. 8. The lecture, which is part of Artistic
Viewpoints from the Center for the
Performing Arts, will be held in the
Women's Studies Lounge, 13 Sparks
Building.

Tickets are available through the
Eisenhower Auditorium Ticket Center,
which is open weekdays, 9 a.m. to 4 p.m.,
and the Playhouse Box Office, open
Tuesday through Friday from 11:30 a.m. to
5:30 p.m.

'Celebration of Love'

The Penn State Chamber Singers will
present their fourth annual "Celebration of
Love" concert at 7:30 p.m. Saturday, Feb.
10, in the Rotunda of Old Main at
University Park.

The program will consist of vocal music
and poetic readings from love texts of

various eras. The vocal music, sung a
cappella, includes a range of works from
the Renaissance through the 20th century.

Selections include the "Six Chantons" by
Paul Hindemith and the "Five Nature
Songs" by Antonin Dvorak, sung in their
original Czech language as a tribute to the
Czechoslovakian people. Other composers
represented on the program include
Thomas Moreley, Orlando Gibbons, John
Wilbye, Giovanni Gastaldi, James
Muholland, William Walton, John
Clements and Gregg Smith.

The annual "Celebration of Love" was
begun in 1987 as a tribute to the late
Professor Emerita Willa Taylor. Tickets are
\$7.50 for admission and include a reception
following the concert. For tickets call 865-
0432 or 865-0431.

'Ethics in America'

The Office of Religious Affairs is offering a
weekly video program on "Ethics in
America," the second part of a 10-part PBS

series.

Each presentation on professional ethics
will be followed by a discussion led by
members of the University community.
The spring schedule.

-- Thursday, Feb. 15: "Loyalty: Under
Orders. Under Fire," Ethics in the Military
(part 1), Eisenhower Chapel, 3 p.m.

-- Thursday, Feb. 22: "Confidentiality:
Under Orders. Under Fire," Ethics in the
Military (part 2), Eisenhower Chapel, 3
p.m.

-- Thursday, March 15: "Truth-telling:
Truth on Trial," Ethics in Public Relations,
Eisenhower Chapel, 3 p.m.

-- Thursday, March 29: "Help and Harm:
The Human Experiment," Ethics in Medical
Research, Eisenhower Chapel, 3 p.m.

-- Thursday, April 12: "Privacy: Politics,
Privacy and the Press," Ethics in Journalism,
Eisenhower Chapel, 3 p.m.

For more information, contact the Office
of Religious Affairs, 865-6540 or
Eisenhower Chapel, 865-6548.

Appointments

Bradford E. Choate, director of corporate and foundation relations at Ohio State University, has been named associate vice president for development and university relations, effective March 5.

Mr. Choate will manage the Office of University Development and provide support for The Campaign for Penn State the University's \$300 million fund drive which ends June 30. He will report to G. David Gearhart, senior vice president for development and university relations. "We're delighted to have recruited Brad, and we know he'll provide vital leadership in Penn State's efforts to attract substantial private gift support," Dr. Gearhart said. "His experience at Ohio State -- which has mounted the most successful public university campaign in America -- will be especially valuable in his work at Penn State."

At Ohio State, Mr. Choate's corporate and foundation relations program provided expertise and support to 30 development officers in the context of a \$350 million campaign. The Ohio State Campaign, which also ends June 30, has raised more than \$410 million, the largest campaign total ever raised by a public university.

Since 1986, when he became director of corporate and foundation relations at Ohio State, corporate giving has increased 140 percent to \$34 million in 1989. Foundation giving, increased during the same period by 244 percent to \$11 million annually.

From 1984 to 1986, Mr. Choate was a development officer at Ohio State, serving the College of Home Economics and the College of Agriculture.

From 1983 to 1984, he was dean of institutional advancement at Frontier Community College in Fairfield, Ill., where he had previously (1980 to 1983) served as director of institutional research and development.

He holds an M.S. in education and a B.A. in history and political science from Southern Illinois University.

The College of Engineering has received a gift from FANUC Ltd. of Japan to establish

a term professorship.

Yinyong Ham, professor of industrial engineering and an international authority on group technology and manufacturing systems, has been named the FANUC Professor.

FANUC Ltd., the largest manufacturer of numerical controls for machine tools in the world, produces industrial robots, plastic injection machines and laser machines. In the United States, FANUC is involved in joint ventures with General Motors, General Electric and the Cincinnati Milacron Machine Tool Co.

One of the original proponents of applying group technology for effective implementation of computer-integrated manufacturing, Dr. Ham also has developed curricula on manufacturing systems as a core course in industrial engineering. His lectures and training workshops have reached audiences around the world from students at Penn State to manufacturing engineers in Japan and China.

He was the recipient of a Senior Fulbright Professorship to the Soviet Union and is a Fellow of the Society of Manufacturing Engineers and the American Society of Mechanical Engineers. In 1986, Dr. Ham received the SME International Education Award and has received the College of Engineering outstanding teaching and research awards.

Dr. Ham is a member of the International Institution for Production Engineering Research and served as president of the North American Manufacturing Research Institution of the Society of Manufacturing Engineers. He is author or co-author of several books, handbooks and more than 100 technical papers.

The FANUC gift creates the first named professorship in the Industrial Engineering Department. FANUC has been a major supporter of Industrial Engineering. The company has donated a machining center and two industrial robots and has played a significant role in developing the college's Computer Integrated Manufacturing Laboratories.

Stewart K. Kurtz, professor of electrical engineering and Murata professor of materials research, has been appointed director of the Materials Research Laboratory.

"Novel materials will fuel the next wave of technological change and economic growth that will carry us into the 21st century, and Penn State's expertise in materials research, which is second to none, will help us get there," Dr. Kurtz said.

He believes that Penn State's already strong reputation in materials can be further enhanced by greater coordination and integration of research efforts now being conducted in a number of departments in several colleges.

Dr. Kurtz came to Penn State in 1987 after a long and productive research career at Bell Laboratories, the Philips Co. and Bristol Myers. He played a key role in the early discovery and development of materials used in laser systems, optical communications and compact disc systems.

According to Dr. Kurtz, high temperature ceramics, fiber reinforced composites, ferroelectric thin films on semiconductors, molecular scale electronic composites, synthetic diamond films, biomedical materials and chemically bonded ceramics are among the most promising materials for the future.

"Devices fabricated from these materials will help protect the environment, conserve energy, and improve education, personal health and waste management," he said.

"Gifted people are already at work on these and other potentially exciting materials in many parts of the University. What we need now is greater collaboration and coordination. MRL, with its strong interdisciplinary approach firmly in place, will spearhead this effort and bring it about."

Bernhard R. Tittmann, former manager of materials characterization at the Rockwell International Science Center in Thousand Oaks, Calif., has been named the first Bayard D. Kunkle Professor of Engineering. The professorship was endowed in

memory of Bayard D. Kunkle, a 1907 electrical engineering graduate of Penn State. Mr. Kunkle received an M.S. degree in 1908 and went on to become vice president of General Motors Corp. and a member of its board of directors.

Dr. Tittmann, who is based in the Engineering Science and Mechanics Department of the College of Engineering, will teach graduate and undergraduate students as well as continue research in composites, thin films, superconductivity and microelectronic materials.

The Bayard D. Kunkle Professorship also provides funding for research and instructional materials and equipment, including an acoustic microscope. "The Kunkle funding will advance our understanding of subsurface non-invasive evaluation of mechanical properties of arbitrary materials," Dr. Tittmann said.

The acoustic microscope provides a non-destructive means of evaluating materials below the surface. Dr. Tittmann will use the microscope to research composite materials science, biomedical tissue engineering, and evaluation of thin films and coatings, such as diamond.

Dr. Tittmann received a Ph.D. in 1965 from the University of California at Los Angeles, in solid state physics. He is a Phi Beta Kappa graduate of George Washington University.

He is a member of several professional societies, including Sigma Xi, Sigma Pi, Sigma, the American Physical Society, Institute of Electrical and Electronics Engineers Sonics and Ultrasonics, the Society for Exploration Geophysics and the Acoustical Society of America. He also is an IEEE Fellow.

In addition to his research activities, Dr. Tittmann has taught at UCLA and was a visiting professor at the University of Paris, III and VII. He has written more than 160 papers with significant contributions in superconductivity, ultra-sonic microstructural characterization, and rock mechanics/acoustics. He also has 12 patent disclosures and holds five patent awards.

Bradford E. Choate

Yinyong Ham

Stewart K. Kurtz

Bernhard R. Tittmann

Penn Staters

Lynn Hinds, associate professor of communications, has received the Pennsylvania Association of Broadcasters 1989 "Special Recognition" Award for Excellence in Broadcasting for his work on the "Pennsylvania Game" quiz show.

Robert E. Newnham, Alcoa professor and chair of solid state science, Materials Research Laboratory, and **Karl E. Spear**, professor of ceramic science, were keynote lecturers at the 32nd Congress of the International Union of Pure and Applied Chemistry held in Stockholm, Sweden. Dr. Newnham spoke on "Integrated Electroceramics," and Dr. Spear spoke on "High Temperature

Chemistry of High Performance Materials."

Robert M. Stern, professor of psychology, and **Kenneth L. Koch**, associate professor of medicine, presented papers at the XIIIth International Symposium on Gastrointestinal Motility in Bmunden, Austria, and at a gastrointestinal psychophysiology conference in Budapest, Hungary.

John D. Swisher, professor of education, led a group of U.S. psychologists and health care professionals on an educational program in Russia that focused on the prevention of drug and alcohol abuse.

David T. Wilson, professor of marketing, chaired the International Marketing and Purchasing conference, "Research in Marketing: An International Perspective," and presented two papers at the conference.

Cengiz Camci, assistant professor of aerospace engineering, presented a paper, "A Convective Heat Transfer Study on the Strongly Concave Surface of a Film Cooled Turbine Rotor Blade," at the 9th International Conference on Air Breathing Engines in Athens, Greece.

J.L. Duda, professor and head of Chemical Engineering, has been elected to the Governing Board of the Council for Chemical Research Inc.

H. Thomas Hahn, professor of chemical engineering and mechanics, has been appointed to the National Research Council Committee on Assessment of Research Needs for Wind Turbine Rotor Materials Technology.

Dorothy V. Harris, professor of exercise and sport science, has received the 1989 distinguished Alumni Achievement Award from James Madison University.

Friederich G. Helfferich, professor of chemical engineering, has been selected Outstanding Counselor by the American Institute of Chemical Engineers. The award, supported by Union Carbide, recognizes outstanding counseling for student chapters of AIChE during the 1988-89 school year.

Partings

Emerson Hibbard, professor of biology has retired with emeritus rank after 21 years service.

Dr. Hibbard's research involved the orientation of nerve fibers, particularly in the visual system, in fish and amphibians. A graduate of Cornell University with a bachelor of science degree in zoology, Dr. Hibbard was a biologist and an assistant oceanographer on the summer 1950 Blue Dolphin Arctic Expedition and a member of the U.S. Air Force weather service before earning both his master's and doctoral degrees at the University of Michigan.

Before joining the Penn State faculty as an associate professor in 1968, he was a biologist at the Laboratory of Perinatal Physiology, National Institute of Neurological Diseases and Blindness, in Bethesda, Md. He also was a Research Fellow at the California Institute of Technology, Pasadena, Calif., and was promoted to Senior Research Fellow in the biology division in 1966.

From 1979 to 1980, he was a Visiting Fellow at the Australian National University's Research School of Biological Sciences in Canberra ACT, Australia. He became a full professor at Penn State in 1973.

Dr. Hibbard plans to spend more time painting, drawing, and raising orchids in his greenhouse.

Emilie McWilliams, associate librarian and head of the Earth and Mineral Sciences Library, has retired after 24 years of service.

Mrs. McWilliams received her bachelor's degree in chemistry from Carnegie Institute

of Technology in 1948 and master's degree in library science from the University of Pittsburgh in 1963. She began her library career at Penn State in January 1960 as senior assistant librarian in the Earth and Mineral Sciences Library and was promoted to associate librarian in 1971.

Her special contributions have centered on service to library users, and in development of collections for research and instruction. She was the recipient of the Matthew J. and Anne C. Wilson Outstanding Teacher Award from the College of Earth and Mineral Sciences in 1976.

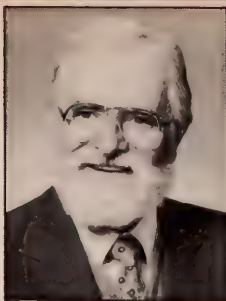

Prior to joining the University faculty, Mrs. McWilliams was a librarian at Carnegie Library of Pittsburgh and a literature searcher for the American Petroleum Institute. Previously she was employed as a research chemist at Consolidation Coal Co., U.S. Quartermaster Department, Philadelphia, and American Viscose Co.

Mrs. McWilliams plans to retire to the Eastern Shore and will become actively involved with environmental concerns.

Richard F. Stinson, professor of agricultural education and horticulture, has retired after 22 years service.

Before joining the College of Agriculture in August 1967, he was a faculty member at the State University of New York at Alfred, the University of Connecticut and Michigan State University.

Professor Stinson's responsibilities at Penn State included managing the agricultural science major, teaching several agricultural education classes and directing independent studies and internships. He

Emerson Hibbard

also oversaw graduate student committees in his department and designed courses and educational materials.

"Teaching is my favorite part of being a professor," he says. To satisfy his love of instruction, he will continue to teach his "Agricultural College Teaching" course each fall.

Professor Stinson participated in educational projects and tours in Venezuela, Puerto Rico and Western Europe. In 1985 he earned the Outstanding Service Award from the Eastern Region of the American Association of Teacher Educators in Agriculture.

He is a member of the American Society for Horticultural Science, the American Vocational Association and the National Association of Colleges and Teachers of

Agriculture, among other organizations.

In addition to occasional teaching at the University, he plans to keep busy writing and consulting, as well as visiting family members in various locations around the country.

Paula M. Stump, coordinator, rehabilitation billing, Hershey Medical Center, from June 18, 1979, until Dec. 23.

James Sweigart, manager, Prosthetics/Orthotic Shop, Hershey Medical Center, from the acquisition of Elizabethtown Hospital July 1, 1982, until Dec. 30.

Emily Anders, secretary at Ogontz Campus, from Sept. 16, 1977, until Jan. 1.

Don E. Hand, police service officer at Altoona Campus, from Aug. 29, 1978, until Jan. 1.

Edna Molinar, clerk typist at McKeesport Campus, from Oct. 13, 1975, until Jan. 1.

Anna Jane Moore, secretary at McKeesport Campus, from March 18, 1963, until Jan. 1.

Rose Reedy, secretary at Penn State Harrisburg, from July 1, 1967, until Jan. 1.

Glenn Boonin, refrigeration technician, Physical Plant, from Aug. 3, 1970, until Feb. 1.

Alexander Black, director of health care program development, Commonwealth Educational System, from Sept. 1, 1962, until Jan. 1.

Helen E. Archer, engineering assistant, University Libraries, from March 23, 1964, until July 1.

Helen Bokach, earth and mineral science assistant, University Libraries, from July 1, 1957, until July 1.

Faculty/Staff Alerts

Courses for Faculty and Staff
The Human Resource Development Center has openings in the following courses being offered in February. Call the center at 865-3410 for registration information.

Communication Skills for Women A
discussion on the impact of gender on communication; meets from 9 a.m. to 4 p.m. Wednesday, Feb. 7; cost: \$55.

Performance Appraisals Participants will learn how to effectively appraise staff personnel following the priorities and objectives of performance appraisal at Penn State; meets from 1:15 to 4 p.m., Thursday, Feb. 8, or Thursday, Feb. 22; cost: none.

Career Planning Participants will make a self-assessment of career related interests, values, and abilities with the use of various computer-based career planning assessment measurements; class meets for two half-day sessions, from 8:30 to 11:45 a.m. Monday, Feb. 12 and 19; cost: none.

Coaching Employees for Improved Job Performance Increase your supervisory

confidence and skills in dealing directly with employees about workplace problems and work performance; meets from 9 a.m. to 4 p.m. Wednesday, Feb. 14; cost: \$55.

Assertiveness Participants will learn to distinguish between passive, aggressive, and assertive behavior; meets from 9 a.m. to 4 p.m. Feb. 21; cost: \$55.

Managing Change Join Ken Blanchard in this powerful video program that offers practical assistance in understanding and managing the complexities of change from two perspectives—the "givers" and the "implementers"; meets from 8:30 a.m. to 4:30 p.m. Wednesday, Feb. 28; cost: \$55.

Obituary

Alice G. Swanson food preparer, Housing and Food Services, from Sept. 17, 1964, until Nov. 15.

Bookshelf

Robert R. Edwards, professor of English, is the author of *Ratio and Invention: A Study of Metaphorical Logic and Narrative*, published by Vanderbilt University Press. In *Ratio and Invention*, Dr. Edwards examines the complex relations of literary theory and practice in the Middle Ages. Analyzing medieval arts of poetry, he shows that literary theory is not merely prescriptive nor does it describe the poet's craft; rather it is part of poetic discourse and becomes a source of poetic meaning.

Dr. Edwards concentrates on two key analytical concepts of the period. St. Augustine connected lyric poetry to the principles of mathematical ordering, the ratio, presumed to underlie music. Medieval narrative drew on the procedures of invention originally developed in classical rhetoric.

Ratio and Invention is the first winner of the Norman L. and Roseale J. Goldberg Prize awarded annually to the best manuscript in literary criticism in a

competition directed by the Vanderbilt University Press.

Joseph Prewitt-Diaz, associate professor of education, is co-author with Robert Trotter II and Vidal Rivera Jr. of *The Effects of Migration on Children: An Ethnographic Study*.

The book, funded by the Pennsylvania Department of Education and printed by the Division of Migrant Education, was written to provide results of a re-analysis of a previous ethnographic study. Focusing on behaviors, motivation and lifestyles of migrants in the United States, *The Effects of Migration on Children* paints a vivid picture of the culture of migrancy.

In this report, information collected from migrants, anecdotes, direct quotes and other data is organized into a sequence paralleling the process a migrant follows in relocating from home-base to where the crops are available for picking.

The book has been recognized with the American Anthropological Association's 1989 Education Award.

25-year award recipients

Observing 25 years of service at the University are, from left, Jerome Duck, supervisor, Tennis Complex, Auxiliary Recreation Services; Nina Hammer, secretary, Keller Conference Center, Commonwealth Educational System; Donald Hopkins, associate

professor of music, College of Arts and Architecture; Raymond E. Musser, heating and ventilation technician, Office of Physical Plant; Jacqueline G. Wells, assistant professor of mathematics, Penn State McKeesport Campus.

Search for affirmative action officer to be initiated

Following an evaluation of the structure and role of the Affirmative Action Office, the University will initiate a national search to fill the top position in that office.

"A search committee will be appointed in the near future to identify strong candidates for the position of affirmative action officer," William C. Richardson, executive vice president and provost, said. "Internal and external candidates will be considered for the position.

"We are looking for an individual who will move the office into the 1990s and who will help focus attention on the changing workplace," Dr. Richardson said. "As a result of our evaluation, some key changes will be made which we think will

further strengthen the effectiveness of the office.

"The new affirmative action officer will report to the Office of the President through the vice president and vice provost, the position currently held by Robert Dunham. This will give the affirmative action officer a direct line of communication into the senior administration of the university. For practical purposes, the affirmative action officer will have increased access to the Office of the President."

Billie S. Willis, assistant vice president for human resources, currently serves as acting affirmative action officer. Dr. Willis will continue to serve as acting affirmative

action officer until the new individual begins duties. She previously had responsibility for the affirmative action office at the University of Massachusetts.

"During the past three months, we've looked at the role of the office and considered models at other institutions," Dr. Willis said. "It is obvious that the role of the office here at Penn State is taking on continued importance as we move forward with our agenda for diversity.

"Many issues are changing as quickly as the workforce has changed. There are increasing numbers of women and minorities in key positions at Penn State, and that is a trend we expect to see continue. The Affirmative Action Office

will have to address new issues in the 1990s."

Through the re-structured position, the office will concentrate its focus on compliance and enforcement, overseeing activity throughout the University. This focus is expected to complement the work of the new vice provost for under-represented groups, who will have responsibility for developing and implementing diversity programs.

Dr. Willis said she will not be a candidate for the position of affirmative action officer, but intends to return to full-time duties as assistant vice president for human resources.

Admissions has 20 internships for counselors

An internship program for high school guidance counselors to get an overview of Penn State and the Penn State experience has been instituted by the Undergraduate Admissions Office.

Scott F. Healy, director of admissions said the purpose of the internship is to foster partnership between the high school guidance community and Penn State's admissions office and the University.

"The program is designed to encourage

dialogue and the sharing of perspectives from the respective academic communities. The Undergraduate Admissions Office values greatly the shared mission with the high school guidance community in helping young people make good choices for the future."

More than 160 counselors applied for the program, which will bring to University Park 20 guidance counselors from throughout the Commonwealth.

Mr. Healy said that the counselors, who will participate for one week in groups of five, were selected to represent the campus service areas; ethnic and gender diversity; and a cross-section of high schools — suburban, urban, inner-city, rural, parochial and private.

The first two internships were held Oct. 23-27 and Jan. 22-26. Two others are scheduled Feb. 19-23 and March 12-16.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Feb. 8. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications to staff vacancies are considered in accordance with Fair Employment practices (FS-1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law); sex, or status as a disabled or Vietnam era veteran.

• Assistant Manager Food Services, Housing and

Food Services, University Park Campus — Responsible to manager of food services for assisting in supervising the overall operation of a food service unit which will include daily functions of technical service and student employees. Maintain high standards of food preparation, service and sanitation. Must operate within budget and food cost allotments while supervising all food preparations and services in the unit. Requires bachelor's degree, or equivalent, plus one to two years of effective experience. STAFF GRADE 5.

• **Information Technology Associate, Science, Astronomy, University Park Campus** — Responsible to department head for administering departmental computing facilities: provide technical training to users; write documentation; evaluate and recommend purchase of software/hardware; initiate purchase orders and serve as vendor contact; install and maintain hardware/software. Requires bachelor's degree, or equivalent in computer science, electrical engineering, or closely related discipline; plus two to

three years of effective experience. Requires experience operating appropriate hardware and software including UNIX, IBM and networking experience. Macintosh experience desirable. STAFF GRADE 7.

• **Data Coordinator, University Hospital, Medical Records, The Milton S. Henshey Medical Center** — Responsible to the manager, Department of Medical Records, for developing and implementing continuing programs for the dissemination of patient and statistical data. Requires bachelor's degree in business administration and registered record administrator or RRA eligible and three to six months of effective experience or an accredited records technician with at least two years effective experience in a medical records department environment. Knowledge of the ICD Coding System as well as the ability to discern and understand coding and indexing information desirable. STAFF GRADE 4.

• **Coordinator, Academic Program, College of Medicine, The Department of Surgery, The Milton S. Henshey Medical Center** — Responsible to the director of administration, Department of Surgery, for coordinating the professional and academic functions of the department including publications, promotion and tenure, surgical education, residency programs recruitment of academic staff including affirmative action and liaison with other departments and outside organizations. Requires bachelor's degree or equivalent experience, plus one to two years of effective administrative experience. STAFF GRADE 6.

• **Systems Support Specialist (Academic), Behrend College — Computer Center, Behrend College** — Responsible to the manager, Computer and Information Systems, for the technical support of the college's academic computer laboratories, faculty office computers and mainframe computer. Requires bachelor's degree in computer science, management

information systems or equivalent field of study; plus two to three years of effective experience. Experience in configuration of PC hardware, software and networks is essential. Experience with IBM mainframe VM/XA and MVS operating systems, IBM CMS toolset, REXX job control programming language, Digital VAX VMS operating system, VAX DCL job control programming language and UNIX operating systems is preferred. Some experience in use of high level programming languages such as BASIC, PASCAL and FORTRAN is required. STAFF GRADE 7.

• **Registrar, Great Valley, Registration** — Responsible to the director, Graduate Programs Administration, for a variety of functions related to records, registration and scheduling and for proper development and maintenance of related files, systems and procedures; for coordination with academic units of academic program schedules. Requires bachelor's degree, or equivalent, with one to two years of effective experience in higher education administration, records and related information systems or master's degree with up to one year of effective experience. Knowledge of electronic data processing systems and use is required. Supervisory experience preferred. STAFF GRADE 6.

• **Medical Technologist, Student Services, University Health Services, University Park Campus** — Responsible to the senior medical technologist for the performance of a variety of standardized laboratory tests and procedures; receive or obtain patient specimens and make quantitative and qualitative chemical analyses. Requires bachelor's degree and ASCP certification or its equivalent, plus three to six months of effective experience. Must be proficient in venipuncture techniques. THIS IS A FULL-TIME, CONTINUING 10-MONTH POSITION WITH HALF-DAY ON SATURDAYS ONCE A MONTH. STAFF GRADE 4.

Academic affairs applicants are sought

Applications and nominations are invited for the position of director of academic affairs at the Penn State Fayette Campus. The director is responsible to the campus executive officer for providing leadership for all academic matters including the campus faculty.

Qualifications include an earned doctorate, and a minimum of five years experience involving a combination of full-time teaching, research and scholarly activities is required. Candidates also should possess qualifications of a tenured senior-ranked faculty member at Penn State and

strong interpersonal and communication skills. Experience in academic planning, faculty recruitment and development, budgeting, grantsmanship, and faculty governance is especially desirable.

The Search and Screening Committee will begin considering candidates on Feb. 28 and will continue until an appointment is made. Employment begins July 1, 1990. Send resume with the names of three references to: John D. Sink, Campus Executive Officer, Penn State Fayette Campus, P.O. Box 519, Department CHE, Uniontown, PA 15401.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

For support of University programs Faculty and Staff Campaign under way

Penn State's faculty and staff will soon be able to say, "I gave at the office," and at the same time support University programs of their choice.

The annual Faculty and Staff Campaign is under way. Since the early 1980s, Penn State employees have designated more than \$3 million to scholarships, equipment purchases, and academic programs.

According to Faculty and Staff Campaign cochairs **Eunice N. Askov**, professor of education and director of the Institute for the Study of Adult Literacy, and **Leon J. Stout**, librarian and University archivist in the Penn State Office at Pattee Library, the campaign offers employees of the University a unique opportunity to respond to needs they see every day.

"For many years this has been a practical and effective way to make a difference," Mr. Stout said. "I give to the Libraries, for instance, because I can see first-hand where my gift is needed. Each of us sees programs and areas that deserve our help, even if they are outside our own unit."

"We all 'give at the office,' daily, and sometimes more than from just 8 to 5. But we also receive many benefits and wonderful facilities from the University."

This campaign is our chance to lead by example, too. Alumni and corporate donors

Faculty and Staff Campaign Cochairs Eunice N. Askov and Leon J. Stout.

are more willing to give to University programs if they see a high level of participation by staff and faculty."

More than 3,000 faculty and staff gave in excess of \$1 million last year to colleges, campuses and academic units. The average

gift was \$140, nearly double the average gift of five years earlier. Participation and total amount contributed have increased steadily since faculty and staff were first approached on an annual basis to support University programs in 1980.

"It was gratifying that 33 percent of all employees made a gift to the University last year," Dr. Askov said. "Our goal this year is to increase participation, seeking contributions from one of three University employees."

"We know better than anyone that state support of higher education is not adequate. Our record of giving will be a solid symbol of our support for higher education and Penn State."

"Making the commitment is easy to do, and a relatively small monthly contribution will give Penn State a tremendously successful start for the 1990s," she added.

The Faculty and Staff Campaign at University Park will run through March 31. Campaigns are conducted at other Penn State locations throughout the academic year.

The campaign cochairs remind staff and faculty that giving through payroll deduction is a convenient way to give. A flyer has been mailed to University Park employees, and further information will be mailed within the next few weeks.

More information can be obtained from the Office of Annual Giving, 17 Old Main, 863-2052.

Faculty, staff members support programs of their choice

"A university that supports itself is able to attract the support of others."

President Jordan

"I give to support the research, education and extension programs of the College of Agriculture, because I'm in a position to know they are important to the people and industry of our state." **Keith Stevens**, assistant to the dean, College of Agriculture

"It makes me feel good knowing I can provide financial support to the University by designating my gift for student scholarships." **Susan Winck**, administrative director of undergraduate programs, College of Business Administration

"I give to the Behrend Scholarship Fund, because I want to support the educational mission of this University in every way possible. The payroll deduction plan makes giving easy and painless. I see the small amount I give each month as a worthwhile investment in our future." **Pat Bailey**, director of admissions, Penn State Erie, The Behrend College

"I came to the University from a job with a major contributor to The Campaign for Penn State, and I am convinced the grass-roots support from our faculty and staff is a key to ensuring sustained corporate giving to Penn

State." **Raymond D. Nargi**, associate treasurer

"Our giving confirms that we as University - faculty and staff - value what we do and that we recognize the importance of higher education." **Paul Perrone**, instructor of English, Penn State Worthington Scranton Campus
"I have worked at Penn State for 16 years, and I have seen how gifts can make a difference. The Four Diamonds Fund at Hershey has been an especially attractive fund to me as I have watched the dedication of volunteers including faculty and students make a difference in the lives of young people with cancer." **Helen Rudolph**, accounting

clerk, Office of Development and University Relations

University is ranked nationally in total federal funds

The University ranks fifth among public universities and 11th among all colleges and universities for total federal funds for fiscal 1988, according to a recent report from the National Science Foundation.

Penn State's total federal funding amounted to \$164,492,000. These funds include obligations from 15 federal agencies that make up about 95 percent of all federal funds to colleges and universities in the United States.

Penn State also ranks 18th among all colleges and universities in federal funding for scientific and engineering research and development in fiscal 1988, which amounted to \$105,243,000.

"The NSF report shows that Penn State is among the top research institutions in the country," Charles L. Hosler, senior vice president for research and dean of the

'The NSF report shows that Penn State is among the top research institutions in the country. Research at Penn State is not only beneficial to the government, it also leads to the development of new products and processes that result in new industries and jobs.' —Charles L. Hosler

Graduate School, said.

"Research at Penn State is not only beneficial to the government, it also leads to the development of new products and processes that result in new industries and jobs."

Other top research universities in rank order are Johns Hopkins University, first, with total federal funding of \$592,176,000; Stanford University, second, with \$237,453,000; the University of Washington, third, with \$220,260,000;

Massachusetts Institute of Technology, fourth, with \$214,557,000; and Cornell University, fifth, with \$193,134,000.

The University of California at Los Angeles, the University of Michigan, Howard University, Columbia University and the University of California at San Francisco rank sixth through 10th.

Other Pennsylvania colleges and universities among the top 40 recipients of federal funds include the University of Pennsylvania, 17th, with \$142,796,000; the University of Pittsburgh, 26th, with \$101,669,000; and Carnegie Mellon University, 35th, with \$80,412,000.

Penn State also receives funding from the state government, business and industry, foundations and other organizations and institutional funds.

Focus on Diversity

Diversity Opportunities Calendar

Saturday, Feb. 10

Office of Minority Faculty Development, 9 a.m. to noon, 114K Kern. Minority Faculty Workshop on promotion and tenure by Harold Cheatham, associate professor of education. For reservations, call Leah Witzig at 863-1663.

School of Communications, noon, C-Net (Channel 24). Recorded broadcast of Forum on Black Affairs 12th Annual Martin Luther King Memorial Banquet. Also Feb. 13, 7:30 p.m.

Penn State Harrisburg, 8 p.m., Capital Union Building. Musical performance by Paradise Jam.

Sunday, Feb. 11

Penn State Association of Black Journalists, 2 p.m., 4 Carnegie Building. Film, "Eyes on the Prize: Mississippi is This America"

Monday, Feb. 12

Penn State Erie, The Behrend College, 8 p.m., Reed Lecture Hall. Musical tribute to contributions made by African Americans: "Uplifting the Race: A Musical and Historical Perspective."

Penn State Harrisburg, 7 p.m., Gallery Lounge. African American musical overview presentation by musician Josh White.

Paul Robeson Cultural Center, 7 p.m.,

HUB Ballroom. Lecture on "Organization Within the African Community in North America and Abroad" by Kwami Ture, known as Stokely Carmichael during 1960s.

Tuesday, Feb. 13

Penn State Erie, The Behrend College, 8 p.m., Reed Lecture Hall. Musical Jubilee (jazz, blues, gospel) presented by Penn State-Behrend's Association of Black Collegians.

Penn State Harrisburg, 7 p.m., Capital Union Building. Program on "Role of African American Men in the '90s" by Penn State Alumni Raymond Bennett and Clue Wilkin.

Wednesday, Feb. 14

Center for Women Students, noon to 1 p.m., 120 Boucke. Brown Bag Lunch Series film and discussion on "Gotta Make This Journey: Sweet Honey in the Rock."

Penn State Harrisburg, noon to 1 p.m., Black Cultural Arts Center. Panel discussion on "New Direction: African American Business in the '90s."

Thursday, Feb. 15

Paul Robeson Cultural Center, 6:30 p.m., Robeson Center. La Francis Rodgers Rose on "Black Male/Female Relationships: From the History to the Present."

Center for Women Students, 8 p.m.,

HUB Assembly Room. Contemporary Scholarship on Lesbian and Gay Lives Speaker Series. Charles I. Nero on "Pink, Black and Red: Male Homosexuality and Nationalism in African American Literature."

Friday, Feb. 16

Paul Robeson Cultural Center, noon, Kern. Film, "Keeping the Faith."

Center for Women Students sponsors lectures, films

The Center for Women Students at University Park has scheduled lectures and films for the week of Feb. 12 as part of an ongoing spring semester schedule of events.

A noon brown bag lunch series will feature Michelle Parkerson's documentary film "Gotta Make This Journey: Sweet Honey in the Rock" on Wednesday, Feb. 14, in the Center for Women Students Lounge, 120 Boucke Building. Sabrina C. Chapman, director of the Center for Women Students, will lead a discussion that will focus on the music, politics, and social justice concerns of the group. Sweet Honey in the Rock.

La Francis Rodgers-Rose, professor of sociology at Drew University and president and founder of the International Black Women's Congress, will speak about "Black Male/Female Relationships: From the History to the Present." The lecture will be held at 7 p.m. Thursday, Feb. 15, in the Paul Robeson Cultural Center.

Sponsored by the Upwardly Mobile African-American Women's Committee of the Black Caucus and the Alpha Kappa Alpha Sorority, her lecture also is co-sponsored by Black Studies, the Center for Women Students, the Paul Robeson

Cultural Center, Women's Studies, and other University units.

Also on Thursday, Feb. 15, Charles I. Nero, assistant professor of speech communications at Ithaca College, will speak on "Pink, Black, and Red: Male Homosexuality and Nationalism in African-American Literature" at 8 p.m. in the HUB Assembly Room.

As part of the Contemporary Scholarship on Lesbian and Gay Lives Speaker Series, Professor Nero's lecture is sponsored through Equal Opportunity Planning Committee funding and the Department of Human Development and Family Studies.

Co-sponsors are the Center for Women Students, Black Studies, Women's Studies, the Paul Robeson Cultural Center and the School of Communications.

In addition, the Undergraduate Student Government Department of Women's Concerns meets Wednesday throughout the semester at 7:30 p.m. in the Center for Women Students Lounge, 120 Boucke Building.

For further information, contact the Center for Women Students in 102D Boucke Building, (814) 863-2027.

16th annual International Festival scheduled

The 16th annual International Festival will be held Feb. 12 to 18 at University Park.

Theme of the festival, sponsored by the International Student Council and Penn State's Office of International Studies, is "Experience Diversity at Penn State."

"The festival is the biggest international activity of the year in this region," Abbas Aminmansour, president of the International Student Council, said. "We hope that, through our activities during this week, we can create a better awareness of the very diverse international community that we have here at Penn State."

Featured speaker for the festival will be Victor Sukhodrev, special assistant to the United Nations Secretary General, who will discuss "The United Nations in a Changing World" at 7:30 p.m. Monday, Feb. 12, in Room 112 Kern Building.

Mr. Sukhodrev, a citizen of the Soviet Union, has been a personal translator and

interpreter for several Soviet secretary generals, foreign ministers, and other high ranking officials. He has been involved in the international scene for many years and has attended United Nations General Assemblies for over 20 years.

At 7:30 p.m. Wednesday, Feb. 14, Stephen Smith, associate professor of agricultural economics, will present a lecture in the HUB Assembly Room. His lecture, "Economics of Drugs from a Latin American Perspective," is sponsored by the Latin American Student Association. A Chinese film, "Dust in the Wind," will be shown at 8 p.m. Thursday, Feb. 15, in Room 111 Forum Building. The presentation is sponsored by the Chinese Student Association.

On Friday, Feb. 16, entertainment from a number of different countries will be featured at the International Coffee House, scheduled for 7:30 p.m. in 101 and 102

Kern Graduate Building and cosponsored by the Graduate Student Association.

Foods from a wide variety of countries will be available for sale in the HUB Ballroom during the International Fair Day, scheduled from 11:30 a.m. to 5 p.m. Sunday, Feb. 18.

Women of Color

Tickets are now available for the third annual National Women of Color Day luncheon, starting at noon March 14 at the Nittany Lion Inn, University Park.

The keynote speaker will be Aileen Hernandez, a former member of U.S. Equal Employment Opportunity Commission and former president of the National Organization for Women. Currently a resident of San Francisco, she has been

active in civil rights and labor issues.

The luncheon is sponsored by the Central Pennsylvania Women of Color. Support for Ms. Hernandez's visit is from the Equal Opportunity Planning Committee.

The cost is \$10 per person. A vegetarian menu is planned in accordance with the cross-cultural spirit of the occasion.

For tickets, contact Puring MacDonald, 865-2016, by March 5.

Banquet broadcast

The 12th Annual Martin Luther King Banquet, held Jan. 15 at University Park, will be broadcast on Channel 24 on the TCI cable system serving the State College-Bellefonte area.

The dates are Thursday, Feb. 8, at 2 p.m.; Saturday, Feb. 10, at noon; and Tuesday, Feb. 13, at 7:30 p.m.

The MLK banquet was sponsored by the Forum on Black Affairs.

The Campaign for Penn State

Exxon grant

A University researcher's three-year effort to sort out the best college courses from the thousands offered each year has received an additional one-year, \$50,000 grant from the Exxon Education Foundation.

James L. Ratcliff, director of the Center for the Study of Higher Education, said college students often face serious problems in deciding which courses to take.

"It's the complexity that makes it tough," he noted. "At a medium-sized school, there might be more than 2,500 different courses in the catalogue. The average adviser can be familiar with only 40 or 50 courses at a time, leaving most students on their own."

The project, the first of its kind, has developed a model that links student gains

in learning outside their major with the specific courses taken by the student.

Dr. Ratcliff's study uses a random, representative sample to correlate improvements on the Graduate Record Examinations with courses taken by students at five colleges and universities across the nation. The GRE measures performance in nine areas, such as analytical thinking and verbal skill.

Also planned are analyses of certain courses that have consistently been associated with improved student learning over the years, and studies of the methods of faculty who teach these courses.

"We won't be able to draw conclusions yet as to which are 'good' courses and which are 'bad,'" Dr. Ratcliff said. "Ultimately, however, we hope to provide reliable information that curriculum

planners can use to pick the most productive courses. Our goal is to eventually give students more confidence that they are picking the 'best' of the best."

The Exxon Foundation grant is part of The Campaign for Penn State, a six-year effort that surpassed its \$300 million goal in November. The Campaign officially ends June 30, 1990.

Ruth estate bequest

The University has received \$75,000 from the estate of John P. Ruth of Reading for programs in the colleges of Health and Human Development, Arts and Architecture and the Liberal Arts. Mr. Ruth, who attended Penn State, made the bequest

in memory of his sister, the late Kay Josephine Ruth, a 1923 Penn State graduate and former teacher in the Reading area schools.

One-third of the donation will help to build a model pre-school child development laboratory playground; one-third will support the American literature program in the Department of English; and one-third purchased classroom chairs and teaching equipment in the Department of Theatre.

Mr. Ruth, who died in 1988 at age 82, was a retired senior editor of the *American Midland Trade Journal* in New York City. Mike Pregon of Reading, executor of Mr. Ruth's estate, said Mr. Ruth and his sister had always valued their education at Penn State and wanted to give something back to the University.

Pauline Friedman gets Mitchell alumni award

Pauline E. Friedman, a 1952 education graduate of Penn State, is this year's recipient of the Philip Philip Mitchell Alumni Service Award. The award, established in 1980 by Elizabeth and Philip P. Mitchell, recognizes an alumnus who has contributed significantly to public service on behalf of Penn State.

Ms. Friedman, a Kingston resident, was nominated because of her leadership and involvement at the Penn State Wilkes-Barre Campus. She has served four years on the executive committee and currently is chair of the board's external affairs committee.

An instrumental volunteer in the campus' capital campaign to build a Center for Technology, she chaired the Leadership Division, which was the first division of The Campaign for Penn State to top its goal, raising more than \$352,000.

Ms. Friedman and her family contributed \$50,000 to the Wilkes-Barre campaign for an Astronomy Dome, and donate regularly to the Annual Fund campaign. She also was

Pauline E. Friedman

influential in organizing the campus' 70th anniversary celebration in 1986 and is a

member of the Mount Nittany Society.

In addition to her involvement with Penn State, Ms. Friedman serves numerous community organizations in the Wilkes-Barre area, where she currently is president of the Family Service Association. She serves on the board of directors of Children and Youth Services, and through that association, initiated the idea of a Paterno Scholarship for a foster child, which the Campus has established.

She is a board member of Ethics Institute NEPA, United Way, United Jewish Appeal, and Interfaith Council of Wyoming Valley, from which she received the 1989 Citation of Distinction for Devoted Service to the Cause of Human Welfare.

As recipient of the Philip Philip Mitchell Award, Ms. Friedman will receive a specially designed certificate, and will name the purpose of a cash gift to the University made by Mr. and Mrs. Mitchell. Her name will be added to a plaque displayed in the Alumni Lounge.

Correction

An announcement of the retirement of Alice G. Swanson was incorrectly labeled in the Feb. 1 issue of *Intercom*. It is listed correctly on page 7.

Obituaries

Mildred A. Martz, production helper, Housing and Food Services, from Jan. 1, 1950, until her retirement April 1, 1990, died Jan. 20 at the age of 83.

C. June Adams, group leader, counter attendant, Housing and Food Services, from Sept. 21, 1949, until her retirement June 12, 1970, died Jan. 25. She was 79.

Kathryn E. Saxton, janitorial worker, Nittany Lion Inn, from July 7, 1952, until her retirement July 8, 1977, died Jan. 31 at the age of 74.

Libraries award nominations sought

Nominations are being sought for candidates for the University Libraries Award. The award, consisting of a citation, a cash stipend and a Nittany Lion statue, is given in recognition of the achievements or performance of any person holding an academic or staff appointment in the University Libraries who meets one or more of the following criteria:

— Professional contribution which has a significant influence on the operations of the Pennsylvania State University Libraries; or significant professional contribution which earns the respect of the University community for the Pennsylvania State University Libraries; or significant

Pennsylvania State University; or outstanding contribution to the Pennsylvania State University Libraries as shown by continuing leadership and innovation.

Nomination forms are available at the following Library locations: Administrative Offices (E505 Pattee), BRSD Secretarial Services (E506 Pattee), Arts (E405 Pattee), Architecture (207 Eng. Unit C), Earth and Mineral Sciences (105 Drake), Engineering (325 Hammond), Information Desk (C102 Pattee), Life Sciences (E205 Pattee), Sciences (230 Davey), and all Commonwealth Campuses.

Donald Davis lecturer is scheduled

Cigarette smoking is blamed for the deaths of more than 1,000 Americans a day, yet cigarette advertising continues to be big business — a business that is increasingly in the courts.

Richard W. Pollay, an expert witness in Cipollone vs. Liggett (New Jersey 1988), which was the first case to be decided against a cigarette firm, will give a public lecture at 8 p.m. Thursday, Feb. 15, in the HUB Auditorium at University Park.

This year's speaker in the School of Communication's *Day's 40th Anniversary* cigarette advertising has changed...

Murder, The American Experience with Cigarette Advertising."

Professor Pollay has served as an expert witness in judicial assessments of both product liability and the constitutionality of bans on cigarette advertising. Professor of advertising and marketing management in the University of British Columbia's business school, he is widely published in marketing journals.

Donald Davis endowed the lecture series in memory of his father, Dr. Donald Davis, who spent his life in the field of journalism at Penn State for 34 years.

News in Brief

John W. Oswald Lecture

The 1990 John W. Oswald Lecture will be held at 4 p.m. Friday, March 16, in the auditorium of the Hershey Medical Center. Dr. Kay Clawson, executive vice chancellor of the University of Kansas Medical Center, will discuss "Embracing Change—Creating a New Tomorrow."

Research grant

Edward Walsh, associate professor of sociology, has received a \$57,000 grant from the Fund for Research in Dispute Resolution, of Washington, D.C., through the University's Center for Research in Conflict and Negotiation. The grant was awarded to study the siting process for waste-to-energy incineration plants and the impact of community mobilization on the outcomes of these environmental disputes.

Fulbright Informal Lecture Series

Robert Brown, associate professor of finance, Penn State Harrisburg, will discuss "Peru: A Multidisciplinary Challenge for Researchers" at 4 p.m. Thursday, Feb. 22, in the Frizzell Room, Eisenhower Chapel, University Park. He received a Fulbright award to Peru in 1988.

The Fulbright Informal Lecture Series is sponsored by the University Office of International Programs.

Penn State Day in Harrisburg

Plans are under way for the second annual "Penn State Day in Harrisburg" scheduled for 10:30 a.m. to 3 p.m. Friday, April 27.

This year's celebration will include a number of activities lasting throughout the day. The main event will be the Penn State Day to be held in Strawberry

Square, a large shopping/office complex located directly south of the Downtown Center. Because of Strawberry Square's location in the state capital, the fair serves as a valuable marketing tool for the University.

Programs and departments are invited to have a display at the fair. There is no charge for display space. To participate in the fair, contact Nancy Karlik no later than Friday, March 30, at Penn State Downtown Center, 234 N. Third St., Harrisburg, Pa. 17101, (717) 783-0433, network 433-0433.

Institute grant

The Institute for the Study of Adult Literacy, directed by Eunice N. Askov, has received a two-year, \$50,000 grant from the U.S. Department of Education for "Literacy: Focus on Volunteers."

In the first year, the Center for Coordinating Design and Interactive Video, will develop a three-credit course designed to train a student literacy course. During the second year, the course will be offered, via distance technology, to a Penn State Commonwealth Campus, with two-way video/audio capabilities.

The project will provide college undergraduates with academic training in literacy education and will foster a spirit of volunteerism and community service among participants.

Campus wins award

The Forestry Department of Penn State Mont Alto Campus has won first prize in the Commonwealth's preliminary Take Pride in America Awards Program. The Mont Alto program now becomes Pennsylvania's entry in the nationwide finals.

Purpose of the Take Pride in America Awards is to reward individuals and public or private groups who have proven particularly effective in the protection of public lands and natural resources.

Mont Alto's award was based not only on its 80-odd-year history of teaching forestry, but on its extensive community service and outreach in conservation education.

Program earns reaccreditation

The Accreditation Board for Engineering and Technology (ABET) announced the reaccreditation of the associate degree program in mechanical engineering technology at Penn State Erie, The Behrend College.

The two-year program at Penn State-Behrend has had ABET accreditation continuously since 1950.

"We are pleased to learn that ABET is accrediting our mechanical engineering technology program," Allen Pufbus, division head for science, engineering, and technology at Penn State-Behrend, said.

Penn State-Behrend has a record enrollment in the two-year mechanical engineering technology major, with close to 90 students registered.

Fulbright scholar awards for 1991-92

The Council for International Exchange of Scholars has announced the opening of competition for 1991-92 Fulbright grants in research and university lecturing abroad.

Application deadlines are: June 15: Australia, Soviet Union, Latin America, except lecturing awards to Mexico, Venezuela and the Caribbean. Aug. 1: Africa, Asia, Western Europe, Eastern

Europe, Middle East, and lecturing awards to Mexico, Venezuela, the Caribbean, travel-only awards to France, Italy and Federal Republic of Germany; Nov. 1: institutional proposals for Scholar-in-Residence Program and International Education Administrators Program in Federal Republic of Germany, United Kingdom and Japan and the Fulbright Germany Studies Seminar; Jan. 1: NATO Research Fellowships and Spain Research Fellowships.

Application materials will be available in March. Contact Elizabeth B. Smith, University Fulbright adviser, Office of International Programs, 222 Bouck Building, 865-7681, or call or write Council for International Exchange of Scholars, 3400 International Drive, Suite M-500, Washington, D.C. 20008-3097, phone (202) 686-7866.

New program

Through a federal vocational education grant, the College of Education plans to offer an occupational therapy assistant program at the Berks and Mont Alto campuses next year.

The curriculum is being jointly developed by faculty in the rehabilitation services education program and Haru Hiram, program coordinator. The two-year associate degree program will alleviate a critical shortage of personnel in the rehabilitation field.

James Kelz, director of the Rehabilitation Services Education Program, notes, "Surveys of health delivery agencies rate it as the field with the third highest vacancy rates. We will be training highly qualified, certified professionals to fill those jobs."

Focus on the arts

The arts on Channel 3

Highlighted by extensive performance footage from the London, Oslo, Budapest and Viennese productions, *Les Misérables* Stage 10 show airing at 9 p.m. Friday, Feb. 9, on WPSX-TV, captures the magic that has dazzled theater-goers around the world. The one-hour special goes behind the scenes to meet the composers, lyricist and producer who brought Hugo's epic tale to the theater.

Narrated by actress Kathryn Walker, *Monti: Legacy of Light* uses French painter Claude Monet's own words — forcefully brought to life by actor Peter Ustinov — to tell his story at 2:30 p.m. Sunday, Feb. 11. Opera star Marilyn Horne, actress/singer Patti LaBelle, singer/actor Gary Morris, rhythm and blues great Jeffrey Osborne and the Dick Hyman Jazz Trio join President and Mrs. Bush at a sparkling President's Day party on *In Performance at the White House*, airing at 8 p.m. Wednesday, Feb. 14.

Zoller exhibits

Two exhibitions, a "Visiting Artists Exhibition" and "Five in One," an invitational metals exhibition, will be presented concurrently Feb. 12 through March 4 in the Zoller Gallery, located in the Visual Arts Building at University Park.

The "Visiting Artists Exhibition," in conjunction with the Visiting Artists Series sponsored by the School of Visual Arts, will feature works by the eight artists visiting Penn State during the fall and spring 1989-90 semesters.

The exhibition, curated by Joanne Amato, assistant professor of art in the School of Visual Arts and organizer of the Visiting Artists Series, will include works by Visiting Artists: Lesley Leupp, associate professor in the School of Visual Arts, features five artists working in one media. The exhibition includes works by Helen Shirk, Christina Smith, Linda Threadgill, Mac McCall and Kate Waggle.

Dance theatre

The Pennsylvania Dance Theatre will present two free performances at the Palmer Museum of Art at University Park during a week-long residency in the Museum Feb. 12 to 18. The performances will be at 8 p.m. Thursday, Feb. 15, and at 2:30 p.m. Sunday, Feb. 18.

The residency and performances will explore the link between dance and the current exhibition "The Avant-Garde and the Text."

Kirsten Olson and Craig Wallace are in the cast of the University Resident Theatre Company's production of *The Majestic Kid*, running Feb. 16 to 23 in the Playhouse Theatre.

Stacy Nestleroth won the grand prize in a poetry contest with her poem, "Grandma's Dowry," inspired by this chest, which is part of the Museum of Art's permanent collection. (See story on this page.)

The Feb. 15 performance will be a lecture/demonstration in which LaRue Allen, artistic director of PDT, will discuss dance elements used in performance prior to a demonstration by the dancers. The dance "Issues," a child's view of family life, will be discussed and performed.

"Issues" will be performed in the company's only complete performance of the season in State College at 8 p.m. Friday, Feb. 16, in Eisenhower Auditorium. The Sunday afternoon performance will feature a new work titled "Text in Dance" choreographed by Allen, set on the Museum exhibition and specifically for performance in the Museum.

Chamber music

An evening of chamber music featuring Joanne and Leonard Feldman, faculty members in the School of Music, will be presented Feb. 15 at 8 p.m. in the School of Music, with members in the School of Music, and Diane Gold on flute.

The program will include works for flute and strings by Joseph Haydn and the contemporary Israeli composer Paul Ben-Haim. The concluding work on the program will be the Brahms Piano Quartet in G minor, Op. 25.

This concert will complete the cycle of performances at the School of Music of three Brahms piano quartets begun last September.

Poetry reading

A poetry reading of winning poems in the Fourth Annual Poetry Competition, sponsored by the Palmer Museum of Art and the Department of English, will be held at 12:10 p.m. Thursday, Feb. 15, in the Palmer Museum at University Park.

Undergraduate students from fall 1989 poetry classes were invited to write poems about selected works from the Museum's permanent collection on display that semester.

Stacy Nestleroth won the grand prize with her poem "Grandma's Dowry," inspired by an 18th-century Pennsylvania German dowry chest displayed on the second floor of the Museum. Runners-up in the competition were Andrew Fluke, Geoffrey R. Perry and Joseph Thakurka.

Woodwind chamber music

School of Music students in the woodwind chamber music program will perform in concert at 12:10 p.m. Thursday, Feb. 15, in Eisenhower Chapel at University Park. The 20-minute concert is part of the spring Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The program will include wind quintets and woodwind trios.

Directed by Darryl Durran, School of Music faculty member, the program

consists of undergraduate and graduate students from the School of Music and other departments. Students study and perform a range of music from Baroque to present day.

Colloquium scheduled

Gary Cross, associate professor of history, will present a talk, "After Working Hours: Trends in the History of the Leisure of Labor," at 4 p.m. Thursday, Feb. 15, in the Rare Books Room of Pattee Library at University Park. This is the third part of a series on the history of leisure for the Social History Colloquium.

Dr. Cross will evaluate the contributions of recent historians of American and the understanding of the evolution of leisure to popular leisure.

He is the author of *A Quest for Time: The Observation and Popular Culture in the 1950s*.

Dr. Cross earned his bachelor's degree from Washington State University, his master's of divinity from Harvard University and his master of arts and doctoral degrees from the University of Wisconsin at Madison.

Jazz concert

A jazz drummer who has performed with some of the country's greatest entertainers will play at University Park on Feb. 15.

Jim Rupp will join the Penn State Percussion Ensemble and Centre Dimensions Jazz Ensemble, under the direction of professors Dan C. Armstrong and Dan Yoder, respectively, in a joint concert at 8 p.m. in the Recital Hall of the School of Music.

As guest artist for the concert, Mr. Rupp will solo in a variety of styles from rock to samba, and will perform several numbers with each group.

Mr. Rupp has been a soloist and guest artist with big band greats such as Woody Herman and Maynard Ferguson. He was

the drummer on Woody Herman's 50th anniversary album, which also included School of Music faculty trombonist Mark Lusk. He currently performs with two-time Grammy Award winner Diane Schuur.

Mr. Rupp's appearance at University Park is made possible through Gretch Drums, Zildjian Cymbal Manufacturers and the School of Music. The concert is free and open to the public.

Philharmonic Ball

The Penn State Philharmonic Orchestra will present its second annual Philharmonic Ball from 8 to 11 p.m. Friday, Feb. 16, at the HUB Grand Ballroom at University Park.

The orchestra, under the direction of Douglas Meyer and Alex Hill, assistant conductor, will perform dance music including waltzes and polkas of Vienna.

The event is a benefit to raise funds for the Philharmonic's tour in May to Budapest, Vienna, Munich and Stuttgart. Tickets are available at the orchestra office, 221 Music Building, and may be reserved by calling 863-0696.

'The Majestic Kid'

"The Majestic Kid," a play written by Mark Medoff and presented by the University Resident Theatre Company, will run at the Playhouse Theatre at University Park from Feb. 16 to 23, with nightly performances at 8 p.m. and an additional matinee performance at 2 p.m. on Feb. 17.

The play centers around Aaron Weiss, a young social activist from Chicago attempting to save part of the Old West from becoming a toxic waste dump. In his struggles, Weiss grapples with good guys and bad, pretty girls and the fantasies associated with becoming a hero. The Auditorium weekdays from 9 a.m. to 4 p.m., or the Playhouse in the Arts Building, Tuesday through Friday, 11:30 a.m. to 5:30 p.m.

Guarneri String Quartet

The Guarneri String Quartet, called the superstar of chamber ensembles, will perform an exclusive Beethoven recital at 8 p.m. Saturday, Feb. 17, in Schwab Auditorium at University Park.

In addition to the recital, there will be a showing of a new documentary called "High Fidelity: The Adventures of the Guarneri Quartet" at 8 p.m. Thursday, Feb. 15, in Eisenhower Auditorium.

The quartet, with Arnold Steinhardt and John Dalley on violins, Michael Trapp on viola and David Soyer on cello, is the oldest surviving quartet in the United States.

Tickets are available at the Eisenhower Auditorium Ticket office, weekdays from 9 a.m. to 4 p.m., and at the Playhouse Box Office, Tuesday to Friday 11:30 a.m. to 5:30 p.m.

At Penn State Erie

New complex to be constructed

Penn State Erie, The Behrend College will move ahead with the construction of a new library and academic complex after receiving a check for nearly \$10 million from Gov. Robert P. Casey on Jan. 25.

"The new library and academic complex will help to improve the climate for first-rate scholarship and superb research, fulfilling the needs of our students and faculty," John M. Lilley, provost and dean, said.

"The new structure will increase our research capabilities and will help to make possible nationally recognized graduate programs, thus aiding economic development."

Penn State-Behrend is one of the

University's 22 locations throughout Pennsylvania. Enrollment has more than doubled at the 700-acre campus during the last five years. Fall 1989 figures peaked at 2,838.

The new 100,000-square-foot complex will be located east of the Reed Union Building. L.D. Astorino and Associates Ltd. of Pittsburgh are the architects.

The present library is in the Reed Building. In addition to the new library, classroom and faculty office space, the new structure will contain the college's communication center, including printing services and a TV studio.

Ground-breaking is expected to take place in April.

University Park Calendar

February 8— February 18 Special Events

Thursday, February 8

Discussion, 10 a.m., Palmer Museum of Art, Lisa Goldberg, Meadows Psychiatric Center, on "Careers in the Visual Arts."
Bach's Lunch, 12:10 p.m., Eisenhower Chapel, The Singing Lions.

Healthy Loving Week, panel discussion, 7 p.m., HUB Fshbowl, Marie Lindhorst, Bill Saxton, Patricia Koch and a person with AIDS on "Does Abstinence Make the Heart Grow Fonder?" and "Alternatives to Intercourse for a Safer Healthy Loving Relationship."
Black History Month, 7 p.m., Paul Robeson Aud.

Video, *Malcolm X*.
Center for the Performing Arts, Artistic Viewpoints Lecture Series, 7:30 p.m., 120 Boucke, Jennifer Muller on "The Role of Women in the Performing Arts as well as Insights into Her Choreography."
School of Music, 8 p.m., Recital Hall, The Pennsylvania Brass Works.
Women's Studies, Six Feminist Scholars Lecture Series, 8 p.m., HUB Gallery, Sandra Harding, Univ. of Delaware, on "Feminist Epistemology: Women as Knowers."

Friday, February 9

Black History Month, noon, Kern Commons. The 2nd American Revolution, Part II; and 7 p.m., Paul Robeson Aud., Kappa Film Festival *A Black Woman*.

Geog. Coffee Hour, 4 p.m., 319 Walker, Tom Gardner on "Digital Evolving Models in Geomorphology and Hydrology."
Center for the Performing Arts, 8 p.m., Eisenhower Aud., Jennifer Muller and The Works.

Saturday, February 10

Black History Month, 2 p.m., Paul Robeson Student Assoc.
Shaver's Creek, 7:10 p.m., Members Square Dance, Call 863-2000.
Penn State Chamber Singers, "Celebration of Love," 7:30 p.m., Old Man rotunda. Music and poetry readings.

Sunday, February 11

Black History Month, noon, Paul Robeson Aud., black party and food fair, 2 p.m., 4 Carnegie, "Eyes on the Prize: Mississippi: Is This America?"
School of Music, 2 p.m., Recital Hall, Laura Flowers, senior piano recital.
Shaver's Creek, 2:4 p.m., Evergreen Walk, Call 863-2000.
Carnegie Hall Film Series, "Screening Race and Cinema and Documentary Films," 7 p.m., *The Defiant Ones* (1958); 8:45 p.m., *Sutton in Webster Groves*, *The Artist*, *Lonely Boy* (1965, 1963, 1962), 4 Carnegie, Free.

Monday, February 12

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern. Simon Battistini, Georgetown Univ., on "Robbe-Grillet is Dead."
Black History Month, 7 p.m., HUB Ballroom, Kumi Ture on "Organization Within the African Community in North America and Abroad."
School of Music, 8 p.m., Recital Hall, Feldmans and Friends.

Wednesday, February 14

Black History Month, Brown Bag Lunch Series, noon 1 p.m., 120 Boucke, Film/discussion of *Celle Make This Journey, Sweet Honey in the Rock*.
URTC, student preview, 8 p.m., Playhouse Theatre, "The Majestic Kid" by Mark Medoff.
Also Feb. 15.

Jennifer Muller and The Works will perform at 8 p.m. Friday, Feb. 9, in Eisenhower Auditorium.

Thursday, February 15

Brown Bag Lunch/Poetry Reading, 12:10-12:50 p.m., Palmer Museum of Art, 4th annual poetry competition.

Bach's Lunch, 12:10 p.m., Eisenhower Chapel.

Woodwind Chamber Music.

Office of Religious Affairs, Ethics in America.

Women's Congress, on "Black Male/Female Relationships: From the History to the Present."

Bicentennial of the French Revolution, lecture.

7:30 p.m., 112 Kern, Darline Levy, N.Y. Univ., on "Women and Militant Citizenship in the Revolutionary Paris."

Pa. Dance Theatre lecture/demonstration, 8 p.m., Palmer Museum of Art, The Avant-Garde and the Text: An Exploration Through Movement.

School of Music, 8 p.m., Recital Hall, Penn State Percussion Ensemble, Centre Dimensions.

Contemporary Speaker Series, 8 p.m., HUB Assembly Room, Charles I. Nero, Ithaca College, on "Pink, Black and Red: Male Homosexuality and Nationalism in African-American Literature."

Friday, February 16

IFC Dance Marathon, through Feb. 18.

Black History Month, noon, Kern Commons.

Video, *Kopung the Faithful*, 8 p.m., Schwab Aud.

Sankofa, African, African American and Caribbean Band.

Geog. Coffee Hour, 4 p.m., 319 Walker, Ronald Filippelli on "What Happened to Labor? Why Does it Matter?"

School of Music, 8 p.m., HUB Ballroom, Penn State Philharmonic Ball.

URTC, 8 p.m., Playhouse Theatre, "The Majestic Kid" by Mark Medoff: Nightly performances, except Sunday, through Feb. 23, Mainline, Feb. 17, 2 p.m.

Saturday, February 17

Shaver's Creek, 10 a.m.-4 p.m., Maple Sugaring Volunteer Training, Call 863-2000.

Center for the Performing Arts, 8 p.m., Schwab

Auditorium, Guarnieri String Quartet.

Black History Month, 9 p.m., Paul Robeson Aud.

Dance, Phi Beta Sigma.

Sunday, February 18

Shaver's Creek, 2:30 p.m., Household

Hazardous Waste, Call 863-2000.

Black History Month, 8:45 p.m., 4 Carnegie, Free.

School (1968), 4 Carnegie, Free.

International Events

Education Abroad Programs

Deadline for spring 1991 applications is March 5.

International Festival, Feb. 12-18

Feb. 12, lecture, 7:30 p.m., 112 Kern, Victor Sukhodrev, special assistant, United Nations

secy. gen., on "The United Nations in a Changing World."

Feb. 14, lecture, 7:30 p.m., HUB Assembly Room, Stephen Smith on "Economics of Drugs from a Latin American Perspective."

Feb. 15, film, 8 p.m., 111 Forum, Chinese film, "Dust in the Wind" (free).

Feb. 16, international coffee house, 7:30 p.m., 101 and 102 Kern.

Feb. 18, International Fair, 11:30 a.m.-5 p.m., (children's games, 1-4 p.m.), HUB Ballroom.

Fshbowl, ground floor.

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5:30-10 p.m.; Saturday and Sunday, 5:30 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m.

"Odyssey Through Literature," 12:30 p.m. Wednesdays, with S. Leonard Rubinstein.

"Perspectives," 6:30 p.m. Wednesdays, with Jeff Ballou, "Creative License," 12:30 p.m. Thursdays, with Asa Berlin and Pam Saulner.

Seminars

Thursday, February 8

Polymer Science, 9 a.m., 301 Steidle, S.N. Gan, Univ. of Malaya, on "Abnormal Grafts in Natural Rubber and Their Role in Storage Hardening."

Physics Colloquium, 3:30 p.m., 55 Osmond Lab, Marion Scully, Univ. of New Mexico and Institut fur Quantenoptik, on "Observation and Complementarity in Quantum Mechanics: New Quantum Optical Tests."

Ecology, 3:45 p.m., 111 Wartik, Diana Liverman on "Impacts of Global Warming in Mexico."

Tuesday, February 13

Gerontology Center Colloquia, noon-1 p.m., 101 Health and Human Dev. Bldg, East, Mary A. Boutsch on "Advances in Psychotherapy with the Elderly."

Wednesday, February 14

Agriculture and Artificial Intelligence, 3:45 p.m., 11 Ferguson, Rick Olson, Mississippi State, on "Qualitative Reasoning Under Uncertainty in Agricultural Expert Systems."

Graduate Lecture Series, 4 p.m., 112 Kern, John A. Milner on "Selenium and Carcinogenesis."

Thursday, February 15

Polymer Science, 9 a.m., 301 Steidle, R.P. Quirk, Univ. of Akron, on "Advances in Anionic Synthesis of Chain-End and In-Chain Functionalized Polymers."

Ecology, 3:45 p.m., 111 Wartik, Thomas Morrell on "Status and Habitat Characteristics of the Great Horned Owl in Southcentral Pennsylvania."

Social History Colloquium, 4 p.m., Rare Books Reading Room, Palat. Library, Gary Cross on "After Working Hours: Trends in the History of the Leisure of Labor."

Exhibits

Chambers Gallery

Prints and books by art students at Univ. of New

York, through Feb. 18.

March 4.

Art Alley Cases:

International Festival Show, through March 4.

Formal Gallery

Rhythm and Blues: Black American Popular Music, 1945-1955, Smithsonian exhibit of photographs, through Feb. 18.

Kern Galleries

The French Revolution Machine, through Feb.

28.

Palmer Museum of Art

The Loti and Victor Smergen Collection of

Contemporary American Art, through Feb. 11.

The Avant-Garde and the Text, through March

11.

Roman Portraits, through April 22.

Pattee Library

Lending Services Gallery:

Margaret B. Duda, "The Many Faces of Urumqi,"

through March 4.

Zoller Gallery

Graphic Design Alumni Exhibition, through Feb.

4.

Visiting Arts Exhibition/Five in One, Feb. 12-

March 4.

345; University Calendar-456.

John Salvia, professor of special education,

and Charles Hughes, assistant professor of

special education, are co-authors of a

Curriculum-based Assessment: Testing What Is

Taught.

The book, published by Macmillan

Publishing Co., is an introduction to the

assessment of learning and classroom

behavior, focusing on practical classroom

behaviors. It contains discussions of

applied psychometrics, applied behavioral

analysis, curriculum development and

evaluation, present teaching and current

educational policy.

Bookshelf

The *Olympic Book of Sports Medicine*, a book co-edited by **Howard G. Knuttgen**, director of the Center for Sports Medicine, has been translated into German.

The English-language version of the book was published by Blackwell Scientific Publications in 1988. The German-language edition, called *Olympisches Buch der Sportmedizin*, is published by Deutscher Ärzte-Verlag, a Cologne-based publisher. Dr. Knuttgen's co-authors are Albert Dirix, M.D., secretary of

the International Olympic Committee medical commission, and Kurt Tittel, who, with Dr. Knuttgen, co-chairs the scientific commission of the International Federation of Sports Medicine.

The book was written for the general sports medicine practitioner, the primary care physician and all health professionals who deal with people engaged in sports and exercise programs.

It presents up-to-date information on both the basic science and the practical considerations of injury prevention and treatment, methods of conditioning,

assessment of fitness, environmental factors, exercise and disease, and exercise in rehabilitation.

Dr. Knuttgen, a former physiology professor and head of the Department of Health Sciences at Boston University, was appointed director of the new Center for Sports Medicine last June.

Roger Sweeting, in charge of health and physical education at Penn State Erie, The Behrend College, has published a textbook for college health education courses titled *A Values Approach to Health Behavior*.

Appointments

John S. Barnes Jr. has been named admissions officer at Penn State Wilkes-Barre Campus. A campus graduate, he previously served as coordinator of the Office of Minority Programs for the College of the Liberal Arts.

Mr. Barnes received an associate degree in letters, arts and sciences in 1975 from the Penn State Wilkes-Barre Campus and later received a bachelor's degree in community development at Penn State. He received his master's degree in public administration in 1988.

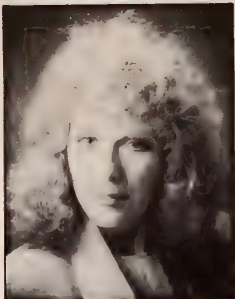

He formerly served as a counselor at the Keystone Job Corps Center, in Drums, specializing in vocational training and basic skills training.

He began his Penn State career in 1984 as a counselor at Penn State Hazleton Campus, and then served three years as counselor for the Counseling and Academic Skills Development Unit of Academic Assistance Programs at University Park.

He received an Outstanding Young Men of America Award in 1986 and has been recognized for establishing the Penn State chapter of the National Association for the Advancement of Colored People.

He is president-elect of the Penn State Forum on Black Affairs and in 1987-88 chaired the Forum's Education Committee. He also served in 1984-85 as vice president of the Wilkes-Barre Area chapter of the NAACP, which awarded him an Executive Service Award in 1985.

C. Kate Capps has been appointed marketing manager at the Penn State Press. She began her career as promotion

Ena Kurlancheek

assistant at Doubleday (1978-80), then worked as advertising and exhibits manager at Oklahoma (1980-84). She served two years as marketing manager at Utah (1984-85) before moving to Ohio State, where she was marketing manager for five years.

From 1987-89, she chaired the Marketing Committee of the Association of American University Presses.

Mary E. Chilani has been named admissions counselor and recruiter at Penn State Wilkes-Barre Campus.

Ms. Chilani, formerly of Madison, Wis., holds a bachelor's degree in secondary education - communicative disorders, and a master's degree in speech pathology, both

from the University of Wisconsin - Madison. She has four poems published and currently is writing children's fiction in her spare time.

Ena Kurlancheek has been named writer/editor and alumni coordinator in the College of Health and Human Development.

Ms. Kurlancheek is responsible for coordinating an alumni relations program for the college's more than 33,000 graduates. Her duties as a writer/editor include media relations, as well as writing and producing brochures, newsletters, and other promotional and informational materials.

Before joining the University, Ms. Kurlancheek was the director of public relations and marketing for the Northeastern Pennsylvania Philharmonic. Earlier, she was an instructor/coordinator in communications at Marywood College in Scranton.

She holds a master's degree in public relations from Syracuse University and a bachelor's in speech communication from Penn State.

Ken Kerr has been named staff specialist in the Division of Planning Studies, where he will assist with a variety of research projects.

Prior to his appointment, Mr. Kerr managed a political survey office in Washington, D.C., and taught economics for the U.S. Navy.

A native of Pittsburgh, he received a master's degree in economics from San

Diego State University and a bachelor's degree in political science from Edinboro University.

Mark D. Toda has been appointed technical assistance/economic development specialist for PENNTAP (Pennsylvania Technical Assistance Program) in the northeast area of Pennsylvania.

His responsibilities will be to provide a wide range of technical assistance to area businesses and industries.

In addition to providing support for the businesses and industries in the Greater Hazleton area, Mr. Toda will serve as economic development and technical assistant specialist for the Schuylkill, Wilkes-Barre and Worthington Scranton campuses. In that role, he will be a technical University representative to regional economic development agencies and will augment the current economic development initiatives of the Commonwealth Campuses.

In addition, he will help direct businesses to the various state, local and University resources that can provide technical support and foster economic development, such as the Ben Franklin Partnership and Industrial Resource Centers.

Mr. Toda holds a B.S. degree in bioengineering from Syracuse University and an M.S. degree in theoretical and applied mechanics from Cornell University. He previously was employed by IBM Corp., Endicott, N.Y., where he was manager of a mechanical analysis support group of the Electronic Packaging Development Engineering Department.

Penn Staters

Yoshiyuki Arai of the cranial collection of Pan troglodytes versus (the Librarian chimpanzee) at the Franz Weidenreich Institute of Anthropology and Human Genetics in Frankfurt, West Germany.

Elbert D. Glover, professor of health education and director of the Centre for Tobacco Studies, gave a paper on "The Acute Physiological Response to the Use of Moist Snuff," at the International Dental Research Association in Dublin, Ireland, and a paper on "The Acute Effects of Moist Snuff during Submaximal Exercise" at the 50th Paavo Nurmi Congress in Turku, Finland.

Iam Choon Khoo, professor of electrical engineering, presented an invited plenary talk on "Infrared Optical Nonlinearities of Liquid Crystals and Novel Two Wave Mixing Processes" at the Joint Australian Conferences on Optics, Lasers and Spectroscopy '89, in Adelaide, Australia.

Ernst Schurer, professor and head of the German Department, presented an invited lecture at Carleton University, Ottawa, Canada. He spoke on the plays of Carl Sternheim, one of the major dramatists of German Expressionism.

Monty Christiansen, associate professor of recreation and parks, has received a Founder's Award for Excellence from the National Society for Park Resources.

M. Albert Vannice, engineering distinguished alumni professor, has been named the 1989 Schluht lecturer at the University of Delaware.

Gutti Jogesh Babu, professor; Tom

106-year-old society that provides a common forum for theoretical and practicing statisticians throughout the world.

Eric Feigelson, associate professor of astronomy, gave an invited talk titled "Censored Data in Astronomy" at the Errors, Bias, and Uncertainties in Astronomy conference in Strasbourg, France.

Irwin Feller, professor of economics, director of the graduate program in policy analysis, and director of the Institute for Policy Research and Evaluation, has been elected chair of the Institutional Representatives Caucus, Association for Public Policy Analysis and Management. The caucus is comprised of graduate schools of public policy and not-for-profit research organizations.

Marlowe Froke, general manager, WPSX-TV, and the University Division of Media and Learning Resources, has been honored by the South Dakota State University Department of Journalism and Mass Communications for contributions to public broadcasting.

Philip Hedrick, professor of biology, has been appointed a Distinguished Research Fellow at the University of California's Bodega Bay Marine Laboratory in Bodega Bay, Calif. He will spend spring semester at the lab continuing work on a conservation biology program for the Menzies blueflower, a rare dune plant.

Linda Maxson, head of the Department of Biology, gave a plenary speech titled "Tempo and Pattern in Anuran Speciation and Phylogeny: An Albumin

Gary L. Messing, professor of ceramic science and engineering, presented a lecture on "Synthesis of Titania-Silica Colloids" at the Fifth International Workshop on Glasses and Ceramics from Gels in Rio de Janeiro.

Arnulf Muan, professor of geochemistry and materials science, presented the annual Industry Lecture of the Norwegian Chemical Society. It was titled "Oxide Phases at High Temperatures: Academic and Industrial Perspectives."

C.R. Rao, professor of statistics and holder of the Eberly Chair, gave a talk titled "The Future of Statistics" at the International Conference on Statistical Data Analysis and Inference held in his honor in Neuchatel, Switzerland. At the conference, Dr. Rao received the D. Sc. honoris causa from the University of Neuchatel, Switzerland.

Karl E. Spear, professor of ceramic science and engineering, has been appointed vice president of the Ceramic Educational Council and chairman of the Phase Diagram Advisory Committee by the American Ceramic Society.

Richard E. Tressler, director, Center for Advanced Materials, was co-chair of the International Symposium on Corrosive Degradation of Ceramics held in Anaheim, Calif.

James S. Vrentas, Dow professor of chemical engineering, and **J.L. Duda**, head of the Department of Chemical Engineering, have been named joint recipients of the 1989 Charles M.A. Stine Materials Engineering and Sciences Award of the American Institute of

Chemistry for a new theory for molecular diffusion in polymers, and the concept of "Deborah numbers" for engineering applications.

Jean-Marc Bollag, professor of soil microbiology, presented the paper, "Biodegradation of Pyridine and Pyridine Derivatives under Different Physiological Conditions," at the International Symposium on Microbial Ecology in Kyoto, Japan. He also presented a paper titled "Effect of Pesticides on the Denitrification Process" at an International Workshop on Side Effects of Pesticides on Soil Microflora in Basel, Switzerland.

Eugene Borza, professor of ancient history, has been appointed the first Solomon Katz Distinguished Visiting Professor of the Humanities at the University of Washington. The Katz Professorship will run through Winter and Spring terms, 1990.

W. Dale Brownawell, professor of mathematics, spent two months in the Soviet Union as a National Academy of Sciences Exchange Scientist. While there, he presented lectures at the USSR Academy of Sciences' Steklov Institute and the Moscow State University.

Sharon Dale, assistant professor of art history at Penn State Erie, The Behrend College, presented a paper on "New Observations on Ghiberti's Gates of Paradise on the Baptistry in Florence" at the 14th International Conference on Patristic, Medieval and Renaissance Studies at Villanova University.

Susan L. Kennedy, associate director for health promotion and education, University Health Services, has been elected president of the Mid-Atlantic College Health Association.

Partings

Gilbert R. Hoover of State College, a platemaker and group leader in the Office of Business Services, has retired after 37 years of service.

Mr. Hoover supervised work in the platemaking department for Printing Services, where platemakers shoot camera copies of printed material and process them into plates for the printing press.

Since he began working at Penn State in 1952, he witnessed the installation of computers at the printing press. He found the changes challenging, because the job became increasingly high-tech.

He looks forward to having time to listen to music, pursue his interest in antiques, read and spend time with his wife.

Sandra Lansberg of Port Matilda, an operator with Central Copy Centers for the Department of Business Services, has retired after 35 years service.

Mrs. Lansberg began working for the University in April 1954 in the platemaking department and after many years moved to

the copy center, where she handled printing for the College of Agriculture.

She enjoys making crafts, and her retirement plans include quilting, sewing and cross-stitching, as well as traveling with her husband.

Horace F. McMurtrie, foreman for the storeroom in Purchasing Services, has retired after 32 years service.

Mr. McMurtrie was involved with various jobs at the University. He began in landscaping and eventually moved to Purchasing Services where he was in charge of moving general storage from one location to another. Mr. McMurtrie said working with all kinds of people was what he enjoyed most about his job.

He and his wife reside in Bellefonte. His daughter Kimberly graduated from Penn State last year.

Retirement plans for Mr. McMurtrie include spending time with his family. He enjoys working outside and hopes to resume lawn work in the spring.

Jan A. Slear, senior gift recorder, has retired after 20 years of service.

Mrs. Slear worked in the Division of Development and University Relations throughout her 20-year career.

She began working part time preparing records for entry into computers. She then worked with the corporate foundation records until 1972, when she became gift recorder. Her job involved working with all gifts to the University, including those from faculty and staff which were received through payroll deductions.

In 1979, she was promoted to senior gift recorder, which involved supervising the gift recorders. Her work as gift recorder changed substantially over the years from manual records to records on computers.

Mrs. Slear has two daughters, Vivienne and Kerry O'Connor, a son Jeffrey, who is a Penn State senior majoring in science, and a grandson, Chris O'Connor.

Her retirement plans include yard and garden work, vacationing in a cottage on the New Jersey shore and traveling.

Alice G. Swanson, food preparer, Housing and Food Services, from Sept. 17, 1964, until Nov. 15, 1989.

John Tomco, maintenance mechanic for Housing and Food Services, has retired after 29 years service.

Mr. Tomco held various responsibilities at the University. He began working in the Pollock Dining Hall and moved to the physical education equipment room, where he stayed for 20 years. In 1981 he transferred to the Housing Department.

While he enjoyed all his jobs, his favorite was being equipment manager for the football team from 1965-70. He enjoyed traveling all over the country with the team.

Since his retirement in November, Mr. Tomco has enjoyed spending more time with his family.

Faculty/Staff Alerts

Courses for Faculty and Staff

The Human Resource Development Center has openings in the following Macintosh Computer courses in February and March. Call the center at 865-3410 for registration information.

Introduction to the Macintosh: Basic Applications

In this hands-on seminar, you'll learn about mouse techniques, windowing systems, disk management, and file maintenance.

Prerequisites: None. This seminar is intended for the novice user of the Macintosh. Meets for two half-day sessions from 9 to 11:30 a.m. Monday, Feb. 26, and Wednesday, Feb. 28; cost: \$65.

Introduction to Microsoft Word on the Macintosh

This introductory hands-on seminar covers the basics of Microsoft Word Version 4.0 on the Macintosh. Prerequisites: Familiarity with the use of basic Macintosh software and mouse. Meets for two half-day sessions from 1 to 3:30 p.m. Monday, Feb. 26, and Wednesday, Feb. 28; cost: \$65.

Intermediate Microsoft Word

Enhance your skills with Microsoft Word in a hands-on lab setting. Learn about more advanced features and how to use them.

Prerequisites: Experience with basic use of Microsoft Word on the Macintosh. Meets for two half-day sessions from 1 to 3:30 p.m. Tuesday, Feb. 27, and Thursday, March 1; cost: \$65.

Introduction to Excel on the Macintosh

This full-featured spreadsheet from Microsoft provides a powerful worksheet, integrated business graphics, and a spreadsheet-style database. You'll gain practical

experience in a hands-on environment. Prerequisites: Familiarity with the use of basic Macintosh software, and the mouse. Meets from 9 to 11:30 a.m. and 1 to 3:30 p.m. Friday, March 2; cost: \$65.

Open staff meetings

Open staff meetings regarding the Staff Position Evaluation and Compensation Program are continuing during the month of February.

Interested persons are encouraged to attend one of the scheduled meetings: Wilkes-Barre, Feb. 7, 2 to 4 p.m.; Worthington Scranton, Feb. 8, 9 to 11 a.m.; Hazleton, Feb. 8, 2 to 4 p.m.; University Park, Feb. 12, 11 a.m. to 1 p.m.; Fayette, Feb. 13, 2 to 4 p.m.;

New Kensington, Feb. 14, 8:30 to 10:30 a.m.; McKeesport, Feb. 14, 1 to 3 p.m.; Beaver, Feb. 15, 9 to 11 a.m.; University Park, Feb. 20, noon to 2 p.m.; Great Valley, Feb. 21, time to be announced. The University Park meetings will both be held at Eisenhower Chapel, Frizzell Room.

Obituaries

T.D. Wilkinson III, retired associate professor of engineering at Penn State Mont Alto Campus, died Jan. 8 at the age of 66. He joined the faculty Aug. 1, 1900, and retired July 1, 1987.

William Scaife Sr., group leader, window washers, Office of Physical Plant, from June 1, 1953, until his retirement July 1, 1985, died Jan. 10 at the age of 89.

Promotions

Staff Exempt

Carolyn K. Brown to administrative assistant in C&S - Management Services. **Nancy F. Rossi** to head college health nurse - inpatient and emergency room in Student Services.

Vincent Verbeke to training and support specialist in Agriculture.

Andrea R. Willard to graduate administrative counselor at Capital College.

Wendy L. Witter to computer graphics specialist in Applied Research Lab.

Staff Non-Exempt

Bobbie Ginder to senior radiology records clerk/coordinator at Hershey.

Cindy L. Gumbs to senior research technician at Hershey.

Renee G. Houser to licensed practical nurse, medicines at Hershey.

Kelly A. Kopley to licensed practical nurse, medicines at Hershey.

Joanne F. Reish to assistant security officer in Applied Research Lab.

Richard L. Schraf to senior drafter, electro-mechanic in Applied Research Lab.

Kristian Schulz to patient account assistant at Hershey.

James M. Zettie to engineering aide in Applied Research Lab.

Clerical

Judith A. Koecik to secretary B at Hershey.

Wendy Mohr to clerk A, bookstore at Mont Alto Campus Bookstore.

Kathleen C. Schreckengast to secretary B

at Hershey. **Elizabeth M. Zielinski** to secretary B at Behrend College.

Technical Service

Donald L. Mulfinger to lead sheetmetal worker A in Office of Physical Plant.

Clerical

Debra J. Keller to clerk, insurance verification at Hershey.

Beverly D. Korman to secretary B in Science.

Antia Sprankle to clerk, typist A in Engineering.

Carol J. Wagner to secretary B in Engineering.

Technical Service

Rebecca E. Barr to group leader, platemaker in Office of Business Services.

Anthony Casselli to maintenance worker, landscape at Ogontz.

Betty J. Ginder to patient care assistant A at Hershey.

Michael Libbreatori to laboratory maintenance technician in Science.

Carpooler

Don has a vacancy in his van pool from Tyrone to University Park Monday through Friday, 8 a.m. to 5 p.m. Call 865-1040, 865-1041, or 684-4868.

25-year award recipients

Observing 25 years of service at the University are, from left, Robert Cunningham, professor of soil genesis and morphology; Jeanne Feldman and Leonard Feldman, associate professors of music; J. D. Hammond, dean of the College of Business

Administration and William Elliott professor of insurance; R. William Millman, professor of business administration.

Academic adviser rewarded by seeing students make progress

Seeing the progress students make during the course of their college career is the best reward for an academic adviser, **Connie D. Baggett** says.

"One student who transferred from horticulture to my department would get flustered easily and think she couldn't do something. In two years, I've watched her become more relaxed and confident as she realized that she was learning."

Dr. Baggett, associate professor of agricultural and extension education, has 40 advises (32 undergraduates and eight graduate students). A faculty member in the College of Agriculture since 1980, he devotes much of his time between teaching and conducting research to advising students.

He was honored for his dedication to advising with the 1989 College of Agriculture Alumni Society Excellence in Academic Advising Award.

His popularity as an adviser is linked to his open-door policy. He is available and accessible to students.

"When students drop in, I find myself doing a lot of counseling along with the advising," he says. "When you work with students, you have to work with the entire student, not just one part."

"Students often want to talk about their problems with Mom and Dad over their decision to major in agriculture. Sometimes parents push their children into majors, such as business, because they have a reputation for paying high salaries."

"I tell students they have to live for themselves. Mom and Dad had their chance."

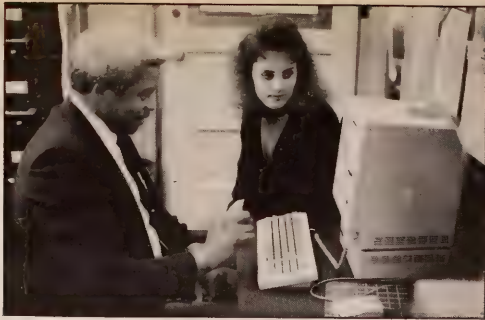

One of his advisees who followed the advice of her parents and transferred to another major, later transferred back to agriculture.

Graduate students also have problems with parents who question them about how much education is enough, Dr. Baggett says.

Whatever their problems, he tries to provide his advisees with some help and guidance, even if all they want is a friendly chat.

"The first thing I ask students is: 'How are you doing?' When they say they are having problems in a class and want to drop it, I experience they talk with the instructor. Often they find that they're really doing better than they think they are."

He urges students to "read, read, read" and to not let instructors set the limit on

Connie D. Baggett reviews a computerized advising and audit form with student advisee **Cheri Eveling**. (Photo: Steve Williams)

what they learn.

"If you learn, good grades will come automatically, but if you concentrate on grades, learning doesn't always follow," he tells students.

As a result of his interest in computers, he developed computerized advising and audit sheets, which he uses to keep track of each advisee's progress. He makes the information available to the students.

"The advising template has been a big help," he says. "Students like it, because it's

easy to understand. It tells them where weak areas are and provides grade-point averages for required courses, courses in the major, minors and overall progress."

Both advising sheets also are used by the other faculty members in the Department of Agricultural and Extension Education.

Between visits with advisees, Dr. Baggett is involved in the third phase of a long-term project dealing with special needs students studying agriculture at the secondary level.

Staff Vacancies

The following vacancies for positions classified as staff except for staff nonexempt have been listed with the University Employment Division for filling. The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304.

(NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Feb. 15. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment practices (PS-1) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law), sex, or status as a disabled or Vietnam era veteran.

• **Support Center Consultant, CES, Management Systems, University Park Campus**—Responsible for coordinating CES support Center for consulting with CES offices and users on computing issues. Provide advice and training on CES specific, technical issues, advice on purchase and use of supported hardware and software. Requires bachelor's degree, or equivalent, in related field plus one to two years of effective experience. Strong verbal and written communication skills and ability to communicate technical information to non-technical audience is essential. Position requires routine travel to CES locations. Experience with personnel computers and they interactive use with mainframes preferred. STAFF GRADE 6.

• **Applications Programmer/Analyst, Library Computing Services, Computer and Information Systems, University Park Campus**—Responsible to designated project leader for conducting analyses of

data processing and operational problems, determining detailed requirements to solve problems, formulating logical statements of systems problems and preparing computer programs to satisfy desired end results. Make presentations and submit written reports. Requires bachelor's degree, or equivalent, in basic computer systems and one to two years of effective experience in computer programming and analysis. Experience with DEC VMS is preferred. STAFF GRADE 6.

• **Director, Industrial Extension Office, Senior Vice President for Research and Dean of the Graduate School, Associate Vice President for Research and Technology Transfer, University Park Campus**—Responsible to the associate vice president for research and technology transfer for the management, coordination of related activities and process evaluation of the statewide operation of an industrial extension program (PENNTATP). Requires master's degree, or equivalent, in engineering, or physical science, plus five to seven years of effective experience in negotiating working relationships with industry and/or universities. An extensive background in project management, administration and technology-based economic development is desirable. Doctorate preferred. STAFF GRADE 10.

• **Assistant Director, Federal Programs, Academic Services, Office of Student Aid, University Park Campus**—Responsible to the assistant vice president for student financial aid for supervising the Pell Grant, Guaranteed Student Loan and federal campus-based aid programs. Supervise professional office staff; manage and administer various aid programs. Requires master's degree, or equivalent, preferably in student personnel, higher education, public administration or social sciences or equivalent, plus three to four years of effective experience in student personnel, student aid or other

related areas. Excellent interpersonal skills also required. STAFF GRADE 8.

• **Communications Specialist, Housing and Food Services, University Park Campus**—Responsible to the Housing and Food Services director of personnel and training for developing, writing and preparing editorial materials for brochures, newsletters and other communication materials. Requires bachelor's degree, or equivalent, in journalism, English or speech communications or related field, plus one to two years of effective experience. STAFF GRADE 5.

• **Neurophysiology Technician, University Hospital, Department of Nursing, The Milton S. Henshey Medical Center**—Responsible to the coordinator, Adult Epilepsy Program, for the performance of a variety of clinical neurophysiology studies, including intensive video-EEG monitoring on patients in the EMU. Requires high school graduate, or equivalent, completion of department approved formal training or on-the-job training performing EEG studies in the clinical neurophysiology laboratory and eligible for Part I examination of ABRET, plus one to two years of effective experience. STAFF GRADE 4.

• **Supervisor of Hospital Billing, University Hospital, The Department of Fiscal Services, The Milton S. Henshey Medical Center**—Responsible to the manager, hospital billing, for the operation and supervision of hospital billing units in the preparation and presentation of claims to third-party payers. Requires bachelor's degree in business administration, or equivalent, plus one to two years of effective experience, preferably in a teaching hospital. STAFF GRADE 6.

• **Manager of Pharmacy, University Hospital, The Pharmacy Department, The Milton S. Henshey Medical Center**—Responsible to the

associate hospital director for the administrative and technical operation of the Department of Pharmacy to include the recruitment and retention of professional, technical and clerical employees, as well as providing quality service at a cost corresponding to the highest level of productivity. Requires a master of science degree or doctor of pharmacy degree, completed ASHP-approved residency in hospital pharmacy, plus three to four years of effective experience. Pennsylvania registration as pharmacist or eligibility required. STAFF GRADE 8.

• **Computer and Telecommunications Specialist, CES, Worthington Scranton Campus**—Maintain operations of the computer laboratories and assist the faculty, staff and students in the use of laboratory facilities; serve as liaison and point of communication with the Office of Telecommunications. Requires associate degree, or equivalent, in computer science, plus two to three years effective experience in programming, data processing, microcomputer operation and knowledge of programming languages. STAFF GRADE 5.

• **Coordinator, Residence Hall Programs, Student Services, Division of Campus Life, Various Campus Locations**—Responsible for resident assistant supervision and training, community building, counseling, conflict resolution, discipline and organizational advising. Requires bachelor's degree, or equivalent, plus one year of effective experience. Candidate should possess a thorough understanding of the role and purpose of residence hall living as it applies to student development, human relations and community awareness. THIS IS A CONTINUING, 10-MONTH, LIVE-IN POSITION. STAFF GRADE 6.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

INTERCOM

February 15, 1990

Volume 19, Number 22

Information submitted for publication in *Intercom* is due by noon on the Thursday before publication.

University ranks fifth in graduates who earn doctorates

Penn State ranks fifth among all American colleges and universities in the number of its baccalaureate degree graduates who earn doctoral degrees, according to a recent study by the National Research Council.

The "Summary Report 1988, Doctoral Recipients from United States Universities," ranks the baccalaureate degree institutions of students who continued their education to receive Ph.D. degrees from 1980 to 1988. Universities are ranked according to Ph.D. degrees in all areas and in seven specific fields.

"Penn State's high ranking reflects both the quality and breadth of our undergraduate programs," C. Gregory Knight, vice provost and dean for undergraduate education, said. In total, Penn State graduates earned 694 doctoral degrees during that period.

Within specific fields, Penn State ranks

11th in the number of graduates who received doctoral degrees in physical sciences, ninth in engineering, fourth in life

sciences, ninth in social sciences, 42nd in humanities, second in education and ninth in professional fields.

Other top ranking undergraduate institutions are the University of California at Berkeley with a total of 1,000 baccalaureate degree graduates who earned Ph.D.s from 1980 to 1988, the University of Michigan with 837, the University of Illinois at Urbana with 714, and Cornell University with 733 Ph.D. recipients.

"It is very gratifying to have Penn State recognized as having so many strong undergraduate programs. Our student population is enormously diverse, but the quality of programs in our academic colleges and the demands of those majors keep our graduates competitive," Dr. Knight said.

Penn State has a total of 60,019 undergraduates, 11,526 of whom are at the University Park Campus and 28,493 of whom study at the University's 19 other undergraduate campuses across the state.

President's statement on governor's budget

The governor's budget, from our initial perspective, appears to be austere. It does not reflect what is necessary for the University.

As proposed, we are anticipating that what is presented for Penn State will create some difficulties for us. This is particularly troublesome, given the history of higher education funding in the Commonwealth, where Pennsylvania ranks 47th among the 50

states in appropriations per student and where Penn State ranks last among the public universities in the state.

The governor and the General Assembly took an initial step to reverse that trend last year, and we must do all we can to continue in that direction. We will reserve further comment until such time as we have been able to study the governor's budget document more closely.

—Bryce Jordan

IBM gives computers for world's largest telescope

IBM Corp. has given Penn State astronomers the sophisticated computers and software needed to help build and operate the world's largest telescope designed for spectrographic analysis of light from the stars.

The IBM equipment, valued at \$91,000 will be used in the 8-meter (320-inch) Spectroscopic Study Telescope now under development. Astronomers from the

University of Texas at Austin are cooperating on the project, which will be implemented at the McDonald Observatory in Texas.

Most of the questions that interest astronomers can only be answered through using larger telescopes and spectroscopy.

The SST was conceived several years ago by Penn State astronomers Daniel W. Weedman and Lawrence W. Ramsey. Their

problem? How to build a large, but affordable telescope.

They hit on the idea of using 85.1 meter mirrors, individually controlled by an IBM PS/2 computer as the main reflective surface. These identical mirrors can be mass-produced for a fraction of the cost of a single, 320-inch mirror.

And, since the SST is stationary and has to compensate for gravity in only one

direction, its mirrors are also lighter. Thus the supporting framework can be lightweight, strong and simple.

Other small IBM computers will allow automated data storage and analysis. Routine commands, such as setting the time and date for a particular observation, can be programmed and run without a human's presence, and astronomers will be able to

Penn State Dance Marathon will begin Feb. 16

After eight months of planning and preparation by more than 1,000 students, the nation's largest student-run philanthropy will begin Friday, Feb. 16, and run for 48 hours. More than 500 students will participate in the 18th annual Penn State Dance Marathon.

The marathon, which is sponsored by the Interfraternity Council and Panhellene (governing sorority body), supports the Four Diamonds Fund -- a children's cancer treatment fund at the Hershey Medical Center.

The primary purpose of the Four Diamonds Fund is to give financial assistance to the parents of children with cancer. The fund also provides for a social work staff to deal with the emotional and social stresses the families face as they cope with intensive therapy, the threat of terminal disease, and the recovery from loss of a loved one. Funds also are used for approved clinical, educational and research programs relating to children with cancer.

The dance marathon is the major, annual contributor to the Four Diamonds Fund. Last year's donations were \$456,617. The money raised from the event comes from fraternity and sorority members camping throughout the state, dancer sponsorships and corporate donations.

To sponsor a dancer or provide a donation, call 863-2283 or stop by 310 HUB for more information.

Conference on microcomputers

The latest in computer technology and methods will be on display March 9 and 10 during the Microcomputer Information Exchange Conference and Computer Fair at University Park.

The conference sessions, scheduled to begin March 9 and continue March 10 at the Keller Conference Center, will focus on such topics as multimedia courseware development, desktop publishing, statistical processing and many others.

The Computer Fair and a special

(Continued on page 3)

Minority entry program provides work experience

Getting that first job can be a trying experience, especially for new college graduates with little or no work experience.

The University, for example, typically hires individuals who have some on-the-job experience, even for entry-level positions. Robert L. Kidder, director of employment and development, Office of Human Resources, said.

"This can pose a 'catch-22' dilemma for individuals ready to embark on careers. They may have the right academic preparation, but they lack work experience. And, without experience, they cannot get their first job.

The University has a program designed to help recent college graduates gain valuable professional work experience related to their career goals.

The Minority Professional Entry Program, established in 1985, is open to interested minority candidates. Mr. Kidder said. He coordinates the program, which has had 10 participants to date.

"The Office of Human Resources proposed the program in 1984, because we were finding that minority applicants were coming to us with appropriate education, but little or no work experience," Mr. Kidder said. "We wanted to help

them gain the experience that would prepare them for higher-level positions."

Current participants are Gregory D. Goldsmith, programmer/analyst in the Department of Management and Systems Engineering; Andrew P. Smallwood, human resources assistant in the Office of Human Resources; Donald A. Ferrell, assistant manager II in maintenance and operations in the Office of Physical Plant; and Duane M. Bullock, purchasing intern/buyer in the Department of Purchasing.

The Office of the Vice President for Business and Operations initiated the program, which extends for 18 to 36 months, several years ago. The program is funded jointly by the Office of the Vice President for Business and Operations and the Equal Opportunity Planning Committee. It is available to other units within the University.

Any University unit can request an intern participant, Mr. Kidder said. The procedure involves establishing a program of activities to train and qualify the candidate to assume a non-intern-related position within the work area or in another area within the University, if one becomes available. The unit also assigns a mentor to the intern to

help the person cope with the transition from college to workplace.

The unit shares support for the intern with the EOPE. During the internship, the Office of Human Resources monitors and evaluates the intern's progress and reviews the unit's developmental plan for the intern.

OHRA also recruits candidates for the program, using a variety of methods, including advertising in news media and contacting career development and placement offices at other institutions, Mr. Kidder said.

"We're pleased with the program," he added. "It works. The program offers the interns an opportunity to gain professional work experience, to test a chosen career and to start a professional network that will be valuable no matter where they go."

At the end of the internship, candidates may apply for University openings. Of the six previous interns, two became full-time staff members at the University, while four others left to pursue graduate work or take jobs outside the area.

For information on setting up an internship, contact the University's Employment Office at 865-1387.

(See related story on page 3.)

Focus on Diversity

University is offering graduate fellowships

The University is offering graduate fellowships to American Indian students interested in training to be special educators.

The deadline for submitting applications is April 15 for fall semester 1990 and Nov. 15 for spring semester 1991. Participants in the program receive a monthly stipend of approximately \$650, remission of tuition, and textbook, dependency, and relocation allowances.

The American Indian Special Education Teacher Training Program, established in 1983 through a grant from the U.S. Department of Education, offers a special course of study geared toward American

Indian students.

The AISETPP is designed to prepare American Indians to effectively teach children identified as having mental or physical handicaps requiring special educational programs. Special seminars focusing on American Indian education and special education are conducted in conjunction with the Native American Program and extensive field experience is provided. Depending on applicant qualifications, the course of study involves at least a one-year commitment.

Participants who complete the program receive the master of education degree in special education. Graduates of the master's

program are qualified for several employment opportunities, including teacher of education, special education program coordinator and consultant, special education program developer, and special education positions within the Bureau of Indian Affairs.

Anna Gajjar, associate professor of special education, is director of the program which is affiliated with Penn State's nationally recognized Native American Program. Applications are now being accepted. For more information, contact Dr. Gajjar, 226B Moore Building, University Park, Pa. 16802, or call the program office at (814) 863-2284.

WPSX-TV program

Portrait of a Speaker, a personal profile of former Speaker of the Commonwealth of Pennsylvania House of Representatives K. Leroy Irvis, will be broadcast at 2:30 p.m. Saturday, Feb. 17, on Channel 3 as part of Black History Month programming.

The 30-minute special looks at the many and diverse contributions Rep. Irvis has made to Pennsylvania—as an artist and supporter of the arts, a civil rights activist, a public servant and a mentor to young people.

The program, produced just prior to Rep. Irvis' retirement in 1988, also includes thoughts and comments from noted leaders and friends such as Gov. Robert P. Casey; Rep. Gordon Linton, chair of the Black Caucus; Republican Leader Matthew Ryan; William Strickland of the Bidwell Training Center, Pittsburgh, and former Pittsburgh newspaper editor Frank Bolden.

Diversity Opportunities Calendar

Thursday, Feb. 15

Commission on Racial and Ethnic Diversity, noon to 4 p.m. and 4 to 6 p.m., HUB Fishbowl. Members of the University community are invited to address diversity concerns to commission members.

Paul Robeson Cultural Center, 8-30 p.m., Robeson Center. La Francis Rodgers-Rose will discuss "Black Male/Female Relationships: From History to the Present."

Center for Women Students, 8 p.m., 301 HUB. Contemporary Scholarship on Lesbian and Gay Lives Speaker Series. Charles I. Nero will discuss "Pink, Black, and Red: Male Homosexuality and Nationalism in African American Literature."

Friday, Feb. 16

Paul Robeson Cultural Center, noon, Kern Graduate Commons. Film, "Keeping the Faith."

Paul Robeson Cultural Center, 8 p.m., Schwab Auditorium. Musical performance by Sankofa/African, African American and Caribbean Band.

Sunday, Feb. 18

Paul Robeson Cultural Center, 2 p.m., 4 Carnegie Bldg. Film, "Eyes on the Prize: Bridge to Freedom."

Monday, Feb. 19

Paul Robeson Cultural Center, 7 p.m., Robeson Center Auditorium. Program, "In Search of Our Roots."

Tuesday, Feb. 20

Women's Studies, 7 p.m., 12 Sparks Building. Lesbian and Gay Film Festival film, "Storm: Lady of the Jewel Box."

Women's Studies, 8 p.m., Berks Campus. Leola Johnson will discuss "Representations of Black Women in Popular Culture." Also 2 p.m., Feb. 21, Worthington Scranton Campus.

Wednesday, Feb. 21

Center for Women Students, noon, 120 Boucke. Presentation, "Visions of the Spirit: A Portrait of Alice Walker."

Penn State Erie, The Behrend College, 8 p.m., Reed Lecture Hall. Folk musician Josh White.

Black History Month noted at Bookstore

The celebration of Black History Month is taking place at the Penn State Bookstore on Campus, with a large display of books by Black authors, books on Black history, arts and social issues, juvenile books and other books of Black interest. *A Heritage in Print—Black History Month Celebrated* involves a large collection of books of interest to all ages and cultures.

The rich and varied history of Black Americans, too often neglected, is explored in many of the titles, while others focus on the cultural and literary heritage of African-Americans. Also offered are books on such timely issues as racial equality and civil

rights, along with the writings and speeches of Martin Luther King, Malcolm X, W.E.B. Dubois and others.

Fact and fiction, philosophy and politics, poetry and photography, are some of the subjects of this selection. The books will be available and on display throughout the month of February and are generally available year-round at the Bookstore.

The Bookstore encourages the public to take advantage of the opportunity to view this display, in conjunction with participating with the many events taking place in honor of Black History Month universitywide.

Teleconference

Faculty, staff, and students are invited to take part in a live teleconference, "The Struggle Continues: The Pride and Possibilities of African-Americans," at 1 p.m. Wednesday, Feb. 21, in Kern Auditorium at University Park.

The teleconference will feature black business, government, education, and entertainment leaders who will respond to a student panel's questions about careers and the spectrum of options available to African-American youth.

Guests scheduled to participate include Ben Carson, director of pediatrics/neurology, Johns Hopkins Hospital; Bishop John Hurst Adams, the African Methodist Episcopal Church, Atlanta; Florence S. Farley, mayor, Petersburg, Va.; Rae Linda Brown, professor of African-American studies, UCLA, and others.

The teleconference is free and is offered to all campuses.

Carpooler

Joyce would like to carpool from Houtzdale to University Park. Her work hours are Monday through Friday, 7:30 a.m. to 4:30 p.m. Call 865-7667 or 378-5651.

The Campaign for Penn State

In College of Science

Gift will endow faculty chair

Verne M. Willaman, a former president and chairman of Ortho Pharmaceutical and a director at Johnson and Johnson, has given \$1 million to endow a faculty chair in the College of Science. Mr. Willaman is a 1951 graduate of the University.

The Verne M. Willaman Chair in Life Sciences will be used to attract or retain a distinguished professor in molecular and cell biology.

Verne has been a strong supporter of Penn State for many years. President Jordan said "This generous and timely gift will underwrite scholarly excellence in a vital field at Penn State."

Mr. Willaman has demonstrated that we have dedicated alumni who recognize that The Campaign for Penn State is continuing. We will be working hard on this through June 30, when the campaign formally ends.

"I've always been fascinated by the potential of scientific discovery to improve the lives of people around the world," Mr. Willaman, of Sedona, Ariz., said. "I hope I have contributed to helping Penn State recruit a top-caliber scientist whose work will be for the betterment of all."

Mr. Willaman earned a bachelor's degree in biological chemistry in 1951. He entered that same year in the Navy, serving on the aircraft carrier U.S.S. Franklin D. Roosevelt in the Korean War.

He joined Ortho Pharmaceutical (a subsidiary of Johnson and Johnson) in 1954 and was elected to the board of directors in 1968. He later served as president, director of marketing, and chairman. He was elected to the Johnson and Johnson board in 1977, retiring in 1988.

"The Willaman Chair will further enhance our already strong programs in the biological sciences," Gregory L. Geoffroy, dean of the College of Science, said. "Our understanding of biological processes, particularly in medicine and human health, is a rapidly advancing area of science. We are poised to assume a leadership role as a consequence of the establishment of the Willaman Chair."

Mr. Willaman was named an Alumni Fellow in the College of Science in 1985, served on the National Campaign Committee for Biotechnology, and was a member of the Alumni Council's Executive Board.

Wilkes-Barre Center for Technology

James H. Ryan, right, Penn State Wilkes-Barre Campus executive officer, welcomes the news media to the new Wilkes-Barre Campus Center for Technology. The \$3.8 million center includes laboratories for telecommunications technology, electrical, civil and mechanical engineering technology, biomedical equipment technology and robotics. Funds for the center were raised through the Campaign for Penn State and the Wilkes-Barre Campus Campaign for a Center for Technology. A gala public dedication, featuring President Jordan, will be held April 5-7.

Obituary

Eugen J. Skudrzyk, professor emeritus of physics, died Feb. 2 at the age of 70.

A graduate of the Imperial College of Science and Technology, London, he received his doctorate at the University of Berlin.

Dr. Skudrzyk began his teaching career in the field of acoustics at the Technical University of Vienna in 1947. In 1955, he joined the Ordnance Research Laboratory and the Department of Physics and served as a teacher, researcher and mentor to many graduate students for 23 years.

After his retirement in 1978, he continued active participation in the acoustics field at the Applied Research Laboratory.

Dr. Skudrzyk was author of four books and author or co-author of more than 170

scientific articles and papers.

In 1983, he was awarded the prestigious Rayleigh Medal by the Council of the Institute of Acoustics of the United Kingdom and the first Silver Medal in Theoretical and Applied Acoustics by the Acoustical Society of America.

A memorial service will be held at a future date. Memorial contributions may be made to the E.J. Skudrzyk Memorial Fund, Applied Science Building, University Park.

IBM gift

(Continued from page 1)

call the observatory computer and retrieve data remotely.

The estimated cost of the SST is about \$7 million.

The IBM gift is part of The Campaign for Penn State.

Faculty Senate News

The University Faculty Senate will meet at 1:30 p.m. Tuesday, Feb. 20, in Room 112 Kern Graduate Building.

Items discussed at the Jan. 23 Senate meeting:

- Penn State's Affiliation with the Western Intercollegiate Conference (Big 10)
- Revisions to 47-40 Rule
- Personal Access Code (PAC) Option
- Status of Construction Projects
- Air Conditioning Procedures
- University General Education Subcommittee Legislation
- Continuing Education
- Program Definitions

- Pennsylvania Education Partnership Program
- Research and the Graduate School
- Undergraduate Education in the '90s
- Faculty Census Report

At the next meeting:

- Proposed Change in Constitution Article II, Section 1
- Report on Programs for Parents/Families of Undergraduate Students
- Penn State Vision Care Program
- Review of the Supreme Court Ruling on Tenure Documents
- Cultural Diversity Requirement (Forensic Discussion)

Dr. Vannice receives Humboldt award

M. Albert Vannice, Distinguished Alumni Professor of chemical engineering, has been elected to receive a Humboldt Research Award for Senior U.S. Scientists.

As a result of the award, which entitles the recipient to a six-month stay in the Federal Republic of Germany, Dr. Vannice currently is working with Harald Ibach in Jülich, West Germany, at the Institut für Grenzflächenforschung und Vakuumphysik. He will be returning to Penn State in July.

Dr. Vannice received the Professional Progress Award from the American Institute of Chemical Engineers in 1986 for outstanding research in the field of catalysis. He has been with Penn State since 1976.

The prestigious Humboldt Research Award is one of approximately 100 granted each year by the Alexander von Humboldt Foundation of West Germany to eminent foreign academics in recognition of achievements in research. The awards are intended to promote long-term specialized

cooperation between foreign and German researchers.

M. Albert Vannice

Ross Lehman will be featured author

Ross Lehman, '42, retired executive director of the Penn State Alumni Association, will be the featured author at the Penn State Bookstore on Campus from noon to 2 p.m. Friday, Feb. 16. Mr. Lehman will sign and discuss his new book, *Open House*.

Open House is an anthology written by Ross and Kaye Popp Lehman and edited by Elizabeth Bucher Ball, consisting of the well-known "Open House" columns written for the *Centre Daily Times* from 1954 to 1980. The book gives details of the Lehmans' daily lives, their thoughts and interactions with family and friends, and a glimpse of State College as it used to be.

As a part of the Alumni Association for 35 years, Mr. Lehman not only edited *The Alumni News*, but he also maintained strong ties with the State College community through his daily "Open House" column, reflecting changes in the town, the University and the Lehman household with equal sensitivity and acumen.

The public is invited to visit the Bookstore and to meet Mr. Lehman. The publisher's proceeds will be donated to Penn State's Kaye Lehman Fund. A 20-percent discount is being offered during the book-signing session.

Microcomputers

(Continued from page 1)

Publisher Fair will run concurrently with the conference. The Computer Fair will be held at the Nittany Lion Inn. The Publisher Fair will be held in the Conference Center lobby. Both are open to the public and will feature state-of-the-art equipment and publishing methods.

Fred T. Hofstetter, associate provost for academic computing and instructional technology at the University of Delaware and an IBM consulting scholar, will be the

keynote speaker at the conference. He will deliver a talk titled "Classroom Innovations: The Computer as Multimedia Instructional Tool" at 12:30 p.m. March 9 in the Keller Conference Center.

Other topics of interest during the conference will include interactive videodisc applications, networking desktop publishing, hypermedia, computer viruses, test generators and computer-aided design. Anyone interested in registering should contact Donna Ricketts, conference coordinator, at (814) 863-1743.

Two new study abroad programs offered

Students now have two more options for studying abroad with the addition of programs at the University of Nairobi, Kenya, and the University of Melbourne, Australia, available in spring 1991.

Both programs may be taken for one semester or for a full year, depending on the Office of Education Abroad Programs in the University Office of International Programs.

Other programs open for spring 1991 include Athens, Greece; Cairo, Egypt; Canberra, Australia; Cologne and Kiel,

West Germany; Exeter, Leeds and Manchester, England; Leningrad, Soviet Union; Lima, Peru; Nice, France; Rome, Italy; Salamanca, Spain; San German, Puerto Rico; and Tel Aviv, Israel.

The deadline for applications is March 5 for all programs except the mass communications program in Manchester, England, which has an April 1 deadline. For more information, contact the Office of Education Abroad Programs, 222 Boucke, 865-7681.

Bookshelf

The book *Workers' Health, Workers' Demos...* (Cornell University Press) by Alan

Derickson, assistant professor of labor studies and industrial relations, has been named winner of the 1988 Philip Taft Labor History Award. The Taft Award honors the book judged as best scholarly contribution to American labor history during the preceding calendar year.

Dr. Derickson's book outlines the history

of medical self-help among miners in the American and Canadian West from 1891 to 1925. It shows how, beginning in the 1890s, miners worked through local unions to establish and operate hospitals, administer nursing programs and regulate dangerous working conditions.

Among other projects, these organized miners planned, built and governed more than 20 general hospitals throughout the western United States and Canada.

They are assigned a mentor to guide them through the transition from college to work-world and to assist them in their learning program.

With the successful completion of the first phase of the program, participants are promoted and reassigned for nine months to a second C&IS unit. This is designed to broaden the interns' experience and expand on their knowledge and value to C&IS, Mr. Peworchik said.

The third and final phase involves a nine-month assignment to a position which will be a bridge to a full-time, regular position in C&IS.

Throughout the program, the participants are eligible to compete for vacancies within C&IS, Mr. Peworchik said. After two years, they are eligible and encouraged to compete for promotions.

During the 30-month program, these individuals, as well as other C&IS employees, are encouraged to continue their education. As University employees, they may receive release time for up to 16 credits each academic year.

C&IS is funding the current program and has obtained additional funds to add three more positions in July 1990, Mr. Peworchik said.

Offices recruit University graduates for program

The Office of Computer and Information Systems (C&IS), in cooperation with the Office of Human Resources, is recruiting University graduates through a professional development program.

"Through our program, we will be recruiting our own capable graduates and offering them a career in C&IS. We are looking for Penn State's finest and are trying to encourage them to stay and work for their alma mater," J. Gary Augustson, C&IS executive director, said.

"C&IS is responsible for delivering state-of-the-art computer information services to researchers, quality educational tools to faculty and students, rapid access to library materials and administrative information to faculty, staff and students. Employees of C&IS have the opportunity to work on projects which are challenging beyond those in most industrial settings," he added.

Under Mr. Augustson's direction, C&IS created a professional development program in 1988, kicking it off with a dinner meeting attended by seniors studying in computer and technology fields. C&IS staff members sought the help of college minority coordinators in identifying students to be invited. **Paul J. Peworchik**, assistant to the executive director, C&IS, said.

A number of students participated in the informational session with senior C&IS staff members and unit directors. They had a chance to learn about C&IS's operations, as well as ask questions about career opportunities, Mr. Peworchik said.

Last May, C&IS interviewed interested students and selected three participants: Evette Bazemore, who is working in the Center for Academic Computing; Marsha Smith, who is working in the Office of Telecommunications; and Tonya Matlocks, who is working with Management Services.

"The program is working well," Mr. Augustson said. "We are trying to make the professional development program a positive experience. Our aim is to interest our technology graduates in staying with Penn State. With this program, we are putting them into productive positions in the mainstream of the information technology field."

Each participant begins in a full-time, entry-level position, spending 12 months with a "home organization" — one of the units within C&IS (Center for Academic Computing, Management Services, Office of Telecommunications and Library Computing Services).

Focus on the arts

The arts on Channel 3

French-born pianist and professor of music Marylene Dosse, best known for her insightful piano interpretations of works by French composers, shares her expressive instrumental talents with viewers in *French Piano Dosse*, a new WPSX-TV music production airing at 11 p.m. Friday Feb. 10.

Unlike a formal concert or recital hall program, this intimate performance features Professor Dosse talking, one-on-one about her music and interpretations.

Dance legend Margot Fonteyn, who celebrated her 70th birthday last year, shares her remarkable life with PBS viewers at 1 p.m. Sunday, Feb. 18, in a revealing *Great Performances* special. The teleportrait, combining performance clips and newsreel footage with the ballerina's own narration, marks the first time the dancer has agreed to speak on camera about her career and storybook marriage to Panamanian diplomat, Roberto Arias.

"In a Shallow Grave," the first work by controversial American novelist James Purdy to be adapted for the screen, will have its television premier on *American Playhouse*, at 9 p.m. Wednesday, Feb. 21. The story reflects the broader theme of the healing of a nation after the ravaging wounds of a war.

Organ concert

Six Penn State organ students will present a concert at 3 p.m. Sunday, Feb. 18, in the Recital Hall of the Music Building at University Park.

The program will include works by Buxtehude, J.S. Bach, Franck, Mendelssohn and Widor.

The students are Kristin Clouser, Jeff Hall, Susan Scott, Corey Strickland, James Unger and Kenneth Yarmey.

Sculpture installed

An eight-foot tall sculpture titled "Chaldean Monad" has been installed on Fisher Plaza near Kern Graduate Commons at University Park.

The work is by William Bradley, associate professor of art education in the School of Visual Arts, and will be on display through the Spring Semester.

Made of polychromed bronze and steel, "Chaldean Monad" is blue and vermilion with light green patinated bronze areas. The work represents professor Bradley's interest in the visual presentation of ancient texts and the resumption of the power of the image over the word.

Video artist

Critic, photographer, performer and video artist Martha Rosler will speak at 1:30 p.m. Tuesday, Feb. 20, at the Palmer Museum of Art at University Park.

The sixth participant in the School of Visual Arts' Visiting Artist Program, Ms. Rosler will give informal talks at 7:30 p.m. Monday and Tuesday, Feb. 19 and 20, in 215 Willard Building Scholars Lounge.

As a political activist and feminist, Ms. Rosler persists in her defiance of our cultural homogenization and standardization. The main effort of most of mass media is to get you to succumb to magic and lose your critical ability," She says that her aim is to get the viewer to think critically by creating an irritant rather than a sense of entertainment.

Her work has been exhibited at the Documenta-Kassel in Germany, the Institute of Contemporary Arts in London, the Whitney Museum of Art, the Art Institute of Chicago and the New Museum of Contemporary Art in New York.

Ms. Rosler's talks are free and open to the public.

Video artist Martha Rosler will visit University Park Feb. 19 to 21 to give a series of lectures. See story this page.

Harlequin Mime is part of the "Five in One" metals exhibition in Zoller Gallery.

HUB Craft Center

The HUB Craft Center, located in 312 Hetzel Union Building at University Park, is beginning its second session of classes Feb. 20.

The Craft Center offers a diverse selection of instruction for both adults and children. The children's classes are weekdays - after school and on Saturday mornings. The adult classes are weekday evenings. Classes include weaving, pottery, stained glass, basketry, watercolor, drawing and quilting.

For more information, contact the HUB Craft Center at 312 HUB, 863-0611. Isabel Farrell is the coordinator.

Baritone recital

Richard Davis, baritone and faculty member in the School of Music, will present a recital at 8 p.m. Thursday, Feb. 22, in the Recital Hall of the Music Building at University Park.

The program will feature two song cycles, "Tre Sonetti Di Petrarca" by Liszt and "Chansons De Madecases" by Ravel. "The Trumpet Shall Sound" from Handel's "Messiah" and a duet from Bizet's *The Pearl Fishers*.

Accompaniment for the recital will be provided by School of Music faculty members. Timothy Shafer, piano; Eleanor Armstrong, flute, and Leonard Feldman, cello, will assist on the "Chansons De Madecases." Richard Kennedy, tenor, will assist on the Bizet duet.

The recital is free and open to the public.

Bach's Lunch

The Hi-Lo's from the Penn State Glee Club will perform in concert at 12:10 p.m. Thursday, Feb. 22, in Eichenhower Chapel at University Park. The 20-minute concert is part of the Spring Bach's Lunch Concert Series sponsored by the School of Music and the University Lutheran Parish.

The group will perform from its repertoire for its spring tour Feb. 23-28 that will include performances at the National Cathedral in Washington, D.C., and in Reading, Lancaster and Philadelphia.

The Hi-Lo's is composed of 12 students from the Penn State Glee Club, directed by School of Music faculty member Bruce Trinkley.

Relief woodcarvings

Relief woodcarvings by Tom Buggey of State College are on display in the Kern Galleries at University Park until Feb. 26.

Mr. Buggey has been working with high-relief woodcarving for the past four years. His interest in myth, history, and the noble aspects of the human and natural spirit have remained a central theme in his carvings.

He has won a number of awards, including the "Best in Class" and "Best of Show" at the 1988 Woodcarvers Competition at the Sawmill Center for the Arts in Cook Forest State Park. His work also has appeared in the *National Woodcarvers Association Magazine*.

Penn Staters

Howard G. Knuttgen, director of the Center for Sports Medicine, has been appointed to honorary membership in both the Czechoslovak Society of Sports Medicine and the China Sports Science Society.

Kenneth Kuo, distinguished alumni professor of mechanical engineering, presented an invited lecture at the 3rd International Seminar on Flame Structure in Novosibirsk, U.S.S.R.

Budugur Lakshminarayana, Evan Pugh professor of aerospace engineering, presented a paper on "Computation of Three Dimensional Turbulent Boundary Layers in Internal Flows Including Turbomachinery Rotor Blades" at the 9th International Conference on Air Breathing Engines in Athens, Greece.

Howard B. Palmer, professor of energy science and senior associate dean of the Graduate School, has been appointed for a three-year term to the Panel for Fire Research of the National Research Council. The panel is part of the Board on Assessment of NIST Programs, which provides annual reviews of the

performance in 17 areas of the National Institute of Standards and Technology.

Rustum Roy, Evan Pugh professor of the solid state and director of the Science, Technology and Society Program, has been appointed to the newly formed Science Advisory Board to the U.S. House of Representatives Science, Space and Technology Committee.

Adam J. Sorkin, associate professor of English at the Delaware County Campus, gave an invited lecture titled "Mihai Eminescu and Walt Whitman: Waiting for the Future" at an international colloquium in Bucharest to commemorate the centennial of the death of the Romanian national poet, Mihai Eminescu.

W. Dale Brownawell, professor of mathematics, presented an address titled "The Siegel-Shidlovsky Method for 'Algebraic Independence'" at the Natural Sciences and Engineering Council of Canada's Second Annual Canadian Number Theory Conference in Vancouver, British Columbia.

Eugene N. Borza, professor of ancient

history, presented a paper, "King Archelaus' Panhellenic Policy," at the Fifth International Congress on Ancient Macedonia at the Aristotelian University of Thessaloniki, Greece.

Moylan Mills, director of academic affairs, and **Enrique Gronlund**, instructor in Spanish, both at the Penn State Ogontz Campus, presented a paper titled "Despotism and Demonism: Gabriel Garcia Marquez and Ruy Guerra's *Eréndira*" at the International Conference on Representing Revolution in Literature and the Visual Arts held in Atlanta, Ga.

Donald Mincemeyer, assistant professor of agricultural and extension education, has received the National FFA Organization's Honorary American FFA Degree.

Gary O. Sauer, instructor in education, has been named to the American College of Healthcare Executives, a professional society dedicated to promoting competence in health services management.

August H. Simonsen, associate

professor of environmental sciences at the Penn State McKeesport Campus, presented a paper titled "Fenestrate Bryozoans from the Drum Limstone Pennsylvanian (Missourian) of Southeastern Kansas" at the 8th International Conference of the International Bryozoology Association in Paris, France.

John M. Skelly, professor of plant pathology, presented a paper at the International Union Forest Research Organization's Symposium, "Management of Nutrition of Forests Under Stress," in Freiburg, West Germany.

Gary S. Shea, assistant professor of finance, served as a visiting scholar at the Nationale de la Statistique et de Deministration Economique in Paris.

Kathy L. Hacker, assistant to the director of student programs and services at Penn State Beaver Campus, has been selected as the New Professional of the Year in the Great Lakes Region of the National Association of Campus Activities (NACA).

University Park Calendar

February 15— February 25 Special Events

Thursday, February 15

Brown Bag Lunch/Poetry Reading, 12:10-12:50 p.m., Palmer Museum of Art, 4th annual poetry compilation.

Bach's Lunch, 12:10-2 p.m., Eisenhower Chapel Woodwind Chamber Music.

Office of Religious Affairs, Ethics in America, videotape program with discussion, 3 p.m., Eisenhower Chapel, "Loyalty: Under Orders, Under Fire, Ethics in the Military Part I.

Office of Unions and Student Activities, HUB Personal Issues Series, workshop, "Maintaining Healthy Boundaries in Relationships," 7 p.m., HUB Fishbowl.

Black History Month, 7 p.m., Paul Robeson Aud. La Francis Rodgers-Rose, International Black Women's Congress, on "Black Male/Female Relationships: From the History to the Present."

Bicentennial of the French Revolution, lecture, 7:30 p.m., 112 Kern, Darline Levy, N.Y. Univ., on "Women and Militant Citizenship in Revolutionary Paris."

Pa. Dance Theatre lecture/demonstration, 8 p.m., Palmer Museum of Art, The Avant-Garde and the 1960s: An Exploration Through Movement.

School of Music, 8 p.m., Recital Hall, Penn State Percussion Ensemble, Creative Dimensions. Contemporary Scholarship on Lesbian and Gay Lives Speaker Series, 8 p.m., HUB Assembly Room, Charles I. Nero, Ithaca College, on "Pink, Black and Red: Male Homosexuality and Nationalism in African-American Literature."

Friday, February 16

IFC Dance Marathon, through Feb. 18.

Black History Month, noon, Kern Commons.

Video, *Keeping the Faith*, 8 p.m., Schwab Aud., Sankofa/African, African American and Caribbean Band.

Geog. Coffee Hour, 4 p.m., 319 Walker, Ronald Filippelli on "What Happened to Labor? Why Does it Matter?"

School of Music, 8 p.m., HUB Ballroom, Penn State Philharmonic Ball.

URTC, 8 p.m., Playhouse Theatre, "The Majestic Kid" by Mark Viedoff. Nightly performances, except Sunday, through Feb. 23. Matinee, Feb. 17, 2 p.m.

Saturday, February 17

College of Engineering, open house, 10 a.m.-3:30 p.m., Kern.

Shaver's Creek, 10 a.m.-4 p.m., Maple Sugaring Volunteer Training, Call 863-2000.

Center for the Performing Arts, 8 p.m., Schwab Auditorium, Guarneri String Quartet.

Black History Month, 9 p.m., Paul Robeson Aud., Dance, Phi Beta Sigma.

Sunday, February 18

Shaver's Creek, 2:30-3 p.m., Household Hazardous Waste, Call 863-2000.

Black History Month, 2 p.m., 4 Carnegie, *Love on the Prize: Bridge to Freedom*, (1965).

Pa. Dance Theatre performance, 2:30 p.m., Palmer Museum of Art, Text in Dance. Carnegie Hall Film Series, "Screening Race and Cinema and Documentary Films," 7 p.m., Sweet Shepherd's Balaam's Song (1971), 8:45 p.m., High School (1968), 4 Carnegie Free.

Monday, February 19

Comp. Lit. Luncheon, 12:15 p.m., 101 Kern, Stanislaw Baranczak.

The Guarneri String Quartet will perform in concert at 8 p.m. Saturday, Feb. 17, in Schwab Auditorium.

Harvard Univ., on "Problem of Translation between English and Polish."

Black History Month, 7 p.m., Paul Robeson Aud.

German Dept., film, 8 p.m., 101 Chambers, *Domino* (1982).

Tuesday, February 20

Penn State Chapter/National Association of Science Writers, Lunchtime Roundtable Series, 11:45 a.m., 313 Kern, Dick Smyser on "A Proposal for a Traveling Guru Program."

Kern Graduate Commons, nontime concerts.

Lynn Koval and Jill Olson, piano.

School of Visual Arts, 1:30 p.m., Palmer Museum of Art, Martha Rosler on "Recent Work."

Lesbian and Gay Film Festival, 7 p.m., 12 Sparks, *Somebody's in the Boat*.

Wednesday, February 21

Black History Month, noon-1 p.m., C.W.S. Lounge, 120 Boucke, "Visions of the Spirit: A Portrait of Alice Walker," 7 p.m., Paul Robeson Aud., play, *Nommo*, "A Black History Trilogy" art exhibit, Jewelllye Richie, PSU '84, drawings and photography, Paul Robeson Gallery.

School of Music, 8 p.m., Recital Hall, Penn State Symphonic Wind Ensemble.

Thursday, February 22

Bach's Lunch, 12:10 p.m., Eisenhower Chapel, Hi-Lo's of Penn State Glee Club.

College of Bus. Admin., teleconference, 2 p.m., Kern Aud., "Europe '92: Producing in the European Community: A View From Outside."

Office of Religious Affairs, Ethics in America, videotape program with discussion, 3 p.m., Eisenhower Chapel, "Confidentiality: Under Orders, Under Fire, Ethics in the Military Part 2."

School of Music, 8 p.m., Recital Hall, Richard Davis, baritone.

Friday, February 23

Geog. Coffee Hour, 4 p.m., 319 Walker, Saul Cohen, Hunter College, CUNY, on "Division, Conflict and Geopolitical Restructuring in New York City."

Saturday, February 24

Shaver's Creek, 8:30-10:30 a.m., Bird Breakfast, Call 863-2000.

International Events

Wednesday, February 21

Athens Evening, 7:30-9 p.m., 305 HUB, Chris Johnstone, lecture and slides on spring 1991 Athens, Greece, education abroad program.

Thursday, February 22

Fulbright Lecture, 4-5 p.m., Frizzell Room, Eisenhower Chapel, Robert Brown, Penn State Harrisburg, on "Peru: A Multidisciplinary Challenge for Researchers."

Public Radio

WPSU-FM 91.1

"All Things Considered," Monday-Friday, 5-6:30 p.m.; Saturday and Sunday, 5-6 p.m.; Morning Edition, Monday-Friday, 6-8 a.m.; Weekend Edition, Saturday and Sunday, 11 a.m.-1 p.m. "Odyssey Through Literature," 12:30 p.m. Wednesdays, with S. Leonard Rubinstein. "Perspectives," 6:30 p.m. Wednesdays, with Jeff Ballou, "Creative License," 12:10 p.m. Thursdays, with Asta Berlin and Pam Sulnier.

Conferences

Continuing Education

Keller Building

Feb. 20. Allegheny Educational Broadcast Council, Marlene Temeles, chair, Eric Loop, coordinator.

Feb. 21. Pa. Bar Institute: Civil Litigation Update. Jerri Milson, coordinator.

Feb. 22-24. Pa. System of Higher Education, Jerri Milson, coordinator.

Seminars

Thursday, February 15

Polymer Science, 9 a.m., 301 Steidle, R.P. Quirk, Univ. of Akron, on "Advances in Anionic Synthesis of Chain-End and In-Chain Functionalized Polymers."

Physics Colloquium, 3:30 p.m., SS Osmond Lab, Gordon Kane, Univ. of Michigan, on "Physics Goals for the SSC."

Ecology, 3:45 p.m., 111 Warrick, Thomas Morrell on "Status and Habitat Characteristics of the Great Horned Owl in Southeastern Pennsylvania."

Social History Colloquium, 4 p.m., Rare Books Reading Room, Patter Lurvey, Gary Cross on "After Working Hours: Trends in the History of the Leisure of Labor."

Tuesday, February 20

Gerontology Colloquium, noon-1 p.m., 101 Health and Human Dev., East, Suzanne D. Wills on "The Creativity of Scientists and Artists During Late Life."

Chemistry Colloquium, 3:30 p.m., SS Osmond Lab, William L. Jorgensen, Purdue Univ., on "Organic and Bioorganic Host-Guest Chemistry."

Wednesday, February 21

Accounting and MIS Research Colloquium, 3-5 p.m., 333 Beam, Shyam Sunder, Carnegie Mellon Univ., on "Market for Information: Experimental Evidence."

Thursday, February 22

Polymer Science, 9 a.m., 301 Steidle, J.S. Riffle, Virginia Polytech.

Physics Colloquium, 3:30 p.m., SS Osmond Lab, Paul Jelinek, National Institute of Standards and Technology, on "The Strange World of Ultracold Colloids."

Ecology, 3:45 p.m., 111 Warrick, Benjamin Jayne on "Public Policy Aspects of World Deforestation."

Exhibits

Chambers Gallery

Prints and books by art students at Univ. of New Mexico, through Feb. 16.

HUB Galleries

Browsing Gallery: Interiors by Linda Smith-Webster, through March 4.

Art Alley Panels:

Art Student League Spring Exhibition, through March 4.

Art Alley Cases:

International Festival Show, through March 4.

Formal Gallery:

"Rhythm and Blues: Black American Popular Music, 1945-1955," Smithsonian exhibit of photographs, through Feb. 18.

Kern Galleries

The French Revolution Machine, through Feb. 28.

Pittsburgh Filmmakers, photographs, through Feb. 28.

Tom Buggy, relict woodcarvings, through Feb. 28.

College Research Exhibitions, Intercollegiate Research Program, through Feb. 23.

Palmer Museum of Art

The Avant-Garde and the Text, through March 11.

Roman Portraits, through April 22.

Figurative Drawings of the 17th and 18th Centuries from the Accademia Nazionale di San Luca in Rome, opens Feb. 25-May 20.

Pattie Library

Lending Services Gallery: Margaret B. Duda, "The Many Faces of Urumq," through March 5.

Zoller Gallery

Visiting Arts Exhibition/Five in One, through March 4.

Bookshelf

Thomas W. Benson, professor of speech communication, is the editor of *American Rhetoric: Context and Criticism*, published by Southern Illinois University Press.

American Rhetors is a volume of essays by present and former University faculty and graduate students in honor of Eugene E. White, who retired as professor of speech communication in 1986.

In the volume, Carroll C. Arnold, professor emeritus of speech communication, examines the "communicative qualities of constitutional discourse" as revealed in a series of constitutional debates in Pennsylvania between 1776 and 1790.

Dr. Benson analyzes "rhetoric as a way

of being" in a 1971 protest demonstration at Penn State. Gerard Hauser, professor of speech communication, traces the Carter administration's failed attempt to manage public opinion during the Iranian hostage crisis.

Richard B. Gregg, professor of speech communication, ends the book with a speculative essay on conceptual-metaphorical patterns that may be emerging in American rhetoric.

Joseph Prewitt Diaz, associate professor of education, is the author of *The Process and Procedures for Identifying Exceptional Language Minority Children*.

Published with funds from the Office of Bilingual Education, Department of Education, the book seeks to provide the classroom teacher, special education

practitioner, school psychologist, and school administrator with general guidelines for assessing language minority children, for identifying exceptionalities in language minority children, and for placing language minority children in appropriate educational environments.

According to Dr. Prewitt Diaz, the unique feature of the book is that tips to school personnel have been inserted in the text. "These tips will help the educator to more effectively accomplish the goal of identifying and relating to language minority children and their special problems," he says.

Thomas R. Liska, assistant professor of English at Penn State Altoona Campus, is editor of *Volume 9: 1984 of the Index to*

Reviews of Bibliographical Publications: An International Annual (340 pages).

For this volume, 30 contributors from across North America have searched 365 journals or other review publications for reviews of critical editions, textual criticism, facsimiles, bibliographies, concordances, indexes, manuscript studies, histories of book production and trade, and other works of interest to bibliographers, textual critics, and bibliophiles. The reviewed works are either of general or American interest or related specifically to English or American literature.

The *Index to Reviews* is published by the Whitston Publishing Co. Inc. for the Bibliographical Society of Northern Illinois and is the sister publication of the journal *Annual and Enumerative Bibliography*.

Appointments

William H. McKinnon, assistant vice president for business, housing and food services since January 1989 has been named associate vice president for business and operations.

In announcing the appointment, James M. Wagner, vice president for business and operations, said "Mr. McKinnon will be fully in charge of the Office of Business and Operations in the absence of the vice president. He will continue to oversee Purchasing, Management and Systems Engineering, CES Business Operations, University Park Airport as well as Housing and Food Services."

According to Mr. Wagner, applications and nominations currently are being sought for the position of assistant vice president for housing and food services.

The assistant vice president has responsibility for residence facilities accommodating 16,578 students and dining halls serving over 25,000 meals each day at University Park Campus, seven CES locations, Penn State Erie, The Behrend College, and Penn State Harrisburg. The Office of Housing and Food Services has over 750 full-time employees, 1,200 part-time employees and a total budget of approximately \$60 million annually.

In addition to the new Housing and Food Services Building, the operations consist of 60 residence hall buildings, 13 dining halls,

Roger A. Martell

12 snack bars and a complete food and beverage vending service and catering service. In addition, on the University Park Campus, the complete food service in the Hetzel Union Building is operated by Housing and Food Services.

Qualifications for the position include a bachelor's degree in business administration, hotel and restaurant management, institutional food service or related field

Barbara Mulhern

with graduate training in these areas desirable. The position requires five to 10 years of effective management level experience in food service and housing operations in the public or private sector.

Applications are being received by the University Employment Office, Box 31, Rider Building, 120 Burrows St., University Park, Pa. 16802, until March 9.

Roger A. Martell has been appointed

classification analyst in the Office of Human Resources.

Mr. Martell, who received a B.S. degree in business administration from Mansfield University, joined the Office of Human Resources in August, 1988, as a staff assistant in the Human Resource Development Center.

He has since served as staff assistant, Salary Administration and Classification Division, and staff assistant, Employee Benefits Division.

Barbara Mulhern has been appointed publications coordinator in the College of Health and Human Development.

She will develop and produce promotional publications, write news releases and features, and coordinate communications programs and events.

Ms. Mulhern was director of public relations, marketing, and development at Central Texas Medical Center, San Marcos, Texas. She also was public information specialist at Warm Springs Rehabilitation Hospital in Gonzales, Texas, and has written, edited and coordinated publications for National Liberty Corp., Valley Forge, and Federated Investors Inc., in Pittsburgh.

A native of Patton, Ms. Mulhern is a graduate of Saint Francis College, Loretto, with a bachelor's degree in English and minors in journalism and management.

University staff members honored for their efforts

Reiber Award

Linda Ebert, manager of the Test Kitchen and **John Bollman**, manager of Laundry Services, both in Housing and Food Services, are recipients of the annual William H. Reiber Award. The Reiber Award is presented to staff members who demonstrate exemplary administrative qualities, including job performance, initiative, enthusiasm, loyalty, leadership, and cooperation with colleagues and students.

As manager of the Test Kitchen for 12 years, Ms. Ebert has been responsible for all of the recipes used at the University Park and Commonwealth Campus dining

facilities.

Since she joined the University staff, she has been involved in the ACUHO-I NACUES summer intern program for Hotel, Restaurant, and Institutional Management students who want to enter the hospitality field. She serves on the management team for the "What's for Lunch?" program and is active in a new food service sanitary/health program (HACCP) involving University Park and the Commonwealth Campuses.

Mr. Bollman, who has been with the Housing and Food Services staff for almost 20 years, has served as assistant food supervisor, catering supervisor and assistant manager of HUB Food Services.

As manager of University Laundry Services, he has made a number of improvements in the operation, including increased preventive maintenance, repair and serviceability of production equipment; modification of wash formulas that enhance product appearance and durability; and improved staff morale through involvement in production procedures modification.

Space grant program

Sylvia Stein, executive director of the University's NASA Space Grant College program and executive director of the Center for Cell Research in the College of Science, has been honored with a plaque

for her role in developing the new University-wide space grant program.

Charles Hosler, senior vice president for research and dean of the Graduate School, presented the plaque which reads: "In recognition of your creative efforts to make Penn State University a National Space Grant College."

Dr. Hosler oversees Penn State's Space Grant Program. W.C. Hymer, professor of biochemistry and director of the NASA-sponsored Center for Cell Research, is director and Richard McCarl, associate dean of the graduate school and professor of biochemistry, is in charge of the fellowship program.

Penn Staters

Bill Ellis, assistant professor of English and American studies at Penn State Hazleton Campus, has received a Centennial Award from the American Folklore Society for special contributions to the AFS Folk Narrative Section.

Anil K. Kulkarni, associate professor of mechanical engineering, presented a paper, "Upward Flame Spread on Vertical Wall: Model and Experiments," at the III International Seminar on Flame Structure sponsored by the International Union of Pure and Applied Chemistry in Alma-Ata, Soviet Union.

Larry Michelson, professor of psychology, director of the Agoraphobia Program and co-director of the Stress and Anxiety Disorders Institute, presented a paper on "Cognitive-Behavioral Treatment of Panic Disorder" at the World Congress of Cognitive Therapy in Oxford, England.

James R. Pratt, assistant professor of aquatic ecology, has won the New Investigator Award from the Society for Environmental Toxicology and Chemistry and the Air Force Office of Scientific Research for his research excellence in environmental toxicology.

C.R. Rao, Eberly professor of statistics,

has received a proclamation from Pennsylvania Gov. Robert Casey recognizing his accomplishments and contributions to statistical science.

Stanley Rosen, Evan Pugh professor of philosophy, spent five weeks in Pisa, Italy, where he was the first American to be appointed visiting professor at the Scuola Superiore degli Studi Universitari, one of the three advanced institutes for teaching and research in Italy.

Ralph J. Sabock, associate professor of physical education, has been chosen for the Ethics and Sportsmanship Fellow award by the Institute of International Sport. The Institute established the Fellows program to improve the role of ethics and sportsmanship in contemporary sport.

Amar Bhalla, senior scientist and professor of solid state science at the Materials Research Laboratory, organized the "Symposium on Electro-Optics and Nonlinear Optics" for the First International Ceramic Science and Technology Congress held in Anaheim, Calif.

Susan Clark-Teisner, coordinator of continuing professional education at

Pennsylvania College of Technology, has been elected treasurer of the Continuing Education Association of Pennsylvania and appointed to its executive board.

Eric Cross, Evan Pugh professor of electrical engineering, gave the plenary lecture on "Unusual Ferroic Phenomena and Their Potential Device Applications," and **Rustum Roy**, Evan Pugh professor of the solid state, gave the plenary lecture on "Rational and Irrational Strategies for Research on New Materials Synthesis" at the First International Ceramic Science and Technology Congress held in Anaheim, Calif.

Samuel M. Curtis, professor of agricultural education, is the 1989 recipient of the Distinguished Service Award, the most prestigious award given by the American Association of Teacher Educators in Agriculture. The award recognizes superior contribution to the field of teacher education in agriculture, excellence in teaching undergraduate and graduate students, significant research in agricultural education, scholarly writing and service to agricultural education and vocational education.

Patricia Dunkel, associate professor of speech communication, delivered a plenary address at the 1989 CALL (Computer-Assisted Language Learning) conference at the Wilhelm-Flecker-Universität in Rostock, East Germany.

Joseph Jordan, professor of chemistry in the College of Science, gave an invited plenary lecture titled "Electrochemical and Bioelectrochemical Sensors" at the Fifth Congress of Analytical Chemistry in Paris, France.

Sridhar Komarneni, professor of clay mineralogy in the Materials Research Laboratory and the Department of Agronomy, presented a paper on "Nanocomposite Desiccation Materials" at the International Gas Conference in Tokyo, Japan; a paper on "Hydrothermal Processing of Zircon" at the Advanced Materials Science and Engineering Society Symposium on Hydrothermal Reactions in Tokyo; and a seminar on "Substituted Tokemites -- A New Family of Cation Exchangers" at the Tokyo Institute of Technology.

John Vozar, campus police officer at Penn State McKeesport Campus, has received the Governor's Highway Safety Award for his efforts in seatbelt safety education.

Partings

Robert Fooks, supervisor of trades, has retired after almost 30 years service.

Mr. Fooks began working at the University in 1954 as a painter. He also was an estimator and a customer service representative before his advancement to supervisor of trades. He supervised the painters, the paint shop, the sign shop, plasterers, the upholstery shop, and the floor covering shop.

Mr. Fooks said he enjoyed his work at Penn State and especially the people he worked with. Seeing a job from start to finish and the resulting changes were especially satisfactory to him.

Residents of Philipsburg, Mr. Fooks and his wife, Jean, have a daughter, Ella Ann Forcye, who is a graduate of Penn State.

His retirement plans include hunting and traveling to the West.

Robert Fooks

more interested in their own education," she said.

She and her husband, Richard, live in Lamar, and they have two children and six grandchildren.

Her retirement plans include crocheting with her 95-year-old mother, gardening and swimming in the summer. She also would like to take courses in crafts, such as pottery.

Janice P. Meyer

James D. Stever, accountant in the Office of the Controller, has retired after almost 30 years of service.

Mr. Stever began working for the University in 1960, as an accounting aide preparing studies on University overhead and faculty research time.

In 1970, he was transferred to a new position working with student records and reports for the National Science Foundation, NASA and other federal

James D. Stever

agencies.

Mr. Stever began his work at the Bursar's Office in 1982, where he was in charge of the refund area. His position involved releasing aid money and servicing loan checks for students.

Mr. Stever said he enjoyed his job and accounting. His retirement plans include time with his wife, Frances, his children and his grandson. He also will help his wife with her clothing shop, *Armour*.

Promotions

Staff Exempt

Marilyn Mitinger to program assistant in Commonwealth Educational System.

Staff Non-Exempt

Todd W. Berran to engineering aide in Applied Research Lab.
Mary Ann Chavey to administrative aide at Hershey.
Lorri A. Fackler to coordinator, outpatient scheduling at Hershey.
Michele L. McLaren to cardiovascular technician at Hershey.
Tammien L. Norman to senior computer tomography radiological technologist at Hershey.
Eric H. Wagner to engineering aide in Applied Research Lab.

Clerical

Barbara M. Aurand to secretary A in Office of Physical Plant.
Lois L. Fyock to control clerk B in C&IS - Management Services.
Mary Jane Peters to clerk A in Commonwealth Educational System.
Terri M. Pletcher to clerk typist A in Office of Physical Plant.

Technical Service

Michael Blake to maintenance worker, utility at McKeesport Campus.
Antonio M. Camacho to maintenance worker, utility at Ogontz Campus.
Albert D. Lose to mechanic HVAC and plumbing in Applied Research Lab.
John A. McCaslin to senior shipping and receiving assistant in Applied Research Lab.

Staff Exempt

Lee E. Downing to assistant director of student programs and services at Ogontz.
Martha J. Hummel to graduate school editor in Research and Graduate School.
Patrick Mansell to producer-director instructional media designer in Commonwealth Educational System.
Margaret A. Mohl to producer-director instructional media designer in Commonwealth Educational System.

Janet R. Patterson to director of continuing education in Commonwealth Educational System at Behrend.
Bonnie L. Struble to personnel coordinator in C&IS - Computer Center.
Candace Wert to supervisor, labor and equipment in Office of Physical Plant.

Staff Non-Exempt

Rodney Swartz to customer service representative in Office of Physical Plant.

Clerical

Mary Jane Drake to secretary B in Office of Physical Plant.
Dorothy E. Greer to secretary C in Office of Budget and Resource Analysis.
Marjorie A. Light to clerk. Refund at Hershey.
Evelyn C. McCartney to senior postal clerk in Housing and Food Services.

Technical Service

Ronald Coble to maintenance worker in Office of Physical Plant.
Edward M. Shirk Jr. to senior patrol officer/Medical Center at Hershey.
Margery D. Worrick to photographic technician in Commonwealth Educational System.

Staff Exempt

Janet C. Engle to business manager in C&IS - Telecommunications.
Connie L. Fisher to administrative manager in C&IS - Telecommunications.
Carol M. Hanosek to planning coordinator at Hershey.
Mary E. Johnston to conference assistant in Agriculture.
Reginald Kuntz to supervisor, trades in Office of Physical Plant.
Glenn A. Pankuch to research support associate at Hershey.
Nancy F. Rossi to head college health-nurse, inpatient and emergency room.
William L. Sipple Jr. to manager, agricultural short courses, winter courses and conferences in Agriculture.

Staff Non-Exempt

Jenny E. King to administrative aide in Office of Physical Plant.

Clerical

Michele R. Brooks to clerk, medical records in Student Services.
Susan Conter to accounting clerk in Agriculture.
Donna I. Eckley to inventory clerk in Controller's Office.
Jamie Evans to clerk, typist A in Agriculture.
Linda D. Fisher to clerk, records A in Student Services.
Constance Gardner-Hornyak to secretary B at Hershey.
Kelly J. Irvin to secretary C in Academic Services.
Edward Mills to assistant director, Commonwealth Campuses in Academic Services.
Amy Morgan to clerk, typist A in Engineering.
Virginia Smith to secretary B in Engineering.

Technical Service

Lonnie Ebron to maintenance worker, utility at Ogontz.
Wayne M. Gearhart to environmental system technician in Office of Physical Plant.
David Liner to maintenance worker, utility in Office of Physical Plant.
Steve Odland to maintenance worker, utility in Office of Physical Plant.

Staff Exempt

Charles R. Garoian to assistant director and affiliate assistant professor, School of Visual Arts, in University Art Services.
E. Romayne Weight to administrative assistant at Hershey.

Staff Non-Exempt

Donald A. Ferrell to management assistant I in Office of Physical Plant.
Tracy White to vascular radiology technician at Hershey.

Clerical

Suzanne O. Hochberg to clerk A in Intercollegiate Athletics.
J. Mary Hoke to clerk, accounting A at York Campus.
Rebecca E. Maurer to senior clerk, patient inquiry at Hershey.
Carole Morey to clerk, records A at Behrend College.
Julie M. Riden to receptionist, typist in Health and Human Development.

Technical Service

Timothy Smetzer to barn worker-milker in Office of Physical Plant.

Staff Exempt

Judith Albin to assistant to the director, residence halls in Student Services.
Shirley C. Baney to merchandise specialist in Penn State Bookstore.
David L. Benson to manager, prosthetics, orthotics shop at Hershey.
Glenn L. Bobb III to customer services coordinator at Capital College.
Thomas R. Caldwell to senior systems analyst/technical support in Computer and Information Systems/Management Services.
William G. Culey to director of Continuing Education at Mont Alto Campus.
Karen L. Duncan to senior applications programmer/analyst in Office of Budget and Resource Analysis.
Lynn M. Eisenhauer to manager, business office operations at Hershey.
Donald W. Gilbert to merchandise specialist in Penn State Bookstore.
Chris Hampton to customer service representative in Office of Physical Plant.
John S. Hartman to assistant extension agent in College of Agriculture.
Stephanie S. Luther to merchandise assistant in Penn State Bookstore.
Betty A. Mark-Wilson to administrative assistant in Earth and Mineral Sciences.
Kathleen D. Matson to administrative assistant in Earth and Mineral Sciences.
Barbara A. McCarthy to grants and contracts officer at Hershey.
Ardene McKivier to merchandise assistant in Penn State Bookstore.

News in Brief

Engineering open house

The College of Engineering will hold its 1990 Open House from 10 a.m. to 3:30 p.m. Saturday, Feb. 17. The annual event offers an overview of the College to prospective students and their parents. Tours, demonstrations and information sessions will cover the 11 engineering majors and nine engineering technology majors offered at the Commonwealth Campus.

A flexible schedule allows for visiting all engineering departments throughout the day. Information booths in Kunkle Lounge and in Sackett Building will offer information on all aspects of the College and the University, including financial aid, admissions and special programs.

Lunchtime Roundtable Series

Dick Smyser, visiting professor of journalism in the School of Communications, will lead a lunchtime roundtable sponsored by the Penn State Chapter of the National Association of Science Writers at 11:45 a.m. Tuesday, Feb. 20, in Room 313 Kern Building at University Park.

Mr. Smyser, founding editor of *The Oak Ridge*, Oak Ridge, Tenn., and a member of the board of directors of the Council for the Advancement of Science Writing (CASW), will lead a discussion of an experimental CASW program designed to create science writing consciousness at smaller newspapers.

The Penn State Chapter of the National Association of Science Writers once meets for lunch and discussion once each month. The brown bag lunchtime roundtable series is open to anyone interested in science communication.

Lecture, poetry reading

Stanislaw Baranczak, Alfred J. Jurzykowski professor of Polish at

Harvard University, will discuss "Problems of Translation Between English and Polish" at 12:15 p.m. Monday, Feb. 19, in Room 101 Kern, during the Comparative Literature Luncheon.

He also will give a poetry reading at 8 p.m. that evening in Room 12 Sparks. His visit is hosted by the Department of Comparative Literature.

Dr. Baranczak received his Ph.D. in Polish philology from Poznan University in Poland. He has been in political exile since the early 1980s.

One of the most lauded of contemporary Polish poets, he also is a noted literary critic. He publishes regularly in the Polish emigrant press and in American publications. His most recent book of criticism *Unkowna: Utopia (E-sper from Utopia)*, which deals with the poetry of Zbigniew Herbert now is available in the U.S. in English translation. He also has published many verse translations of Russian and English poets in the Polish language.

Endowed chairs established

The Pennsylvania College of Technology Foundation has announced the establishment of \$100,000 endowed chairs, in honor of two members of the Board of Directors for their contributions and efforts in supporting the College.

The chairs have been established in honor of Rep. Alvin C. Bush, chairman of the Board, and Mrs. Kathryn (Kay) Lumley, longtime member of the board of trustee's of the predecessor institution, The Williamsport Area Community College, and a present board member.

The Penn College Foundation, formed in 1981, is an independent nonprofit organization that accepts gifts and

donations aimed at aiding and improving instruction for students at the College. The chairs will be funded through monies designated by the Foundation, plus additional funds to be solicited from supporters of the College.

Weight room orientation

The Recreational Sports Fitness Program is offering opportunities for faculty and staff to learn how to safely and effectively use the Weight Training Rooms at University Park Campus.

Individualized sessions will include information on the principles of weight training, how to use equipment properly and how to set up a personal weight training program. Nontime, afternoon, and evening appointments are available and will be scheduled in the facility of your choice: White Building, Intramural Building or Recreation Building.

Interested faculty and staff should call Patti Kenney at 865-5401.

Institute receives grant

The College of Education's Institute for the Study of Adult Literacy has received a \$124,998 contract from the United States Navy to develop instructional materials for a 15- to 25-day program to teach reading skills, which will be used in the Navy's Academic Remedial Training Program for new recruits.

The Institute will develop the basic skills instructional materials using existing Navy manuals, in consultation with Navy representatives. It is the Institute's latest project focusing on "workplace literacy," the idea of providing literacy education in the functional context of the workplace.

The project is under the direction of Eunice N. Askov, professor of education and director of the Institute.

Recycling

Feb. 20 kicks off the sixth group of University Park buildings to start the campuswide recycling program.

The buildings are Hammond, Waring (office and classroom), White and Willard. However, people are reminded that not all waste is acceptable for recycling. There are two separations: one for paper and one for containers. Other material is considered non-recyclable trash and should be discarded as usual.

Recyclable paper includes white ledger paper (writing, typing and copy), newspaper, computer printout and corrugated cardboard.

"We cannot accept paperboard boxes like cereal boxes, or other paper items such as envelopes, post-it notes or colored paper," Phil Melnick, manager of support operations and special programs for the Office of Physical Plant, said.

Containers include clear, green and amber food and beverage container glass, aluminum cans, plastic soda bottles without caps, plastic milk and water jugs (no caps), steel and tin metal cans. All containers should be rinsed.

"Some of the more common errors being made in the disposal of containers are unacceptable items, such as detergent and shampoo bottles, lab glass (tempered) and chemical containers, yogurt containers, drinking glasses and bottle caps," Mr. Melnick noted.

Paper must be dry and not contaminated by food. Pizza boxes are not to be recycled.

The janitorial employees and a network of select individuals in each building have a more detailed orientation, and they will be assisting with the program in their departments.

With 30 percent of the buildings on-line, about 45 tons of paper and five tons of containers have been collected.

Additional information on the University Park Campus program is available by calling the Recycling Hotline, (814) 865-8000.

Staff Vacancies

The following vacancies for positions classified as staff exempt or staff nonexempt have been listed with the University Employment Division for filling.

The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 865-0304 (NETWORK LINE 433-0304). Applications for these staff vacancies will be accepted until Feb. 22. DO NOT CONTACT THE AREA THAT HAS THE VACANCY. Applications for staff vacancies are considered in accordance with Fair Employment practices (PS-11) and in compliance with the University's Affirmative Action Compliance Program, without regard to race, color, religion, national origin, handicap or age (as provided by law) sex or status as a disabled or Vietnam era veteran.

* Assistant to the Dean for Communications, College of Science, Dean's Office, University

Park Campus - Responsible to the dean, College of Science, for planning and implementing publications and publicity programs for the college, develop strategies to meet needs, plan, carry out and evaluate publicity, campaigns, press conferences; cultivate press and public relations; act as press contact and spokesperson; write press releases and feature stories; organize and produce special projects. Requires bachelor's degree, or equivalent, in science, plus two to three years of effective experience in publications, public relations and/or science information. Master's degree preferred. STAFF GRADE 7.

* Admissions and Minority Recruitment Counselor, Division of Undergraduate Education, Undergraduate Admissions Office, Philadelphia Community Recruitment Center - Responsible to the center's director for all recruitment activities and admissions matters in an assigned geographic area. Duties include recruiting, counseling and administering admissions related activities. Requires bachelor's degree, or equivalent, plus one to two

years of effective experience in educational administration. Sensitivity to Latino/Hispanic students and related issues along with Spanish speaking and writing skills desired. Travel is involved and requires valid driver's license. STAFF GRADE 6.

* Athletic Operations Assistant, Intercollegiate Athletics, University Park Campus - Responsible for the prearrangement and coordination of facilities and supporting activities for home events held at the University. Assist in preparation of athletic team travel arrangements, housing requirements and other special needs; supervise greeting of visiting teams; obtain approved schedule and contact information regarding home events. Requires associate degree, or equivalent to two years of college-level training with emphasis on physical education and recreation, plus two to three years of effective experience. STAFF GRADE 5.

* Clinical Head Nurse-Emergency Services, College of Medicine/University Hospital.

Ambulatory Services/Emergency Services, The Milton S. Hensley Medical Center - Responsible to the manager, Ambulatory Services, for providing leadership to patient care personnel within a designated practice site, coordinating all the patient care activities within the practice site and performing a variety of nursing duties. Requires a registered nurse with a current license to practice professional nursing in Pennsylvania, plus one to two years of effective nursing experience. Bachelor of science degree preferred. STAFF GRADE 5.

* Medical Assistant, University Hospital, Department of Nursing/Outpatient Services, The Milton S. Hensley Medical Center - Responsible to the clinical head nurse or manager for providing assistance in health care services and for participation in administrative functions. Requires associate degree, or equivalent, in related field, BLS certification and up to 12 months of effective experience, outpatient and phlebotomy experience preferred. STAFF GRADE 2.

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7517.

\$7 million gift will benefit engineering education

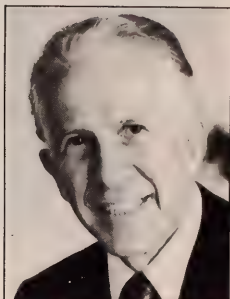

A California construction industry executive and his wife have made a \$7 million gift to Penn State to launch a program that will increase the nation's supply of engineering educators.

William E. Leonhard, chairman, president and chief executive officer of the Parsons Corp. of Pasadena, Calif., and his wife, Wyllis, have designated \$4 million of their gift for the establishment of the Leonhard Center for Engineering Education.

"As an engineer, I'm concerned about the declining interest in engineering among American students," Mr. Leonhard, a 1936 Penn State electrical engineering graduate, said. "America is in danger of losing its competitive edge, because our most gifted students are choosing other fields."

"We need to do better. This center, located in a first-rate engineering school, is designed to create excitement about engineering education and to attract talented students into faculty careers."

The Leonhard Center, the first of its kind in the nation, will concentrate resources on recruiting and training engineering

William E. Leonhard

educators through teaching internships and other educational programs. It also will promote new approaches to engineering curricula. The Leonhard Center will be

endowed with the proceeds of a \$4 million life insurance policy on the Leonhards. The policy is owned by Penn State, but funded by the Leonhards, and names Penn State as the beneficiary.

In addition, the Leonhards have established, as part of their estate plans, two charitable trusts. Upon their deaths, the trusts will provide approximately \$3 million in income to Penn State. The Leonhards will work with the University to determine the best use of trust income.

"This magnificent gesture by Bill and Wyllis Leonhard not only strengthens Penn State, but also will provide financial aid and other opportunities for generations of engineering students who will make profound contributions to the quality of engineering education in our nation," President Jordan said.

"The Leonhard gift is a perfect example of creative philanthropy," he added. "It addresses a critical national problem and will provide a model for similar programs at other colleges and universities." The Leonhard Center will support

undergraduate and graduate teaching interns annually.

Participating students will receive stipends to assist individual faculty members in all aspects of teaching a specific course, including giving feedback on teaching methods to the faculty mentor. Interns will be required to take a course on effective teaching methods and make presentations about engineering at the middle and high school levels.

The Leonhard Center also will sponsor an annual conference for students, faculty and engineering professionals to explore developments and new ideas in engineering education.

"Bill and Wyllis Leonhard's gift allows us to take the lead in shaping future directions for engineering education," John A. Brighton, dean of the College of Engineering, said.

The College stresses the importance of partnerships—partnerships with industry and with alumni. The Leonhard Center demonstrates how effective

(Continued on page 3)

University Park to establish 911 as emergency number

University Park is switching.

After Friday, March 2, at 5:30 p.m., 911 will be the number to call to reach emergency fire, police or ambulance services, and 8 will be the access number to reach all off-campus numbers.

"The Undergraduate Student Government, the Office of Telecommunications and the Office of University Safety are cooperating to make the University's emergency service consistent with the national 911 program," Bruce Kline, manager of support operations for University Safety, said. 911 is the emergency number in State College and the Centre Region as well.

Faculty, staff and students will no longer have to remember separate emergency

numbers for fire, police and ambulance service. However, requests for routine police services should still be made by calling 863-1111.

"Increasing campus safety has been a major goal for USG this year," Bill Novack, USG vice president, said. "Because 911 is so familiar, those in difficulty will be able to get assistance more quickly. A faster response from emergency personnel will also help reduce physical harm and bring us better crime control."

If a 911 call is made on a pay phone, says Tom Harmon, director of police services and manager of the dispatch center, the call will be quickly routed from the State College dispatch area to the University's for more immediate response.

Dialing Instructions

Emergency (Police-Fire-Ambulance)-911

Campus calling-2, 3 or 5 plus last four digits

Local calling-8 plus seven-digit number

Long Distance Calling:

(Within 814 area code)-8 plus 1 plus seven-digit number

(Other long distance calls)-8 plus 1 plus area code plus seven-digit number

"Those who forget and use the regular police number will still be routed to emergency services."

According to Susan Govedich, service adviser for the Office of Telecommunications, "to accomplish the switch to 911, we had to reserve 9 for emergencies. To make a local or long-

distance off-campus call after March 2, dial 8 as the access number and then continue the call just as you would at home."

Long distance callers should call 8 + 1 + area code + the seven-digit number. The system will automatically make the connection using the least expensive route.

(Continued on page 3)

Health promotion needs assessment will be conducted

Worksite health promotion and wellness programs recently have been spreading from their typical corporate settings to colleges and universities. These programs usually include a variety of health screenings, information sharing opportunities, and fitness and lifestyle improvement activities.

Although some of these kinds of services had been available at several Penn State locations, the idea of providing a coordinated program for all University employees was first proposed by a core group of faculty and staff in 1986. Their vision has been continuously evolving over the past few years.

Shortly after spring break, University faculty and staff will have the first of many opportunities to participate in Penn State's emerging, Faculty/Staff Health Promotion Program. A newly created division in the Office of Human Resources will begin the task of establishing a comprehensive health promotion program by conducting a university-wide needs assessment.

"The University made a strong commitment to faculty/staff wellness several years ago and has invested considerable time and resources in getting the plans to where they are today," James Wagner, vice president for business and operations, said. "We are very eager to see this program become a reality."

Plans for the health promotion needs assessment have developed swiftly over the past few months, thanks to the cooperation of the University Advisory Committee on Faculty/Staff Health Promotion, directors of student

programs and services, personnel representatives, and directors of business services.

"We are delighted to see such widespread support for this project and the program," Billie Willis, assistant vice president for human resources, said. "Health promotion and wellness are vital concerns of today's workforce, and consequently are an important aspect of the overall Human Resources mission."

The purposes of the needs assessment are to identify health promotion program interests and preferences, as well as various health risk factors among the faculty and staff of Penn State.

In early March, all full-time, regular faculty and staff will receive, via intercampus mail, a questionnaire including items about the types of programs they would attend, how they should be offered, individual health status, and personal characteristics.

"We realize that everyone's time is valuable, so the questionnaire was designed to be quick and easy to complete," Nancy Sassano, coordinator of faculty/staff health promotion programs for the Office of Human Resources, said. "A pilot test indicated that most people required only 10 to 15 minutes to complete it."

According to Ms. Sassano, the results of the needs assessment survey will help develop long-term plans for the University, as well as site-specific recommendations for each Penn State location.

"We are aware that fine health promotion services have been offered to faculty and staff at many campuses. Our

goal is to help strengthen existing programs and create new initiatives that can benefit faculty and staff throughout the Commonwealth."

Because there are differences in resources, faculties, and faculty/staff characteristics throughout the Penn State system, she added, it is not expected that programs will be identical at all locations. A voluntary Health Promotion Leadership Team is being established at each campus, to assist in planning and implementing programs locally.

The Health Promotion Division in the Office of Human Resources will work closely with the leadership teams as a central coordinating unit, and oversee university-wide aspects of the program. These may include major health awareness campaigns, health screening services, acquisition of resources, funding requests, and continuous assessment and evaluation. The University Advisory Committee on Faculty/Staff Health Promotion will continue to provide academic, administrative, and technical expertise and guidance to the program coordinator.

According to Ms. Sassano, the success of the health promotion program will depend on how well it meets the needs of those who will be using it.

"Conducting this survey is viewed as a critical step in program development," she said. "We hope that faculty and staff will view their individual participation in the survey as a valuable contribution to the strength and longevity of this program."

Focus on Diversity

Two more students appointed to diversity commission

Two new students have been appointed to the Commission on Racial and Ethnic Diversity to help further enhance the climate for diversity.

Susan Y.F. Chen and Susan Hertenberg will serve on the commission for three years or until graduation. They join **Odetta Pineiro-Colon, Stephen M. Mitchell** and **Brenda A. Peltier**, bringing the number of student members to five and total commission members to 22.

"We're happy to see the addition of these students to the commission," Ann Shields, chair said. "Their appointments will bring additional perspectives as we move towards understanding the issues and concerns."

Ms. Chen is a senior majoring in nutrition. Raised in Pittsburgh, her parents are natives of Taiwan and China. She is a member of the College of Health and Human Development Student Advisory Committee on Minority Affairs and the Department of Women's Concerns.

Ms. Hertenberg, a junior majoring in psychology, is a native of Wilmington, Del. She is a teaching assistant for counselor education 302, a member of student counselors and is a charter member of Project Growth, a student programming group formed to increase cultural awareness and sensitivity.

Ms. Pineiro-Colon, a health education doctoral candidate, is a native of Manantí Puerto Rico. She is an Office of Minority Programs project associate, a member of the Equal Opportunity Planning Committee and founding member, past president and current executive committee member of the Puerto Rican Student Association.

Ms. Peltier, a special education doctoral candidate, is a Native American Indian from the Chippewa Tribe located at the Turtle Mountain Reservation in Belcourt, North Dakota. Enrolled in the American Indian Leadership Program, she is a member of the Native American Indian Student Association and the Council on Exceptional Children.

Mr. Mitchell, a senior majoring in economics, was originally from Mount Vernon, N.Y. but now lives in the Bronx, New York City. He is a University Affirmative Action Office student intern, president and co-founder of the Student Minority Advisory Recruitment Team and a member of the Mayor's Student Leadership Task Force.

The commission is responsible for advising the Office of the President on University policies, programs, procedures and issues affecting the welfare of racial and ethnic minority members at Penn State and in surrounding communities. Membership consists of faculty, professional and support staff

Student members of the Commission on Racial and Ethnic Diversity are, standing, from left, Odetta Pineiro-Colon, Stephen M. Mitchell and Brenda A. Peltier; sitting, Susan Y.F. Chen (left) and Susan Hertenberg.

administrators and students from Hispanic, Asian/Pacific Islander, Black/African

American and Native American Indian groups, as well as non-minority members.

Aaron Singleton, Robert Loeb head Men of Color

Aaron Singleton, writer/editor in the Department of Public Information, has been elected coordinator of Central Pennsylvania Men of Color.

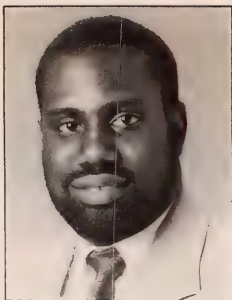

Robert Loeb, assistant director of academic affairs at Penn State Altoona Campus, has been appointed co-coordinator.

Mr. Singleton, a native of Philadelphia, is a 1981 graduate of Penn State with a B.A. degree in speech communications.

He is a member of the Forum On Black Affairs at Penn State, the NAACP at Penn State, the National Association of Black Journalists, State College Kwanza Club and alumni adviser of Alpha Phi Alpha Fraternity Inc.

Dr. Loeb, a native of the Bronx in New York City, is a 1977 graduate of Long Island University with a B.S. degree in environmental science. A Penn State Altoona Campus administrator and faculty member since 1985, he earned his Ph.D. in biology from New York University in 1986.

Before joining Penn State, Dr. Loeb served as education director at Inwood Heights Parks Alliance, New York City from 1983 to 1985, and teaching fellow in New York University's Biology Geology

Aaron Singleton

Department from 1979 to 1982. His research has been published in numerous publications.

Representative Council members include:

Victor Dupuis, Native American Indian; **Raja Ramani**, Asian/Pacific Islander; **Dr. Loeb**, Hispanic; and **William Love**, Black

Robert Loeb

African American.

A network created to advocate and enhance diversity and promote social, educational, political and economic equity in surrounding communities. Men of Color of Central Pennsylvania was founded in 1988.

Diversity Calendar

Friday, Feb. 23

Penn State Delaware County Campus, 11:30 a.m., Student Lounge, Main Building. Lecture: Odeyo Aiyaga, executive director, Africa American Heritage Inc., Philadelphia.

Sunday, Feb. 25

WPSX-TV, 1 p.m., Channel 3. Interview with poet Sonia Sanchez on the struggles of the oppressed and minorities.

Monday, March 5

University Scholars Program, 7 p.m., 117 Music Building. Jazz Night with the works of Dan Yoder.

Thursday, March 8

Center for Women Students, 4 to 6 p.m., 120 Boucke Building. Students, faculty, staff and interested persons are invited to celebrate women's achievements and accomplishments as part of Women's History Month.

Saturday, March 10

Office of Minority Faculty Development, 9 a.m. to noon, 114 Kern. "External Funding and Proposal Development," fourth in a series of faculty development workshops this semester. Baiba Briedis, College of the Liberal Arts coordinator of grants and contracts, will be speaker. For reservations, contact Leah Witzig at 863-1003 by Monday, March 5.

Civil rights leader to speak at luncheon

Nationally prominent civil rights leader Aileen Hernandez will be the keynote speaker for the third National Women of Color Day Luncheon at noon Wednesday March 14 at the Nittany Lion Inn.

In 1985, she was appointed by President Lyndon Johnson as the first woman commissioner on the U.S. Equal Employment Opportunity Commission; prior to that appointment, she was assistant chief of the California Division of Fair Employment Practices. She also worked for the International Ladies Garment Workers Union from 1950 to 1961.

Today, she is president of her own urban consulting firm, Aileen C. Hernandez Associates in San Francisco, which helps cities, companies, educational institutions and organizations deal with many issues including fair housing, education and employment-related programs.

Ms. Hernandez is co-chair of the

National Urban Coalition and coordinator of the Citizens' Commission on Civil Rights.

A recent recipient of the Earl Warren Civil Liberties Award, she is recognized by national directories such as *Who's Who in America* and *Who's Who Among Black Americans*.

The Women of Color Professional and Humanitarian/Personal Achievements Awards also will be given at the luncheon.

The Central Pennsylvania Women of Color is sponsoring the luncheon with support from University departments, area businesses, and individuals. Ms. Hernandez's visit is supported by the Equal Opportunity Planning Committee.

Tickets are \$10 each, and a vegetarian menu will be served for cross-cultural purposes. The ticket deadline is March 5. For information, contact Puring MacDonald at 865-2016.

Aileen Hernandez

Obituaries

Mary L. George, hostess, Dean of Women, from Jan. 1, 1946, until her retirement March 1, 1953, died Feb. 6 at the age of 97.

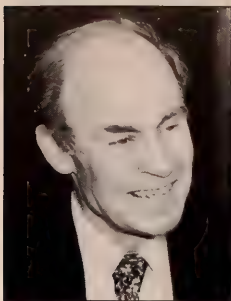

Mary L. Wilson, residence hall worker B, Nittany Lion Inn, from July 2, 1958, until her retirement July 1, 1972, died Feb. 9. She was 82.

Katherine M. Africa, superintendent of nurses at Ritenour Health Center, from Aug. 15, 1951, until her retirement Sept. 1, 1970, died Feb. 12 at the age of 84.

Verna M. Bennisson, residence hall worker, Housing and Food Services, from Oct. 9, 1961, until her retirement April 1, 1979, died Feb. 12 at the age of 73.

Nobel laureate to give 1990 Priestley lectures

Nobel laureate Dudley Herschbach, who is Frank B. Baird Jr. Professor of Science at

Dudley Herschbach

Harvard University, will give the 1990 Joseph Priestley Lectures in Chemistry March 6 through 9 at University Park.

The series of four lectures, titled "Dynamical Correlations in Molecular Collisions," is sponsored by the College of Science and is open to the public free of charge.

The lecture schedule is: "Directional Correlations in Chemical Reactions," 8 p.m., Tuesday, March 6, 117 Osmond Laboratory; "Alignment of Molecular Rotation in Supersonic Beams," 8 p.m., Wednesday, March 7, 117 Osmond Laboratory; "The Zeno Line for Liquids and Supercritical Fluids," 4 p.m., Thursday, March 8, 117 Osmond Laboratory; and "Dimensional Scaling of Viscosity Coefficients," 2:30 p.m., Friday, March 9, 55 Osmond Laboratory.

Dr. Herschbach and Yuan T. Lee and John C. Polanyi were honored with the 1986 Nobel Prize in chemistry for their work in the field of chemical reactions.

Dr. Herschbach also has been honored with the American Chemical Society's Pure Chemistry Prize, the Linus Pauling Medal, the Michael Polanyi Medal, and the American Physical Society's Irving Langmuir Prize.

A Fellow of the American Academy of Arts and Sciences and the American Philosophical Society, he also is a Fellow of the U.S. National Academy of Sciences and the Royal Chemical Society of Great Britain.

Dr. Herschbach, who was named Baird Professor of Science in 1976, joined the Harvard faculty as a professor of chemistry in 1963. He served as chairman of Harvard's Chemical Physics program from 1964-77 and of the Chemistry Department from 1977-80.

The Priestley Lectures are named in honor of Joseph Priestley, the 18th-century chemist who discovered oxygen, and were established by the late Professor Wheeler P. Davey in 1926.

911

(Continued from page 1)

Network (PANET) numbers are no longer necessary. Those making a local call should call 8 + the seven-digit number.

"Auto-dial modems, fax machines and any other piece of equipment that is currently preprogrammed with an off-campus telephone number will need to be reprogrammed using the new dial plan," Ms. Govechik said.

The Office of University Safety and the Office of Telecommunications have begun a public information campaign to remind the University community to use the new system. New phone users guides are now being delivered to offices and residence halls, and most faculty and staff will receive information in the mail.

For more information about the 911 emergency program, contact Tom Harmon at 865-5458. Contact Susan Govechik at 865-8661 for information about off-campus dialing.

Dr. Webster receives prestigious award

Peter J. Webster, professor of meteorology, has received the Jule G. Charney Award of the American Meteorological Society. The Charney Award, one of the most distinguished and prestigious awards in the field of atmospheric sciences, is given in recognition of significant achievement in research or development in the field.

It was awarded to Dr. Webster for his fundamental contributions toward the "understanding of low-frequency tropical circulations and tropical-midlatitude interactions."

Dr. Webster's research interests center around the large scale and low frequency

dynamics of oceans and atmospheres with particular emphasis on intra- and inter-seasonal variability. An emerging interest is the role of the hydrology cycle in the general circulation and, especially, its role in the interaction of the ocean and the atmosphere.

Dr. Webster, a member of the University faculty since 1983, has held research and teaching positions in Australia, California and Washington, D.C. He is a Fellow of the American Meteorological Society and a member of the American Geophysical Union.

Leonhards

(Continued from page 1)

these partnerships can be in creating an effective and innovative engineering curriculum."

Mr. Leonhard has long played an active role in Penn State's fund-raising efforts. He serves on the 32-member executive committee of the Campaign for Penn State, a six-year, \$300 million venture to raise private dollars for academic program support.

A major supporter of the College of Engineering, he previously gave the College \$1.25 million to endow the William Leonhard Chair in Acoustical Engineering and the Leonhard Professorship in Microelectronics.

A member of the National Academy of Engineering, Mr. Leonhard received a Penn State Distinguished Alumnus award in 1982 and was named an Alumni Fellow of the University in 1988. Other awards he has received include recognition five times as "Chief Executive Officer of the Year" by *Financial World* magazine, the latest in 1985.

He joined Parsons in 1960, was named president in 1974, chief executive officer in

1975 and chairman in 1978. With a permanent engineering staff of 9,000, the firm designs and builds oil refineries, gas and petrochemical plants, mining and metallurgical facilities, airports, shipyards, ground transportation systems, water and wastewater treatment plants, industrial facilities and defense installations.

Prior to joining Parsons, Mr. Leonhard spent 14 years in the Air Force, serving as chief engineer in postwar Germany, director of engineering and construction in Washington, D.C., and chief of staff of the Air Force Systems Command. Earlier, he served 14 years in the Army, including service in Panama and Alaska, and as chief of staff of an armored division in Europe during World War II.

He also holds a master's degree from MIT, earned in 1940, and was awarded a doctor of laws degree from Pepperdine University in 1987.

Two of the Leonhards' three children are Penn State graduates. Richard W. Leonhard, a 1966 aerospace graduate, owns a small firm in Los Angeles that makes precision equipment for the machine tools industry. Donna Jeanne Leonhard, a 1968 education graduate, teaches school in Arcadia, Calif.

Inaugural Schilling lecture scheduled

Stanley J. Jaki, Distinguished University Professor at Seton Hall University, will present the inaugural Harold K. Schilling Memorial Lecture at 7:30 p.m. Tuesday, March 6, in Room 112 Kern Graduate Building at University Park.

Dr. Jaki, who will discuss "The Existence of God and Modern Scientific Cosmology," has written scores of articles and more than 20 books. A primary focus of his internationally known work is the relationship of science and religion, reflecting his formal training both as a physicist and a theologian.

The lecture, co-sponsored by the Graduate School and Eisenhower Chapel, is supported by the Harold K. Schilling Memorial Lecture Fund, which was established to honor his life and work at Penn State by fostering contemporary discussions about the interaction of science and religion.

Dr. Schilling's Penn State career spanned from 1941 to 1965, culminating with a 14-year tenure as dean of the Graduate School.

As professor of physics (1947-64) and the first University Professor at Penn State, Dr.

Stanley J. Jaki

Schilling pioneered conversations between the religious and scientific communities. He continued to pursue this interest after his retirement by adding to his publications in the field and teaching in the Religious Studies Department.

Nobel prize winner scheduled to speak

Claude Simon, the 1985 Nobel Prize winner in literature, will deliver the keynote address at the 1990 meeting of the American Comparative Literature Association March 29-31 in the Keller Conference Center at University Park.

Theme of the conference is "Literature in Global Perspective: Interactions and Refractions."

According to Gerhard F. Strasser, associate professor of German and comparative literature and conference director, featured areas will be: exile and travel literature, women's voices,

marginality; translation, adaptation, imitation of texts; reception theory literature in the oral tradition; representations of the past and future, and general professional concerns.

The keynote address, scheduled for 4:15 p.m. Friday, March 30, is open to the public with no charge. Registration for the entire conference is \$10. Registrations are to be submitted no later than March 14.

For registration information, contact Barbara Impellitteri, 410 Keller Building, 865-4591; for general program information, contact Dr. Strasser, 863-0589.

Effects of 'living filter' system will be assessed

The University is reconvening a team of scientific, academic and operating personnel to assess the effects their "living filter," a model wastewater treatment system, is having on the groundwater.

For the past 20 years, researchers have been testing ways to return effluent in a usable state to the underground water supply by spraying treated wastewater onto agricultural fields and forest lands.

According to James M. Wagner, vice president for business and operations, "the living filter" was expanded in 1984 to a large-scale, practical, operating system of effluent disposal that has been emulated by systems across the country and around the world."

The system is recognized as a way to

remove effluent without polluting waterways. While recycling it to groundwater as a valuable natural resource, he adds.

Researchers have monitored surface conditions, agricultural operations, groundwater levels and quality on a regular basis. Ever since the system was established, data from on-site monitoring wells has been collected and reported to the Pennsylvania Department of Environmental Resources. This data recently revealed an increasing concentration of nitrates.

As a result, the University has established a Wastewater Distribution Committee to carefully analyze conditions and propose a course of action to stabilize or decrease nitrates in the groundwater. It will work in

cooperation with the Pennsylvania Department of Environmental Resources, which will review, approve, or modify the proposed course of action and carefully monitor data to insure that the nitrate levels continue to remain within approved standards.

The Penn State research team plans to expand the investigation of its system to areas beyond University property. The expanded monitoring will help them make ecologically sound operational alterations and adjustments to assure the safety of large-scale "living filter" systems.

The University will ask owners and residents of land surrounding the present system for permission to obtain water samples and to monitor water levels in

wells on their properties. The monitoring also may include properties quite some distance from the filtering system so that the monitoring is comprehensive.

The information will be shared with the Pennsylvania Department of Environmental Resources regularly and will be used to support a proposed wellhead protection program study that the University hopes will be funded by the Federal Environmental Protection Agency.

Researchers, in cooperation with Pennsylvania Department of Environmental Resources, plan to show how local data management can help municipalities implement wellhead protection measures.

Focus on the arts

TWENTY-FIFTH ANNIVERSARY

WPSX 3
SILVER
CELEBRATION

WPSX-TV, Channel 3, turns 25 in March, 1990, and in commemoration of a quarter century of quality television, WPSX will hold a year-long celebration featuring a 25th Anniversary Festival, a How-to Fair, and even its own flavor of ice cream.

The foundation of Channel 3 was laid in 1952, when Penn State hosted the first national conference on educational television. At this conference, it was announced that the Federal Communications Commission's freeze on television channels was being lifted, opening up 242 channels for educational television stations and making the idea of a national educational television system a real possibility.

When WPSX broadcast the first signals over Channel 3 on March 1, 1965, it marked the culmination of decades of communications research at Penn State and the beginning of a 25-year relationship between public television and the people of Central Pennsylvania.

This vital partnership will be celebrated during WPSX-TV's 25th Anniversary Festival. From Feb. 28 through March 18, Channel 3 will be airing a special schedule of programs and inviting members to take an active role in the support of public television, by becoming members of Channel 3.

Public television personalities Bob Thomson, Martin Yan, Georgia Bonesteel, and Norm Abram will be on hand Saturday, May 19, for the WPSX How-To Fair. The Fair, which will take place in the Greenberg Sport Complex at University Park, will feature presentations by Thomson, Yan, Bonesteel and Abram, as well as exhibits by area businesses.

And, in celebration of Channel 3's first 25 years, The University Park Creamery has concocted a delicious new flavor. Appropriately named "WPSX-TV Coffee Break," this new flavor combines rich coffee ice cream and chocolate chips in a tasty tribute to Channel 3.

Odyssey on WPSU

According to Russian folk belief, Satan, by tricking the Archangel Michael, played an important role in the creation of woman: Instead of the rib of Adam, Eve was made out of the tale of a goat.

This is only one of the supernatural folktales that Linda Ivanits, assistant professor of Russian, tells to host S. Leonard Rubinstein, professor emeritus of English, on this week's episode of "Odyssey Through Literature." "The Ritual Ploughing Around."

For the Russian peasant in the 19th century, "every minute of every day was accompanied by superstitions," Dr. Ivanits says, noting that many of these required rituals performed in great secrecy. Some of these rituals persisted into the 20th century; through them and through tales about them, scholars are reconstructing the mythology of pre-Christian Russia.

Bookshelf

Robert S. Corrington, assistant professor of philosophy is the author of *The Communion of Interpretations*, published by Mercer University Press.

The book, subtitled *On the Hermeneutics of Nature and Bible in the American Philosophical Tradition*, discusses American biblical interpretation from the philosophical perspectives of American philosophers Charles S. Peirce and Josiah Royce.

Shirley Marchalonis, associate professor of English at Penn State Berks Campus, is the author of *The World of Law Lanoue, 1824-1851*, published by the University of Georgia Press.

Drawing from such primary sources as unpublished letters, journals, and diaries, Dr. Marchalonis recounts Larcum's happy childhood, years in the Lowell mills, sojourn as teacher and student in the West, her years at Wheaton Seminary, her prominence as a magazine editor, and finally -- with her fame as a poet secured -- as a free-lance writer.

Dr. Marchalonis shows that Larcum's ambition to control her life enabled her to touch several worlds while searching for her own -- an experience foreign to most women of her time.

Still, in her writings, Larcum held up the 19th-century ideal of woman as keeper of

the home and family -- a convention she rejected in her own life. This inner struggle motivated much of Larcum's actions.

Dr. Marchalonis writes that while Larcum was not a literary genius of the caliber of Emily Dickinson or Margaret Fuller, she was a "talented and highly intelligent woman and writer" who simultaneously spoke for her time and followed her individuality.

E. Willard Miller, professor of geography, emeritus; **Richard R. Parizek**, professor of hydrogeology, and **S.K. Majumdar** of Lafayette College are co-editors of *Water Resources in Pennsylvania*, published by the Pennsylvania Academy of Science.

This book of 39 chapters, and 60 authors provides a comprehensive survey of water resources in the Commonwealth. The diversity of uses and water quality problems associated with their uses are discussed. Past and future climatic trends that serve as long-time driving forces for water renewal and change in quality are reviewed.

Water quality concerns include environmental considerations of such activities as agriculture, waste disposal, and surface coal mining. Water management considerations include such topics as non-point source area control of pollutants, regional planning, legal basis for management, and geographic information systems as an aid to data collection.

The arts on Channel 3

The legendary Bob Fosse, whose dazzling Broadway and Hollywood musicals transformed the face of American dance, is the subject of a one-hour "Dance in America" special at 9 p.m. Friday, Feb. 23, on *Great Performances*. Highlighting the talent is dancer Gwen Verdon. Fosse's partner in marriage and on stage, who speaks publicly about the choreographer-director-dancer for the first time since his death in 1987 at age 60.

Art Underfoot, airing at 2:30 p.m. Sunday, Feb. 25, travels to Los Angeles where rug collector and basketball legend Kareem Abdul-Jabbar offers a tour of his collection. The program also covers a "show and tell" session at the Textile Museum in Washington, D.C., where world-renowned collectors display their finest works.

In Pausanias Plus!, airing at 10 p.m. Wednesday, Feb. 28, Luciano Pavarotti hosts an evening of performances by some of the opera world's most exciting stars such as Leona Mitchell, Carol Vaness, Harolyn Blackwell and Leo Nucci.

Pattee exhibit

A sampling of the artwork of Jean Thomas Forsberg is on exhibit until March 9 in the East Corridor Gallery of Pattee Library at University Park.

These works, completed during 1989, are rendered in oil on canvas depicting mostly abstractions based on landscape. Ms. Forsberg's paintings are large, ranging in size up to 74" x 128".

Included in the show are two contemporary versions of the oriental floor screens. These are oil on canvas paintings that have been stretched over wooden bars. They function as a two panel (diptych) screen, joined in the middle and supported by small legs.

Ms. Forsberg received her master in fine arts degree from Penn State in 1987 and has participated in numerous single and group shows in the region.

Italian drawings

An exhibition of prize-winning Italian drawings from the 17th and 18th centuries opens Sunday, Feb. 25, at the Palmer Museum of Art at University Park.

"Figurative Drawings of the 17th and 18th Centuries from the Accademia Nazionale di

San Luca in Rome" will continue through May 20.

This is the first time these works have been shown outside of Rome.

The Accademia Nazionale di San Luca was founded in the late 16th century to instruct young artists in painting, sculpture and architecture. Periodically, the Accademia sponsored competitions for its students, who submitted entries according to themes such as religion, history or mythology.

The works in the current exhibition represent the prize-winning entries of the Accademia's painting and drawing students from 1673 through 1750.

Prior to the exhibition at the Museum, the works were on display at the Accademia di San Luca. The exhibition will travel to the National Academy of Design in New York City after its stay at Penn State.

Dr. Jeanne Chenault-Porter, associate professor of art history, will discuss the exhibition at 8 p.m. Wednesday, March 21, at the Museum.

The exhibition and lecture are free and open to the public.

Fiction reading

Short-story writer and novelist Richard Stern will give a reading of his fiction at 8 p.m. Thursday, March 8, in Room 112 Walker Building at University Park.

A professor of English and general studies in the humanities at the University of Chicago, Mr. Stern recently published his 15th book, *Noble Rot: Stories 1949-88*, which received the 1989 Chicago Sun-Times Book of the Year Award. He currently is working on his ninth novel.

He has taught at universities in France and Germany and has been visiting professor at the universities of Nice, Urbino, Venice, Harvard, California and Buffalo, and has spoken to audiences worldwide.

For his stories, he has received a Longwood Foundation Award and several from the Arts Council. He received the Merit of Medal Award for one of his novels from the American Academy and Institute of Arts and Letters, and for his criticism he has received a National Humanities Award.

sense of what is called "with-it-ness." It's really about creating an image; being perceived as knowing what is going on. You really do have to make your students think you have eyes in the back of your head."

He wrote *A to Z* in a purposely conversational and accessible manner. **Cathy Mester**, instructor of speech communication at Penn State-Berhdorf, contributed a section on nonverbal communication of authority.

Dr. Tauber consulted with Penn State and Northwestern Pennsylvania educators while working on the manuscript.

Daniel Walden, professor of American studies, English and comparative literature and editor of the series, *Studies in American Jewish Literature*, is editor of *The Odyssey of a Writer: Rethinking Philip Roth* published by Kent State University Press.

Carpoolers

Penny would like to carpool from Millroy to University Park. Work hours are 8 a.m. to 5 p.m. Call 865-6507 or 717-667-3048.

Cindy and Patty are looking for additional carpoolers from the Leobersburg/Madisonburg area to University Park. Work hours are 8 a.m. to 5 p.m. Call 865-7691 or 865-1434.

The chapters provide a broad insight into Pennsylvania's water resource opportunities, limitations, major problems and present and future challenges.

Besides the co-editors, other Penn State authors of chapters are: **Brent Yarnal**, geography; **Gregory S. Forbes**, meteorology; **Robert P. Brooks**, forest resources; **Peter Deines**, **Richard A. Weiss**, **Arthur W. Rose**, and **P. Evan Dresel**, geosciences; **Dale E. Baker**, agronomy; **Alan R. Graefe**, recreation and parks; **Donald M. Cridder**, rural geography; **Harold L. Lovell**, mineral processing; **William E. Sharpe**, **David R. DeWalle**, and **James A. Lynch**, forest hydrology; **A. Mark Battaglia** and **Daniel R. Jones**, landscape architecture; **D.A. Miller**, **B.M. Evans**, **G.W. Petersen** and **R.L. Day**, remote sensing.

Robert Tauber, associate professor of education at Penn State Erie, The Behrend College, is the author of *Classroom Management From A to Z*, published by Holt, Rinehart and Winston Inc.

Most teachers in Pennsylvania have never had a course in classroom management," Dr. Tauber said, adding that after year one, one of the top problems facing schools -- according to the Gallup Poll -- is lack of discipline.

"In order to survive in the classroom, you need to be able to handle overlapping events and must be able to demonstrate a

Penn Staters

Adam J. Sorkin, associate professor of English at the Delaware County Campus, has been elected a member of the Governing Board of the American Culture Association.

Howard G. Knuttgen, director of the Center for Sports Medicine, presented a lecture on "Physiological Adaptations of Skeletal Muscle to Physical Exercise" for the faculty of medicine at the University of Amsterdam, Netherlands.

J. Randall Woolridge, associate professor of finance, presented an invited paper on "Valuation Effects of Exchangeable Offers" at the National University of Singapore.

Amar Bhatta, senior scientist and professor of solid state science at the Materials Research Laboratory, spent 10 days as a consultant to the United Nations on its development program in India.

Howard B. Palmec, professor of energy science and senior associate dean of the Graduate School, has been appointed for a three-year term to the Panel for Fire Research of the National Research

Council. The panel is part of the Board on Assessment of NIST Programs, which provides annual reviews of the performance in 17 areas of the National Institute of Standards and Technology.

G.P. Patil, professor of mathematical statistics and director of the Center for Statistical Ecology and Environmental Statistics, has received an honorary Doctor of Letters degree from the University of Poona in Pune, India.

Allen Phillips, professor of biochemistry, has been named president-elect of the Allegheny branch of the American Society for Microbiology (ASM). The branch includes microbiologists from western Pennsylvania and all of West Virginia.

Rustum Roy, Evan Pugh professor of the solid state and chairman of the Science Technology and Society Program, gave an invited lecture on the synthesis of new materials at the research laboratory of the Asahi Glass Co. in Tokyo, Japan.

M. Lee Ucraft, assistant vice president for development and program assessment, and affiliate associate

professor of education, received the Outstanding Service to Higher Education Award from the New York State College Student Personnel Association for his scholarly contributions and service to the student affairs profession.

George Vahovik, instructor in agricultural and extension education, has won second place in the "Take Pride in Pennsylvania" program, a statewide competition that recognizes individuals and groups involved with land and resource stewardship activities.

Robert Schlegel, professor of molecular and cell biology, gave an invited lecture at the Third International Meeting for the Use of Rescaled Erythrocytes as Carriers and Bioreactors at Gwin Estate, Cleveland, Ohio. He also gave an invited lecture at the International Conference on Structure and Functions of Biomembranes in Calcutta, India.

Chester Wolford, associate professor of English and business at Penn State Erie, The Behrend College, presented "Fools Rush In: Teaching Literature to Business Majors" in Vancouver at the CORS

ORSA TMS international meeting. Dr. Wolford also gave papers at an international conference in Lisbon, Portugal on "A Glance at Cultural and Linguistic Ignorance in American Schools of Business" and "Tragedy in Washington Irving's *The Compact of Granada*."

Ronald Bettig, instructor in mass communications, presented a paper titled "Freedom of the Press and Revolution. Contemporary Socialist Thought and Praxis" at a meeting of the American Studies Association in Toronto, Canada.

Kenneth C. Blythe, director of management services, has been elected to a three-year term on the board of directors of CAUSE, the association for the management of information technology in higher education.

Leola Johnson, assistant professor of journalism, presented a paper titled "Black Stereotypes as a Political Issue: Cuba and the United States, 1929-1931" at a meeting of the American Studies Association in Toronto, Canada.

Appointments

Robert I. Booz, former project director at HRB-Systems Inc., has been appointed project director for research and development with the Ben Franklin Technology Center of Central and Northern Pennsylvania Inc.

Mr. Booz is a 1968 Penn State graduate with a B.S. in accounting. He received his MBA in 1976 from Sul Ross State University in Texas.

His career has spanned a wide range of technology. At HRB-Systems he began work in 1979 as a senior project business manager. He became a project director in 1982 and has managed technology projects in communication and flight simulator development.

Prior to joining HRB-Systems, Mr. Booz was a senior management consultant with Peat, Marwick, Mitchell and Co.

Bruce Dunn has been named head of program production for public television station WPSX-TV.

A 1982 graduate of Ohio University, Mr. Dunn most recently has been a freelance director, graphic coordinator, and camera operator for Black Entertainment Television (BET), the SportsChannel, ESPN, and the major broadcast networks.

He also has served as director, technical director, production manager, and producer for Telemundo Network, and WSCV-TV, Channel 31, in Fort Lauderdale, Fla.

professor of secondary education from Spring, 1990 through Summer 1991.

The Waterbury Professorship was established in December, 1988 by Kenneth B. Waterbury, alumnus of the College of Education. At the same time, he also established, with a million-dollar bequest to the College, the Waterbury Chair in Secondary Education.

Upon settlement of Dr. Waterbury's estate, the Waterbury Professorship will be merged with and superseded by the Waterbury Chair. A national search will be conducted to select the holder of the Chair, which is expected to be in effect Fall Semester 1991.

Dr. Dupuis' appointment to this interim faculty position comes in response to a proposal outlining a project which will allow the College of Education program in secondary education to develop a unique partnership with an American Indian Junior College for the purpose of improving the preparation of American Indian teachers in secondary education. The outcome of the project will be a prototype that can be emulated by other institutions with the potential of improving the overall quality of Indian education.

"This appointment holds great promise for the improvement of American Indian education and is consistent the spirit and intent of Dr. Waterbury's gift," Rodney J. Reed, dean of the College of Education, said. "Dr. Dupuis' research in this area is unique, and we are proud to be able to provide him the opportunity to expand it. Further, this project will contribute to Penn

State's goals toward cultural diversity."

Dr. Dupuis began his career at Penn State in 1967 as an assistant professor in the College of Education's Division of Curriculum and Instruction. In addition to service as a University faculty senator and chair of several Faculty Senate committees, he has served on many College committees, including the Diversity Award Committee, Economic Initiative Program Committee, Faculty Council, Native American Leadership Program, Promotion and Tenure Committee, Faculty Rights and Responsibilities Committee, among others. In 1986, he received the Barash Award for Human Service.

Prior to joining the University faculty, Dr. Dupuis taught in high schools in Arlington, Va., and West Lafayette, Ind., and at Purdue University and Northern Illinois University. Among his professional affiliations are the American Educational Research Association, the Association for Supervision and Curriculum Development, the National Congress of Parents and Teachers, the National Staff Development Council, and Phi Delta Kappa.

Dr. Dupuis holds a Ph.D. in curriculum and supervision from Purdue University, an M.A. in educational administration from The American University, and a B.S. in American history from Northwestern University.

Matthew Rosenshine, professor of industrial engineering, has been named acting director of academic affairs at Penn State Great Valley, effective April 1.

In his new position, Dr. Rosenshine will be responsible for academic leadership, faculty development and academic program evolution at the center.

"We are looking forward to having an academic leader of Dr. Rosenshine's caliber on campus," Lawrence S. Cote, center executive officer, said. "His appointment signals a new level of maturity for Penn State Great Valley. As a respected scholar and consultant to industry, he will bring many strengths to our academic development."

Dr. Rosenshine has a 21-year career at Penn State, as a teacher and researcher. Prior to joining the University, he spent 10 years as principal mathematician at the Cornell Aeronautical Laboratory Inc. in suburban Buffalo, N.Y.

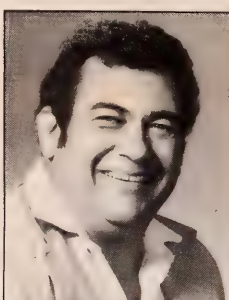

His research interests include air traffic control systems modeling, scheduling of arrivals in production and service systems, queue control and application of stochastic processes to robotics. He has served as a consultant to many corporations and the agencies including Xerox, Calspan and the federal energy and railroad administrations. After earning a bachelor's degree in liberal arts at Columbia University, Dr. Rosenshine completed two master's degrees: one in mathematics education at Columbia University and one in mathematics at the University of Illinois. He holds a doctorate in operations research engineering from the State University of New York at Buffalo.

Deborah A. Bruggeman to quality assurance analyst at Hershey.
Jerome C. Fulare to mechanical/electrical engineer in Office of Physical Plant.
Donald Gensimore to programmer analyst in C&IS-Computation Center.
Bonita A. Housel to assistant manager, Business Office at Hershey.
Urszula W. Kilakowski to graphic design supervisor in University Art Services.
David A. Kolasa to office information specialist in C&IS-Management Services.
Jean Anne McGrath to program assistant in Commonwealth Educational System.
Angela A. McNaughton to quality assurance analyst at Hershey.
Barbara A. Noerr to clinical nurse specialist at Hershey.
Curtis Parker to cinematographer/videographer in Commonwealth Educational System.
Jeffrey E. Rich to senior microcomputer system consultant in C&IS-Computation Center.
Daniel G. Rockwell to systems analyst at Hershey.
Viola W. Stiffler to quality assurance analyst at Hershey.

Randall Persing to supervisor, slide copy laboratories in Commonwealth Educational System.
Chester M. Poorman to assistant manager printing services in Office of Business Services.
Pauline E. Rusnic to utilization review specialist at Hershey.
David G. Shelly to supervisor, photographers in Commonwealth Educational System.
Esther E. Smith to personnel specialist in Applied Research Laboratory.
Carol M. Vonada to administrative assistant in Earth and Mineral Sciences.
Jonathan F. Warner to senior construction quality representative (mechanical/electrical) in Office of Physical Plant.
Frederic L. Weber to supervisor, print laboratories in Commonwealth Educational System.
Emma B. Westfall to administrative assistant in Earth and Mineral Sciences.
Berwood A. Yost to survey research coordinator at Capital College.
Gale L. Zearfoss to accountant at Hershey.

Staff Non-Exempt

Kathryn E. Chambers to licensed practical

nurse medicines at Hershey.
Frances V. Freed to library assistant at Shenango Valley Campus.
Jane L. Hower to licensed practical nurse medicines at Hershey.
Debra L. Mills to computer tomography radiology technologist at Hershey.
M. Krista Olson to MRI technologist at Hershey.
Mark Schwartz to research technician at Hershey.
Lisa C. Solomon to licensed practical nurse medicines at Hershey.
Sherry L. Troian to licensed practical nurse (MEDS) at Hershey.
Glenna R. Young to business coordinator in Science.

Clerical

Andra A. Basalla to senior postal clerk in Housing and Food Services.
Robert M. Dattis to clerk, Bookstore A at Altoona Campus.
Judy Fitzgerald to clerk, typist A in College of Agriculture.
Lizette M. Gibson to senior production clerk in Office of Business Services.
Delores Golembiewski to secretary B in University Arts Services.

Rebecca M. Hooven to secretary B at Capital College.
Christina L. Johnson to clerk, typist A in College of Agriculture.
Dorothy J. Salopek to clerk, typist A at McKeesport Campus.
Margaret M. Stodart to senior postal clerk in Housing and Food Services.
Gretchen L. Wallander to secretary B in College of Agriculture.

Technical Service

James L. Ayers to platemaker in Office of Business Services.
Anthony Bertoni to maintenance mechanic at Hershey.
Pamela M. Betz to environmental health worker-group leader at Hershey.
Gary Culver to maintenance worker utility, meter in Office of Physical Plant.
Dean Edward Dasher to maintenance worker utility, meter in Office of Physical Plant.
Thomas B. Leyde to food preparer A in Housing and Food Services.
Jay E. O'Neal to experimental mechanic at Hershey.
Brenda Smith to group leader, snack bar worker in Housing and Food Services.

Dr. Clawson to present annual Oswald lecture

D. Kay Clawson, executive vice chancellor of the University of Kansas Medical Center, will present the sixth John W. Oswald Lecture in Higher Education at 4 p.m. Friday, March 16, in the auditorium of the Hershey Medical Center. The title of his lecture will be "Embracing Change -- Creating a New Tomorrow."

"Dr. Clawson is experienced in the clinical, teaching, research, and management aspects of the practice and teaching of medicine," C. McCollister Everts, senior vice president for health affairs at the Hershey Medical Center, said. "We are pleased to have him present this distinguished lecture to our medical center family and guests."

The Board of Trustees created the Oswald Lecture, which is devoted to issues that concerned the 13th president of Penn State, John W. Oswald who served from 1970-83.

Dr. Clawson has a distinguished

reputation in medicine and medical education. He graduated from Harvard Medical School, completed residencies at Stanford and studied with orthopaedic specialists here in England and Europe. Dr. Clawson has been named an honorary member of the prestigious Royal Academy of Medicine in Valencia and Barcelona.

In 1965, he was named chairman of the Department of Orthopaedics at the University of Washington, later became dean of the College of Medicine at the University of Kentucky, and was named vice chancellor of the University of Kansas Medical Center in 1983.

Dr. Clawson has held key positions in national organizations in his specialty of orthopaedics, as well as in those critical-to medical education. Last year, he was chairman of the Association of American Medical Colleges, the group which shares responsibility with the American Medical Association for accrediting medical schools.

D. Kay Clawson

Nutritionist will give Pike lecture

Connie Weaver, professor of food and nutrition at Purdue University, will deliver the third annual Ruth L. Pike Lecture titled "Calcium: Factors Affecting Absorption and its Relationship to Disease" at 4 p.m. Tuesday, March 6, in 501 Keller Conference Center. The public is welcome.

The lecture series, which honors outstanding young researchers and scholars in nutrition, is named for Ruth Pike, professor emerita of nutrition science at the University.

Dr. Weaver is an international expert on the uses of stable isotopes in food and nutrition research questions. She has been a member of the faculty at Purdue since 1978. The author of nearly 50 articles in peer-reviewed journals read by nutritionists, food scientists and food technologists, she also has contributed numerous chapters in books. Recently, she was appointed to the Research Advisory Committee for the National Livestock and Meat Board. She also has been recognized by her students on two separate occasions as an outstanding lecturer at Purdue.

She currently is studying calcium absorption from dietary products and plant sources, effects of soybean products on mineral availability, as well as changes in iron status as a function of aerobic exercise.

Dr. Weaver has developed the use of nonradioactive isotopes of calcium as a method to study in detail how various food items alter calcium absorption and bioavailability. Her subjects have ranged from human infants and adults to newborn rats. The milk donors also have varied from full-grown dairy cows to lactating human mothers.

Her research activities have been supported by the National Institutes of Health, the U.S. Department of Agriculture, the Wisconsin Milk Board and various other corporate sponsors.

Connie Weaver

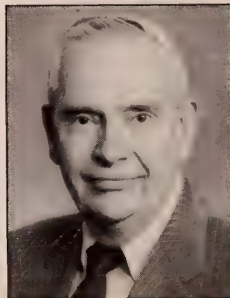

National award is named for Dr. Aplan

Frank F. Aplan, professor of metallurgy and mineral processing, has been honored with the establishment of a national award in his name by the Engineering Foundation, an agency formed in 1914 by the five principal professional engineering societies in the United States to promote interdisciplinary research and education.

The Frank F. Aplan Award will be presented annually to a scientist or engineer who has exhibited the highest professional standards and made significant contributions to the understanding of coal technology or mineral processing.

At the Engineering Foundation Conference on "Advances in Coal and Mineral Processing Using Flotation" in Palm Coast, Fla., Dr. Aplan was presented with the Engineering Foundation Award which will bear his name. He was cited for his illustrious career in coal and mineral processing research and education and his outstanding service to the Foundation.

Dr. Aplan, who is widely known as an authority on coal flotation and gravity concentration problems in the processing of minerals, has been a member of the University faculty since 1968. He served as head of the mineral processing program for about 10 years and for two years as head

Frank F. Aplan

of metallurgy. In 1977, he received the College of Earth and Mineral Sciences Wilson Award for outstanding teaching.

Dr. Aplan holds a number of distinguished honors in his field. A Distinguished Member of the Society of Mining Engineers, he was elected to the National Academy of Engineering in 1989.

Penn State Erie to present film series

Penn State Erie, The Behrend College is celebrating Women's History Month with a film series titled "Women Today: Worlds Apart."

The series covers the issues of racism, sexism and poverty, and how these issues uniquely affect women everywhere. Discussion, led by faculty and students, will follow each film.

The series begins at 8 p.m. Tuesday, March 6, with director Spike Lee's controversial film "Do the Right Thing," in Reed Lecture Hall.

On Tuesday, March 13, "The Global Assembly Line" will be shown at 8 p.m. in Reed Lecture Hall. This ground-breaking documentary, directed by Lorraine Gray, follows electronics and garment factory workers in the United States, Mexico's northern border and the Philippines.

Two shorter films will be featured Tuesday, March 20: "Women of El Planeta," at 8 p.m. in 101 Behrend Building, directed by Maria Barea, focuses on women in Latin America; "And What Does Your Mother Do?," directed by Eulalia Carrizosa, at 9 p.m.

The Campaign for Penn State

New endowment will establish professorship

A new endowment created by an alumnus will help scholars and students in the College of Business Administration expand their knowledge of the building of new business ventures.

The Alvin H. Clemens Professorship in Entrepreneurial Studies will support an outstanding faculty member in teaching, research and service in the field of entrepreneurship. The professorship, the first of its kind at the University, was made possible through a \$250,000 commitment from Mr. Clemens, an insurance executive and 1959 graduate of the college.

"Al Clemens has supplied us the resources to build faculty strength in an important area," J.D. Hammond, dean of the College of Business Administration, said.

According to Mr. Clemens, chairman and chief executive officer of Provident America Corp., Norristown, there is much in the entrepreneurial area that business schools can provide students.

"There should be accredited courses developed to help students who are risk takers and creative thinkers to learn how to start and build a new business venture," he said. "That is one of the primary reasons I made this gift to Penn State."

Mr. Clemens majored in insurance at Penn State, was hired on graduation by the

Insurance Co. of North America, went through INA's training program and in 1962 became supervisor of sales in the Group Department. In 1963 he founded and became a partner in the firm Butera and Clemens Insurance Consultants. Two years later, he founded Clemens and Clemens, a land development company. In 1967 he founded the Academy Insurance Group with a \$50,000 investment. By 1984, Academy's assets exceeded \$400 million, with a net worth of \$100 million and a market value of \$350 million.

WNEP-TV donation

Thanks to WNEP-TV of Wilkes-Barre/Scranton, students in the School of Communications will be using professional-quality equipment in classrooms and laboratories.

The station donated 29 items, including television cameras, on-screen character generators, video monitors and various control boards, according to Elden A. Hale Jr., WNEP's president and general manager.

"It's gifts like these that allow us to get in front of our equipment needs," Dean Brian Winston said.

"The University, especially in times of

In 1985 he sold his interest in Academy, founded Executive International Life Insurance Co. Ltd. and purchased Maine National Life. In 1989 Mr. Clemens merged Main National into the Provident America Corp., which is the 100-percent owner of the Provident Indemnity Life Insurance Co. He is a former member of the College of Business Administration Alumni Society Board of Directors. He has served as chairman of The Campaign for Penn State's annual giving effort in the Philadelphia area.

budget constraints, can't supply us with everything we need. The thoughtfulness of WNEP's management and the support of other members of the Pennsylvania Association of Broadcasters is much appreciated by the School and its students."

Leave of absence

H. Lee Fairbanks, associate professor of zoology (Beaver Campus), to conduct research on morphological and histochemical differences in the reproductive systems of snails, at the University of Tulsa.

Partings

Constance Dixon, assistant to the director, off campus programs, Student Services, from Jan. 15, 1988, until Sept. 19.

Virginia M. Jones, clerk accounting A, Science, from Sept. 18, 1978, until Dec. 8.

Russell A. Reed, assistant professor of chemistry at Berks Campus, from Sept. 1, 1953, until Jan. 1.

Eugene B. Tyson, preventive maintenance worker, Office of the Physical Plant, from Feb. 24, 1960, until Jan. 10.

Richard J. Yahner, athletic equipment facility worker at Altoona Campus, from Sept. 27, 1970, until Jan. 16.

Jack M. Irvine, maintenance mechanic, utilities office, Office of Physical Plant, from March 12, 1979, until Feb. 24.

Virginia A. McCulley, residence hall worker, Housing and Food Services, from Jan. 10, 1970, until Jan. 20.

C. Louise Trego, administrative assistant, C&S-Management Services, from Dec. 1, 1968, until Jan. 31.

News in Brief

Office personnel award

The Penn State Chapter of Educational Office Personnel (PEOP) is accepting nominations for the fifth annual Outstanding Office Personnel Awards.

PEOP, now in its sixth year, established the award to give recognition to University staff who have provided exceptional meritorious service on behalf of Penn State.

For a nomination form, contact your Personnel Representative or either Virginia Struble, 865-7515, or Kathy Houser, 863-3608, co-chairs.

Financial planning workshop

The Women's Alliance is sponsoring a workshop, "Getting It Together: Women and Money," on Saturday, March 10, in the conference room at Elby's State College Inn.

Professionals in the financial management field will provide instruction in four areas of financial planning: savings, credits and budgets; basic investment strategies; wills and insurance; retirement and estate planning.

Registration fee is \$10 for students, \$15 for members of the Women's Alliance, and \$18 for non-members. To register, send a check payable to Women's Alliance to "Women's Alliance Workshop," c/o Gail Kamon, 243K Hammond Building, University Park.

Seminar scheduled

"Rivals or Partners? Challenges and Opportunities for U.S. - Japan Economic Relations in the 1990s" will be discussed in a seminar by John Sylvestre and David Lu at 3:30 p.m. Wednesday, March 7, in Room 101 Kern Graduate Commons at University Park.

The seminar, which is open to the public, is sponsored by the Center for East Asian Studies and the East Asian Studies Society at Penn State.

Mr. Sylvestre is a retired Foreign

Service officer with extensive experience in East Asia, particularly with Japan. Prior to retiring from the State Department, he was assistant deputy director of the Bureau of Intelligence and Research. Currently, he is director of the Japan Center at North Carolina State University.

Dr. Lu is director of the Center for Japanese Studies at Bucknell University, where he also serves as professor of history and Japanese studies. He received his Ph.D. in international law from Columbia University in 1960.

Lecture on Eastern Europe

Trond Gilbert, professor and chair, Political Science Department, and director, Slavic Center, will discuss "Change and Chaos in Eastern Europe: Prospects for a Transition to Democracy in a Troubled Region" from 1:30 to 3 p.m. Wednesday, March 14, at the Penn State Downtown Center in Harrisburg.

Sponsored by the Downtown Center, the presentation is one in a series of lectures on public policy-related issues. A question and answer session will follow the lecture. Refreshments will be provided.

The registration deadline is March 9. Contact the Penn State Downtown Center, 234 N. Third St., Harrisburg, Pa. 17101, (717) 783-0433.

Leadership institute

The Penn State Chapter of Phi Delta Kappa and the State College Area School District are hosting a leadership institute on restructuring public schools on March 16 and 17 at the Nittany Lion Inn and State College Area Junior High School.

Discussion topics include restructuring through alternate forms of school governance, enhanced use of technology, strategies for empowering individuals within the educational

community, and addressing the needs of an increasingly multicultural population.

Guest speakers include Phillip Schlechty, Cheens Academy, Louisville, Ky., and Paula Short, Auburn University.

To register for the conference, which begins at 5:30 p.m. March 16, call the PDK Leadership Institute at (814) 865-8301.

Study Abroad Programs

The Office of Education Abroad Programs has a new program with the University of Melbourne, Australia, for a one- or two-semester educational experience, as well as a new one-semester option available at the University of Nairobi, Kenya.

The Melbourne program is available for Spring Semester only or Spring and Fall semesters. At the University of Melbourne, the academic year runs from spring to fall. The one-semester option at the University of Nairobi is in addition to the existing full-year program. For information, call 865-7681.

Graduate awards

The Graduate School and the Office of the Vice Provost and Dean for Undergraduate Education have announced the establishment of annual awards in four broad disciplinary areas (physical science and engineering, life sciences, social and behavioral sciences, and arts and humanities) to recognize excellence in teaching by graduate assistants. The first awards are to be made this spring.

Guidelines and procedures for nominations and selection of awardees are being distributed Universitywide. To be eligible for nomination, a graduate assistant must have served in a teaching capacity for at least two semesters. Each award will consist of a plaque and a cash award.

The deadline for submission of

nominations to the Graduate School is March 9.

College enrollment climbs

Spring term enrollment at Pennsylvania College of Technology has climbed 15 percent over last year. Currently 3,909 students are enrolled at the College, about 400 more students than last spring, according to William J. Martin, dean of student services.

With Fall 1990 admissions applications running more than 40 percent ahead of last fall's, future enrollment trends look good for 1991. "Preliminary fall enrollment figures are showing a nice picture, and we expect even more substantial growth next year," Dr. Martin said.

Penn College building program

A \$31.5 million building program has been unanimously approved by the Board of Directors of Pennsylvania College of Technology.

Among the first priorities in the Stage IV Building Program are an addition to the Professional Development Center, weatherproofing to the Earth Science Center, renovations to the Academic Center, and the acquisition of land for construction of general services buildings and the demolition of the existing facilities.

Secondary priorities in the plan include the construction of a residence hall, a new aviation center, instruction space for the diesel program at the Earth Science Center, and the construction of a technical trades center at the North Campus in Wellsboro. The final project in the building program is the construction of a Campus Center which will include a performing arts theatre.

Sources of revenue for the projects are college cash, \$2 million; a college bond, \$17.5 million, and the Commonwealth of Pennsylvania \$12 million.

Staff Vacancies

The following vacancies for positions (classified as staff exempt or staff nonexempt) have been listed with the University Employment Division for filling.

The brief statements for each vacancy are illustrative. They are not complete position descriptions. This announcement is made so that all University employees who are interested in promotion **MAY APPLY BY CALLING THE EMPLOYMENT DIVISION, 863-0304**

(NETWORK LINE 433-0041). Applicants for these staff vacancies will be accepted until March 1. **DO NOT CONTACT THE AREA THAT HAS THE VACANCY.** Applicants for staff vacancies are considered in accordance with Fair Employment practices (FES) and in compliance with the University's Affirmative Action Compliance Program without regard to race, color, religion, national origin, handicap or age (as provided by law) sex, or status as a disabled or Vietnam era veteran.

- **Admissions Counselor II - Market Planning and Communications, Division of Undergraduate Education, Undergraduate Admissions -** Responsible to the associate director of undergraduate admissions for general assistance in conceiving, planning and organizing operational aspects of admissions procedures and activities which relate to market planning and communications. Requires bachelor's degree, or equivalent in journalism, English or related field, plus one to two years of effective experience, and excellent oral and written communication skills. **THIS IS A REANNOUNCEMENT. THOSE WHO PREVIOUSLY APPLIED NEED NOT REAPPLY. STAFF GRADE 6.**
- **Director, Federal and State Programs, Academic Services, Office of Student Aid, University Park Campus -** Responsible to the assistant vice president for student financial aid for

supervising the Pell Grant, Guaranteed Student Loan, federal campus-based aid programs. Satisfactory Academic Progress, Change of Family Circumstances, Student Employment, State Grants and Financial Aid Transcript programs. Requires master's degree, or equivalent, preferably in student personnel services, counselor education, higher education, business or public administration, plus three to four years of effective experience in student personnel, student aid or other related areas, and excellent interpersonal skills. **STAFF GRADE 6.**

- **Assistant Director for Career Counseling, Student Services, Counseling Services and Program Assessment, University Park Campus -** Responsible to the associate director for counseling and programming for the operations related to the delivery of career counseling and planning services to students. Requires master's degree, or equivalent in counseling psychology with license or licensable in the state of Pennsylvania, plus a minimum of

three years effective experience in career counseling of college students and counselor supervision. Administrative experience in higher education highly desirable. A doctoral degree is preferred. **STAFF GRADE 8.**

- **Photojournalist, Division of University Relations, Public Information, University Park Campus -** Responsible to the director of public information for providing photographic services, to include conceptualization and project coordination for a wide range of visual, graphic and photographic departmental undertakings. Requires bachelor's degree in photojournalism, or equivalent, and two to four years of effective experience with a newspaper or comparable publication. Must have a thorough knowledge of photographic techniques, be creative, demonstrate initiative and an ability to perform responsibilities in a professional manner. **STAFF GRADE 5.**

INTERCOM is published weekly during the academic year and every other week during the summer. It is an internal communications medium published for the faculty and staff of Penn State by the Office of Public Information, Room 312, Old Main, Phone 865-7515.

President accepts report of Child Care Task Force

President Jordan has accepted the report of the University Child Care Task Force. Acceptance of the report follows consultation with a wide variety of representative groups, including faculty, staff, and students.

"There is consensus that the matter of child care is an important and continuing issue in our community," Dr. Jordan said. "And we are grateful to all those who are devoting their time and energy to continuing progress in this area."

Following receipt and review of the Task Force report, the president indicated that the position of director for Child Care Program Services has been created. The director is responsible for the development of a University-wide child care services program at Penn State. For administrative guidance and reporting, the director will be responsible to Billie S. Willis, assistant vice president for human resources.

"Because of the University-wide nature of the issues

involved here, policy direction to the director of Child Care Program Services will be provided by a University Child Care Policy Executive Committee," Dr. Jordan said. Members of the committee are **William W. Asbury**, vice president for student services; **Grace Hampton**, vice provost; **Carol Herrmann**, vice president for administration; and **James M. Wagner**, vice president for business and operations.

"This committee will ensure that my office is kept apprised of student, staff, and faculty concerns and interests in day care. Communication and access to executive level policy decisions are key to those interests."

Dr. Jordan also explained that an advisory board would be appointed to the director of Child Care Program Services. The advisory board, to be called the University Child Care Committee, will be a 12-member board made up of staff, faculty, clerical, and technical service employees, and undergraduate and graduate students.

The advisory board, to be appointed in the near future, will be involved in the search and screening process for the new director. It also will advise the director on a wide range of issues, including continuing implementation of the Task Force report, review of child care opportunities and options University-wide, and the status of child care programs at other institutions and locations.

Charles M. Super, chairperson of the Child Care Task Force Report and professor and head of the Department of Human Development and Family Studies, said he was encouraged by the initial steps taken in response to the report.

"A great deal of thought, energy, and resources has been invested in bringing us to this point," Dr. Super said. "I am delighted that a structure is now in place to initiate and support critically desired progress in addressing child care needs at Penn State."

Campaign events rescheduled

Celebratory events for The Campaign for Penn State have been rescheduled to accommodate the academic calendar as well as an overwhelming interest from alumni and friends in attending the events, according to G. David Gearhart, senior vice president for development and University relations.

The academic convocation, originally scheduled for 4 p.m. Friday, April 27 -- the last day of Spring Semester classes -- has been moved to **10 a.m. Saturday, April 28, in Schwab Auditorium**. The convocation will recognize key leaders and speak to the benefits The Campaign has brought to the University community.

The gala performance has been set for **8 p.m. Saturday, April 28, in Eisenhower Auditorium**, rather than Recreation Building as originally planned. The gala will celebrate Campaign accomplishments, as the University thanks all who contributed to the Campaign's success.

"We hope these changes do not inconvenience anybody, but we feel they're necessary to accommodate more guests than Rec Hall will allow," Dr. Gearhart said. "And, we trust that a Saturday morning convocation will make it more convenient for faculty, students, and staff to attend."

The Campaign, a six-year effort to raise funds for academic program support, exceeded its \$300 million goal in November 1989. Continuing until June 30, the Campaign had raised \$330 million as of Feb. 28.

At annual Oswald Lecture Medical educator will speak

American education—from elementary schools to medical schools—is under attack for failing to prepare students who can compete in today's complex environment.

In the 1990 Oswald Lecture in Higher Education, noted medical educator **D. Kay Clawson** will offer his perspective on how our educational system came to this state and offer solutions for change.

On Friday, March 16, Dr. Clawson, executive vice chancellor of the University of Kansas Medical Center and professor of surgery in the Division of Orthopaedics, will give a public lecture titled "Embracing Change—Creating a New Tomorrow." The lecture will be held at 4 p.m. in the auditorium of the Hershey Medical Center.

"We are pleased to have Dr. Clawson present this distinguished lecture," said C.

McCollister Everts, senior vice president for health affairs and dean of the College of Medicine at the Hershey Medical Center. "He is experienced in the clinical, teaching, research and management aspects of medicine."

Dr. Clawson has lectured widely on the future of medical education, as well as on critical issues in medicine and orthopaedics.

He has a distinguished national and international reputation and is an honorary member of the Royal Academy of Medicine in Valencia and Barcelona, Spain. He has held key positions in medical organizations, including serving as chairman of the Association of American Medical Colleges, 1988 to 1989.

Before assuming his present position at

Faculty Senate debates diversity course requirement

A diversity course requirement is one step closer to reality, following a debate on the topic at the Feb. 20 meeting of the University Faculty Senate.

During the one-and-a-half-hour discussion, no one spoke against the proposal made by the Committee on Undergraduate Instruction. Passage of the proposal, or a revised version resulting from the Senate discussion, is likely at the March 20 meeting.

(Additional input is being sought from the University community via a Diversity Requirement Teleconference from 2 to 4 p.m. Monday, March 12, in 112 Kern Building at University Park. The teleconference will be available for viewing and participation at other campus locations via satellite.)

The Undergraduate Instruction Committee sought a discussion on its proposal before formally introducing legislation. **Felix L. Lukeczik**, committee chairperson, said. Dr. Lukeczik, who also chaired the Subcommittee on Culture and Race Diversity, said the committee believes a diversity curricular requirement is needed. The committee's proposal offers a way to satisfy the requirement without increasing the credit load for students.

The committee proposed that all associate and baccalaureate degree candidates be required to take either one three-credit "diversity" course or at least four "diversity enhanced" courses for a total of 12 credits.

"Diversity" courses would include the study of issues related to racial, ethnic, gender and/or global perspectives as an integral part of the course. "Diversity enhanced" courses would devote about 25 percent of their time to diversity issues.

The diversity requirement would be fulfilled by taking "D" ("Diversity") and "DE" (Diversity Enhanced) courses in the student's major, minor, elective or general education

courses.

"We believe that these changes can rapidly improve the climate for diversity at Penn State by enabling students to 'comprehend the reality of international interdependence and cultural diversity,'" the committee's report states.

The committee noted that the General Education booklet lists 49 courses "which give substantial consideration to diversity topics." It also discovered that at least one black studies and/or women's studies course is offered at each Commonwealth Campus, except one.

John M. Lilley, provost/dean, Penn State Erie, The Behrend College, submitted an alternate proposal for the Council of Academic Deans to add an international interdependence focus to the diversity requirement. The council's proposal would add the requirement of one three-credit "international interdependence" course or at least four "international interdependence enhanced" courses for a total of 12 credits.

Two non-senators were granted permission to participate in the discussion: **Michael McRae**, a senior majoring in exercise science, and **Felicia Smith**, a member of Academic Diversity Awareness Project.

President Jordan expressed his pleasure at the Senate's focus on a curricular diversity requirement. He said the results of the Feb. 20 discussion and future debates would be of critical importance to the University.

In other action, the Senate:

-- passed a resolution requesting that each final candidate for the position of president of the University, when being interviewed, be afforded the opportunity to meet with representatives of the faculty

-- approved an advisory and consultative report from the Committee on External Affairs. The proposal recommends that the president appoint a study group to develop a

universitywide program to strengthen the University's outreach program to parents and families of undergraduates.

-- heard a report from **R. Mark Faulkner**, University legal counsel, on the Jan. 9 U.S. Supreme Court decision regarding disclosure of information from promotion and tenure dossiers. The decision will have "very, very minimal impact" at the University, Mr. Faulkner said.

March 20 Senate meeting

Faculty, staff and students who are not members of the University Faculty Senate may address the diversity curricular requirement issue at the March 20 Senate meeting by requesting the privilege of the floor.

Faculty and staff requests to speak during the meeting, set for 1:30 p.m. in 112 Kern Building at University Park, must be made in writing to the Senate chairperson, through the secretary of the Senate.

Students should make their requests in writing to the Senate chairperson, through the chairperson of the Committee on Student Life.

The requests are due in the Senate Office, Birch Cottage, University Park, by 5 p.m. Friday, March 16.

Non-senators granted permission to speak during the meeting will be entitled to make a brief presentation. They may not participate during the Senate discussion that will follow the presentations.

Focus on Diversity

Former Hispanic affairs official will speak at Behrend

Miriam Cruz, former deputy assistant for Hispanic affairs to former President Jimmy Carter, will address the issue "2000 and Beyond: Growth of the Hispanic Community in the U.S." at 8 p.m. Monday, March 12, in the Penn State-Behrend Reed Lecture Hall.

Our world is becoming smaller and anything that happens around us affects us all in the end," Ms. Cruz says, referring to the large influx of Central American immigrants now entering the United States as the result of shifts in our foreign policy. "The changes taking place in the Hispanic community impact cities like Erie, as well

as the largest urban centers."

One of her main concerns is the lack of secondary and higher education completed by Hispanics. "Most Hispanic dropouts are directly connected to language barriers because of the lack of bilingual education," she says. The result is increasing unemployment among Hispanics in addition to a rising population."

Lack of education in the Hispanic community affects us all, Ms. Cruz says, because it means the government -- and the taxpayers -- will have to put more resources into programs to combat the situation it continues to go unchecked.

Ms. Cruz founded a non-profit organization to address the educational and training needs of Hispanic and minority youth: Equity Research Corporation. Based in Washington, D.C., it assists efforts nationwide that give young people opportunities to pursue careers.

"We do development work for Hispanic and minority institutions, helping them to upgrade their educational programs," Ms. Cruz says.

A native of San Juan, Puerto Rico, Ms. Cruz began her career as an English teacher. She participated in a teacher exchange program between Puerto Rico and

Philadelphia and eventually moved to Chicago where she became the first assistant for Hispanic affairs to then-Mayor Richard Daley.

In 1976, she was a member of the campaign committee of the Democratic Party and co-chair of the Hispanic Caucus of the Democratic National Convention. In 1980, she served as the White House Office of Hispanic Affairs liaison to the Carter Campaign, and President Carter also named her to the president's Advisory Commission on Women.

Diversity Opportunities Calendar

Thursday, March 8

Center for Women Students, 4 to 6 p.m., 120 Boucke. Celebration of women's achievements and accomplishments for Women's History Month.

Lesbian and Gay Alliance, 7 p.m., HUB Assembly Room. Lesbian and Gay Film Festival: "Damned If You Don't."

Friday, March 9

Penn State Erie, The Behrend College, 8 p.m., Reed Hall. Musical performance by Indiana University Soul Revue, featuring contemporary and solid gold hits.

Saturday, March 10

Office of Minority Faculty Development, 5 a.m. to noon, 114 Kern Graduate Building. "External Funding and Proposal Development," fourth in series of faculty development workshops. Babba Briedt,

College of the Liberal Arts coordinator of grants and contracts, will be speaker.

Reservations, Leah Witzig, 863-1663.

Paul Robeson Cultural Center, 8 p.m.,

Nat King Cole special to air on WPSX

By the end of his short life, Nat King Cole achieved something that no other black performer had in his era. While society boasted of many black artists being respected and revered, it was always within the black context.

As Harry Belafonte explains, "There were always parameters drawn which (blacks) were not perceived as able to go beyond." Cole's sound was so universal, however, that he became a household name across America, and in many homes abroad, by the time of his death in 1965,

just shortly before his 40th birthday.

The *Unforgettable Nat King Cole*, a new special airing at 7:30 p.m. Thursday, March 8, during Channel 3's 25th Anniversary Festival, recounts Cole's life and career. Through interviews with his family and friends, film clips of his biggest hits, home movies, and clips from Cole's 1959 appearance on the television show "This Is Your Life," the film traces Cole's life from his beginnings as the son of a preacher in Montgomery, Ala., through his international success as a singer.

Schwab Auditorium. Black Arts Festival kicks off with a musical performance by Indiana University Soul Revue.

Monday, March 12

Lesbian and Gay Alliance: noon to 7 p.m., 120 Boucke. Lesbian and Gay Film Festival: "Just Because of Who You Are."

Office of Minority Faculty Development, registration deadline for March 17 workshop, 9 a.m. to noon on "Promotion and Tenure Roundtable." Harold Cheatham, associate professor of education, will lead open discussion. Contact Leah Witzig at 863-1663.

Thursday, March 15

Center for Women Students, 8 p.m., HUB Gallery. Lin Nelson on "A Matter of Survival: Every Woman's Science and Social Ecology."

Diversity Requirement Teleconference set March 12

Members of the University community are invited to participate in a Diversity Requirement Teleconference to be held from 2 to 4 p.m. Monday, March 12.

The teleconference will originate in 112 Kern Building at University Park Campus and will be available via satellite to other campus locations.

The teleconference will provide an opportunity for all members of the University community across the entire system to learn about the Senate proposal for a diversity requirement, to ask questions about the proposal and to express their own views and give input that will be helpful in the Senate's

deliberations," Janet Atwood, chairperson, University Faculty Senate, said.

Ann Shields, chairperson of the Commission on Racial/Ethnic Diversity, said, "All of the under-represented groups comprising the Commission feel that their history and contributions across the spectrum have not been adequately acknowledged throughout all of the disciplines."

"Because of this, we believe the issue of a diversity curricular requirement is an important one for the University. We are more than happy to support the Senate's initiative and we urge students,

faculty and staff members to share their views with us during the teleconference."

The teleconference will be moderated by Mary Dupuis, College of Education senior. Speakers and their topics are: Felix L. Lukeziec, chairperson of the Senate committee which drafted the proposal for a curricular diversity requirement, on the committee's recommendations; Thomas L. Merritt, College of Agriculture senator, on the history of the Senate's diversity-related activities;

James B. Stewart, director, Black Studies Program, on black studies

initiatives; Lynne Goodstein, director, Women's Studies Program, on women's studies initiatives and curriculum integration; and William C. Richardson, executive vice president and provost, on the costs involved. There also will be a presentation on what other colleges and universities have done regarding this issue.

The teleconference is sponsored by the Senate, Commission on Racial/Ethnic Diversity, Commission for Women, Equal Opportunity Planning Committee and President's Council on Undergraduate Recruitment and Retention.

The Campaign for Penn State

Grant will assist studies of early adolescence

More than 80 faculty members from five colleges at the University are helping to plan a pioneering effort to investigate the problems of adolescence.

The Carnegie Corp. of New York, through its Council on Adolescent Development, has given the University's College of Health and Human Development a \$110,000 planning grant to act as "flagship" university for studies of early adolescence.

Under the direction of Carnegie President David A. Hamburg, the council seeks to place the challenges of the early adolescent years higher on the nation's agenda.

"The problems of adolescence center on a fateful time when poorly informed decisions have lifelong consequences," Mr. Hamburg said. "The tortuous passage from childhood to adulthood requires our attention, our understanding, and a new

level of thoughtful commitment."

Using the planning grant, Penn State researchers will identify needed research on issues of adolescent development linked to media, education, family, health and preventive interventions.

"The casualties of early adolescence have never been greater from drugs, premature pregnancy, illiteracy, depression and suicide," Anne C. Petersen, dean of the College of Health and Human Development, said. "Fortunately, the recently developed research base makes this an excellent time to identify solutions to the problems of early adolescence."

The Carnegie Council integrates material from many sources to stimulate sustained public attention to the risks and opportunities of the adolescent years. It also seeks to generate public and private support for measures that facilitate the critical transition into adulthood. The

council focuses its efforts on the early adolescent years (ages 10-15), a time of increased vulnerability, potential risk and special opportunities.

"No other university has the number of outstanding researchers with expertise in early adolescence as we have at Penn State. This project will marshal these talented scholars to address the very real needs of young people here and across the nation," Dr. Petersen said.

The grant is part of The Campaign for Penn State, a six-year effort to raise \$300 million in private support for academic programs.

Sandsons make gift

A retired bakery executive and his wife have committed \$100,000 to endow scholarships in the College of Agriculture

and in Intercollegiate Athletics.

Bernard N. Sandson graduated from Penn State in 1940 with a degree in agricultural economics. Beatrice N. Sandson graduated two years later with a bachelor's degree in education.

Mr. Sandson is a retired executive vice president of Northeast Foods, headquartered in Baltimore, Md. He is now a consultant with Bake Rite Rolls of Philadelphia, supplier of rolls for several fast-food systems on the East Coast. "Getting our education at Penn State changed our lives, and we wanted to offer some of today's agricultural students and student athletes the same opportunity," he said.

The scholarships are one-year awards for students who have outstanding academic records or show academic promise.

The Sandsons have two children and three grandchildren. They spend winters in Palm Beach and have a home in Margate, N.J.

Bell makes grant to PENNTAP

Bell of Pennsylvania has contributed \$10,000 to the Pennsylvania Technical Assistance Program (PENNTAP) to help sponsor technology transfer within the state.

Spokesman William Ruhl said Bell hopes the contribution will encourage other corporations to further the highly successful grass roots style of technology transfer for which PENNTAP has been a national model.

"The Pennsylvania Manufacturers' Association also had contributed to PENNTAP, and the hope is to provide a consistency to the organization's funding base."

Noting that PENNTAP's funding, during its 25 years, has come mostly from the State Department of Commerce and Penn State, he said recent curtailment of some economic development funding has constrained the ability of PENNTAP to

assist companies in the use of newer technologies.

Even though its budget has climbed to more than \$1 million a year, PENNTAP maintains a 17 to 1 benefit-to-cost ratio on the basis of evaluation reports by users. Those benefits now exceed \$125 million. Accumulated as PENNTAP's engineers and scientists help solve problems in computer technologies, industrial waste management, energy and various engineering and scientific disciplines. There is no charge for the service.

R.D. Wurzbach, a Bell representative, said the company feels the growth of advanced technology is a key to the state's future.

"In order to foster this transfer of new technologies to companies in Pennsylvania, organizations such as PENNTAP are necessary. This contribution demonstrates Bell's dedication to improving Pennsylvania's economy."

H. LeRoy Marlow, right, PENNTAP director, accepts a contribution from W.D. Wurzbach, left, of Bell of Pennsylvania. Also shown are G. William Ruhl, second from right, managing director for technology deployment and external liaison, Bell Atlantic, and Lee Gaumer Jr., technical director, corporate government sales, Air Products and Chemicals, Allentown

University adult student is honored

Greg Minarchick, a January 1990 graduate of the College of Education, has received a 1990 Outstanding Adult Student in Higher Education Award.

The award, presented at the College Alumni Society Board of Directors luncheon by Dean Rodney J. Reed, is sponsored by the Pennsylvania Association for Adult Continuing Education (PAACE). Each year, 10 adult students from across Pennsylvania are chosen to receive this honor.

In presenting the award, Dean Reed noted, "The sacrifices Greg has made makes his degree even more rewarding, and this

award is a tribute to his irrepressible optimism and commitment. We are honored to have him be a graduate of the College of Education. He will be an exemplary teacher."

Mr. Minarchick finished a bachelor of science degree in elementary education in just two and one-half years, while working the night shift in a Clearfield County coal mine. Additionally, he served his community in Little League, Boy Scouts, and church activities.

He and his family, wife, Denise, and three children, live in West Decatur, Pa.

Oswald Lecture

(Continued from page 1)

the University of Kansas Medical Center Dr. Clawson was dean of the College of Medicine at the University of Kentucky and professor of surgery in the division of orthopaedics from 1975 to 1983 and served as vice chancellor for clinical professional services from 1982 to 1983. He was chairman and professor of orthopaedics at the University of Washington from 1963 to

1975.

A 1952 graduate of Harvard Medical School, he completed residencies at Stanford and studied with orthopaedic specialists in the United States, England and Europe.

The John W. Oswald Lecture in Higher Education, created by the Board of Trustees, addresses issues that concerned Dr. Oswald during his career as a scientist and as the 14th president of Penn State from 1970 to 1983.

Staff position evaluation open meeting

Twenty-eight scheduled open meetings on the Staff Position Evaluation and Compensation Program (SPEC) have been completed. The last two University Park meetings were "standing-room-only."

Because of the intense interest in the meetings, an additional University Park meeting is scheduled for 12:40 to 2:30 p.m. Friday, March 16; in Kern Auditorium. Anyone in the

classifications of staff exempt, staff nonexempt and clerical who has not been able to attend previously scheduled meetings is encouraged to attend.

Program brochures and brief questionnaires will be available at the meeting or can be obtained from a Personnel Representative. Any comments or suggestions can be sent to Rachel Miller, Box 7, Rider Building.

Marker lectures set for March 12-15

Hugh McDevitt, Joseph D. Grant Professor of Medicine and chairman of the Department of Microbiology and Immunology at Stanford University School of Medicine, will present the 1990 Russell Marker Lectures in Genetic Engineering March 12-15 at University Park.

The series of four lectures, titled "The Role of the Major Histocompatibility Antigens in Health and Disease," is sponsored by the College of Science and is open to the public.

The lecture schedule is: "How MHC Molecules Function in the Immune Response," at 8 p.m. Monday, March 12, in 117 Osmond Laboratory; "MHC Structure and Antigen Presentation," at 8 p.m. Tuesday, March 13, in 117 Osmond Laboratory; "Self-NonSelf Discrimination," at 8 p.m. Wednesday, March 14, in 117 Osmond Laboratory; "New Insights and New Strategies," at 11:15 a.m., Thursday, March 15, in 101 Althouse Laboratory.

Dr. McDevitt's research centers on immunogenetics; the genetic control of the immune response. His work is of relevance to infectious diseases and autoimmune diseases such as arthritis and diabetes.

A member of the U.S. National Academy of Sciences since 1977, he also is a member of the American Academy of Arts and Sciences and the Institute of Medicine.

The winner of the American College of Physicians Award for Research in Medical Sciences and the late Annenberg Hazen Award for Excellence in Clinical Research, Dr. McDevitt also has been honored with the Borden Award, the Passano Award, the

Albion O. Bernstein Award, the 3M Life Sciences Award, and the Lee C. Howley Sr. Prize for Research in Arthritis.

The Marker Lectures series was established in 1984 through a gift from Russell Marker, professor emeritus of chemistry, whose pioneering synthetic methods revolutionized the steroid hormone industry and opened the door on the current era of hormone therapies, including the birth control pill.

The Marker endowment also allows the College of Science to present annual Marker Lectures in astronomy, the chemical sciences, the mathematical sciences, and the physical sciences.

Hugh McDevitt

Research award recipient will lecture

John L. Beard, recipient of the Evan G. and Helen J. Pattishall Outstanding Research Achievement Award from the College of Health and Human Development, will present a lecture titled "Iron Deficiency in Humans: Is Genitor Really Needed?" at 8 p.m. Thursday, March 15, in the HUB Assembly Room at University Park.

The research award recognizes Health and Human Development faculty for outstanding research contributions occurring or culminating within the past several years.

Dr. Beard's research has shed light on the nature and consequences of iron deficiency. He has found that marginal iron deficiency

interferes with the individual's ability to regulate body temperature, and he now is trying to identify the mechanism that mediates the effect.

He has been selected for membership in the American Institute of Nutrition and has received several highly competitive awards, including a First Independent Research and Support Transition Award from the National Institutes of Health, and a Competitive Research Award from the U.S. Department of Agriculture.

Dr. Beard joined Penn State in 1984 as assistant professor of nutrition, and is now an associate professor, with an additional appointment in the intercollege graduate program in physiology.

He previously was research assistant professor at the International Center for Control of Nutritional Anemia at the University of Kansas Medical Center. He also had been a research associate in nutritional sciences at Cornell University and a senior research fellow in hematology at the University of Washington.

He holds a Ph.D. in human nutrition, physiology and biochemistry from Cornell University, a M.S. in physical organic chemistry from the University of California, Santa Cruz, and a B.S. in organic chemistry from Stevens Institute of Technology, Hoboken, N.J.

The Evan G. and Helen J. Pattishall Outstanding Research Achievement Award was endowed by Evan G. Pattishall, who was dean of the former College of Human Development from 1979 until his retirement in 1987, and from his wife, who holds a bachelor's degree from the college.

John L. Beard

Focus on the arts

Graphic design exhibit

An exhibit of recent works by undergraduate students in the graphic design and metals programs in the School of Visual Arts is on display until April 6 in the Chambers Gallery at University Park.

The graphic design exhibit includes selected student works that use techniques such as xerography, photography, silk screen and mixed media. The metals exhibit includes jewelry and objects such as boxes and hand mirrors made out of both metal and non-metal materials.

The exhibition is free to the public. Chambers Gallery is located on the second floor of the Chambers Building and is open 8 a.m. to 5 p.m. Monday through Friday.

Pattee anniversary

To commemorate the 50th anniversary of Pattee Library, the University Libraries is exhibiting the history of Pattee in the Penn State Room, which is in Central Pattee on the first floor.

Library visitors and users can pick up a free, special bookmark with a quotation from Willard P. Lewis, Penn State College librarian from 1931-49.

Odyssey on WPSU

The Spanish aestheticism, playwright novelist, and poet Ramon del Valle-Inclan, is the subject of the next "Odyssey Through Literature" broadcast. "The Musical Miracle"

"Where the meaning of words cannot reach, the waves of their musicality penetrate," wrote Valle-Inclan, in a translation by Robert Lima, professor of Spanish and comparative literature.

Dr. Lima, who also has published a biography of Valle-Inclan, notes that Valle-Inclan, notes that Valle-Inclan was irritating, crotchety, full of malevolent wit, but also was a man of incredible honesty and perception. The author of 24 plays, he is the unrecognized originator, says Dr. Lima, of the Theatre of the Absurd.

Valle-Inclan says the need in art, says Dr. Lima, to not clarify everything -- which does not mean to obscure things, but to leave some things unsaid, unpaired, uncomposed. To make the reader, the listener, the observer a collaborator.

"Odyssey Through Literature" is produced by the Comparative Literature Department and airs Wednesdays at 12:30 p.m. on WPSU, 91.1 FM.

Museum lecture

Richard De Puma, curator of the "Roman Portraits" exhibition at the Palmer Museum of Art, will give the lecture, "Portraits and Politics: Imperial Images as Propaganda," at 8 p.m. Thursday, March 8, at the museum.

The exhibition features bust-size, marble or terra-cotta portraits of well-known

Richard De Puma, curator of the "Roman Portraits" exhibit at the Palmer Museum of Art, will lecture on "Portraits and Politics: Imperial Images as Propaganda" at 8 p.m. March 8 at the Palmer Museum.
